We have elected to take advantage of a U.S. Securities and Exchange Commission rule that allows us to furnish our proxy materials over the Internet to our stockholders rather than in paper form. We believe that this delivery process reduces our environmental impact and lowers the cost of printing and distributing our proxy materials without affecting our stockholders’ timely access to this important information. Accordingly, unless you have previously requested to receive our proxy materials in paper form, you will receive a Notice of Internet Availability of Proxy Materials (the “Notice”), which we expect to mail on or about April 30, 2013. The Notice will explain how to access the proxy materials and vote by telephone or over the Internet.

Stockholders of record who owned shares of our common stock at the close of business on April 16, 2013 are entitled to receive notice of, attend, and vote at the Annual Meeting. All stockholders are invited to attend the Annual Meeting in person. We are providing you with these proxy materials in connection with the solicitation by the board of directors of Cornerstone OnDemand, Inc. of proxies to be used at our 2013 Annual Meeting of Stockholders (the "Annual Meeting"). The Annual Meeting will be held at the Company's headquarters, located at 1601 Cloverfield Blvd., Suite 620 South, Santa Monica, California 90404, on Tuesday, June 11, 2013 at 1:00 p.m. Pacific Time and, if applicable, at any adjournment or postponement thereof. This proxy statement contains important information regarding the Annual Meeting, the proposals on which you are being asked to vote, information you may find useful in determining how to vote, and information about voting procedures. As used herein, "we," "us," "our," "Cornerstone" or the "Company" refers to Cornerstone OnDemand, Inc., a Delaware corporation.

This proxy statement and our 2012 Annual Report to Stockholders were first made available to our stockholders on or about April 30, 2013.

The information provided in the "question and answer" format below is for your convenience only and is merely a summary of the information contained in this proxy statement. You should read this entire proxy statement carefully.

NOTICE OF INTERNET AVAILABILITY OF PROXY MATERIALS

In accordance with the "notice and access" rules of the U.S. Securities and Exchange Commission (the "SEC"), instead of mailing a printed copy of our proxy statement, proxy card and 2012 Annual Report to Stockholders (collectively, the "proxy materials") to stockholders entitled to vote at the Annual Meeting, we are furnishing the proxy materials to our stockholders over the Internet. If you received a Notice of Internet of Availability of Proxy Materials (the "Notice") by mail, you will not receive a printed copy of the proxy materials. Instead, the Notice will instruct you as to how you may access and review the proxy materials and submit your vote via the Internet. If you received a Notice by mail and would like to receive a printed copy of the proxy materials, please follow the instructions for requesting such materials included in the Notice.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND THESE PROXY MATERIALS

What matters will be voted on at the Annual Meeting?

At the Annual Meeting, stockholders will be voting on:

- the election of the two directors nominated by our board of directors and named in this proxy statement as Class II directors to serve for three-year terms;
- a proposal to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013; and
- any other business as may properly come before the Annual Meeting or any adjournment or postponement thereof.

How does our board of directors recommend that I vote?

Our board of directors recommends that you vote:

- FOR the election of the two directors nominated by our board of directors and named in this proxy statement as Class II directors to serve for three-year terms; and
- FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013.

Will there be any other items of business on the agenda?

If any other items of business or other matters are properly brought before the Annual Meeting, your proxy gives discretionary authority to the persons named on the proxy card with respect to those items of business or other matters. The persons named on the proxy card intend to vote the proxy in accordance with their best judgment. Our board of directors does not intend to bring any other matters to be voted on at the Annual Meeting. We are not currently aware of any other matters that may properly be presented by others for action at the Annual Meeting.

Who is entitled to vote at the Annual Meeting?

Holders of our common stock at the close of business on April 16, 2013, or the record date, are entitled to notice of, and to vote at, the Annual Meeting. Each stockholder is entitled to one vote for each share of our common stock held as of the record date. As of the record date, there were 51,000,958 shares of our common stock outstanding and entitled to vote at the Annual Meeting. No shares of preferred stock were outstanding.

A complete list of the stockholders entitled to vote at the Annual Meeting will be available at our headquarters, located at 1601 Cloverfield Blvd., Suite 620 South, Santa Monica, California 90404, during regular business hours for the ten days prior to the Annual Meeting. This list also will be available during the Annual Meeting at the meeting location. Stockholders may examine the list for any legally valid purpose related to the Annual Meeting.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Stockholders of Record. If, at the close of business on the record date, your shares of our common stock are registered directly in your name with Computershare, our transfer agent, you are considered to be the “stockholder of record” of such shares.

Beneficial Owner. If your shares of our common stock are held in a brokerage account or by a bank or other nominee, you are considered to be the “beneficial owner” of shares of common stock held in “street name.” As the beneficial owner, you have the right to direct your broker or nominee how to vote your shares by following the voting instructions your broker or other nominee provides. If you do not provide your broker or nominee with instructions on how to vote your shares, your broker or nominee may not vote your shares with respect to any non-routine matters, but it may, in its discretion, vote your shares with respect to routine matters. Please see “What if I do not specify how my shares are to be voted?” for more information.

Do I have to do anything in advance if I plan to attend the Annual Meeting in person?

Stockholders of Record. If you are a stockholder of record, you do not need to do anything in advance to attend and/or vote your shares in person at the Annual Meeting.

Beneficial Owner. If you are a beneficial owner, you may not vote your shares in person at the Annual Meeting unless you obtain a “legal proxy” from the bank or other nominee who is the stockholder of record with respect to your shares.

How do I vote and what are the voting deadlines?

Stockholders of Record. If you are a stockholder of record, there are several ways for you to vote your shares:

Over the Internet, by telephone or by mail. If you are a stockholder of record, you may instruct the proxy holders how to vote your shares by using the Internet voting site or the toll-free telephone number listed on the Notice.

Alternatively, you may request a proxy card by telephone at 1-800-579-1639, over the Internet at www.proxyvote.com, or by email at sendmaterial@proxyvote.com, and complete, sign, date and return the proxy card in the postage pre-paid envelope provided. If you request a proxy card pursuant to the preceding sentence, please sign your name exactly as it appears on the proxy card. Proxy cards submitted by mail must be received no later than June 10, 2013 for your shares to be voted at the Annual Meeting. Specific instructions for using the telephone and Internet voting systems are on the proxy card and in the Notice. The telephone and Internet voting systems for stockholders of record will be available until 11:59 p.m. Eastern Time on June 10, 2013. Regardless of the method you select to transmit your voting instructions, the proxy holders will vote your shares in accordance with your instructions. If you sign and return a proxy card without giving specific voting instructions with respect to one or more proposals, your shares will be voted as recommended by our board of directors.

In person at the Annual Meeting. You may vote your shares in person at the Annual Meeting. Even if you plan to attend the Annual Meeting in person, we recommend that you also submit your proxy card or voting instructions by mail or vote by telephone or via the Internet by the applicable deadline so that your vote will be counted if you later decide not to attend the Annual Meeting.

Beneficial Owners. If you are a beneficial owner of your shares, you will receive voting instructions from your broker or other nominee. You must follow the voting instructions provided by your broker or other nominee in order to instruct your broker or other nominee on how to vote your shares. The availability of telephone and Internet voting will depend on the voting process of your broker or other nominee. As discussed above, if you are a beneficial owner, you may not vote your shares in person at the Annual Meeting unless you obtain a “legal proxy” from your bank or other nominee.

Can I revoke or change my vote after I submit my proxy?

Stockholders of Record. If you are a stockholder of record, you may revoke your proxy or change your proxy instructions at any time before your proxy is voted at the Annual meeting by:

• Entering a new vote by Internet or by telephone;

• Signing and returning a new proxy card with a later date;

• Delivering a written revocation to our General Counsel at Cornerstone OnDemand, Inc., 1601 Cloverfield Blvd., Suite 620 South, Santa Monica, California 90404, by 11:59 Eastern Time on June 10, 2013; or

• Attending the Annual Meeting and voting in person.

Beneficial Owners. If you are the beneficial owner of your shares, you must contact the broker or other nominee holding your shares and follow their instructions for changing your vote.

What if I do not specify how my shares are to be voted?

Stockholders of Record. If you are a stockholder of record and you submit a proxy but you do not provide voting instructions, your shares will be voted:

• FOR the election of the two directors nominated by our board of directors and named in this proxy statement as Class II directors to serve for three-year terms (Proposal 1);

• FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013 (Proposal 2); and

• In the discretion of the named proxies regarding any other matters properly presented for a vote at the Annual Meeting.

Beneficial Owners. If you are a beneficial owner and you do not provide the broker or other nominee that holds your shares with voting instructions, the broker or other nominee will determine if it has the discretionary authority to vote on the particular matter. Under The NASDAQ Stock Market rules, brokers and other nominees do not have discretion to vote on non-routine matters. Proposal 1 is a non-routine matter, while Proposal 2 is a routine matter. As a result, if you do not provide voting instructions to your broker or other nominee, your broker or other nominee may not vote your shares with respect to Proposal 1, but may, in its discretion, vote your shares with respect to Proposal 2.

What constitutes a quorum, and why is a quorum required?

We need a quorum of stockholders to hold the Annual Meeting. A quorum exists when at least a majority of the outstanding shares entitled to vote at the close of business on the record date are represented at the Annual Meeting, either in person or by proxy. As of the close of business on the record date, we had 51,000,958 shares of common stock outstanding and entitled to vote at the Annual Meeting, meaning that 25,500,480 shares of common stock must be represented in person or by proxy to have a quorum. If there is not a quorum, a majority of the shares present at the Annual Meeting may adjourn the meeting to a later date.

What are the effects of abstentions and broker non-votes?

While there is no definitive statutory or case law authority in Delaware as to the proper treatment of abstentions, we believe that abstentions should be counted for purposes of determining both (i) the presence and absence of a quorum for the transaction of business and (ii) the number of shares present in person or represented by proxy and entitled to vote (i.e. the number of “votes cast”) with respect to a proposal. However, because the outcome of Proposal 1 (election of directors) will be determined by a plurality of the votes cast, abstentions will have no impact on the outcome of such proposals so long as a quorum exists.

A broker non-vote occurs when a broker or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to such proposal and has not received voting instructions from the beneficial owner. Broker non-votes will be counted for purposes of calculating whether a quorum is present at the Annual Meeting, but will not be counted for purposes of determining

the number of votes cast. Thus, a

7

broker non-vote will make a quorum more readily attainable, but will not otherwise affect the outcome of the vote on a proposal that requires a plurality of votes cast (Proposal 1) or a majority of the votes cast (Proposal 2).
 What is the vote required for each proposal?

Proposal	Vote Required	Broker Discretionary Voting Allowed?
Proposal 1 — Election of two Class II directors	Plurality of votes cast	No
Proposal 2 — Ratification of the appointment of independent registered public accounting firm	Majority of votes cast	Yes

With respect to Proposal 1, you may (i) vote FOR all nominees, (ii) WITHHOLD your vote as to all nominees, or (iii) vote FOR all nominees except for those specific nominees from whom you WITHHOLD your vote. The two nominees receiving the most FOR votes will be elected. You may not cumulate votes in the election of directors. If you WITHHOLD your vote as to all nominees, you will be deemed to have ABSTAINED from voting on Proposal 1, and such abstention will have no effect on the outcome of the vote.

