NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

To Be Held May 16, 2018

To the Stockholders of Reliance Steel & Aluminum Co.:

The 2018 Annual Meeting of Stockholders (the “Annual Meeting”) of Reliance Steel & Aluminum Co. (“Reliance” or “Company”) will be held on Wednesday, May 16, 2018, at 10:00 a.m., California time, at the Omni Los Angeles Hotel at California Plaza, 251 South Olive Street, Los Angeles, California 90012, for the following purposes:

- 1.To elect the eleven directors nominated by our Board of Directors. The nominees for election to the Board are Sarah J. Anderson, Karen W. Colonias, John G. Figueroa, Thomas W. Gimbel, David H. Hannah, Douglas M. Hayes, Mark V. Kaminski, Robert A. McEvoy, Gregg J. Mollins, Andrew G. Sharkey, III, and Douglas W. Stotlar. The Board of Directors recommends that stockholders vote FOR the election of each nominee as a director.
- 2.To consider a non-binding, advisory vote to approve the compensation of the Company’s named executive officers. The Board of Directors recommends that stockholders vote FOR the approval of the compensation of the Company’s named executive officers.
- 3.To ratify the appointment of KPMG LLP as the Company’s independent registered public accounting firm for 2018. The Board of Directors recommends that stockholders vote FOR the ratification of KPMG LLP as the Company’s independent registered public accounting firm.
- 4.To consider a stockholder proposal regarding changes to the Company’s proxy access bylaw. The Board of Directors recommends that stockholders vote AGAINST this proposal to amend the Company’s proxy access bylaw.
- 5.To transact such other business, if any, as properly comes before the meeting or any adjournment thereof.

These items of business are more fully described in the proxy statement accompanying this Notice.

You are invited to attend the Annual Meeting. If you plan to attend the meeting, please see the instructions contained

in the accompanying proxy statement.

Your vote is important. Whether or not you plan to attend the Annual Meeting, it is important that your shares be represented, and we hope you will vote as soon as possible.

Only stockholders of record at the close of business on March 29, 2018 are entitled to notice of, and to vote at, the Annual Meeting or any adjournments thereof. A list of these stockholders is available at the offices of the Company in Los Angeles, California.

PROXY SUMMARY

This summary highlights information contained elsewhere in this proxy statement and in our Annual Report on Form 10-K for the year ended December 31, 2017. This summary does not contain all of the information that you should consider, and you should read the entire proxy statement carefully before voting.

ANNUAL MEETING

DATE AND TIME: May 16, 2018; 10:00 a.m. (Pacific)

PLACE: Omni Los Angeles Hotel at California Plaza

251 South Olive Street

Los Angeles, California 90012

RECORD DATE: March 29, 2018

- ITEMS OF BUSINESS:
1. To elect eleven directors nominated by the Board of Directors to serve until the 2019 Annual Meeting and until their successors have been duly elected and qualified.
 2. To consider a non-binding, advisory vote to approve the compensation of the Company's named executive officers.
 3. To ratify the appointment of KPMG LLP as the Company's independent registered public accounting firm for 2018.
 4. To consider a stockholder proposal regarding changes to the Company's proxy access bylaw.
 5. To transact such other business, if any, as properly comes before the meeting or any adjournment thereof.

VOTING AND ATTENDANCE AT THE MEETING: Stockholders of record as of the close of business on the record date are entitled to vote. Each share of common stock is entitled to one vote on each matter to be voted on. Voting may be done over the Internet, by telephone, by completing and mailing the proxy card, or in person at the Annual Meeting. Additional information including information about voting by beneficial holders who hold shares through a bank, broker or financial institution is provided under "Voting Information" on page 7 and "Information Concerning Our Common Stock" on page 9.

We hope you will attend the meeting in person. If you do, please bring with you a valid form of government-issued photo identification, such as a valid driver's license or passport, and proof of ownership of our common stock as of the record

date. If you are a beneficial holder, you may also vote in person at the meeting but only if you have obtained a legal proxy from your bank, broker or financial institution.

PROXY STATEMENT

Your vote is very important. Reliance's Board of Directors is requesting that you allow your common stock to be represented and voted at the Annual Meeting by the Company's officers (proxies) named on the proxy card. The proxy statement is first being sent and made available to our stockholders on or about April 6, 2018.

Business Highlights

- Record gross profit of \$2.79 billion in 2017.
- 2017 net sales were \$9.72 billion, up \$1.11 billion or 12.9% from \$8.61 billion in 2016 and the second highest annual sales in Company history.
- Pre-tax income increased by \$154.6 million, or 36.0%, from \$429.2 million in 2016 to \$583.8 million in 2017.
- Earnings per diluted share were \$8.34 in 2017. Excluding the impact of tax reform, our earnings per share were \$5.52, the second highest in our history, trailing only 2008.⁽¹⁾
- Our gross profit margin in each quarter of 2017 was within or above our target range of 27% to 29%.

Corporate Governance Highlights (see page 57)

- All directors are elected annually by majority of votes cast.
- The Company has an independent, non-executive Chairman of the Board.
- Nine of our eleven directors are independent.
- All of our standing committees of the Board consist solely of independent directors.
- Independent directors meet regularly in executive sessions.
- Director retirement policy (age 75).
- More than 95% Board and committee meeting attendance in 2017.
- Stock ownership and retention requirements applicable to all directors and officers.
- Prohibition of speculative and hedging transactions by all employees and directors.
- Our stockholders have the right to act by written consent.
- Special meetings may be called by stockholders holding shares entitled to cast not less than 10% in voting power of our outstanding stock.
- Our Bylaws provide our stockholders with a meaningful proxy access right.
- Board oversight in executive succession planning.
- No super majority voting requirements to approve mergers or other business combinations.

(1) Earnings per diluted share, excluding the impact of tax reform, is not a performance measure under U.S. generally accepted accounting principles ("GAAP"). We believe it is appropriate to disclose this performance measure as it helps investors analyze business performance and trends. Earnings per diluted share, excluding the impact of tax reform, should be considered neither in isolation nor as a substitute for reported earnings per diluted share prepared in accordance with GAAP.

Table of Contents

- No stockholder rights plan or poison pill.
- Reliance has adopted a Code of Conduct that applies to all directors, executive officers and senior management.
- Annual Board and committee self-evaluations.
- Clawback and recoupment policies.

Key Executive Compensation Practices

WHAT WE DO:

- ü Strong pay-for-performance compensation structure with approximately 74% of our CEO's and 60% of our other NEOs' target total direct compensation tied to performance metrics (see discussion beginning on page 24).
- ü Target total direct compensation of our NEOs designed to approximate the market median of our executive compensation peer group when targeted performance levels are achieved (see page 37).
- ü Clawback policy for cash and equity compensation (see page 43).
- ü Stock ownership and retention requirements applicable to all directors and corporate officers, including our NEOs (see pages 43 and 62).
- ü Double trigger provisions for accelerated vesting of restricted stock units upon a change in control (see page 43).
- ü All NEO performance-based equity awards are tied to a three-year performance target (see page 39).
- ü Broad and deep distribution of equity awards throughout management while managing the dilutive impact and expense associated with those awards (see page 60).
- ü Limited perquisites (see page 41).
- ü Annual stockholder advisory vote to approve named executive officer compensation (see page 11).
- ü Independent compensation committee (see page 35).
- ü Utilization of an independent compensation consultant (see page 35).

- ü Independent, non-executive Chairman of the Board enhances the effectiveness of the Board's oversight and governance and compensation practices (see page 61).
- ü All variable compensation plans have caps on plan formulas; no unlimited compensation.

WHAT WE DON'T DO:

- r No employment agreements, severance agreements, change in control/golden parachute agreements or other similar agreements with any executive officer.
- r No repricing or replacement of stock options.
- r No tax gross-ups for perquisites, change in control excise taxes or otherwise.
- r No dividends on unvested performance-based restricted stock units. Dividends accrue and are paid only upon vesting subsequent to achievement of the applicable performance criteria.
- r No hedging of Reliance common stock by directors, officers and employees subject to the quarterly trading blackout under our Insider Trading and Securities Compliance Policy.
- r No pledging of Reliance securities by directors, officers and employees subject to the quarterly trading blackout under our Insider Trading and Securities Compliance Policy, except for grandfathered pledging arrangements by one director.
- r No incentive plan design or feature which would encourage excessive risk-taking.
- r No share recycling.

Voting Matters and Recommendations

Proposal	Board Recommendation
1. Election of Directors: The Board and the Nominating and Governance Committee believe that the combination of the various qualifications, skills and experiences of the director nominees will contribute to an effective and well-functioning Board and that, individually and as a whole, the director nominees possess the necessary qualifications to provide effective oversight of and quality advice and counsel to the Company's management. See page 10.	FOR the election of all named nominees
2. Advisory Vote on the Approval of the Compensation of our Named Executive Officers: We manage our business with the long-term objective of creating and maximizing value for our stockholders. Our pay-for-performance philosophy is aligned with and supports this objective. We are asking our stockholders to approve, on an advisory, non-binding basis, the compensation of our named executive officers as disclosed in this proxy statement. See page 11.	FOR
3. Ratification of Independent Registered Public Accounting Firm: The Audit Committee selected KPMG LLP to serve as the Company's independent registered public accounting firm for 2018. KPMG LLP has served in this role since 2008. At the Annual Meeting, stockholders will be asked to ratify and approve this selection. See page 12.	FOR
4. Stockholder Proposal Regarding Changes to the Company's Proxy Access Bylaw: A stockholder proposes that the Company's proxy access bylaw be amended to (i) allow an unlimited number of stockholders to aggregate their shares to equal 3% of our stock owned continuously for three-years in order to make use of our stockholder proxy access and (ii) increase the number of permitted proxy access nominees to 25% of the Board (rounded down). The Company's existing proxy access bylaw permits stockholders with more limited holdings the opportunity to nominate director candidates for inclusion in the Company's proxy materials by forming groups of up to 20 stockholders to satisfy the ownership requirements. In addition, the Company's proxy access bylaw permits eligible stockholders to nominate director candidates constituting up to the greater of two individuals or 25% of the Board. The Board believes that these provisions fully accomplish the essential objectives of proxy access. See page 14.	AGAINST

VOTING INFORMATION

We are furnishing this proxy statement to the holders of our common stock in connection with the solicitation of proxies on behalf of our Board of Directors for use at the Annual Meeting to be held on Wednesday, May 16, 2018 at the Omni Los Angeles Hotel at California Plaza, 251 South Olive Street, Los Angeles, California 90012.

The Board of Directors selected Karla R. Lewis, our Senior Executive Vice President and Chief Financial Officer, and William A. Smith II, our Senior Vice President, General Counsel and Corporate Secretary, to be named as proxyholders to vote the shares of common stock represented by the proxies at the Annual Meeting. Reliance will pay the cost to solicit the proxies. The Board of Directors will solicit proxies by mail, by telephone, and electronically via the Internet. In addition, certain of our officers and agents may solicit proxies by telephone and personal interview (the cost of which will be nominal). We expect that banks, brokerage houses and other custodians, nominees and fiduciaries will forward soliciting material to beneficial owners and obtain authorizations to execute proxies. We will reimburse the reasonable out-of-pocket expenses they incur to forward our proxy materials. We have retained D.F. King & Co., Inc. ("D.F. King") to assist in the distribution and solicitation of proxies. Based on our agreement with D.F. King, we anticipate paying fees of approximately \$10,000, plus-out-of-pocket expenses, for these services. Your bank, broker or financial institution is not able to vote on your behalf for the election of directors or on any compensation issue, unless you provide specific instructions by completing and returning a proxy or voting instruction form or by following instructions provided to you by your bank, broker or financial institution to vote your shares which often include instructions on how to vote your shares via telephone or the Internet. Voting your shares is important to ensure that you have a say in the governance of our Company.

We intend only the four matters described in this proxy statement to be presented at the Annual Meeting. We will also transact any other business as may properly come before the meeting or any adjournments thereof.

Unless you instruct us otherwise on the proxy, each proxy will be voted FOR the election of all of the nominees named herein as directors, FOR the approval of the compensation of the Company's named executive officers, FOR the ratification of KPMG LLP as our independent registered public accounting firm for 2018, and AGAINST the stockholder proposal requiring the Company to amend its proxy access bylaw.

We intend to make this proxy statement and accompanying material available to each stockholder on the Internet beginning on or about April 6, 2018. An Annual Report, including a letter to the stockholders from the President and Chief Executive Officer, the Senior Executive Vice President and Chief Financial Officer, and the Executive Vice President and Chief Operating Officer, and an Annual Report on Form 10-K, also will be available electronically. Some stockholders will receive these materials by mail and other stockholders may request copies of these materials at no cost. The Annual Report and stockholder letter are not incorporated in, and are not a part of, this proxy statement and do not constitute proxy-soliciting material.

If you are a stockholder of record and execute a proxy or submit a proxy via the Internet or telephone, the proxy may be revoked at any time before it is voted:

- by filing with our Corporate Secretary either an instrument revoking the proxy or a proxy bearing a later date, duly executed in either case; or
- by voting in person at the meeting. Any written instrument or later dated proxy should be sent or delivered to the Corporate Secretary at the address shown on the first page above and must be received prior to the Annual Meeting.

Table of Contents

In addition, prior to the deadline for Internet or telephone voting, you may change your vote using the Internet or telephone method, in which case only your latest Internet or telephone proxy submitted before the deadline will be counted.

If you hold your shares through a broker, bank, financial institution, or other nominee, then you are a beneficial holder, and you may change your vote by complying with the procedures contained in the voting instructions provided to you by your broker, bank, financial institution or other nominee.

The presence in person or by proxy of the holders of a majority of the shares entitled to vote at the meeting shall constitute a quorum for the transaction of business. Broker non-votes and abstentions are counted for purposes of determining whether a quorum is present. A broker non-vote occurs when a nominee holding shares for a beneficial owner (i.e., in “street name”) does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner. We believe that nominees only have discretionary voting power with respect to the ballot item on the ratification of our independent registered public accounting firm.

Table of Contents

INFORMATION CONCERNING OUR COMMON STOCK

Our only voting securities are shares of common stock, par value \$0.001 per share. As of the record date of March 29, 2018, we had a total of 72,342,804 shares of common stock issued and outstanding, all of which may be voted at the Annual Meeting. Only holders of shares of record on our books at the close of business on the record date will be entitled to vote at the Annual Meeting.

The election of directors at the Annual Meeting will be uncontested. As a result, each nominee for election as a director at the Annual Meeting will only be elected if the votes cast “FOR” such nominee exceed the number of votes cast “AGAINST” such nominee, with abstentions and broker non-votes not counted as either votes “FOR” or “AGAINST” that nominee’s election. As required by the Company’s Bylaws, in the event that an incumbent director fails to receive a majority of votes cast in an uncontested election, such incumbent director is required to submit his or her resignation to the Board of Directors within ten calendar days of the date of the certification of the election results. Pursuant to the procedures set forth in the Bylaws, the Nominating and Corporate Governance Committee will make a recommendation to the Board of Directors within ten calendar days as to whether to accept or reject the resignation, or whether other action should be taken. The Board of Directors will then act on the resignation, taking into account the Nominating and Corporate Governance Committee’s recommendation, and the Company will publicly disclose such decision by the Board of Directors with respect to the director nominee. Each of the Nominating and Corporate Governance Committee, in making its recommendation, and the Board of Directors, in making its decision, may consider any factors and other information that they consider appropriate and relevant. A director who tenders his or her resignation is not permitted to participate in the recommendation of the Nominating and Corporate Governance Committee or the decision of the Board of Directors with respect to his or her resignation.

