1. Basis of Presentation

The unaudited, consolidated financial statements of SPAR Group, Inc., a Delaware corporation ("SGRP"), and its subsidiaries (together with SGRP, collectively, the "Company" or the "SPAR Group"), accompanying this Quarterly Report on Form 10-Q for the quarter and nine-month period ended September 30, 2014 (this "Quarterly Report"), have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States for complete financial statements. In the opinion of management, all normal and recurring adjustments considered necessary for a fair presentation have been included in these interim financial statements. However, these interim financial statements should be read in conjunction with the annual consolidated financial statements and notes thereto for the Company as contained in the SGRP's Annual Report on Form 10-K for the year ended December 31, 2013, as filed with the Securities and Exchange Commission (the "SEC") on March 31, 2014 (the "2013 Annual Report"), and SGRP's Proxy Statement for its 2014 Annual Meeting of Stockholders as filed with the SEC on April 24, 2014 (the "2014 Proxy Statement"). Particular attention should be given to Items 1 and 1A of the 2013 Annual Report respecting the Company's Business and Risk Factors, respectively, and the following parts of SGRP's 2014 Proxy Statement: (i) *SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT*, (ii) CORPORATE GOVERNANCE, (iii) EXECUTIVE OFFICERS, COMPENSATION, DIRECTORS AND OTHER INFORMATION and (iv) *EXECUTIVE COMPENSATION, EQUITY AWARDS AND OPTIONS.* The Company's results of operations for the interim periods are not necessarily indicative of its operating results for the entire year.

2. Business and Organization

The Company is a supplier of merchandising and other marketing services throughout the United States and internationally. The Company also provides in-store event staffing, product sampling, audit services, furniture and other product assembly services, technology services and marketing research services. Assembly services are performed in stores, homes and offices while those other services are primarily performed in mass merchandiser, office supply, value, grocery, drug, independent, convenience, toy, home improvement and electronics stores.

Merchandising services primarily consist of regularly scheduled, special project and other product services provided at the store level, and the Company may be engaged by either the retailer or the manufacturer. Those services may include restocking and adding new products, removing spoiled or outdated products, resetting categories "on the shelf" in accordance with client or store schematics, confirming and replacing shelf tags, setting new sale or promotional product displays and advertising, replenishing kiosks, providing in-store event staffing and providing assembly services in stores, homes and offices. 4. Credit Facilities

Sterling Credit Facility:

SGRP and certain of its US and Canadian subsidiaries, namely SPAR Marketing Force, Inc., SPAR National Assembly Services, Inc., SPAR Group International, Inc., SPAR Trademarks, Inc., SPAR Acquisition, Inc., SPAR Canada, Inc., SPAR Canada Company ("SCC"), and SPAR Wings & Ink Company ("SWI") (together with SGRP, SCC and SWI, each a "Borrower"), are parties to a Revolving Loan and Security Agreement dated as of July 6, 2010, as amended in June 2011, July 2012, January 2013, July 2013, October 2013 and June 2014 (as amended, the

"Sterling Loan Agreement"), with Sterling National Bank (the "Lender"), and their Secured Revolving Loan Note in the amended maximum principal amounts of $7.5 million (see below) to Sterling National Bank (as amended by all loan amendments, the "Sterling Note"), to document and govern their credit facility with the Lender (including such agreement and note, the "Sterling Credit Facility"). The Sterling Credit Facility currently is scheduled to expire and the Borrowers' loans thereunder will become due on July 6, 2016 (with no early termination fee).

The Sterling Loan Agreement currently requires the Borrowers to pay interest on the loans thereunder equal to the Agent's floating Prime Rate (as defined in such agreement) minus one half of one percent (1/2%) per annum, and a fee on the maximum unused line thereunder equal to one-eighth of one percent (0.125%) per annum.