With respect to Proposal 2, you may vote FOR, AGAINST or ABSTAIN. If you ABSTAIN from voting on either of these proposals, the abstention will have the same effect as a vote AGAINST the proposals.

Who will count the votes?

Broadridge Financial Solutions, Inc. has been engaged to receive and tabulate stockholder votes. Broadridge will also certify the election results and perform any other acts required by the Delaware General Corporation Law.

Who is paying for the costs of this proxy solicitation?

We will bear the entire cost of proxy solicitation, including the preparation, assembly, printing, mailing and distribution of the proxy materials. Copies of solicitation materials will also be made available upon request to brokerage houses and other nominees holding shares in their names that are beneficially owned by others to forward to such beneficial owners. The original solicitation of proxies may be supplemented by solicitation by telephone, electronic communication, or other means by our directors, officers, employees or agents. No additional compensation will be paid to these individuals for any such services, although we may reimburse such individuals for their reasonable out-of-pocket expenses in connection with such solicitation. We do not plan to retain a proxy solicitor to assist in the solicitation of proxies.

How can I find the results of the Annual Meeting?

Preliminary results will be announced at the Annual Meeting. Final results will be published in a Current Report on Form 8-K to be filed with the SEC within four business days after the Annual meeting. If the official results are not available at that time, we will provide preliminary voting results in the Current Report on Form 8-K and will provide the final results in an amendment to the Current Report on Form 8-K as soon as they become available.

CORPORATE GOVERNANCE

Overview

Our board of directors oversees our Chief Executive Officer and other senior management in the competent and ethical operation of our business and affairs and ensures that the long-term interests of our stockholders are being served. The key practices and procedures of our board of directors are outlined in our Corporate Governance Principles, which are available on the Investor Relations page of our website at investors.cornerstoneondemand.com, under “Corporate Governance.”

Leadership Structure

Pursuant to our Corporate Governance Principles, the roles of Chairman and Chief Executive Officer may be filled by the same or different individuals. This allows our board of directors flexibility to determine whether the two roles should be combined or separated based upon our needs and our board of directors’ assessment of our leadership from time to time. Our board of directors currently believes that it is in the best interests of Cornerstone and its stockholders for Adam Miller, our Chief Executive Officer, to serve as Chairman, and Mark Baker, an independent director, to serve as Lead Independent Director.

Our board of directors believes that having an employee director fill the role of Chairman and a non-employee director fill the role of Lead Independent Director provides the appropriate balance in our leadership at this time. Combining the roles of Chairman and Chief Executive Officer promotes unified leadership and direction, contributing to operational effectiveness and efficiencies that facilitate the implementation of strategic initiatives and business plans to optimize stockholder value. In contrast, to facilitate communication between management and our board of directors' independent directors, the Lead Independent Director is authorized to schedule and prepare agendas for meetings or closed sessions without the presence of employee directors or members of management. The Lead Independent Director is also responsible for communicating with the Chief Executive Officer, disseminating information to the rest of our board of directors in a timely manner, and raising issues with management on behalf of the independent directors when appropriate.

Our board of directors, including each of its committees, also has full access to members of management, either as a group or individually, and to Company information deemed necessary to fulfill the obligations of our board of directors and its committees.

The Board's Role in Risk Oversight

Our management has day-to-day responsibility for identifying risks facing the Company, including implementing suitable mitigating processes and controls, assessing risks in relation to the Company's strategies and objectives, and appropriately managing risks in a manner that serves the best interests of the Company, its stockholders, and other stakeholders. Our board of directors is responsible for ensuring that an appropriate culture of risk management exists within the Company, overseeing our aggregate risk profile, and assisting management in addressing specific risks. Generally, various committees of our board of directors oversee risks associated with their respective areas of responsibility and expertise. For example, our Audit Committee oversees, reviews and discusses with management and our independent registered public accounting firm, our major financial reporting and accounting risk exposures and the steps management has taken to monitor and mitigate those exposures. Our Compensation Committee oversees risks associated with our compensation policies, plans and practices. Our Nominating and Corporate Governance Committee oversees the management of risks associated with director independence and board of directors' composition and organization. Management and other employees report to our board of directors and/or relevant committee(s) from time to time on risk-related issues.

Director Independence

Under the rules of The NASDAQ Stock Market, independent directors must comprise a majority of a listed company's board of directors. In addition, the rules of The NASDAQ Stock Market require that, subject to specified exceptions, each member of a listed company's audit, compensation and nominating and corporate governance committees be independent. Audit committee members must also satisfy the independence criteria set forth in Rule 10A-3 under the Securities Exchange Act of 1934, as amended. Under the rules of The NASDAQ Stock Market, a director will only qualify as an "independent director" if, in the opinion of that company's board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

In order to be considered independent for purposes of Rule 10A-3, a member of an audit committee of a listed company may not, other than in his or her capacity as a member of the audit committee, the board of directors or any other board committee: (1) accept, directly or indirectly, any consulting, advisory or other compensatory fee from the listed company or any of its subsidiaries; or (2) be an affiliated person of the listed company or any of its subsidiaries. Based upon information requested from and provided by each director concerning his background, employment and affiliations, including family relationships, our board of directors has determined that none of Messrs. Baker, Burlingame, Deeter, McGeever, Ward or Singh, representing six of the seven directors who will serve on our board of directors if Proposal 1 (election of directors) is approved by our stockholders, has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of such director and that each of these directors is "independent" as that term is defined under the rules of The NASDAQ Stock Market. Our board of directors also determined that Messrs. Baker, Burlingame and McGeever, who comprise our Audit Committee and our Compensation Committee, and Messrs. Deeter, Singh and Ward, who comprise our Nominating and Corporate

Governance Committee, satisfy the independence standards for those committees established by applicable SEC rules and the rules of The NASDAQ Stock Market. In making this determination, our board of directors considered the relationships that each non-employee director has with us and all other facts and circumstances our board of directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director.

Director Nominations

Candidates for nomination to our board of directors are selected by our Nominating and Corporate Governance Committee in accordance with its charter, our certificate of incorporation and bylaws, and our Corporate Governance Principles. While there are no specific minimum qualifications for director nominees, the ideal candidate should exhibit qualifications that will increase overall effectiveness of our board of directors, including independence, previous experience as a director or executive with other successful companies, the ability to meet other requirements under applicable rules (e.g., the requirement that members of our Audit Committee have an appropriate level of financial literacy and expertise), a high level of personal and professional ethics and integrity, proven achievement and competence in the nominee's field, skills that are complementary to those of existing members of our board of directors, the ability to assist and support management and make significant contributions to our success, and an understanding of the fiduciary duties belonging to members of our board of directors and the commitment of time and energy necessary to diligently fulfill those duties. In evaluating the suitability of a director candidate, our Nominating and Corporate Governance Committee considers factors such as character, integrity, judgment, diversity, age, independence, skills, education, expertise, business acumen, business experience, length of service, understanding of our business, potential conflicts of interest and other commitments.

Our Nominating and Corporate Governance Committee makes an effort to ensure that our board of directors' composition reflects a broad diversity of experience, professions, skills, viewpoints, personal traits and backgrounds. However, our Nominating and Corporate Governance Committee does not have a formal policy with respect to diversity, does not assign specific weights to particular criteria, and does not believe that any specific criterion is necessarily applicable to all prospective nominees. Instead, when reviewing a candidate, our Nominating and Corporate Governance Committee reviews the candidate's qualifications in light of the specific needs of our board of directors at that time.

To date, our Nominating and Corporate Governance Committee has relied on its network of contacts to compile a list of potential candidates, but it is authorized to retain recruiting professionals to assist in identifying and evaluating candidates for consideration as needed. After conducting appropriate inquiries into the backgrounds and qualifications of potential candidates and reviewing the candidates in light of the factors discussed above, our Nominating and Corporate Governance Committee selects nominees for recommendation to our board of directors by majority vote. Based on our Nominating and Corporate Governance Committee's recommendation, our board of directors selects director nominees and recommends them for election by our stockholders. Our board of directors may also fill any vacancies that arise between annual meetings of stockholders.

Subject to the terms of our bylaws and other procedures established by us from time to time, our Nominating and Corporate Governance Committee will consider director candidates who are timely recommended by stockholders who have continuously held at least 100,000 shares of our common stock for at least 12 months prior to the submission of the recommendation. The recommendation must include the candidate's name, home and business contact information, detailed biographical data, relevant qualifications, a signed letter from the candidate confirming willingness to serve, information regarding any relationships between the candidate and the Company and evidence of the recommending stockholder's ownership of the requisite number of shares of our common stock during the 12-month period referenced above. If you would like our Nominating and Corporate Governance Committee to consider a prospective director, please follow the procedures in our bylaws and submit the required information to our General Counsel at Cornerstone OnDemand, Inc., 1601 Cloverfield Blvd., Suite 620 South, Santa Monica, California 90404. Our Nominating and Corporate Governance Committee evaluates all candidates in the same manner and using the same criteria, regardless of the source of the recommendation.

Code of Business Conduct and Ethics

We have adopted a code of business conduct that is applicable to all of our employees, officers and directors. In addition, we have adopted a code of ethics that is applicable to our chief executive and senior financial officers. Our Code of Business Conduct and Ethics is available on the Investor Relations page of our website at investors.cornerstoneondemand.com, under "Corporate Governance."

Communication with the Board of Directors

Edgar Filing: Cornerstone OnDemand Inc - Form DEF 14A

Any stockholder wishing to communicate with any of our directors may write to the director, c/o General Counsel, at Cornerstone OnDemand, Inc., 1601 Cloverfield Blvd., Suite 620 South, Santa Monica, California 90404. Our General Counsel will review and forward all appropriate communications directly to the director(s). Our Nominating and Corporate Governance Committee reviews and approves the stockholder communication process periodically in an effort to enable an effective method by which stockholders can communicate with our board of directors.

BOARD OF DIRECTORS AND COMMITTEES OF THE BOARD

Board and Committee Meetings

Our board of directors and its committees meet throughout the year on a set schedule, hold special meetings as needed, and act by written consent from time to time. Our board of directors met five times during 2012. During 2012, each director attended at least 75% or more of the aggregate of (a) the total number of meetings of our board of directors (held during the period for which he has been a director) and (b) the total number of meetings held by all committees of our board of directors on which he served (during the periods that he served).

While we do not have a formal policy regarding director attendance at annual meetings of stockholders, we strongly encourage our directors to attend. All of our directors then serving attended our 2012 Annual Meeting of Stockholders.

