Yes[x] No[]

- (3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes[] No[x]

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

It is anticipated that the Company will incur a net loss in the quarter ended June 30, 2017 compared to a net profit in the comparable period in 2016, principally due an approximate 43% decrease in total revenue from approximately \$8.66 million in the 2016 quarter to approximately \$5.02 million in the most recently completed quarter. The decrease is largely due to the impact of GNC convention revenue during the 2016 quarter, and the Company's election not to attend the convention in the recently concluded quarter, as well as efforts by GNC to reduce average existing inventory levels to fulfill product demand in the short term, which resulted in an unprecedented divergence of wholesale purchases compared to product movement at retail.
