May 3, 2018

THE PROXY AND SOLICITATION

This Proxy Statement is being mailed on or about March 21, 2017 to the shareholders of Olympic Steel, Inc., which is referred to as the “Company”, “we,” “our” or “us,” in connection with the solicitation by the Company’s Board of Directors, which is referred to as the Board, of the enclosed form of proxy for the 2018 Annual Meeting of Shareholders, which is referred to as the Annual Meeting, to be held on May 3, 2018, at the offices of Jones Day, 901 Lakeside Avenue, Cleveland, Ohio 44114, at 10:00 a.m. EDT. Pursuant to the Title XVII, Chapter 1701 of the Ohio Revised Code, any shareholder signing and returning the enclosed proxy has the power to revoke it by giving notice of such revocation to the Company in writing or at the Annual Meeting before any vote with respect to the matters set forth therein is taken. The representation in person or by proxy of at least a majority of the outstanding shares of the common stock of the Company, which we refer to as the Common Stock, entitled to vote is necessary to provide a quorum at the Annual Meeting. Abstentions and broker non-votes will be counted in determining whether a quorum has been achieved.

The Company will bear the expense of preparing, printing and mailing this Proxy Statement. Although the Company has not retained a proxy solicitor to aid in the solicitation of proxies, it may do so in the future if the need arises, and does not believe that the cost of any such proxy solicitor will be material. In addition to solicitation of proxies by mail, certain Directors, officers and other employees of the Company, none of whom will receive additional compensation therefor, may solicit proxies by telephone, facsimile, electronic mail or by personal contacts. The Company will request brokers, banks and other custodians, nominees and fiduciaries to send proxy materials to beneficial owners and will, upon request, reimburse them for their out-of-pocket expenses.

PURPOSES OF ANNUAL MEETING

The Annual Meeting has been called for the purposes of: (1) electing the following Directors to the class whose two-year term will expire in 2020: David A. Wolfort, Ralph M. Della Ratta, Dirk A. Kempthorne, Howard L. Goldstein and Idalene F. Kesner; (2) ratifying the selection of PricewaterhouseCoopers LLP, which is referred to as PwC, as the Company’s independent auditors for the year ending December 31, 2018; (3) approving, on an advisory basis, our named executive officer compensation; and (4) transacting such other business as may properly come before the Annual Meeting and any adjournments thereof.

The persons named in the enclosed proxy have been selected by the Board and will vote Common Stock represented by valid proxies. Unless otherwise indicated in the enclosed proxy, they intend to vote "FOR" the election of the Director nominees named herein, "FOR" the ratification of the selection of PwC as the Company's independent auditors for the year ending December 31, 2018 and "FOR" the approval, on an advisory basis, of our named executive officer compensation.

VOTING SECURITIES

The Board has established the close of business on March 12, 2018 as the record date for determining shareholders entitled to notice of the Annual Meeting and to vote. On that date, 10,998,480 shares of Common Stock were outstanding and entitled to one vote per share on all matters properly brought before the Annual Meeting.

PROPOSAL ONE

ELECTION OF DIRECTORS

The Board currently consists of eight members and is divided into two classes, whose members serve for a staggered, two-year term. The term of one class, which currently consists of four Directors, expires in 2019; the term of the other class, which currently consists of four of the five Director nominees, expires at the 2018 Annual Meeting.

In connection with the Annual Meeting, the Board is increasing the size of the class of Directors whose term expires at the Annual Meeting to five members. The Board has nominated David A. Wolfort, Ralph M. Della Ratta, Dirk A. Kempthorne, Howard L. Goldstein and Idalene F. Kesner to be elected as Directors for a two-year term. The two-year term will end upon the election of Directors at the 2020 Annual Meeting of Shareholders. Dr. Kesner was recommended for election to the Board by a non-management Director.

At the Annual Meeting, the shares of Common Stock represented by valid proxies, unless otherwise specified, will be voted to elect the Director nominees. Each individual nominated for election as a Director of the Company has agreed to serve if elected. However, if any nominee becomes unable or unwilling to serve if elected, the proxies will be voted for the election of such other person as may be recommended by the Board. The Board has no reason to believe that the persons listed as nominees will be unable or unwilling to serve.

Directors will be elected by a plurality of the votes cast at the Annual Meeting. Accordingly, abstentions and broker non-votes will have no effect in determining the outcome of the vote on the election of Directors. Certain information regarding each of the Company's current Directors and Director nominees, including his or her principal occupation and directorships during the past five years, is set forth below.

CORPORATE GOVERNANCE

BOARD MEETINGS AND COMMITTEES

The Board held four regularly scheduled meetings and two telephonic meetings in 2018. The Board has a standing Audit and Compliance Committee, Compensation Committee and Nominating and Governance Committee. The Audit and Compliance Committee, Compensation Committee and Nominating and Governance Committee held four, two and one meetings, respectively, in 2017. The committees receive their authority and assignments from, and report to, the Board.

All of the current Directors attended all applicable Board and committee meetings held during 2017. In addition to holding regular Board and committee meetings, the Board members and committee members also reviewed and considered matters and documents and communicated with each other apart from the meetings. Additionally, all non-management members of the Board meet separately without members of management present at every regularly scheduled Board meeting.

The Board determines the independence of each Director and each Director nominee in accordance with the independence standards set forth in the listing requirements of the Nasdaq Stock Market, which we refer to as Nasdaq. The Board has determined that Messrs. Della Ratta, Kempthorne, Anton, Goldstein and Rippey and Dr. Kesner are independent Directors, as defined in the Nasdaq listing requirements. With respect to Mr. Rippey, who, as discussed above, was the former Chairman and former President and Chief Executive Officer of ArcelorMittal USA, the Board determined that the business relationship between the Company and ArcelorMittal USA relating to the purchase of certain steel products by the Company from ArcelorMittal USA does not impair his independence.

Audit and Compliance Committee. The Audit and Compliance Committee is chaired by Mr. Anton and also consists of Messrs. Della Ratta, Rippey and Goldstein. The Audit and Compliance Committee is responsible for monitoring and overseeing our internal controls and financial reporting processes, as well as the independent audit of our consolidated financial statements by our independent auditors. Each committee member is an “independent director” as defined in the Nasdaq listing requirements and applicable rules of the Securities and Exchange Commission, which we refer to as the SEC. Each of Messrs. Anton, Rippey and Goldstein has been designated by the Board as meeting the definition of “audit committee financial expert” under SEC rules and each satisfies the Nasdaq’s professional experience requirements. The Audit and Compliance Committee operates pursuant to a written charter, which can be found on our website at www.olysteel.com. Additional information on the committee and its activities is set forth in the “Audit Committee Report” below.

Compensation Committee. The Compensation Committee is chaired by Mr. Goldstein and also consists of Messrs. Rippey, Della Ratta and Anton. Each committee member is an “independent director” as defined in the Nasdaq listing requirements. The primary purposes of the Compensation Committee are to assist the Board in meeting its responsibilities with regard to oversight and determination of executive compensation and to administer our equity-based or equity-linked compensation plans, bonus plans, supplemental executive retirement plan and deferred compensation plans after consultation with management. The Compensation Committee reviews and recommends to the Board for approval the base salary, annual bonus, long-term incentive compensation and other compensation, perquisites and special or supplemental benefits for our Chief Executive Officer and other executive officers. The Compensation Committee also makes recommendations concerning our employee benefit policies and has authority to administer our equity compensation plans. The Compensation Committee has the authority to hire compensation consultants and legal, accounting, financial and other advisors, as it deems necessary to carry out its duties. Management assists the Compensation Committee in its administration of the executive compensation program by recommending individual and Company goals and by providing data regarding performance. From time to time, our Compensation Committee engages Pay Governance, a global professional services firm that provides human resources consulting services, as an outside independent compensation consultant to advise the Compensation Committee on our compensation program. The Compensation Committee reviewed the independence of Pay Governance and considered and assessed all relevant factors including the six factors set forth in Rule 10c-1(b)(4)(i)-(vi) under the Securities Exchange Act of 1934, as amended, which is referred to as the Exchange Act, that could give rise to a potential conflict of interest with respect to Pay Governance. Based on this review, we are not aware of any conflict of interest that has been raised by the work performed by Pay Governance. For additional information, see below under “Executive Compensation—Compensation Discussion and Analysis—Role of Compensation Consultant.” The Compensation Committee operates pursuant to a written charter, which can be found on our website at www.olysteel.com. Additional information on the committee and its activities is set forth in the “Compensation Discussion and Analysis” and “Compensation Committee Report” below.