The affirmative vote of a majority of votes present in person or by proxy and entitled to vote on the matter is required to (i) approve, on a non-binding advisory basis, the compensation of the named executive officers; (ii) ratify the engagement of KPMG LLP as our independent registered public accounting firm for 2018; and (iii) approve the stockholder proposal to amend our proxy access bylaw. Accordingly, abstentions will count as votes “AGAINST” such proposals. Broker non-votes will have no effect on Proposal Numbers 1, 2 and 4 to be considered at the Annual Meeting. Because the ratification of the appointment of KPMG LLP (Proposal No. 3) is considered a “routine” proposal, a broker holding shares as the nominee for a beneficial owner may vote for the proposal without voting instructions and, accordingly, we do not expect there to be any broker non-votes on Proposal No. 3.

Table of Contents

PROPOSAL NO. 1 - ELECTION OF DIRECTORS

It is proposed that eleven directors, nine of whom are independent directors, be elected to hold office until the 2019 annual meeting of stockholders and until their successors have been elected and qualified, subject to their earlier death, resignation or removal. Messrs. Mollins and Hannah are not considered independent directors because Mr. Mollins is currently our Chief Executive Officer and Mr. Hannah was our Chief Executive Officer until May 2015, our Executive Chairman until July 2016 and an executive officer until August 2016.

The Nominating and Corporate Governance Committee has recommended to the Board of Directors, and the Board of Directors has approved, and recommends to the stockholders, the individuals named below as nominees for election to the Board:

Sarah J. Anderson	Mark V. Kaminski
Karen W. Colonias	Robert A. McEvoy
John G. Figueroa	Gregg J. Mollins
Thomas W. Gimbel	Andrew G. Sharkey,
	III
David H. Hannah	Douglas W. Stotlar
Douglas M. Hayes	

A majority of the votes cast is required for the election of directors in an uncontested election (which is the case for the election of directors at the 2018 Annual Meeting). Neither Reliance nor your broker is able to vote on your behalf for the election of directors unless you provide specific instructions by completing and returning a proxy or voting instruction form or you follow instructions provided to you by your broker, which often include instructions on how to vote your shares via telephone or the Internet.

We expect each nominee for election as a director will serve if elected. If any nominee is not able to serve, proxies may be voted by the proxyholders for substitute nominees, unless the Board of Directors chooses to reduce the number of directors serving on the Board of Directors.

Certain information with respect to each nominee is set forth in "Management" below. See page 17.

The Board of Directors recommends that stockholders vote FOR the election of each nominee as a director. Unless otherwise indicated on your proxy, the proxyholders will vote your proxy FOR the election of all named nominees.

Table of Contents

PROPOSAL NO. 2 - ADVISORY VOTE ON THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

In accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”), we are asking our stockholders to approve, on an advisory, non-binding basis, the compensation of our named executive officers as disclosed in this proxy statement. It is Reliance’s current policy to provide our stockholders with an opportunity to approve the compensation of our named executive officers each year at the Annual Meeting. Accordingly, we anticipate that the next such vote will occur at the 2019 Annual Meeting of Stockholders.

In voting on this proposal, the Board of Directors encourages you to consider the detailed discussion of compensation matters in the Compensation Discussion and Analysis section, or CD&A, beginning on page 24.

The Board of Directors recommends that stockholders vote FOR the following resolution:

“RESOLVED, that the stockholders of Reliance Steel & Aluminum Co. approve, on an advisory basis, the compensation paid to Reliance Steel & Aluminum Co.’s named executive officers, as disclosed in the 2018 Proxy Statement pursuant to the Securities and Exchange Commission’s compensation disclosure rules, including the CD&A, the Summary Compensation Table and other compensation tables and the accompanying footnotes and narratives and any related material.”

Because your vote is advisory, it will not be binding upon the Board. However, the Board values our stockholders’ opinions and the Compensation Committee will take into account the outcome of the vote when considering future executive compensation decisions. The affirmative vote of a majority of votes present in person or by proxy and entitled to vote is required to approve this proposal.

Neither Reliance nor your bank, broker or financial institution is able to vote on your behalf to support the Company’s executive compensation unless you provide specific instructions by completing and returning a proxy or voting instruction form or you follow instructions provided to you by your bank, broker or financial institution, which often include instructions on how to vote your shares via telephone or the Internet.

The Board of Directors recommends a vote FOR the compensation of the Company’s named executive officers. Unless otherwise indicated on your proxy, the proxyholders will vote your proxy FOR the above resolution approving the compensation of our named executive officers.

PROPOSAL NO. 3 – RATIFICATION OF INDEPENDENT REGISTERED

PUBLIC ACCOUNTING FIRM

KPMG LLP, our independent registered public accounting firm, billed us the fees set forth in the table below for services provided in the last two years.

Audit Fees(1)

2017	\$ 3,490,000
2016	\$ 3,648,000

Audit-Related Fees(1)

2017	\$ 141,000
2016	\$ 134,000

Tax Fees

2017	\$ 12,000
2016	\$ 11,000

All Other Fees

2017	\$ -
2016	\$ -

(1) \$132,000 of 2016 fees related to the audits of certain of our joint venture entities were reclassified from audit fees to audit-related fees to conform to the 2017 presentation.

Audit fees are the aggregate fees for services of the independent registered public accounting firm for audits of our annual financial statements, and the independent registered public accounting firm's audit of our internal control over financial reporting, including testing and compliance with Section 404 of the Sarbanes-Oxley Act, and review of our quarterly financial statements included in our Forms 10-Q, and services that are normally provided by the independent registered public accounting firm in connection with statutory and regulatory filings or engagements for those years, such as any filings related to acquisitions or our publicly traded debt securities. This category also includes advice on accounting matters that arose during, or as a result of, the audit or review of interim financial statements and statutory audits required by non-U.S. jurisdictions. Audit-related fees are those fees for services provided by the independent registered public accounting firm that are reasonably related to the performance of the audit or review of our financial statements and not included as audit fees. Tax fees are fees and expenses for professional services rendered by KPMG LLP in connection with U.S. and foreign tax compliance and planning, and consultation and advice on tax examinations.

The Audit Committee approved all of these services in advance. The Audit Committee has adopted a Pre-Approval Policy that requires that the Audit Committee approve in advance the services to be provided, the terms of the engagement letter, and all associated fees set forth in such letter for the independent registered public accounting firm. In addition, the Audit Committee will review proposed audit, audit-related, tax and other services that management desires the independent registered public accounting firm to perform to ensure that such services and the proposed fees related to the services will not impair the independent registered public accounting firm's independence and that

such services and fees are consistent with the rules established by the Securities and Exchange Commission ("SEC"). Each quarter, the Chief Financial Officer of the Company reports to the Audit Committee which services, if any, were performed and the amount of any fees that were incurred. The Audit Committee has delegated to the Chair of the Audit Committee the

authority to add to, amend or modify the list of services to be provided or the amount of fees to be paid; provided that the Chair will report any action taken to the Audit Committee at its next scheduled meeting and provided further that the fees involved are reasonably expected to be less than \$100,000.

The Audit Committee selected KPMG LLP as the Company's independent registered public accounting firm for 2018. KPMG LLP has served as the Company's independent registered public accounting firm since 2008. The Board of Directors ratified this selection. At the Annual Meeting, stockholders will be asked to ratify and approve this selection. We are not required to have the stockholders ratify the selection of KPMG LLP as our independent registered public accounting firm. Nevertheless we are presenting the selection of KPMG to our stockholders because we believe it is a good corporate practice. If the stockholders do not ratify the selection, the Audit Committee will reconsider whether or not to retain KPMG LLP, but may still retain the firm. Even if the selection is ratified, the Audit Committee, in its discretion, may change the appointment at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

A representative of KPMG LLP is expected to be present at the Annual Meeting, will have an opportunity to make a statement if he or she desires to do so, and will be available to respond to appropriate questions. The affirmative vote of a majority of shares present in person or by proxy and entitled to vote is required to ratify the selection of KPMG LLP as our independent registered public accounting firm for 2018. Because the ratification of the appointment of KPMG LLP is considered a "routine" proposal, a bank, broker or financial institution holding shares as the nominee for a beneficial owner may vote for the proposal without voting instructions and, accordingly, we do not expect there to be any broker non-votes on this proposal.

The Board of Directors recommends that stockholders vote FOR the ratification of the selection of KPMG LLP as our independent registered public accounting firm for 2018. Unless otherwise indicated on your proxy, the proxyholders will vote FOR the ratification of KPMG LLP as our independent registered public accounting firm for 2018.

PROPOSAL NO. 4 – STOCKHOLDER PROPOSAL REQUESTING PROXY ACCESS BYLAW AMENDMENT

In accordance with SEC rules, we have set forth below a stockholder proposal, along with the supporting statement of the stockholder proponent. The stockholder proposal and the supporting statement are included exactly as submitted to us by the stockholder proponent. The proposal may contain assertions about the Company or other matters that the Company believes are incorrect, but the Company has not attempted to refute all of those assertions. The Company disclaims responsibility for the accuracy and content of the stockholder proponent's proposal and supporting statement. The stockholder proposal is required to be voted on at our annual meeting only if properly presented. The name and address of the stockholder proponent is set forth below. As explained below, the Board of Directors unanimously recommends a vote "AGAINST" the stockholder proposal.

We have been advised that Mr. John Chevedden, 2215 Nelson Avenue, No. 205, Redondo Beach, California 90278, who has represented to us that he has held for at least one year and currently holds not less than 50 shares of our common stock, intends to submit the following proposal at the 2018 Annual Meeting:

Proposal [4] – Enhance Shareholder Proxy Access

RESOLVED: Stockholders ask the board of directors to amend its proxy access bylaw provisions and any associated documents, to include the following changes for the purpose of decreasing the average amount of Company common stock the average member of a nominating group would be required to hold for 3-years to satisfy the aggregate ownership requirements to form a nominating group and to increase the possible number of proxy access director candidates.

No limitation shall be placed on the number of stockholders that can aggregate ownership requirements to achieve the 3% of common stock required to nominate directors under our Company's proxy access provisions.

The number of shareholder-nominated candidate eligible to appear in proxy materials will be 25% of Directors (rounded down).

Even if the 20 largest public pension funds were able to aggregate their shares, they would not meet the current 3% criteria for continuous 3-years at most companies according to the Council of Institutional Investors. This proposal addresses the sadly ironic situation that our company now has with proxy access potentially for only the largest shareholders who are the least likely shareholders to make use of it.

For 20 shareholders to make use of our current proxy access-the average holding for such a group of 20 Reliance Steel shareholders would be \$9 million each. Yet it might take an average current holding of \$18 million each when any stock held for less than 3 continuous years is subtracted.

Our management spent a 5-digit dollar amount to prevent us from voting on the topic of this proposal in 2017. Meanwhile this proposal topic won substantial support at 6 major companies in 2017-including Apple.

Please vote to improve management accountability to shareholders:

Enhance Proxy Access-Proposal [4]

Statement in Opposition to Proposal No. 4

In February 2016, our Board adopted an amendment to our bylaws to implement proxy access. We believe our existing proxy access bylaw reflects market practice and strikes the appropriate balance between providing

stockholders with a fair and useful proxy access process and safeguarding against certain risks associated with proxy access. This stockholder proposal seeks the adoption of provisions that would disrupt that balance.

Table of Contents

Our existing proxy access bylaw permits a stockholder, or a group of up to 20 stockholders, owning at least 3% of the Company's outstanding common stock continuously for at least three years to nominate and require the Company to include in its proxy materials director nominees constituting up to the greater of two individuals or 25% of the Board, provided that the nominating stockholders and the nominees satisfy certain specified requirements.

The Company's decision to adopt a proxy access bylaw was informed by numerous discussions with corporate governance experts. The Company carefully considered whether to adopt proxy access and, if so, on what terms, given the Company's then-current mix of stockholder rights and corporate governance practices. After considering the feedback and advice received and after carefully reviewing market terms for proxy access bylaws, the Board adopted a proxy access bylaw that it believed was fair and reasonable and tailored to the Company and its stockholder base.

The proposal requests removal of the limitation on the number of stockholders that can aggregate their stock to meet the 3% ownership threshold and would place no limit on the size of the nominating group. We believe the 20-stockholder aggregation limit in our existing proxy access bylaw is a reasonable limitation to control the administrative burden of confirming and monitoring share ownership within a nominating group and prevent the use of proxy access by a group that includes stockholders that do not have a substantial economic stake in our Company.

In an attempt to overstate the importance of aggregation to our proxy access bylaw, the proposal refers to an analysis by the Council of Institutional Investors that provides: "Even if the 20 largest public pension funds were able to aggregate their shares, they would not meet the current 3% criteria for continuous 3-years at most companies according to the Council of Institutional Investors." This statement, however, has no relevance to Reliance's stockholder base. Based on data in regulatory filings by institutional investors, Reliance's 20 largest institutional stockholders hold, and appear to have held for at least three years, approximately 52.39% of the Company's outstanding common stock. In addition, two of Reliance's three largest institutional stockholders each have owned more than 5% for more than three years, and 19 of Reliance's current top 20 largest institutional stockholders have held more than 51.46% for at least three years. Accordingly, several of the Company's existing stockholders could, on their own or in combination with one or only a few fellow stockholders, currently achieve the existing 3% ownership criteria. In addition, many of the Company's largest stockholders could recruit a small stockholder to work together in forming a group that would satisfy the ownership threshold, thereby allowing proxy access to a group comprised of a wide range of stockholders. As a result, we believe that the existing proxy access bylaw provides Reliance's stockholders a meaningful, practical and actionable proxy access right.

Furthermore, the 20-stockholder aggregation limit is the dominant market term among companies that have adopted proxy access bylaws. According to data provided by ISS Corporate Solutions, of the 314 companies in the S&P 500 that had adopted a proxy access bylaw as of February 8, 2018, approximately 93% had adopted a 20-stockholder aggregation limit, which was widely endorsed among institutional stockholders.

In addition to proxy access, we have instituted a number of corporate governance best practices to promote Board accountability and provide stockholders with access to the Board, including:

- ü Annual election of all directors and director majority voting policy.
- ü Separation of Chairman and CEO.
- ü All of our standing Board committees consist solely of independent directors.
- ü Special meetings may be called by stockholders holding shares entitled to cast no less than 10% in voting power of our outstanding stock.
- ü Stockholders' ability to act by written consent.

Table of Contents

ü No super majority voting requirements to approve mergers or other business combinations.

ü No stockholder rights plan or poison pill.

Given the Company's commitment to strong governance practices, which includes the adoption of a proxy access bylaw that is broadly consistent with current market practice, and the potential administrative burden and costs that the Company could incur should it adopt the proponent's suggested modification, the Board does not believe that changing the Company's existing proxy access bylaw is necessary or advisable at this time.

The Company intends to continue monitoring developments on this topic as part of its consideration of broader governance issues, and remains committed to fostering an open and honest dialogue with its stockholders regarding its corporate governance policies and practices.

The Board unanimously recommends that stockholders vote AGAINST Proposal No. 4. Proxies solicited by the Board will be so voted unless stockholders specify a contrary choice in their voting instructions.

Directors

Sarah J. Anderson was appointed a director of Reliance in July 2012. Ms. Anderson retired from Ernst & Young LLP in June 2008 after more than 24 years with the firm, including as an assurance and advisory services partner from 1987 to 2008. Ms. Anderson is a certified public accountant (inactive) and is a member of the AICPA and the California Society of CPAs. Ms. Anderson was appointed by the Governor of California to the California Board of Accountancy for two four-year terms, which ended in 2015, and had served as president of the board. Ms. Anderson serves on the board of American States Water Company, a NYSE-listed public company, which has three principal business units: water and electric service, utility operations and contracted services, for which Ms. Anderson serves as the chair of the audit committee. Ms. Anderson also served on the board and as audit committee chair of Kaiser Ventures LLC (the reorganized successor to Kaiser Steel Corporation that filed for bankruptcy protection in 1987) until May 2013 when the company's assets were transferred to a liquidating trust. Ms. Anderson serves on the audit committee of the Orange County Community Foundation and as an emeritus director of Pacific Symphony, a non-profit 501(c)(3) organization for which she served four years as chair of the board. Ms. Anderson also serves on the Board of Trustees of South Coast Repertory, a non-profit 501(c)(3) organization, where she is a member of the finance committee and the chair of the board development committee. Ms. Anderson serves as Chair of our Audit Committee and as a member of our Nominating and Governance Committee. Ms. Anderson served as a member of our Compensation Committee from January 1, 2016 through December 31, 2016. The Board of Directors has

determined that Ms. Anderson is an independent director and that she qualifies as an audit committee financial expert.