Revolving Loans of up to $7.5 million are available to the Borrowers under the Sterling Credit Facility based upon the borrowing base formula defined in the Sterling Loan Agreement (principally 85% of "eligible" US and Canadian accounts receivable less certain reserves). The Sterling Credit Facility is secured by substantially all of the assets of the Borrowers (other than SGRP's non-Canadian foreign subsidiaries, certain designated domestic subsidiaries, and their respective equity and assets).

The Sterling Loan Agreement contains certain financial and other restrictive covenants and also limits certain expenditures by the Borrowers, including, but not limited to, capital expenditures and other investments. At September 30, 2014, the Company was in compliance with such covenants.

The amendment to the Sterling Loan Agreement dated as of July 1, 2013, among other things, extended the scheduled term of the Sterling Credit Facility to July 6, 2016 (with no early termination fee), and eliminated the requirement for a "closed lockbox" so that collections no longer automatically pay down the loans under the Sterling Loan Agreement. As of January 1, 2014, the lockbox account at Sterling National Bank was closed and as of that date, all remittances from customers are going directly into the Company's main bank account. Therefore, the Sterling Credit Facility is now classified as long term debt.

As a result of the October 30, 2013, Amendment to the Sterling Loan Agreement, the Company's Canadian subsidiaries, SCC and SWI, were added as Borrowers, their receivables are now included in the Company's borrowing base and pledged to Sterling, and advances are available to those Canadian borrowers under the Sterling Credit Facility. SCC has retired its existing credit facility with the Royal Bank of Canada and replaced it by becoming a borrower under the Sterling Credit Facility.

On June 19, 2014, the Sterling Loan Agreement was further amended to increase the maximum principal amount of the Secured Revolving Loan Note to $7.5 million (effective as of July 1, 2014), to substitute a new $7.5 million note from the Borrowers for the old notes, and to remove SPAR Wings & Ink Company ("SWI") as a borrower, as this entity was merged into SCC as of January 1, 2014.

International Credit Facilities:

SPARFACTS Australia Pty. Ltd., has a secured line of credit facility with Oxford Funding Pty Ltd. for $1.2 million (Australian) or approximately $1.0 million (based upon the exchange rate at September 30, 2014). The facility provides for borrowing based upon a formula, as defined in the agreement (principally 80% of eligible accounts receivable less certain deductions). The agreement technically expired on October 31, 2012, but is being extended from month to month at the Company's request. SPARFACTS is in the process of renegotiating new financing.

On March 7, 2011, the Japanese subsidiary, SPAR FM Japan, Inc., a wholly owned subsidiary, secured a term loan with Mizuho Bank in the amount of approximately $182,000. The loan is payable in monthly installments of $2,200 at an interest rate of 0.1% per annum with a maturity date of February 28, 2018. The outstanding balance at September 30, 2014, was approximately $89,000 (based upon the exchange rate at September 30, 2014).

Management believes that based upon the continuation of the Company's existing credit facilities, projected results of operations, vendor payment requirements and other financing available to the Company (including amounts due to affiliates), sources of cash availability should be manageable and sufficient to support ongoing operations over the next year. However, delays in collection of receivables due from any of the Company's major clients, or a significant reduction in business from such clients could have a material adverse effect on the Company's cash resources and its ongoing ability to fund operations.

