Dear Stockholder:

You are cordially invited to attend the Annual Meeting of Stockholders of Aerie Pharmaceuticals, Inc., which will be held on Thursday, May 23, 2019, at 8:00 A.M., Eastern Time, at The St. Regis New York, located at Two East 55th Street, New York, New York 10022.

The attached Notice of the Annual Meeting of Stockholders and proxy statement describes the formal business that we will transact at the Annual Meeting.

The Board of Directors of Aerie Pharmaceuticals, Inc. has determined that an affirmative vote on each matter that calls for an affirmative vote is in the best interest of Aerie Pharmaceuticals, Inc. and its stockholders and unanimously recommends a vote "FOR" all such matters considered at the Annual Meeting.

We have elected to take advantage of the rules of the U.S. Securities and Exchange Commission that allow us to furnish our proxy materials over the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the "Notice"), rather than a full paper set of the proxy materials, unless you previously requested to receive printed copies. The Notice contains details regarding the date, time and location of the meeting and the business to be conducted, as well as instructions on how to access our proxy materials on the Internet and for voting over the Internet.

Whether or not you plan to attend the Annual Meeting, please vote your shares promptly by following the voting instructions that you have received. Your vote is important regardless of the number of shares you own. Voting by proxy will not prevent you from voting in person at the Annual Meeting, but will assure that your vote is counted if you cannot attend.

On behalf of the Board of Directors and the employees of Aerie Pharmaceuticals, Inc., we thank you for your continued support and look forward to seeing you at the Annual Meeting.

Sincerely yours,

Vicente Anido, Jr., Ph.D.  
Chief Executive Officer and Chairman of the Board

PROXY STATEMENT FOR THE  
2019 ANNUAL MEETING OF STOCKHOLDERS  
TO BE HELD ON MAY 23, 2019

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Why has Aerie Pharmaceuticals, Inc. prepared this proxy statement?

We have prepared proxy materials in connection with the solicitation by the Board of Directors (“Board”) of Aerie Pharmaceuticals, Inc. of proxies to be voted at our 2019 Annual Meeting of Stockholders, or Annual Meeting. The Notice of 2019 Annual Meeting of Stockholders is being sent starting April 10, 2019. As used in this proxy statement, the “Company,” “we,” “us” and “our” refer to Aerie Pharmaceuticals, Inc. The term “Annual Meeting,” as used in this proxy statement, includes any adjournment or postponement of such meeting.

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

In accordance with rules of the U.S. Securities and Exchange Commission (“SEC”), we use the Internet as the primary means of furnishing proxy materials to stockholders. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the “Notice”) to our stockholders with instructions on how to access the proxy materials over the Internet (or request a printed copy of the materials) and for voting over the Internet. The proxy materials are also available at [www.aeriepharma.com](http://www.aeriepharma.com). The inclusion of our website address here and elsewhere in this proxy statement does not incorporate by reference the information on our website into this proxy statement.

Stockholders may follow the instructions in the Notice to elect to receive future proxy materials in print by mail or electronically by email.

Who can vote at the Annual Meeting?

Only stockholders of record as of the close of business on March 26, 2019, will be entitled to vote at the Annual Meeting. As of March 26, 2019, there were 45,919,775 shares of common stock issued and outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If on March 26, 2019, your shares were registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC, then you are a stockholder of record and the Notice was sent directly to you. As a stockholder of record, you may vote in person at the meeting or vote by proxy.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Other Nominee

If on March 26, 2019, your shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in “street name” and the Notice is being forwarded to you by that organization. The organization holding your account is considered to be the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to instruct your broker, bank or other nominee how to vote your shares. See “How do I Vote?”

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if stockholders holding at least a majority of our outstanding shares entitled to vote at the Annual Meeting are present at the Annual Meeting in person or represented by proxy.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the meeting or vote by proxy over the telephone or the Internet as instructed below. Ballots or proxies marked “abstain” or “withheld” on a matter and “broker non-votes” will be counted towards the quorum requirement. If there is no quorum, the chairperson of the meeting or the holders of a majority of shares present at the meeting in person or represented by proxy may adjourn the meeting to any other time and any other place.

Table of Contents

What am I voting on and how many votes are needed to approve each proposal?

Proposal 1: Election of Directors. Directors will be elected by a plurality of the votes cast at the Annual Meeting by the holders of shares present in person or represented by proxy and entitled to vote on the election of directors.

Proposal 2: Ratification of Appointment of Independent Registered Public Accounting Firm. The ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019, will require “FOR” votes from a majority of the votes cast at the Annual Meeting by the holders of shares present in person or represented by proxy and entitled to vote on this proposal.

Proposal 3: Advisory Approval of Executive Compensation. The advisory approval of the compensation of our named executive officers will require “FOR” votes from a majority of the votes cast at the Annual Meeting by the holders of the shares present in person or represented by proxy and entitled to vote on this proposal.

Abstentions and broker non-votes will not be counted as votes cast and will have no effect on the voting on the proposals referenced above.

What are broker non-votes?

Broker non-votes occur when a beneficial owner of shares held in “street name” does not give instructions to the broker, bank or other nominee holding the shares as to how to vote on matters deemed “non-routine.” Generally, if shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker, bank or other nominee holding the shares. If the beneficial owner does not provide voting instructions, the broker, bank or other nominee may vote the shares with respect to matters that are considered to be “routine,” but may not vote the shares with respect to “non-routine” matters. The election of directors (Proposal 1) and the advisory vote to approve compensation for our named executive officers (Proposal 3) are each considered a “non-routine” matter under applicable rules. The ratification of the appointment of our independent registered public accounting firm (Proposal 2) is considered a “routine” matter under applicable rules. Broker non-votes will not be counted as votes cast with respect to the election of directors (Proposal 1) and the advisory vote to approve compensation for our named executive officers (Proposal 3) and will have no effect on the voting on such proposals.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you own as of March 26, 2019.

What does it mean if I receive more than one Notice?

You may receive more than one Notice if your shares are registered in more than one name or are registered in different accounts. Please vote in the manner described below under “How do I vote?” for each Notice to ensure that all of your shares are voted.

How does the Board recommend that I vote my shares?

The Board’s recommendation is set forth together with the description of each proposal in this proxy statement. The Board recommends a vote:

•“FOR” the election of the two nominees to the Board;

•“FOR” the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019; and

•“FOR” the approval, on an advisory basis, of compensation for our named executive officers.

With respect to any other matter that properly comes before the Annual Meeting, the proxies will vote as recommended by the Board or, if no recommendation is given, in their own discretion in the best interest of the Company and its stockholders. As of the date of this proxy statement, the Board had no knowledge of any business other than that described herein that would be presented for consideration at the Annual Meeting.

## Table of Contents

### How do I vote?

With respect to the election of directors (Proposal 1), you may vote (1) “FOR ALL,” to vote for all of the nominees to the Board; (2) “WITHHOLD ALL,” to withhold your vote from all of the nominees to the Board; or (3) “FOR ALL EXCEPT,” to vote for all of the nominees to the Board except for any nominee(s) that you specify in the space provided. An instruction to withhold authority to vote for one or more of the nominees will result in those nominees receiving fewer votes, but will not count as a vote against the nominees. With respect to the ratification of the appointment of our independent registered public accounting firm (Proposal 2), and the advisory vote to approve compensation for our named executive officers (Proposal 3), you may vote “FOR” or “AGAINST,” or you may “ABSTAIN” from voting on such proposals. The procedures for voting are as follows:

### Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may (a) vote in person at the Annual Meeting or (b) vote by proxy. Whether or not you plan to attend the meeting, we urge you to fill out and return a proxy card by mail or vote by proxy over the telephone or the Internet as instructed below to ensure your vote is counted. You may still attend the meeting and vote in person even if you have already voted by proxy, as described under “May I change my vote after submitting my proxy card?” below.

☛ To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.

If you requested printed copies of the proxy materials, you will receive a proxy card. To vote by proxy, simply complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the Annual Meeting, the designated proxy holders will vote your shares as you direct. Mailed proxy cards must be received no later than May 22, 2019, to be counted.

To vote over the telephone, dial toll-free 1-800-690-6903 using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and account number from the proxy card you received if you requested printed copies of the proxy materials. Your vote must be received by 11:59 P.M., Eastern Time on May 22, 2019, to be counted.

To vote on the Internet, go to [www.proxyvote.com](http://www.proxyvote.com) to complete an electronic proxy card. You will be asked to provide the company number and account number from the enclosed Notice. Your vote must be received by 11:59 P.M., Eastern Time on May 22, 2019, to be counted.