Table of Contents

Ms. Anderson brings extensive financial and accounting expertise and audit committee experience to our Board of Directors and Audit Committee. Ms. Anderson offers financial experience that enables her to understand and analyze accounting matters and to communicate well with both our internal and external auditors. She keeps abreast of current accounting and financial topics and is able to ask appropriate questions of management and auditors alike.

Ms. Anderson has an understanding of tax, audit procedures, financial reporting requirements and risk identification and assessment issues and has knowledge of practices at other public companies in other industries through her work as an auditor and board member of two other public companies.

Karen W. Colonias was appointed a director of Reliance in October 2016. Ms. Colonias has been the President and Chief Executive Officer of Simpson Manufacturing Company Inc. (“SSD”), a NYSE-listed public company and manufacturer of building materials, since January 2012. Ms. Colonias has also served on SSD’s board of directors since 2013. From May 2009 to January 2012, Ms. Colonias served as SSD’s Chief Financial Officer, Treasurer and Secretary. Prior to that, Ms. Colonias was Vice President of SSD’s global structural product solutions subsidiary, Simpson Strong-Tie Company Inc. and, in that capacity, managed Simpson Strong-Tie’s manufacturing facility in Stockton, California from 2004 to 2009. From 1998 to 2009, as SSD’s Vice President of Engineering, Ms. Colonias was responsible for Simpson Strong-Tie’s research and development efforts. Ms. Colonias joined Simpson Strong-Tie in 1984 as an engineer in the research and development department, where she was responsible for the design and testing of new products and code development. Ms. Colonias serves as a member of our Audit Committee and our Compensation Committee. The Board of Directors has determined that Ms. Colonias is an independent director.

Ms. Colonias is experienced in strategic planning, mergers and acquisitions, facility and plant operations, international business and global finance. Based on her executive experience, including as the Chief Executive Officer of SSD, Ms. Colonias provides valuable insight on the management of the Company and its operations.

John G. Figueroa was appointed a director of Reliance in October 2010. Since July 2014, Mr. Figueroa has been the chief executive officer of Genoa Healthcare, the leading behavioral health specialty pharmacy in the United States. Mr. Figueroa has served as chairman of the board of directors of Apria Healthcare Group Inc., one of the nation’s leading home healthcare companies, since November 2012 and also served as the company’s chief executive officer from November 2012 until January 2014. From January 2011 until June 2012, Mr. Figueroa served as a director and the chief executive officer of Omnicare, Inc., which was a public company during that time and a leading provider of pharmaceuticals to seniors. From 2006 to December 2010, Mr. Figueroa served as president of the U.S. Pharmaceutical Group of McKesson Corporation, the largest pharmaceuticals distributor in North America. Mr. Figueroa served in other senior management positions with McKesson Corporation from 1997 to 2006. Mr. Figueroa has served as an officer in the United States Army. Mr. Figueroa serves as Chair of our Compensation Committee and as a member of our Nominating and Governance Committee. The Board of Directors has determined that Mr. Figueroa is an independent director.

Mr. Figueroa has developed an expertise in distribution and supply chain management and operations. In August 2010, when he was president of the U.S. Pharmaceutical Group of McKesson, Mr. Figueroa was named the Supply Chain Executive of the Decade by the Global Supply Chain Leaders Group for making significant contributions to the advancement of supply chain management and maintaining sustainable, responsible business practices in global operations. Mr. Figueroa’s expertise allows him to assist management in increasing efficiency in and marketing for our distribution operations. Mr. Figueroa’s experience in the healthcare industry and mergers and acquisitions provides a different perspective and increased diversity on the Board of Directors.

Thomas W. Gimbel was appointed a director of Reliance in January 1999. Mr. Gimbel has been retired since 2006, except that until 2013 he served as Trustee of the Florence Neilan Trust, which for many years

Table of Contents

was one of Reliance's largest stockholders. Between 1984 and 2006, Mr. Gimbel was the president of Advanced Systems Group, an independent computer consulting firm servicing database requirements for diverse businesses of various sizes. From 1975 to 1984, Mr. Gimbel was employed by Dun & Bradstreet. Mr. Gimbel serves as a member of our Nominating and Governance Committee. The Board of Directors has determined that Mr. Gimbel is an independent director.

Mr. Gimbel is the great nephew of the Company's founder and the son of the Company's former Chairman and Chief Executive Officer, Bill Gimbel. As one of our largest individual stockholders, Mr. Gimbel provides the Board with a stockholder's perspective. Mr. Gimbel also knows and understands the history and culture of the Company as it has grown from a privately-held company to a member of the Fortune 500. Mr. Gimbel, who has never been an employee of the Company, respects the proven management strategy of our Company and seeks to protect the Company's core values as it grows. Mr. Gimbel's background in information technology also enables him to offer the Board and management guidance regarding the Company's technology systems.

David H. Hannah was appointed a director of Reliance in 1992. Mr. Hannah served as Chief Executive Officer of Reliance from January 1999 to May 2015, Chairman of the Board from October 2007 to May 2015, Executive Chairman of the Board from May 2015 to July 2016, and Chairman Emeritus from July 2016 until his retirement in August 2016. Mr. Hannah served as President of Reliance from November 1995 to January 2002. Prior to that, he was Executive Vice President and Chief Financial Officer from 1992 to 1995, Vice President and Chief Financial Officer from 1990 to 1992 and Vice President and Division Manager of the Company's Los Angeles Reliance Steel Company division from 1989 to 1990. Mr. Hannah served as an officer of the Company from 1981 until his retirement in August 2016. For eight years before joining Reliance in 1981, Mr. Hannah was employed in various professional staff positions by Ernst & Whinney (a predecessor to Ernst & Young LLP, which was our independent registered public accounting firm through 2007).

As the former Chief Executive Officer of the Company, Mr. Hannah has an in-depth knowledge of the Company's operations and its strategic vision. He developed and implemented the Company's merger and acquisition growth strategy that has resulted in more than 60 acquisitions since our initial public offering in September 1994. Mr. Hannah's financial background and business management experience enabled him to assess and value potential acquisition target companies. Mr. Hannah is well respected within the metals service center industry and by investors, financial institutions and credit rating agencies. He has proven his ability to raise debt and equity capital for the Company and effectively led our management team for over 15 years. Mr. Hannah previously served as chairman of the board of directors of the Metals Service Center Institute. Since November 2014, Mr. Hannah has served as a director of Boise Cascade Company, a NYSE-listed public company, and serves on its compensation committee and corporate governance and nominating committee.

Douglas M. Hayes was appointed a director of Reliance in September 1997. Mr. Hayes retired from Donaldson, Lufkin & Jenrette Securities Corporation ("DLJ"), where he was managing director of Investment Banking from 1986 to February 1997. DLJ was the underwriter in our 1994 initial public offering. Thereafter, Mr. Hayes established his own investment firm, Hayes Capital Corporation, in Los Angeles, California, and serves as its President. Mr. Hayes is also a director of Circor International, Inc., a NYSE-listed public company, for which he serves as chairman of the compensation committee and as a member of the nominating and governance committee. Mr. Hayes serves as a member of our Audit Committee, Nominating and Governance Committee and our Compensation Committee, and served as our Lead Director from May 2004 to January 2015. The Board of Directors has determined that Mr. Hayes is an independent director.

Mr. Hayes' investment banking background, including his service to Reliance, enables him to support the Board and the Company with the benefit of his knowledge of our Company, capital markets and financing strategies. Mr. Hayes' experience with analysts and investors provides valuable perspective and, by virtue of

Table of Contents

his membership on other boards of directors and his investment banking experience, provides insight into how other public companies operate and into various end market industries. He is also able to assist the management team in evaluating and structuring mergers and acquisitions.

Mark V. Kaminski was appointed a director of Reliance in November 2004. Mr. Kaminski was elected our non-executive Chairman of the Board in July 2016, after having served as our Lead Director since January 2015. Mr. Kaminski serves as a director, executive chairman and a member of the audit, nominating and governance, and compensation committees of Graniterock, a privately-held company that provides products to the construction industry, and during 2012 served as chief executive officer of Graniterock. Mr. Kaminski was president and chief executive officer and a director of Commonwealth Industries Inc. (now Aleris International, Inc.), a manufacturer of aluminum products, from 1991 until his retirement in June 2004. Mr. Kaminski had served in other capacities with Commonwealth Industries Inc. since 1987. Mr. Kaminski also serves as a member of our Compensation Committee, Audit Committee and our Nominating and Governance Committee. From October 2010 to January 2015, Mr. Kaminski was the chairman of the Compensation Committee. From 2006 to 2010 he was Chairman of the Nominating and Governance Committee. The Board of Directors has determined that Mr. Kaminski is an independent director.

Based on his experience as executive chairman of Graniterock and as president and chief executive officer of Commonwealth Industries Inc., where he grew sales from \$240 million to \$2.5 billion, Mr. Kaminski offers valuable insight in the management of the Company and its growth. During his over 40-year career in the metals and mining industry and as the former chief executive officer of an aluminum producer, he has developed strong contacts with aluminum suppliers and peer companies that are aluminum distributors. Because of his manufacturing background, Mr. Kaminski is also able to provide guidance on improving and maintaining the Company's excellent operational efficiency and safety performance.

Robert A. McEvoy was appointed to the Board of Directors in October 2015. Mr. McEvoy brings a wealth of experience in the metals industry, mergers and acquisitions, corporate finance, and equity portfolio management. Mr. McEvoy retired from Goldman Sachs in April 2014 after nine years with the firm. As a managing director at Goldman Sachs, Mr. McEvoy was a portfolio manager focused on the materials and industrials sectors. From 1989 to 2001, Mr. McEvoy held various positions with the investment banking firms of DLJ and Credit Suisse First Boston. The Board of Directors has determined that Mr. McEvoy is an independent director.

Mr. McEvoy's investment banking and equity investment background, including his particular focus on the metals and mining industry and prior investment banking and analyst experience covering Reliance, enables him to assist the Board and the Company with the benefit of his knowledge of our Company, our industry and competitors, capital markets and financing strategies. Mr. McEvoy's experience as an investor provides the Board and management perspective on the landscape in which Reliance competes for capital. Mr. McEvoy's investment banking experience offers insight and experience in evaluating merger and acquisition opportunities. Mr. McEvoy's historical knowledge of Reliance and the global metals industry as a former analyst covering Reliance and other metals companies affords him a unique perspective and understanding of our business.

Gregg J. Mollins was appointed a director of Reliance in September 1997 and became Chief Executive Officer in May 2015. Mr. Mollins became President in 2002 and served as Chief Operating Officer from May 1994 to May 2015. Mr. Mollins was Executive Vice President from November 1995 to January 2002. He also served as Vice President and Chief Operating Officer from 1994 to 1995 and as Vice President from 1992 to 1994. Mr. Mollins joined Reliance in 1986 as Division Manager of the former Santa Clara division, following ten years with certain of our competitors in various sales and sales management positions.

Mr. Mollins has spent his entire career in the metals service center industry and has been exposed to every operational area of the business. As our President and Chief Executive Officer, he offers in-depth

Table of Contents

industry expertise and has developed extensive contacts in the metals service center industry and with mills and other suppliers. Mr. Mollins evaluates potential acquisitions and opportunities to expand our business and has the skills and experience necessary to supervise the day-to-day operations of the Company and to guide its strategy. Mr. Mollins is actively involved in the integration of new acquisitions into the Company's culture.

Andrew G. Sharkey, III was appointed a director of Reliance in July 2007. Mr. Sharkey served as president and chief executive officer of the American Iron and Steel Institute from 1993 until his retirement in October 2008. From 1978 to 1993, Mr. Sharkey was president, executive vice president and director of education for the Steel Service Center Institute (currently the Metals Service Center Institute), which represents the metals service center industry as well as steel suppliers and mills. Mr. Sharkey serves as the Chair of our Nominating and Governance Committee and as a member of our Compensation Committee and our Audit Committee. From February 2009 through December 2013, Mr. Sharkey also served as a director and a member of the compensation committee and the governance and nominating committee of General Moly, Inc., a publicly traded company with securities listed on the NYSE American. The Board of Directors has determined that Mr. Sharkey is an independent director.

Mr. Sharkey has a strong knowledge of the metals industry and, as the former president of the Steel Service Center Institute, and as the former president and chief executive officer of the American Iron and Steel Institute has extensive knowledge of steel suppliers and our peer companies and potential acquisition targets that operate in the steel distribution industry, as well as familiarity with the management teams and owners of these companies. Mr. Sharkey understands the factors that impact pricing and demand, as well as market factors that impact mills and how they will ultimately impact metals service centers. Mr. Sharkey's experience offers a perspective of the global market and insight into steel trade issues.

Douglas W. Stotlar was appointed a director of Reliance in October 2016. Mr. Stotlar served as President, Chief Executive Officer and Director of Con-way Inc., a transportation and logistics company (previously known as CNF Inc.) from April 2005 until October 2015. He served as President and Chief Executive Officer of Con-way Transportation Services Inc., a regional trucking enterprise ("CTS") and a subsidiary of Con-way Inc., from 2004 until 2005. Mr. Stotlar also served as CTS' Executive Vice President and Chief Operating Officer from 2002 until 2004, and as CTS' Executive Vice President of Operations from 1997 until 2002. He served as Vice President at large and was a member of the executive committee of the American Trucking Association and as a director for the Detroit branch of the Federal Reserve Bank of Chicago from December 2014 until December 2016. Mr. Stotlar currently serves as a director at AECOM, a NYSE-listed public company, and LSC Communications, Inc. ("LSC"), also a NYSE-listed public company. Mr. Stotlar serves on the audit committee of AECOM and on the audit and compensation committees of LSC. Mr. Stotlar serves as a member of our Audit Committee and our Compensation Committee. The Board of Directors has determined that Mr. Stotlar is an independent director.

Mr. Stotlar brings substantial knowledge of the logistics industry, which is important in our business. In addition, Mr. Stotlar's prior experience as a chief executive officer of a public company provides insight on stockholder relations and management matters. In addition, Mr. Stotlar's experience on boards of other public companies positions him well to serve as a member of our Audit Committee and our Compensation Committee.

Executive Officers

In addition to Mr. Mollins, the following are the other executive officers of Reliance:

Karla R. Lewis became Senior Executive Vice President in May 2015, Executive Vice President in January 2002 and was appointed Assistant Corporate Secretary in 2007. Mrs. Lewis continues as our Chief Financial Officer, having served as Senior Vice President and Chief Financial Officer since February 2000. Mrs. Lewis served as Vice President and Chief Financial Officer from 1999 to 2000 and was Vice President

Table of Contents

and Controller from 1995 to 1999. Mrs. Lewis served as Corporate Controller from 1992 to 1995. For four years prior to joining Reliance, Mrs. Lewis, a certified public accountant (inactive), was employed by Ernst & Young LLP in various professional staff positions. Mrs. Lewis also serves as a member of the board of directors of the Metals Service Center Institute.