6. Related-Party Transactions

SGRP's policy respecting approval of transactions with related persons, promoters and control persons is contained in the SPAR Group Code of Ethical Conduct for its Directors, Senior Executives and Employees Amended and Restated (as of) August 1, 2012 (the "Ethics Code"). Article V of the Ethics Code generally prohibits each "Covered Person" (including SGRP's officers and directors) from engaging in any business activity that conflicts with his or her duties to the Company, and directs each "Covered Person" to avoid any activity or interest that is inconsistent with the best interests of the SPAR Group, in each case except for any "Approved Activity" (as such terms are defined in the Ethics Code). Examples of violations include (among other things) having any ownership interest in, acting as a director or officer of or otherwise personally benefiting from business with any competitor, customer or vendor of the Company other than pursuant to any Approved Activity. Approved Activities include (among other things) any contract with an affiliated person (each an "Approved Affiliate Contract") or anything else disclosed to and approved by SGRP's Board of Directors (the "Board"), its Governance Committee or its Audit Committee, as the case may be, as well as the ownership, board, executive and other positions in SBS, SAS, SIT, NMA, NRS and others (as defined and described below) held by certain directors, officers or employees of SGRP or their family members. The Company's senior management is generally responsible for monitoring compliance with the Ethics Code and establishing and maintaining compliance systems, including conflicting relationships and transactions, subject to the review and oversight of SGRP's Governance Committee as provided in clause IV.11 of the Governance Committee's Charter, and SGRP's Audit Committee as provided in clause I.2(l) of the Audit Committee's Charter. The Governance Committee and Audit Committee each consist solely of independent outside directors.

SGRP's Audit Committee has the specific duty and responsibility to review and approve the overall fairness of all material related-party transactions. The Audit Committee receives every affiliate contract and amendment thereto for its review and approval (to the extent approval is given), and each contract is periodically (often annually) again reviewed, in accordance with the Audit Charter, the Ethics Code, the rules of the Nasdaq Stock Market, Inc. ("Nasdaq"), and other applicable law to ensure that the overall economic and other terms will be (or continue to be) no less favorable to the Company than would be the case in an arms-length contract with an unrelated provider of similar services (*i.e.*, its overall fairness). The Audit Committee periodically reviews all of the related party relationships and transactions described below, and as of this Annual Report the parties are in compliance with those agreements.

SPAR Business Services, Inc. ("SBS"), SPAR Administrative Services, Inc. ("SAS") and SPAR InfoTech, Inc. ("SIT") are affiliates of SGRP but are not part of the consolidated Company. Mr. Robert G. Brown, a Director, the Chairman and a major stockholder of SGRP, and Mr. William H. Bartels, a Director and the Vice Chairman of the Company and a major stockholder of SGRP, are the sole stockholders of SBS and SAS. Mr. Brown is the sole stockholder of SIT. Mr. Brown is a director and officer of SBS and SIT. Mr. Bartels is a director and officer of SAS.

SBS provided approximately 80% and 77% of the domestic merchandising specialist field force used by the Company (as a percentage of the total cost for such field force, including field force provided by NRS, as defined below) for the nine month periods ended September 30, 2014 and 2013, respectively, and SAS provided approximately 93% and 97% of the direct domestic field administration used by the Company (as a percentage of the total cost for such field administrators) at a total cost for the services of SBS and SAS of approximately $20 million and $18 million for the nine months ended September 30, 2014 and 2013, respectively. Pursuant to the terms of the Amended and Restated Field Service Agreement dated as of January 1, 2004, as amended in 2011, the Company received services from SBS through the use of approximately 7,400 field merchandising specialists during the nine months ended September 30, 2014. Pursuant to the terms of the Amended and Restated Field Management Agreement dated as of January 1, 2004, the Company received administrative services from SAS through the use of 53 full-time national, regional and district administrators during the nine months ended September 30, 2014. For those services, the Company contracted in the Existing Agreements to pay SBS and SAS on a "Cost Plus Fee" arrangement, which provides that the Company is to pay SBS and SAS for their costs of providing those services plus 4% of such costs (the "Cost Plus Fee"). Those costs include field expenses of SBS (excluding workers compensation expense), all payroll and employment tax expenses of SAS and all legal and other administrative expenses paid by either of them. The net total Cost Plus Fee earned by SAS and SBS for services rendered was approximately $770,000 and $693,000 for the nine months ended September 30, 2014 and 2013, respectively. In order to obtain and continue its favorable fee arrangement with SBS and SAS, the Company also arranged to provide certain administrative services directly to SBS and SAS without charge, including certain human resource and legal services. The Company believes this arrangement also is more efficient and cost effective. The value of these services was approximately $502,000 and $455,000 for the nine months ended September 30, 2014 and 2013, respectively. Those service agreements with SBS and SAS were scheduled to automatically renew on December 31, 2013, but in order to prevent such automatic renewal and permit renegotiation after the end of 2013, the Company gave SBS and SAS the required notice of non-renewal under those agreements and from time to time has entered into temporary extension agreements with them to temporarily extend the Existing Agreements to November 30, 2014. The parties have had extensive negotiations for over a year to try to resolve their pricing and related differences.

