Executive Compensation Highlights

Compensation Philosophy and Objectives

Our key compensation objectives are to attract and retain high performance leaders, reward results, drive future strategic growth and align the long-term interests of our executives with those of our shareholders. We use the following principles to effect these objectives:

What We Do

- ü A significant portion of our executive officers' total compensation is financial performance based.
- ü Performance measures are highly correlated to the creation of shareholder value.
- ü We review and benchmark pay relative to the market median of our industry peer group on an annual basis.
- ü Our executive compensation program is designed to encourage building long-term shareholder value and attract and retain high performance executive talent.
- ü We use annual cash incentive opportunities and equity-based awards to balance the Company's short- and long-term performance objectives.
- ü Our equity awards are equally weighted between time-vested restricted stock units, which vest ratably over a three-year period, and performance share units, which require achievement of financial performance metrics over a three-year performance cycle.
- ü The compensation committee engages an independent executive compensation consultant.
- ü Our compensation committee conducts an annual review of all executive compensation program components to ensure alignment with our compensation objectives and the Company's industry peers.
- ü We implemented a Compensation Recovery Policy to protect the Company in the event of a financial restatement or an executive officer engages in serious misconduct.
- ü We provide a limited number of employment agreements and executive perquisites.
- ü We have stock ownership guidelines for directors and executive officers.

### What We Don't Do

- û We do not provide tax gross ups.
- û We do not recycle shares withheld for taxes.
- û We do not permit pledging or hedging of Company securities.
- û We do not pay dividends or dividend equivalents on unearned RSUs or PSUs until they vest.
- û We do not reprice underwater equity awards.
- û We do not have pension or supplemental executive retirement plans.

PROXY STATEMENT  
FOR  
2017 ANNUAL MEETING OF SHAREHOLDERS

To Be Held on July 11, 2017

The board of directors of AZZ Inc. (the “Company” or “AZZ”) is soliciting proxies for the 2017 Annual Meeting of Shareholders (the “Annual Meeting”). You are receiving this Proxy Statement because you own shares of AZZ common stock that entitle you to vote at the Annual Meeting. This Proxy Statement contains information on Annual Meeting matters to assist you in voting your shares.

QUESTIONS AND ANSWERS  
Proxy Materials and Voting Information

Why am I receiving these materials?

---

AZZ has made these materials available to you on the Internet or, upon your request, has delivered printed versions of these materials to you by mail in connection with the Company’s solicitation of proxies for use at the Annual Meeting to be held on Tuesday, July 11, 2017 at 10:00 a.m. local time at One Museum Place, 4<sup>th</sup> Floor, 3100 West 7<sup>th</sup> Street, Fort Worth, Texas 76107, and at any postponement(s) or adjournment(s) thereof. These materials were first sent or made available to shareholders on or about May 24, 2017. You are invited to attend the Annual Meeting and are requested to vote on the proposals described in this Proxy Statement.

What is included in these materials?

---

These materials include:

- This Proxy Statement for the Annual Meeting; and
- The Company’s Annual Report on Form 10-K for the fiscal year ended February 28, 2017, as filed with the Securities and Exchange Commission (the “SEC”) on April 20, 2017 (the “Annual Report”).

If you requested printed versions by mail, these materials also include the proxy card and voting instructions for the Annual Meeting.

What items will be voted on at the Annual Meeting?

---

You will be voting on the following:

• The election of nine nominees to the Company’s board of directors named in this Proxy Statement, each for a term of one year (Proposal 1);

• A non-binding advisory resolution to approve AZZ’s executive compensation program (Proposal 2); and

- Ratification of the appointment of BDO USA, LLP to serve as AZZ’s independent registered public accounting firm for the fiscal year ending February 28, 2018 (Proposal 3).

We also will consider any other business that may properly come before the meeting.

What are the Board of Directors' voting recommendations?

---

The board of directors recommends that you vote your shares:

•“FOR” the election of the nine nominees to serve on the Board for a one year term (Proposal 1);

•“FOR” the approval of AZZ's executive compensation program (Proposal 2); and

•“FOR” the ratification of the appointment of BDO USA, LLP to serve as the Company's independent registered public accounting firm for the fiscal year ending February 28, 2018 (Proposal 3).

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

---

Pursuant to rules adopted by the SEC, AZZ uses the Internet as the primary means of furnishing proxy materials to shareholders. Accordingly, the Company has sent a Notice of Internet Availability of Proxy Materials (the “Notice”) to the Company's shareholders. All shareholders will have the ability to access the proxy materials on the website referred to in the Notice or request a printed set of the proxy materials. Instructions on how to access the proxy materials on the Internet or to request a printed copy are detailed in the Notice. In addition, shareholders are always able to request printed proxy materials by mail or electronically by emailing [www.azz.com/investor-relations](http://www.azz.com/investor-relations). The Company encourages shareholders to take advantage of the availability of the proxy materials on the Internet to help reduce the environmental impact of its annual meetings and the cost to the Company associated with printing and mailing hard copies of proxy materials.

How can I get electronic access to the proxy materials?

---

The Notice will provide you with instructions regarding how to use the Internet to:

- View the Company's proxy materials for the Annual Meeting; and
- Instruct the Company to send future proxy materials to you by email.

The Company's proxy materials are also available at [www.azz.com/investor-relations](http://www.azz.com/investor-relations). This website address is included for reference only. The information contained on the Company's website is not incorporated by reference into this Proxy Statement.

Choosing to receive future proxy materials by email will reduce the impact of the Company's annual meetings on the environment and save the Company the cost of printing and mailing documents to you. If you choose to receive future proxy materials by email, you will receive an email message next year with instructions containing a link to those materials and a link to the proxy voting website. Your election to receive proxy materials by email will remain in effect until you terminate it.

Who may vote at the Annual Meeting?

---

Each share of the Company's common stock has one vote on each matter. Only shareholders of record as of the close of business on May 10, 2017, the Record Date, are entitled to receive notice of, to attend, and to vote at the Annual Meeting. In addition to shareholders of record of the Company's common stock, beneficial owners of shares held in street name as of the Record Date can vote using the methods described below. As of the Record Date, approximately 26,041,352 shares of the Company's common stock were issued and outstanding.

What is the difference between a shareholder of record and a beneficial owner of shares held in street name?

---

**Shareholder of Record.** If your shares are registered directly in your name with the Company's transfer agent, Computershare Investor Services, LLC ("Computershare"), you are considered the shareholder of record with respect to those shares, and the Notice was delivered directly to you by the Company.

**Beneficial Owner of Shares Held in Street Name.** If your shares are held in an account at a brokerage firm, bank, broker-dealer, or other similar organization, then you are the "beneficial owner" of shares held in "street name," and a Notice was forwarded to you by that organization. As a beneficial owner, you have the right to instruct your broker, bank, trustee, or nominee how to vote your shares.

If I am a shareholder of record of the Company's shares, how do I vote?

---

If you are a shareholder of record, there are four ways to vote:

**In person.** You may vote in person at the Annual Meeting by requesting a ballot when you arrive. You must bring valid picture identification such as a driver's license or passport and may be requested to provide proof of stock ownership as of the Record Date.

**Via the Internet.** You may vote by proxy via the Internet by following the instructions provided in the Notice.

**By Telephone.** If you request printed copies of the proxy materials by mail, you may vote by proxy by calling the toll free number found on the proxy card.

**By Mail.** If you request printed copies of the proxy materials by mail, you will receive a proxy card and you may vote by proxy by filling out the proxy card and returning it in the envelope provided.

If I am a beneficial owner of shares held in street name, how do I vote?

---

If you are a beneficial owner of shares held in street name, there are four ways to vote:

**In person.** If you are a beneficial owner of shares held in street name and wish to vote in person at the Annual Meeting, you must obtain a "legal proxy" from the organization that holds your shares. A legal proxy is a written document that will authorize you to vote your shares held in street name at the Annual Meeting. Please contact the organization that holds your shares for instructions regarding obtaining a legal proxy. You must bring a copy of the legal proxy to the Annual Meeting and ask for a ballot when you arrive. You must also bring valid picture identification such as a driver's license or passport. In order for your vote to be counted, you must provide both the copy of the legal proxy and your completed ballot to the inspector of election.

- Via the Internet.** You may vote by proxy via the Internet by visiting [www.envisionreports.com/AZZ](http://www.envisionreports.com/AZZ) and entering
- the control number found in your Notice. The availability of Internet voting may depend on the voting process of the organization that holds your shares.

- By Telephone.** If you request printed copies of the proxy materials by mail, you may vote by proxy by calling the
- toll free number found on the voting instruction form. The availability of telephone voting may depend on the voting process of the organization that holds your shares.

- **By Mail.** If you request printed copies of the proxy materials by mail, you will receive a voting instruction form and you may vote by proxy by filling out the voting instruction form and returning it in the envelope provided.

What is the quorum requirement for the Annual Meeting?

---

A majority of the shares entitled to vote at the Annual Meeting must be present at the Annual Meeting in person or by proxy for the transaction of business. This is called a quorum. Your shares will be counted for purposes of determining if there is a quorum if you:

- Are entitled to vote and you are present in person at the Annual Meeting; or
- Have properly voted by proxy on the Internet, by telephone or by submitting a proxy card by mail.

If a quorum is not present, we may propose to adjourn the Annual Meeting to solicit additional proxies.

How are proxies voted?

---

All shares represented by valid proxies received prior to the taking of the vote at the Annual Meeting will be voted and, where a shareholder specifies by means of the proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the shareholder's instructions.

What happens if I do not give specific voting instructions?

---

Shareholders of Record. If you are a shareholder of record and you do not:

- Indicate when voting on the Internet or by telephone that you wish to vote as recommended by AZZ's board of directors; or

- Sign and return a proxy card without giving specific voting instructions,

then the persons named as proxy holders, Thomas E. Ferguson and Paul W. Fehlman, will vote your shares in the manner recommended by AZZ's board of directors on all matters presented in this Proxy Statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting.

Beneficial Owners of Shares Held in Street Name. If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions then, under applicable rules, the organization that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, that organization will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a "broker non-vote."

Which ballot measures are considered "routine" or "non-routine"?

---

The election of directors (Proposal 1) and the non-binding advisory resolution approving the Company's executive compensation program (Proposal 2); are all considered non-routine matters under applicable rules. A broker or other nominee cannot vote shares without instructions on non-routine matters, and therefore broker non-votes may exist in connection with Proposals 1 and 2.

The proposal for the ratification of the appointment of BDO USA, LLP as the Company's independent registered public accounting firm for the fiscal year ending February 28, 2018 (Proposal 3) is considered a routine matter under applicable rules. A broker or other nominee may generally vote on routine matters, and therefore no broker non-votes are expected in connection with Proposal 3.

What is the voting requirement to approve each of the proposals?

The following table sets forth the voting requirement with respect to each of the proposals:

Proposal	Voting Requirement
1. Election of nine director nominees named in this Proxy Statement, each for a one year term.	Each director must be elected by a majority of the votes cast. A majority of votes cast means that the number of shares voted “FOR” a director must exceed the number of votes cast “AGAINST” that director. Any director not elected by a majority is expected to tender to the Board his or her resignation promptly following the certification of election results pursuant to the Company’s Bylaws. The nominating and corporate governance committee will make a recommendation to the board on whether to accept or reject such resignation. The board will act on such recommendation and publicly disclose its decision within 90 days from the date of the certification of the election results.
2. Approve, on a non-binding advisory basis, the resolution approving the Company’s executive compensation program.	To be approved, this proposal must be approved by a majority of the votes cast by the shareholders present in person or represented by proxy, meaning that the votes cast by the shareholders “FOR” the approval of the proposal must exceed the number of votes cast “AGAINST” the approval of the proposal.
3. Ratification of the appointment of BDO USA, LLP as the Company’s independent registered public accounting firm for fiscal year 2018.	To be approved, this proposal must be approved by a majority of the votes cast by the shareholders present in person or represented by proxy, meaning that the votes cast by the shareholders “FOR” the approval of the proposal must exceed the number of votes cast “AGAINST” the approval of the proposal.

How are broker non-votes and abstentions treated?

Broker non-votes and abstentions are counted for purposes of determining whether a quorum is present. Only “FOR” and “AGAINST” votes are counted for purposes of determining the votes received in connection with each proposal. With respect to the election of directors (Proposal 1), under the majority voting policy adopted by the Company in 2014, broker non-votes and abstentions, which have the same effect as “AGAINST” votes, could cause a nominee to fail to obtain the required affirmative votes of (i) a majority of the shares present or represented by proxy and voting at the Annual Meeting and (ii) a majority of the shares required to constitute a quorum. With respect to each of Proposals 2 and 3, broker non-votes and abstentions could prevent the proposal from receiving the required affirmative votes of (i) a majority of the shares present or represented by proxy and voting at the Annual Meeting and (ii) a majority of the shares required to constitute the quorum. In order to minimize the number of broker non-votes, the Company strongly encourages you to vote or to provide voting instructions with respect to each proposal to the organization that holds your shares by carefully following the instructions provided in the Notice.