James D. Hoffman became Executive Vice President and Chief Operating Officer in March 2016. Mr. Hoffman served as the Company's Executive Vice President, Operations since May 2015, and as Senior Vice President, Operations since 2008. Mr. Hoffman served as executive vice president and chief operating officer of our subsidiary, Earle M. Jorgensen Company, from April 2006 to September 2008. Mr. Hoffman was appointed executive vice president of Earle M. Jorgensen Company in 2006, having been a vice president of Earle M. Jorgensen Company since 1996. Mr. Hoffman also serves as a member of the board of directors of the Metals Service Center Institute.

William K. Sales, Jr. became Executive Vice President, Operations in May 2015. Mr. Sales served as Senior Vice President, Operations since 2002. Mr. Sales joined Reliance as Vice President, Non-Ferrous Operations in September 1997. From 1981 to 1997, Mr. Sales served in various sales and management positions with Kaiser Aluminum & Chemical Corp. (now DCO Management, LLC, a subsidiary of Kaiser Aluminum Corporation), a producer of aluminum products and a supplier of Reliance. Mr. Sales also served as past chair of the aluminum products division council of the Metals Service Center Institute, is a member of its executive committee and is a current board member.

Stephen P. Koch became Senior Vice President, Operations in April 2010. From July 2007 until he joined Reliance, Mr. Koch was president of Chapel Steel Corp., a subsidiary of Reliance. Prior to that he held the positions of executive vice president of Chapel Steel Corp. from 2005 to June 2007, and vice president of Chapel Steel Corp. from 1995 to 2005 and had previously served as sales manager of Chapel Steel Corp.

Michael P. Shanley was appointed Senior Vice President, Operations in April 2015. Mr. Shanley was president of Liebovich Bros., Inc., a subsidiary of Reliance, since September 2009, having been vice president and general manager of Hagerty Steel and Aluminum, a division of Liebovich Bros., from January 2005 to September 2009. Mr. Shanley joined Liebovich Bros. in 1978 and held various sales and management positions prior to 2005. Mr. Shanley has more than 38 years of metals service center industry experience.

William A. Smith II was appointed Senior Vice President, General Counsel and Corporate Secretary in May 2015, having served as Vice President, General Counsel and Corporate Secretary since May 2013. From August 2009 to May 2013, Mr. Smith served as senior vice president, chief legal officer and secretary of Metals USA Holdings Corp., a publicly traded metals service center business acquired by Reliance in April 2013. From June 2005 to August 2008, Mr. Smith served as senior vice president, general counsel and secretary of Cross Match Technologies, Inc. and also as director of corporate development from September 2006 to August 2008. Prior to that, he was a partner in the corporate and securities practice group of the international law firm DLA Piper, where he practiced corporate law, including mergers and acquisitions.

Other Corporate Officers

In addition, the following Reliance officers are expected to make significant contributions to our operations:

Arthur Ajemyan became Vice President, Corporate Controller in May 2014, having been promoted from Corporate Controller, a position which he had held since August 2012. From 2005 to 2012, Mr. Ajemyan held various positions in the accounting and finance department at Reliance, including Group Controller and Director of Financial Reporting. Prior to joining Reliance, Mr. Ajemyan, a certified public accountant, held various professional staff and manager positions at PricewaterhouseCoopers, LLP from 1998 to 2005.

Brenda Miyamoto became Vice President, Corporate Initiatives in August 2012, having been promoted from Vice President, Corporate Controller, a position which she had held since May 2007. Prior to that time, Ms. Miyamoto served as Corporate Controller from January 2004 until August 2012 and Group Controller from December 2001 to January 2004. For six years prior to joining Reliance, Ms. Miyamoto, a certified public accountant (inactive), was employed by Ernst & Young LLP in various professional staff and manager positions.

Donald J. Prebola became Vice President, Health, Safety & Human Resources in June 2015, having served as Vice President, Human Resources since August 2011. Mr. Prebola served as Senior Vice President, Operations of our subsidiary, Infra-Metals Co., from 2008 to July 2011. Prior to that he had served as Co-General Manager of Infra-Metals Co. since 1990.

John Shatkus became Vice President, Internal Audit in August 2012, having been promoted from Director, Internal Audit, a position which he had held since May 2005. Prior to joining Reliance, Mr. Shatkus was Audit Manager at Semptra Energy and held various management positions at Semptra Energy over a 20-year period, including Regulatory Affairs Manager and Accounting Manager. Mr. Shatkus is a certified public accountant.

Silva Yeghyayan became Vice President, Tax in August 2012, having been promoted from Director, Tax, a position which she had held since October 2005. Ms. Yeghyayan is a certified public accountant and was a tax consultant from April 2004 until joining Reliance in 2005. Ms. Yeghyayan was Senior Tax Manager at Grant Thornton LLP from 2000 to 2004, and held various professional staff and manager positions at Arthur Andersen LLP from 1989 to 2000.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis describes our executive compensation philosophy and program and how it applies to our executive officers, including our named executive officers identified below (whom we sometimes refer to collectively as our “NEOs”).

Named Executive Officer	Title
Gregg J. Mollins	President and Chief Executive Officer
Karla R. Lewis	Senior Executive Vice President and Chief Financial Officer
James D. Hoffman	Executive Vice President and Chief Operating Officer
William K. Sales, Jr.	Executive Vice President, Operations
Stephen P. Koch	Senior Vice President, Operations
Michael P. Shanley	Senior Vice President, Operations
Executive Summary	

Excellent operational execution coupled with continued modest growth and a positive pricing environment throughout 2017 generated another year of industry-leading results and Company records. Net sales in 2017 were \$9.72 billion, up \$1.11 billion or 12.9% from \$8.61 billion in 2016 and the second highest annual sales in Reliance history. Our gross profit of \$2.79 billion was the highest in Company history. Our annual gross profit margin was 28.7% and gross profit margin in each quarter of 2017 was within or above our target range of 27% to 29%. Pre-tax income increased by \$154.6 million, or 36.0%, from \$429.2 million in 2016 to \$583.8 million in 2017. Earnings per diluted share were \$8.34, compared to \$4.16 in 2016. Excluding the impact of tax reform, earnings per diluted share were \$5.52 in 2017, up 32.7% from 2016 and the second highest in our history, trailing only 2008. Our same-store average selling price per ton sold increased 9.1% in 2017 compared to 2016 and our same-store tons sold increased 3.6% in 2017 compared to 2016.

Our focus on effective working capital management and our record gross profit contributed to the \$399.0 million of cash flow generated from operations which we used to fund (i) \$161.6 million of capital expenditures, (ii) \$132.0 million in cash dividends, (iii) \$25.0 million of share repurchases, and (iv) a \$36.5 million acquisition. We believe our strong operational performance is attributable to our focus on small orders requiring high levels of quality and service delivered on a just-in-time basis, as well as our significant investments in value-added processing equipment.

We believe the compensation of our NEOs in 2017 was aligned with our performance. Payments to the NEOs under our 2017 Annual Cash Incentive Plan were slightly above target, consistent with management’s delivery of industry-leading operating results and a record gross profit.

Executive Compensation Program Design

Our executive compensation program is designed to reward the Company's executive officers for strong operational and financial performance, attract and retain key executive talent, and align compensation with the long-term interests of our stockholders. We structure our executive officers' target total direct compensation to be competitive with the median compensation paid by companies with whom we may compete for executive talent, including those in our executive compensation peer group. We also link a majority of our executives' compensation to Company performance to drive our financial and operating performance and increase stockholder value. We believe that this pay-for-performance philosophy has been instrumental to our success.

We manage our business with the long-term objective of creating and maximizing value for our stockholders. Our pay-for-performance philosophy is aligned with and supports this objective.

Consistent with our past practice, the Compensation Committee evaluates performance by reviewing:

- our operating and financial results, including performance against our executive compensation peer group, our industry peer group, and general economic factors that impact our business and industry;
- economic return to stockholders over time, both on an absolute basis and relative to other companies, including the S&P 500, our executive compensation peer group and our industry peers; and
- the achievement of the Company's goals and objectives (including management development, safety performance, working capital management, and capital allocation).

The Compensation Committee has linked a majority of our executives' total direct compensation directly to the achievement of specific, pre-established Company performance targets. In 2017, approximately 74% of our CEO's and 60% of our other NEOs' target total direct compensation was tied to performance targets.

2017 Financial and Operating Highlights

The following table highlights our financial and operating results in 2017 compared to 2016:

	2017		2016		Change

(1) The 2017 amount includes a \$207.3 million, or \$2.82 per share, income tax benefit as a result of the Tax Cuts and Jobs Act of 2017.

(2) Excludes various non-recurring charges and credits, including impairment charges incurred in 2017 and 2016.

(3) Return on assets is calculated as operating income, excluding various non-recurring charges and credits, for the year divided by the average total assets for the year.

- ⁽⁴⁾ The 2016 amount has been retroactively adjusted pursuant to our adoption of accounting changes related to the presentation of net periodic pension cost and net periodic postretirement benefit cost.

Table of Contents

We continued to execute our balanced capital allocation in 2017 using cash flow from operations to fund our growth activities by making a strategic acquisition, investing in organic growth, and returning value to our stockholders through increased dividend payments and stock repurchases. In February 2017, we increased our quarterly dividend by 5.9% to \$0.45 per share from \$0.425 per share. We paid a total of \$132.0 million in dividends to our stockholders in 2017. In February 2018, the Company increased the quarterly dividend by 11.1% to \$0.50 per share. Since 2012, the Company's quarterly dividend has more than tripled from \$0.15 to \$0.50 per share. We have increased our dividend 25 times since our 1994 IPO and have paid regular quarterly dividends to our stockholders for 58 consecutive years.

During 2017, we repurchased approximately 0.3 million shares of our common stock at an average cost of \$74.27 per share, for a total of \$25 million. As of December 31, 2017, we had authorization under the plan to purchase approximately 8.1 million shares, or about 11% of our current outstanding shares. The Company expects to continue evaluating opportunistic repurchases of shares of its common stock in the future.

See "Management's Discussion and Analysis of Financial Condition and Results of Operations" in our Annual Report on Form 10-K filed with the SEC on February 28, 2018 for a more detailed discussion of our results of operations in 2017 compared to 2016 and our financial condition.

Relationship Between Pay and Performance

We believe compensation of our NEOs in 2017 was aligned with our performance in 2017. Payments to the NEOs under our 2017 annual cash incentive plan were slightly above target, consistent with management's delivery of industry leading operating results and a record gross profit. The performance-based equity awards granted in 2015 vested on December 31, 2017, with payouts on the 2015 Return on Assets ("ROA") award at target and payouts on the operating income cumulative growth ("CAGR") award below threshold, resulting in total performance shares earned by our NEOs at 80% of the target.

A majority of our executive compensation is tied to performance through annual cash incentive awards and long-term equity incentive awards, and we believe compensation of our NEOs in 2017 was aligned with operational performance in 2017. The Company's pre-tax income margin increased from 5.75% to 6.0%, resulting in each NEO receiving a slightly above target level payment under the 2017 annual cash incentive plan equal to 170% of his or her base salary. Offsetting the cash payments, however, the 2015 performance-based equity awards which vested on December 31, 2017 paid out below target levels. Results for the performance-based equity awards granted in 2015 were determined in the first quarter of 2018 based on the three-year performance period ended December 31, 2017. Performance results for the 2015 ROA awards were at target level resulting in 100% of the awards vesting. Performance results for the 2015 operating income CAGR awards were below the threshold, resulting in 0% of the awards vesting. Accordingly, total performance shares earned by our NEOs were 80% of the target number of shares granted.

Annual Cash Incentive Awards (pre-tax income margin). In 2017, our NEOs participated in our annual cash incentive plan which pays out only if the Company achieves certain levels of pre-tax income margin. Pre-tax income margin is calculated based on the Company's annual income before income taxes as a percentage of net sales as adjusted for certain non-recurring items, rounded to the nearest quarter percentage point.

The Compensation Committee, in consultation with Pay Governance and with input from management believes that pre-tax income margin represents an appropriate metric for measuring the Company's financial performance under the annual cash incentive plan as it aligns with how management and the Board measure the Company's performance. Pre-tax income margin is typically the most important metric used in the Company's corporate and operational decision-making. The Compensation Committee continues to believe that pre-tax income margin is an appropriate metric to align pay opportunities with the Company's financial performance and complements and achieves an

appropriate balance with the ROA metric under the long-term equity incentive award program.

Table of Contents

As demonstrated in the table below, the pre-tax income margin goals are demanding relative to threshold and target results of the Company and its peer group.

Goal	% Time Achieved	Rank vs. Company Proxy Peers (Percentile)
Max: 8.5%	10%	66th
Target: 5.75%	40%	48th
Min: 3%	100%	35th

For 2017, each NEO had a target cash incentive award of 150% of base salary, which would be earned if the Company achieved pre-tax income margin of 5.75%. However, no NEO would receive a payout under the plan if pre-tax income margin was less than 3%. The maximum payout under the plan of 300% of base salary would be triggered if pre-tax income margin equaled or exceeded 8.5%.

For a discussion of the Company's cash incentive compensation achievement versus the minimum, target and maximum, see "Principal Components of Our Executive Compensation Program - Annual Cash Incentive Awards" (see page 38).

Long-Term Equity Incentive Awards (ROA)

From 2012 to 2015, the NEOs' performance-based equity awards were tied to achieving an ROA target and an operating income CAGR target. In 2016, the Compensation Committee determined that operating income CAGR was not a preferred objective metric to measure management's long-term performance because it is strongly influenced by metal prices, which are beyond the control of all participants in the long-term incentive program (LTIP), including management. Conversely, ROA, which is directly influenced by management's decisions, remains a more effective metric to measure management's long-term performance. ROA also complements and achieves an appropriate balance with the pre-tax income margin metric under the annual cash incentive award program. Accordingly, the Compensation Committee determined that it would be in the best interests of the Company's stockholders to discontinue using operating income CAGR as a performance metric but continue using ROA as a metric for measuring the Company's financial performance under long-term equity incentive awards. The 2016, 2017 and 2018 performance-based equity awards will vest when the Company achieves a ROA result within a specified range over the three-year performance period.

The allocation of performance-based and service-based awards is intended to balance performance and retention objectives. In striking the appropriate balance, the Compensation Committee sought to design a policy that incentivizes strong performance while also strengthening the retention aspects of the long-term equity awards since the Company does not maintain employment agreements with its officers. Accordingly, since 2016 80% of Mr. Mollins' equity awards and 60% of our other NEOs' equity awards have been tied to performance targets. The remaining awards are service-based.

Table of Contents

Results for the performance-based equity awards granted in 2015, which vested on December 31, 2017, were determined in the first quarter of 2018. Performance results for the 2015 ROA awards resulted in 100% of the awards vesting. Performance results for the 2015 operating income CAGR awards were below the threshold, resulting in 0% of the awards vesting. Accordingly, total performance shares earned by our NEOs were 80%, below the target.

Key Executive Compensation Practices

WHAT WE DO:

- ü Strong pay-for-performance with approximately 74% of our CEO's and 60% of our other NEOs' target level total direct compensation tied to performance metrics (see discussion beginning on page 24).
- ü Target total direct compensation of our NEOs designed to approximate the market median of our executive compensation peer group when targeted performance levels are achieved (see page 37).
- ü Clawback policy for cash and equity compensation (see page 43).
- ü Stock ownership and retention requirements applicable to all officers, including our NEOs, and our directors (see pages 43 and 62).
- ü Double trigger provisions for accelerated vesting of restricted stock units upon a change in control (see page 43).
- ü All NEO performance-based equity awards granted in 2017 are tied to three-year performance targets (see page 39).
- ü Broad and deep distribution of equity awards throughout management while managing the dilutive impact and expense associated with those awards (see page 60).
- ü Limited perquisites (see page 41).
- ü Annual stockholder advisory vote to approve executive compensation (see page 11).
- ü Independent compensation committee (see page 35).
- ü Utilization of an independent compensation consultant (see page 35).