The following table sets forth the three standing committees of our board of directors, the members of each committee and the number of meetings held by each committee in 2012:

Name of Director	Audit	Compensation	Nominating and Corporate Governance

Compensation Discussion and Analysis

This Compensation Discussion and Analysis provides information about the material components of our compensation program for those individuals named in the table entitled “Summary Compensation Table” under the section entitled “Executive Compensation and Related Information” referred to herein as our named executive officers, or NEOs, and is intended to provide a better understanding of our compensation practices and decisions that affected the compensation payable in 2012 to our NEOs.

Our NEOs for 2012 were Adam Miller, our Chief Executive Officer; Perry Wallack, our Chief Financial Officer; Steven Seymour, our Executive Vice President of Strategic Accounts; Dave Carter, our Senior Vice President of Sales; and Mark Goldin, our Chief Technology Officer.

Executive Summary

The success of our business is driven by rapidly changing technology and the services we can provide to our customers. In order to stay competitive in our industry, our compensation packages are designed to attract, retain and incentivize our executive team and to align our compensation practices with the creation of value for our stockholders. We believe our compensation programs are effectively designed to reward our executives when our business performs well, which in turn strengthens the ties between our performance and stockholder value. Our executive compensation programs for 2012 continue to consist of base salary, annual cash bonus opportunities and long-term equity incentives. For 2012, we believe our compensation programs delivered payouts commensurate with our strong performance.

Highlights of our 2012 compensation practice include the following:

-

We exceeded our revenue and operating cash flow performance targets and paid annual bonuses to our NEOs consistent with the design of our executive compensation program to link actual pay directly to our performance; and

19

Our long-term equity incentive program is still predominately in the form of stock options (although we did grant restricted stock units to certain NEOs), which promotes long-term stockholder interests since the value of the stock options is directly related to increases in the value of our common stock.

The specific compensation principles, components and decisions during 2012 are discussed in more detail below.

General Compensation Philosophy

Our general compensation philosophy is to provide programs that attract, retain and motivate key employees who are critical to our long-term success. We strive to provide compensation packages to our executives that are competitive, reward the achievement of our business objectives, and align executive and stockholder interests by enabling our executives to acquire equity ownership in our business.

Compensation Decision Process

Role of our Compensation Committee. Our Compensation Committee is comprised of the following individuals: Mark Baker, Harold W. Burlingame and James McGeever. Our Compensation Committee is responsible for the administration of our compensation programs and makes compensation determinations for all executives. With respect to certain aspects of our compensation programs, our Compensation Committee makes determinations and recommendations that are then submitted to our board of directors for its approval.

Our Compensation Committee operates under a written charter that establishes the duties and authority of our Compensation Committee. Our Compensation Committee reviews the terms of its charter annually and its charter was most recently updated in April 2013. The fundamental responsibilities of our Compensation Committee include the following:

- Providing oversight of our executive compensation policies, plans and benefit programs, including recommending improvements or changes to such policies, plans and programs to our board of directors;
- Reviewing and approving in connection with our board of directors, for each of our executive officers, including our CEO: annual base salary; annual incentive bonus, including specific goals and payouts; equity compensation; employment agreements, if any; severance arrangements and change in control arrangements; and any other benefits, compensation or arrangements;
- Overseeing and administering our equity compensation plans; and
- Reviewing and discussing with management any risks arising from our compensation policies and practices.

Role of Independent Compensation Consultant. Our Compensation Committee has the authority to engage its own advisors to assist it in carrying out its responsibilities and has engaged Compensia, Inc. (“Compensia”) to serve as its advisor with respect to its compensation programs, including advising on the market compensation environment, appropriate peer companies and compensation trends. Compensia reports directly to our Compensation Committee and interacts with management, as necessary. Compensia did not perform work for us other than pursuant to its engagement by our Compensation Committee. Compensia’s fees were paid by us.

In determining the appropriate level and form of compensation for 2012, our Compensation Committee reviewed market data relating to the cash and equity compensation of similarly-sized high-technology companies, and recently public companies provided by Compensia. The market data also included a specific set of peer companies comprised of publicly-held software companies. Our Compensation Committee reviewed and considered the data presented by Compensia, but did not engage in any benchmarking or targeting of any specific levels of pay.

Our Compensation Committee reviewed and adjusted the peer group in early 2012 for evaluating 2012 compensation decisions. Callidus Software, Inc., DealerTrack Holdings, Inc., Lawson Software, Inc., Saba Software, Inc., salesforce.com, inc. and Success Factors, Inc. were removed from the 2012 peer group due to size, being in a foreign market or acquisition. Eleven companies were added to the 2012 peer group. As a result, the following companies comprised the peer group for compensation purposes in 2012:

Angie's List, Inc.
Bottomline Technologies, Inc.
BroadSoft, Inc.
comScore, Inc.
Concur Technologies, Inc.
Constant Contact, Inc.
DemandTec, Inc.
Jive Software, Inc.
Kenexa Corporation
LivePerson, Inc.
LogMeIn, Inc.

NetSuite Inc.
PROS Holdings, Inc.
Responsys, Inc.
Rightnow Technologies, Inc.
Sourcefire, Inc.
SPS Commerce, Inc.
Taleo Corporation
The Ultimate Software Group, Inc.
Vocus Inc.
Zix Corporation

The peer group was determined after taking into account, as applicable, the following criteria:

- SaaS and other application systems and/or internet software companies;
- Companies that became public within the past two years;
- Companies within a specified revenue range (with a range of .25 - 4 times our revenue);
- Companies within a specified market cap range (with a range of .25 - 4 times our market cap);
- Companies with a comparable number of employees (with a range of .25 - 4 times our number of employees); and
- Companies that our Compensation Committee believes reflect those companies that we consider to be similar to, and competitive with, us in the market for executive talent. Additionally, and in order to keep some consistency between the 2011 and 2012 peer groups, companies could be kept in the 2012 peer group even if they fell outside most of the screening criteria.

Under the direction of our Compensation Committee, Compensia provided competitive market data to review our compensation programs, identify trends in executive and equity compensation and make recommendations as to appropriate levels of compensation for 2012. While Compensia's analysis and recommendations were a strong factor in determining 2012 compensation levels, our Compensation Committee used its discretion in setting appropriate compensation levels and, in some cases, selected compensation levels that were different from those recommended by Compensia.

Role of Management

Members of our management team attend our Compensation Committee meetings when invited. At the outset of the 2012 annual compensation decision process, our CEO reviewed the compensation of our executive management team (including the NEOs other than himself) and made recommendations to the members of our Compensation Committee with respect to base salary and bonus and commission targets for the executives (but not for his own compensation). Our Compensation Committee retains the authority to accept or reject the CEO's compensation recommendations for all executive officers, and, where it deemed appropriate, made adjustments to the CEO's recommendations when determining appropriate compensation levels. All decisions regarding the CEO's compensation for 2012 were recommended by our Compensation Committee and reviewed and approved by the independent members of our board of directors outside the CEO's presence.

Say on Pay Vote

At our annual meeting of stockholders in June 2012, we held a non-binding advisory stockholder vote on the compensation of our NEOs, commonly referred to as a say-on-pay vote. Our stockholders approved the compensation of our NEOs, with approximately 99.7% of stockholder votes cast in favor of our 2012 say-on-pay proposal. In light of the strong support our stockholders expressed for our NEO compensation programs, we decided to retain our general approach to our executive compensation programs. We believe our programs are effectively designed and work well to align compensation for our NEOs with the interests of our stockholders, and help drive the achievement of our business strategy. We will hold such say-on-pay votes every three years, as approved by our stockholders in a non-binding advisory vote at our annual meeting of stockholders in June 2012. We will hold another say-on-pay vote at our 2015 annual meeting of stockholders.

Components of NEO Compensation

The compensation program for our NEOs consists of:

• Base salary;

• Short-term incentives, specifically sales commissions and milestone bonuses for commissioned NEOs (Mr. Carter) and annual bonuses for non-commissioned NEOs (Messrs. Miller, Seymour, Wallack and Goldin);

• Long-term incentives (equity awards);

• Broad-based employee benefits; and

• Severance and change of control benefits.

We believe the combination of these elements provides a compensation package that attracts and retains qualified individuals, links individual performance to our performance, focuses the NEOs' efforts on the achievement of both our short-term and long-term objectives as a company, and aligns the NEOs' interests with those of our stockholders. Our Compensation Committee determines the appropriate use and weight of each component of NEO compensation based on its views of the relative importance of each component in achieving our overall objectives and position-specific objectives relevant to each NEO.

Base Salary

We provide a base salary to our NEOs to compensate them for services rendered on a day-to-day basis. The base salaries of our NEOs are reviewed on an annual basis. The following table provides the base salaries of our NEOs for 2011 and 2012:

Named Executive Officer	2011 Base Salary	2012 Base Salary	
Adam Miller	\$425,000	\$425,000	
Perry Wallack	\$295,000	\$295,000	
Steven Seymour	\$305,000	\$305,000	
David Carter	\$240,000	\$240,000	
Mark Goldin	\$250,000	\$275,000	(1)

(1) On April 30, 2012, our Compensation Committee approved an increase of Mr. Goldin's base salary from \$250,000 to \$275,000.

In reviewing the salaries of our executives, our Compensation Committee reviewed and considered various market data presented by Compensia as well as the factors described above under the heading “— Compensation Discussion and Analysis — Compensation Decision Process.” We did not engage in any benchmarking or targeting of any specific levels of pay when determining base salary levels. In connection with its review of 2012 base salaries, our Compensation Committee determined no adjustment of the NEOs' base salary (other than Mr. Goldin's) was necessary as the NEOs' current base salary was appropriate relative to market data and each executive's experience as well as past, current and anticipated contributions to our success. Mr. Goldin's base salary was increased and such increase was driven by market data provided by Compensia and internal pay considerations.

Short-Term Incentives (Cash Bonuses and Sales Commissions)

Our short-term incentive program seeks to balance our NEOs' focus on our company goals as well as reward their individual performance through the use of an executive compensation plan and separate sales commission plans, as appropriate for each NEO's position. Each of Messrs. Miller, Seymour, Wallack and Goldin participate in an executive compensation plan under which bonuses may be earned upon our achievement of specified performance goals.

Considering his sales position within our organization, Mr. Carter participates in an individualized sales commission plan that is similar to the plans used for all of our sales employees, as described below. Our executive compensation plan and our executive sales commission plans are treated as “non-equity incentive plan compensation” for purposes of the Summary Compensation Table and Grants of Plan-Based Awards Table below.

2012 Executive Compensation Plan

For 2012, our Compensation Committee established an executive compensation plan for Messrs. Miller, Seymour, Wallack and Goldin. Under the terms of the executive compensation plan, each NEO (other than Mr. Carter) was entitled to receive a bonus that would vary in size depending on our success in meeting certain performance thresholds and targets with respect to a number of different performance metrics, including revenue, operating cash flow and non-GAAP net loss, although our Compensation Committee retained discretion to adjust bonus payments in its sole discretion. No bonus payout for a particular performance metric would be earned unless the performance threshold for that metric was met, and bonus payouts would be calculated linearly for achievement between the performance thresholds and targets.