If you return a proxy but do not make specific choices, your proxy will vote your shares “FOR” each of the nominees to the Board, “FOR” the ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm, and “FOR” the approval, on an advisory basis, of the compensation of our named executive officers.

If any other matter is presented, the proxies will vote as recommended by the Board or, if no recommendation is given, in their own discretion in the best interest of the Company and its stockholders. As of the date of this proxy statement, we know of no other matters that may be presented at the Annual Meeting, other than those listed in the Notice.

### Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Other Nominee

If you are a beneficial owner of shares registered in the name of your broker, bank or other nominee, you should have received voting instructions with the Notice from that organization rather than from us. You may submit voting instructions to your broker, bank or other nominee. In most instances, you will be able to do this over the Internet, by telephone or by mail. Please refer to information from your broker, bank or other nominee on how to submit voting

instructions. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other nominee. Follow the instructions from your broker, bank or other nominee included with these proxy materials, or contact your broker, bank or other nominee to request a proxy form.

How can I attend the Annual Meeting?

You are entitled to attend the Annual Meeting only if you were a stockholder of record as of March 26, 2019 or you hold a valid proxy for the Annual Meeting as described in the previous question. Since seating is limited, admission to the meeting will be on a first-come, first-served basis. You should be prepared to present photo identification for admittance. If you are not a stockholder of record but hold shares as a beneficial owner, you should provide proof of beneficial ownership as of March 26, 2019, such as your most recent account statement prior to March 26, 2019, a copy of the voting instruction card provided by

## Table of Contents

your broker, bank or other nominee, or other similar evidence of ownership. You may contact us via the Internet or by telephone at (919) 237-5300 to obtain directions to vote in person at the Annual Meeting.

May I change my vote after submitting my vote?

Yes. You can revoke your proxy at any time before the final vote at the Annual Meeting. If you are the stockholder of record of your shares, you may revoke your proxy in any one of the following four ways:

• send a timely written revocation of the proxy to our Secretary;

• submit a signed proxy card bearing a later date;

• enter a new vote over the Internet or by telephone; or

• attend and vote in person at the Annual Meeting.

If you are a beneficial owner of shares but not the record holder, you may submit new voting instructions by contacting your broker, bank or other nominee. You will need the appropriate documentation from the stockholder of record to vote personally at the Annual Meeting. If your shares are held by your broker, bank or another party as a nominee or agent, you should follow the instructions provided by such party.

Your personal attendance at the Annual Meeting does not revoke your proxy, unless you vote in person. Your last vote, prior to or at the Annual Meeting, is the vote that will be counted.

Who will bear the expense of soliciting proxies?

We will bear the cost of solicitation of proxies. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names shares of our common stock beneficially owned by others to forward to such beneficial owners. We may reimburse persons representing beneficial owners of our common stock for their costs of forwarding solicitation materials to such beneficial owners. Original solicitation of proxies by mail may be supplemented by solicitation by telephone, via the Internet or in person by our directors, officers or other regular employees. No additional compensation will be paid to directors, officers or other regular employees for such services.

How can I find the voting results from the Annual Meeting?

Preliminary voting results will be announced at our Annual Meeting. Final voting results will be published in a Current Report on Form 8-K that we expect to file no later than four business days from the date of the Annual Meeting. If final voting results are not available by the time we file the Form 8-K within the time period referenced in the immediately preceding sentence, we will disclose the preliminary results in such Form 8-K and, within four business days after the final voting results are known to us, file an amended Form 8-K to disclose the final voting results.

Who will count the votes?

A representative of American Election Services will act as the inspector of elections and count the votes.

Obtaining an Annual Report on Form 10-K

We will provide a copy of our 2018 Annual Report on Form 10-K without charge, upon written request, to any registered or beneficial owner of common stock entitled to vote at the Annual Meeting. Requests can be made by email, [sendmaterial@proxyvote.com](mailto:sendmaterial@proxyvote.com), or in writing addressed to Richard J. Rubino, Secretary, Aerie Pharmaceuticals, Inc., 4301 Emperor Boulevard, Suite 400, Durham, North Carolina 27703. Please include your control number with

your request. The SEC also maintains a website at [www.sec.gov](http://www.sec.gov) that contains reports, proxy statements and other information regarding registrants, including our company.

## PROPOSAL 1

## ELECTION OF DIRECTORS

Our Board currently comprises eight directors. Our amended and restated certificate of incorporation provides for a classified Board consisting of three classes of directors, each of which shall consist, as nearly as may be possible, of one-third of the total number of directors. Currently, two classes consist of three directors and one class consists of two directors. Each class serves a staggered three-year term. At each annual meeting of stockholders, the successors to directors whose terms then expire will be elected to serve from the time of election and qualification until the third annual meeting following their election. The terms of our Class III directors, Gerald D. Cagle, Ph.D. and Richard Croarkin, will expire at the Annual Meeting, and the terms of our Class I directors and Class II directors will expire at the annual meeting of stockholders to be held in 2020 and 2021, respectively.

## Nominees for Election as Directors

Upon the recommendation of the nominating and corporate governance committee, our Board has nominated Gerald D. Cagle, Ph.D. and Richard Croarkin for re-election as Class III directors at the Annual Meeting.

There are no arrangements or understandings between any director, or nominee for directorship, pursuant to which such director or nominee was selected as a director or nominee. We know of no reason why any nominee may be unable to serve as a director. If any nominee is unable to serve, your proxy may vote for another nominee proposed by the Board. If for any reason these nominees prove unable or unwilling to stand for election, the Board will nominate alternates or reduce the size of the Board to eliminate the vacancy. The Board has no reason to believe that its nominees would prove unable to serve if elected. Proxies cannot be voted for a greater number of persons than the number of nominees named in this proxy statement.

Set forth and described below are the names, ages, principal occupations, and business experience, as well as their prior service on the Board, for the nominees for election as directors at the Annual Meeting. Unless otherwise indicated, principal occupations described below for each director have extended for five or more years. If the nominees listed below are elected, they will hold office until the annual meeting of stockholders to be held in 2022 or until their successors have been duly elected and qualified.

Name	Age (1)	Position(s) Held	Director Since
Gerald D. Cagle, Ph.D.	74	Director	2013
Richard Croarkin	64	Director	2015

(1) Age as of March 26, 2019.

Gerald D. Cagle, Ph.D. has served as a member of our Board since September 2013. Dr. Cagle was appointed Senior Vice President of Research & Development at Alcon Laboratories Inc. in 1997, a position he held until 2009. From 2009 until his retirement in 2013, Dr. Cagle held the position of Chief Operating Officer at Cognoptix, a company focused on the diagnosis of Alzheimer's disease. Dr. Cagle also serves on the board of directors of GrayBug, Inc., Nacuity, Pharmaceuticals, Inc., AB2 Bio Ltd. and Novaliq GmbH. Dr. Cagle received his B.S. from Wayland College, earned both his M.S. and Ph.D. from the University of North Texas and completed the Program for Management Development at Harvard Business School. We believe that Dr. Cagle's scientific background and experience provides him with the qualifications and skills to serve as a member of our Board.

Richard Croarkin has served as a member of our Board since May 2015. Mr. Croarkin previously was Chief Financial Officer of Nestle Health Science, a division of Nestle focused on medicalized nutrition solutions for chronic medical conditions, from December 2010 to February 2013. Before joining Nestle, Mr. Croarkin worked for Pepsico Incorporated, where he served in a number of senior financial positions around the world, including as Chief Financial Officer of Pepsi Latin America and Pepsi Canada. Mr. Croarkin started his career with AMAX, Inc., where he worked in treasury, corporate development and planning. Mr. Croarkin currently serves as a member of the board of directors of Clearside Biomedical, a company advancing eye disease

In 2018, Mr. Croarkin was elected to the Board of Waveny LifeCare Network, Inc., a not-for-profit nursing home and healthcare provider for Southwestern Connecticut's senior population. Mr. Croarkin received his B.A. in Economics from Georgetown University and his M.B.A. in Finance from the University of Connecticut. We believe that Mr. Croarkin's business and finance experience at various companies in the pharmaceutical industry provides him with the qualifications and skills to serve as a member of our Board.