- ü Independent, non-executive Chairman of the Board enhances the effectiveness of the Board's oversight and governance and compensation practices (see page 61).
- ü All variable compensation plans have caps on plan formulas; no unlimited compensation.

WHAT WE DON'T DO:

- r No employment agreements, severance agreements, change in control/golden parachute agreements or other similar agreements with any executive officer.
- r No repricing or replacement of stock options.
- r No tax gross-ups for perquisites, change in control excise taxes or otherwise.
- r No dividends on unvested performance-based restricted stock units. Dividends accrue and are paid only upon vesting subsequent to achievement of the applicable performance criteria.
- r No hedging of Reliance common stock by directors, officers and employees subject to the quarterly trading blackout under our insider trading policy.
- r No pledging of Reliance common stock by directors, officers and employees subject to the quarterly trading blackout under our insider trading policy, except for grandfathered pledging arrangements by one director.
- r No incentive plan design or feature which would encourage excessive risk-taking.
- r No share recycling.

2017 Say on Pay Vote

We provide our stockholders with the opportunity to cast an annual advisory vote to approve compensation of our NEOs. In 2017, our stockholders overwhelmingly approved, on a non-binding, advisory basis, the compensation of our NEOs, indicating support for our compensation policies with over 99% of the votes cast in favor of such compensation. The Compensation Committee considered the favorable advisory vote as support for its belief that the Company's pay-for-performance policy operates as it was designed to do, aligning the interests of our executive officers and stockholders and driving the NEOs' performance to enhance long-term stockholder value and achieve Company objectives. The Compensation Committee will continue to consider the outcome of the annual advisory vote to approve compensation when making future compensation decisions for the NEOs.

Overview of Our Executive Compensation Program

Compensation Program Objectives

Our compensation program is designed and managed to align executive compensation with Company performance, to motivate our executives to deliver financial and operating results that create value for our stockholders and to attract and retain key executive talent. While the Compensation Committee has structured individual pay elements to vary from market medians, it aims for our NEOs total compensation to approximate the median when performance targets are achieved. We believe it is important that our executive compensation program:

- Aligns the interests of our executives with those of our stockholders. We align the financial interests of our executive officers with the interests of our stockholders by tying a majority of our executives' incentive compensation directly to Company performance. In addition, we have implemented significant stock ownership requirements for our executive officers to strengthen the alignment of their interests and our stockholders' interests.
- Promotes and maintains a performance and achievement-oriented culture. The majority of our NEOs' total direct compensation is tied directly to Company performance through our annual cash incentive awards and performance-based equity awards. We establish performance targets that are demanding, support our strategic and financial objectives and promote long-term stockholder value, without encouraging unnecessary or excessive risk taking. Payouts under the Company's performance-based awards were not impacted by tax reform in 2017.
- Is competitive. Our program is designed to attract, retain and motivate talented and skilled executives. As such, we structure total direct compensation at target to be competitive with the median compensation paid by companies with whom we may compete for executive talent, including those in our executive compensation peer group. While individual pay elements may vary from market medians, we aim to approximate total pay at median when performance targets are achieved.

The Company enjoys a team-oriented corporate culture and rewards the entire team of executives and corporate officers for their collaborative effort that is reflected in the Company's industry leading performance. Attracting and retaining a team of outstanding executive officers with complementary skills and expertise has proven successful for the Company's growth, both organically and through acquisitions, and for maintaining the Company's profitable financial performance, each of which enhances stockholder value. In order to promote our team culture, the Compensation Committee considers internal pay equity when setting compensation levels for our executives. This team approach is best illustrated by our annual cash incentive award program in which all NEOs have the same target annual cash incentive award opportunity (150% of their respective base salaries) based on the same performance objectives. Moreover, equity awards for NEOs are also fairly comparable, with the exception of the CEO.

Table of Contents

Elements of Compensation

A summary of the main elements of our executive compensation program is set forth below:

Element	Type	Description
Cash	Base salaries (see page 38)	The only component comprised of fixed cash compensation. Base salaries for our NEOs approximate the market median paid to comparable officers in our executive compensation peer group.
	Annual performance-based cash incentive awards (see page 38)	2017 annual cash incentive awards based on pre-tax income margin. The 2017 annual cash incentive plan opportunity was established on a sliding scale, ranging from zero for results below the 3% pre-tax income margin threshold, 20% of base salary for results at the 3% pre-tax income margin threshold, a target of 150% of base salary at 5.75% pre-tax income margin and up to a maximum of 300% of base salary for pre-tax income margin of 8.5% or higher. 2017 pre-tax income margin was 6.0%, which resulted in each NEO receiving 170% of base salary. Target annual cash incentive opportunities for our CEO approximate median opportunities available to chief executives in our executive compensation peer group.
Long-Term Equity Compensation	Restricted stock unit awards (see page 39)	To promote internal equity as well as reinforce an executive team concept, target annual cash incentive opportunities for other NEOs are based on the same salary percentages as the CEO.
		In 2017, 80% of the restricted stock unit awards granted to Mr. Mollins were performance-based. They will only vest if the Company achieves specific ROA for the performance period. The remaining 20% of Mr. Mollins' restricted stock unit awards granted in 2017 depend only on his continued service during the three-year period. In 2017, 60% of the restricted stock unit awards granted to the other NEOs were performance-based and subject to the same three-year ROA performance objectives. The remaining 40% of the restricted stock unit awards depend only on the NEOs' continued service during the three-year period. In 2017, values of restricted stock unit awards granted to our NEOs approximated the median of the equity awards granted to comparable officers in our executive compensation peer group.

Element	Type	Description
Retirement or Deferred Compensation Benefits	Supplemental Executive Retirement Plan (“SERP”) (see page 40)	Results for the three-year performance awards that vested on December 31, 2017 were 100% for ROA and 0% for operating income CAGR, resulting in 80% of the awards vesting.
		Mr. Mollins, Mrs. Lewis and Mr. Sales are the only current NEOs participating in the SERP. Messrs. Hoffman, Koch and Shanley do not participate in the SERP.
		Provides supplemental retirement benefits to certain key employees.
		The SERP was frozen to new participants as of January 1, 2009.
	Deferred Compensation Plan (see page 40)	Benefit amount set to 38% of the average of the participant’s highest five years of the last ten years of total cash compensation.
		In comparing the values of the SERP against the retirement benefits offered to similar executives at companies in our executive compensation peer group, the Compensation Committee found that the values for NEOs who participate in the SERP approximate the 50th to 75th percentile of retirement benefits compared to what they would receive if they participated in the programs of companies in our executive compensation peer group.
		Because they do not participate in the SERP, Messrs. Hoffman, Koch and Shanley receive Company contributions under the Deferred Compensation Plan.
		Provides supplemental retirement benefits to certain key employees through discretionary Company contributions.
Other Benefits	Standard Benefits Widely Available to Employees (see page 41)	In comparing the values of the Deferred Compensation Plan against the deferred compensation benefits offered to similar executives at companies in our executive compensation peer group, the Compensation Committee found that the values for Messrs. Hoffman, Koch and Shanley in the Deferred Compensation Plan approximate median retirement benefits compared to what they would receive if they participated in the programs of companies in our executive compensation peer group.
		Executive officers, including the NEOs, participate in the same benefit plans broadly available to all full-time employees, including health insurance and 401(k) plans.
		All non-union Reliance employees, including the NEOs, are eligible to participate in our Employee Stock Ownership Plan (“ESOP”).

Element	Type	Description
	Limited Perquisites (see page 41)	No perquisites other than certain memberships for the NEOs used primarily for business purposes.
Allocation of Compensation Components		

We compensate our executive officers by using a balanced combination of the elements described above that vary by:

- type of compensation (fixed, variable or performance-based);
- length of the performance period (annual and long-term);
- form of compensation (cash and equity); and
- with respect to equity, performance-based or service-based.

We believe this balanced mixture supports our compensation objectives, including the retention of our key executives, and emphasizes pay-for-performance. The Compensation Committee has designed the overall program to ensure that a majority of our executive compensation is at risk and weighted towards Company performance, annual and long-term incentives and stock price appreciation. Although a large portion of our NEOs' compensation is tied to Company performance, the Compensation Committee has no pre-determined mix or allocation among the various elements. The following chart illustrates the targeted allocation of the principal compensation components for our NEOs in 2017. The percentages reflect 2017 salaries, target annual cash incentive compensation and the aggregate grant date fair values of restricted stock units granted in 2017.

How We Make Decisions Regarding Executive Compensation

Compensation Committee and Independent Directors

The Compensation Committee, which is comprised entirely of independent directors, oversees our executive compensation program in concert with all of the Company's independent directors. Compensation for the NEOs is subject to final approval by the independent directors of the Board upon recommendation of the Compensation Committee.

At the request of the independent directors, our CEO annually provides a review and evaluation of each of the executive officers, including the NEOs (other than himself), identifying accomplishments in the past year, achievement of objectives and results, executive development and proposed objectives for the coming year. This information, along with other data including the Company's financial results and achievements, is reviewed and discussed by the Compensation Committee and the independent directors.

The Compensation Committee incorporates the CEO's review into its analysis of the NEOs' total compensation and its consideration of the appropriate mix and structure of the elements of the NEOs' total compensation. The achievement of the Company's goals and objectives (including management development, safety performance, working capital management, and capital allocation) in the past year, as well as the proposed objectives for the coming year, are also considered in the determination of the type, form and total amount of compensation for the CEO. The Compensation Committee also reviews data provided by its independent compensation consultant and discusses that data with senior management. Although the base salaries, annual cash incentive awards and long-term incentive awards are considered at different times throughout the year, the Compensation Committee analyzes the proposed total compensation package (or the total of base salary, annual cash incentive and long-term incentives) before making any recommendations regarding individual elements of compensation. The Compensation Committee formulates preliminary recommendations on the amount and type of compensation to be paid to the CEO and the other NEOs. The Compensation Committee then discusses with the CEO its preliminary recommendations with respect to the NEOs (other than himself). The Compensation Committee then presents final recommendations to the independent directors in executive session. The independent directors make the final determination of and approve the compensation paid to the CEO and the other NEOs.

To ensure that the NEOs and our other executive officers are compensated in a manner consistent with our strategy, competitive market practices, sound corporate governance principles and stockholder interests, the Compensation Committee regularly evaluates our executive compensation program. When doing so, the Committee considers the needs of the business, peer practices, external trends and the results of our annual say-on-pay vote. The Committee also seeks advice from its independent compensation consultant and senior management.

Independent Compensation Consultant

The Compensation Committee annually engages an independent compensation consultant to assist it in connection with the review and evaluation of the total compensation package provided to the NEOs and the individual elements of the package. In 2017, the Compensation Committee engaged Pay Governance. Pay Governance reports directly to the Compensation Committee and neither it nor any of its affiliates provided any services to the Company, other than the services to the Compensation Committee with respect to executive compensation and the Nominating and Governance Committee with respect to biennial reviews of our director compensation, which the Board believes is consistent with the independence of the consultant. The Compensation Committee conducted an assessment of Pay Governance's independence, taking into account the factors specified in the NYSE listing standards and information provided by Pay Governance, and based on that assessment, determined that Pay Governance is independent.

Compensation Committee Review of Executive Compensation Peer Group and Other Data

When making decisions regarding the compensation of our NEOs, the Compensation Committee considers information from a variety of sources. The Compensation Committee analyzes both the individual elements and the total compensation package for each of the NEOs.

Together with its independent compensation consultant, the Compensation Committee reviews our financial statements and compares our financial results (including stock performance) with those of our executive compensation peer group and our industry peer group, as well as general factors specifically impacting the metals industry, and compares compensation information for our NEOs with that available for comparable executives. In determining each executive's total compensation package, the Compensation Committee considers both qualitative and quantitative criteria, as well as the CEO's recommendations and performance evaluations and historical compensation records of the Company. Although a large portion of compensation is based upon performance, the Compensation Committee has no pre-determined mix or allocation among the various elements.

The Compensation Committee annually reviews and, as appropriate, revises the executive compensation peer group in an effort to assure the group continues to reflect any changes in the Company's business, strategy and size as measured by revenue, market capitalization and other factors. The Compensation Committee also considers additional factors such as the Company's stock performance as compared with standard indices, such as the S&P 500, as well as our industry peer group. The Compensation Committee reviews the amount of equity awards and common stock actually held by each NEO, and recognizes that the NEOs are directly impacted by the Company's stock price and, accordingly, their interest in the Company's performance and the impact it has on the market value of the stock is closely aligned with that of the Company's stockholders.

The combination of these analyses helps the Compensation Committee assess how our NEOs are compensated compared to their peers both in terms of individual components and total compensation, the reasonableness of the Company's incentive plan goals, the alignment of pay and performance, the potential need for recalibration of the Company's pay and incentive goals, and the actual elements of NEO compensation.

Executive Compensation Peer Group

There are no public companies in the metals service center industry that are comparable to the Company in terms of size, stock market capitalization, complexity and performance. Accordingly, in considering executive compensation for 2017, as in prior years, the Compensation Committee and the independent compensation consultant used the executive compensation peer group.

The Compensation Committee, with assistance from the independent compensation consultant, annually reviews specific criteria and recommendations regarding companies to add or remove from the peer group to ensure that the companies in the peer group remain relevant and provide meaningful compensation comparisons. As a result of the Compensation Committee's review in January 2017, the following five companies were removed from the peer group: Alcoa Corporation; Arrow Electronics, Inc.; General Cable Corporation; SPX Corporation; and The Timken Company.

Table of Contents

Our executive compensation peer group for 2017 consists of the twenty (20) public companies listed below. This executive compensation peer group includes a limited number of companies in the metals processing and distribution industry and also includes industrial and manufacturing companies of comparable size in terms of revenues and/or stock market capitalization and complexity. However, the industrial and manufacturing companies in this peer group are not impacted at all, or to a lesser degree than Reliance, by fluctuations in metal pricing.

Analysis of 2017 Company and Executive Compensation Peer Group Compensation

In 2017 the Compensation Committee extensively analyzed the Company's financial statements, and stock market data of the Company and the most current available executive compensation peer group data. Consistent with the Company's philosophy of pay-for-performance, the Compensation Committee also considered the total direct compensation (base salary, annual cash incentive award and equity awards) and retirement plan benefits of the NEOs as compared to comparable officers in the executive compensation peer group.

Compared to the executive compensation peer group:

- the Company ranked at the 49th percentile for revenues in 2016 (the most recent full year available);
- the Company's revenue growth ranked at the 48th percentile in 2016 and 80th percentile for the five-year period ended December 31, 2016 (the most recent full year and five-year period available);
- the Company's pre-tax income margin ranked at the 46th percentile in 2016 (the most recent full year available); and
- the Company's return on total assets ranked at the 62nd percentile in 2016 and 46th percentile for the five-year period ended December 31, 2016 (the most recent full year and five-year period available).

Based on information provided by the independent compensation consultant, the Compensation Committee found in 2017 that the target total direct compensation of our CEO approximated the 56th percentile of the chief executive officers in our executive compensation peer group, and the target total direct compensation of our other NEOs (excluding the CEO) approximated the 59th percentile of the comparable executive officers in our executive compensation peer group in 2016 (the most recent full year available).

Internal Pay Equity

The Compensation Committee broadly considers internal pay equity when setting compensation levels for our executives in order to foster a team culture among the executive officers. Our executive compensation program uses the same compensation components for our NEOs, with a few exceptions. Mr. Mollins receives 80% of his long-term equity incentive award in performance-based restricted stock units and the remaining 20% in service-based restricted stock units, while the other NEOs receive 60% of their long-term equity incentive award in performance-based restricted stock units and the remaining 40% in service-based restricted stock units. Our annual cash incentive award program provides all NEOs with the same target annual cash incentive award opportunity of 150% of their respective base salaries based on identical performance objectives.

