Explanatory Note

As reported in a Current Report on Form 8-K filed by Shell Midstream Partners, L.P. (the "Partnership") on December 5, 2017 (the "Initial Form 8-K"), the Partnership closed the acquisition of (i) 22.9% of the issued and outstanding membership interests in Mars Oil Pipeline Company LLC, (ii) 10.0% of the issued and outstanding common stock of Explorer Pipeline Company, (iii) 41.48% of the issued and outstanding membership interests in LOCAP LLC, (iv) 22.0% of the issued and outstanding membership interests in Odyssey Pipeline LLC, and (v) 100% of the issued and outstanding membership interests in Triton West LLC, on December 1, 2017 (the "December 2017 Acquisition"). This amendment is being filed to provide certain audited and unaudited financial statements and certain unaudited pro forma financial information for such transaction as required by Item 9.01. Except as set forth below, the Initial Form 8-K is unchanged.

As reported in a Current Report on Form 8-K filed by the Partnership on May 10, 2017 (the "May Form 8-K"), the Partnership completed the acquisition of (i) approximately 128-miles of pipeline aggregating volumes from five offshore pipelines and delivering volumes to key onshore markets, which the Partnership refers to as the Delta Pipeline and (ii) a pipeline system of approximately 75-miles located in the Eastern Gulf of Mexico serving as a host to eight different subsea fields and connecting to the Delta Pipeline at Main Pass 69, which we refer to as the Na Kika Pipeline (the "May 2017 Acquisition"). Because the interests acquired in the December 2017 Acquisition and the May 2017 Acquisition are of related businesses, the completion of the December Acquisition requires the Partnership to file certain audited and unaudited financial statements and certain unaudited pro forma financial information for the May Acquisition as required by Item 9.01. Except as set forth below, the May Form 8-K is unchanged.