## Vote Required

Directors are elected by a plurality of the votes cast at the meeting by the holders of shares present in person or represented by proxy and entitled to vote on the election of directors. Shares represented by proxies will be voted, unless otherwise specified, for the election of the two nominees named above. If any nominee becomes unavailable for election as a result of an unexpected occurrence, your shares will be voted for the election of a substitute nominee proposed by our Board.

## Our Recommendation

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" EACH OF THE NOMINEES SET FORTH ABOVE.**

## Directors Continuing in Office

Set forth and described below are the names, ages, principal occupations, and business experience, as well as their prior service on the Board, for the remaining members of our Board whose terms continue beyond the Annual Meeting. ## Information about the Board of Directors and Corporate Governance

## Board of Directors and Corporate Governance Guidelines

Our corporate governance guidelines provide a framework for the governance of the Company as a whole and describe the principles and practices that our Board follows in carrying out its responsibilities.

In accordance with our corporate governance guidelines, the Board does not involve itself in the day-to-day operations of the Company. The Board directs and oversees the management of the business and affairs of the Company in a manner consistent with the best interests of the Company and its stockholders. In this oversight role, the Board serves as the ultimate decision-making

Table of Contents

body of the Company, except for those matters reserved to or shared with the Company's stockholders. The Board selects and oversees the members of senior management, who are charged by the Board with conducting the business of the Company.

Our directors fulfill their duties and responsibilities by attending meetings of the Board, which are held from time to time, and, as applicable, meetings of the three standing committees of the Board (the audit committee, the nominating and corporate governance committee and the compensation committee), which are also held from time to time.

The Board held eight meetings during the year ended December 31, 2018, and all such meetings were held in person. Each incumbent director attended one hundred percent (100%) of the meetings of the Board held during the period for which he or she served as a director during the year ended December 31, 2018. In addition, each incumbent director attended one hundred percent (100%) of the meetings of the committee(s) on which that director served during such period.

It is our policy to encourage our directors to attend the Annual Meeting. All nominees for director and all directors continuing in office then serving attended our 2018 Annual Meeting. It is currently anticipated that all members of the Board will be in attendance at the Annual Meeting.

## Board of Directors' Independence

Under the listing requirements and rules of the NASDAQ Global Market ("NASDAQ") independent directors must compose a majority of a listed company's board of directors. In addition, applicable NASDAQ rules require that, subject to specified exceptions, each member of a listed company's audit, compensation and nominating committees must be independent within the meaning of applicable NASDAQ rules. Audit committee members must also satisfy the independence criteria set forth in Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Our Board has undertaken a review of the independence of each director and considered whether any director has a material relationship with us that could compromise his or her ability to exercise independent judgment in carrying out his or her responsibilities. In making this determination, our Board considered the current and prior relationships that each non-employee director has with our company and all other facts and circumstances our Board deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director. As a result of this review, our Board determined that Dr. Cagle, Mr. Croarkin, Mr. du Toit, Mr. Goldberg, Dr. McGraw, Ms. McHugh and Mr. Gryska qualify as "independent" directors within the meaning of the NASDAQ rules. As required under applicable NASDAQ rules, our independent directors meet in regularly scheduled executive sessions at which only independent directors are present. The purpose of these executive sessions is to promote open and candid discussion among the non-employee directors.

## Committees of the Board of Directors

The Board has three committees: an audit committee, a compensation committee and a nominating and corporate governance committee. The following table provides membership information at December 31, 2018 and lists the number of meetings held during 2018, for each committee:

Our Board has determined that all members of our nominating and corporate governance committee are independent as independence is currently defined in Section 5605 of the NASDAQ listing standards. The nominating and corporate governance committee operates under a written charter that satisfies the applicable standards of NASDAQ and which is available on our website at [www.aeriepharma.com](http://www.aeriepharma.com). reviewing the adequacy of its charter, our corporate governance guidelines and our code of business conduct and ethics on an annual basis and recommending to our Board any changes to our corporate governance guidelines and code of business conduct and ethics deemed appropriate.

The nominating and corporate governance committee periodically determines the qualifications, qualities, skills and other expertise required to be considered in selecting director-nominees. Among other things, the nominating and corporate governance committee considers whether the Board reflects the balance of knowledge, experience, skills, expertise, integrity, ability to make analytical inquiries, and diversity as a whole that the committee deems appropriate. The process followed by the nominating and corporate governance committee to identify and evaluate director candidates includes requests to current directors and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the committee and the Board. The nominating and corporate governance committee may use outside consultants to assist in identifying or evaluating candidates. Final approval of director candidates is determined by the full Board.

The nominating and corporate governance committee will consider qualified nominations for directors recommended by stockholders. In general, stockholder recommendations are evaluated on the same basis as any recommendation from members of the Board or management of the Company. ## Compensation Committee

The members of our compensation committee are Dr. Cagle, Mr. du Toit and Dr. McGraw. Dr. McGraw serves as chair of the compensation committee. The compensation committee held ten meetings during the year ended December 31, 2018. Of the ten meetings held during such period, five meetings were held in person and five meetings were held telephonically. All members of our compensation committee are independent as independence is currently defined in Section 5605 of the NASDAQ listing standards and qualify as outside directors under Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”). The compensation committee operates under a written charter that satisfies the applicable standards of NASDAQ and is available on our website at [www.aeriepharma.com](http://www.aeriepharma.com). The inclusion of our website address here and elsewhere in this proxy statement does not include or incorporate by reference the information on our website into this proxy statement.

The responsibilities of our compensation committee include, among other things:

- approving the compensation and other terms of employment of our chief executive officer, which are then reviewed and ratified by our Board;

- approving annually the corporate goals and objectives relevant to the compensation of our chief executive officer and assessing at least annually our chief executive officer’s performance against these goals and objectives;

As part of its process for approving or recommending to the Board the compensation for our senior executives other than our chief executive officer, the compensation committee reviews and considers the recommendations made by our chief executive officer.

In fulfilling its responsibilities, the compensation committee may delegate any or all of its responsibilities to a subcommittee of the compensation committee, but only to the extent consistent with our amended and restated certificate of incorporation, amended and restated by-laws, Section 162(m) of the Code, NASDAQ rules, and other applicable law.

## Table of Contents

In addition, pursuant to its charter, the compensation committee has the sole authority to retain compensation consultants to assist in its evaluation of executive and director compensation. The compensation committee engaged Pearl Meyer & Partners LLC (“Pearl Meyer”) as compensation advisors during the fiscal year ended December 31, 2018.

### Compensation Committee Interlocks and Insider Participation

No member of our compensation committee has ever been an officer or employee of the Company. None of our executive officers served as a member of the board of directors or compensation committee of any other entity that has one or more of its officers serving on our Board or compensation committee during the fiscal year ended December 31, 2018.

### Board Leadership

Our Board selects a chair in any way it considers in the best interests of the Company and our stockholders. The Board does not have a fixed policy on whether the role of chair and chief executive officer should be separate or combined, and if it is to be separate, whether the chair should be selected from the independent directors or should be an employee of the Company.

Dr. Anido, our chief executive officer, currently serves as chair of our Board. Our Board believes that this leadership structure is presently appropriate for the Company given Dr. Anido’s extensive experience with and knowledge of the pharmaceutical industry and his ability to effectively identify strategic priorities for the Company. Furthermore, our Board believes that Dr. Anido’s combined role of chief executive officer and chair promotes effective execution of strategic goals and facilitates information flow between management and our Board. Dr. Anido chairs all Board meetings, except for executive sessions at which only independent directors are present. Our corporate governance guidelines require that whenever the chair of the Board is also the chief executive officer or is otherwise a director who does not qualify as an independent director that the independent directors of the Board elect from among themselves a lead independent director. When and as required pursuant to our corporate governance guidelines, a lead independent director is to be elected at least once annually following the nomination of an independent director as a lead independent director nominee by our nominating and corporate governance committee and the election, by a majority vote of the Board’s independent directors, of such nominee or another independent director of the Board. Unless otherwise determined by our Board, each lead independent director is to serve until the first Board meeting following the eleven (11) month anniversary of his or her election.

Dr. McGraw currently serves as the lead independent director. The primary responsibilities of the lead independent director are set forth in our corporate governance guidelines and include, among other things: providing leadership and service as temporary chair or chief executive officer in the event of the inability of the current chair or chief executive officer to fulfill his or her role due to crisis or other circumstances and acting as a liaison between the independent directors and the chair when and as necessary. Additionally, the lead independent director, pursuant to the corporate governance guidelines, may assist Dr. Anido in setting Board meeting agendas and may call meetings of the independent directors of the Board when and as determined to be necessary or appropriate. Our Board believes that this leadership structure is presently appropriate because it allows Dr. Anido to set the overall direction of the Company and provide day-to-day leadership of management while having the benefit of counsel and guidance from the lead independent director. In addition, as a policy of the Board, other independent directors are from time to time requested to oversee executive sessions at which only independent directors are present. Our Board believes this policy contributes to the active participation of each independent director in the leadership function of the Board.