Nominating and Governance Committee. The Nominating and Governance Committee is chaired by Mr. Kempthorne and also consists of Messrs. Goldstein and Rippey. This committee functions to advise and make recommendations to the Board concerning the selection of candidates as nominees for Directors, including those individuals recommended by shareholders. The Nominating and Governance Committee operates pursuant to a written charter, which can be found on our website at www.olysteel.com. Each committee member is an “independent director” as defined in the Nasdaq listing requirements.

CORPORATE GOVERNANCE

Shareholder Communications. Shareholders may send written communications to the Board or any one or more of the individual Directors by mail to Olympic Steel, Inc., 22901 Millcreek Boulevard, Suite 650, Highland Hills, Ohio 44122. Any shareholder who wishes to send a written communication to any member of the Board may do so in care of our Secretary, who will forward any communications directly to the Board or the individual Director(s) specified in the communication.

Director Nominations Process. The Board’s process for identifying and evaluating nominees for Director consists principally of evaluating candidates who are recommended by the Nominating and Governance Committee. The Nominating and Governance Committee also may, on a periodic basis, solicit ideas for possible candidates from a number of sources, including current members of the Board, senior level executives, individuals personally known to members of the Board and employment of one or more search firms.

Except as may be required by rules promulgated by Nasdaq or the SEC, there are currently no specific, minimum qualifications that must be met by each candidate for the Board, nor are there specific qualities or skills that are necessary for one or more of the members of the Board to possess. In evaluating the suitability of the candidates, the Nominating and Governance Committee takes into consideration such factors as it deems appropriate. These factors may include, among other things, issues of character, judgment, independence, expertise, diversity of experience, length of service and other commitments. The Nominating and Governance Committee evaluates such factors, among others, and considers each individual candidate in the context of the current perceived needs of the Board as a whole and of committees of the Board.

The Nominating and Governance Committee will consider Director candidates recommended by shareholders if properly submitted. Shareholders wishing to suggest persons for consideration as nominees for election to the Board at the 2019 Annual Meeting may do so by providing written notice to us in care of our Secretary no later than December 21, 2018. Such recommendation must include the information required of Director nominees by our Amended and Restated Code of Regulations. Assuming that a properly submitted shareholder recommendation for a potential nominee is received and appropriate biographical and background information is provided, the Nominating and Governance Committee and the Board will follow the same process and apply the same criteria as they do for candidates submitted by other sources.

Board Leadership and Risk Oversight. Michael D. Siegal serves as both the Company's Chairman of the Board and the Company's Chief Executive Officer. The Board has no policy with respect to the separation of these offices. The Board believes that this issue is part of the succession planning process and that it is in the best interests of the Company for the Board to consider it each time that it elects the Chief Executive Officer. The Board recognizes that there may be circumstances in the future that would lead it to separate these offices, but it believes that there is no reason to do so at this time.

As both a Director and officer, Mr. Siegal fulfills a valuable leadership role that the Board believes is essential to the continued success of the Company's business operations. Mr. Siegal has served the Company in an executive role for over 30 years, and the experience and deep knowledge base he brings to both positions are invaluable. In the Board's opinion, Mr. Siegal's dual role enhances the Company's ability to coordinate long-term strategic direction with important business opportunities at the operational level and enhances his ability to provide insight and direction on important strategic initiatives impacting the Company and its shareholders to both management and the independent Directors.

In 2014, the Company created a Lead Director position, which was filled by Mr. Della Ratta. The duties of the Lead Director include, but are not limited to, the following:

presiding at all meetings of the Board at which the Chairman is not present, including executive sessions of the independent directors;

serving as a liaison between the Chairman and the independent Directors;

approving information sent to the Board;

approving meeting agendas for the Board;

approving meeting schedules to assure that there is sufficient time for discussion of all agenda items;

authority to call meetings of the independent Directors; and

if requested by major shareholders, ensuring that he is available for consultation and direct communication.

The Board generally oversees the Company's risk management directly and through the Audit and Compliance Committee. The Board regularly reviews issues that present particular risks to the Company, including those involving competition, customer demands, economic conditions, planning, strategy, finance, facilities and operations. Additionally, the Audit and Compliance Committee also reviews risks relating to the Company's financial statements and financing arrangements. The Board believes that this approach provides appropriate checks and balances against undue risk taking and that the Board's leadership structure supports its risk oversight function.

Annual Meeting Attendance. The Board does not have a formal policy with regard to Directors' attendance at the Annual Meeting. However, because a Board meeting usually precedes the Annual Meeting, all Directors are urged to attend. Last year, all Directors then serving, except Mr. Della Ratta, were present in person at the Annual Meeting.

Shareholder Approval. Our Amended and Restated Articles of Incorporation and our Amended and Restated Code of Regulations may be amended by the affirmative vote of the holders of a majority of our outstanding shares of Common Stock. Any merger involving us or the sale of all or substantially all of our assets would require the affirmative vote of the holders of a majority of our outstanding shares of Common Stock.

CODE OF ETHICS

We have adopted a Business Ethics Policy. The full text of the Business Ethics Policy is available through the "Investor Relations" section of our website under the "Corporate Governance" option at www.olysteel.com. The Business Ethics Policy applies not only to our principal executive officer and principal financial and accounting officer and controller, but also to all of our employees. We intend to disclose any amendments to the Business Ethics Policy, and all waivers

of the Business Ethics Policy relating to our principal executive officer, principal financial and accounting officer and controller by posting such information on our website.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

We are a leading U.S. metals service center with over 60 years of experience. Our primary focus is on the direct sale and distribution of large volumes of processed carbon, coated, aluminum and stainless flat-rolled sheet, coil and plate products. Commencing with the July 1, 2011 acquisition of CTI, we also distribute metal tubing, pipe, bar, valves and fittings and we fabricate pressure parts supplied to various industrial markets. We operate as an intermediary between metal producers and manufacturers that require processed metal for their operations. As further discussed in this section, our compensation and benefit programs are designed to reward our employees when they help us achieve business objectives.

Our compensation philosophy remains pay-for-performance based. Our cash incentive plan emphasizes Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA) and Return on Assets (ROA) in the calculation of incentives for our most senior executive officers.

At our 2017 Annual Meeting, we received approximately 95% approval for our advisory “Say-on-Pay” proposal to approve the compensation of our named executive officers. The Compensation Committee considered the 2017 voting results at its meetings and remains dedicated to continuous improvement to the existing executive pay programs. As a result of its considerations, the Compensation Committee implemented the executive pay practices described below.

The following discussion and analysis of our 2017 executive compensation program, which may include forward-looking statements, should be read together with the compensation tables and related disclosures that follow this section.