The following table shows the performance metrics and weighting established by our Compensation Committee for the 2012 Executive Compensation Plan:

Performance Metric	Weighting(1)	
Revenue	75	%
Operating Cash Flow	15	%
Non-GAAP net loss(2)	10	%

(1) The amount payable with respect to each metric may be greater or less than the assigned weighting depending on the extent to which our performance exceeded or fell short of the applicable target.

Non-GAAP net loss is net loss adjusted to exclude expenses related to amortization of acquired intangibles and (2) stock-based compensation and related employer-paid taxes. Non-GAAP net loss is also adjusted by income tax effects of acquisition-related adjustments and adjustments to revenue due to purchase price accounting rules.

The following tables show the target, minimum and maximum levels of performance and the bonus percentages corresponding with such levels of achievement for each NEO established by our Compensation Committee for the 2012 Executive Compensation Plan:

	Minimum(1)	Target	Maximum	
Revenue	\$ 112,000,000	\$ 114,300,000	\$ 118,800,000	
Operating Cash Flow	\$ 5,500,000	\$ 7,500,000	\$ 7,500,000	(2)
Non-GAAP net loss	\$(15,000,000)	\$(14,000,000)	\$(14,000,000)	(2)

(1) No bonus payment for the applicable performance metric will be earned unless the performance threshold for that performance metric is met.

(2) No additional bonus will be paid for this performance metric regardless of the extent to which our performance exceeded its performance targets.

Bonus Percentages for NEOs

The table below shows the percentage of each NEO's (other than Mr. Carter) bonus that corresponds with the achievement of the performance targets above. For example, the 50% minimum in the "Revenue" column below represents that upon achievement of minimum performance with respect to the revenue metric, the individual's bonus will be calculated based on 50% achievement of that particular performance metric.

	Revenue			Operating Cash Flow			Non-GAAP net loss			
	Minimum	Target	Maximum	Minimum	Target	Maximum(1)	Minimum	Target	Maximum(1)	
Adam Miller	50	% 100	% 167	% 50	% 100	% 100	% 50	% 100	% 100	%
Perry Wallack	35	% 70	% 117	% 35	% 70	% 70	% 35	% 70	% 70	%
Steven Seymour	35	% 70	% 117	% 35	% 70	% 70	% 35	% 70	% 70	%

Mark
Goldin 25 % 50 % 83 % 25 % 50 % 50 % 25 % 50 % 50 %

(1) Represents the maximum bonus amount payable regardless of the extent to which the Company's performance exceeded its performance targets.

23

To increase focus on operating results and to align the NEOs' interests with our stockholders, our Compensation Committee determined that these performance metrics were appropriate measurements of our performance, as revenue measures our growth rates, operating cash flow measures the cash profitability and margin potential of our business, and net loss measures our execution on expenditures relative to our revenue growth.

The following table shows the minimum, target, and maximum bonus amounts under the 2012 Executive Compensation Plan for each of Messrs. Miller, Seymour, Wallack and Goldin. To the extent that our achievement was greater or less than the specified targets, the bonus amounts payable to each individual would be increased or decreased, respectively, although our Compensation Committee retained discretion to adjust bonus payments in its sole discretion. Our Compensation Committee determined these target bonus amounts based on the reasons below and the compensation factors described above under the heading “— Compensation Discussion and Analysis — Compensation Decision Process.”

	Minimum Bonus Amount(1)		Target Bonus Amount(2)		Maximum Bonus Amount(3)	
	\$	% of Base Salary	\$	% of Base Salary	\$	% of Base Salary
Adam Miller	21,250	5.0	425,000	100	637,500	150
Perry Wallack	10,325	3.5	206,500	70	309,750	105
Steven Seymour	10,675	3.5	213,500	70	320,250	105
Mark Goldin	6,875	2.5	137,500	50	206,250	75

(1) Represents the minimum bonus amount payable if we met only our performance threshold for non-GAAP net loss, the metric with the lowest weighting. No bonus was payable if we failed to meet the performance threshold for at least one metric.

(2) Represents the bonus amount payable if we achieved our full performance target with respect to each performance metric.

(3) Represents the maximum bonus amount payable regardless of the extent to which our performance exceeded our performance targets.

The NEOs' 2012 target bonus amounts remained the same as the 2011 target bonus amounts, except that Mr. Goldin's target bonus amount was increased from 45% to 50% of his base salary. Our Compensation Committee determined that these bonus targets were appropriate based on its review of the compensation practices of our peer group and that they enabled us to appropriately proportion our NEOs' total cash compensation with respect to performance-based compensation. The increase to Mr. Goldin's target bonus was driven by market data provided by Compensia and internal considerations.

In early 2013, our Compensation Committee reviewed the 2012 performance metrics to determine the level of achievement relative to each performance target and threshold amount. The 2012 achievement levels for the performance targets were as follows:

	2012 Actual Performance	Effect on Calculation of Bonuses
Revenue	\$ 117,914,000	Bonus calculated linearly for achievement between the target and maximum levels
Operating Cash Flow	\$ 10,294,000	Bonus calculated upon achievement of target level(1)
Non-GAAP net loss	\$ (15,959,000)	No bonus payment assigned to this performance metric as minimum performance threshold not achieved

(1) Even though performance was above target, payout at this particular performance metric was limited to target levels.

Based on the performance levels listed above, and subject to our Compensation Committee's discretion to adjust bonus amounts, which discretion the Compensation Committee exercised with respect to Mr. Seymour because he was tending to personal matters in 2012, bonus payments under the 2012 Executive Compensation Plan were as follows:

24

Name	2012 Bonus Amount
Adam Miller	\$488,750
Perry Wallack	\$237,475
Steven Seymour	\$—
Mark Goldin	\$158,125

Sales Commission Plan

Because much of Mr. Carter's responsibilities are focused on sales of our solution, our Compensation Committee determined that it would be more appropriate for Mr. Carter to participate in a sales commission plan with terms that correspond to the results achieved by his team rather than in the executive compensation plan described above. Mr. Carter therefore earned commissions based on the total sales of his direct sales team, based on total direct sales in the United States. The commission targets were determined by our Compensation Committee based in part on the recommendations of our CEO, which took into account the compensation factors described above under the heading "— Compensation Discussion and Analysis — Compensation Decision Process." Our Compensation Committee designed Mr. Carter's commission structure both to reward him for his past success and to support our retention efforts. During 2012, Mr. Carter was eligible to receive commissions based on total sales in his sales territory. The rate at which commissions are earned by Mr. Carter is highest in the first year of each client agreement and decreases each year thereafter and depends on whether the client agreement is a new agreement or a renewal. With respect to any client agreement entered into in 2012, no commissions will be paid with respect to revenue invoiced and received by us in the fourth year of the client agreement and beyond. To the extent a client agreement has a term of less than three years and is subsequently renewed, the agreement is treated as a multi-year contract, except that commission rates apply to the amounts that exceed the first year agreement value for the years subsequently renewed. For 2012, our Compensation Committee established a sales quota for Mr. Carter. Mr. Carter's quota for 2012 was \$44,000,000 in total revenue from direct sales in the United States. To the extent that Mr. Carter exceeded his quota for revenue in 2012, his commission rate was increased with respect to revenue invoiced and received by us in excess of the quota. In addition, Mr. Carter was also eligible for a bonus if he met certain milestone sales targets by the dates specified in his commission plan. If Mr. Carter achieved all specified milestones by specified dates, he would be eligible to receive a total bonus of \$20,000 upon completion of all milestones.

For 2012, the following table shows the targets and amounts earned by Mr. Carter under his 2012 sales commission plan:

	Target 2012 Commission	Target 2012 Bonus	2012 Commission Earned(2)	Target 2012 Bonus Earned(3)
David Carter	\$291,500 (1)	\$20,000	\$184,960	\$20,000

(1) This amount represents the total performance-based commissions that would be earned under the commission plan if (i) Mr. Carter achieves the sales quota established under his commission plan, (ii) 25% of all first-year subscription revenue and consulting services revenue related to client agreements entered into 2012 is invoiced and received by the Company in 2012, (iii) none of the sales contracts entered into are renewals, and (iv) 65% of the sales quota is attributable to subscription revenue and 35% of the sales quota is attributable to consulting services revenues.

(2) This amount represents the total performance-based commissions earned by Mr. Carter under the 2012 commission plan, including incremental revenue from renewals. Mr. Carter also earned additional commissions for second-year revenue and third-year revenue received by us in 2012 with respect to client agreements entered into in prior years under sales commission plans established in such years for Mr. Carter, which commission amounts are not reflected in this amount. In addition to the amounts presented in this table, Mr. Carter is expected to earn an additional \$53,111 in performance-based commissions in 2013 in connection with software and services revenue that (i) was invoiced by us in 2012 under contracts entered into in 2012 but (ii) had not been received by us as of

the end of 2012. For the commissions earned in 2012 under the 2012 sales commission plan and under plans established for prior years, see the non-equity incentive plan compensation column of the Summary Compensation Table below.

(3) Represents milestone bonuses paid upon the achievement of certain milestone sales targets.

Long-Term Incentives (Equity Awards)

We grant equity awards to motivate and reward our NEOs for achieving long-term performance goals as reflected in the value of our common stock, which we believe aligns the interests of our NEOs with those of our stockholders. Historically, the equity awards we have granted pursuant to our equity incentive plans have been limited to stock options with exercise prices equal to the fair market value of our common stock on the date of grant as determined by our board of directors, and restricted stock units. In determining the size of these awards, we have not applied a rigid formula. Instead, our Compensation Committee has determined the size of equity awards based on the range of prior awards granted to the executive team, with consideration given to the nature of each NEO's position and experience and to then-current market conditions.

On May 1, 2012, Mr. Miller was granted a stock option to purchase 248,700 shares of our common stock, and each of Messrs. Seymour and Wallack was granted a stock option to purchase 64,300 shares of our common stock. Each stock option is scheduled to vest over a four-year period with 1/4th of the shares subject to the stock option scheduled to vest on the first anniversary of the grant date and 1/48th of the shares subject to the option scheduled to vest monthly thereafter, in all cases subject to the individual continuing to provide services to us through each such date.

To additionally incentivize Messrs. Seymour and Wallack to achieve our long-term strategic goals, thereby increasing stockholder value and to provide executives a further retention incentive, on May 1, 2012, each of Messrs. Seymour and Wallack was granted an award of 17,300 restricted stock units covering shares of our common stock. The restricted stock units will be fully vested over a four-year period with 1/4th of the restricted stock units scheduled to vest on each of the first four anniversaries of the grant date, in all cases subject to the individual continuing to provide services to us through each such date.