### Risk Oversight

Risk assessment and oversight are an integral part of our governance and management processes. Our Board encourages management to promote a culture that incorporates risk management into the Company's corporate strategy and day-to-day business operations. Management discusses strategic and operational risks at regular management meetings, and conducts specific strategic planning and review sessions during the year that include a focused discussion and analysis of the risks facing the Company. Throughout the year, senior management reviews these risks with the Board at regular Board meetings as part of management presentations that focus on particular business functions, operations or strategies, and presents the steps taken by management to mitigate or eliminate such risks.

Our Board does not have a standing risk management committee, but rather administers this oversight function directly through our Board as a whole, as well as through various standing committees of our Board that address risks inherent in their respective areas of oversight. In particular, our Board is responsible for monitoring and assessing strategic risk exposure, and our audit committee is responsible for overseeing our significant financial and operational risk exposures and the steps our management has taken to monitor and control these exposures.

Table of Contents

The audit committee also monitors compliance with legal and regulatory requirements and considers and approves or disapproves any related-persons transactions. Our nominating and corporate governance committee monitors the effectiveness of our corporate governance guidelines and our code of business conduct and ethics. Our compensation committee assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking.

Board and Committee Evaluations

The Board and its committees conduct annual self-evaluations to assess the effectiveness of the Board and its committees. The self-evaluations focus on the Board's and each committee's and their respective members' performance and contribution to the governance of the Company. The nominating and corporate governance committee is responsible for developing the framework for such annual self-evaluations. The full Board discusses the results of its self-evaluation and each committee also provides the full Board with a summary of the results of their respective self-evaluations. This process is designed to ensure that the Board and each committee receive constructive feedback from our directors and that each committee evaluates, on an annual basis, whether it is adequately fulfilling the responsibilities set forth in its charter.

Code of Business Conduct and Ethics

We have adopted a code of business conduct and ethics that applies to all of our employees, officers and directors, including those officers responsible for financial reporting. The code of business conduct and ethics is available on our website at [www.aeriepharma.com](http://www.aeriepharma.com). We intend to satisfy applicable disclosure requirements regarding an amendment to, or a waiver from, a provision of our code of business conduct and ethics that applies to our principal executive officer, principal financial officer, principal accounting officer, or persons performing similar functions, by posting such information on our website at the Internet address set forth above. The inclusion of our website address here and elsewhere in this proxy statement does not include or incorporate by reference the information on our website into this proxy statement.

PROPOSAL 2  
 RATIFICATION OF APPOINTMENT OF  
 INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Company's stockholders are being asked by the audit committee of the Board to ratify the appointment of PricewaterhouseCoopers LLP to serve as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2019. The audit committee is solely responsible for selecting the Company's independent registered public accounting firm, and stockholder approval is not required to appoint PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2019. However, the Board believes that submitting the appointment of PricewaterhouseCoopers LLP to the stockholders for ratification is good corporate governance. If the stockholders do not ratify this appointment, the audit committee will reconsider whether to retain PricewaterhouseCoopers LLP. If the selection of PricewaterhouseCoopers LLP is ratified, the audit committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time it decides that such a change would be in the best interest of the Company and its stockholders.

Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting. These representatives will be provided an opportunity to make a statement at the Annual Meeting if they desire to do so and will be available to respond to appropriate questions from stockholders.

**Vote Required**

The proposal to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019, requires an affirmative vote of a majority of the votes cast at the Annual Meeting by the holders of shares present in person or represented by proxy and entitled to vote on the proposal.

Compensation Discussion & Analysis

Purpose

The purpose of this Compensation Discussion and Analysis is to provide our stockholders with an understanding of our approach to executive compensation and to detail our decision-making processes for compensation to our NEOs for fiscal 2018.

Executive Summary

We are an ophthalmic pharmaceutical company focused on the discovery, development and commercialization of first-in-class therapies for the treatment of patients with open-angle glaucoma, retinal diseases and other diseases of the eye. The industry we operate in is highly competitive from a business and human resource perspective, and thus our compensation program is one tool we employ to create a competitive advantage.

The Company has generated positive total stockholder return performance since October 25, 2013, which is the date our common stock first began trading on the NASDAQ Global Market. In addition, we accomplished a number of key objectives in 2018 towards our goal of building a major ophthalmic pharmaceutical company, including the commercial launch of Rhopressa<sup>®</sup> (netarsudil ophthalmic solution) 0.02% (“Rhopressa<sup>®</sup>”) in the United States at the end of April 2018, and the acceptance by the U.S. Food and Drug Administration (“FDA”) of our New Drug Application (“NDA”) filing for Rocklatan<sup>™</sup> (netarsudil and latanoprost ophthalmic solution) 0.02%/0.005% (“Rocklatan<sup>™</sup>”), previously referred to as Roclatan<sup>™</sup>, which was approved by the FDA on March 12, 2019.

Our performance and accomplishments were a key factor in the actions our Compensation Committee took this year, and we continue to evolve our programs towards best-in-class governance features and practices.

Long-term Stockholder Return Performance

Key Compensation Governance Attributes

We believe that a sound executive compensation program is grounded in key governance practices. The following are best practices that are key components of our executive compensation program:

What We Do

- Consult an independent compensation consultant
- Evaluate the risk profile of our pay program
- Conduct an annual pay review
- Conduct an annual advisory stockholder vote on the compensation of our NEOs
- Engage directly with our largest stockholders on a regular basis to solicit feedback
- “Double-trigger” equity vesting upon a change in control for time-based awards

What We Don’t Do

- No excise tax gross-up provisions
- No guaranteed salary increases or bonuses
- No executive perquisites
- No pension plans or other post-employment benefit plans
- No severance multipliers in excess of 2x base salary and bonus
- No hedging or pledging of Company stock
- No history of option repricing or option backdating

“Say-on-Pay” Vote

Although we believe strongly that our executive pay program adheres to market best practices and reflects our pay-for-performance strategy, we recognize that this vote presents another opportunity for us to further engage with our stockholders on important matters. We pay careful attention to any feedback we receive from our stockholders about our executive compensation program, including our annual advisory stockholder vote on our executive compensation program. For the advisory say-on-pay vote at our 2018 Annual Meeting of Stockholders, approximately 85% of the votes were in favor of the proposal. While this was a positive assessment of our executive compensation program, the Compensation Committee will continue to consider carefully our stockholders’ feedback on our executive compensation programs and practices to foster even greater support in the future.

We communicate with our stockholders regularly and share feedback we receive with our Board of Directors to ensure our practices align with our stockholders’ interests. Our Chief Financial Officer and our Chief Executive Officer lead our engagement efforts with stockholders. In addition to regular stockholder engagement through our quarterly earnings calls, company presentations, investor conferences and other investor meetings, we performed significant outreach to stockholders in 2018 to address our proposal to increase the share reserve under the Amended and Restated Omnibus Incentive Plan as well as to provide details regarding our overall compensation philosophy and program. These outreach efforts canvassed our major stockholders that represented, in the aggregate, approximately 70% of our outstanding shares. Stockholders we engaged with through this outreach effort, as well as through our general stockholder interactions, were supportive of our compensation philosophy, strategy and approach as well as our associated pay-for-performance practices. We will continue our dialogue with key stockholders and will continue to consider all feedback, including the results of our say-on-pay vote, as we administer the fiscal 2019 executive compensation program and plan for 2020.

Determining Executive Compensation

Executive Compensation Philosophy and Objectives

Our overarching compensation philosophy is to pay for performance. To accomplish this we:

- provide competitive compensation opportunities towards our goals of attracting, motivating, and retaining talented executives; and
- structure our program so that the ultimate amount of compensation earned by our NEOs through paid bonuses and the intrinsic value of equity grants reflects overall business and individual performance.

We also believe firmly that our executives should be aligned with our stockholders, and therefore provide a majority of compensation in the form of long-term equity incentives that tie our executives’ compensation directly to the performance of our stock.