On October 20, 2014, SMF sent a proposal to SBS and SAS to continue purchasing services from them on and after December 1, 2014, on the revised terms set forth in that letter (the "Offer Letter"), a copy of which is attached as Exhibit 10.1 to SGRP's Current Report on Form 8-K as filed with the SEC on October 20, 2014. The Offer Letter reduces the Cost Plus Fee from 4% to 2% of the applicable costs, clarifies certain costs and otherwise proposes to continue to be bound by the provisions of the Existing Agreements. No response was requested or required from SBS and SAS under the Offer Letter (because of the offer's unilateral nature) other than the continued performance of services on the proposed revise terms. SAS and SBS have stated their intent to continue to provide their services under the Existing Agreements, but have advised the Company that they will not accept such proposed pricing changes and made counterproposals (which were not accepted by the Company). On November 10, 2014, the parties agreed to retain an independent third party to review and independently analyze the cost components and structure under the Existing Agreements to provide a common framework for their continued negotiations. The Company expects that

SAS and SBS will continue to provide their services to the Company and that pricing and other disagreements will eventually be resolved and adjusted (if and to the extent applicable).

No salary reimbursements for Mr. Brown or Mr. Bartels are included in such reimbursable costs or Cost Plus Fee. However, since SBS and SAS are "Subchapter S" corporations and are owned by Messrs. Brown and Bartels, all income from SBS and SAS is allocated to them.

National Merchandising Services, LLC ("NMS"), is a consolidated domestic subsidiary of the Company and is owned jointly by SGRP through its indirect ownership of 51% of the NMS membership interests and by National Merchandising of America, Inc. ("NMA"), through its ownership of the other 49% of the NMS membership interests. Mr. Edward Burdekin is the Chief Executive Officer and President and a director of NMS and also is an executive officer and director of NMA and the sole member and manager of National Retail Source, LLC (“NRS”). Ms. Andrea Burdekin, Mr. Burdekin's wife, is the sole stockholder and a director of NMA and a director of NMS. NRS and NMA are affiliates of the Company but are not consolidated with the Company. NMS commenced operations as of September 1, 2012.

NRS is expected to provide substantially all of the domestic merchandising specialist field force used by NMS. Pursuant to the terms of the Master Field Services Agreement dated as of August 1, 2013 (the "NRS Services Agreement"), NMS will receive merchandising services from NRS through the use of approximately 974 field merchandising specialists. Prior to that date, NMS received such merchandising services from NMA pursuant to the terms of the substantially similar Field Services Agreement dated as of July 31, 2012, as amended (the “NMA Services Agreement”). For those services, the Company has agreed to reimburse NRS (and NMA before it) for its total costs of providing those services and to pay NRS (and NMA before it) a fee equal to 2% of its total costs (the "Plus 2% Fee"). Those costs include all field and workers compensation insurance expenses of NRS (and NMA before it) but exclude certain legal and other administrative expenses. Accordingly, no salary reimbursement for Mr. Burdekin or Ms. Burdekin are included in such reimbursable costs or Plus 2% Fee.

NRS (and before that NMA) provided all of the domestic merchandising specialist field force used by NMS and 9% and 8% of all of the domestic merchandising specialist field force used by the Company (as a percentage of the total cost for such field force, including the field force provided by SBS) for the nine months ended September 30, 2014 and 2013, respectively. The total Plus 2% Fee earned by NRS for services rendered was approximately $38,000 and $30,000 for the nine months ended September 30, 2014 and 2013, respectively.