Table of Contents

Principal Components of Our Executive Compensation Program

Base Salary

The base salary payable to each of our NEOs is the minimum compensation that such executive receives in any year. Base salaries reflect the individual skills, experience and roles and responsibilities of the executive officer within the Company.

In July 2017, after review of base salaries of comparable officers at companies in our executive compensation peer group and consultation with our independent compensation consultant, the Compensation Committee recommended and the independent directors approved base salary increases of approximately 5% for each of the NEOs, other than Mr. Hoffman. In July 2017 the Compensation Committee approved a base salary increase of approximately 10% for Mr. Hoffman in recognition of his successful transition to his new role as Chief Operating Officer and to more closely align his pay to median of the chief operating officers in our executive compensation peer group. Consistent with our historical pay practices, even after these adjustments, base salaries of our NEOs continue to approximate the market median of salaries paid to comparable officers at companies in our executive compensation peer group.

We do not have employment agreements with any of our executive officers. No executive officer has a minimum base salary or guaranteed salary increase.

Annual Cash Incentive Awards

The Compensation Committee uses pre-tax income margin as the metric for measuring the Company's financial performance under the annual cash incentive plan. The Compensation Committee selected pre-tax income margin because it is the primary metric used in the Company's corporate and operational decision-making, including capital allocation. The Compensation Committee believes that pre-tax income margin is a good metric for purposes of the annual cash incentive plan because it incentivizes our management to increase our long-term profitability and efficiency.

In concert with the Company's compensation philosophy of overweighting performance-based pay, our NEOs have annual cash incentive opportunities that may result in higher cash payments than those for comparable officers within our executive compensation peer group, but awards are payable only if the Company meets demanding objectives. This structure currently results in total cash compensation near the median for our CEO compared to the chief executives of companies in our executive compensation peer group and total cash compensation above the median for our other NEOs compared to similar executives of companies in our executive compensation peer group.

Table of Contents

As in past years, each NEO has a 2017 target annual cash incentive award of 150% of base salary. The target award of 150% will be earned if 2017 pre-tax income margin is 5.75%, which would place the Company in the 50th percentile of pre-tax income margin performance in its executive compensation peer group. No payment will be made if pre-tax income margin is less than 3%, which would place the Company in the third quartile (between 25th and 50th percentile) of pre-tax income margin performance in its executive compensation peer group. The maximum award of 300% will be earned if pre-tax income margin equals or exceeds 8.5%, which would place the Company in 66th percentile of pre-tax income margin performance in its executive compensation peer group. In the five-year period from January 1, 2013 through December 31, 2017, the Company achieved pre-tax income margin less than the threshold zero times, equal to or above the threshold but less than target three times, equal to or above target but less than the maximum two times, and equal to or exceeding the maximum zero times. Accordingly, the Committee believes these pre-tax income margin goals are appropriately demanding from the perspectives of both the stockholders and the executives.

	Pre-Tax Income Margin	Payout as Percentage of Base Salary	
Threshold	3	% 20	%
Target	5.75	% 150	%
Maximum	8.5	% 300	%

Awards are calculated on a sliding scale. If the Company achieves a pre-tax income margin within the range of 3.00% and 8.50%, then the percentage of pre-tax income margin would be rounded to the nearest quarter percentage point and the incentive award would be adjusted accordingly.

When analyzing the actual and potential payouts under the Company's annual cash incentive plan, especially its maximum incentive awards and resulting cash compensation levels, the Committee found the plan supported its pay-for-performance principles in 2017. Maximum bonuses would have produced cash compensation levels equal to the executive compensation peer group's 90th percentile. However, these pay levels are hypothetical and would only have been supported by pre-tax income margin of at least 8.5%, which would have exceeded or approximated the executive compensation peer group's 70th percentile results for the past year as well as the prior three, five, seven and ten years. Further, the Company has not achieved this level of pre-tax income margin since 2008. In other words, management could have earned maximum levels of pay only by delivering exceptional results.

Long-Term Equity Incentive Compensation

The Compensation Committee recommends grants of equity awards for NEOs, but the independent directors approve all such grants. The Compensation Committee considers the recommendations of our CEO with respect to any grants of equity awards to the NEOs (other than himself) and other executive officers, as well as to corporate officers and other key employees.

In making its recommendations to the independent directors, the Compensation Committee considers the position of the NEO, his or her importance to the Company's results and operations, his or her individual performance, the equity awards previously granted to that individual, the terms and market value of the equity grant, the total value of the equity grant and the relative number of such recommended grants among the various individuals then under consideration for grants, as well as the potential dilution and the related expense as a percentage of pre-tax income. The Committee also considers market data for executives in comparable positions within our executive compensation peer group.

Eighty percent (80%) of our CEO's restricted stock unit awards and sixty percent (60%) of the other NEOs' restricted stock unit awards granted in 2017 will vest if, after a three-year period that expires on December 31, 2019, the Company achieves a ROA result within a specified range. The remaining twenty percent (20%) of the CEO's restricted stock unit awards granted in 2017 and forty percent (40%) of the other NEOs' awards depend only on the individuals' continued service over the same three-year period. The allocation of

Table of Contents

performance-based and service-based awards is intended to balance performance and retention objectives. In striking the appropriate balance, the Compensation Committee sought to design a policy that incentivizes strong performance while also strengthening the retention aspects of the long-term equity awards since the Company does not maintain employment agreements with its executive officers. The restricted stock units will be forfeited if the ROA results are not achieved, or the individual voluntarily leaves the Company or is terminated for cause. The award agreements for the restricted stock units provide for prorated vesting if an individual terminates (i) due to a qualifying retirement, death or disability or (ii) without cause following a change in control.

The 2017 performance-based awards will vest when the Company achieves a ROA result within a specified range over the three-year performance period ending December 31, 2019. ROA for the performance period is calculated as the average of the annual ROA (operating income for the year (as adjusted for certain non-recurring items) divided by the average total assets for the year) for each of the three years in the performance period, rounded to the nearest half percent.

During the 10-year period from January 1, 2008 through December 31, 2017, the Company has achieved ROA below the threshold of performance zero times; between the threshold and target five times; between the target and maximum four times; and in excess of the maximum one time. As with the Company's pre-tax income margin goals, the Committee believes these historical results indicate its long-term performance goals are reasonably demanding.

Results for the performance-based equity awards granted in 2015 were determined in the first quarter of 2018. Performance results for 2015 ROA awards and operating income CAGR awards were as follows: 100% of the target number of 2015 RSUs subject to ROA performance vested; and 0% of the target number of shares subject to operating income CAGR performance vested. Accordingly, total performance shares earned by our NEOs were 80% of the target number of shares granted.

SERP and Deferred Compensation Plan

SERP. In 1996, the Company adopted a SERP to provide post-retirement benefits to certain of our executive officers and other key employees and also to provide for a pre-retirement death benefit. The SERP was amended and restated effective as of January 1, 2009 and it was frozen to new participants. One of the primary objectives of the amendment was to shift the risk of the performance of the individual's retirement plan investments from the Company to the participants. The 2009 amendment and restatement eliminated the offsets to the SERP benefit and reduced the benefit amount to 38% of the average of the participant's highest five years of the last ten years of total cash compensation (from 50% less offsets for the value of the Company contributions to the Reliance Steel & Aluminum Co. Master 401(k) Plan (the "401(k) Plan") and ESOP plan as well as social security benefits). The amendment also brought the SERP into compliance with Rule 409A under the Internal Revenue Code, among other things. The new benefit formula was intended to provide participants with approximately the same benefits that they would have received under the calculation required by the SERP but shifted investment risk from the Company to the participants. Mr. Mollins, Mrs. Lewis and Mr. Sales are the only NEOs that participate in the SERP. Messrs. Hoffman, Koch and Shanley are not participants in the SERP.

Deferred Compensation Plan. We also adopted a deferred compensation plan effective December 1, 2008 to provide supplemental retirement benefits to certain key employees as well as to combine and replace certain deferred compensation plans and supplemental executive retirement plans that existed at certain companies at the time we acquired them. The Deferred Compensation Plan does not provide for any minimum or guaranteed rate of return.

The Deferred Compensation Plan was amended and restated effective January 1, 2013 to allow all corporate officers and subsidiary officers to participate. Messrs. Hoffman, Koch and Shanley are the only NEOs receiving Company contributions under the Deferred Compensation Plan at this time. Mr. Hoffman was

Table of Contents

previously a participant in a subsidiary plan that was replaced by the Reliance Deferred Compensation Plan. Mr. Hoffman now participates in the Reliance Deferred Compensation Plan. In addition, as a former employee of Earle M. Jorgensen Company, a wholly-owned subsidiary of Reliance, Mr. Hoffman is entitled to receive the cash equivalent of 3,562.4 shares of Reliance common stock as of December 31, 2017 under the Earle M. Jorgensen Company Supplemental Bonus Plan. The Compensation Committee considers the SERP benefits and any benefits under the Reliance Deferred Compensation Plan in its analysis of each of the NEOs' total compensation. In comparing the values of the SERP and Deferred Compensation Plan against the retirement benefits offered at companies in the Company's executive compensation peer group, the Compensation Committee found that the values of these benefits are competitive for the NEOs.

Other Benefits

Limited Perquisites. The Company provides no perquisites other than certain memberships for our NEOs used primarily for business purposes.

Other Benefits. Other than the SERP and deferred compensation plans described above, the NEOs participate in the Company's health, welfare, retirement and other plans, such as the ESOP, on the same basis as these benefits are generally available to all eligible employees.

Additional Information

No Employment Agreements; Potential Payments upon Termination or Change in Control

We do not have individual employment agreements that provide change in control or severance benefits to any of the NEOs. We have been successful in attracting and retaining an experienced and effective management team without the use of such agreements. Most of our executives have been with Reliance for many years and have built their careers at Reliance. On average, our NEOs have more than 15 years' tenure with Reliance and over 34 years of industry experience. Generally, if an employee ceases to be employed at the Company before his or her RSUs vest, these units will expire on the date the employee is terminated unless the termination is due to death, disability, retirement or a change in control. If employment is terminated due to death, disability, or qualifying retirement (meaning the officer is at least 62 years of age with at least 10 years of consecutive service) during the year, the executive (or beneficiary) remains eligible to receive a pro-rated payout based on the number of days employed during the vesting period.

The following table and discussion set forth the estimated incremental value that would have been transferred to each NEO under various scenarios relating to a termination of employment if such termination had occurred on December 31, 2017. The actual amounts that would be paid to any NEO upon termination of employment can only be determined at the time of an actual termination of employment and would vary from those listed below.

(1) Includes the prorated value of the target number of unvested restricted stock units. The value of equity included in this amount is based on a price per share of \$85.79, the closing price of the Company's common stock on December 29, 2017, the last day of the 2017 year on which the Company's common stock was traded on the New York Stock Exchange. Upon a change in control without termination occurring on December 31, 2017, the NEO would be fully vested in the 2017 annual cash incentive and the restricted stock awards granted in 2015, having been employed the entire performance period.

(2) Excludes certain benefits generally available to salaried employees, such as certain disability benefits, accrued vacation and distributions under our 401(k) and ESOP plans.

42

Table of Contents

(3) Represents the amount of benefit in excess of the present value of accumulated benefits payable on retirement by the SERP or the amount of unvested company contributions under the deferred compensation plan (see page 50). The SERP provides that if a participant is terminated without cause following a change in control or a participant has attained age 55 and completed 10 years of service, any unvested rights of a participant to receive certain retirement benefits under the SERP shall become fully vested. If a participant incurs a separation of service from the Company (other than separations due to death or disability) prior to (i) attaining age 55 and completing 10 years of service or (ii) termination without cause following a change in control, then such participant shall not be entitled to any benefits under the SERP. The Deferred Compensation Plan provides that the participants receive their vested account balance upon a change in control.

The restricted stock units provide that upon a change in control if a recipient's employment is terminated or substantially diminished (a.k.a. double trigger):

- the service-based restricted stock units will become vested by prorating the number of such restricted stock units as if the vesting period ended on the date of the termination, and
- the performance-based restricted stock units will become vested only upon the achievement of the relevant performance metric measured during a shortened performance period ending on the most recent quarter before the date of the termination, with the number of shares prorated based on such shortened performance period.

Stock Ownership Requirements

Our stock ownership policy requires our officers to own shares of our common stock (including unvested restricted stock units) equal in value to a multiple of their respective annual base salaries within five years from the date of appointment. The stock ownership requirements applicable to our senior officers as well as the value of common stock held by them is set forth below:

Role	Value of Common Stock Required to be Owned	Value of Common Stock Held at 3/29/18 (\$)(1)	Multiple of Base Pay
CEO	5 times annual base salary	36,810,326	33.5x
CFO and COO	4 times annual base salary	18,185,711	13.6x
Executive Vice Presidents	3 times annual base salary	10,793,208	18.2x
Senior Vice Presidents	2.25 times annual base salary	14,422,840	9.5x

(1) Grants of performance-based restricted stock units are calculated based on target-level awards for the ownership requirement.

All of the NEOs are either in compliance with these stock ownership requirements or on their way to becoming compliant within five years from the date of appointment. See the "Securities Ownership of Certain Beneficial Owners and Management" table below for the current stock ownership of our directors and the NEOs.

Clawback Policy

To further reduce the possibility of excessive risk taking, the Compensation Committee adopted a clawback policy that requires NEOs to repay to the Company all or a portion of the incentive cash award or restricted stock units awarded to the NEO if the basis for the award adversely changed as a result of a restatement of the Company's

financial statements or any other material change in the factors underlying the performance criteria.

Table of Contents

Hedging and Pledging Policies

Our insider trading policy contains provisions restricting the hedging and pledging of Company securities by our directors, officers and certain employees.

Hedging Policy. Directors, officers and employees subject to the quarterly trading blackout under our insider trading policy are prohibited from engaging in hedging or monetization transactions of Company securities, including through the use of financial instruments such as prepaid variable forwards, equity swaps, collars and exchange funds.

Pledging Policy. Directors, officers and employees subject to the Company's quarterly trading blackout under our insider trading policy are prohibited from holding securities of the Company in a margin account or pledging such securities as collateral for loans, except for securities pledged as of the effective date of the policy or which have already been pledged at the time an individual becomes a director. Only one such "grandfathered" arrangement exists pertaining to shares of Reliance common stock pledged by a director as security for a line of credit on which there was no amount outstanding as of December 31, 2017.

Tax and Accounting Considerations

Under Section 162(m) of the Internal Revenue Code, a publicly held company generally is limited to a \$1 million annual tax deduction for compensation paid to each of its "covered employees." Prior to the enactment of the Tax Cuts and Jobs Act, which was signed into law on December 22, 2017, a publicly held company's covered employees included its chief executive officer and three other most highly compensated executive officers (other than the chief financial officer), and certain "qualified performance-based compensation" was excluded from the \$1 million deduction limit. The Tax Cuts and Jobs Act made certain changes to Section 162(m), effective for taxable years beginning after December 31, 2017. These changes include, among others, expanding the definition of "covered employee" to include a publicly held company's chief financial officer and repealing the qualified performance-based compensation exception, subject to a transition rule for compensation provided pursuant to a written binding contract which was in effect on November 2, 2017 and which was not modified in any material respect on or after that date.

The Company, however, has not taken any steps at this time to change its compensation program to reflect the change in the tax code. While the Compensation Committee believes that the tax deductibility of compensation is a factor to be considered, it expects that tax deductibility will be less of a factor in 2018 and future years due to the elimination of the performance-based compensation deduction under Section 162(m). The Compensation Committee retains the flexibility to grant awards it determines to be in the best interests of the Company and its stockholders even if the award is not deductible for tax purposes. The Compensation Committee believes that its ability to exercise such discretion is in the best interests of the Company and our stockholders.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Board of Directors is composed entirely of the independent, non-employee directors listed below.