On July 1, 2012, each of Messrs. Carter and Goldin was granted a stock option to purchase 26,700 shares of our common stock and received an award of 7,200 restricted stock units covering shares of our common stock. Each stock option is scheduled to vest over a four-year period with 1/4th of the shares subject to the stock option scheduled to vest on the first anniversary of the grant date and 1/48th of the shares subject to the option scheduled to vest monthly thereafter. The restricted stock units will be fully vested over a four-year period with 1/4th of the restricted stock units scheduled to vest on each of the first four anniversaries of the grant date, in all cases subject to the individual continuing to provide services to us through each such date. On July 1, 2012, Mr. Carter was also granted an additional stock option to purchase 23,300 shares of our common stock and received an additional award of 6,300 restricted stock units covering shares of our common stock. This stock option is scheduled to vest over a three-year period with 1/3rd of the shares subject to the stock option scheduled to vest on the first anniversary of the grant date and 1/36th of the shares subject to the option scheduled to vest monthly thereafter. The restricted stock units will be fully vested over a three-year period with 1/3th of the restricted stock units scheduled to vest on each of the first three anniversaries of the grant date, in all cases subject to the individual continuing to provide services to us through each such date.

In determining the equity incentive awards for our NEOs, our Compensation Committee considered a number of factors, including the executive's position with us and his total compensation package as well as the executive's contribution to the success of our financial performance and the equity compensation practices of our peer group. Our Compensation Committee granted equity awards to reward both the achievement of long-term goals and to provide a powerful retention tool. Stock options increase stockholder value and reward achievement of our long-term strategic goals since the value of the stock options are directly related to the value of our common stock while restricted stock units provide individuals with immediate retention value because they have no purchase price (but are subject to vesting).

We currently do not have stock ownership guidelines for our NEOs.

We expect our Compensation Committee to periodically review our NEOs' compensation, including the retention and incentive value of their equity awards, in order to determine whether to grant any additional equity awards in the future.

Broad-Based Employee Benefits

Our compensation program for our NEOs also includes employee benefits that are generally available to our other employees. These benefits include medical, dental, vision, long-term disability and life insurance benefits, as well as

flexible spending accounts. We also periodically provide meals on premise to employees in our offices. Our NEOs receive these benefits on the same basis as our other full-time U.S. employees. Offering these benefits serves to attract and retain employees, including our NEOs. We anticipate that we will periodically review our employee benefits programs in order to ensure that they continue to serve these purposes and remain competitive.

We have established a tax-qualified Section 401(k) retirement savings plan for our employees generally, subject to standard eligibility requirements. Under this plan, participants may elect to make pre-tax contributions to the plan of up to a certain portion of their current compensation, not to exceed the applicable statutory income tax limitation. Beginning in July 2012, we provided for a match of employees' contributions in an amount equal to 50% of an employee's contributions up

to \$2,400 per year. Matching amounts vest over four years, beginning at the employee's employment start date. Accordingly, all matching amounts will have fully vested on the fourth anniversary of the start date, regardless of when the matching amounts were contributed. The plan currently qualifies under Section 401(a) of the Internal Revenue Code, such that contributions to the plan, and income earned on those contributions, are not taxable to participants until withdrawn from the plan.

We have also established the 2010 Employee Stock Purchase Plan, or ESPP, which our board of directors has adopted and which our stockholders approved. Although approved by our board of directors, we have chosen to delay the commencement of the ESPP. If we do implement the ESPP, the ESPP administrator, as defined below, will determine who is eligible to participate in the ESPP, which may include our NEOs.

Employment Contracts, Termination of Employment and Change-In-Control Agreements

Our board of directors believes that maintaining a stable and effective management team is essential to our long-term success and achievement of our corporate strategies, and is therefore in the best interests of our stockholders. We have entered into employment agreements with each of our NEOs that provide for base salary, bonuses and/or sales commissions, employee benefit plan participation, and in certain instances, severance or other payments upon a qualifying termination of employment or change of control that provide the NEOs with assurances of specified severance benefits in the event that their employment is terminated and such termination is a qualifying termination under their respective agreements. In April 2013, we entered into Change of Control Severance Agreements with each of Messrs. Carter and Goldin that superseded the severance and/or change of control benefits provisions of their employment agreements. For more detail, see "Offer Letters and Employment Agreements; Potential Payments Upon Termination, Change in Control or Upon Termination Following Change in Control."

We recognize that these severance benefits may be triggered at any time. Nonetheless, we believe that it is imperative to provide these individuals with these benefits to secure their continued dedication to their work, notwithstanding the possibility of a termination by us, and to provide them with additional incentives to continue employment with us. In determining appropriate severance payment and benefit levels for our NEOs, our Compensation Committee and our board of directors relied on a number of factors, including their experience with and understanding of current market practice, relative severance packages within the Company, and current severance arrangements. The level of benefits and triggering events to receive such benefits were chosen to be broadly consistent with our Compensation Committee's and our board of directors' view of prevailing competitive practices. The final severance payment and benefit levels were determined after extensive negotiations with each NEO and were evaluated in terms of the overall compensation packages for each NEO. We believe that these severance benefits are competitive with severance benefits provided to similarly situated individuals at companies with which we compete for talent, and that they are appropriate given that generally their actual payment is contingent upon the individual releasing us from claims relating to the termination.

We also recognize that the possibility that we may in the future undergo a change in control, and that this possibility, and the uncertainty it may cause among our NEOs may result in their departure or distraction to the detriment of our company and our stockholders. Accordingly, our board of directors and Compensation Committee decided to take appropriate steps to encourage the continued attention, dedication and continuity of certain key executives to their assigned duties without the distraction that may arise from the possibility or occurrence of a change in control. As a result, we have entered into agreements with certain of our NEOs that provide additional benefits in the event of a change in control. For more detail, see "Offer Letters and Employment Agreements; Potential Payments Upon Termination, Change in Control or Termination Following Change in Control."

We consider these severance protections to be an important part of our NEOs' compensation. These arrangements are consistent with our overall compensation objectives because we believe such arrangements are competitive with arrangements offered to executives by companies with whom we compete for executives and are critical to achieve our business objective of management retention. We believe that this severance protection is competitively necessary to retain our NEOs and is imperative to (i) secure the continued dedication and objectivity of our NEOs, including in circumstances where we may undergo a change of control, and (ii) provide the NEOs with an incentive to continue employment with us and motivate them to maximize our value for the benefit of our stockholders.

For information regarding certain relationships and related transactions, and director independence, including our Code of Business Conduct and Ethics, see “Employment Contracts, Termination of Employment and Change-In-Control Agreements” above.

Tax Considerations

Based on the limitations imposed by Section 162(m) of Internal Revenue Code, we generally cannot deduct compensation paid to our Chief Executive Officer and to certain other highly compensated officers that exceeds \$1,000,000 per person in any fiscal year for federal income tax purposes, unless it is “performance-based,” as defined under Section 162(m). Salary and bonus compensation is subject to these limits, as is the excess of the current market price over the option exercise price, or option spread, at the time of exercise of any stock option, unless it is treated as an incentive stock option or it meets certain other requirements. We believe all options we have granted to date have met these requirements. Additionally, under an exception to Section 162(m), any compensation paid at any time pursuant to a compensation plan that was in existence before the effective date of our public offering will not be subject to the \$1,000,000 limitation until the earliest of: (i) the expiration of the compensation plan, (ii) a material modification of the compensation plan (as determined under Section 162(m)), (iii) the issuance of all the employer stock and other compensation allocated under the compensation plan, or (iv) the first meeting of stockholders at which directors are elected after the ending of the third calendar year following the year of our public offering. While we cannot predict how the Section 162(m) deductibility limit may affect our compensation program in future years, we intend to maintain an approach to executive compensation that strongly links pay to performance. In addition, although we have not adopted a formal policy regarding tax deductibility of compensation paid to our NEOs, we intend to consider tax deductibility under Section 162(m) as one factor in our compensation decisions.

We have not provided our executives or directors with any gross-up or other reimbursement for tax amounts that these individuals might pay pursuant to Section 280G or Section 409A of the Internal Revenue Code. Section 280G and related Internal Revenue Code sections provide that executive officers, directors who hold significant stockholder interests, and certain other service providers, could be subject to significant additional taxes if they receive payments or benefits in connection with a change in control that exceeds certain limits, and also that we or our successor could lose the ability to deduct on our corporate taxes the amounts subject to the additional tax. In addition, Section 409A imposes significant taxes on an executive officer, director or other service provider who receives “deferred compensation” that does not meet the requirements of Section 409A.

Compensation Risk Assessment

In establishing and reviewing our overall compensation program, our Compensation Committee and our board of directors consider whether the compensation program and its various elements encourage or motivate our NEOs or other employees to take excessive risks. We believe that our compensation program and its elements are designed to encourage our employees to act in our long-term best interests and are not reasonably likely to have a material adverse effect on our business. In particular, our Compensation Committee has reviewed the elements of our executive compensation to determine whether any portion of executive compensation encouraged excessive risk taking and concluded:

- our allocation of compensation between cash compensation and long-term equity compensation, combined with our typically 48-month vesting schedule, discourages short-term risk taking;
- our approach of goal setting, setting of targets with payouts at multiple levels of performance, and evaluation of performance results assist in mitigating excessive risk-taking;
- our compensation decisions include subjective considerations, which restrain the influence of formulae or objective factors on excessive risk taking; and
- our business does not face the same level of risks associated with compensation for employees at financial services (traders and instruments with a high degree of risk).

Compensation Recovery Policies

Our Compensation Committee has not yet adopted a policy with respect to whether we will make retroactive adjustments to any cash or equity based incentive compensation paid to our NEOs or other employees where the payment was based on the achievement of financial results that were subsequently revised. Our Compensation Committee intends to adopt a general compensation recovery policy after the SEC adopts final rules implementing the requirements of Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

The restricted stock units and stock option grants to purchase shares of our common stock were made under our (1) 2010 Equity Incentive Plan and are subject to service-based vesting requirements. The exercise prices of the options were equal to the fair market value of our common stock on the date of grant.

Reflects the aggregate grant date fair value computed in accordance with FASB ASC Topic 718. The assumptions used in the valuation of these awards are set forth in the notes to our consolidated financial statements, which are (2) included in our Annual Report on Form 10-K for the year ended December 31, 2012, filed with the SEC on March 1, 2013. These amounts do not necessarily correspond to the actual value that may be realized by the NEO.

The non-equity incentive plan compensation earned by Mr. Carter was paid under his sales commission plan, not under our 2012 Executive Compensation Plan. In each case, Mr. Carter received a sales commission, of which a portion was allocated to subscription revenue and a portion was allocated to services revenue. In addition, Mr. (3) Carter's sales commission plan established a sales quota and certain milestone sales targets. The target amount represents the amount to be earned in 2012 assuming (i) that the full sales quota and all milestone sales targets were met, (ii) 25% of first-year software revenue relating to client agreements entered into in 2012 was invoiced and received by us in 2012, and (iii) that none of the sales contracts entered into were renewals. For more information, see "— Compensation Discussion and Analysis — Sales Commission Plan."

