(the “Company”) closed the sale of an additional 615,000 shares of its common stock at the public offering price of \$23.15 per share, pursuant to the option to purchase additional shares exercised in full by the underwriters in connection with the Company’s public offering that closed on July 14, 2017. The exercise of the option brings the total number of shares of common stock sold by the Company in the public offering to 4,715,000. Pending use of any net proceeds from the offering as described above, the Company intends to invest the net proceeds in short-term interest-bearing investment grade instruments.
