On December 17, 2015, Kiwa Bio-Tech Products Group Corporation (the “Company”) entered into a distribution agreement (the “Agreement”) with Kangtan Gerui (Beijing) Bio-Tech Co., Ltd. (“Gerui”) and formally awarded Gerui a right to sell and distribute the Company’s fertilizer products in 3 major agricultural regions of China-- Hainan Province, Hunan Province and Xinjiang Autonomous Region. The Company’s Research and Development department has been conducting application experiments in Hainan and Hunan Provinces since August 2015, in accordance with the market requirements. The experiment data indicates that the Company’s fertilizer products have fulfill the requirements of reduction of content of heavy metals in soil and improve crop yield. Gerui was founded in Beijing in April 2015 and relies on the sales network of China’s Supply and Marketing Cooperatives system. Currently, the Company and Gerui do not hold any interest in each other; however, a collaboration and integration may take place in the future. The term of the Agreement is for a period of three years commencing December 17, 2015.