The Compensation Committee has reviewed the Compensation Discussion and Analysis and has discussed it with senior management. Based on the review and discussions, the Compensation Committee unanimously recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement and, to the extent appropriate, the Company's Annual Report on Form 10-K for the year ended December 31, 2017.

This report is submitted on behalf of the members of the Compensation Committee.

- (1) The amounts in this column reflect the grant date fair value of the target number of restricted stock units awarded in 2015, 2016 and 2017. The values are calculated in accordance with the Stock Compensation topic of the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (the “Codification”) and pursuant to the Company’s equity compensation plans by multiplying the closing price of the Company’s common stock on the grant date by the number of restricted stock units or the target number of restricted stock units awarded to each officer. Results for the performance-based equity awards granted in 2015 were determined in February 2018. The performance-based equity awards granted in 2015 vested on December 31, 2017, with payouts on the 2015 ROA award at target and payouts on the operating income CAGR award below threshold, resulting in total performance shares earned by our NEOs at 80% of the target. The grant date values of performance-based RSUs granted to each NEO in 2017 at the maximum possible payout are as follows: \$10,615,456 for Mr. Mollins; \$1,862,640 for Mrs. Lewis; \$1,862,640 for Mr. Hoffman; \$1,609,512 for Mr. Sales; \$1,442,352 for Mr. Koch; and \$1,442,352 for Mr. Shanley.
- (2) Represents earned amounts under the Company’s annual cash incentive plan. See “Annual Cash Incentive Awards” on page 38.
- (3) The amounts represent the change in the present value of the accumulated benefits payable on retirement under our SERP for each of the NEOs, with the exception of Messrs. Hoffman, Koch and Shanley. These amounts are determined using interest rate and mortality assumptions consistent with those included in Note 11 of the Notes to Consolidated Financial Statements in the Annual Report on Form 10-K filed by the

(1) Reflects the threshold, target and maximum payout amounts of non-equity incentive plan awards that were in effect for 2017 under the annual cash incentive plan. The threshold, target and maximum payout amounts were determined in accordance with the terms of the annual cash incentive plan. The award amount is a percent of the NEO's year-end salary, with the percent based upon the threshold, target and maximum targets. In order to receive any award, the Company's pre-tax income margin must be at least 3%, which results in an award of 20% of the NEO's current year base salary. The 2017 target amount is based on a pre-tax income margin of 5.75% and results in an award of 150% of the NEO's base salary. The maximum amount is based on a pre-tax income margin of 8.5% or higher, which results in an award of 300% of the NEO's year-end salary. These columns do not reflect the actual amounts paid, but only provide an example of how the awards would be calculated under the plan if the specified levels of pre-tax income margin were

achieved. Pre-tax income margin (as calculated per the terms of the plan) for 2017 was 6.0% which was above the target and resulted in a payout under the plan equal to 170% of each NEO's year-end base salary.

(2) Reflects the threshold, target and maximum number of shares of common stock of the Company for the restricted stock units granted in March 2017 which will be paid if the Company achieves certain ROA performance goals. The performance period for all such awards is a three-year performance period consistent with prior years. The 118,310 performance-based awards granted to the NEOs represent the target number of shares and will vest based on the achievement of the ROA performance goals.

(3) Represents the number of shares underlying service-based restricted stock units awarded to each NEO in March 2017, which will vest if the NEO continues to be employed by the Company until December 1, 2019.

Option Exercises and Stock Vesting

The following table sets forth information for the NEOs with regard to the aggregate equity awards vested and exercised during 2017:

Pay Ratio Disclosure

Presented below is the ratio of annual total compensation of our CEO to the annual total compensation of our median employee (excluding our CEO). The ratio presented below is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K under the Securities Exchange Act of 1934. The pay ratio rules provide companies with flexibility to select the methodology and assumptions used to identify the median employee, calculate the median employee's compensation and estimate the pay ratio. As a result, our methodology may differ from those used by other companies, which likely will make it very difficult to compare pay ratios with other companies, including those within our industry.

We identified the median employee from the Company's employee population as of December 31, 2017. After excluding employees under the "de minimis exemption" (as described below), the Company's employee population consisted of 13,520 employees located in the U.S., Canada, Mexico and the United Kingdom. For purposes of identifying the median employee, the Company was permitted to exclude up to 5% of its total employees who are non-U.S. employees. The Company relied on this exemption to exclude the employee populations of the following jurisdictions, which collectively accounted for less than 5% of the Company's total employee population of 14,063 as of December 31, 2017: Australia (11); Belgium (29); France (89); Malaysia (74); People's Republic of China (172); Singapore (49); South Korea (63); Turkey (28); and the United Arab Emirates (28).

In identifying our median employee, we calculated the annual total compensation of each employee for the twelve month period that ended on December 31, 2017. Annual total compensation for these purposes included base salary, overtime wages, bonus, commissions, incentives and comparable cash elements of compensation in non-U.S. jurisdictions and was calculated using internal payroll records. Specifically excluded from the annual compensation measure in identifying the median employee were retirement benefits and stock-based compensation. The compensation for full-time employees who were not employed by us for the entire 12-month period was annualized to reflect compensation for the entire 12-month period.

The 2017 annual total compensation as determined under Item 402 of Regulation S-K for our CEO was \$11,357,647. As reflected in the Summary Compensation Table above, \$6,634,660 of our CEO's total compensation was equity-based of which 80% was tied to performance targets. The 2017 annual total compensation for our median employee was \$57,172. The ratio of our CEO's annual total compensation to our median employee's total cash compensation for fiscal year 2017 is 199 to 1.

DIRECTOR COMPENSATION

The Company's philosophy is to provide competitive compensation necessary to attract and retain high-quality non-employee directors. We compensate each non-employee director with an annual retainer as well as an annual grant of restricted stock. We do not pay additional fees for attendance at Board meetings, committee meetings, and meetings of the non-management or independent directors. We pay additional amounts to the chairs of the standing committees of the Board and the non-executive Chairman of the Board. Directors who are employees of the Company (currently, only Mr. Mollins) receive no additional compensation for service as a director. All directors are reimbursed for expenses incurred in connection with Board meetings, committee meetings, and meetings of the non-management or independent directors.

In 2017, each non-employee director was paid an annual retainer of \$130,000 and received an award of 1,812 shares of restricted stock (approximately \$130,000 grant date fair value). In addition, the Company paid the Audit Committee Chair an annual retainer of \$22,000, the Compensation Committee Chair an annual retainer of \$17,000, and the Nominating and Governance Committee Chair an annual retainer of \$12,000. In addition, the Company's non-executive Chairman of the Board receives an annual retainer of \$150,000. All cash payments to directors in 2017 were paid in equal quarterly installments.

The Nominating and Governance Committee reviews the competitiveness of director compensation every other year, including the appropriateness of the form, mix and amount of director compensation, and makes recommendations to the Board concerning such compensation with a view toward attracting and retaining qualified directors.

Board of Directors and Corporate Governance

Principles of Corporate Governance

The Board of Directors has adopted Principles of Corporate Governance outlining the responsibilities of the Board. These Principles of Corporate Governance are posted on the Company's website at <http://investor.rsac.com> and are available in print to any stockholder who requests a copy from our Corporate Secretary at the address shown on the first page above. The Board's primary role is to represent the interests of the Company's stockholders in strategic and material decisions of the Company. Among the most important responsibilities are the determination of corporate policies, the identification and nomination of qualified independent directors, the selection and evaluation of the Chief Executive Officer, the ongoing review of the senior management team, planning for management succession and the determination of executive compensation. The Board also provides advice and guidance to management on a broad range of strategic decisions, including the review and approval of each acquisition and the annual capital expenditure budget, and annually reviews and approves management's succession plan. In addition, the Board reviews management's safety program and record.

Size and Composition of Board

The Board of Directors presently consists of eleven directors, nine of whom are independent. All directors are elected to serve a one-year term. The Board has adopted a policy that directors should retire at the age of 75.

Attendance at Meetings

Board members are expected to attend each Board meeting and each meeting of any committee on which such Board member serves and are encouraged to attend the Company's Annual Meeting. In addition, the Board annually will tour one or more of the Company's facilities and meet with local management of those facilities, as well as hold a strategic planning session. During 2017, the Board of Directors met nine times, including meetings held by conference telephone call. All directors attended at least 95% of the total number of Board and committee meetings in 2017. All eleven directors serving on the Board attended the Annual Meeting held in May 2017.

Communicating with the Board

Stockholders or other interested parties may communicate with members of the Board of Directors individually or with the Board of Directors as a whole by sending a letter to the appropriate director or the Board in care of the Corporate Secretary of Reliance at the Company's corporate headquarters address appearing at the top of the first page of this proxy statement. All mail, other than trivial, obscene, unduly hostile, threatening, illegal or similarly unsuitable items, will be forwarded. Non-urgent items will be delivered to the directors at the next scheduled Board meeting. Mail addressed to a particular director will be forwarded or delivered to that director. Mail addressed to the "Board of Directors", "Outside Directors" or "Non-Employee Directors" will be forwarded or delivered to the non-executive Chairman.

Proxy Access

In February 2016, the Board adopted a "proxy access" bylaw provision, which permits a stockholder, or a group of up to 20 stockholders, owning at least three percent (3%) of the Company's outstanding common stock continuously for at least three years, to nominate and include in the Company's proxy statement director nominees for up to the greater of two directors or 25% of the number of directors then serving on the Board, subject to the terms and conditions specified in the Company's Bylaws. We did not receive any director nominations under our proxy access bylaw for the Annual Meeting.

Code of Conduct

Reliance has adopted a Code of Conduct, which includes a code of ethics, that applies to all directors, executive officers and senior management, including the President and Chief Executive Officer, the Senior

57

Executive Vice President and Chief Financial Officer, and the Executive Vice President and Chief Operating Officer. The Code of Conduct is posted on our website at <http://investor.rsac.com> and a copy will be provided to you at no charge if you request one in writing to the attention of the Corporate Secretary of the Company at the address appearing at the top of the first page of this proxy statement. We have also established a confidential hotline and website to allow persons to report, without fear of retaliation, any inappropriate acts or omissions relating to our financial statements and accounting policies and practices. In the event Reliance amends or waives any of the provisions of the Code of Conduct applicable to our principal executive officer, principal financial officer or controller that relates to any element of the definition of “code of ethics” enumerated in Item 406(b) of Regulation S-K under the Exchange Act, Reliance intends to disclose these actions on its website.

Board Committees

The Board of Directors has authorized three standing committees:

the Audit Committee;

the Compensation Committee; and

the Nominating and Governance Committee.

The charters for each of these committees, as well as our Principles of Corporate Governance are available on our website at <http://investor.rsac.com> and are available in print to any stockholder who requests a copy from our Corporate Secretary at the address appearing at the top of the first page of this proxy statement. Each of these committees is composed of only independent directors and regularly reports to the Board as a whole.

Audit Committee. The Audit Committee assists the Board in fulfilling the Board’s oversight responsibilities over Reliance’s financial reporting process and systems of internal controls, monitoring the independence, qualifications and performance of Reliance’s independent registered public accounting firm and maintaining open communication between the Board and the independent registered public accounting firm, the internal auditors and financial management. The Audit Committee appoints and oversees the qualifications of the Company’s independent registered public accounting firm. The Audit Committee confers formally with our independent registered public accounting firm, as well as with members of our management, our internal auditors and those employees performing internal accounting functions, to inquire as to the manner in which the respective responsibilities of these groups and individuals are being discharged. The Audit Committee annually reviews its Charter.

Each member of the Audit Committee is an independent director as defined in the listing standards for the New York Stock Exchange and as defined in the standards established by the Securities and Exchange Commission. The Board of Directors has determined that Ms. Anderson, the Chair of the Audit Committee, is an audit committee financial expert. Each of the other members of the Audit Committee, Ms. Colonias and Messrs. Hayes, Kaminski, Sharkey and Stotlar, is financially literate. The Audit Committee regularly reports to the Board of Directors. The Audit Committee engages our independent registered public accounting firm and the Board of Directors as a whole ratifies such action. The Audit Committee reviews and approves the scope of the audit conducted by the independent registered public accounting firm of Reliance and pre-approves all audit and non-audit services provided by the independent registered public accounting firm, reviews the accounting principles being applied by Reliance in financial reporting and the adequacy of internal controls and financial accounting procedures. The Audit Committee oversees the Company’s internal audit function and approves the compensation of the Vice President, Internal Audit and makes a recommendation to the Compensation Committee and the Board that they ratify such compensation. In 2017 the Audit Committee met eleven times, and conferred by phone and email as needed.

Compensation Committee. The Compensation Committee assists the Board in determining the compensation of the Company's corporate officers, including the NEOs, recommends to the Board annual and long-term compensation for the Company's corporate officers, including the NEOs, and prepares an annual

Table of Contents

report on its activities and determinations for inclusion in the Company's proxy statement in accordance with applicable rules and regulations. See "How We Make Decisions Regarding Executive Compensation" on page 35.

In addition to its role in determining the compensation of corporate officers of Reliance, the Compensation Committee administers our long-term incentive plans, including the Amended and Restated 2015 Incentive Award Plan, the Reliance Supplemental Executive Retirement Plan, and the Reliance Deferred Compensation Plan. The Compensation Committee has the authority to designate officers, directors or key employees eligible to participate in the plans, to prescribe the terms of any equity award, to interpret the plans, to propose changes in the compensation policy and to make all other determinations for administering the plans and policies; provided that such determinations relating to corporate officers are subject to the approval of the independent directors of the Board. The Compensation Committee annually reviews its Charter.

Each member of the Compensation Committee is an independent director as defined in the listing standards for the New York Stock Exchange, including the additional independence criteria applicable to compensation committee members. Mr. Figueroa was elected Chair of the Compensation Committee in January 2015. In 2017 the Compensation Committee met five times, and conferred by phone and email as needed.

Nominating and Governance Committee. The primary role of the Nominating and Governance Committee is to represent the interests of our stockholders with respect to the evaluation and composition of our Board of Directors and each of its standing committees. The Nominating and Governance Committee develops and implements policies and processes regarding Board and corporate governance matters, assesses Board membership needs, makes recommendations regarding potential director candidates to the Board, administers the evaluation of Board and Committee performance, encourages director training and makes any recommendations to the full Board as needed to carry out its purpose. The Nominating and Governance Committee annually reviews the Company's Principles of Corporate Governance and its Charter. The Nominating and Governance Committee also regularly considers issues relating to the retirement, succession and compensation of directors.

Each member of the Nominating and Governance Committee is an independent director as defined in the listing standards for the New York Stock Exchange. Mr. Sharkey has served as Chair of the Nominating and Governance Committee since January 2011. The Nominating and Governance Committee recommends, and the Board has adopted, the Principles of Corporate Governance posted on our website at <http://investor.rsac.com>. In 2017 the Nominating and Governance Committee met three times, and conferred by phone and email as needed.

Nomination of Directors

Nominations for the Board of Directors are made by the Nominating and Governance Committee and considered by the Board of Directors acting as a whole. The Nominating and Governance Committee has not adopted a specific policy regarding the consideration of director candidates recommended by stockholders, but seeks candidates by any method the Committee determines to be appropriate, including consideration of director candidates proposed by stockholders. Stockholders may propose director candidates for consideration by the Nominating and Governance Committee by sending a letter addressed to the Chair of the Nominating and Governance Committee in care of the Corporate Secretary of Reliance at the Company's corporate headquarters address appearing at the top of the first page of this proxy statement.

