Item 4.02

Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review

On December 14, 2016 the Company filed a Form 10Q for the period ended September 30, 2016. The version filed has been found to contain some errors that may materially change the financial information reported. The auditors may suggest an adjustment to the filed version. The Company has a new CFO and new auditors, and as a result the filing occurred prior to the final review of the auditor. The Company expects to file an amended Form 10Q as soon as the final review by the auditor is complete which will correct those errors. Management does not believe the adjustments will result in any material change to the Company's current financial condition.