Compensation Philosophy and Objectives

The goals of our compensation program for our Chairman and Chief Executive Officer and the other executive officers named in the 2017 Summary Compensation Table, whom we refer to as our named executive officers, are to support our long-term business strategy and link our executives’ interests with those of our shareholders. We designed

the compensation program to, among other things, provide incentives for executives to help us achieve business objectives and give the Compensation Committee the flexibility necessary to reward executives for achieving those objectives. The Compensation Committee's strategy for achieving these goals is to:

provide each named executive officer with total compensation that is competitive compared to compensation for similarly situated executives in public and privately-held metal and metal-related companies, and similar-sized non-metal companies, in order to attract, motivate and retain highly qualified executives; and

reward performance under a cash incentive plan that provides the potential for a substantial reward through the payment of a significant incentive that increases as our EBITDA and ROA increase, but provides reduced incentive payments during periods when EBITDA and ROA decrease.

Role of Compensation Committee and Management

Our Compensation Committee is responsible for setting and administering the policies and plans that govern the base salaries, incentives and other compensation elements for our named executive officers.

Management has a minor role in helping the Compensation Committee administer the executive compensation program by recommending individual and Company performance goals, including offering suggestions for key metrics for use in our incentive program, and by providing data regarding actual performance. Otherwise, management is not involved in establishing executive compensation.

Role of Compensation Consultant

Pay Governance’s role in the executive compensation program is to compare the base salaries, annual cash incentive awards and long-term compensation of our named executive officers to the compensation paid to executives in similar positions both within and outside the metal service center industry in order to provide market “benchmarks” for the Compensation Committee to assess in evaluating and determining the compensation of our named executive officers. In late 2017, Pay Governance compiled this compensation data for a group of metal and metal-related companies which we utilize as our peer group for benchmarking beginning in 2018:

Ryerson Holding Company	Worthington Industries	Cleveland-Cliffs Inc.
Mueller Industries	Carpenter Technology Corp.	NCI Building Systems
Schnitzer Steel Industries	Global Brass & Copper Holdings	Century Aluminum Co.
Kaiser Aluminum Corp.	Real Industry, Inc.	SunCoke Energy, Inc.
TimkenSteel Corp.	Gibraltar Industries	Quanex Building Products
A.M. Castle & Co.	L.B. Foster Co.	Haynes International
Insteel Industries		

Compensation Allocation

Our executive compensation program consists of three primary components: base salary, annual cash incentive payouts and long-term compensation in the form of equity-based awards. We also provide our executives with the opportunity to participate in a 401(k) retirement and profit-sharing plan and a non-qualified defined contribution plan. Certain health, disability and life insurance and other customary fringe benefits also are available to our named executive officers, who participate in these fringe benefits on substantially the same basis as our other employees. Except for Dr. McNeeley, each named executive officer also has entered into an agreement with us that provides for certain benefits upon a change in control, as described below under “Potential Payments upon Termination or Change in Control.”

In determining the relative allocation of these elements of compensation, the Compensation Committee seeks to provide an amount of long-term compensation, both in the form of equity and cash incentives, that is sufficient to align the interests of our executives with those of our shareholders, while also providing adequate short-term compensation, primarily in the form of cash, to attract and retain talented executives. The Compensation Committee takes into account various qualitative and quantitative indicators of Company and individual performance in determining the level and composition of compensation for our Chairman and Chief Executive Officer and the other named executive officers. While the Compensation Committee considers our financial and operating performance, the Compensation Committee generally does not apply any specific quantitative formula in making base salary decisions, except with respect to the cash incentive award opportunities, as described below. The Compensation Committee also appreciates the importance of achievements that may be difficult to quantify — such as individual performance — and, accordingly, recognizes qualitative factors that include successful supervision of major corporate projects and

demonstrated leadership ability.

The Compensation Committee believes that the elements of the executive compensation program discussed below advance our business objectives and the interests of our shareholders by attracting and retaining the executive leadership necessary for growth and motivating our executives to increase shareholder value.

Elements of Compensation

Base Salaries. The annual base salaries of our named executive officers are based upon an evaluation of their significant contributions against established objectives as individuals and as a team, as determined by the Compensation Committee. Except for Mr. Manson, the base salaries of our named executive officers are subject to minimum amounts established in accordance with their respective employment agreements, which are described below in “Potential Payments upon Termination or Change in Control.” As noted above, when establishing base salaries for our named executive officers, the Compensation Committee considers the cash compensation offered by companies in other metal and metal-related companies, including the peer group found in “Role of Compensation Consultant” above, and obtains the recommendations of Pay Governance and management in order to determine the range of the base salaries. As mentioned above, the Compensation Committee also considered recommendations from Mr. Siegal in determining salary levels for our other named executive officers. As discussed further in the next paragraph, the Compensation Committee reviews the base salaries of our named executive officers on an individual basis periodically, rather than annually, and determines the base salary of our named executive officers after considering the above factors and the individual’s particular talents, skills, experience, industry knowledge and functional responsibilities and duties. The Compensation Committee does not consider whether an individual named executive officer has earned any incentive compensation in prior years in determining base salaries.

The base salaries paid to our named executive officers in 2017 were reviewed and approved by the Compensation Committee, and the amounts paid are reflected in the 2017 Summary Compensation Table. Pursuant to their Employment Agreements, Mr. Greiff's base salary increased from \$450,000 to \$500,000 on July 1, 2017 and Mr. Marabito's salary increased from \$500,000 to \$550,000 on January 1, 2018. On December 20, 2017, Mr. Siegal entered into a new Employment Agreement whereby his base salary was increased from \$750,000 to \$785,000, effective January 1, 2018. Messrs. Wolfort, McNeeley and Manson's base salaries remain unchanged from 2016. The Compensation Committee believes that the salaries of each of our named executive officers are reasonable when measured against the range of base salaries offered by other companies.

Annual Cash Incentive Compensation. We believe that a significant portion of the compensation paid to our named executive officers should be based on our annual performance so that the executives are appropriately motivated to maximize our operating performance each year. We have established our Senior Management Compensation Program to provide our executives, including our named executive officers, with the opportunity to earn an annual cash incentive payout.

The Senior Manager Cash Incentive Plan was implemented to emphasize the production of EBITDA and ROA. ROA is calculated by dividing annual EBITDA by our annual average net accounts receivable, average net inventory and average net property, plant and equipment. Messrs. Siegal, Marabito, Wolfort, McNeeley, Greiff and Manson each participate in an incentive pool that can range from 0% to 4.267% of our EBITDA, excluding the impacts of last-in, first out (LIFO) inventory adjustments. One-half of the pool is then either increased or reduced depending on our ROA performance, as compared to a targeted ROA goal of 12%. For 2017, Mr. Greiff's incentive was set at two-thirds of the incentive earned by Mr. Wolfort, with a minimum guarantee of the average incentive earned by Mr. Greiff in his three prior years as President of Specialty Metals (\$302,546), subject to the actual performance of the Specialty Metals segment.

For 2017, the Compensation Committee granted an annual cash incentive award opportunity for each of Messrs. Siegal, Marabito and Wolfort of 27.3% of the incentive pool, and Mr. Manson of 9.1% of the incentive pool. The Compensation Committee set the annual cash incentive payout amounts for Messrs. Siegal, Wolfort and Marabito, in light of their significant functional responsibilities and duties and their positions as the most senior-level executives, at three times those established for Mr. Manson. For 2017, we generated \$44.2 million of EBITDA, excluding the impact of any LIFO inventory adjustments. The incentive pool was funded at 2.667%, creating a total pool of \$1,178,041, of which \$321,284 each was initially credited to Messrs. Siegal, Marabito and Wolfort and \$107,095 was initially credited to Mr. Manson. However, because our actual ROA fell short of the targeted goal, the incentives for Messrs. Siegal, Marabito and Wolfort were each reduced by \$48,193, bringing their 2017 annual cash incentive to \$273,091 each, and the incentive for Mr. Manson was reduced by \$16,065, bringing his 2017 annual cash incentive to \$91,030. For 2017, Mr. Greiff's incentive, which was set at two-thirds of the incentive earned by Mr. Wolfort, or \$182,061, was below the guarantee amount specified in his Employment Agreement, so his earned incentive for 2017 was \$302,546, as described above.

