Item 1.01 Entry into a Material Definitive Agreement.

On August 4, 2017, TNHC Land Company LLC ("TNHC"), a wholly owned subsidiary of The New Home Company Inc. (the "Company") entered into an amendment (the "Amendment") to that certain Limited Liability Company Agreement (the "JV Agreement") of TNHC Russell Ranch LLC (the "Joint Venture") by and between TNHC and IHP Capital Partners VI, LLC ("IHP") which caused such agreement, as amended to become material to the Company (such agreement, as amended, the "Amended JV Agreement"). The JV Agreement contemplates the Joint Venture's acquisition and development of residential and commercial lots in a 431 acre community in Northern California (the "Project").

Under the Amended JV Agreement, each of IHP and TNHC are generally required to contribute capital to the Joint Venture as follows: 65% by IHP and 35% by TNHC. Each party is entitled, *pari passu*, to distributions based on preferred returns on its capital contributions, and after such preference amounts, following a return of each party's capital and balancing of profit shortfalls, if any, the parties receive distributions in accordance with their economic interests, which is 50% for TNHC and 50% for IHP. The Amended JV Agreement also includes, among others, provisions regarding the governance of the Joint Venture by an executive committee, customary buy-sell and call rights, management fees for each of TNHC and IHP, and certain decisions that require consent of both of the members.

Pursuant to the Amendment, TNHC also agreed to acquire approximately 400 lots in a phase of the Project ("Phase 1"), through an affiliate and separate wholly owned subsidiary of the Company ("TNHC No Cal"), from the Joint Venture, the essential terms of which were agreed to in the Amendment (the "Phase 1 Sale"). The Phase 1 Sale is subject to customary profit participation with the Joint Venture upon resale of such Phase 1 lots or residences. TNHC's maximum capital commitment reflects approximately 35% of the total expected capital commitments of the Joint Venture; provided that TNHC agreed to temporarily increase its commitment, to the extent necessary, to up to 46% of the total capital required until the closing of the Phase 1 Sale, at which time the maximum capital commitment of TNHC drops to 35% of the total commitment and proceeds from the Phase 1 Sale are used to reduce its capital account to 35%. The Amendment also contains terms and conditions related to a license authorizing TNHC No Cal to complete certain Phase 1 improvements prior to the closing of the Phase 1 Sale. TNHC No Cal can elect to close the Phase 1 Sale in either March or July 2018, depending upon TNHC No Cal's timing on its site development improvements.

IHP owns approximately 11.6% of our common stock. Douglas Neff, one of our non-employee directors, is President of IHP Capital Partners, the general partner of the manager of IHP.