In connection with the approval of those related party agreements with NMA in 2012, the Board approved, based (in part) on the recommendation and approval of its Governance Committee (which is comprised solely of independent directors), the restated Ethics Code. As a result, the newly approved NRS Field Services Agreement is, and the NMA Field Services Agreement and other previously approved affiliate contracts continue to be, Approved Activities under the Ethics Code.

The Company continues to purchase services from SBS, SAS and NRS because it believes the value of services it receives from them are at least as favorable to the Company as it could obtain from non-affiliated providers of similar services. The Company believes it is the largest and most important customer of SBS, SAS and NRS (and from time to time may be their only customer), and accordingly the Company is able to negotiate better terms, receives more personal and responsive service and is more likely to receive credits and other financial accommodations from SBS, SAS and NRS than the Company could reasonably expect to receive from an unrelated service provider who has significant other customers and business. The Company periodically evaluates these fees and rates charged by comparable national labor sourcing firms to serve as a comparison to the rates charged by SBS, SAS and NRS. Based on an analysis performed by management, the Company believes that its cost of revenue would have increased by at approximately $594,000 and $550,000 for the nine months ended September 31, 2014 and 2013, respectively, if the Company would have instead used an unaffiliated entity to provide comparable services. All affiliate contracts are reviewed and approved by SGRP's Audit Committee, as described above.

In July 1999, SPAR Marketing Force, Inc. (“SMF”), SBS and SIT entered into a perpetual software ownership agreement providing that each party independently owned an undivided share of and had the right to unilaterally license and exploit their "Business Manager" Internet job scheduling software (which had been jointly developed by such parties), and all related improvements, revisions, developments and documentation from time to time voluntarily made or procured by any of them at its own expense. In addition, SPAR Trademarks, Inc. ("STM"), SBS and SIT entered into separate perpetual trademark licensing agreements whereby STM has granted non-exclusive royalty-free licenses to SIT and SBS (and through them to their commonly controlled subsidiaries and affiliates by sublicenses, including SAS) for their continued use of the name "SPAR" and certain other trademarks and related rights of STM, a wholly owned subsidiary of SGRP. SBS and SAS provide services to the Company, as described above, and SIT no longer provides services to and does not compete with the Company.

Effective August 1, 2013, the Company sold its equity interests and working capital investment in its Romanian subsidiary, SPAR Business Ideas Provider S.R.L. “BIP”), to a Company affiliate, SIT, for a total purchase price of $348,465. The Company received, at closing, $187,767 in cash and the balance is payable over 29 months with interest at 6% per annum, recorded as Other Assets on the September 30, 2014 and December 31, 2013 consolidated balance sheets. The purchase price was equal to the book value of the Company’s interests in BIP. The sale to SIT was approved by the Company’s Audit Committee and Board of Directors.

Through arrangements with the Company, SBS, SAS and other companies owned by Mr. Brown or Mr. Bartels participate in various benefit plans, insurance policies and similar group purchases by the Company, for which the Company charges them their allocable shares of the costs of those group items and the actual costs of all items paid specifically for them. All such transactions between the Company and the above affiliates are paid and/or collected by the Company in the normal course of business.

In addition to the above, SAS purchases insurance coverage for worker compensation, casualty and property insurance risk for itself, SBS and (through SBS under contracts with them) its field merchandising specialists and the Company from Affinity Insurance, Ltd. ("Affinity"). SAS owns a minority (less than 1%) of the common stock in Affinity. The Affinity insurance premiums for such coverage are ultimately charged to SAS, SBS (and through SBS to its covered field merchandising specialists) and the Company based on the contractual arrangements of the parties.