Can I change my vote after I have voted?

You may revoke your proxy and change your vote at any time before the taking of the vote at the Annual Meeting. Prior to the applicable cutoff time, you may change your vote using the Internet or telephone methods described above, in which case only your latest Internet or telephone proxy submitted prior to the Annual Meeting will be counted. You may also revoke your proxy and change your vote by signing and returning a new proxy card dated as of a later date, or by attending the Annual Meeting and voting in person. However, your attendance at the Annual

Meeting will not automatically revoke your proxy unless you properly vote at the Annual Meeting or specifically request that your prior proxy be revoked by delivering a written notice of revocation to the Company's Secretary at One Museum Place, 3100 West 7<sup>th</sup> Street, Suite 500, Fort Worth, Texas 76107 prior to the Annual Meeting.

Who will serve as the inspector of election?

---

A representative from Computershare Investor Services, LLC will serve as the inspector of election.  
Is my vote confidential?

---

Proxy instructions, ballots and voting tabulations that identify individual shareholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within the Company or to third parties, except:

- As necessary to meet applicable legal requirements;
- To allow for the tabulation and certification of votes; and
- To facilitate a successful proxy solicitation.

Occasionally, shareholders provide written comments on their proxy cards, which may be forwarded to AZZ's management and the board of directors.

Where can I find the voting results of the Annual Meeting?

---

Preliminary voting results will be announced at the Annual Meeting. Final voting results will be tallied by the inspector of election after the taking of the vote at the Annual Meeting. The Company will disclose the final voting results in a Current Report on Form 8-K, which the Company is required to file with the SEC within four business days following the Annual Meeting.

How can I attend the Annual Meeting?

---

Admission to the Annual Meeting is limited to AZZ shareholders or their proxy holders. In order to be admitted to the meeting, each shareholder must present proof of stock ownership and a valid government-issued photo identification, such as a driver's license or passport. Proof of stock ownership may consist of the proxy card or if shares are held in the name of a broker, bank or other nominee, an account statement or letter from the nominee indicating that you beneficially owned shares of AZZ common stock at the close of business on May 10, 2017, the Record Date for the Annual Meeting.

What is the deadline to propose actions for consideration or to nominate individuals to serve as directors at the 2018 annual meeting of shareholders?

---

Requirements for Shareholder Proposals to Be Considered for Inclusion in the Company's Proxy Materials. Proposals that a shareholder intends to present at the 2018 annual meeting of shareholders ("2018 Annual Meeting of Shareholders") and wishes to be considered for inclusion in the Company's Proxy Statement relating to the 2018 Annual Meeting of Shareholders must be received no later than January 24, 2018. All proposals must comply with Rule 14a-8 under the Exchange Act, which lists the requirements for the inclusion of shareholder proposals in company sponsored proxy materials. Shareholder proposals must be delivered to the Company's Secretary by mail at One Museum Place, 3100 West 7<sup>th</sup> Street, Suite 500, Fort Worth, Texas 76107.

Requirements for Other Shareholder Proposals to Be Brought Before the 2018 Annual Meeting of Shareholders and Director Nominations. Notice of any proposal that a shareholder intends to present at the 2018 Annual Meeting of Shareholders, but does not intend to have included in the Company's Proxy Statement for the 2018 Annual Meeting of Shareholders, as well as any director nominations, must be delivered to the Company's Secretary by mail at One Museum Place, 3100 West 7<sup>th</sup> Street, Suite 500, Fort Worth, Texas 76107, not earlier than the close of business on

## PROPOSAL 1

### ELECTION OF DIRECTORS

Our Bylaws, as amended, provide that the board of directors will consist of up to 12 members, each serving a one year term. Dr. Downey has advised the board of directors of his intention to retire as a director of the Company and not stand for re-election at the Annual Meeting. Accordingly, we currently have nine directors whom are standing for re-election at the Annual Meeting. Our Nominating and Corporate Governance Committee has determined that our current board of directors' composition of nine directors, is sufficient from a governance perspective. Proxies cannot be voted for a greater number of nominees than the number of nominees named herein.

Our Bylaws require that, in an uncontested election, each director will be elected by a majority of the votes cast. If a nominee in an uncontested election does not receive a majority of the votes cast, he or she is required to promptly tender a resignation to the board of directors that is subject to acceptance or rejection by the board of directors within 90 days from the date of the certification of the election results. In the event an election of directors is contested, the voting standard will be a plurality of votes cast.

The board of directors has nominated the following directors noted below, for election to a one year term expiring at the 2018 Annual Meeting of Shareholders. All of the nominees currently serve as members of the board of directors with a term expiring at this year's Annual Meeting. Because these elections are uncontested, a nominee for director must receive a majority of the votes properly cast at the meeting in person or by proxy in order to be elected. Therefore, a nominee who receives more than 50% of votes "FOR" election (measured with respect to the total votes cast with respect to such nominee) will be elected, provided that a quorum is present at the meeting.

Each of the director nominees has consented to serve if elected. If for any unforeseen reason a nominee would be unable to serve if elected, the beneficial owners of AZZ's shares as of the Record Date of the Annual Meeting may exercise their discretion to vote for a substitute nominee selected by the board of directors. However, the board of directors has no reason to anticipate that any of the nominees will not be able to serve, if elected.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE ELECTION OF EACH OF THE NOMINEES LISTED BELOW.

Our board of directors, acting through the nominating and corporate governance committee ensures the Company's board has diverse professional expertise, strong skills and qualifications. The board believes that the collective combination of backgrounds, skills and experience levels of its members has produced a board that is well equipped to exercise independent and robust oversight responsibilities for AZZ's shareholders and to help guide the Company's management team in achieving AZZ's long-term strategic objectives.

MATTERS RELATING TO CORPORATE GOVERNANCE, BOARD STRUCTURE,  
DIRECTOR COMPENSATION AND STOCK OWNERSHIP

Corporate Governance

The board of directors believes that strong corporate governance is a prerequisite to the continued success of the Company. The board of directors has adopted formal, written Corporate Governance Guidelines designed to strengthen AZZ's corporate governance. Among other things, the guidelines contain standards for determining whether a director is independent, based upon the independence requirements of the New York Stock Exchange (the "NYSE"). The nominating and corporate governance committee is responsible for overseeing and reviewing the Corporate Governance Guidelines and Code of Conduct at least annually and recommending any proposed changes to the full board of directors for its approval. On January 20, 2016, the board of directors amended the Company's Code of Conduct applicable to all of our directors, officers and employees, and the charters for each board of directors committee to provide greater emphasis and clarity of evolving legal and regulatory requirements and best practices. The Corporate Governance Guidelines, Code of Conduct and charters for the audit, compensation and nominating and corporate governance committees are available on the Company's website at [www.azz.com](http://www.azz.com), under the heading "Investor Relations — Corporate Governance".

Director Independence

It is our policy that the board of directors will at all times consist of a majority of independent directors. AZZ recognizes the importance of having an independent board of directors that is accountable to both AZZ and its shareholders. In addition, all members of the audit committee, compensation committee and nominating and corporate governance committee must be independent. To be considered independent, a director must satisfy the independence requirements established by the NYSE and the Securities and Exchange Commission (the "SEC"). The board of directors will consider and apply all facts and circumstances relating to each director in determining independence. The board of directors has determined that all of the current members of the board of directors have no material relationship with the Company and are independent within the meaning of the Company's Corporate Governance Guidelines and the NYSE listing standards, except for Thomas E. Ferguson. Mr. Ferguson is employed as the Company's president and chief executive officer.

Directors' Attendance at Board and Committee Meetings and at the Annual Meeting of Shareholders

Our board of directors met five times during fiscal year 2017. Each director attended at least 75% of the total number of board meetings and meetings of the board committee or committees on which he or she served during fiscal year 2017. Although we have no formal policy on the matter, all directors are encouraged to attend, and typically have attended, our annual meeting of shareholders. All of our directors attended the 2016 Annual Meeting of Shareholders other than Mr. McGough (who was not a member of the board of directors at the time of such meeting).

#### Board Committees

The board of directors has established three standing board committees, the audit committee, the compensation committee and the nominating and corporate governance committee. Each committee is governed by a charter that is reviewed annually and revised as deemed necessary. A copy of each charter is available on the Company's website at [www.azz.com](http://www.azz.com) under the heading "Investor Relations – Corporate Governance." Meetings of Independent Directors without Management Present

To empower our independent directors to serve as a more effective check on management, our independent directors meet at regularly scheduled executive sessions without members of AZZ's management present. The independent directors met without management present five times during the last fiscal year. Executive sessions ordinarily are held in conjunction with quarterly scheduled board meetings. Mr. Joyce, as our independent chairman of the board of directors, presides over these meetings.

## Board Leadership Structure

The board of directors has flexibility under its governance guidelines to select an appropriate leadership structure. The board of directors believes that it is preferable for one of its independent, non-employee members to serve as chairman because it places an independent director in a position of leadership on the board which it believes adds value to AZZ's shareholders by facilitating a more efficient exercise of the board's fiduciary duties. We believe the separation of the chairman and the chief executive officer positions allows the non-employee chairman to provide support and advice to the chief executive officer, reinforcing the reporting relationship and accountability of the chief executive officer to the board. The board of directors further believes this structure is appropriate given that the chief executive officer has the day-to-day responsibility to run the Company and the chairman of the board has the responsibility to lead and coordinate the functions of the board of directors. The non-employee directors appoint the non-management chairman of the board of directors. The duties of the board chairman are to:

- Preside at board meetings;
- Preside at executive sessions or other meetings of the non-employee directors;
- Recommend the retention of any consultants, legal, financial or other professional advisors who are to report directly to the board of directors;
- Consult with management as to the agenda items for board and committee meetings; and
- Coordinate with committee chairs in the development and recommendations regarding board and committee meeting schedules.

The board of directors believes its leadership structure not only provides for strong independent leadership, but also is in the best interests of the Company's shareholders given that it effectively positions the chief executive officer as the Company's leader and permits him to focus his entire energies on the daily management of the business operations. The board of directors understands that its current approach to leadership structure may evolve over time as circumstances may change. Consequently, the board of directors annually re-examines its corporate governance policies and leadership structure to ensure that they continue to meet the Company's needs and strategic objectives.

## Annual Board and Committee Self-Assessments

The board believes it is important to annually evaluate the performance of the board and its committees and to solicit and act upon feedback received from directors. As part of the board's self-assessment process, directors consider various topics related to board composition, structure, effectiveness and responsibilities, as well as the overall mix of director skills, experience and backgrounds. The board also considers its performance as well as that of its committees from time to time throughout the year and shares relevant feedback with management.

Initiation of Process	A list of potential topics are circulated by the chairman of the board to the directors for consideration >in advance of the board's self-assessment discussion. Committee chairs follow a similar process for their respective committees.
Discussion	The chairman of the board meets with the board to gather their views and obtain feedback. Committee chairs lead their respective committee discussions during executive session.
Follow-Up	The chairman of the board shares a summary of the board results which addresses any requests or >enhancements in practices that may be applicable to the board or management. Committee chairmen report on their respective self-assessments to the full board.

### The Role of the Board in Succession Planning

The board believes effective succession planning particularly for the chief executive officer is important to the continued success of the Company. As a result, the board periodically reviews and discusses succession planning with the chief executive officer during executive sessions of board meetings. The compensation committee reviews and assesses the management succession planning process and reports to the board with respect to such succession planning for the chief executive officer and our other executive officers.

### The Board's Role in Risk Oversight

The Company's board of directors has overall responsibility for the effective oversight of risk, whether financial, operational or strategic. This oversight function necessarily focuses on the most significant risks facing the Company and is deemed an important priority by the board of directors. The board of directors does not attempt to view in isolation the risks facing the Company, but tries to consider risk holistically and as a proper component of the Company's short-term and long-term strategy. The board of directors does not believe it is possible, nor even desirable, to eliminate all business risk. Rather, reasonable and calculated risk-taking by management is deemed appropriate and necessary for the Company to remain competitive in its industries.

While the board of directors generally oversees risk management, the responsibility for daily management of these risks resides with the Company's chief executive officer and other members of the executive team who are responsible for the ongoing assessment and management of Company risks, including risks relating to: operations; governance; implementing strategic growth initiatives; integrating acquisitions into the Company's operations; and the Company's public company compliance programs; financial reporting and public disclosure. The Company has established robust internal processes and controls for identifying and managing risk, including comprehensive internal and external audit processes. These processes have been designed to allow management to effectively identify and manage risks and to timely communicate the results of such activities to the board of directors. Management routinely communicates with the board of directors, its committees and individual directors, as appropriate, regarding various risks. All directors have direct and open access to the Company's executive officers and other members of the management team. As a result, throughout the year, the board of directors and its committees communicate with each other and with management. Periodically, the Company's strategic and operational risk are presented and thoroughly discussed with the board of directors during the chief executive officer's operational report. The Company's financial risks are specifically addressed during the formal presentation of its financial results at each board meeting. The board of directors further considers risks when considering specific actions proposed by management.