The Role of the Board of Directors in Risk Assessment

The Board of Directors as a whole has the responsibility to oversee risk assessment and regularly receives reports from members of senior management and Chairs of the Committees as to any material risk to the Company, including operational, financial, legal, or regulatory risks, succession issues or risks that could

Table of Contents

adversely impact the Company's reputation. The Audit Committee has taken the lead role in connection with the oversight of risks associated with or disclosable in the Company's financial statements and certain regulatory risks. The Audit Committee meets with the Company's independent registered public accounting firm in executive session (i.e., without management) on a quarterly basis and receives quarterly updates directly from the Company's Vice President, Internal Audit. The Audit Committee also conducts an annual discussion regarding potential risks to the Company from a financial reporting and regulatory standpoint, with input from the Company's financial management, Vice President, Internal Audit, in-house counsel and the Company's independent registered public accounting firm.

To the extent that a risk arises within the purview of our Nominating and Governance Committee or the Compensation Committee, management reports to the applicable Committee. The Chair of the appropriate Committee then reports to the Board as a whole as to any material risks and the evaluation or mitigation of those risks after any appropriate investigation and discussions with management and any outside counsel or consultant who may be invited to discuss the issue.

In the Board's non-management sessions, the non-executive Chairman regularly holds a general discussion of potential and actual risks. The Chairman of the Board conducts Board meetings, administers the activities of the Board, and facilitates communication between management and the Board. In addition, the Chairman makes the final determination of the Board's agenda. The Company's President and Chief Executive Officer, Chief Financial Officer, Chief Operating Officer, certain of its Executive and Senior Vice Presidents, and the General Counsel all regularly attend the meetings of the Board of Directors and are available to discuss any material risk with the Board or any Committee. In addition, these officers regularly report to the Board of Directors on any risks of which they become aware. To the extent that the Board desires it or the risk warrants it, other Company personnel may be asked to prepare and present a report to the Board and outside counsel or an appropriate consultant may be invited to discuss the issue at a Board meeting. The Company believes that these procedures enable the Board to promptly and adequately assess risks that may have a material impact on the Company and to oversee any mitigation to the extent the Board deems it to be appropriate.

Risks Related to Compensation Plans

Our Compensation Committee has concluded that the Company's various compensation plans do not encourage excessive or inappropriate risk taking or create any risk that is reasonably likely to have a material adverse effect on the Company. Each year our Compensation Committee reviews the Company's existing compensation plans and policies for the NEOs and corporate officers to ensure that they continue to support the Company's objectives and enhance stockholder value, including to the extent there have been any changes to the Company's risk profile.

Throughout our Company, compensation of our management and key employees is structured with the same elements as for our NEOs:

- base salary,

- performance-based cash incentive awards,

- equity compensation, and

- a retirement benefit.

Sales personnel generally are also paid commissions on the gross profit from sales as well as a base salary. Our cash incentive plans for local management teams provide variable compensation and are performance-based programs triggered by various financial and operational measures, including most commonly pre-tax income return on

manageable assets, gross profit, inventory turn, credit performance, safety metrics and other similar performance standards tailored to the job responsibilities of the individual employee and the results of the business unit or subsidiary for which the individual works. These plans generally place a

Table of Contents

maximum or cap on the amounts payable under the plans, which we believe mitigates excessive risk taking. From time to time, discretionary bonuses may be awarded to individual employees based upon that individual's performance and contribution to the results of the business unit, subsidiary or the Company as a whole. Our senior management reviews compensation paid to division managers, subsidiary officers and key employees, and our Compensation Committee and the Board of Directors approves all grants of restricted stock units.

The NEOs are entitled to performance-based incentive cash awards only if the Company's performance meets certain thresholds. Performance-based restricted stock unit awards granted to NEOs and other key employees are subject to forfeiture if performance criteria are not met at the end of the three-year performance period. The Compensation Committee believes that having multiple performance awards over multiple periods will reduce the likelihood of excessive risk taking. See "Compensation Discussion and Analysis" above for a discussion of our executive compensation program, including our performance-based awards. Moreover, the Compensation Committee, to further reduce the possibility of excessive risk taking, adopted a clawback policy that requires all or a portion of the NEOs' incentive cash awards or restricted stock unit awards to be returned to the Company if the financial statements are restated or there is a material adverse change in the factors underlying the performance criteria. To ensure retention of key employees, a portion of restricted stock unit awards will vest if the individual continues to be employed by the Company or an affiliate until the end of the performance period.

The nature of our business limits potential risk of the actions of individual employees and individual transactions. Our primary business is to serve customers by providing quick delivery, metals processing and inventory management services, principally for small orders. During 2017, we handled approximately 5,567,000 transactions in total or an average of 22,150 transactions per business day, with an average price of approximately \$1,740 per transaction. We maintained our focus on internal growth in 2017 by opening new facilities, building or expanding existing facilities and adding processing equipment with total capital expenditures of \$161.6 million with the majority growth-related. We believe that our focus on small orders with quick turnaround differentiates us from many of the other large metals service center companies and allows us to provide better service to our customers, and that it also mitigates excessive risk taking. It is uncommon for our operating units to enter into a material contract or agreement, and, on those occasions when a material contract is being considered, senior management is involved. Further, given the internal processes and controls that we have in place, it would be difficult for any individual or group of individuals to manipulate the results of their operating unit in a manner that would have a material effect on the Company's consolidated results.

Executive Session and the Independent, Non-executive Chairman

Non-management directors meet regularly in executive sessions without management. "Non-management" directors are all those who are not Company officers or employees and include directors, if any, who are not "independent" by virtue of the existence of a material relationship with the Company, former status or family relationship or for any other reason. Mr. Hannah is the only non-management director who is not independent due to his former status as an executive officer of the Company through August 2016. Executive sessions are led by the non-executive Chairman. An executive session is held immediately prior to each regularly scheduled quarterly Board meeting and other sessions may be called by the non-executive Chairman in his own discretion or at the request of the Board.

Mr. Hayes served as Lead Director from May 2004 to January 2015. Mr. Kaminski was elected Lead Director by the independent directors in January 2015. In July 2016, Mr. Kaminski was elected the independent, non-executive Chairman by the independent directors. Consistent with our Principles of Corporate Governance, the Board currently does not have a lead independent director because the Chairman is an independent director. The Board believes that having an independent director serve as the non-executive Chairman of the Board is the appropriate leadership structure for our Company at this time because it allows our Chief Executive Officer to focus on executing our Company's strategic plan and managing our operations and

Table of Contents

performance, while allowing the Chairman of the Board to focus on the effectiveness of the Board and provide independent oversight of our senior management team.

Director Independence

Other than Mr. Mollins who is our current Chief Executive Officer and Mr. Hannah who was our Chief Executive Officer until May 2015, our Executive Chairman until July 2016 and an executive officer until August 2016, the Board has determined that no director has any material relationship with the Company nor is any such director affiliated with any entity or person who has a material relationship with the Company. Accordingly, the Board has determined that all of the directors other than Messrs. Hannah and Mollins qualify as independent directors under New York Stock Exchange rules. In making this determination, the Board reviewed and considered information provided by the directors and the Company with regard to each director's business and personal activities as they may relate to the Company and to the Company's management.

Director Qualifications

The Nominating and Governance Committee is responsible for assessing membership needs for the Board of Directors, identifying individuals qualified to become Board members, making recommendations regarding potential director candidates to the Board of Directors and administering the evaluation of the Board and Committee performance, among other things. The Nominating and Governance Committee regularly reviews the composition of the Board and of each of the Board's Committees. The Nominating and Governance Committee strives to maintain an independent, balanced and diverse Board with directors who have appropriate backgrounds, skills and characteristics to complement one another. The Committee reviews management experience, general business knowledge, and specific skills or expertise, such as finance, value-added wholesaling, technology, business law, and marketing. The Committee encourages all directors to take director training courses in order to keep current on issues facing boards of directors. Certain characteristics or attributes are sought in all Board members, including integrity, strong professional reputation, a record of achievement, constructive and collegial personal attributes, and the ability and willingness to devote sufficient time and energy to serve on our Board. The Nominating and Governance Committee and the Board of Directors believe that the current Board members meet these criteria and understand what factors result in the Company outperforming its industry peers. The Company desires to have directors who will commit a substantial amount of time to serving on the Board to ensure a greater understanding of the Company's business and culture and to provide continuity and stability to the Board.

Since 2015, the Board of Directors has added three new independent directors. The addition of each of Karen W. Colonias, Robert A. McEvoy and Douglas W. Stotlar is reflective of the principles underlying the Board's succession planning and their appointments followed a robust and extensive director search process aligned with the Board of Directors' self-evaluation process, featuring the use of a nationally recognized, third-party director search firm and adherence to the commitments made in the Principles of Corporate Governance. These commitments included prioritizing experience relevant to the Company's strategy and business, ensuring that candidates with a diversity of race, age, ethnicity and gender are included in each pool of candidates from which Board of Directors nominees are chosen, and including potential candidates from varied backgrounds, including going beyond the traditional former CEO corporate background as a required criteria for new candidates. The Company will continue to evaluate board composition and opportunities to strengthen the Board of Directors.

Director Stock Ownership Requirements

Directors are required to own shares of the Company's common stock having a market value at least equal to \$400,000; provided, that directors shall have a period of five years to acquire and begin maintaining that amount of the Company's common stock. All of the directors are in compliance with their stock ownership requirements or are on

their way to becoming compliant within five years of the date of appointment.

AUDIT COMMITTEE REPORT

The Audit Committee assists the Board of Directors in fulfilling the Board's oversight responsibilities over our financial reporting process and systems of internal controls, monitoring the independence, qualifications and performance of our independent registered public accounting firm and the performance of our internal auditors, and maintaining open communication between the Board and the independent registered public accounting firm, the internal auditors, and financial management and has taken a lead role in financial risk assessment. During 2017 the Audit Committee, which is composed entirely of independent, non-employee directors, met ten times.

The Audit Committee operates under a written Charter adopted by the Board that outlines its responsibilities and the practices it follows. The Audit Committee reviews and assesses the adequacy of the Charter at least annually and, when appropriate, recommends changes to the Board.

In fulfilling its responsibilities under the Charter, the Audit Committee reviewed and discussed our audited financial statements for 2017 with management and the independent registered public accounting firm. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by the applicable Public Company Accounting Oversight Board ("PCAOB") requirements. The Audit Committee also reviewed the written disclosures and the letter from the independent registered public accounting firm required by professional standards regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and discussed with the independent registered public accounting firm its independence from management and Reliance. The Audit Committee has also considered the compatibility of non-audit services rendered by our independent registered public accounting firm with its independence. The Audit Committee approved all fees paid to the independent registered public accounting firm for audit and non-audit services.

In reliance on the reviews and discussions outlined above, the Audit Committee recommended to the Board of Directors (and the Board subsequently approved the recommendation) that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2017 for filing with the Securities and Exchange Commission. The Audit Committee also evaluated and selected KPMG LLP as the Company's independent registered public accounting firm for 2018. This selection was ratified by the Board of Directors.

RELATED Person TRANSACTIONS AND INDEMNIFICATION

We currently employ four individuals – Matthew Hannah, Grant Hoffman, Ryan Mollins and Sean Mollins – who are immediate family members of executive officers or directors and whose individual aggregate compensation and benefits paid by the Company in 2017 exceeded \$120,000. Each of these employees is compensated in a manner consistent with our employment and compensation policies applicable to all employees.

Director Karen W. Colonias serves as the President and Chief Executive Officer of SSD. A subsidiary of the Company conducted approximately \$551,000 of transactions with SSD in 2017. Reliance believes that these were ordinary commercial transactions and were made at arm's-length.

The Board of Directors has reviewed and ratified these transactions under the standards described below.

Except as set forth above, since January 1, 2017, there have been no related person transactions with any director or executive officer of the Company or any other related person, as defined in Rule 404 under Regulation S-K promulgated under the Securities Act of 1933, as amended, and none is proposed. Our policies and procedures with respect to the review of any proposed transactions are evidenced in the Company's Code of Conduct, which requires that all material facts be disclosed to the full Board of Directors (or in the case of non-director employees, to corporate officers) and then all disinterested persons will review and consider what, if any, actions need to be taken. The Company's Principles of Corporate Governance require directors to report any matter that conflicts with the interests of the Company or gives the appearance of a conflict immediately to the Chairman of the Board and the Chair of the Nominating and Governance Committee for the matter to be evaluated with respect to the continued appropriateness of such director's Board membership, and any personal interest a director has in a matter before the Board must be disclosed to the Board and such director must excuse himself or herself from participation in the discussion and shall not vote on the matter. Furthermore, pursuant to its Charter, the Audit Committee conducts an annual review of any related person transactions for potential conflicts of interest.

We indemnify our directors and our officers to the fullest extent permitted by law so that they will be free from undue concern about personal liability in connection with their service to Reliance. Our Bylaws require indemnification, and we have also entered into agreements with those individuals contractually obligating us to provide this indemnification to them.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and certain of our officers to file reports of holdings and transactions in Reliance equities with the SEC.

Based on our records and other information, we believe that in 2017 our directors and our officers who were subject to Section 16(a) met all applicable filing requirements, except for one late report on Form 4 for each of Messrs. Hoffman, Koch, Mollins, Sales, Shanley, Smith and Mrs. Lewis, all due to administrative errors.

STOCKHOLDER PROPOSALS AND NOMINATIONS FOR THE 2019 ANNUAL MEETING

We must receive any stockholder proposals intended to be presented at the 2019 Annual Meeting and included in our proxy materials relating to such meeting no later than December 7, 2018. If a stockholder proposal intended to be presented at the 2019 Annual Meeting and included in our proxy materials is not received by the Company on or before December 7, 2018, it will be deemed to be untimely.

Any stockholder proposals intended to be presented at the 2019 Annual Meeting but not submitted for inclusion in our proxy materials relating to such meeting must be received no earlier than January 16, 2019 and no later than February 15, 2019. Any such stockholder proposals submitted without a properly completed timely notice in accordance with the Bylaws will be deemed untimely and not properly submitted under the Bylaws.

Table of Contents

The Company's Bylaws permit a stockholder (or group of stockholders (up to 20)) who has owned a significant amount of Reliance common stock (at least 3%) for a significant amount of time (at least three years) to submit director nominees (the greater of two or up to 25% of the Board) for inclusion in the Company's proxy statement if the stockholder(s) and the nominee(s) satisfy the requirements specified in the Company's Bylaws. Director nominations under the Company's proxy access bylaw for the Company's 2019 Annual Meeting must be received no earlier than November 7, 2018 and no later than December 7, 2018. Any such proxy access director nominations submitted without the required notice and required information will be deemed untimely and not properly submitted under the Company's Bylaws.

Stockholder proposals and director nominations must be addressed to the Corporate Secretary at the Company's corporate headquarters address appearing at the top of the first page of this proxy statement. Notices and submissions must include the information required by the Company's Bylaws, which are available without charge upon written request to the Corporate Secretary. Failure to comply with our procedures and deadlines may preclude presentation of your proposal at our 2019 Annual Meeting.

STOCKHOLDERS SHARING THE SAME ADDRESS

In accordance with notices that we sent to certain stockholders, we are sending only one copy of our annual report and proxy statement to stockholders who share the same last name and address, unless they have notified us that they want to continue receiving multiple copies. This practice, known as "householding," is designed to reduce duplicate mailings and printing and postage costs. However, if any stockholder residing at such address wishes to receive a separate annual report or proxy statement in the future, he or she may so notify the Corporate Secretary at the Company's corporate headquarters address or phone number appearing at the top of the first page of this proxy statement. If you are receiving multiple copies of the annual report and proxy statement, you can request householding by contacting the Corporate Secretary at the Company's corporate headquarters address appearing at the top of the first page of this proxy statement.

ANNUAL REPORT

Reliance will furnish without charge to any stockholder, upon written request directed to the Corporate Secretary of Reliance at its address appearing at the top of the first page of this proxy statement, a copy of its most recent Annual Report on Form 10-K filed with the Securities and Exchange Commission.