Our executive compensation program has a high degree of performance orientation. When setting pay opportunities, our Compensation Committee reviewed competitive market ranges for base salary, target bonus and long-term incentives. All cash compensation including merit increases and bonuses, and equity awards are determined in the context of corporate goal performance and individual performance, and as such actual competitive positioning may

vary by individual or on a year-to-year basis. Additionally, while our overall philosophy applies generally to all NEOs, we recognize at times the need to differentiate on an individual basis to reflect additional considerations such as tenure, experience, past and expected contribution, and criticality to the Company.

Table of Contents

Our Decision-Making Process

We adhere to a set of guiding principles as we make pay determinations each year:

Maintain a pay-for-performance culture	Annual pay opportunities emphasize variable performance-based compensation, which ensures a high degree of performance orientation in our executive compensation program
Foster long-term alignment with stockholders	Equity awards in the form of options and performance-based restricted stock (performance incentives) and restricted stock (a retention incentive) directly tie pay outcomes to value creation
Preserve a low risk profile	Our compensation program is grounded in key governance best practices
Reflect internal equity considerations	Compensation decisions are made in the context of individual factors

Role of the Compensation Committee. The Compensation Committee of our Board is responsible for establishing and overseeing the executive compensation program, which includes, but is not limited to, setting executive pay opportunities, reviewing Company and individual performance and determining and approving final pay outcomes for our NEOs on an annual basis. As part of this process it evaluates:

- Each NEO’s role and responsibilities, and performance in his role;
- Each NEO’s compensation history (including their total equity compensation profile);
- Key historical company performance metrics and forward-looking projections; and
- Compensation practices of the companies in our peer group and, when appropriate, broader market data.

The Compensation Committee is also responsible for approving grants of equity awards under our stock incentive plans. Other responsibilities include, but are not limited to, reviewing and approving any compensation-related agreements; designing the annual bonus program; reviewing whether our compensation program encourages excessive risk-taking; and reviewing non-executive director compensation.

The Compensation Committee meets regularly throughout the year to monitor our progress. The formal written Compensation Committee charter is available on our website.

Role of our CEO. Our Chief Executive Officer informs our Compensation Committee on the individual performance and contributions of each of the other NEOs, and annually makes recommendations to the Compensation Committee regarding base salary, non-equity incentive plan compensation and equity awards. The Compensation Committee reviews and takes into account such recommendations, but ultimately retains full discretion and authority over the final compensation decisions for the NEOs.

Role of our Independent Compensation Consultant. Pursuant to its charter, the Compensation Committee has the sole authority to retain compensation consultants to assist in its evaluation of executive and director compensation. The Compensation Committee engaged Pearl Meyer as compensation advisors during the fiscal year ended December 31, 2018. Pearl Meyer conducted various market studies and advised the Compensation Committee on general executive compensation matters to assist the Compensation Committee in fulfilling its duties.

Pearl Meyer reports directly to the Compensation Committee, participates in meetings, communicates with the Committee Chair between meetings as necessary and works with management at the direction of the Compensation Committee.

The Compensation Committee reviewed Pearl Meyer’s independence and concluded that it is an independent and conflict-free advisor to the Company pursuant to standards under the Dodd-Frank Wall Street Reform and Consumer Protection Act and NASDAQ’s independence standards.

Use of Peer Group and Market Data

In 2017, the Compensation Committee approved the peer group that would be used to determine 2018 pay opportunity levels for the NEOs. The primary screening characteristics for the group included utilizing companies that are:

- Biotechnology, pharmaceutical or medical device companies that focus on ophthalmology;
- Publicly-traded on a major U.S. exchange;
- Recently commercial or have recently submitted an NDA; and
- Within a market capitalization range of \$1 billion to \$5 billion.

Table of Contents

We endeavored to have Aerie's market capitalization approximate the 50<sup>th</sup> percentile of the peer group. The peer group market capitalization statistics at the time we performed the market assessment were as follows:

Peer Group Percentile Statistics	(in billions)
75 <sup>th</sup> Percentile	\$ 4.0
50 <sup>th</sup> Percentile	\$ 2.3
25 <sup>th</sup> Percentile	\$ 1.3
Aerie Pharmaceuticals, Inc.	\$ 2.2

For 2018, we referenced the peer group in our annual executive compensation benchmarking assessment, reviewing market employment arrangement practices, evaluating our aggregate equity usage and dilution, and reviewing non-executive director compensation.

For 2018, we utilized the same screening approach as in 2017, with the exception of widening the market capitalization range in order to source a peer group that had a 50<sup>th</sup> percentile market capitalization range that was comparable to Aerie's market capitalization at the time. The 2018 Peer Group had the following market capitalization statistics:

Peer Group Percentile Statistics	(in billions)
75 <sup>th</sup> Percentile	\$ 4.4
50 <sup>th</sup> Percentile	\$ 2.7
25 <sup>th</sup> Percentile	\$ 2.1
Aerie Pharmaceuticals, Inc.	\$ 3.0

Principal Elements of Executive Compensation

Our executive compensation program consists of a mix of fixed and variable pay elements, with the latter tied to both short- and long-term Company success. Performance-based pay elements are linked to goals that we believe will deliver both year-to-year and long-term increases in stockholder value. The elements of total direct executive compensation include:

Element	Form	Description
Base Salary	Cash	Fixed amount to attract and retain top talent
Annual Cash Bonus	Cash	At-risk variable incentive compensation used to reward strong Company and individual performance against important annual goals
Long-Term Incentive Awards	Equity	Variable incentive compensation that promotes performance, supports retention, and creates stockholder alignment

Fiscal 2018 Compensation Program in DetailBase Salaries

We set base salaries that are competitive in the marketplace and reflect each individual's duties, responsibilities, experience and performance. Base salaries are reviewed annually and adjusted periodically to take into account inflation, market movement, promotions, increased responsibility and performance. We do not provide for automatic salary increases.

Table of Contents

The Compensation Committee established the base salaries for the NEOs in fiscal 2018 as follows:

Executive	Base Salary at December 31, 2017	Base Salary at December 31, 2018	Percent Increase
Vicente Anido, Jr., Ph.D.	\$710,000	\$750,000	6%
Richard J. Rubino	\$402,792	\$450,000	12%
Thomas A. Mitro	\$423,308	\$460,000	9%
Casey C. Kopczynski, Ph.D.	\$359,550	\$415,000	15%
John W. LaRocca, Esq.	—	\$415,000	—

Increases provided to the other executive officers were consistent with our approach and philosophy, and the factors outlined above.

#### Annual Bonus (Non-Equity Incentive Compensation)

At the beginning of each fiscal year, the Compensation Committee establishes a non-equity incentive compensation plan that is tied to important short-term business goals. It is an incentive tool to motivate achievement of our goals for the forthcoming fiscal year. Each NEO participates in the plan and has a target bonus opportunity amount that is stated as a percentage of base salary. Participants can earn between 0% and 200% of their targeted payout level based upon actual company and individual performance as reviewed and assessed by the Compensation Committee.

Bonus payouts are made in cash and paid in arrears on an annual basis if the performance goals are met, or at the Board's discretion after taking into account various subjective factors, including individual performance and execution on our long-term plans. We do not provide for guaranteed bonus payouts.

For 2018, our Compensation Committee set the following target bonus opportunities for each NEO:

Executive	Target Bonus Opportunity as Percentage of Base Salary as of December 31, 2018	Target Bonus Opportunity in Dollars
Vicente Anido, Jr., Ph.D.	70%	\$525,000
Richard J. Rubino	50%	\$225,000
Thomas A. Mitro	50%	\$230,000
Casey C. Kopczynski, Ph.D.	50%	\$207,500
John W. LaRocca, Esq. <sup>(1)</sup>	50%	\$179,567

(1) Mr. LaRocca's target bonus was prorated to reflect his date of hire.

Our Compensation Committee established four core goals to assess short-term Company performance in 2018. The Compensation Committee established goals that span across a balance of meaningful financial and non-financial categories. As a newly commercial pharmaceutical company, we focused on goals that are important to our investors and stockholders. Our financial goals were to achieve an aggressive net revenue goal, as well as to achieve our budgeted net loss. We believe these goals were set at appropriately aggressive levels that were neither certain to be met, nor unachievable at the onset of the year. Although we may use financial performance measures other than net revenue and net loss in the future, the Compensation Committee believes that these were the most meaningful financial measures to assess the Company's performance in 2018. Our non-financial goals reflect prospective opportunities that we believe can drive future stockholder value.