Offer Letters and Employment Agreements; Potential Payments Upon Termination, Change in Control or Upon Termination Following Change in Control

Adam Miller

On November 8, 2010, we entered into an employment agreement with Mr. Miller, our Chief Executive Officer and President. In the event that we terminate Mr. Miller without cause or if Mr. Miller terminates his employment for good reason, and in either event the termination does not occur during the period beginning three months prior to the consummation of a change of control and ending 18 months following the consummation of a change of control, Mr. Miller will receive: (i) continued payments of his base salary for 18 months, (ii) 150% of his average actual bonus for the three-year period prior to the year in which the termination occurs, (iii) 18 months of acceleration of all unvested equity awards, (iv) the payment of premiums for continued health, dental and vision benefits for Mr. Miller (and any eligible dependents) for up to 18 months, and (v) any earned but unpaid bonus amounts.

In the event that we terminate Mr. Miller without cause or if Mr. Miller terminates his employment for good reason, and in either event the termination occurs during the period beginning three months prior to the consummation of a change of control and ending 18 months following the consummation of a change of control, Mr. Miller will receive: (i) a lump-sum payment equal to the sum of 18 months' of base salary plus 150% of his target annual bonus, (ii) full acceleration of all unvested equity awards with a 12-month post termination exercise period (unless the options expire earlier), (iii) the payment of premiums for continued health, dental and vision benefits for Mr. Miller (and any eligible dependents) for up to 18 months, and (iv) any earned but unpaid bonus amounts.

The severance payments discussed above are subject to Mr. Miller signing and not revoking a release of claims and continuing to comply with his confidentiality and employment agreements.

Mr. Miller's employment agreement also provides that in the event that the severance payments and other benefits payable to Mr. Miller constitute "parachute payments" under Section 280G of the Internal Revenue Code of 1986, as amended, and would be subject to the applicable excise tax, then the severance benefits will be either (i) delivered in full or (ii) delivered to such lesser extent which would result in no portion of such benefits being subject to the excise tax, whichever results in the receipt by Mr. Miller of the greatest amount of benefits on an after-tax basis.

The following table shows the pre-tax payments that Mr. Miller would have received under the terms of his employment agreement if a trigger event had occurred on December 31, 2012:

Benefits and Payments upon Trigger Event	Terminated Without Cause or Terminates for Good Reason in Connection with a Change of Control(1)	Terminated Without Cause or Terminates for Good Reason not in Connection with a Change of Control(1)
Severance payments attributable to base salary(2)(3)	\$637,500	\$637,500
Severance payments attributable to bonus	\$637,500 (4)	\$378,703
Acceleration of equity awards(5)	\$11,178,453	\$5,496,235
Company-paid premiums(6)	\$31,236	\$31,236
Total	\$12,484,689	\$6,543,674

(1) A termination is considered to be "in connection with a change of control" if Mr. Miller's employment with us is either (i) terminated by us without cause or (ii) terminated by Mr. Miller for good reason, and in either event, during the period beginning three months prior to the consummation of a change of control and ending 18 months following the consummation of a change of control.

(2) Severance payments will be paid in a lump sum upon a qualifying termination in connection with a change of control or in continuing payments upon a qualifying termination that is not in connection with a change of control.

(3) Calculations are based on a base salary of \$425,000, which is the base salary that was in effect as of December 31, 2012.

- (4) Calculations are based on a target bonus amount of \$425,000, which is the target bonus amount that was in effect under the 2012 Executive Compensation Plan. See the Grants of Plan-Based Awards Table for 2012 above. The value of the accelerated options was calculated by multiplying (x) the number of shares subject to acceleration by (y) the difference between \$29.53, the closing price per share of our common stock on the NASDAQ Global Market on December 31, 2012, and the per share exercise price of the accelerated options.
- (5) The value of the accelerated restricted stock units was calculated by multiplying (x) the number of restricted stock units subject to acceleration by (y) \$29.53, the closing price per share of our common stock on the NASDAQ Global Market on December 31, 2012.

(6) Represents the value of premiums paid by us for continued health, dental, and vision plans for Mr. Miller (and his eligible dependents) for 18 months.

As used in Mr. Miller's employment agreement, the terms "cause," "change of control" and "good reason" have the meanings set forth below under the heading "Definitions for the Employment Agreements of Messrs. Miller, Wallack and Seymour."

Perry Wallack

On November 8, 2010, Mr. Wallack, our Chief Financial Officer, entered into an employment agreement with us that superseded a prior employment agreement entered into on May 10, 2007. In the event that we terminate Mr. Wallack without cause or if Mr. Wallack terminates his employment for good reason, and in either event the termination does not occur during the period beginning three months prior to the consummation of a change of control and ending 18 months following the consummation of a change of control, Mr. Wallack will receive: (i) continued payments of his base salary for 12 months, (ii) 100% of his average actual bonus for the three-year period prior to the year in which the termination occurs, (iii) 12 months of acceleration of all unvested equity awards, (iv) the payment of premiums for continued health, dental and vision benefits for Mr. Wallack (and any eligible dependents) for up to 12 months, and (v) any earned but unpaid bonus amounts.

In the event that we terminate Mr. Wallack without cause or if Mr. Wallack terminates his employment for good reason, and in either event the termination occurs during the period beginning three months prior to the consummation of a change of control and ending 18 months following the consummation of a change of control, Mr. Wallack will receive: (i) a lump-sum payment equal to the sum of 12 months' of base salary plus 100% of his target annual bonus, (ii) full acceleration of all unvested equity awards with a 12-month post termination exercise period (unless the options expire earlier), (iii) the payment of premiums for continued health, dental and vision benefits for Mr. Wallack (and any eligible dependents) for up to 12 months, and (iv) any earned but unpaid bonus amounts.

The severance payments discussed above are subject to Mr. Wallack signing and not revoking a release of claims and continuing to comply with his confidentiality and employment agreements.

Mr. Wallack's employment agreement also provides that in the event that the severance payments and other benefits payable to Mr. Wallack constitute "parachute payments" under Section 280G of the Internal Revenue Code of 1986, as amended, and would be subject to the applicable excise tax, then the severance benefits will be either (i) delivered in full or (ii) delivered to such lesser extent which would result in no portion of such benefits being subject to the excise tax, whichever results in the receipt by Mr. Wallack of the greatest amount of benefits on an after-tax basis.

The following table shows the pre-tax payments that Mr. Wallack would have received under the terms of his employment agreement if a trigger event had occurred on December 31, 2012:

Benefits and Payments upon Trigger Event	Terminated Without Cause or Terminates for Good Reason in Connection with a Change of Control(1)	Terminated Without Cause or Terminates for Good Reason not in Connection with a Change of Control(1)
Severance Payments Attributable to Base Salary(2)(3)	\$295,000	\$295,000

Company-paid premiums(6)	\$20,824	\$20,824
Total	\$6,925,135	\$3,052,297

(1) A termination is considered to be "in connection with a change of control" if Mr. Wallack's employment with us is either (i) terminated by us without cause or (ii) terminated by Mr. Wallack for good reason, and in either event,

during the period beginning three months prior to the consummation of a change of control and ending 18 months following the consummation of a change of control.

- (2) Severance payments will be paid in a lump sum upon a qualifying termination in connection with a change of control or in continuing payments upon a qualifying termination that is not in connection with a change of control.
- (3) Calculations are based on a base salary of \$295,000, which is the base salary that was in effect as of December 31, 2012.

- (4) Calculations are based on a target bonus amount of \$206,500, which is the target bonus amount that was in effect under the 2012 Executive Compensation Plan. See the Grants of Plan-Based Awards Table for 2012 above. The value of the accelerated options was calculated by multiplying (x) the number of shares subject to acceleration by (y) the difference between \$29.53, the closing price per share of our common stock on the NASDAQ Global Market on December 31, 2012, and the per share exercise price of the accelerated options.
- (5) The value of the accelerated restricted stock units was calculated by multiplying (x) the number of restricted stock units subject to acceleration by (y) \$29.53, the closing price per share of our common stock on the NASDAQ Global Market on December 31, 2012.
- (6) Represents the value of premiums paid by us for continued health, dental, and vision plans for Mr. Wallack (and his eligible dependents) for 12 months.

As used in Mr. Wallack’s employment agreement, the terms “cause,” “change of control” and “good reason” have the meanings set forth below under the heading “Definitions for the Employment Agreements of Messrs. Miller, Wallack and Seymour.”

Steven Seymour

On November 8, 2010, Mr. Seymour, our Executive Vice President of Strategic Accounts, entered into an employment agreement with us that superseded a prior employment agreement entered into on May 10, 2007. In the event that we terminate Mr. Seymour without cause or if Mr. Seymour terminates his employment for good reason, and in either event the termination does not occur during the period beginning three months prior to the consummation of a change of control and ending 18 months following the consummation of a change of control, Mr. Seymour will receive: (i) continued payments of his base salary for 12 months, (ii) 100% of his average actual bonus for the three-year period prior to the year in which the termination occurs, (iii) 12 months of acceleration of all unvested equity awards, (iv) the payment of premiums for continued health, dental and vision benefits for Mr. Seymour (and any eligible dependents) for up to 12 months, and (v) any earned but unpaid bonus amounts.

In the event that we terminate Mr. Seymour without cause or if Mr. Seymour terminates his employment for good reason, and in either event the termination occurs during the period beginning three months prior to the consummation of a change of control and ending 18 months following the consummation of a change of control, Mr. Seymour will receive: (i) a lump-sum payment equal to the sum of 12 months’ of base salary plus 100% of his target annual bonus, (ii) full acceleration of all unvested equity awards with a 12-month post termination exercise period (unless the options expire earlier), (iii) the payment of premiums for continued health, dental and vision benefits for Mr. Seymour (and any eligible dependents) for up to 12 months, and (iv) any earned but unpaid bonus amounts.

The severance payments discussed above are subject to Mr. Seymour signing and not revoking a release of claims and continuing to comply with his confidentiality and employment agreements.

Mr. Seymour’s employment agreement also provides that in the event that the severance payments and other benefits payable to Mr. Seymour constitute “parachute payments” under Section 280G of the Internal Revenue Code of 1986, as amended, and would be subject to the applicable excise tax, then the severance benefits will be either (i) delivered in full or (ii) delivered to such lesser extent which would result in no portion of such benefits being subject to the excise tax, whichever results in the receipt by Mr. Seymour of the greatest amount of benefits on an after-tax basis.

As used in Mr. Seymour’s employment agreement, the terms “cause,” “change of control” and “good reason” have the meanings set forth below under the heading “Definitions for the Employment Agreements of Messrs. Miller, Wallack and Seymour.”