In the event of any material dispute in the business relationships between the Company and SBS, SAS, SIT or NRS it is possible that Mr. Brown, Mr. Bartels or Mr. Burdekin may have one or more conflicts of interest with respect to these relationships and such dispute could have a material adverse effect on the Company.

7. Preferred Stock

SGRP's certificate of incorporation authorizes it to issue 3,000,000 shares of preferred stock with a par value of $0.01 per share (the "SGRP Preferred Stock"), which may have such preferences and priorities over the SGRP Common Stock and other rights, powers and privileges as the Company's Board of Directors may establish in its discretion from time to time. The Company has created and authorized the issuance of a maximum of 3,000,000 shares of Series A Preferred Stock pursuant to SGRP's Certificate of Designation of Series "A" Preferred Stock (the "SGRP Series A

Preferred Stock"), which have dividend and liquidation preferences, have a cumulative dividend of 10% per year, are redeemable at the Company's option and are convertible at the holder's option (and without further consideration) on a one-to-one basis into SGRP Common Stock. The Company issued 554,402 of SGRP shares to affiliated retirement plans which were all converted into common shares in 2011 (including dividends earned thereon), leaving 2,445,598 shares of remaining authorized preferred stock. At September 30, 2014, no shares of SGRP Series A Preferred Stock were issued or outstanding.

8. Stock-Based Compensation and Other Plans

SGRP has granted restricted stock and stock option awards to its eligible directors, officers and employees and certain employees of its affiliates respecting shares of Common Stock issued by SGRP ("SGRP Shares") pursuant to SGRP's 2008 Stock Compensation Plan (as amended, the "2008 Plan"), which was approved by SGRP's stockholders in May of 2008 and 2009. The 2008 Plan provides for the granting of restricted SGRP shares, stock options to purchase SGRP shares (either incentive or nonqualified), and restricted stock units, stock appreciation rights and other awards based on SGRP shares ("Awards") to SGRP Directors and the Company's specified executives, employees and consultants (which are employees of certain of its affiliates), although to date SGRP has not issued any permissible form of Award other than stock option and restricted share awards. As of September 30, 2014, approximately 1.3 million SGRP shares were available for Award grants under the amended 2008 Plan.

Raymond, former Chief Executive Officer of the Company, fully vested on his retirement at an expense to the Company of $127,594. 9. Recent Accounting Pronouncements and Developments

In May 2014, the Financial Accounting Standards Board issued a comprehensive new standard which amends revenue recognition principles and provides a single set of criteria for revenue recognition among all industries. The new standard provides a five step framework whereby revenue is recognized when promised goods or services are transferred to a customer at an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The standard also requires enhanced disclosure pertaining to revenue recognition in both the interim and annual periods. The standard is effective for interim and annual periods beginning after December 15, 2016 and allows for adoption using a full retrospective method, or a modified retrospective method. The Company is currently assessing the method of adoption and the expected impact the new standard has on our financial position and results of operations.

10. Commitments and Contingencies

Legal Matters

The Company is a party to or paying for various legal actions and administrative proceedings arising in the normal course of business. In the opinion of Company's management, disposition of these other matters are not anticipated to have a material adverse effect on the Company or its estimated or desired assets, business, capital, cash flow, credit, expenses, financial condition, income, liabilities, liquidity, locations, marketing, operations, prospects, sales, strategies, taxation or other achievement, result or condition.

11. Segment Information

The Company reports net revenue and operating income from continuing operations by reportable segment. Reportable segments are components of the Company for which separate financial information is available that is evaluated on a regular basis by the chief operating decision maker in deciding how to allocate resources and in assessing performance.

The Company provides similar merchandising and marketing services throughout the world, operating within two reportable segments, its Domestic Merchandising Services Division and its International Merchandising Services Division. The Company uses those divisions to improve its administration and operational and strategic focuses, and it tracks and reports certain financial information separately for each of those divisions. The Company measures the performance of its domestic and international divisions and subsidiaries using the same metrics. The primary measurement utilized by management is operating profits, historically the key indicator of long-term growth and profitability, as the Company is focused on reinvesting the operating profits of each of its international subsidiaries back into its local markets in an effort to improve market share and continued expansion efforts.