At the conclusion of the year, our Compensation Committee reviewed the Company's success against its annual goals. The Compensation Committee's assessment of our performance against our goals is as follows:

Table of Contents

Core Goals	Weighting Achievement	
1. Rhopressa® launch		
• Execute a successful commercial launch (met)	35%	19%
• Achieve 2018 net revenue goal (did not meet)		
2. Rocklatan™ NDA		
• File in second quarter of 2018 (met)	35%	35%
3. Advance the pipeline		
• File IND for AR-1105 (met)	20%	14%
• Complete IND-enabling studies for AR-13503 (met)		
• Add new product candidate to the pipeline (did not meet)		
4. Financial metrics		
• Achieve budgeted net loss (met)	10%	10%
• Execute financings to fund strategic plan (met)		
Total	100%	78%

Overall, the Compensation Committee strives to set objective, measurable goals for the bonus plan each year, but like many development-stage or newly commercial biotechnology or pharmaceutical companies, recognizes that the dynamic nature of drug development and approval requires some subjectivity and qualitative assessment to arrive at the final bonus funding. That qualitative assessment can manifest itself in partial achievement for a goal that is substantially met but not completely met for a particular reason, or reduction in the achievement level if the goal is met but there were suboptimal aspects of the achievement. Based on the performance described above, the Compensation Committee determined to base bonus awards for 2018 on corporate achievement of 78% of target for our NEOs. The under-achievement against target was due to not meeting an aggressive net revenue goal and failing to identify a new product candidate to supplement our existing pipeline. As these goals were weighted by the Compensation Committee as important drivers of our short-term and long-term value, the failure to achieve these targets resulted in a reduction to target bonus of 16% and 6%, respectively.

There also can be adjustments to individual incentive payouts based on the Compensation Committee's assessment of individual performance that may be outside of the Core Goals. Ultimately the Compensation Committee's objective is to arrive at bonus payouts that reflect both performance against the set of Core Goals articulated at the onset of the year, as well as an overall evaluation of the Company's performance and individual performance in that given year. As such, the Compensation Committee did discuss performance and contributions for each NEO and adjusted two individual NEO's bonus payouts. In the case of Mr. Mitro, the bonus was adjusted downward reflecting on the overall performance of the commercial organization as it relates to the Rhopressa® launch and related net revenue goal. For Mr. LaRocca, the Compensation Committee adjusted his bonus upward to reflect overall contributions in legal and business development that had a material positive impact on the Company's performance.

Executive	2018 Target Bonus Opportunity in Dollars	Payout Percentage of Target	2018 Actual Bonus Payout
Vicente Anido, Jr., Ph.D.	\$525,000	78%	\$409,500
Richard J. Rubino	\$225,000	78%	\$175,500
Thomas A. Mitro	\$230,000	70%	\$161,000
Casey C. Kopczynski, Ph.D.	\$207,500	78%	\$161,850
John W. LaRocca, Esq. <sup>(1)</sup>	\$179,567	86%	\$153,700

(1) Mr. LaRocca's target bonus was prorated to reflect his date of hire.

#### Long-Term Equity Incentive Compensation

The Compensation Committee approves the grant of equity awards under our stock incentive plans to our NEOs. Our stock incentive plans afford the Compensation Committee flexibility to determine the specific award types and

parameters that it believes are in the best long-term interests of the Company. We believe that long-term incentive awards provide the strongest alignment with stockholder interests and as such have a general philosophy of emphasizing long-term incentives as part of our total compensation program. Further, we believe that properly structured awards are a valuable motivating incentive and strong retention tool.

Table of Contents

The terms of our equity awards generally provide time-based vesting provisions that require the recipient remain an employee of the Company to obtain such awards on the vesting date(s), and in certain instances are also subject to the achievement of performance-based goals. Time-based equity awards are subject to double-trigger acceleration upon a change in control of the Company, whereby outstanding awards are only subject to accelerated vesting or other enhanced vesting in the event that there is a change in control event and the executive is terminated without “Cause” or for “Good Reason” within twelve months following the change in control event.

We do not provide for automatic awarding of equity awards. Grants are typically made by the Compensation Committee to the NEOs on an annual basis after considering factors such as Company and individual performance, current equity ownership by the individual, our total equity usage and dilution, and our available share pool. From time-to-time, we may grant equity awards to our NEOs outside of our annual grant cadence when the Committee believes it is in the best interests of the Company, reflects Company performance and further aligns the interests of our NEOs with those of our stockholders.

Our primary approach for sizing equity awards is to consider the award as a percentage of shares outstanding. Since public reporting requirements stipulate disclosures of equity awards as a grant date fair value, our Compensation Committee evaluates the implied grant date fair value of these awards as a secondary parameter. We believe that our approach is best for the Company as it allows us to better manage our equity pool, but recognize that it can lead to sizable year-to-year swings in the grant date fair value of awards to any particular officer. Our Compensation Committee continues to evaluate this process.

**2018 Equity Awards.** In February 2018, the Compensation Committee approved equity awards to our NEOs following a review of competitive market data, and company and individual performance. Our approach to these annual awards was to provide a mix of 60% stock options and 40% restricted stock awards as follows:

- Time-based stock options, which vest in 48 equal installments on each of the first 48 monthly anniversaries of the grant date (four years cumulative).

- Time-based restricted stock, which vest in four equal installments on each of the first four anniversaries of the grant date (four years cumulative).

Our restricted stock awards were converted on an option-equivalent basis using a 3:1 factor. The Compensation Committee did discuss whether to award grants that vest on the basis of achieving performance targets and ultimately determined not to implement this type of award. This decision was underpinned by the following:

- Setting multi-year financial goals would be very challenging given the Company’s early stage in product launches and current drug development timeline;

- The goals that could be used were either (1) already captured in existing, outstanding performance-based grants that were awarded in 2017, or (2) were captured in the Core Goals in the Annual Bonus plan;

- Performance-based awards are uncommon in development-stage and recently-commercial biotechnology and pharmaceutical companies (less than one-third of our peers have made use of this type of award); and

- The Compensation Committee favors using time-based stock options and restricted stock to achieve its desired goals of performance-orientation, stockholder alignment, and retention.

In addition, in February 2018, Mr. LaRocca was granted stock options and restricted stock awards pursuant to the LaRocca Agreement (as defined herein) in connection with his commencing employment. The options granted to Mr. LaRocca vest as to 25% on the first anniversary of the grant date and as to the remaining 75% in 36 equal installments on the following 36 monthly anniversaries of the grant date.

Executive	Grant Date	# of Time-Based Stock Options	# of Time-Based Restricted Stock Awards
Vicente Anido, Jr., Ph.D.	2/8/2018	114,358	25,413
Richard J. Rubino	2/8/2018	48,000	10,667
Thomas A. Mitro	2/8/2018	57,500	12,778
Casey C. Kopczynski, Ph.D.	2/8/2018	36,000	8,000
John W. LaRocca, Esq.	2/19/2018	70,000	18,000

## Table of Contents

In 2017, our Compensation Committee granted performance-based awards to certain of our NEOs. We designed the awards to provide the ultimate alignment of our NEOs' incentives with stockholder interests. The awards are contingent upon achieving goals that are critical to our success as a company and that we believe will create significant value for our stockholders. The awards feature an additional time-based mechanism to further promote retention:

- 40% of the award vests upon approval and commercial launch of Rhopressa® within a specified period of time, with 50% vesting upon achieving the goal and 50% vesting on the first anniversary of achievement; and
- 60% of the award vests upon approval and commercial launch of Rocklatan™ within a specified period of time, with 50% vesting upon achieving the goal and 50% vesting on the first anniversary of achievement.

Dr. Anido received an award of 53,619 performance-based restricted shares in July 2017, and Messrs. Rubino and Mitro each received 22,599 performance-based restricted shares in February 2017. During April 2018, 10,724, 4,520 and 4,520 shares vested for Dr. Anido and Messrs. Rubino and Mitro, respectively, upon the commercial launch of Rhopressa®.

Other than the Company's 401(k) plan, we did not maintain any plan for our NEOs providing for payments or other benefits at, following, or in connection with, retirement during the fiscal year ended December 31, 2018.

### Nonqualified Deferred Compensation

We did not maintain any deferred compensation plans for our NEOs for the year ended December 31, 2018.

### Employment Agreements with our Executive Officers

We believe that providing our NEOs market-competitive security protections in the event of certain termination scenarios serves as an important retention tool and ensures that our NEOs remain dedicated, motivated and focused on achieving the best results for our stockholders. To that end, we have entered into employment agreements with each of our NEOs (the "NEO Employment Agreements"). These agreements provide certain benefits upon termination of employment that we believe reinforce our pay-for-performance philosophy and reflect best governance practices. The NEO Employment Agreements generally provide for base salary, a target annual bonus opportunity, certain employee benefits, severance upon qualifying terminations of employment (including in connection with a Change in Control (as defined in the Company's Amended and Restated Equity Plan) and restrictive covenants during employment and for specified periods following termination of employment. The general terms of the NEO Employment Agreements are described in more detail in the narrative disclosures following the "Grants of Plan-Based Awards" table beginning at page 31 of this Proxy Statement and the terms of the NEO Employment Agreements relating to the termination of an NEO's employment, including in connection with a Change in Control, are described in more detail in "Potential Payments Upon Termination or Change in Control" beginning at page 37 of this Proxy Statement.

### Tax and Accounting Considerations

The Compensation Committee considers tax and accounting implications in its executive compensation determinations, although in some cases, other important considerations may outweigh tax or accounting considerations, and the Compensation Committee maintains the flexibility to compensate its officers in accordance with the Company's compensation philosophy.

Under Section 162(m) of the Code, the Company will generally not be entitled to a tax deduction for individual compensation

over \$1 million that is paid to certain executive officers. As in effect prior to its recent amendment by the Tax Act, Section 162(m) provided an exception to the deductibility limitations for performance-based compensation that met certain requirements. While considering the impact of Section 162(m) and awarding certain elements of compensation

that, at the time, were intended to qualify

28

---

Table of Contents

as performance-based compensation, the Committee did not adopt a policy requiring all compensation to be fully deductible under Section 162(m). As Section 162(m) has been amended, effective for taxable years beginning after December 31, 2017, the “performance-based” compensation exception was eliminated from Section 162(m), except for certain grandfathered arrangements under the transition rules. In light of this amendment, the Committee will continue to consider the potential impact of the application of Section 162(m) on compensation for its executive officers and reserves the right to provide compensation to executive officers that may not be tax-deductible, as well as the right to modify compensation that was initially intended to qualify as “performance-based” compensation if it believes that taking any such action is in the best interests of the Company and its stockholders.

Compensation Risk Assessment

Our management and the Compensation Committee review our compensation practices and policies with regard to risk management. We have reviewed our programs and determined that there are no practices or policies that are likely to lead to excessive risk-taking or have a material adverse effect on the Company. Further, we identified the following practices that serve to mitigate risk:

- High level of executive equity ownership to prevent short-term risk taking;
- Balance between goals and objectives of short- and long-term incentive compensation plans;
- Proper administrative and oversight controls; and
- Key compensation governance attributes, as discussed above.

COMPENSATION COMMITTEE REPORT

We, the Compensation Committee of the Board of Directors, met with management to review and discuss the Compensation Discussion and Analysis set forth above, and based upon the review and discussions, we recommended to the Board that the Compensation Discussion and Analysis be included in this report.

#### Equity Incentive Awards

Our NEOs have been eligible to receive long-term equity-based incentive awards, prior to our initial public offering, under the Aerie Pharmaceuticals, Inc. 2005 Stock Option Plan (the "2005 Plan"), and following our initial public offering, under the 2013 Omnibus Incentive Plan, as amended and restated by the Board and adopted by our stockholders in the Annual Meeting of Stockholders held in April 2015 and June 2018 (the "Amended and Restated Equity Plan"). While we believe that long-term

equity awards are an important element of the “mix” of compensation paid to our NEOs, we do not maintain any formal grant-making policy. Instead, the Board (or the Compensation Committee) periodically reviews the total level and mix of compensation paid to each of our NEOs in order to determine the appropriate timing and amounts of long-term equity awards so as to continue to promote the alignment of our executive officers’ interests with those of our stockholders.

## Potential Payments Upon Termination or Change in Control

In the event of a termination of Dr. Anido's employment by the Company without Cause (as defined in the Anido Agreement) or by Dr. Anido for Good Reason (as defined in the Anido Agreement), Dr. Anido will be entitled to, subject to his execution and delivery of an effective release of claims against the Company, (i) six months of base salary paid in a lump sum, (ii) continued payment of Dr. Anido's base salary at the rate in effect at the time of termination for a period of six months or a period of 18 months if such termination of employment occurs within 12 months following a Change Control (as defined in the Amended and Restated Equity Plan) (in each case with the payments beginning six months following the termination date), (iii) 12 months of Company-paid health insurance continuation coverage (24 months if such termination of employment occurs within 12 months following a Change in Control) less the amount payable by an active employee for such coverage and (iv) payment of the greater of (x) the target annual performance bonus for the year in which termination occurs and (y) the average of the annual performance bonuses received by Dr. Anido for the three years immediately preceding the date of termination (the payments provided under clauses (i), (ii), (iii) and (iv), collectively, the "Anido Severance Payments"). In the event Dr. Anido's employment is terminated by the Company for Cause, or he resigns without Good Reason, Dr. Anido will not be entitled to receive any Anido Severance Payments.

With respect to each of Messrs. Rubino, Mitro and LaRocca and Dr. Kopczynski, in the event of a termination of the NEO's employment by the Company without Cause (as such term is defined in the applicable NEO Employment Agreement) or by the NEO for Good Reason (as such term is defined in the applicable NEO Employment Agreement), the NEO will be entitled to, subject to his execution and delivery of an effective release of claims against

the Company, (i) continued payment of the NEO's base salary at the rate in effect at the time of termination for a period of 12 months and (ii) 12 months of Company-paid health insurance continuation coverage less the amount payable by an active employee for such coverage (the payments provided under clauses (i) and (ii), collectively, the "NEO Severance Payments"). Additionally, in the event of a termination of the NEO's employment by the Company without Cause or by the NEO for Good Reason at any time during the twelve (12) months following a Change in Control (as defined in the Amended and Restated Equity Plan), the NEO would be entitled to, subject to his execution and delivery of an effective release of claims against the Company, (i) continued payment of the NEO's base salary at the rate in effect at the time of termination for a period of 18 months, (ii) 18 months of Company-paid health insurance continuation coverage less the amount payable by an active employee for such coverage, and (iii) an amount equal to 1.5 times the greater of (x) the target annual performance bonus for the year in which termination occurs and (y) the average of the annual performance bonuses received by the NEO for the two years immediately preceding the date of termination (the

payments provided under clauses (i), (ii), and (iii), collectively, the “NEO Change in Control Severance Payments”). With respect to each of Messrs. Rubino, Mitro and LaRocca and Dr. Kopczynski, in the event an NEO’s employment is terminated by the Company for Cause, or he resigns without Good Reason, the NEO will not be entitled to receive any NEO Severance Payments.

For each of our NEOs, the NEO Employment Agreement provides that in the event the NEO’s employment is terminated by the Company with or without Cause, or he resigns for or without Good Reason, unless treatment more favorable to the NEO is provided in the applicable equity plan or award agreement, he will have a post-termination exercise period of 90 days during which he may exercise the portion of his options to purchase shares of common stock of the Company that was vested as of the termination date.

Each of the NEO Employment Agreements provide that to the extent any of the payments or benefits provided or to be provided by the Company or its affiliates to the NEO pursuant to the terms of the NEO Employment Agreement or otherwise would constitute “parachute payments” (“Parachute Payments”) within the meaning of Section 280G of the Code, and would be subject to the excise tax imposed under Section 4999 of the Code (the “Excise Tax”), then such Parachute Payments will be payable either (1) in full or (2) as to such lesser amount which would result in no portion of such Parachute Payments being subject to the Excise Tax, whichever results in the NEO receiving the highest after-tax amount. If such a reduction in Parachute Payments is necessary the reduction will occur in the manner that results in the greatest economic benefit to the NEO. The NEO Employment Agreements do not provide for excise tax gross-ups.

Each of the NEO Employment Agreements provide that the NEO, during the employment term and thereafter, has an obligation of confidentiality and non-disclosure in regard to any confidential and proprietary information owned by, or received by or on behalf of, the Company or any of its affiliates. Additionally, each of the NEO Employment Agreements provides that during the employment term and for a period of 12 months thereafter, the NEO shall not, directly or indirectly, without the Company’s prior written consent (a) hire, contact, induce or solicit for employment any person who is, or within six months prior to the date of such hiring, contacting, inducing or soliciting was, an employee of the Company or any of its affiliates, or (b) induce or solicit any customer, client or vendor of, or other person having a business relationship with, the Company or any of its affiliates to terminate its relationship or otherwise cease doing business in whole or in part with the Company or any of its affiliates, or interfere with any relationship between the Company or any of its affiliates and any of their respective customers, clients, vendors or any other business contacts.

In addition, pursuant to the terms of each NEO’s stock option awards and restricted stock awards granted under the Amended and Restated Equity Plan, in the event an NEO’s employment is terminated without Cause (as defined in the Amended and Restated Equity Plan) in connection with or within the one-year period following a Change in Control (as defined in the Amended and Restated Equity Plan), the NEO’s options shall become fully vested and exercisable and the NEO’s shares of restricted stock will become fully vested, in each case, as of the date of Termination. The payments and benefits to which our NEOs would be entitled in the event of certain termination of employment events, or as a result of a Change of Control, are set forth in the table below, following a description of these payments and benefits, assuming the event occurred on December 31, 2018. For this purpose, we have assumed a value of \$36.10 per share of our common stock, the closing price of our common stock on December 31, 2018.

Treatment of Equity in the Event of a Transfer of Control. The 2005 Plan provides that in the event of a Transfer of Control, each outstanding option shall be assumed or an equivalent option substituted by the successor corporation (or a parent or subsidiary of the successor corporation). If the successor corporation in a Transfer of Control refuses to assume or substitute for any outstanding option, the option shall fully vest and become exercisable. An option shall be considered assumed if, following the Transfer of Control, the option confers upon the holder the right to receive, in respect of each share underlying such option, the per share consideration (whether in the form of stock, cash or other securities or property) received by holders of our common stock (as of the effective date of the transaction) in the Transfer of Control, provided, however, that if such consideration received in the Transfer of Control is not solely capital stock of the successor corporation (or parent thereof), the Board may, with the consent of the successor corporation, provide for the consideration to be received upon the exercise of the option, for each share subject to the option, to be solely capital stock of the successor corporation (or parent thereof) equal in fair market value to the per share consideration received by holders of our common stock in the Transfer of Control. Upon occurrence of a Transfer of Control, each outstanding option, to the extent not exercised prior to or concurrently with the Transfer of Control, shall terminate as of the effective time of the Transfer of Control, unless such option is assumed or replaced with an option to purchase shares of capital stock in the successor corporation. Notwithstanding the foregoing, if the successor corporation (or a parent or subsidiary of the successor corporation), either (a) does not offer employment to the executive on terms comparable to his then existing terms of employment (as determined by the Board) or (b) terminates the executive's employment without cause (as such term is defined in the executive's agreement or 2005 Plan, as applicable) within one year after the Transfer of Control, then the entire unexercisable portion of the outstanding option that would become exercisable during the twelve months following the occurrence of either of the events set forth in clauses (a) or (b) above, shall become immediately exercisable.

Treatment of Equity in the Event of a Corporate Transaction. The Amended and Restated Equity Plan provides that in the event of a Corporate Transaction (as defined in the Amended and Restated Equity Plan), all outstanding awards may (a) continue following such Corporate Transaction, which may include, in the discretion of the compensation committee, the assumption, continuation or substitution of the awards, in each case with appropriate adjustments to the number, kind of shares, and exercise prices, as applicable or (b) terminate. If the outstanding options are terminated in the event of a Corporate Transaction, the holders of vested options must be provided either (a) fifteen days to exercise their options or (b) payment (in cash or other consideration) in respect of each share covered by the option being cancelled in an amount equal to the excess of the per share price to be paid to stockholders in the Corporate Transaction over the price of the option. If the per share price to be paid to stockholders in the Corporate Transaction is less than the exercise price of the option, the options may be terminated without payment of any kind. If vested awards other than options are terminated in the event of a Corporation Transaction, the holders of such awards must be provided payment (in cash or other consideration), in respect of each share covered by such award being cancelled, of the per share price to be paid to stockholders in the Corporate Transaction. Unvested awards may be treated, at the discretion of the Compensation Committee (the "Committee"), in the same manner as described above for vested options. The Committee may also accelerate the vesting on any unvested awards and, in the case of options, provide holders of such options a reasonable opportunity to exercise the award.

Notwithstanding the foregoing, in connection with a Corporate Transaction, the Committee may, in its sole and absolute discretion, cause any of the following actions to be taken effective upon or at any time prior to the Corporate Transaction (and such action may be made contingent upon the occurrence of the Corporate Transaction): (a) cause any or all unvested options to become fully vested and immediately exercisable and/or provide holders of options a reasonable period of time prior to the Corporate Transaction to exercise their options; (b) with respect to unvested

options that are terminated in connection with the Corporate Transaction, provide to holders a payment (in cash or other consideration) in respect of each share underlying the options equal to all or a portion of the excess, if any, of the per share price to be paid or distributed to stockholders in the Corporate Transaction over the exercise price of the option, which may be paid in accordance with the vesting schedule of the options as set forth in the applicable award agreement; (c) cause any or all unvested awards other than options to become fully vested and immediately exercisable or (d) with respect to unvested awards other than options that are terminated in connection with the Corporate Transaction, provide to holders a payment (in cash or other consideration), in respect of each share underlying the award, equal to all or a portion of the per share price to be paid or distributed to stockholders in the Corporate Transaction, which may be paid in accordance with the vesting schedule of the awards as set forth in the applicable award agreement.

Pay Ratio Disclosure

We determined that the 2018 annual total compensation of the individual identified as our median paid employee as of December 31, 2018, other than our CEO, was \$171,192; our CEO's 2018 annual total compensation for 2018 was \$6,774,726, and the ratio of these amounts was 1-to-40.

To identify our median employee, we used the following methodology:

- We determined our median employee based on our employee population as of December 31, 2018.
- We used a consistently applied compensation measure that included the sum of each employee's base salary, bonuses and commissions earned in 2018, and the grant date fair value of all equity granted in 2018.
- We annualized the base salaries for employees who were employed by us for less than the entire calendar year.
- Compensation paid in foreign currencies was converted to U.S. dollars based on the annual average exchange rates for the year ended December 31, 2018.

Using this approach, we identified our median employee and then calculated the annual total compensation of this employee for 2018 in accordance with the requirements of the Summary Compensation Table.

This pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on our payroll and employment records and the methodology described above. Because the SEC's rules for identifying the median compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

PROPOSAL 3

ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

In accordance with Section 14A of the Exchange Act, we are asking that our stockholders approve, on an advisory basis, the compensation of our executive officers named in the Summary Compensation Table of this proxy statement. This proposal gives our stockholders the opportunity to express their views on the compensation of our named executive officers. Stockholders also may, if they wish, abstain from casting a vote on this proposal.

In connection with this proposal, the Board encourages stockholders to review in detail the description of the compensation program for our named executive officers that is set forth in the Compensation Discussion and Analysis beginning on page 19, as well as the information contained in the compensation related tables and narrative discussion in this proxy statement.

As described in more detail in the Compensation Discussion and Analysis beginning on page 19, our overarching compensation philosophy is to pay for performance. This has been accomplished in a number of ways, including by structuring our program so that a significant portion of the ultimate amount of compensation earned by our named executive officers is earned through bonuses and an increase in the intrinsic value of equity grants. Further, our compensation program is designed to align the compensation of our named executive officers with the interests of our stockholders, and therefore provide a majority of compensation in the form of long-term equity incentives that tie our named executive officers' compensation directly to the performance of our stock.

Although the advisory vote is non-binding, the Board values stockholders' opinions. The Compensation Committee will review the results of the vote and consistent with our record of stockholder responsiveness, the Compensation Committee will consider stockholders' views and take into account the outcome of the vote when considering future decisions concerning our executive compensation program.

We are asking our stockholders to indicate their support for the compensation of our named executive officers as disclosed in this proxy statement by voting "FOR" the following resolution:

“RESOLVED, that the stockholders of Aerie Pharmaceuticals, Inc. approve, on an advisory basis, the compensation paid to Aerie Pharmaceuticals, Inc.'s named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and the narrative discussion in Aerie Pharmaceuticals, Inc.'s 2019 Proxy Statement.”

Vote Required

The proposal to approve, on an advisory basis, the compensation of our named executive officers requires an affirmative vote of a majority of the votes cast at the Annual Meeting by the holders of shares present in person or represented by proxy and entitled to vote on the proposal.

Our Recommendation

THE BOARD RECOMMENDS A VOTE “FOR” THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.