Definitions for the Employment Agreements of Messrs. Miller, Wallack and Seymour

As used in the employment agreements of Messrs. Miller, Wallack and Seymour, the terms below have the following meanings:

The term “cause” means: (i) an act of material dishonesty made by the executive in connection with his carrying out his job responsibilities to us intended to result in his substantial personal enrichment, (ii) the executive’s conviction of, or plea of nolo contendere to, a felony which our board of directors reasonably believes had or will have a material detrimental effect on our reputation or business, (iii) a willful act by the executive which constitutes gross misconduct and which is injurious to us or our affiliates, (iv) the executive’s willful and material breach of the employment agreement, including without limitation his intentional failure to perform his stated duties, and his continued failure to cure such breach to the reasonable satisfaction of our board of directors within 10 days following written notice of such breach to the executive, and (v) the executive’s material violation of a company policy that results in a material detrimental effect on our reputation or business.

The term “change of control” means the occurrence of any of the following: (i) a change in our ownership which occurs on the date that any one person, or more than one person acting as a group (“Person”), acquires ownership of our stock that, together with the stock held by such Person, constitutes more than 50% of the total voting power of our stock; provided, however, that for purposes of this subsection (i), the acquisition of additional stock by any one Person, who is considered to own more than 50% of the total voting power of our stock will not be considered a change of control, or (ii) a change in our effective control which occurs on the date that a majority of members of our board of directors (each, a “Director”) is replaced during any 12-month period by Directors whose appointment or election is not endorsed by a majority of the members of our board of directors prior to the date of the appointment or election. For purposes of this subsection (ii), if any Person is considered to be in effective control of us, the acquisition of additional control of us by the same Person will not be considered a change of control, or (iii) a change in the ownership of a substantial portion of our assets which occurs on the date that any Person acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such person or persons) our assets that have a total gross fair market value equal to or more than 50% of the total gross fair market value of all of our assets immediately prior to such acquisition or acquisitions; provided, however, that for purposes of this subsection (iii), the following will not constitute a change in the ownership of a substantial portion of our assets: (A) a transfer to an entity that is controlled by our stockholders immediately after the transfer, or (B) a transfer of assets by us to: (1) a stockholder of our

company (immediately before the asset transfer) in exchange for or with respect to our stock, (2) an entity, 50% or more of the total value or voting power of which is owned, directly or indirectly, by us, (3) a Person, that owns, directly or indirectly, 50% or more of the total value or voting power of all of our outstanding stock, or (4) an entity, at least 50% of the total value or voting power of which is owned, directly or indirectly, by a Person described in this subsection (iii)(B)(3). For purposes of this subsection (iii), gross fair market value means the value of our assets, or the value of the assets being disposed of, determined without regard to any liabilities associated with such assets. For purposes of this definition of change of control, persons will be considered to be acting as a group if they are owners of a corporation that enters into a merger, consolidation, purchase or acquisition of stock, or similar

business transaction with us. Notwithstanding the foregoing, a transaction will not be deemed a change of control unless the transaction qualifies as a change in control event within the meaning of Code Section 409A. Further, the completion of an underwritten public offering of our common stock will not constitute a change of control and a transaction will not constitute a change of control if: (i) its sole purpose is to change our state of incorporation, or (ii) its sole purpose is to create a holding company that will be owned in substantially the same proportions by the persons who held the our securities immediately before such transaction. In addition, a transaction must actually be consummated in order for there to be a change of control.

The term “good reason” means without the executive’s express written consent: (i) a significant reduction or adverse change in his duties, position, reporting relationship or responsibilities, or the removal of him from such duties, position or responsibilities, (ii) a reduction by us in the executive’s base salary as in effect immediately prior to such reduction unless (a) such reduction is part of a salary reduction plan across our entire senior management team, (b) such reduction does not have a disproportionate effect on the executive in comparison to other members of our senior management team and (c) such reduction is not in excess of 10% of the executive’s base salary, (iii) a material reduction by us in the kind or level of benefits to which the executive was entitled immediately prior to such reduction with the result that the executive’s overall benefits package is significantly reduced disproportionately to other members of senior management, (iv) our material breach of a term of the employment agreement or any other agreement between us and the executive, including our failure to obtain assumption of the employment agreement by any successor, and (v) the relocation of the executive to a facility or a location more than 35 miles from his then present employment location. In addition, the executive must provide us written notice of the existence of the one or more of the above conditions within 90 days of its initial existence and we must be provided with 30 days to cure the condition. If the condition is not cured within such 30-day period, the executive must terminate employment within 30 days of the end of such cure period in order to qualify as a termination for good reason.

David J. Carter

On November 8, 2010, Mr. Carter, our Senior Vice President of Sales, entered into an amended and restated employment agreement with us. If we terminate Mr. Carter’s employment other than for cause, death or disability, Mr. Carter is entitled to receive four months severance pay at his base salary rate, as then in effect, and company-paid coverage for Mr. Carter and his dependents under our benefit plans for three months following termination.

Furthermore, if we are acquired and Mr. Carter is terminated or his position is materially diminished within six months after such acquisition, all unvested options shall vest and become immediately exercisable.

The following table shows the payments that Mr. Carter would have received under the terms of his employment agreement if a trigger event had occurred on December 31, 2012:

Benefits and Payments upon Trigger Event	Terminated within 6 Months of Change of Control	Position Materially Diminished within 6 Months of Change of Control	Terminated without Cause and Not Due to Death or Disability (Regardless of Change of Control)
Accelerated vesting of options(1)	\$1,286,390	\$1,286,390	—
Payment of 4 months of base salary(2)	—	—	\$80,000
Payment of 3 months of coverage under existing benefit plans for Mr. Carter and dependents	—	—	\$5,206
Total	\$1,286,390	\$1,286,390	\$85,206

The value of the accelerated options was calculated by multiplying (x) the number of shares subject to acceleration (1) by (y) the difference between \$29.53, the closing price per share of our common stock on the NASDAQ Global Market on December 31, 2012, and the per share exercise price of the accelerated options.

- (2) Based on a base salary of \$240,000, which is the base salary that was in effect as of December 31, 2012.

As used in Mr. Carter's employment agreement, the term "cause" means a termination by us because of any one of the following events: (i) Mr. Carter's breach of his employment agreement that results in material injury to us which, if capable of cure, has not been cured by Mr. Carter within ten (10) days after his receipt of written notice from our Chief Executive Officer of such breach; (ii) Mr. Carter's misconduct, fraud, dishonesty, or malfeasance that results in material injury to the us; (iii) Mr. Carter's willful or intentional failure to (a) perform his duties under his employment agreement, (b) follow the reasonable and legal direction of our board of directors or Chief Executive Officer, or (c) follow our policies, procedures, and

rules, or (iv) Mr. Carter's conviction of, or plea of nolo contendere to, a felony. For purposes of this definition, Mr. Carter's failure to achieve certain results will not be deemed to constitute cause unless it is the result of his willful and deliberate dereliction of duty.

In April 2013, Mr. Carter entered into a change of control severance agreement (the "severance agreement") with us that superseded any rights to severance and/or change of control benefits in his amended and restated employment agreement. The severance agreement has an initial term of three years. Thereafter, the severance agreement will renew automatically for additional one-year terms unless either party provides the other with written notice of non-renewal at least 90 days prior to the date of automatic renewal.

If the Company terminates Mr. Carter's employment with the Company without cause or if Mr. Carter resigns for good reason, and, in each case, such termination occurs outside the period beginning three months prior to, and ending 12 months following, a change of control (such period, the "change of control period"), then Mr. Carter will receive: (i) a lump-sum payment equal to 100% of his base salary, (ii) the payment of premiums for continued COBRA coverage for Mr. Carter (and his eligible dependents) for up to 12 months, (iii) nine months of acceleration of all unvested equity awards, and (iv) all accrued compensation.

If the Company terminates Mr. Carter's employment with the Company without cause or if Mr. Carter resigns for good reason, and, in each case, such termination occurs during the change of control period, then Mr. Carter will receive: (i) a lump-sum payment equal to 100% of his base salary, (ii) a lump-sum payment equal to 100% of his target bonus and commission for the year of termination (whether established on a quarterly, semi-annual, annual and/or other periodic basis), (iii) the payment of premiums for continued COBRA coverage for Mr. Carter (and his eligible dependents) for up to 12 months, (iv) full acceleration of all unvested equity awards with a 12-month post-termination exercise period (unless the awards expire earlier), and (v) all accrued compensation.

If the Company terminates Mr. Carter's employment with the Company as a result of his disability or due to his death, then Mr. Carter's outstanding and unvested equity awards will vest as if Mr. Carter's termination were treated as a termination without cause (and either within or outside of the change of control period, as applicable).

The severance payments discussed above are subject to Mr. Carter signing and not revoking a separation agreement and release of claims and continuing to comply with his confidentiality agreement.

Mr. Carter's severance agreement also provides that in the event that the severance payments and other benefits payable to Mr. Carter constitute "parachute payments" under Section 280G of the Internal Revenue Code of 1986, as amended, and would be subject to the applicable excise tax, then the severance benefits will be either (i) delivered in full or (ii) delivered to such lesser extent which would result in no portion of such benefits being subject to the excise tax, whichever results in the receipt by Mr. Carter of the greatest amount of benefits on an after-tax basis.

The following table shows the pre-tax payments that Mr. Carter would have received under the terms of his severance agreement if the severance agreement was in place as of December 31, 2012 and if a trigger event had occurred on December 31, 2012:

	Terminated Without Cause or Terminates for Good Reason in Connection with a Change of Control(1)	Terminated Without Cause or Terminates for Good Reason not in Connection with a Change of Control(1)
Benefits and Payments upon Trigger Event		
Severance Payments Attributable to Base Salary(2)(3)	\$240,000	\$240,000

Edgar Filing: Cornerstone OnDemand Inc - Form DEF 14A

Severance Payments Attributable to Bonus	\$311,500	(4)	\$—
Acceleration of Equity Awards(5)	\$1,286,390		\$370,819
Company-paid premiums(6)	\$20,824		\$20,824
Total	\$1,858,714		\$631,643

A termination is considered to be during the change of control period if Mr. Carter's employment with us is either (i) terminated by us without cause or (ii) terminated by Mr. Carter for good reason, and in either event, during the (1) period beginning three months prior to the consummation of a change of control and ending 12 months following the consummation of a change of control. If Mr. Carter's employment is terminated as a result of his disability or his death,

then Mr. Carter's outstanding and unvested equity awards will vest as if Mr. Carter's termination were treated as a termination without cause (and either within or outside of the change of control period, as applicable).

(2) Severance payments will be paid in a lump sum upon a qualifying termination.

(3) Calculations are based on a base salary of \$240,000, which is the base salary that was in effect as of December 31, 2012.

(4) Calculations are based on a target bonus and/or commission amount of \$311,500, which is the target amount that was in effect under Mr. Carter's sales commission plan. See the Grants of Plan-Based Awards Table for 2012 above.

(5) The value of the accelerated options was calculated by multiplying (x) the number of shares subject to acceleration by (y) the difference between \$29.53, the closing price per share of our common stock on the NASDAQ Global Market on December 31, 2012, and the per share exercise price of the accelerated options. The value of the accelerated restricted stock units was calculated by multiplying (x) the number of restricted stock units subject to acceleration by (y) \$29.53, the closing price per share of our common stock on the NASDAQ Global Market on December 31, 2012.