Ltd, Shanghai Gold Park Investment Management Co. Ltd, and Beijing Merchandising Sales and Marketing Co. Ltd (collectively Unilink). 13. Purchase of Interests in Subsidiaries

The following contains descriptions of the Company's additional purchase of interest in its China operating subsidiary during the nine month period ended September 30, 2014.

China

In July 2014, the Company, through its subsidiary in Hong Kong, SPAR China Ltd., entered into an agreement to purchase certain business assets of the following three companies in China: Shanghai Unilink Marketing Execution and Design Co. Ltd, Shanghai Gold Park Investment Management Co. Ltd, and Beijing Merchandising Sales and Marketing Co. Ltd (collectively Unilink). As consideration for the purchase, Unilink will receive cash and 20% ownership in SPAR Shanghai. At closing, SPAR will have 51%, Shanghai Wedone Marketing Consulting Co. Ltd will have 29% and Unilink will have 20% of the SPAR Shanghai ownership interests. The Company began consolidating operations beginning August 1, 2014.

Of the total purchase price of $1.46 million, the Company's investment in Unilink represented 51% or $749,660, of which, $374,830 was paid in cash and the remaining $374,830 was recorded as a contingent liability to be paid based on Unilink's future earnings as fully described below. Our Local Investor in Shanghai invested the remaining 49% or a total of $720,262.

The Company has agreed to pay an additional $187,415 each year, over the next two years or a total of $374,830, provided the Unilink business can contribute at least $475,000 in operating earnings over the same two year period. The Company is confident that the Unilink business will meet or exceed this minimum operating earnings target and therefore has recorded the additional future payment of $374,830 as a contingent liability at September 30, 2014. The Company has completed its preliminary valuation of the fair value and recorded the following intangible assets at September 30, 2014:

Customer list	$1,469,922

The customer list is being amortized over ten years.

The following table includes the amount of Unilink's revenue and earnings included in the Company's consolidated income statement for the nine month period ended September 30, 2014 and a pro forma calculation of the amounts that would have been included in the Company's consolidated statement of income for the nine month periods ended September 30, 2014 and 2013 had the Unilink acquisition date been January 1, 2014 and 2013, instead of August 1, 2014 (in thousands):

GENERAL

SPAR Group, Inc. ("SGRP"), and its subsidiaries (together with SGRP, the "SPAR Group" or the "Company"), is a diversified international merchandising and marketing services company and provides a broad array of services worldwide to help companies improve their sales, operating efficiency and profits at retail locations. The Company provides its merchandising and other marketing services to manufacturers, distributors and retailers worldwide, primarily in mass merchandiser, office supply, value, grocery, drug, independent, convenience, toy, home improvement and electronics stores. The Company also provides furniture and other product assembly services in stores, homes and offices. The Company has supplied these services in the United States since certain of its predecessors were formed in 1979 and internationally since the Company acquired its first international subsidiary in Japan in May of 2001. The Company currently does business in 9 countries that encompass approximately 50% of the total world population through its operations in the United States, Canada, Japan, South Africa, India, China, Australia, Mexico and Turkey.

Merchandising services primarily consist of regularly scheduled, special project and other product services provided at store level, and the Company may be engaged by either the retailer or the manufacturer. Those services may include restocking and adding new products, removing spoiled or outdated products, resetting categories "on the shelf" in accordance with client or store schematics, confirming and replacing shelf tags, setting new sale or promotional product displays and advertising, replenishing kiosks, providing on-site audit and in-store event staffing services and providing product assembly services in stores, homes and offices. Other merchandising services include whole store or departmental product sets or resets, including new store openings, new product launches and in-store demonstrations, special seasonal or promotional merchandising, focused product support and product recalls. The Company continues to seek to expand its merchandising, assembly and marketing services business throughout the world.

