**Item 1.01 Entry into a Material Definitive Agreement**

On July 24 2017, we entered into subscription agreements with six investors, and on July 25, 2017 we entered into securities purchase agreements (the “Securities Purchase Agreement”) with an institutional investor, under which we agreed to issue and sell in the aggregate 851,364 shares of common stock to the investors at \$0.55 per share for an aggregate purchase price of \$468,250. Of the aggregate purchase price of \$468,250, \$345,250 will be paid in cash and \$123,000 will be in consideration for the cancellation of debt of the Company.

In a concurrent private placement, we agreed to sell to the institutional investor warrants to purchase an aggregate of 163,636 shares of the Company’s common stock, no par value per share (“Common Stock”), at an exercise price equal to \$0.55 per share (“Warrant”) (the “Private Placement”).

We expect to receive aggregate net cash proceeds, after deducting estimated expenses related to the registered direct offering and the private placement, in the amount of approximately \$335,250. We intend to use the net proceeds from this offering to pay off a convertible note in the aggregate of \$125,000 and certain expenses related thereto. The remaining balance will be used for working capital. No cash proceeds will be received from the issuance of common stock in consideration for the cancellation of debt.

The closing of the registered direct offering and the private placement is expected to take place on July 27, 2017, subject to customary closing conditions.

The shares of common stock are being offered and sold to the public under our shelf registration statement on Form S-3 (File No. 333-215834) initially filed with the Securities and Exchange Commission (the “Commission”) declared effective on February 8, 2017 (the “Registration Statement”), and a prospectus supplement relating to the registered direct offering will be filed with the Commission.

The Securities Purchase Agreement contains customary representations, warranties and agreements by us and customary conditions to closing.

The Warrant will be exercisable beginning on the initial exercise date that is six months after the date of closing (the “Initial Exercise Date”) at an exercise price of \$0.55 per share, subject to adjustment as provided therein. The Warrant will be exercisable for five years from the Initial Exercise Date, but not thereafter. Subject to limited exceptions, the holder of Warrant will not have the right to exercise any portion of its Warrant if the holder, together with its affiliates, would beneficially own over 4.99% of the number of shares of our common stock outstanding immediately

after giving effect to such exercise (the “Warrants’ Beneficial Ownership Limitation”); provided, however, that upon 61 days’ prior notice to us, the holder may increase the Warrants’ Beneficial Ownership Limitation, provided that in no event will the Warrants’ Beneficial Ownership Limitation exceed 9.99%.

The exercise price and number of the shares of our common stock issuable upon exercising the Warrant will be subject to adjustment if any stock dividends occurs and splits, reverse stock split, recapitalization, reorganization or similar transaction, as described in the Warrant.

The Warrant and Warrant Shares are being offered under an exemption from the registration requirement of the Securities Act provided in Section 4(a)(2) of the Securities Act and/or Regulation D. The Warrants and the shares of Common Stock issuable upon exercising the Warrants (“Warrant Shares”) may not be offered or sold in the United States absent an effective registration statement or exemption from the registration requirement of the Securities Act.

---

After the Initial Exercise Date, if no effective registration statement registering, or no current prospectus available for, reselling the shares of common stock underlying the Warrants, the holders may exercise the Warrant by means of a “cashless exercise.”

The foregoing descriptions of the Securities Purchase Agreement and the Warrant are qualified in their entirety by reference to the full text of the Form of Warrant and Form of Securities Purchase Agreement, which are attached to this Current Report on Form 8-K as Exhibits 4.1 and 10.1 respectively, and incorporated herein by reference in their entirety.