(6) Represents the value of premiums paid by us for continued health, dental, and vision plans for Mr. Carter (and his eligible dependents) for 12 months.

As used in Mr. Carter's severance agreement, the terms "cause," "change of control" and "good reason" have the meanings set forth above under the heading "Definitions for the Employment Agreements of Messrs. Miller, Wallack and Seymour."

Mark Goldin

On May 24, 2010, we entered into an employment agreement with Mark Goldin, our Chief Technology Officer. If we are acquired and Mr. Goldin is terminated or his position is materially diminished within six months of such acquisition, the unvested portion of his option will immediately vest. If we terminate Mr. Goldin for any reason other than for cause, death or disability, Mr. Goldin will be entitled to receive continuing severance pay at a rate equal to his base salary and the continuation of coverage under our employee benefit plans, in each case for a period of three months after termination.

The following table shows the payments that Mr. Goldin would have received under the terms of his employment agreement if a trigger event had occurred on December 31, 2012:

Benefits and Payments upon Trigger Event	Terminated within 6 Months of Change of Control	Position Materially Diminished within 6 Months of Change of Control	Terminated without Cause and Not Due to Death or Disability (Regardless of Change of Control)
Accelerated vesting of options(1)	\$2,711,040	\$2,711,040	—
Payment of 3 months of base salary(2)	—	—	\$68,750
Payment of 3 months of coverage under existing benefit plans for Mr. Goldin and dependents	—	—	\$5,206
Total	\$2,711,040	\$2,711,040	\$73,956

The value of the accelerated options was calculated by multiplying (x) the number of shares subject to acceleration (1) by (y) the difference between \$29.53, the closing price per share of our common stock on the NASDAQ Global Market on December 31, 2012, and the per share exercise price of the accelerated options.

(2) Based on a base salary of \$275,000, which is the base salary that was in effect as of December 31, 2012.

As used in Mr. Goldin's employment agreement, the term "cause" has the following meaning: a termination by us because of any one of the following events: (i) Mr. Goldin's breach of his employment agreement that results in injury to us which, if capable of cure, has not been cured by Mr. Goldin within ten (10) days after his receipt of written notice from our Chief Executive Officer of such breach; (ii) Mr. Goldin's misconduct, fraud, dishonesty, or malfeasance that results in material injury to us; (iii) Mr. Goldin's willful or intentional failure to (a) perform his duties under his employment agreement, (b) follow the reasonable and legal direction of our board of directors or Chief Executive Officer, or (c) follow our policies, procedures, and rules, or (iv) Mr. Goldin's conviction of, or plea of nolo contendere to, a felony. For any such failure listed in clause (iii), our Chief Executive Officer shall first give the Mr. Goldin written notice setting forth with specificity the reasons that our Chief Executive Officer believes that Mr. Goldin is failing, and ten (10) days to cure such failure. For purposes of this definition, Mr. Goldin's failure to achieve certain results, such as those set forth in one of our business plans, that is not the result of Mr. Goldin's demonstrating willful and deliberate dereliction of duty, will not constitute cause.

In April 2013, Mr. Goldin entered into a severance agreement with us that superseded any rights to severance and/or change of control benefits in his employment agreement. Mr. Goldin's severance agreement has the same terms and conditions as Mr. Carter's severance agreement as described above.

The following table shows the pre-tax payments that Mr. Goldin would have received under the terms of his severance agreement if the severance agreement was in place as of December 31, 2012 and if a trigger event had occurred on December 31, 2012:

Benefits and Payments upon Trigger Event	Terminated Without Cause or Terminates for Good Reason in Connection with a Change of Control(1)	Terminated Without Cause or Terminates for Good Reason not in Connection with a Change of Control(1)
Severance Payments Attributable to Base Salary(2)(3)	\$275,000	\$275,000
Severance Payments Attributable to Bonus	\$137,500	\$—
Acceleration of Equity Awards(5)	\$2,711,040	\$1,270,557
Company-paid premiums(6)	\$20,824	\$20,824
Total	\$3,144,364	\$1,566,381

(1) A termination is considered to be during the change of control period if Mr. Goldin's employment with us is either (i) terminated by us without cause or (ii) terminated by Mr. Goldin for good reason, and in either event, during the period beginning three months prior to the consummation of a change of control and ending 12 months following the consummation of a change of control. If Mr. Goldin's employment is terminated as a result of his disability or his death, then Mr. Goldin's outstanding and unvested equity awards will vest as if Mr. Goldin's termination were treated as a termination without cause (and either within or outside of the change of control period, as applicable).

(2) Severance payments will be paid in a lump sum upon a qualifying termination.

(3) Calculations are based on a base salary of \$275,000, which is the base salary that was in effect as of December 31, 2012.

(4) Calculations are based on a target bonus amount of \$137,500, which is the target bonus amount that was in effect under the 2012 Executive Compensation Plan. See the Grants of Plan-Based Awards Table for 2012 above.

(5) The value of the accelerated options was calculated by multiplying (x) the number of shares subject to acceleration by (y) the difference between \$29.53, the closing price per share of our common stock on the NASDAQ Global Market on December 31, 2012, and the per share exercise price of the accelerated options. The value of the accelerated restricted stock units was calculated by multiplying (x) the number of restricted stock units subject to acceleration by (y) \$29.53, the closing price per share of our common stock on the NASDAQ Global Market on December 31, 2012.

(6) Represents the value of premiums paid by us for continued health, dental, and vision plans for Mr. Goldin (and his eligible dependents) for 12 months.

As used in Mr. Goldin's severance agreement, the terms "cause," "change of control" and "good reason" have the meanings set forth above under the heading "Definitions for the Employment Agreements of Messrs. Miller, Wallack and Seymour."

To the extent awards are not assumed or substituted for in connection with a merger or change in control, our equity plans provide that such awards will accelerate and become fully exercisable.

PROPOSAL 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

General

Our Audit Committee has selected PricewaterhouseCoopers LLP as our independent registered public accounting firm to audit our consolidated financial statements for the fiscal year ending December 31, 2013, which will include an audit of the effectiveness of our internal control over financial reporting. PricewaterhouseCoopers LLP and its predecessor entities have audited our financial statements since fiscal 1999. A representative of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting, will have the opportunity to make a statement if he or she desires to do so, and is expected to be available to respond to appropriate questions.

Stockholder ratification of the selection of PricewaterhouseCoopers LLP is not required by our bylaws or other applicable legal requirements. However, our board of directors is submitting the selection of PricewaterhouseCoopers LLP to our stockholders for ratification as a matter of good corporate practice. In the event that this selection of an independent registered public accounting firm is not ratified by the affirmative vote of a majority of the shares present and voting at the Annual Meeting in person or by proxy, the appointment of the independent registered public accounting firm will be reconsidered by our Audit Committee. Even if the selection is ratified, our Audit Committee in its discretion may direct the appointment of a different accounting firm at any time during the year if our Audit Committee determines that such a change would be in the best interests of the Company and its stockholders.

Policy on Audit Committee's Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Our Audit Committee reviews and, as appropriate, pre-approves all audit and permissible non-audit services provided by our independent registered public accounting firm. These services may include audit services, audit-related services and tax services, as well as specifically designated non-audit services which, in the opinion of our Audit Committee, will not impair the independence of our independent registered public accounting firm. Pre-approval generally is provided for up to one year, and any pre-approval is detailed as to the particular service or category of services and generally is subject to a specific budget. Our independent registered public accounting firm and our management are required to periodically report to our Audit Committee regarding the extent of services provided by our independent registered public accounting firm in accordance with this pre-approval, including the fees for the services performed to date. In addition, our Audit Committee also may pre-approve particular services on a case-by-case basis, as necessary or appropriate.

OTHER INFORMATION

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who beneficially own more than 10% of our common stock, to file with the SEC reports about their ownership of our common stock and other equity securities. Such directors, officers and 10% stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the reports provided to us and on representations received from our directors and executive officers that no annual Form 5 reports were required to be filed by them, we believe that all of our directors and executive officers, and persons who beneficially own more than 10% of our common stock, complied with all Section 16(a) filing requirements applicable to them with respect to transactions during fiscal year 2012, except that the Form 4s filed with the SEC by Mark Baker, Hal Burlingame, Byron Deeter, James McGeever and Neil Sadaranganey on March 7, 2012, and by Perry Wallack on December 27, 2012, were filed late.

The submission deadline for stockholder proposals to be included in our proxy materials for our 2014 Annual Meeting of Stockholders pursuant to Rule 14a-8 of the Exchange Act is December 31, 2013 except as may otherwise be provided in Rule 14a-8. All such proposals must be in writing and received by our Secretary at Cornerstone OnDemand, Inc., 1601 Cloverfield Blvd., Suite 620 South, Santa Monica, California 90404 by close of business on the required deadline in order to be considered for inclusion in our proxy materials for our 2014 Annual Meeting of Stockholders. Submission of a proposal before the deadline does not guarantee its inclusion in our proxy materials.

Advance Notice Procedure for 2014 Annual Meeting of Stockholders

Under our bylaws, director nominations and other business may be brought at an annual meeting of stockholders only by or at the direction of our board of directors or by a stockholder entitled to vote who has submitted a proposal in accordance with the requirements of our bylaws as in effect from time to time. For our 2014 Annual Meeting of Stockholders, a stockholder notice must be received by our Secretary at Cornerstone OnDemand, Inc., 1601 Cloverfield Blvd., Suite 620 South, Santa Monica, California 90404, no earlier than February 9, 2014 and no later

However, if our 2014 Annual Meeting of Stockholders is advanced by more than 30 days prior to or delayed by more than 60 days after the one-year anniversary of our 2013 Annual Meeting of Stockholders, then, for notice by the stockholder to be timely, it must be received by our Secretary not earlier than the close of business on the 120th day prior to our 2014 Annual Meeting of Stockholders and not later than the close of business on the later of (i) the 90th day prior to our 2014 Annual Meeting of Stockholders, or (ii) the

tenth day following the day on which public announcement of the date of such annual meeting is first made. Please refer to the full text of our advance notice bylaw provisions for additional information and requirements. A copy of our bylaws may be obtained by writing to our Secretary at the address listed above.

Stockholders Sharing the Same Address

The SEC has adopted rules that allow a company to deliver a single proxy statement or annual report to an address shared by two or more of its stockholders. This method of delivery, known as “householding,” permits us to realize significant cost savings, reduces the amount of duplicate information stockholders receive, and reduces the environmental impact of printing and mailing documents to our stockholders. Under this process, multiple stockholders sharing an address will receive only one copy of our proxy materials and any additional proxy materials that are delivered until such time as one or more of these stockholders notifies us that they want to receive separate copies. Any stockholders who object to or wish to begin householding may notify Broadridge Householding Department by phone at 1-800-542-1061 or by mail to Broadridge Householding Department, 51 Mercedes Way, Edgewood, New York 11717.