In addition to the presentation of information to the full board of directors, the board of directors has delegated responsibility for the oversight of certain risks to the proper board committees. These committees regularly meet and report to the full board of directors at each board meeting. In particular:

The audit committee oversees the integrity of the financial statements of the Company, the independent auditor's qualifications and independence, the performance of the Company's internal audit function and independent auditors; and the Company's compliance with legal and regulatory requirements. Complaints and concerns relating to AZZ's accounting matters should be communicated to the audit committee. Any such communications may be made on an anonymous basis. Any concerns or complaints may be reported to the audit committee through a third-party vendor, NAVEX Global Inc., which has been retained by the audit committee for this purpose. The AZZ Alertline may be accessed toll-free at 1 (855) 268-6428 or via the website at <https://azz.alertline.com>. Outside parties, including customers, vendors, suppliers or shareholders may bring issues regarding accounting matters to the attention of the audit committee by writing to the Chairman of the Audit Committee, AZZ Inc., 3100 West 7<sup>th</sup> St., Suite 500, Fort Worth, TX 76107. All complaints and concerns will be reviewed under the direction of the audit committee and oversight provided by the chief legal officer and other appropriate persons as determined by the audit committee.

The compensation committee oversees the risks relating to the Company's compensation philosophy and programs and generally evaluates any potential effect the Company's compensation structure may have on management risk taking. The compensation committee reviews the recommendations of the Company's management regarding adjustments to the Company's executive compensation programs. The compensation committee has retained and regularly meets with Meridian, its independent executive compensation consultant, which assists the compensation committee in evaluating the Company's compensation programs and adherence to the philosophies and principles as discussed under "Executive Compensation – Compensation Discussion and Analysis." The compensation committee also monitors risks relating to the overall management and organizational structure, as well as succession planning at the executive officer and key leadership levels.

The nominating and corporate governance committee provides oversight on the composition of the board of directors and its committees and provides leadership to the board in maintaining best corporate practices in the Company's corporate governance principles and practices. Many of our corporate policies are summarized in the Code of Conduct, including our policies regarding conflict of interest, insider trading, related party transactions, confidentiality and compliance with laws and regulations applicable to the conduct of our business. All officers, directors, employees and representatives are required to acknowledge and agree to be bound by the Code of Conduct and are subject to disciplinary action, including termination, for violations. The Code of Conduct is published on our website at [www.azz.com](http://www.azz.com) under the heading "Investor Relations/Corporate Governance/Code of Conduct." Any amendments to the Code of Conduct or the grant of a waiver from a provision of the Code of Conduct requiring disclosure under applicable SEC rules will be disclosed on our website. Under our Code of Conduct, directors, officers and employees are expected to report any violation or waiver of any provision of the Code of Conduct to the Chief Legal Officer. Anyone may report matters of concern to the AZZ legal department through our anonymous, confidential toll-free AZZ Alertline at 1 (855) 268-6428, online at <https://azz.alertline.com>, or by writing to the Chief Legal Officer, AZZ Inc., 3100 West 7<sup>th</sup> St., Suite 500, Fort Worth, TX 76107.

As indicated above, the board of directors' proper role is risk oversight as opposed to the day-to-day management of risks, which is the focus and the responsibility of the Company's management team. The board of directors believes this division of responsibility provides an effective means for addressing the full spectrum of risks applicable to the Company. Furthermore, the board of directors believes that its leadership structure, with an independent, non-management chairman of the board of directors and of each committee, supports its risk oversight function.

#### CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

The Company has adopted a written policy for approval of transactions between the Company and its directors, director nominees, executive officers, greater than 5% beneficial owners and their respective immediate family members, where the amount involved in the transaction exceeds or is expected to exceed \$120,000 in a single calendar year. The policy provides that the audit committee review transactions subject to the policy and determines whether or not to approve or ratify such transactions. In doing so, the audit committee takes into account, among other factors it deems appropriate, (i) whether the transaction is on terms that are no less favorable to the Company than terms generally available to an unaffiliated third-party under the same or similar circumstances; (ii) the extent of the related person's interest in the transaction, including the risks that could result therefrom; and (iii) whether the transaction impairs independence.

During fiscal year 2017, the Company did not enter into any transactions, other than as described below, with any of its officers, directors or shareholders owning 5% or more of our common stock or any immediate family members of such persons in which the amount involved exceeded \$120,000.

As described above, Ms. McCellon-Allen, a member of the Company's board of directors, is the President and Chief Operating Officer of SWEPCO, a subsidiary of AEP. Since March 1, 2017, AEP and its affiliates entered into

transactions with affiliates of the Company involving an aggregate amount of \$440,000. Ms. McCellon-Allen does

not hold any direct interest in these transactions, which consist of sales by the Company's Energy and Galvanizing Segments of certain products and services to several of AEP's affiliates, and holds an indirect interest solely by virtue of her position as an officer of a subsidiary of AEP. The audit committee considered the business relationship between the Company and AEP and its affiliates when reviewing the transactions that occurred during fiscal year 2017 and determined to approve and ratify the business transactions, based in part on (a) the fact that this commercial relationship was in existence for several years prior to Ms. McCellon-Allen being elected to the board of directors, (b) the fact that such transactions were negotiated on an arm's length basis without any terms more or less favorable to the Company than would be received from any other unaffiliated third party, (c) the audit committee's understanding that Ms. McCellon-Allen does not exercise or influence decision-making abilities with respect to the AEP affiliates conducting business with the Company and its subsidiaries and (d) the audit committee's understanding that Ms. McCellon-Allen will be subject to information barriers within AEP that are intended to prevent her from receiving information regarding any business conducted between AZZ and AEP (or their respective affiliates).

## DIRECTOR COMPENSATION

The Company uses a combination of cash and stock-based incentive compensation to attract and retain qualified candidates to serve on the board of directors. In setting director compensation, the nominating and corporate governance committee considers the significant amount of time that directors contribute in fulfilling their duties to the Company and the skill level required for members of the board of directors.

Set forth below is a summary of the components of compensation payable to non-employee directors for board and committee service for fiscal year 2017. Mr. Ferguson, while serving as an executive officer of the Company, did not receive any compensation for his service as a director.

Cash Compensation. The table below shows cash compensation payable to the non-employee directors of the Company for fiscal year 2017:

The annual retainers described above were paid quarterly at the end of each fiscal quarter of the Company. Board and committee meeting fees were also paid on a quarterly basis in arrears based on attendance. All members of the board of directors are reimbursed for reasonable costs and expenses incurred in attending board and committee meetings.

Effective as of March 1, 2017, upon the recommendation of the nominating and corporate governance committee, the board approved the following changes to cash compensation payable to the non-employee directors of the Company for fiscal year 2018:

The grant date for the annual director equity grant is targeted for the date of the annual meeting of shareholders on each applicable year.

Eligible directors received an annual equity grant of common stock of the Company having a \$100,000 fair market value at the time of grant, on the date of the annual meeting of shareholders, which was July 12, 2016. The equity values in this column for the fiscal year ended February 28, 2017 reflect the aggregate grant date fair market value calculated in accordance with FASB ASC Topic 718 for stock awards granted to each of the non-employee directors under the 2014 Plan. Assumptions used in the calculation of this amount are included in footnote 11 to the Company's audited financial statements for the fiscal year ended February 28, 2017, included in the Company's Annual Report on Form 10-K. Mr. McGough did not receive an equity grant during fiscal year 2017 because he joined the board of directors after the July 12, 2016 grant date.

(1) Beginning in fiscal year 2016, SARs were no longer granted as a component of the Company's annual board of directors compensation.

(2) The amount reported is pro-rated based upon Mr. Bowen's retirement from the board of directors on July 12, 2016.

(3) Dr. Downey is not standing for re-election.

(4) The amount reported is pro-rated based upon Mr. Hegedus's retirement from the board of directors on July 12, 2016.

(5) The amount reported is pro-rated based upon Mr. McGough's appointment to the board of directors on January 19, 2017.

#### NON-EMPLOYEE DIRECTOR STOCK OWNERSHIP GUIDELINES

Under the Company's stock ownership guidelines, non-employee directors are expected to accumulate within five (5) years of joining to the board of directors, shares of AZZ's common stock equal in value to at least five (5) times the amount of their annual cash retainer (currently valued at \$200,000). All non-employee directors are in compliance with the minimum requirement of the stock ownership guidelines, except for Mr. McGough, who was recently appointed to the board of directors on January 19, 2017. He will continue to work towards acquiring the target level within five (5) years from his respective date of being appointed to the board of directors.

## PROCEDURES FOR COMMUNICATING WITH DIRECTORS

The board of directors has established a process by which shareholders can send communications to the board of directors. Interested parties would use the same method as shareholders to communicate directly with the chairman of the board of directors or with non-employee directors as a group. Shareholders and interested parties can send written communications to one or more members of our board of directors at the address noted below:

Mr. Kevern R. Joyce  
Chairman of the Board  
AZZ Inc.  
One Museum Place, Suite 500  
3100 West 7th Street  
Fort Worth, Texas 76107

Generally, we distribute communications to the board of directors or to any individual director, as appropriate, depending on the subject matter, facts and circumstances outlined in the communication. We will not distribute communications that are not related to the duties and responsibilities of the board of directors, including:

- spam;
- junk mail and mass mailings;
- product or service inquiries or complaints;
- new product or service suggestions;
- resumés and other forms of job inquiries;
- surveys; and
- business solicitations or advertisements.

In addition, we will not distribute unsuitable material to our directors, including material that is unduly hostile, threatening or illegal, although any communication that is screened as described above will be made available to any director upon request.

## DIRECTOR NOMINATION PROCESS

### Board Member Qualification Criteria

The nominating and corporate governance committee has adopted certain Board Member Qualification Criteria, which set forth the primary attributes and qualifications considered by the nominating and corporate governance committee in evaluating nominees for director, including:

- management and leadership experience;
- relevant industry knowledge and diversity of background and experience; and
- personal and professional demonstration of ethics, integrity and professionalism.

The nominating and corporate governance committee also believes that the board of directors should be composed of individuals who have achieved a high level of distinction in business, law, education or public service and who possess one or more of the following specific qualities or skills:

- financial expertise;
- general domestic and global knowledge of the electrical and industrial products industry, metal coatings services or the highly engineered welding services industry;
- legal, human resources or accounting experience; and
- chief executive officer, chief financial officer or other senior management experience.

The nominating and corporate governance committee does not have a formal policy regarding the consideration of diversity in identifying director nominees, though diversity is always considered, among many other factors, with a broad view toward the needs of the entire board of directors. When identifying and recommending director nominees, the nominating and corporate governance committee views diversity expansively to include, without limitation, concepts such as race, gender, national origin, differences of viewpoint, professional experience, education, specialized skills and other qualities or attributes that can contribute to the board's effectiveness. The nominating and corporate governance committee believes that including diversity as one of the many factors considered in selecting director nominees is consistent with the nominating and corporate governance committee's goal of creating a board of directors that best serves the needs of the Company and the interests of its shareholders.

#### Internal Process for Identifying Candidates

Members of the nominating and corporate governance committee or other AZZ directors or executive officers may, from time to time, identify potential candidates for nomination to our board of directors. All proposed nominees, including candidates recommended for nomination by shareholders in accordance with the procedures described below, will be evaluated in light of the Board Member Qualification Criteria and the projected needs of the board of directors at the time. The nominating and corporate governance committee may also retain a search firm from time to time to assist in identifying potential candidates for nomination to the board of directors. The search firm's responsibilities may include identifying and evaluating candidates believed to possess the qualities and characteristics set forth in the Board Member Qualification Criteria, providing background information on potential nominees and interviewing and screening nominees if requested to do so by the nominating and corporate governance committee.

#### Board Composition and Ongoing Refreshment

The board of directors understands the importance of board refreshment, and strives to maintain an appropriate balance of tenure, turnover, diversity and skills on the board. The board also believes that new perspectives and ideas are critical to a forward looking and strategic board, but must be balanced with the valuable experience and continuity that longer serving directors provide. Ensuring the board is composed of directors who bring diverse viewpoints and perspectives, exhibit a variety of skills, professional experience and backgrounds, and effectively represent the long term interests of our shareholders, is a top priority.

At the end of 2014, the board of directors began a refreshment process consisting of the following goals:

- To add members with significant international experience;
- To add members with engineering and manufacturing expertise;
- To provide for a smooth transition over time while reducing the average age and tenure of the board;
- To expand the board size so that no member served on more than two committees;
- To add diversity and strength to the board through race, gender, national origin, differences of viewpoint, and professional experience; and

To gradually add members to the board over the next three years to maintain board stability and culture during the refreshing process.

In 2015, the board of directors amended the Company's Corporate Governance Guidelines to include a requirement that a non-employee director having attained the age of 72 during his or her term, shall retire at the end of that term. The board of directors does, however, have the discretion to waive this requirement if individual circumstances indicate that a waiver would be in the best interests of the Company. When the board began its refreshment process, it was comprised of members having an average age of 68 years and an average tenure of 16 years. Now, the board nominees have an average age of 61 years and an average tenure of 7 years, with over 50% of the directors having joined the board in the last 5 years.

#### Shareholder Recommendations for Directors

The nominating and corporate governance committee will consider candidates recommended by shareholders for election to our board of directors. A shareholder who wishes to recommend a candidate for evaluation by the nominating and corporate governance committee should forward the candidate's name, business or residence address, principal occupation or employment and a description of the candidate's qualifications to the chairman of the nominating and corporate governance committee, in care of the corporate secretary, AZZ Inc., One Museum Place, 3100 West 7th Street, Suite 500, Fort Worth, Texas 76107. In addition, the corporate secretary must receive the request for consideration and all required information no later than 5:00 p.m., local time, on January 24, 2018. Proposals should be sent via registered, certified or express mail. The corporate secretary will send properly submitted shareholder recommendations to the chairman of the nominating and corporate governance committee.

In order for a candidate proposed by a shareholder to be considered by the nominating and corporate governance committee for inclusion as a board nominee at the 2018 Annual Meeting of Shareholders, the candidate must meet the Board Member Qualification Criteria described above and must be expressly interested and willing to serve as an AZZ director. Individuals recommended to the nominating and corporate governance committee by shareholders in accordance with the procedures described above will be evaluated by the nominating and corporate governance committee in the same manner as individuals who are recommended through other means.

#### Shareholder Nominations of Directors

Article III, Section 3.08 of our Bylaws also permits a shareholder to propose a candidate at an Annual Meeting of Shareholders who is not otherwise nominated by the board of directors through the process described above if the shareholder complies with the advance notice, information and consent provisions contained in the Bylaws. To comply with the advance notice provision of the Bylaws, a shareholder who wishes to nominate a director at the 2018 Annual Meeting of Shareholders must provide AZZ written notice no earlier than March 12, 2018 and no later than April 11, 2018. You may also contact the Company's corporate secretary to obtain the specific information that must be provided with the advance notice.

Nominees for Election at the 2017 Annual Meeting

AZZ received no recommendations for nominees for election to the board of directors at our 2017 Annual Meeting of Shareholders by shareholders or groups of shareholders owning more than 5% of our common stock.

PROPOSAL 2

APPROVAL OF THE SAY-ON-PAY PROPOSAL

Pursuant to federal legislation (Section 14A of the Exchange Act), AZZ provides its shareholders with a non-binding advisory shareholder vote (commonly referred to as “Say-on-Pay”) on its executive compensation program as described below in the “Compensation Discussion and Analysis” section of this Proxy Statement. Because the Say-on-Pay vote is advisory and non-binding on AZZ or the board of directors, neither AZZ nor the board of directors will be required to take any action as a result of the voting outcome. However, the vote will provide valuable information regarding investor sentiment regarding AZZ’s executive compensation program. The board of directors will review these voting results and take them into consideration when making decisions regarding AZZ’s future executive compensation philosophy, policies and practices.

AZZ requests that you support the executive compensation program. AZZ believes the information concerning executive compensation set forth in this Proxy Statement demonstrates that its executive compensation program was designed in an appropriate and conservative manner, consistent with sound corporate governance principles, to support AZZ’s short- and long-term business objectives and strategy. AZZ’s executive compensation program is closely monitored by its board of directors to ensure that the compensation program is within the range of market practices for companies of similar size and similar markets. AZZ believes its compensation program appropriately balances utilizing responsible, measured pay practices and provides appropriate incentives to the current named executive officers, and aligns their interests with those of AZZ’s shareholders with respect to the creation of long-term value for AZZ’s shareholders. Consequently, the board of directors strongly endorses AZZ’s executive compensation program and recommends that the shareholders vote in favor of such program by approving the following non-binding advisory resolution:

“RESOLVED, that the shareholders approve, on an advisory basis, the compensation paid to the Company’s named executive officers, as disclosed in this Proxy Statement, including the Compensation Discussion and Analysis, the executive compensation tables and the related narrative discussion.”

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” THE APPROVAL, ON A NON-BINDING ADVISORY BASIS, OF AZZ’S EXECUTIVE COMPENSATION PROGRAM.

## EXECUTIVE COMPENSATION

### Compensation Discussion and Analysis

#### Introduction

Our goal for our executive compensation program is to attract, motivate and retain key leaders and high performance executives who provide consistent leadership and team effort to contribute to the Company's success in dynamic and competitive markets. We seek to accomplish this goal in a way that rewards performance and aligns the long term interests of our executives with those of our shareholders. The compensation committee of the board of directors oversees the executive compensation program and determines the compensation for our named executive officers. We believe the compensation program for our named executive officers was instrumental in helping the Company achieve solid financial performance in fiscal year 2017, despite a challenging economic environment.

#### Named Executive Officers

The purpose of this Compensation Discussion and Analysis is to describe the compensation committee's compensation philosophy and approach for the Company's chief executive officer, chief financial officer, and the three other most highly compensated paid executive officers of the Company for fiscal year 2017 (the "named executive officers" or "NEOs"). The Company's NEOs for fiscal year 2017 are as follows:

#### NEOs

- Thomas E. Ferguson – President and Chief Executive Officer
- Paul W. Fehlman – Senior Vice President and Chief Financial Officer
- Chris Bacius – Vice President, Corporate Development
- Tara D. Mackey – Chief Legal Officer and Secretary
- Tim E. Pendley – Senior Vice President and Chief Operating Officer, Galvanizing

#### Employment Agreements

Two of our current NEO's have employment agreements with the Company. Mr. Ferguson's employment agreement with the Company commenced in November 2013 and was amended and restated on September 29, 2016 (the "Amended CEO Agreement"), which superseded his prior employment agreement. The Amended CEO Agreement:

extended Mr. Ferguson's employment term for an additional three years to expire on September 29, 2019 and on each one year anniversary thereafter, will be subject to automatic extensions for successive one-year periods unless either the Company or Mr. Ferguson gives written notice to the other at least one hundred twenty (120) days before such extension would otherwise occur of the Company's or Mr. Ferguson's election not to extend the term; added a clawback provision for incentive payments to be in compliance under the Dodd-Frank Act and the Company's Compensation Recovery Policy; and

as consideration for entering into the Amended CEO Agreement, the Company granted Mr. Ferguson a renewal equity grant consisting of 30,000 restricted stock units ("RSUs") of the Company's common stock on the first day of the open trading window under the Company's Insider Trading Policy, with the RSUs cliff vesting in full on September 29, 2019, provided Mr. Ferguson fulfills the three-year term as defined in the amended agreement.

Mr. Fehlman entered into an employment agreement in February 2014. The initial term was for two (2) years, which was automatically extended on the second anniversary of the date of the agreement and will be subject to

automatic extensions each subsequent anniversary for one additional year, unless either party gives 120 days written notice of non-renewal.

Each of the above agreements provides for (i) a base salary, to be reviewed annually, which the board and/or the compensation committee may adjust at its discretion; (ii) eligibility for an annual equity award under the Company's 2014 Plan; and (iii) an annual cash incentive opportunity to be based upon individual or Company performance criteria that the board and/or the compensation committee establishes for each fiscal year, with a target annual cash incentive expressed as a percentage of base salary. Messrs. Ferguson and Fehlman are each subject to covenants prohibiting competition, solicitation of customers and employees and interference with business relationships during employment and for 12 months thereafter and are also subject to restrictive covenants regarding confidentiality, non-disparagement and proprietary rights.

In addition to the terms of these agreements described above, the employment agreements provide for certain severance payments and benefits following a termination of employment under certain circumstances. These benefits are described below in the section titled "Potential Payments upon Termination or Change in Control".

#### Highlights of Financial Results for Fiscal Year 2017

Fiscal year 2017 was a challenging year for both our Energy and our Galvanizing Segments, resulting in: a decrease in the Company's consolidated total revenue by 4.9%, to \$858.9 million, for the year ended February 28, 2017 compared to the year ended February 29, 2016;

the Company completing one acquisition in the Electrical Segment; and

the Company achieving diluted earnings per share equal to \$2.33 as compared to \$2.96 in fiscal year 2016.

Despite a challenging market in fiscal year 2017, the Company marked its 30<sup>th</sup> consecutive year of profitable operations and has a record of consistent profitability and strong cash generation. The Company is well positioned for the future and continues to (i) invest in new organic growth initiatives to drive future sales; (ii) execute M&A strategies; and (iii) streamline the business unit platforms to improve operations and to focus on its core businesses.

#### Highlights of Our Compensation Program

Highlights of our compensation programs for fiscal year 2017 include the following:

Our NEOs' total compensation is comprised of a mix of base salary, annual short-term incentive compensation, long-term incentive awards and other benefits. As illustrated below, the chief executive officer's total compensation for fiscal years 2014 through 2017 was significantly contingent upon the Company's performance and has increased with the steady increases in return to the Company's shareholders in the form of year over year stock price appreciation. Actual total compensation paid to Mr. Ferguson during fiscal year 2017 was lower than fiscal year 2016 as a result of a below target payout under the Company's annual cash incentive plan. Mr. Ferguson's total compensation for fiscal year 2017 illustrated in the chart below includes 30,000 RSUs that had a fair market value of \$1,663,800 on October 10, 2016, the date of grant, in consideration of entering into an Amended and Restated Employment Agreement (the "Amended CEO Agreement") with the Company. These RSUs will cliff vest in full on September 29, 2019, provided Mr. Ferguson fulfills the three-year term as defined in the Amended CEO Agreement.

Total compensation is calculated using the same methodology as in the Summary Compensation Table. Additional detail regarding the compensation paid to our chief executive officer during fiscal year 2017 is provided in the Summary Compensation Table provided on page 53.

In fiscal year 2017, our NEOs received annual base salary adjustments ranging from 3.5% to 10% for their performance on the execution of several business initiatives and, with respect to certain officers, on the successful identification and evaluation of potential business acquisition targets, additional corporate responsibilities, expanding international business, product and market development initiatives and reducing corporate expenses. See also the table on page 44 regarding adjustments to the NEOs base salaries.

For fiscal year 2017, our NEOs continued to receive almost half of their compensation in the form of equity compensation, a portion of which is at risk because the awards are tied to increasing shareholder value through return on net assets and stock appreciation performance metrics in the form of performance share units (“PSUs”) and the other portion of equity compensation being tied to time vested RSUs. The grant value of equity awards made to our NEOs in fiscal year 2017 was allocated 50% to RSUs and 50% PSUs. The charts below show the elements of compensation that comprised the mix of total direct compensation for Mr. Ferguson and the average mix of total direct compensation for the other NEOs. The charts illustrate that approximately 64% of Mr. Ferguson’s total direct compensation and 55% of the average total direct compensation for the other NEOs was tied to the Company’s financial performance, which aligns their interests with those of the Company’s shareholders. The total direct compensation illustrated in the charts below does not include perquisites, retirement and other benefits.

Named Executive Officer	Percent of Fiscal Year 2017 Pay "At Risk"
Thomas E. Ferguson	64 %
Paul W. Fehlman	52 %
Chris Bacias	44 %
Tara D. Mackey	42 %
Tim E. Pendley	48 %

Messrs. Ferguson and Fehlman each have employment agreements with the Company. Our other NEOs do not have employment agreements. They are employed at-will and are expected to demonstrate exceptional personal performance and leadership in order to continue serving as a member of the executive team.

#### Compensation Program Overview

The compensation committee of the board of directors has the responsibility for establishing, implementing and monitoring adherence to the Company's compensation philosophy. The compensation committee ensures that the total compensation paid to the Company's management team is fair, reasonable, competitive and proportionately performance based. Generally, the types of compensation and benefits provided to the NEOs, are similar to those provided to other members of the management team.

#### Compensation Philosophy and Objectives

The compensation committee believes that the most effective executive compensation program is one that is designed to reward the achievement of specific annual, long-term and strategic goals by the Company and which aligns executives' interests with those of our shareholders by rewarding performance specifically tied to the achievement of goals set by the Company, with the ultimate overall objective of increasing shareholder value. The compensation committee evaluates both performance and compensation to ensure that the Company maintains its ability to retain and attract superior talent in key positions and that compensation provided to such executives remains competitive relative to the compensation paid to similarly situated executives of publicly held companies in the same industry. To that end, the compensation committee believes executive compensation packages provided by the

Company to its executives, including the NEOs, should include both cash and equity-based compensation that rewards performance as measured against established goals.

The table below highlights our current compensation practices for our NEOs, including practices that we believe drive future strategic growth and foster strong corporate governance principles, and practices we have not implemented because we do not believe they would serve our shareholders' long-term interests.