Dr. McNeeley receives a cash incentive that is one-half tied to the Senior Manager Cash Incentive Plan utilized by our other named executive officers and one-half directly tied to the ratio of CTI's actual operating profit to its budgeted operating profit. The one-half of the incentive tied to the Senior Manager Cash Incentive Plan is equal to 50% of the incentive earned by Mr. Wolfort. The one-half tied to CTI's results provides the opportunity to earn an annual cash incentive of up to 65% of his annual base salary. The incentive is tied to the actual operating profit of CTI as compared to budgeted operating profit. For 2017, the portion of Dr. McNeeley's incentive tied to CTI operating results was \$247,223, or 36.6% of his base salary. When combined with the other portion of his incentive tied to total company results, Dr. McNeeley earned an incentive of \$383,769 for 2017.

Due to the difficult steel markets of 2015 and 2016, our named executive officers did not earn cash incentive awards in either year. During those years, at the direction of the Board, the executives enacted a cost reduction program that was critical to the Company's success in 2017. Accordingly, on August 1, 2017, the Board awarded discretionary bonuses to Messrs. Siegal, Wolfort and Marabito in the amount of \$156,522 each, \$78,261 for Dr. McNeeley and \$52,174 for Mr. Manson for their efforts in this cost reduction program.

Long-Term Equity-Based Compensation. The Compensation Committee believes that equity-based compensation awards are an appropriate means of aligning the interests of our executives with those of our shareholders by rewarding our executives based on increases in the price of our Common Stock. Like base salary and the annual cash incentive payments, award levels are set with regard to competitive considerations, and each individual's actual award is based upon the individual's job responsibilities, performance, potential for increased responsibility and contributions, leadership ability and commitment to our strategic efforts. The timing and amount of previous awards to, and held by, each named executive officer is reviewed, but is only one factor considered by the Compensation Committee in determining the size of any equity-based award grants.

Equity-based compensation awards are granted under the Olympic Steel, Inc. 2007 Amended and Restated Omnibus Incentive Plan, which is referred to as the Incentive Plan. The Incentive Plan authorizes us to grant stock options, stock appreciation rights, restricted shares, restricted share units, performance shares and other stock- and cash-based awards to our employees, Directors and consultants.

For more information about our Incentive Plan and awards under that plan for 2017, see the 2017 Grants of Plan-Based Awards Table, the Outstanding Equity Awards at 2017 Fiscal Year-End Table and the accompanying narratives below.

In 2011, the Board, based upon the recommendation of the Compensation Committee, approved changes to the Senior Management Compensation Program to include an equity component in order to encourage more ownership of Common Stock by members of the senior management group, including the named executive officers, to better align the interests of our executives and shareholders. Starting in 2011, the Senior Manager Compensation Plan imposed stock ownership requirements upon the executives. Each executive is required to own at least 750 shares of Common Stock for each year that the executive participates in the Senior Management Compensation Plan. Any executive that fails to meet the stock ownership requirements will be ineligible to receive any equity awards under the Company's equity compensation plans, including the Incentive Plan, until the executive satisfies the ownership requirements. To assist executives in meeting the stock ownership requirements, on an annual basis, if a participant purchases 500 shares of Common Stock on the open market, the Company will award that participant 250 shares of Common Stock. Additionally, any executive who continues to comply with the stock ownership requirements as of the five-year, 10-year, 15-year, 20-year and 25-year anniversaries of the participant's participation in the Senior Management Compensation Program will receive a restricted stock unit award with a dollar value of \$25,000, \$50,000, \$75,000, \$100,000 and \$100,000, respectively. Restricted stock unit awards will convert into the right to receive shares of Common Stock upon an executive's retirement, or earlier upon the executive's death or disability or upon a change in control of the Company.

The Company decided to terminate the stock award portion of the Senior Manager Compensation Plan for all flat-rolled participants on July 1, 2016 and on January 1, 2017 for all CTI participants. Effective July 1, 2016, the cash incentive for Senior Managers is now governed by the Senior Manager Cash Incentive Plan and the stock incentive for Senior Managers is now governed by the Senior Manager Stock Incentive Plan.

On January 1, 2016, Messrs. Siegal, Wolfort, Marabito, Greiff and Manson earned their \$25,000 of restricted stock unit awards. Dr. McNeeley earned his \$25,000 of restricted stock unit awards on January 1, 2017.

Under the Senior Manager Stock Incentive Plan, participants are annually awarded restricted stock units equal to 10% of their base salary, subject to a maximum of \$17,500 per year, and also subject to a financial performance requirement of \$5 million of pre-tax income. The restricted stock units vest five years after the grant date and will convert into the right to receive shares of Common Stock upon an executive's retirement, or earlier upon the executive's death or disability or upon a change in control of the Company.

During 2017, Messrs. Greiff and McNeeley each received 921 restricted stock units. Messrs. Siegal, Wolfort, Marabito and Manson did not receive a restricted stock unit award during 2017 as minimum financial performance requirements were not met.

In 2016, the Company also adopted a policy to award restricted stock units to newly-appointed named executive officers, based upon a percentage of their base salary. Upon his promotion to Executive Vice President and Chief Operating Officer, Mr. Greiff received 10,573 restricted stock units that will vest five years from the grant date, or earlier upon his death or disability or upon a change in control of the Company.

Personal Benefits and Perquisites. Our named executive officers also are eligible to receive other benefits, which the Compensation Committee believes are commensurate with the types of benefits and perquisites provided to other similarly situated executives, as determined based on the Compensation Committee's review of information supplied by Pay Governance. The Compensation Committee believes these benefits are set at a reasonable level, are highly valued by recipients, have limited cost, are part of a competitive compensation program and are useful in attracting and retaining qualified executives. They are not tied to our performance. These benefits consist of medical, dental, disability and life insurance benefits and 401(k) and profit-sharing plan contributions, pursuant to plans that are generally available to our employees. Perquisites consist of a car allowance, cell phone allowance, reimbursement for personal tax preparation and financial services fees and payment of country club dues.

Retirement and Post-Employment Benefits. We provide our executives with certain post-employment and severance benefits as summarized below and further described in "Potential Payments upon Termination or Change in Control." The Compensation Committee believes these benefits are vital to attract and retain qualified executives. These benefits provide the executives with the opportunity to address long-term financial planning with a greater degree of certainty, and also address our interest in continuing to motivate executives in the event of corporate instability, such as a change of control or unforeseen industry changes.

We provide the named executive officers with the opportunity to participate in our Supplemental Executive Retirement Plan, which is a non-qualified defined contribution savings plan. Under the Supplemental Executive Retirement Plan, we provide an annual contribution for each participating executive, a portion of which is based only on the participant's continued service with us, and an additional performance-based amount that is dependent on our return on invested capital for the applicable year. Each of these contribution components is referenced as a specified percentage of the executive's base salary and cash incentive award amount for the year. We provide an annual contribution for Messrs. Greiff and Manson based on his continued service with us. They do not receive an additional contribution based on our return on invested capital.

