UPDATE TO SHAREHOLDERS LETTER

SARNIA, Ontario, January 8, 2018 (GLOBE NEWSWIRE) -- Lamperd Less Lethal, Inc. (OTC PINK: LLLI), an innovation leader and manufacturer of advanced security solutions for law enforcement, military and other users worldwide, issues update to shareholder letter.

Lamperd has a new opportunity with a very large sales company which requested detailed product information and quotations that we have provided to them through one of our Canadian distributors. In June, 2017 we were contacted by this sales company and told that if Lamperd would get its 12 Gauge WASP , SOC and distraction rounds approved for retail sale to the general public, for bear and other animal controls, they would order and sell these products on a large scale. The necessary approval has now been obtained from the Canadian Government. As a result, we are anticipating initial retail orders from this company in the first quarter of 2018 which should be of significant quantity and value.

I have learned that our Canadian distributor has received several calls from customers of the sales company who have said, “we understand that we are going to be selling Lamperd products in the first quarter of 2018 and would like to get further information and learn more about the products.” We have supplied the information through the distributor.