#### What We Do

- ü A significant portion of our executive officers' total compensation is financial performance based.
- ü Performance measures are highly correlated to the creation of shareholder value.
- ü We review and benchmark pay relative to the market median of our industry peer group on an annual basis.
- ü Our executive compensation program is designed to encourage building long-term shareholder value and attract and retain high performance executive talent.
- ü We use annual cash incentive opportunities and equity-based awards to balance the Company's short- and long-term performance objectives.
- ü Our equity awards are equally weighted between time-vested RSUs, which vest ratably over a three-year period, and PSUs, which emphasize achievement of financial performance metrics over a three-year performance cycle.
- ü The compensation committee engages an independent executive compensation consultant.
- ü Our compensation committee conducts an annual review of all executive compensation program components to ensure alignment with our compensation objectives.
- ü We implemented a Compensation Recovery Policy to protect the Company in the event of a financial restatement or an executive officer engages in serious misconduct.
- ü We provide a limited number of employment agreements and executive perquisites.
- ü We have stock ownership guidelines for directors and executive officers.

#### What We Don't Do

- û We do not provide tax gross ups.
- û We do not recycle shares withheld for taxes.
- û We do not permit pledging or hedging of Company securities.
- û We do not pay dividends or dividend equivalents on unearned RSUs and PSUs until they vest.
- û We do not reprice underwater equity awards.
- û We do not have pension or supplemental executive retirement plans.

#### Role of Compensation Committee, its Compensation Consultant and the Chief Executive Officer in Compensation Decisions

The compensation committee makes all compensation decisions including equity awards for the executive management team.

The chief executive officer provides the compensation committee with an evaluation of the annual performance of each member of the executive management team (other than his own, which is subsequently reviewed by the compensation committee) and makes preliminary recommendations for base salary and incentive target levels for them. The compensation committee can exercise its discretion in modifying any recommended adjustments or awards to executives made by the chief executive officer. The compensation committee, in executive session and without

executive officers present, approves the chief executive officer's pay levels, including the pay levels of the other executive members of the team. The chief executive officer does not make recommendations to the compensation committee on his own pay levels.

The compensation committee has the authority to retain and terminate compensation advisors, including the authority to approve the terms and fees of any such arrangement. The compensation committee has engaged the services of Meridian Compensation Partners, LLC (“Meridian”), a national executive compensation consulting firm, to review and provide recommendations concerning all of the components of the Company’s executive compensation program. Meridian performs services solely on behalf of the compensation committee and does not perform any services for the Company. The compensation committee has assessed the independence of Meridian pursuant to standards promulgated by the SEC and the NYSE and concluded that no conflict of interest exists that would prevent Meridian from independently representing the compensation committee. For more information on the compensation advisor, see the section below titled “Setting Executive Compensation”.

#### Setting Executive Compensation

Based on our compensation philosophy and objectives, the compensation committee has structured the Company’s annual and long-term incentive based cash and non-cash executive compensation to motivate executives to achieve the short-term and long-term business goals set by the Company and reward the executives for achieving such goals. In furtherance of this, the compensation committee has the authority under its charter to engage an external compensation consulting firm to conduct a review of the Company’s total compensation program for the chief executive officer as well as for other members of the executive team.

The compensation committee has engaged Meridian to provide ongoing advisory services to the compensation committee, which services have included, but not been limited to, an executive compensation review for purposes of advising the compensation committee with respect to executive compensation for fiscal year 2017. In addition, Meridian provides the compensation committee with relevant market data and alternatives to consider when making compensation decisions for the chief executive officer and on the recommendations being made by the Company’s chief executive officer for executives other than the chief executive officer. The compensation committee did not and does not direct Meridian to perform its services in any particular manner or under any particular method. All of the decisions with respect to the Company's executive compensation, however, are made by the compensation committee. The compensation committee has the sole authority to hire and terminate the compensation consultant, and the compensation committee evaluates the compensation consultant annually. In fiscal year 2017, Meridian did not perform any other services for the Company other than those described above for the compensation committee. In accordance with Rule 10C-1(b)(4) under the Exchange Act, the compensation committee has determined that Meridian is independent and that no conflict of interest exists that would be required to be disclosed in the Company’s Proxy Statement pursuant to Item 407 of Regulation S-K.

#### Peer Group

In making compensation decisions, the compensation committee compares each element of the total compensation program against a group of comparable publicly held companies for benchmarking executive compensation. This peer group of companies, which is annually reviewed and updated by the compensation committee in consultation with Meridian, consists of companies against which the compensation committee believes the Company competes for talent and for shareholder investment. In fiscal year 2017, the compensation committee reviewed a group of 15 companies in the electrical and lighting component manufacturing, metals fabrication, and galvanizing industries. These peer companies had a median revenue above \$798 million for the most recently reported fiscal year end, which approximated AZZ’s projected revenue for fiscal year 2017 as disclosed to Meridian by the compensation committee. This group included:

- Altra Industrial Motion Corp.
- Encore Wire Corp.
- L.B. Foster Company
- Franklin Electric Co Inc.
- Generac Holdings, Inc.
- Haynes International Inc.
- Hubbell Incorporated
- Littlefuse Inc.
- LSI Industries Inc.
- Powell Industries Inc.
- Preformed Line Products Co.
- Regal Beloit Corporation
- Team Inc.
- Valmont Industries Inc.
- Woodward Inc.

For fiscal year 2017, Global Power Equipment Group, Inc. was removed from AZZ's peer group because it is no longer publicly held and Dynamic Materials Corp. was removed due to its smaller market size as compared to AZZ. As a result, the compensation committee, in consultation with Meridian, believed Team Inc. and Woodward Inc. should be added to AZZ's peer group companies as they believed them to be more appropriate peer group companies in terms of annual revenues, market capitalization and the markets in which AZZ competes.

Though the compensation committee considers the compensation practices of these peer companies in determining the overall compensation of the Company's NEOs (including in determining base salaries, as described below), the compensation committee does not set target compensation at specific market percentiles. Based on this peer group analysis, the compensation committee concluded that the compensation levels for the Company's NEOs fell within the range of the observed market compensation levels.

In addition to peer market data, compensation is determined based upon the individual's experience level and performance as well as by internal pay equity (including the executive's accountability and impact on Company operations). In considering internal pay equity, the compensation committee has no formula or established ratios for setting one executive's total compensation versus the compensation of another executive officer. Rather, the compensation committee subjectively evaluates the relative importance of each NEO's role to the Company as a whole, which results in certain executives receiving more total compensation than others (e.g., the Company's chief executive officer is paid more than its chief financial officer). The compensation committee may also consider how the Company has performed relative to the industry peer group of companies listed above.

The compensation committee strives to develop total compensation packages for our executives comprised of a balanced combination of base salary, annual incentive awards, and long-term compensation. The overall compensation of our executive officers, including the employment agreements with our chief executive officer and chief financial officer, utilizes a combination of these forms of compensation. However, the compensation committee does not establish a targeted mix or formula in allocating total compensation across these pay components. In setting executives' compensation, the compensation committee also reviews the total compensation that each respective officer potentially could receive over the next several years under scenarios contemplating the executive's continued employment or retirement during the period.

While the compensation committee considers a variety of factors in making compensation decisions for the Company's NEOs, the compensation committee does not use any particular weighting or formula to determine executive compensation. Rather, the compensation committee subjectively evaluates all of the factors noted in the discussion above in determining executive compensation.

#### Fiscal Year 2016 Say-On-Pay Vote

At the Company's fiscal year 2016 Annual Meeting, over 97% of the shareholders casting a ballot voted to approve the Company's executive compensation program. After considering these non-binding, advisory vote results, the compensation committee believes the results reflect the shareholders' concurrence that the Company's executive compensation program is designed in an appropriate manner, consistent with sound corporate governance principles,

and supports the Company's strategic and business objectives. Additionally, the compensation committee believes

42

these results demonstrate shareholders' concurrence that the executive compensation program maintains an appropriate balance between utilizing responsible, measured pay practices and effectively ensuring the interests of the NEOs are incentivized by, and aligned with, the creation of long-term value for the Company's shareholders. Consequently, the compensation committee intends to continue following the executive compensation philosophy, policies and practices it has historically utilized, and update certain compensation elements from time to time as market compensation trends evolve to best practices. The Company's shareholders approved at the fiscal year 2015 Annual Meeting an annual frequency for this shareholder vote to approve the Company's executive compensation program, and the next 'say-on-frequency' vote will be held at the Company's fiscal year 2018 Annual Meeting.

#### Fiscal Year 2017 Executive Compensation Components

For the fiscal year ended February 28, 2017, the principal components of compensation for NEOs were:

#### Base Salary

The Company provides NEOs and other employees with a base salary to compensate them for services rendered during the fiscal year. Base salaries for NEOs are determined for each executive based on his or her position and responsibility considering experience and external market data. Base salaries are designed so that pay opportunities for a given position will be between 75% and 125% of the median market base salary.

During its review of base salaries for executives, the compensation committee primarily considers:

- market data and advisory services periodically provided by Meridian, the compensation committee's external consultant;
- internal data regarding the executive's compensation, both individually and relative to other executive officers; and
- individual performance of the executive.

Salary levels are typically considered annually as part of the Company's performance review process as well as upon a promotion or upon other changes in job responsibility.

In determining salary increases, and also in determining short-term cash incentive awards under the Senior Management Bonus Plan and long-term incentive compensation awards under the 2014 Plan, for the NEOs for fiscal year 2017, the compensation committee utilized qualitative factors to evaluate their performances and recognize their contributions and leadership during fiscal year 2017. In particular, the compensation committee considered each officer's contributions to achieving (i) the identification, review, analysis and evaluation of potential targets to acquire by the Company during the year, (ii) the implementation of integration plans for acquired businesses, (iii) the Company's overall financial performance in light of challenging economic conditions, (iv) the Company's ability to manage costs and reduce corporate spend, (v) the successful implementation of several corporate initiatives during the year, (vi) the performance of the Company's stock price, as compared to its competitors and (vii) the Company's business development results, as measured by new and increased business from both domestic and international customers during the year. The compensation committee also considered issues of relative amounts paid and awarded as a matter of internal equity.

The amount of each officer's salary and incentive awards was based on the compensation committee's subjective evaluation of each officer's performance, the relative responsibilities of the officers and the compensation committee's sense of fair and equitable relative distributions of salaries and awards. The compensation committee also took into account the salaries and awards paid in prior years and comparable market compensation data from the industry peer group described above. In making its evaluation and the resulting salary and award decisions for fiscal year 2017, the compensation committee took into account and acknowledged:

Mr. Ferguson's efforts in leading the Company to focus on operational excellence, enhancing the sales force, driving accountability throughout the platforms, and in building a high performance team of executives to execute the Company's current growth and long-term strategy;

Mr. Fehlman's efforts in continuing to further develop AZZ's financial team, enhancing its Tax, Treasury and Internal Audit functions while improving the Company's debt structure, cash flow and relations with investors and financial institutions;

Mr. Bacius's efforts in driving the strategic planning process, developing a robust M&A pipeline, establishing a disciplined process for acquisition evaluation, integration and general portfolio management activities;

Ms. Mackey's leadership in managing the Company's legal function focused on compliance, risk mitigation, M&A transactions, supporting corporate initiatives, litigation management, implementing corporate governance best practices, maintaining awareness of changes in the regulatory environment where AZZ does business, and serving in an interim role as Chief Human Resources Officer;

Mr. Pendley's leadership and management of the galvanizing business during challenging market conditions and developing a high growth organic strategy based on customer service, operational excellence and implementing several innovative technology initiatives for the Galvanizing Segment; and

The relative value to AZZ of the contributions made by each officer.

Additionally, the compensation committee considered the compensation of the Company's NEOs relative to similarly situated officers of companies against which the compensation committee believes the Company competes for talent and for shareholder investment, as discussed above.

In fiscal year 2017, our NEOs received salary adjustments for their performance on several ongoing business activities and, with respect to certain officers, on the successful identification and evaluation of potential business acquisition targets, expanding the Company's international business, assuming additional corporate responsibilities,

product and market development initiatives and reducing corporate expenses. The following table details adjustments to the NEOs' base salaries for the fiscal year ended February 28, 2017.

Name	FY2016 Base Salary	FY2017		
		Base Salary	Change	
Thomas E. Ferguson	\$690,000	\$724,500	5	%
Paul W. Fehlman	\$344,784	\$365,472	6	%
Chris Bacius	\$261,375	\$280,978	7.5	%
Tara D. Mackey	\$300,000	\$330,000	10	%
Tim E. Pendley	\$360,591	\$373,212	3.5	%

#### Performance-Based Incentive Compensation

The Senior Management Bonus Plan is an annual cash incentive program that provides the compensation committee the flexibility to promote high performance and achievement of corporate goals by NEOs, encourage the growth of shareholder value and allow key employees to share in the annual growth and profitability of the Company. The Senior Management Bonus Plan provides guidelines for the calculation of annual non-equity incentive based compensation, subject to the compensation committee oversight and modification.

At the beginning of each fiscal year, the compensation committee approves the group of employees eligible to participate in the Senior Management Bonus Plan for that fiscal year and the various incentive levels under the Senior Management Bonus Plan based on the participant's responsibility and impact on Company operations, with target award opportunities that are established as a percentage of base salary. For fiscal year 2017, the compensation committee approved annual short term incentive target award opportunities that ranged from 50% to 85% of base salary for the Company's NEOs. Each NEO may earn up to 200% of his or her short term incentive target award opportunity by achieving a performance level of at least 125% of his or her annual performance targets. Therefore, the maximum award payments under the Senior Management Bonus Plan may not exceed 200% of base salary for Mr. Ferguson, 130% of base salary for Messrs. Fehlman and Pendley, 110% of base salary for Mr. Bacius and for Ms. Mackey. Payments made under the Senior Management Bonus Plan are forfeitable, and must be repaid to the Company by the applicable NEO, in the event the Company is required to restate its financial statements or an executive officer engages in serious misconduct.

Award payments are calculated (as a percentage of the target award opportunity) with respect to each applicable performance metric, as described below, as set forth in the following based on the percentage of performance target achieved in accordance with the following schedule:

% of Performance Target Achieved	% of Target Bonus Opportunity Earned
<51	0%
100	100%
125	200%

For every percentage point increase in the percentage of performance target achieved, the percentage of target bonus opportunity earned increased by two percentage points between the minimum payment thresholds and the target bonus opportunity. For every percentage point increase in the percentage of performance target achieved above the target bonus opportunity and the maximum target payout opportunity, the percentage of target bonus opportunity earned increased by four percentage points.

As described below, the compensation committee determines the percentage of the performance target that has been achieved for each performance objective assigned to a NEO and the corresponding percentage of the target bonus

opportunity earned. For example, if the compensation committee sets a target cash award of \$10,000 based upon achievement of a target level of diluted earnings per share of \$1.00 and if the Company's actual earnings per share is \$1.10, the compensation committee would determine that the recipient of the award had achieved 110% of

his target level and would be entitled to a cash award of 140% of his target cash award amount resulting in a cash award of \$14,000.

The compensation committee assigned each NEO one or more quantitative performance goals that relate to AZZ's strategic operating plan for fiscal year 2017. In setting the performance goals for these other performance objectives, the compensation committee considered the strategic plan of the Company, the performance of the Company during the prior fiscal year, the anticipated economic conditions for the fiscal year, and any specific circumstances facing the Company or its markets during the coming fiscal year. Levels for revenue, operating income, earnings per share, cash flow and return on assets objectives are set in alignment with the Company's strategic plan (which includes projections relating to competition, innovation, supply chain and workforce development, and anticipated new legislation), and expectations set by the board of directors regarding earnings and Company performance, international and domestic market indicators.

The chart below shows the performance measures, the weight of each performance measure and target performance goals assigned to each NEO, actual performance achieved for fiscal year 2017 and the percentage of target performance achieved for fiscal year 2017:

Named Executive Officer	Weight	Performance Measure	FY2017 Target Performance Goal	FY2017 Achieved Performance	% of Target Performance Achieved
Mr. Ferguson	70%	Diluted earnings per share ("EPS")	\$3.29	\$2.44 <sup>(1)</sup>	74%
	30%	FY2017 Cash Flow <sup>(2)</sup>	\$82,600,000	\$67,786,369	82.06%
Mr. Fehlman	70%	EPS	\$3.29	\$2.44	74%
	30%	FY2017 Cash Flow	\$82,600,000	\$67,786,369	82.06%
Mr. Bacius	70%	EPS	\$3.29	\$2.44	74%
	30%	FY2017 Cash Flow	\$82,600,000	\$67,786,369	82.06%
Ms. Mackey	70%	EPS	\$3.29	\$2.44	74%
	30%	FY2017 Cash Flow	\$82,600,000	\$67,786,369	82.06%
Mr. Pendley	50%	EPS	\$3.29	\$2.44	74%
	25%	Segment ROA <sup>(3)</sup>	17.59	% 13.39	% 76.12%
	25%	Segment Operating Income <sup>(4)</sup>	\$108,507,800	\$82,913,301	76.41%

(1) Includes an adjustment of \$0.11 per share, or \$2.8 million after tax, of non-reoccurring restructuring charges that occurred in the second quarter of fiscal year 2017.

(2) Cash Flow from operations minus capital expenditures.

Segment ROA is calculated as a percentage using a numerator of tax adjusted segment operating income, divided by a denominator of total segment assets, minus segment current liabilities, plus segment current portion of long-term debt.

(4) Segment operating income consists of net sales less cost of sales, specifically identifiable selling, general and administrative expenses and other income and expense items that are specifically identifiable to a segment.

Upon completion of the fiscal year, the compensation committee assesses the actual achieved performance of the Company against each performance objective to determine the percentage of target performance achieved. Actual performance achieved was based upon our audited financial statements. Based on the percentage of target

performance achieved, the compensation committee determined the percentage of target award opportunity earned by each NEO. The amounts paid to each NEO are disclosed in the Summary Compensation Table on page 53 in the column titled "Non-Equity Incentive Plan Compensation."

The compensation committee has determined that, based upon the actual fiscal year 2017 results, all of the NEOs met or exceeded their performance objectives regarding fiscal year 2017 goals. Awards made to our NEOs under the Senior Management Bonus Plan for performance in fiscal year 2017 are reported in column (g) of the Summary Compensation Table of this Proxy Statement on page 53.

#### Long-Term Incentive Compensation

On July 8, 2014, the Company's shareholders approved the adoption of the 2014 Plan, which allows the Company to grant stock options, SARs, restricted shares, RSUs, performance awards (including PSUs) and other stock-based awards.

The purpose of our long-term incentive compensation program is to:

• enhance the link between the creation of shareholder value and long-term executive incentive compensation;

• provide an opportunity for increased equity ownership in the Company by directors and executives;

• maintain competitive levels of total compensation; and

• facilitate compliance with the policy of the board of directors, as described above under the heading "Stock Ownership Guidelines," requiring AZZ's executive officers and directors to hold shares of AZZ's common stock.

During fiscal year 2017, the compensation packages of our executive officers included long-term compensation in the form of 50% RSUs and 50% PSUs, which, during fiscal year 2017, were granted under the 2014 Plan. The RSUs and PSUs granted accrue dividend equivalents during the restricted vesting period or performance cycle, which will be paid either in cash or shares of AZZ common stock at the discretion of the compensation committee upon the vesting of the underlying award. The compensation committee, acting in consultation with the Company's senior management and the full board of directors, determined that, beginning in fiscal 2016, the Company would grant PSUs in lieu of granting SARs for purposes of the long-term incentive compensation component of the Company's total executive compensation program. PSUs allow the compensation committee to grant awards with values attributable to financial metrics other than stock price, which, though important to the compensation committee as a measure of Company performance, is already the sole factor in determining the value of the RSUs granted by the Company. Granting PSUs rather than SARs accordingly allows the Company to provide its senior management with performance based compensation tied to additional financial measures critical to the Company's long-term financial success.

SARs previously granted to the Company's executive officers under the 2005 Plan had a grant price equal to the closing price of one share of AZZ common stock on the NYSE on the day of grant (the "grant price"). The SARs granted may be exercised for the period of time from their respective vesting dates until the seventh anniversary of the grant date. On each of the first three anniversaries of the grant date, one-third (1/3) of the SARs granted shall vest. The exercise price is equal to the closing price of one share of AZZ common stock on the NYSE on the day of exercise (the "exercise price"). SARs are settled in shares of AZZ common stock of an amount equal to the excess value of the grant date price over the exercise price. The final vesting date for outstanding SARs awarded under the 2005 Plan was on March 1, 2017, and all of such outstanding and unexercised SARs will expire on or prior to March 1, 2021.

On April 27, 2016, the compensation committee awarded an aggregate of 43,585 RSUs and an aggregate of 24,011 PSUs to certain officers and employees of the Company under the 2014 Plan. The RSUs vest ratably during a three-year period from the grant date, with one-third of the RSUs vesting on each of the first, second and third anniversaries of the grant date beginning on April 27, 2017, and are settled in shares of AZZ common stock. The PSUs cliff vest at the end of a three-year period based on financial performance metrics and are settled, if at all, in shares of AZZ common stock.

RSU award levels are determined based on market data, vary among participants based on their positions within the Company, and are granted after the Company publicly announces its financial results for the prior full fiscal year. To determine target awards of RSUs, the compensation committee first establishes a target value to be delivered to each NEO through long-term equity awards. In setting target value, the compensation committee considered various factors, including the following:

- the practice of granting equity awards only once every year;
- the emphasis placed on equity in the mix of total compensation;
- the officer’s experience and performance;
- the scope, responsibility and business impact of the NEOs position;
- the perceived retention value of the total compensation package in light of the competitive labor market;
- alignment with AZZ’s compensation philosophy and objectives;
- cost and dilution impact;
- grant practices of our industry peer group; and
- input and advice from our executive compensation consultant.

No particular weighting was assigned to the factors described above in the determination of the compensation mix for fiscal year 2017.

Once the target value has been established, the compensation committee determines the value of a RSU award based on the closing share price of the Company’s common stock on the date of grant. For fiscal year 2017, the compensation committee granted RSUs to our NEOs with a grant date value of 50% of the established target value for total long-term incentive equity grants.

In determining the amount of RSUs and PSUs to be granted to Mr. Ferguson, the compensation committee considered his experience serving as an executive officer of a public company, his extensive strategic management experience both domestically and internationally in the industries in which the Company operates, and his track record for helping businesses achieve growth, both organically and through acquisitions in the global marketplace. The number and value of RSUs and PSUs granted to each of the NEOs in fiscal year 2017 can be found in the table provided below under the caption “Grants of Plan Based Awards” of this Proxy Statement.

For fiscal year 2017, the Company granted PSUs to the NEOs that have a three-year performance cycle (March 1, 2016 to February 28, 2019) and will vest and become payable, if at all, on the third anniversary of the award date, with payments to be settled in shares of the Company’s common stock. Payments under the PSUs will be based on the Company’s degree of achievement of 8.5% adjusted return on assets (“Adjusted ROA”) during this three-year performance cycle, such that achievement of an 8.5% Adjusted ROA during this period would result in participants receiving a payment of 100% of their respective target value for the PSUs.

$$\text{Adjusted ROA is } \frac{\text{Net Income}}{\text{Total Assets} - (\text{Current Liabilities} - \text{Current Debt})}$$

The compensation committee determined that 8.5% Adjusted ROA was an appropriate target based, in part, on the median three-year Adjusted ROA of the specific industry peer group discussed below of 5.2% along with the compensation committee’s review of the Company’s historical Adjusted ROA. Award recipients will not be entitled to receive any payment under the PSUs unless Adjusted ROA exceeds at least 75% of the target Adjusted ROA, and award recipients will not receive any incremental increase in payment under the PSUs based on the achievement of Adjusted ROA in excess of 125% of the target Adjusted ROA. Within these constraints, payments under the PSUs will be determined as follows:

% of Adjusted ROA Target Achieved	% of Target Payment Amount Paid
<75	0%
100	100%
125	200%

For every percentage point increase in the percentage of the Adjusted ROA target achieved, the percentage of the target payment under the PSUs will increase by four percentage points.

In addition to the Adjusted ROA performance metric, the target PSUs granted for fiscal year 2017 are subject to a potential modifier based on the Company’s total shareholder return (“TSR”) relative to the TSR for a specific industry peer group selected solely for PSUs over the same three-year period, giving effect to any dividends paid during such period. In the event the Company’s TSR for such period ranks within the top quartile relative to the specific industry peer group companies described below, the percentage of the target payment under the PSUs will be increased by an additional 25%, up to a maximum award payout of 250% of the target award. Solely for purposes of illustration, the Company is providing the sample calculations below:

% of Adjusted ROA Target Achieved (No TSR Modifier)		% of Adjusted ROA Target Achieved (With TSR Modifier)	
	% of Target Award Amount Paid		% of Target Award Amount Paid
76%	4%	76%	5%
100%	100%	100%	125%
125%	200%	125%	250%

Upon completion of the three-year performance cycle ending on February 28, 2019 relating to the PSUs granted in fiscal year 2017, the compensation committee shall determine the amount of Adjusted ROA achieved by the Company for such period based on the Company’s audited financial statements and whether or not the Company’s relative TSR for such period ranks within the top quartile of the specific industry peer group.

The compensation committee has selected a specific industry peer group solely for the TSR modifier applicable to PSUs to be comprised of companies similar to the Company based on (i) status as a publicly held company with products or end markets similar to those of the Company’s which have small to mid-cap market capitalization, (ii) consideration of industry peers as determined by Institutional Shareholder Services Inc., (iii) equity analyst groups, and (iv) companies based in the United States. The compensation committee selected the specific industry peer group below for the TSR modifier, rather than the Company’s peer group described on page 40, because it believed that this specific industry peer group provided for a consistent comparison with the Company’s business with respect to the TSR metric and was therefore a more appropriate means of evaluating the Company’s TSR relative to an industry standard level of TSR. For the PSUs granted in fiscal year 2017, the specific industry peer group consists of the following companies:

- Dynamic Materials Corp.
- MasTec, Inc.
- Enersys, Inc.
- Powell Industries Inc.
- L.B. Foster Company
- Preformed Line Products Co.
- Littlefuse, Inc.
- Regal Beloit Corporation
- Franklin Electric Co., Inc.
- Team Inc.
- Haynes International Inc.
- Valmont Industries Inc.

For fiscal year 2017, Global Power Equipment Group, Inc. (“Global Power”) was removed from AZZ’s specific industry peer group and replaced with Littlefuse, Inc. as a result of Global Power announcing its expectation to be delisted from the NYSE.

RSUs and PSUs granted under the 2014 Plan include dividend equivalents, which are intended to provide the recipient of these equity awards with the benefits of dividends paid on the underlying shares of AZZ common stock during the vesting period. Dividend equivalents are calculated based upon the dividends paid by the Company during the vesting period of the applicable award and are paid only upon the vesting of the underlying equity award, and such dividend equivalents may be paid in either cash or shares of AZZ common stock. Recipients of RSUs and PSUs have no rights with respect to accrued dividend equivalents unless and until the vesting of the underlying award.

#### Benefits and Perquisites

The Company provides benefits to its salaried employees including health care coverage, life and long-term disability insurance benefits, 401(k) matching contributions, and reimbursement for educational expenses. In addition to the aforementioned benefits provided to all employees generally, the Company provides the NEOs with nominal perquisites that the Company and the compensation committee believe are reasonable and consistent with the Company’s overall compensation program to better enable the Company to attract and retain superior talent for key leadership positions. These perquisites include reimbursement of costs associated with club membership dues, executive physical exams and executive supplemental disability insurance. The compensation committee annually reviews the levels of benefits and perquisites provided to the Company’s NEOs.

#### Severance Benefits

The Company has employment agreements with two of its NEOs, Messrs. Ferguson and Fehlman. Additionally, the Company has entered into Change of Control Severance Agreements with certain key employees, including the NEOs. These agreements are designed to promote stability and continuity of senior management. Information regarding applicable payments under these agreements for the NEOs is provided under the headings “Employment Agreements” and “Potential Payments Upon Termination or Change of Control” of this Proxy Statement. We do not have any arrangement providing for tax gross up payments of any compensation elements with any of our executive officers, including for severance and change in control benefits.

#### Retirement and Other Benefits

We do not maintain a defined-benefit retirement program. Instead, all Company employees, including NEOs, are eligible to participate in the AZZ Inc. Employee Benefit Plan and Trust (the “Benefit Plan”).

The Benefit Plan is a tax-qualified savings plan pursuant to which all Company employees, including the NEOs, can contribute a portion of their annual salary on a pre-tax basis up to certain limits prescribed by the Internal Revenue Service. The Company matches 100% of the first 1%, and 50% of contributions between 2% and 6%, of eligible pay that each employee contributes. Company matching contributions are fully vested after two years of service.

Employees may select from among several mutual funds when investing their 401(k) account funds.

As of March 1, 2015, the Company elected to discontinue further contributions to its profit sharing plan for its employees and replaced the profit sharing plan with a new annual cash bonus incentive program that would drive the achievement of the Company’s annual goals in the form of a short-term incentive program so that all eligible employees of the Company would have the opportunity to participate. In lieu of future contributions to the profit sharing plan, all employees, including our NEOs, who already participated in a defined management incentive plan, received a 2.5% increase in base salaries. For all other employees whom did not previously participate in a defined incentive plan, an annual incentive bonus target of 7.5% may be paid based upon the achievement of specific performance metrics determined for each participant’s business unit.

#### Employee Stock Purchase Plan.

AZZ's Employee Stock Purchase Plan (the "ESPP") allows eligible employees of the Company, including NEOs, to purchase shares of the Company's common stock, two times per year, at a 15% discount through accumulated payroll deductions. Offerings under the ESPP have a duration of 24 months. Participation in the ESPP is entirely voluntary. Under the ESPP, employees are permitted to contribute 0% to 10% of their pay on an after-tax basis for a maximum contribution limit in any one year of \$21,250 (85% of \$25,000) and may not purchase more than 5,000 shares during any offering period. Participants may terminate or decrease their payroll deductions during an enrollment period by withdrawing the accumulated payroll deductions at any time prior to the end of the offering period.

#### Tax and Accounting Implications

##### Deductibility of Executive Compensation

As part of its role, the compensation committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Internal Revenue Code"), which disallows a company tax deduction for any publicly held corporation for compensation exceeding \$1,000,000 in any taxable year paid to each of the principal executive officers and the three other most highly compensated executive officers, other than the principal financial officer, unless compensation qualifies as "performance-based compensation" (as defined in Section 162(m)). The Company believes that compensation paid under the short-term and long-term management incentive plans is generally fully deductible for federal income tax purposes. However, in certain situations, the compensation committee may approve compensation that will not meet these requirements in order to ensure competitive levels of total compensation for its executive officers.

In addition, Section 4999 and Section 280G of the Internal Revenue Code provide that executives could be subject to additional taxes if they receive payments or benefits that exceed certain limits in connection with a change in control of the Company and that the Company could lose an income tax deduction for such payments. The Company has not provided any executive with tax gross ups or other reimbursement for tax amounts that the executive might be required to pay under Section 4999.

#### Compensation-Related Risk Management

The compensation committee, and the board of directors, believes the Company's compensation policies and practices for its NEOs, and those relating to all employees generally across the Company, are not reasonably likely to create inappropriate management risk-taking that could potentially have a material adverse effect on the Company. The compensation committee believes that, as discussed at length above, the Company's compensation policies and practices are well-balanced between the cash/equity mix utilized to provide incentives to achieve both short-term and long-term business objectives that benefit the Company. This practice is considered appropriate to help ensure a reasonable relationship between the annual and long-term compensation elements and it is not considered to create incentives for excessive or imprudent risk-taking by management. To the contrary, the compensation committee believes that the Company's compensation policies and practices actually serve to ensure a long-term value creation focus by management.

#### STOCK OWNERSHIP GUIDELINES FOR EXECUTIVE OFFICERS

The Company's board of directors adopted stock ownership guidelines requiring AZZ's executive officers to hold a minimum amount of Company stock equal in value to a multiple of their respective annual base salaries. The board of directors believe that this ownership requirement encourages the alignment of executive and shareholder interests by requiring executives to acquire and maintain a meaningful stake in the Company. The stock ownership guidelines are set by the compensation committee as a result of a competitive analysis prepared by Meridian and reviewed each year and updated as necessary. These guidelines include thresholds based on both market value of the shares as a multiple of base salary and on the number of shares held. AZZ's president and chief executive officer

is encouraged to hold shares with a value equal to or greater than the amount equal to 400% of his base salary, up to a maximum of 100,000 shares; AZZ's chief financial officer and chief operating officer, galvanizing are each encouraged to hold shares with a value equal to or greater than the amount equal to 300% of each officer's base salary, up to a maximum of 30,000 shares; and AZZ's other officers and vice presidents are each encouraged to hold shares with a value equal to or greater than the amount equal to 100% of the officer's base salary, up to a maximum of 7,500 shares. All shares held by an executive officer are considered in the determination of compliance with this policy, including shares held under the Benefit Plan or AZZ's Employee Stock Purchase Plan.

Executive officers joining AZZ, or who subsequently become executive officers due to a promotion, are encouraged to comply with the policy by the later of the date three years from the date the individual first becomes an officer as a result of promotion or the date five years from the date the individual was hired by AZZ. In the event an individual becomes subject to a new higher threshold due to a promotion (e.g., if a current vice president is subsequently promoted to chief operating officer), the individual is encouraged to comply with the new threshold by the later of the date three years from the date of such promotion or the date five years from the date the individual was originally hired by AZZ. Currently, Messrs. Bacius and Pendley hold the applicable target level of stock, while the remaining NEOs continue to work towards acquiring their target levels within five years from the date they were hired by AZZ in compliance with the guidelines.

#### Compensation Recovery Policy

On January 20, 2016, the board of directors adopted the AZZ Inc. Compensation Recovery Policy (the "Clawback Policy"), to provide a mechanism for the recovery of certain incentive based compensation should AZZ ever be required to restate its financial statements or an executive officer engages in serious misconduct. The Clawback Policy provides for the recovery of awards granted within three years of a restatement of AZZ's financial statements and within one year of the misconduct of the applicable officer or employee. The Clawback Policy applies to all applicable incentive based compensation granted after the effective date of the Clawback Policy.

In connection with the adoption of the Clawback Policy, the Committee has amended each of the 2014 Plan and the Company's Senior Management Bonus Plan and other incentive plans, to clarify that future awards granted under such plans following the effective date of the Clawback Policy is subject to the Clawback Policy. Following the effective date of the Clawback Policy, the Company will issue any RSUs, stock appreciation rights or PSUs under the 2014 Plan using award agreements updated to clarify that such future awards are subject to the Clawback Policy.

#### Anti-Hedging and Anti-Pledging Policies

The Company's Insider Trading Policy prohibits directors and executive officers from engaging in speculative or hedging and pledging transactions or short sales and trading in "puts" and "calls" involving AZZ common stock.

## POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL

## Payments Made Upon Resignation, Termination, Death or Disability

Each of Messrs. Ferguson and Fehlman has an employment agreement with AZZ as described above in the section titled "Employment Agreements". As such, each of these officers would be entitled to certain payments and benefits following a termination of employment under certain circumstances and upon a change in control. These benefits are

summarized below and reflect obligations pursuant to employment agreements as well as pursuant to other compensatory arrangements.

If, prior to a change of control, Mr. Ferguson's employment is terminated due to disability or death or for Cause, Mr. Ferguson, or his estate, shall be entitled to receive in a lump sum (i) all earned but unpaid base salary, (ii) payment for all earned but unused vacation time, and (iii) reimbursement for any business expenses incurred prior to the date of termination. If the Company terminates Mr. Ferguson's employment without Cause, he is entitled to receive (i) the amounts described in the immediately preceding sentence, payable in a lump sum payment, (ii) a cash amount equal to his base salary from the date of his termination to the end of the term of his Amended CEO Agreement (but in no event less than his base pay for a 24 month period), payable in accordance with the Company's standard payroll procedures (the "Severance Payment") and (iii) a portion of the cash award he would have received under the Company's Senior Management Bonus Plan, pro-rated as of the date of such termination and calculated as if Mr. Ferguson were employed by the Company as of the last day of the relevant fiscal year, all qualitative goals have been achieved and all quantitative goals have been satisfied in the amounts determined by the board of directors. In addition, if the Company does not renew the term of Mr. Ferguson's Amended CEO Agreement on the third anniversary thereof, Mr. Ferguson shall be entitled to receive (i) the amounts described in the first sentence of this paragraph, payable in a lump sum payment, and (ii) a cash amount equal to 12 months of his base salary, as in effect on September 29, 2019, payable in accordance with the Company's standard payroll procedures. Mr. Ferguson also received RSUs and SARs under the terms of his original employment agreement and the Amended CEO Agreement. Under their terms, these RSUs and SARs vest and become exercisable when Mr. Ferguson's employment terminates, except in the event the Company terminates his employment for Cause or Mr. Ferguson terminates his employment without Good Reason, in which case such equity awards shall be forfeited.

In Mr. Ferguson's Amended CEO Agreement, "Cause" is defined as (i) his commission or conviction of, or the entering of a guilty plea or plea of no contest by him with respect to, a felony, the equivalent thereof, any other crime with respect to which imprisonment is a possible punishment, or any other crime involving moral turpitude, fraud, misrepresentation, embezzlement, theft, or sexual harassment; (ii) excessive absenteeism by Mr. Ferguson not related to death or disability or otherwise permissible by applicable law or the Company's policies for sick leave, permitted vacations, or paid time off; (iii) Mr. Ferguson's engaging in any activity (including, without limitation, alcohol or drug abuse or other self-induced affliction, or making disparaging remarks about the Company or any of its affiliates or any of their respective officers, employees, managers, directors, members or shareholders) that injures (monetarily or otherwise), in a material respect, the reputation, business or a business relationship of the Company or any of its affiliates; (iv) Mr. Ferguson's gross negligence or material malfeasance (including, without limitation, commission of any intentional act of fraud, misappropriation or theft against the Company or its affiliates or his intentional misrepresentation of any material financial or operating results of the Company or any of its affiliates); (v) Mr. Ferguson's significant violation of any statutory or common law duty of loyalty to the Company or any of its affiliates; (vi) Mr. Ferguson's material breach of any provision of his Amended CEO Agreement or of a material written policy or code of conduct of the Company; or (vii) Mr. Ferguson's refusal or failure to carry out the legitimate directives or instructions of the board of directors (or such other person to whom he reports as may be designated from time to time by the board of directors) that are consistent with the scope and nature of his duties and responsibilities set forth herein; provided that in the case of clause (ii), (vi) or (vii) above, only if such breach, refusal or failure has not been cured within fifteen (15) days after Mr. Ferguson's receipt of written notice from the Company describing such breach or failure in reasonable detail; provided, further, that Mr. Ferguson shall be entitled to no more than one opportunity to cure such matters for any reason.

In Mr. Ferguson's Amended CEO Agreement, "Good Reason" is defined as (i) the relocation by the Company of Mr. Ferguson's principal place of employment of more than fifty (50) miles from the location of his principal place of employment as of the date hereof, which relocation is not rescinded within fifteen (15) days after the date of receipt by the board of directors from Mr. Ferguson of notice describing such relocation; (ii) a reduction by the Company in Mr. Ferguson's base salary, unless such reduction is rescinded within fifteen (15) days after the date of receipt by the board of directors from Mr. Ferguson of notice referring to this provision and describing such reduction; (iii) a material diminution of Mr. Ferguson's responsibilities or duties, which diminution is not rescinded within fifteen (15) days after

the date of receipt by the board of directors from Mr. Ferguson of notice describing such diminution; (iv) any other material breach by the Company of any material provision of Mr. Ferguson's Amended CEO Agreement, which material breach is not corrected within fifteen (15) days after the date of receipt by the board of directors from Mr. Ferguson of a notice referring to this provision and describing such material breach; or (v) a material breach by

the Company of any equity award agreement (whether with respect to SARs, RSUs or otherwise) by and between the Company and Mr. Ferguson then in effect or the terms of any equity plan incorporated therein, which material breach is not corrected within forty-five (45) days after the date of receipt by the board of directors from Mr. Ferguson of a notice describing such material breach.

Senior Management Bonus Plan. A discussion of the Senior Management Bonus Plan can be found on page 44 of this Proxy Statement, under the section titled, "Performance-Based Incentive Compensation".

Mr. Fehlman's employment agreement contains provisions identical to those described above with respect to Mr. Ferguson's Amended CEO Agreement, except that Mr. Fehlman would receive different amounts of base salary and other compensation, which amounts are described in the Summary Compensation Table above, and that Mr. Fehlman's Severance Payment would be calculated based on a minimum period of 12 months rather than 24 months.

#### Payments Made Upon a Change In Control

Ferguson Change In Control Agreement. If, during the period of time beginning on the date a definitive agreement regarding a change in control is executed and ending on the date one year following a change in control, Mr. Ferguson's employment is terminated for any reason other than by the Company for Cause or by Mr. Ferguson without Good Reason (in each case as defined in his employment agreement), the Company would be required to pay him (i) his full base salary through his date of termination and (ii) a payment equal to 299% of his base salary (without giving effect to any reduction in base salary serving as grounds for termination for Good Reason) (a "Change in Control Severance Payment"), in each case through a lump sum payment to be made promptly following Mr. Ferguson's execution and delivery of a release and waiver agreement. In addition, upon such a termination of employment following a change in control, all unvested equity awards held by Mr. Ferguson shall immediately vest and become exercisable.

Fehlman Change In Control Agreement. Mr. Fehlman's Change in Control Agreement contains provisions identical to those described above for Mr. Ferguson with respect to Mr. Ferguson's Change in Control Agreement except that Mr. Fehlman's Change in Control Severance Payment is calculated as 200% of his base annual cash compensation, which consists of his base salary plus the average amount of cash bonus actually paid to him by the Company with respect to the five (5) fiscal years of the Company immediately preceding the occurrence of an event that cause him to become entitled to receive a payment, and that such average shall not include any fiscal year of the Company in which Mr. Fehlman was not employed by the Company.

Executive Change In Control Severance Agreements. The Executive Change in Control Severance Agreements with the Company's NEOs other than Messrs. Ferguson and Fehlman provide:

If the executive's employment is terminated within one year following a change in control by the Company for Cause or by the executive for other than Good Reason, the Company must pay him or her their full base salary through the date of termination plus all other amounts to which he or she is entitled under any compensation or benefit plan of the Company at the time such payments are due, and the Company shall have no further obligation to him or her under the Change in Control Agreement.

If the executive's employment is terminated before one year following a change in control by the Company other than for Cause or disability, or by the executive for Good Reason, he or she shall be entitled to a lump sum payment of his or her base salary through the date of termination plus any other amounts to which he or she is entitled under any compensation plan of the Company at the time such payments are due; a lump sum severance payment in an amount equal to two times his or her base amount, as defined in Section 280G(b)(3) of the Internal Revenue Code, and the vesting and immediate exercisability of all stock options, RSUs and SARs; and reimbursement for all legal fees and expenses incurred in seeking to enforce the Executive Change in Control Severance Agreement.

“Cause” as used in the Executive Change in Control Severance Agreements is defined as (1) conviction of a crime involving moral turpitude or providing for imprisonment, (2) commission of any willful malfeasance or gross negligence in the discharge of his or her duties to the Company or any of its subsidiaries, having a material adverse effect on the Company or any of its subsidiaries or (3) failure to timely correct after written notice, any specific failure in performance of the duties of his or her position with the Company.

• “Good Reason” as used in such Executive Change in Control Severance Agreements includes, with respect to each executive:

(A) a substantial adverse alteration in the nature or status of his or her responsibilities from those in effect immediately prior to the change in control;

(B) a reduction in his or her annual base salary in effect on the date of the change in control;

(C) the relocation of the Company’s principal executive offices or the Company's requiring the executive to be based anywhere other than a site less than thirty (30) miles from the site where he or she is now principally based;

(D) the failure by the Company, without his or her consent, to pay to him or her any portion of his or her current compensation;

(E) the failure by the Company to continue or replace any compensation plan material to his or her total compensation or the failure to continue his or her participation therein on a basis not materially less favorable, as existed at the time of the change in control;

(F) the failure of the Company to continue to provide him or her with benefits substantially similar to those enjoyed by him or her under deferred compensation plans, life insurance, medical, health and accident, or disability or vacation plans or policies in which he or she was participating at the time of the change in control;

(G) the failure of the Company to obtain a satisfactory agreement from any successor to assume and agree to perform the Change in Control Severance Agreement; or

(H) any purported termination of his or her employment by the Company other than because of total disability, death or for Cause.

The Company has an opportunity to correct the matters specified in clauses (A), (B), (E), (F), (G), or (H) of the immediately preceding sentence before they constitute Good Reason.

## POTENTIAL PAYMENTS

The following table reflects the amount of compensation to each of the NEOs in the event of termination of that executive's employment as the result of voluntary termination, involuntary not-for-cause termination, for "Cause" termination, termination following a change of control and disability or death of the executive. The amounts shown assume that such termination was effective as of February 28, 2017, and that each NEO had met requirements under our incentive compensation plans that the executive be employed as of year-end to receive benefits related to the year, and thus include amounts earned through that time and are estimates of the amounts which would be paid out to the executives upon their termination. The actual amounts to be paid out can only be determined at the time of an executive's separation from the Company. As of February 28, 2017, each executive had received all of the base salary earned during fiscal year 2017, and no portion of his or her base salary was unpaid at that date.

## AUDIT COMMITTEE REPORT

During fiscal year 2017, AZZ's audit committee was comprised of the following directors: Messrs. Feehan (chairman), Berce, Eisman, Pirnat and Purvis. The board of directors has determined that all members of the audit committee are independent as that term is defined in the NYSE's listing standards and Section 10A(m)(3) of the Exchange Act, and that each member qualifies as an audit committee financial expert as defined in the SEC rules adopted under the Sarbanes-Oxley Act of 2002.

The audit committee has sole authority for the appointment and replacement of the independent auditor and is directly responsible for the compensation and oversight of the work of the independent auditor. The independent auditor reports directly to the audit committee. The audit committee reviews with the auditors the plan and scope of the annual audit. It reviews with management and the independent auditor the annual audited financial statements and recommends to the board of directors whether they should be included in AZZ's annual report. It similarly reviews quarterly financial reports and all earnings press releases. The audit committee also has general oversight of AZZ's accounting, financial reporting and internal audit function. Management is responsible for the preparation, presentation and integrity of AZZ's financial statements, accounting and financial reporting principles, internal controls and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. BDO, an independent registered public accounting firm and our independent auditor, is responsible for performing an independent audit of the consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) (the "PCAOB").

The audit committee members' functions are not intended to duplicate or to certify the activities of management and BDO. The audit committee serves an oversight role, providing advice, counsel and direction to management and BDO on the basis of information it receives, discussions with management and BDO, and the experience of the audit committee's members in business, financial and accounting matters.

The audit committee operates under a written charter, which was adopted by the board of directors. A copy of the full text of the charter is available on AZZ's website at [www.azz.com](http://www.azz.com). The audit committee reviews and assesses the adequacy of its charter on an annual basis.

The audit committee has:

- reviewed and discussed the audited consolidated financial statements with management;
- discussed with BDO the independence of BDO and the matters, if any, required to be discussed by PCAOB Auditing Standard No. 16 (Codification of Statements on Auditing Standards, AU § 380), as amended; and
- received the letter and the written disclosures from BDO required by Rule 3520 of the PCAOB.

Based on the review and discussions referred to in the preceding paragraph, the audit committee recommended to the board of directors that the audited consolidated financial statements be included in AZZ's Annual Report on Form 10-K filed with the Securities and Exchange Commission for the fiscal year ended February 28, 2017.

PROPOSAL 3

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED  
PUBLIC ACCOUNTING FIRM

The audit committee of the board of directors has selected BDO USA, LLP (“BDO”) to serve as our independent registered public accounting firm for the fiscal year ending February 28, 2018, subject to your ratification.

The board of directors is asking you to ratify the selection of BDO. Although our Bylaws do not require this ratification, the board of directors believes that the selection of the independent registered public accounting firm is an important matter for shareholder consideration and that such a proposal provides shareholders with an important opportunity to provide direct feedback to the board of directors on an important issue of corporate governance. If our shareholders do not ratify the selection of BDO, we will consider that action as feedback to the audit committee and the board of directors to consider the selection of a different accounting firm. Even if you do ratify the selection of BDO, the audit committee may select a different independent registered public accounting firm, subject to ratification by the full board of directors, whenever it determines that such a change would be in the best interests of AZZ and its shareholders.

Representatives of BDO will be present at the Annual Meeting to respond to questions and will have the opportunity to make a statement.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE RATIFICATION OF BDO TO SERVE AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING FEBRUARY 28, 2018.

(1) Includes fees for services related to the annual audit of the consolidated financial statements, and reviews of our quarterly reports on Form 10-Q.

(2) Audit related fees relate to opening balance sheet procedures in connection with the Company's acquisition of Power Electronics, Inc. for 2017 and U.S. Galvanizing, LLC for 2016.

(3) Includes fees for services related to tax compliance, tax advice and tax planning.

## Pre-approval of Non-Audit Fees

The audit committee has adopted a policy that requires advance approval of all audit, audit-related, tax and other services performed by the independent auditor. The policy provides for pre-approval by the audit committee of specifically defined audit and non-audit related services. Unless the specific service has been previously pre-approved with respect to that year, the audit committee must approve the permitted service before the independent auditor is engaged to perform it. All of the fees listed above were approved in accordance with this policy. The audit committee has delegated to the chairman of the audit committee authority to approve permitted services where the fees for the engagement do not exceed \$50,000 per project and \$100,000 in the aggregate, provided that the chairman reports any decisions to the audit committee at its next scheduled meeting.

## OTHER MATTERS

The board of directors have not received valid notice of any other matters that will be presented at the Annual Meeting other than those described in this Proxy Statement. If any other business is properly brought before the shareholders at the Annual Meeting, all proxies that have been properly submitted will be voted in respect thereof as the proxyholders deem advisable.

## SHAREHOLDER PROPOSALS FOR FISCAL YEAR 2018 ANNUAL MEETING

To be included in the proxy statement relating to the fiscal year 2018 Annual Meeting of Shareholders, shareholders proposals must be received by our corporate secretary no later than 5:00 p.m. local time, January 24, 2018.

In order to bring a matter before the fiscal year 2018 Annual Meeting of Shareholders that is not contained in the proxy statement, including the nomination of an individual for election as a director, a shareholder must comply with the advance notice provisions of our Bylaws. Our Bylaws require that we receive notice of the matter no earlier than March 12, 2018, and no later than April 11, 2018. You may contact our secretary to find out what specific information regarding the matter must be included with the advance notice.

## VOTING SECURITIES

Shareholders of record on May 10, 2017, will be entitled to vote at the meeting. As of May 10, 2017, there were 26,041,352 shares of the Company's common stock outstanding. Each share of common stock entitles the holder to one vote on each matter voted on at the meeting. An abstention will not be counted as voting for a matter, and, therefore, will have the same effect as a vote against the matter. Votes withheld, including broker non-votes, will not be counted as a vote either for or against the matter.