In addition, each of the members of our senior management group, including our named executive officers, also may participate in our Executive Deferred Compensation Plan, a non-qualified voluntary contributory savings plan under which a participant may defer all or any portion of his or her annual incentive award and up to 90% of his or her base salary into one or more investment options that are the same as those available to all of our employees who participate under our 401(k) plan. The Supplemental Executive Retirement Plan and the Executive Deferred Compensation Plan are further described below under the 2016 Non-Qualified Deferred Compensation Table.

To ensure the continuity of corporate management and the continued dedication of key executives during any period of uncertainty caused by a possible change in control, we entered into management retention agreements with each of our named executive officers, except Dr. McNeeley, that provide for the payment and provision of certain benefits if there is a change of control of the Company and a termination of the executive's employment with the surviving entity within a certain period after the change in control. We also have entered into employment agreements with Messrs. Siegal, Wolfort, Marabito, Greiff and McNeeley that provide for the payment of certain severance benefits upon termination of employment other than after a change in control of the Company. These agreements help ensure that

our executive's interests remain aligned with those of our shareholders during any time when an executive's continued employment may be in jeopardy. They also provide some level of income continuity should an executive's employment be terminated without cause. In December 2014, we amended the management retention agreements of Messrs. Siegal and Wolfort to eliminate the so-called "walk at will" provision, which provision generally provided the officer with the right, following a change in control of the Company, to terminate the officer's employment with the Company for any reason, or no reason, within the 12-month period commencing with the date of the change in control and still receive certain severance payments and benefits as provided for under the terms of the management retention agreements. These agreements are further described under "Potential Payments upon Termination or Change in Control" below.

Other Compensation Policies

Effect of Section 162(m) of the Internal Revenue Code. Section 162(m) of the Internal Revenue Code denies a publicly held corporation a federal income tax deduction for compensation in excess of \$1,000,000 in a taxable year paid to each of its chief executive officer and certain other highly compensated executive officers. Prior to January 1, 2018, there was an exception to this deductibility limitation for certain "performance-based" compensation, such as stock options awarded at fair market value, provided that certain shareholder approval and independent director requirements were met. This exception has been repealed, as such, compensation paid to certain executives in excess of \$1,000,000 will not be deductible unless it qualifies for transition relief applicable to certain compensation arrangements in place as of November 2, 2017. To the extent consistent with our compensation policies and the Compensation Committee's assessment of the interests of shareholders, we seek to preserve our ability to deduct compensation paid to executives under this exception. However, the Compensation Committee also weighs the burdens of such compliance against the benefits to be obtained by us and may pay compensation that is not deductible or fully deductible if it determines that such payments are in our best interests. For example, bonuses paid under our Senior Management Compensation Program historically were not intended to satisfy the requirements for the performance-based compensation exemption from Section 162(m). Furthermore, even if we have intended to grant compensation that qualifies for the performance-based exception, we cannot guarantee that the compensation will fit the exception or be eligible for transition relief or that it ultimately will be deductible by the Company.

Section 409A of the Internal Revenue Code. Section 409A of the Internal Revenue Code generally provides that arrangements involving the deferral of compensation that do not comply in form and operation with Section 409A or are not exempt from Section 409A are subject to increased tax, penalties and interest. If a deferred compensation arrangement does not comply with, or is not exempt from, Section 409A, employees may be subject to accelerated or additional tax, or interest or penalties, with respect to the compensation. The Compensation Committee believes that deferred compensation arrangements that do not comply with Section 409A would be of significantly diminished value to our executives. Accordingly, we intend to design our future deferred compensation arrangements, and have amended our previously adopted deferred compensation arrangements, to comply with Section 409A.

Clawback Policy. Although clawbacks are not yet required under the Dodd-Frank Wall Street Reform and Consumer Protection Act, each of our current employment agreements with Messrs. Siegal, Wolfort, Marabito, Greiff and McNeeley includes a provision that requires the named executive officer, in the event we are required to restate our financial statements, to reimburse the Company for the difference between any bonus actually paid and the bonus payable under the restated financial statements. When final regulations are promulgated by the SEC with respect to clawbacks, we expect to implement a formal clawback policy for our named executive officers. The Compensation Committee believes that a clawback policy represents an important protection for shareholders and is viewed favorably from a corporate governance standpoint.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management. Based on this review and discussion, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in our Annual Report on Form 10-K for the year ended December 31, 2017 and this Proxy Statement.

This report is submitted on behalf of the members of the Compensation Committee:

Howard L. Goldstein, Chairman

Ralph M. Della Ratta

Arthur F. Anton

Michael G. Rippey

Risk Profile of Compensation Programs. The Compensation Committee believes that the Company's executive compensation program has been designed to provide the appropriate level of incentives that do not encourage our executive officers to take unnecessary risks in managing our business. As discussed above, a majority of our executive officers' compensation is performance-based, consistent with our executive compensation policy. Our Senior Management Compensation Program is designed to reward annual financial and/or strategic performance in areas considered critical to the short- and long-term success of the Company. In addition, our Incentive Plan awards are directly aligned with long-term shareholder interests through their link to our stock price and longer-term performance periods. In combination, the Compensation Committee believes that the various elements of the Senior Management Compensation Program and the Incentive Plan sufficiently tie our executives' compensation opportunities to the Company's sustained long-term performance. As a result, we believe that risks arising from our employee compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During 2017, the following individuals served as members of the Compensation Committee: Messrs. Goldstein, Della Ratta, Anton, and Rippey. None of the members of the Compensation Committee during 2017 is (or ever was) an officer or employee of the Company or any of its subsidiaries. There are no Compensation Committee interlocks as defined by applicable SEC rules.

The amounts shown do not reflect compensation actually received by the named executive officer. The amounts shown in this column are the grant date fair values of the stock awards calculated in accordance with Financial Accounting Standards Board Accounting Standard Codification (ASC) Topic 718. See Note 10 to our consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2017 for details as to the assumptions used to determine the fair value of the stock awards.

(2) Incentives earned in 2017 were paid in their entirety in 2018, with the exception of Mr. Marabito, whose incentive will be paid 50% in 2018, 25% in 2019 and 25% in 2020.

(3) No above-market or preferential earnings on nonqualified deferred compensation were earned by any named executive officer.

Compensation reported in this column for 2017 includes: (1) the amount of contributions we made on behalf of our named executive officers to our Supplemental Executive Retirement Plan (\$133,002 for Mr. Siegal, \$97,500 for Mr. Marabito, \$131,052 for Mr. Wolfort, \$131,625 for Dr. McNeeley, \$92,625 for Mr. Greiff and \$43,034 for Mr. Manson) and our 401(k) and profit-sharing plan; (2) the premiums we paid for medical, dental, life and disability insurance for each named executive officer; and (3) the incremental cost to us of the following perquisites: an allowance for personal tax return preparation fees and a cell phone and an automobile allowance.

(5) Represents Mr. Greiff's incentive earned as the President of Specialty Metals, the position he held prior to becoming an executive officer.

These columns reflect estimated potential payout amounts under our Senior Management Compensation Program for each of our named executive officers and the amounts set forth in the “target” column are representative target amounts that consist of the amounts earned by our named executive officers for 2017 under our Senior Management Compensation Program. Payouts under this program are capped at the maximum amount indicated in the table. For 2017, Messrs. Siegal, Wolfort and Marabito earned an incentive of \$273,091 each, Mr. Manson (1) earned an incentive of \$91,030 and Mr. Greiff earned an incentive of \$302,546. One-half of Dr. McNeeley’s incentive is calculated under a separate program and is determined by comparing CTI’s actual operating profit to its budgeted operating profit. No incentive is paid if the ratio of actual operating profit to budgeted operating profit falls below 70%. The maximum incentive that can be earned is 65% of salary. The other half of Dr. McNeeley’s incentive is set at one-half of Mr. Wolfort’s incentive. For 2017, Dr. McNeeley earned a total incentive of \$383,769. Cash incentives are further described in “Compensation Discussion and Analysis” above.

(2) The 1,031 restricted units granted to Dr. McNeeley immediately vested, but will not convert into shares of Common Stock until the named executive officer retires from the Company.

Retention Agreements and Employment Agreements

We have entered into retention agreements and employment agreements with certain of our named executive officers. For more information about these agreements, see “Potential Payments upon Termination or Change in Control” below.

Senior Management Compensation Program

Our named executive officers, Vice Presidents, General Managers, certain Managers and other employees, as determined by our named executive officers, are eligible to participate in our Senior Management Compensation Program, which was amended effective July 1, 2016. As discussed above in Compensation Discussion and Analysis, our Senior Management Compensation Program provides for an annual cash incentive payout to participants based on our EBITDA and ROA.

Except for the incentives for Messrs. Greiff and McNeeley, annual cash incentive payouts, if any, will be paid to participants as follows: 50% of the annual cash incentive payout amount is paid to the participant following our year-end earnings release for the year in which the amount is earned; and 25% of the annual cash incentive payout amount is paid to the participant following our year-end earnings release for each of the first year and the second year after the year in which the amount is earned. If the remaining 50% of the cash incentive payout amount is less than 25% of the participant’s base salary in the year in which the incentive is earned, then the entire cash incentive payout amount is paid to the participant at the time of the initial payment.

Eligible participants may defer amounts paid pursuant to our Senior Management Compensation Program under our Executive Deferred Compensation Plan described in “Retirement and Post-Employment Benefits.” A participant who is not employed by us at the end of our fiscal year will forfeit the participant’s annual cash incentive award. Notwithstanding the foregoing, a participant who terminates employment with us due to death, disability or retirement is eligible for a full or pro-rata annual cash incentive award at the discretion of our Compensation Committee. Additionally, a pro-rata annual cash incentive award will be paid in the event of a change of control.

Stock Option Plan

We adopted the Olympic Steel, Inc. Stock Option Plan, which we refer to as the Stock Option Plan, effective January 6, 1994. It expired in January 2009, though options outstanding under our Stock Option Plan upon its expiration will remain in effect until their respective termination dates. Employees, non-employee Directors and independent consultants were eligible to receive stock options under the Stock Option Plan. There are no outstanding options exercisable under the Stock Option Plan.

The exercise price for stock options issued under the Stock Option Plan was established as the fair market value of a share of Common Stock on the date of grant. Stock options became exercisable in accordance with the terms established by our Compensation Committee and expire ten years from the date of grant. Previously granted stock options were issued with vesting schedules ranging from six months to three years. To the extent possible, we issued shares of our treasury stock to option holders in satisfaction of shares issuable upon the exercise of stock options. Stock options granted under the Stock Option Plan generally terminate in the event of termination of employment or services. However, under certain circumstances, options may be exercised within three months after the date of termination of employment or services, or within one year of a participant's death, but in any event not beyond the original term of the stock option. Upon a change in control (as defined in the Stock Option Plan) of the Company, all stock options may become immediately exercisable or may be terminated at the discretion of the Compensation Committee.

Incentive Plan

The Incentive Plan provides us with the authorization to grant stock options, stock appreciation rights, restricted shares, restricted share units, performance shares and other stock- and cash-based awards to our employees, Directors and consultants. Under the Incentive Plan, 1,000,000 shares of our Common Stock have cumulatively been made available for equity grants.

Stock Options. If an award under the Incentive Plan is made in the form of stock options, the price of the option cannot be less than the fair market value of the underlying shares on the date of grant. Unless the Compensation Committee determines otherwise, fair market value for all purposes under the Incentive Plan is the last closing price of a share of our Common Stock as reported on The Nasdaq Global Select Market, or, if applicable, on another national securities exchange on which the Common Stock is principally traded, on the date for which the determination of fair market value is made, or, if there are no sales of Common Stock on such date, then on the most recent immediately preceding date on which there were any sales of Common Stock on such principal trading exchange. The term of stock options cannot exceed ten years. The Compensation Committee is entitled to set all conditions in connection with a participant's right to exercise an award and may impose such conditions as it sees fit. No participant may be awarded incentive stock options that are first exercisable during any calendar year that involve shares having a fair market value, determined at the time of grant, in excess of \$100,000. Options are settled in shares.

Stock Appreciation Rights. Awards under the Incentive Plan may take the form of stock appreciation rights, which allow the holder to realize the value of the difference between the market price of our Common Stock at the time that the rights are granted and the market value of that stock when the rights are exercised. The term of stock appreciation rights cannot exceed ten years. If the value of the stock has not increased during that time, the rights will have no value. Stock appreciation rights may be settled in cash, shares or a combination of cash and shares, as determined by the Compensation Committee and provided in the applicable award agreement.

Restricted Share and Restricted Share Units. Awards under the Incentive Plan may take the form of restricted shares and restricted share units, which involve the granting of shares to participants subject to restrictions on transferability and any other restrictions the Compensation Committee may impose. The restrictions lapse if either the holder remains employed by us for a period of time established by the Compensation Committee under the applicable award agreement or satisfies other restrictions, including performance-based restrictions, during the period of time established by the Compensation Committee. Restricted share units are similar to restricted shares except that no shares are actually awarded to the participant on the date of grant and the holder typically does not enjoy any shareholder rights (including voting) with respect to the units. Restricted share awards and restricted share unit awards are settled in shares.

Performance Shares. Awards under the Incentive Plan may take the form of performance shares. The period of time over which performance goals are measured must be set in advance of establishing the performance goal or goals for

the period of time and will be of such duration as the Compensation Committee shall determine. Performance shares may be settled in shares.

Other Stock-Based Awards and Cash-Based Awards. Other stock-based awards are awards of stock-based compensation that do not fit within the scope of the other specifically enumerated types of awards. The Compensation Committee may make cash-based awards with a range of payments levels. Cash-based awards may be based upon the achievement of performance goals. Other stock-based awards and cash-based awards may be settled in cash, shares or a combination of cash and shares, as determined by the Compensation Committee and provided in the applicable award agreement. Under the Incentive Plan, cash-based awards may not be settled with restricted stock.

2017 OPTION EXERCISES AND STOCK VESTED

There were no stock option exercises by our named executive officers during 2017. The 1,031 restricted stock units award to Dr. McNeeley on January 1, 2017 vested immediately, at a value of \$25,000.

2017 PENSION BENEFITS

None of the named executive officers participates in a defined benefit pension plan sponsored by us. All named executive officers participate in the same defined contribution plan as all of our other non-union employees.

(a) Supplemental Executive Retirement Plan

(b) Executive Deferred Compensation Plan

The amounts reported in this column represent the amounts accrued to each executive officer in the “All Other Compensation” column of the 2016 Summary Compensation Table and funded in 2017, as described in footnote (1) (4) to the “All Other Compensation” table. Amounts accrued in 2017, but not funded until 2018, are included in the 2017 Summary Compensation Table.

No portion of the amounts reported in this column represent above-market or preferential interest or earnings accrued on the applicable plan and, accordingly, have not been included in the “Change in Pension Value and (2) Nonqualified Deferred Compensation on Earnings” column of the 2017 Summary Compensation Table. Please see the discussions of the Supplemental Executive Retirement Plan and the Executive Deferred Compensation Plan below for a description of how earnings are calculated under each plan.

(3) This column reflects the balance of all contributions and the aggregate earnings on such contributions.

Supplemental Executive Retirement Plan

On January 1, 2005, we established the Supplemental Executive Retirement Plan, which we sometimes refer to as the SERP, in order to provide unfunded deferred compensation to a select group of our executive officers, management and highly compensated employees. Currently, all of our named executive officers participate in the Supplemental Executive Retirement Plan.

The Supplemental Executive Retirement Plan provides for a single lump sum payment to participants of their vested account balance, as adjusted for earnings and losses prior to distribution, following a “qualified” retirement from the Company. Participants who retire from the Company after attaining the age of 62 will be entitled to receive a lump sum payment of their vested account balance six months after the date of retirement. Participants who retire from the Company after attaining the age of 55, but prior to attaining the age of 62, will be entitled to receive a lump sum payment of their vested account balance after the later of the attainment of the age of 62 or six months following the date of retirement.

Generally, benefits under the Supplemental Executive Retirement Plan vest at the end of the five-year period after the executive becomes a participant in the Supplemental Executive Retirement Plan. The benefits of all named executive officers are fully vested in the plan.

Participants' benefits under the Supplemental Executive Retirement Plan will become fully vested upon (1) death while an employee of the Company, (2) termination of employment due to disability, (3) the effective date of any termination of the Supplemental Executive Retirement Plan or (4) the date of a change of control.

We annually allocate a deemed "base contribution" under the Supplemental Executive Retirement Plan for each participant in an amount equal to thirteen percent (13%) of a participant's "Applied Compensation." A participant's "Applied Compensation" is the sum of: (1) the participant's annual base salary; plus (2) the lesser of (a) the actual bonus earned by the participant under the Senior Management Compensation Program in the applicable year, or (b) 50% of the participant's annual base salary earned in the applicable year. Additionally, in the case of Messrs. Siegal, Wolfort, Marabito and McNeeley, we annually allocate an "incentive contribution" under the Supplemental Executive Retirement Plan for each participant, based on our annual return on invested capital for the applicable year, in an amount of 0 to 19.6% of the participant's Applied Compensation. The percentage is determined in accordance with the following table:

Actual Return on Invested Capital	Percentage of Participant's Applied Compensation	
Less than 6%	0.0	%
6%	0.8	%
7%	1.6	%
8%	2.4	%
9%	3.2	%
10%	4.0	%

12%	9.2	%
13%	11.8	%
14%	14.4	%
15%	17.0	%
16% or Greater	19.6	%

A participant's account will be credited with earnings and losses based on the performance of investment funds selected by the participant. Account balances are credited with earnings, gains or losses based on the performance of investment options that are the same as those available to all of our employees who participate under our 401(k) plan.

Earnings under the Supplemental Executive Retirement Plan and the Executive Deferred Compensation Plan are based on the following underlying funds, which had the following annual returns in 2017:

Fund(1)	Annual Return (%)
MetLife Stable Value Fund	2.56
BlackRock Total Return Fund	4.32
Vanguard Total Bond Market Index Adm Fund	3.57
Vanguard Target Retirement Income Inv Fund	8.47

(1) These investment options are generally the same as those available to all of our employees who participate under our 401(k) plan.

Starting in 2012, amounts credited for executives under the Supplemental Executive Retirement Plan are deemed to be invested in Common Stock. The mechanism for this deemed investment in Common Stock is the issuance to Supplemental Executive Retirement Plan participants of restricted stock units under the Incentive Plan with a dollar value equal to the amount credited to the participant under the Supplemental Executive Retirement Plan and deemed invested in Common Stock. The entire amount credited for Messrs. Siegal, Wolfort, Marabito and McNeeley is deemed invested in shares of Common Stock in this manner. For other SERP participants, 50% of the amount credited will be deemed invested in shares of Common Stock, and the remaining 50% is deemed invested in other investment funds as had occurred previously, unless the participant elects to have all or a portion of the remaining 50% deemed invested in shares of Common Stock. Mr. Manson has elected to have 100% of his SERP contribution deemed invested in shares of Common Stock. Since 2014, the entire SERP contribution for all participants has been deemed invested in shares of Common Stock.

Executive Deferred Compensation Plan

The Olympic Steel, Inc. Executive Deferred Compensation Plan, which we refer to as the Executive Deferred Compensation Plan, is a voluntary non-qualified contributory savings plan we established, effective December 1, 2004, for the purpose of providing a tax effective deferred compensation opportunity for a select group of our management and/or highly compensated employees. Currently, Mr. Wolfort is the only participant who has elected to participate in the Executive Deferred Compensation Plan. Dr. McNeeley also participates in a deferred compensation program at CTI that was established prior to the Company's acquisition of CTI.

Participants may defer all or any portion of their annual incentive award and up to 90% of their base salary to the Executive Deferred Compensation Plan. Each Participant is eligible to designate one or more investment options that are available under our 401(k) and profit-sharing plan as the deemed investment(s) for the participant's deferred compensation account or such other investment options determined appropriate in the sole discretion of the Board. Employee deferrals are credited with earnings, gains or losses based on the performance of investment options that are available under our 401(k) and profit-sharing plan and selected by the employee. Earnings under the Executive Deferred Compensation Plan are based on the same funds, with same annual returns for 2017, as described above with respect to the Supplemental Executive Retirement Plan. A participant's contributions are always 100% vested, and distributions from the plan will be paid in cash in a single lump sum upon termination of employment.

**POTENTIAL PAYMENTS UPON TERMINATION
OR CHANGE IN CONTROL**

Retention Agreements

We have executed retention agreements with Messrs. Siegal, Wolfort, Marabito, Greiff and Manson. Under these agreements, which do not become operative unless we incur a change in control (as defined in the agreements), we agreed to continue the employment of the officer for a certain period following the change in control in the same position with the same duties and responsibilities and at the same compensation level as existed prior to the change in control. If the officer's employment is terminated without cause or by the officer for "good reason" during such period, the officer is entitled to receive a lump-sum severance payment with continuation of medical, dental, disability and life insurance benefits for two years (one year in the cases of Messrs. Greiff and Manson). The applicable period for Messrs. Siegal, Wolfort and Marabito is two years and their severance payment is equal to 2.99 times the average of their respective last three years' compensation. The applicable period for Messrs. Greiff and Manson is one year and the severance payment is equal to the average of his last three years' compensation. Under our long-term equity-based incentive program, upon a change in control, each of our named executive officers would also be entitled to receive a payout for his restricted stock units award made under our Incentive Plan.

Compensation for purposes of this calculation includes salary, cash bonus, Company contributions to the Supplemental Executive Retirement Plan and 401(k) and profit-sharing plan on behalf of the officer, personal tax preparation fees (except in the cases of Messrs. Greiff and Manson), automobile allowance and country club dues (except in the case of Mr. Manson). These retention agreements also provide that, in the event that any of the payments or benefits described above would constitute a "parachute payment" under Internal Revenue Code Section 280G, the payments or benefits provided will be reduced so that no portion is subject to the excise tax imposed by Internal Revenue Code Section 4999, but only to the extent such reduction will result in a net after tax benefit to the officer. Each of the retention agreements contains a non-competition prohibition for two year post-employment (one year in the case of Messrs. Greiff and Manson).

The table below reflects the approximate amounts that would be payable to each named executive officer under his retention agreement assuming that we incurred a change in control at December 31, 2017, that the officer's employment was terminated in a manner triggering payment of the above benefits, and that no reduction of benefits would be made in order to avoid excise taxes imposed by Internal Revenue Code Section 4999.

Our executive officers are eligible to participate in our Supplemental Executive Retirement Plan and each of our named executive officers is eligible to participate in our Executive Deferred Compensation Plan. The aggregate account balance of each named executive officer under these plans and a description of the amounts payable to each such executive upon retirement from their employment with us are provided under the 2017 Nonqualified Deferred Compensation Table.

CEO Pay Ratio

For the 2017 fiscal year, the ratio of the total annual compensation of Michael D. Siegal, our CEO, to the median of the annual compensation of all of our employees other than the CEO was 24:1. The ratio is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K using the data and assumptions summarized below. For purposes of this disclosure, the date used to identify the employee who received such median compensation (the “median employee”) was December 31, 2017. As of this date, the Company had 1,649 active employees (not including the CEO) in only one country – the United States. To determine the median employee, the Company adopted the following methodology:

The Company calculated total compensation for each employee in 2017 by determining annual base salary (or wages plus overtime) and annualized compensation for employees (full-time or part-time) who commenced work during 2017;

The Company added bonuses/incentives, overtime, employer 401(k) match and the value of medical coverage; and

The Company did not exclude any employees.

The Company selected the median employee from this group. The total compensation for that employee was \$57,517. CEO total compensation, as detailed in the 2017 Summary Compensation Table, was \$1,372,043.

The Compensation Committee approved the grant of 3,501 time-based restricted stock units to each non-employee Director then serving, effective March 13, 2017. Subject to the terms of the Incentive Plan and the restricted stock units award agreement executed by each non-employee Director, the restricted stock units vested on January 1, 2018. AUDIT COMMITTEE REPORT

The purpose of the Audit and Compliance Committee is to assist the Board in its general oversight of our financial reporting, internal controls and audit functions. The Audit and Compliance Committee charter describes in greater detail the full responsibilities of the committee and is available through the “Investor Relations” section of our website at www.olysteel.com. The Audit and Compliance Committee is comprised solely of independent Directors as defined by the listing standards of the Nasdaq and by Rule 10A-3 under the Exchange Act.

The Audit and Compliance Committee has reviewed and discussed our consolidated financial statements with management and PwC, our independent auditors. Management is responsible for our financial statements and the financial reporting process, including the systems of internal controls. The independent auditors are responsible for performing an independent audit of our consolidated financial statements and internal control over financial reporting in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States), or PCAOB, and to issue a report thereon. The Audit and Compliance Committee monitors and oversees these processes on behalf of the Board.

Management continued to review and enhance the internal control evaluation process and the Audit and Compliance Committee was kept apprised of the progress of the evaluation and provided oversight and advice to management. In connection with this oversight, the Audit and Compliance Committee receives periodic updates provided by management and PwC at each regularly scheduled Audit and Compliance Committee meeting. These updates occur at least quarterly. The Audit and Compliance Committee also holds regular private sessions with PwC to discuss their audit plan for the year, the financial statements and risks of fraud. At the conclusion of the process, management provides the Audit and Compliance Committee with a report on the effectiveness of our internal control over financial reporting, which is reviewed by the Committee. The Audit and Compliance Committee also reviews the report of management contained in our Annual Report on Form 10-K for the fiscal year ended December 31, 2017 filed with the SEC, as well as PwC’s Report of Independent Registered Public Accounting Firm included in our Annual Report on Form 10-K related to its integrated audit of our fiscal 2017 consolidated financial statements and the effectiveness of internal control over financial reporting.

As part of fulfilling its responsibilities, the Audit and Compliance Committee reviewed and discussed the audited consolidated financial statements for 2017 with management and discussed with our independent auditors those matters required to be discussed by Accounting Standard 1301, “Communications with Audit Committee,” as adopted by the PCAOB. The Audit and Compliance Committee received the written disclosures and the letter from PwC required by the applicable requirements of the PCAOB regarding PwC’s communications with the Audit and Compliance Committee and discussed that firm’s independence with representatives of the firm. The Audit and Compliance Committee also monitored the services provided by the independent auditors, pre-approved all audit-related services, discussed with PwC the effect of the non-audit services performed on auditor independence, and concluded that the provision of such services by PwC was compatible with the maintenance of that firm’s independence in conducting its auditing functions.

Based upon the Audit and Compliance Committee's review of the audited consolidated financial statements and its discussions with management and our independent auditors, the Audit and Compliance Committee recommended that the Board include the audited consolidated financial statements for the fiscal year ended December 31, 2017 in our Annual Report on Form 10-K filed with the SEC.

This report is submitted on behalf of the members of the Audit and Compliance Committee:

PROPOSAL TWO

RATIFICATION OF THE SELECTION OF

THE COMPANY'S INDEPENDENT AUDITORS

PwC served as independent auditors of the Company for the year ended December 31, 2017 and has been retained by the Audit and Compliance Committee to do so for the year ending December 31, 2018.

Shareholder ratification of the selection of PwC as the Company's independent auditors is not required by the Company's Amended and Restated Code of Regulations or otherwise. However, the Board is submitting the selection of PwC to the shareholders for ratification. If the shareholders do not ratify the selection, the Audit and Compliance Committee will reconsider whether or not to retain the firm. In such event, the Audit and Compliance Committee may retain PwC, notwithstanding the fact that the shareholders did not ratify the selection, or select another nationally recognized accounting firm without resubmitting the matter to the shareholders. Even if the selection is ratified, the Audit and Compliance Committee reserves the right in its discretion to select a different nationally recognized accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders. Representatives of PwC are expected to be present at the Annual Meeting and will have the opportunity to make a statement, if they desire to do so, and will be available to respond to appropriate questions.

The proposal regarding the ratification of PwC as our independent registered public accounting firm requires the affirmative vote of a majority of the shares of Common Stock having voting power present in person or by proxy at the Annual Meeting. As a result, abstentions will have the same effect as a vote cast against the proposal. Proposal Two is a routine matter and a broker or other financial institution that holds your shares in its name may vote your shares with respect to this proposal if you do not provide it with voting instructions. Accordingly, there should be no broker non-votes with respect to this proposal. As an advisory vote, the ratification of PwC as our independent registered public accounting firm is not binding on the Company.

The Board recommends a vote "FOR" the ratification of the selection of PwC as the Company's independent auditors for the year ending December 31, 2018.

PROPOSAL THREE

ADVISORY VOTE ON NAMED EXECUTIVE OFFICER COMPENSATION

As required by Section 14A(a)(1) under the Exchange Act, shareholders are entitled to an advisory vote at the Annual Meeting on the compensation of the Company's named executive officers as disclosed in this Proxy Statement. We are currently conducting say-on-pay votes every year, and will hold the next say-on-pay vote in connection with our 2019 Annual Meeting. Our shareholders supported the annual frequency of our say-on-pay vote as their preference based on the results of the advisory say-on-pay frequency vote held at our 2017 Annual Meeting.

As described more fully in the Compensation Discussion and Analysis section of this Proxy Statement, the Company's executive compensation program is designed to support our long-term business strategy and link our executives' interests with those of our shareholders. We designed the compensation program to, among other things, provide incentives for executives to help us achieve business objectives and give the Compensation Committee the flexibility necessary to reward executives for achieving such objectives.

Accordingly, shareholders are being asked to approve the following resolution at the Annual Meeting:

“RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.”

As an advisory vote, the shareholder vote on named executive officer compensation is not binding on the Company or the Board. Although the shareholder vote on executive compensation is not binding on the Company, the Board and the Compensation Committee will consider the outcome of the vote in establishing compensation philosophy and making future compensation decisions.

The proposal regarding the resolution approving named executive officer compensation requires the affirmative vote of a majority of the holders of the shares of Common Stock having voting power present or by proxy at the Annual Meeting. As a result, abstentions will have the same effect as a vote cast against the proposal, but broker non-votes will have no impact on the outcome of this proposal.

The Board recommends a vote “FOR” the approval, on an advisory basis, of the compensation of the named executive officers as disclosed pursuant to the compensation disclosure rules of the SEC, including the

Compensation Discussion and Analysis, compensation tables and narrative discussion in this proxy statement.