An Overview of the Merchandising and Marketing Services Industry

According to industry estimates over two billion dollars are spent annually in the United States alone on retail merchandising and marketing services. The merchandising and marketing services industry includes manufacturers, retailers, food brokers, and professional service merchandising companies. The Company believes that merchandising and marketing services add value to retailers, manufacturers and other businesses and enhance sales by making a product more visible and more available to consumers. These services primarily involve placing orders, shelf maintenance, display placement, reconfiguring products on store shelves and replenishing product inventory.

Historically, retailers staffed their stores as needed to provide these services to ensure, that manufacturers' inventory levels, the advantageous display of new items on shelves, and the maintenance of shelf schematics and product placement were properly merchandised. However retailers, in an effort to improve their margins, have decreased their own store personnel and increased their reliance on manufacturers to perform such services. Initially, manufacturers attempted to satisfy the need for merchandising and marketing services in retail stores by utilizing their own sales representatives. Additionally, retailers also used their own employees to merchandise their stores to satisfy their own merchandising needs. However, both the manufacturers and the retailers discovered that using their own sales representatives and employees for this purpose was expensive and inefficient.

Most manufacturers and retailers have been, and SPAR Group believes they will continue outsourcing their merchandising and marketing service needs to third parties capable of operating at a lower cost by (among other things) serving multiple manufacturers simultaneously. The Company also believes that it is well positioned, as a domestic and international merchandising and marketing services company, to more effectively provide these services to retailers, manufacturers and other businesses around the world.

SPAR Group, Inc. and Subsidiaries

Another significant trend impacting the merchandising and marketing services business is the tendency of consumers to make product purchase decisions once inside the store. Accordingly, merchandising and marketing services and in-store product promotions have proliferated and diversified. Retailers are continually re-merchandising and re-modeling entire stores in an effort to respond to new product developments and changes in consumer preferences. We estimate that these activities have increased in frequency over the last five years. Both retailers and manufacturers are seeking third parties to help them meet the increased demand for these labor-intensive services.

In addition, the consolidation of many retailers has created opportunities for third party merchandisers when an acquired retailer's stores are converted to the look and format of the acquiring retailer. In many cases, stores are completely remodeled and re-merchandised after a consolidation.

SPAR Group believes the current trend in business toward globalization fits well with its expansion model. As companies expand into foreign markets they will need assistance in merchandising or marketing their products. As evidenced in the United States, retailer and manufacturer sponsored merchandising and marketing programs are both expensive and inefficient. The Company also believes that the difficulties encountered by these programs are only exacerbated by the logistics of operating in foreign markets. This environment has created an opportunity for the Company to exploit its internet, hand-held computer, tablet and smart phone based technology and business model worldwide.

The Company's Domestic and International Geographic Segments:

The Company provides similar merchandising and marketing services throughout the world, operating within two reportable segments, its domestic and international divisions (as described above). The Company tracks and reports certain financial information separately for these two segments using the same metrics. The primary measurement utilized by management is operating profit level, historically the key indicator of long-term growth and profitability, as the Company is focused on reinvesting the operating profits of each of its international subsidiaries back into local markets in an effort to improve its market share and continued expansion efforts. Certain financial information regarding each of the Company's two segments, which includes their respective net revenues and operating income for each of the three and nine months ended September 30, 2014 and 2013, and their respective assets as of September 30, 2014 and 2013, is provided in Note 11 to the Company's Consolidated Financial Statements – *Segment Information*.

The Company's international business in each territory outside the United States is conducted through a foreign subsidiary incorporated in its primary territory. The primary territory establishment date (which may include predecessors), the percentage of the Company's equity ownership, and the principal office location for its US (domestic) subsidiaries and each of its foreign (international) subsidiaries is as follows:
