5.1 Seller shall give Buyer reasonable notice of the date on which the Aircraft will be ready for Buyer's inspection and acceptance flight test of not more than 3 hours duration. Within 10 days of such date, Buyer agrees to perform such inspection and, if no defect or discrepancy is revealed, Buyer shall accept delivery of the Aircraft before the end of such 10 day period (the time of the acceptance of delivery of the Aircraft being the "Delivery Time").

5.2 Any defect or discrepancy revealed by Buyer's inspection and/or acceptance flight test shall be corrected at no cost to Buyer before or after Delivery Time depending on the nature of the defect or discrepancy and time required for correction. If such correction requires an additional flight test, it shall be conducted in accordance with Article 5.1. Buyer shall accept delivery of the Aircraft within 3 days after any defect or discrepancy has been corrected.

5.3 Buyer shall accept delivery of the Aircraft by signing a receipt for delivery in the form of Schedule "B", attached hereto. Upon receipt of all payments due at Delivery Time, Seller shall deliver to Buyer a bill of sale and title to the Aircraft shall pass to Buyer free and clear of all rights, prior

claims, liens, charges and encumbrances (hereinafter "Liens"), and risk of damage to or loss of the Aircraft shall pass to Buyer.

ARTICLE 6. PAYMENT AND TAXES

6.1 Seller shall remain exclusive owner of the Aircraft free and clear of all Liens until such time as all payments due for the Purchase Price have been made and Buyer has accepted the Aircraft in accordance with Article 5.

6.2 Buyer shall make all payments due under this Agreement by wire transfer in US dollars and shall pay interest on any late payments at the rate equal to the one year LIBOR rate as published in the "Money Rates" section of The Wall Street Journal commencing on the date the late payment was first due.

6.3 Buyer shall be responsible for the payment of any sales, use, personal property, excise, goods and services, value added, consumption, luxury, withholding or other similar taxes, duties or assessments and any related penalties and interest which may be levied, assessed, or imposed on Buyer or Seller or otherwise by any governmental authority or agency as a result of or in connection with this Agreement.

ARTICLE 7. LOSS OR DESTRUCTION

7.1 If the Aircraft is lost, destroyed or damaged beyond economic repair before Delivery Time, this Agreement shall automatically terminate upon Seller giving written notice of such occurrence to Buyer. Seller's sole obligation and liability shall then be to promptly return to Buyer all amounts previously paid to Seller under this Agreement.

ARTICLE 8. EXCUSABLE DELAY

8.1 Seller shall not be liable for any failure to deliver or delay in delivery of the Aircraft or delay in performance of any of its other obligations under this Agreement, due directly or indirectly to force majeure, acts of God, violence, fire, explosion, action of the elements or weather conditions, or other catastrophe or accident, any legislation, act, order, directive, or regulation of any government or governmental body, labour trouble, delay or failure of carriers, subcontractors or suppliers, or any other cause beyond Seller's reasonable control or without Seller's negligence ("Excusable Delay").

8.2 In the event of any Excusable Delay, the time required for the performance of any obligation in this Agreement shall be extended for a period equal to the period during which any such cause and the effects thereof persist. If delivery of the Aircraft is delayed by reason of Excusable Delay for more than 6 months, either Buyer or Seller may terminate this Agreement upon giving written notice to the other party, which notice shall be given within 15 days immediately following such period of 6 months. Upon such termination, Seller's sole obligation and liability shall be to promptly return to Buyer all amounts previously paid to Seller under this Agreement.

ARTICLE 9. TERMINATION

9.1 Either party may terminate this Agreement before Delivery Time by written notice of termination to the other party upon the occurrence of any of the following events: (i) the other party makes an assignment for the benefit of creditors, or admits in writing its inability to pay its debts; (ii) a receiver or trustee is appointed for the other party or for substantially all of such party's assets and, if appointed without such party's consent, such appointment is not discharged or stayed within 30 days; (iii) proceedings under any law relating to bankruptcy, insolvency or the reorganization or relief of debtors are instituted by or against the other party and, if contested by such party, are not dismissed or stayed within 30 days; or (iv) any writ of attachment or execution or any similar process is issued or levied against the other party or any significant part of its property and is not released, stayed, bonded or vacated within 30 days after its issue or levy.

Edgar Filing: PRE PAID LEGAL SERVICES INC - Form 8-K

9.2 Buyer may terminate this Agreement before Delivery Time if Seller is in default or breach of any material term or condition of this Agreement and does not act to cure such default or breach within 10 days after receipt of written notice from Buyer specifying such default or breach and does not continue thereafter to diligently correct or cure the alleged default or breach.

9.3 Upon termination of this Agreement by Buyer pursuant to and in accordance with this Article 9, all amounts received by Seller on account of the Purchase Price shall promptly be reimbursed to Buyer and such reimbursement shall constitute Buyer's sole right, remedy and recourse against Seller and Seller's sole obligation and liability to Buyer.

9.4 Seller may terminate this Agreement before Delivery Time if Buyer: a) does not accept delivery of the Aircraft in accordance with Article 5 or is in default or breach of any material term or condition of this Agreement (except for payment obligations that are covered by Article 9.5) and does not act to cure such default or breach within 10 days after receipt of written notice from Seller specifying such default or breach and does not continue thereafter to diligently correct or cure the alleged default or breach, or b) is named on any list published by a governmental body which would prohibit Seller from engaging in transactions with Buyer or the transaction is otherwise prohibited by law, or if Seller determines as a result of due diligence that it may not sell the Aircraft to Buyer without substantial risk of violating the law. In the event of termination under this Article 9.4(b), Seller's termination obligations shall be subject to all applicable governmental legal requirements.

9.5 Upon termination of this Agreement by Seller pursuant to and in accordance with this Article 9 or if Buyer fails to make any of the payments provided for in Article 2 on or before the stipulated date, all rights which Buyer may have or may have had in or to this Agreement or the Aircraft shall be extinguished; and Seller shall be entitled to retain an amount equivalent to 10% of the Purchase Price, as liquidated damages for default and the parties shall thereafter be released from all further obligations to each other. Buyer agrees that such liquidated damages do not constitute a penalty and are a reasonable and agreed amount of the anticipated or actual harm or damages to be suffered by Seller as a result of or in connection with Buyer's default. All other amounts received by Seller on account of the Purchase Price shall be promptly returned to Buyer.

ARTICLE 10. MISCELLANEOUS

10.1 Neither this Agreement nor any of the rights of Buyer hereunder shall be assignable by Buyer. Notwithstanding the foregoing, this Agreement shall be assignable by Buyer in whole or in part to a wholly-owned subsidiary or affiliate of Buyer or any financial institution which is providing financing to Buyer in connection with Buyer's acquisition of the Aircraft provided that Buyer shall remain jointly and severally liable with the assignee for the fulfilment of all the obligations under this Agreement. Buyer hereby acknowledges that Seller shall have the right, without Buyer's consent, to create a security interest or hypothec with respect to this Agreement or to assign or transfer this Agreement or any of its rights hereunder to any financial institution or to a wholly owned subsidiary or affiliate of Seller, provided that Seller's assignment to a financial institution or creation of a security interest or hypothec shall be solely for the purpose of securing financing.

10.2 Any notice to be given hereunder shall be sent by registered or certified mail, courier or facsimile transmission to the party to which said notice is to be given at its address or facsimile number as shown on page 1 hereof unless such address is changed by notice given to the other party in accordance herewith. A notice shall be deemed given when received.

Edgar Filing: PRE PAID LEGAL SERVICES INC - Form 8-K

10.4 This Agreement and the matters referred to herein constitute the entire agreement between Seller and Buyer and supersede and cancel all prior representations, alleged warranties, statements, negotiations, drafts, undertakings, letters, acceptances, agreements, understandings, contracts and communications, whether oral or written, with respect to or in connection with the subject matter hereof. This Agreement may only be amended or changed by a written instrument signed by both parties. In the event of any inconsistencies between this Agreement, any addendum, the Specification, the Schedules or other annexes stated to be part of this Agreement, the order of precedence shall be: any addendum, this Agreement, the Specification and other Schedules or annexes.

10.5 If any of the provisions of this Agreement are for any reason declared by judgement of a court of competent jurisdiction to be unenforceable or ineffective, those provisions shall be deemed severable from the other provisions of this Agreement and the remainder of this Agreement shall remain in full force and effect.

ARTICLE 11.1 CONFIDENTIALITY

11.1 This Agreement is confidential between the parties and shall not, without the prior written consent of the other party, be disclosed by either party in whole or in part to anyone except to assignees or transferees per the provisions of Article 10.1 or as may be necessary for either party to carry out its obligations under this Agreement

BETWEEN PRE-PAID LEGAL SERVICES, INC. AND LEARJET INC.

I. AMEND THE PURCHASE AGREEMENT AS FOLLOWS:

ARTICLE 5. DELIVERY AND INSPECTION

5.1 In the third line of this Article 5.1, replace the words "3 hours duration" with the words "5 hours duration".

II. ADD THE FOLLOWING NEW ARTICLES TO THE AGREEMENT:

ARTICLE 12. TRADE-IN AGREEMENT

12.1 Seller agrees to credit \$1,260,000.00 USD (the "Trade Value") toward the Purchase Price due Seller under the Agreement at Delivery Time and upon the delivery to Seller of title to and possession of a certain Diamond 1A aircraft bearing serial number 24 and registration number N674AC (the "Trade-In Aircraft"). Seller's agreement to accept delivery of the Trade-In Aircraft as mentioned in this Article 12.1 is conditional upon and subject to the conditions specified in 12.2 below. This Trade-In Agreement is non-transferable and shall be binding on both parties upon the execution of the Purchase Agreement, wherein Seller will have the exclusive world-wide rights to market and sell the Trade-In Aircraft.

12.2 Seller's agreement to accept title to and delivery of the Trade-In Aircraft at Delivery Time is conditional upon and subject to the following conditions being satisfied:

- a) Seller shall take delivery of the Trade-In Aircraft at a mutually agreeable Raytheon service center located in the continental United States.

- v) be enrolled on a computerized aircraft maintenance tracking system, with all items on the applicable maintenance list fully complied with and completed;
 - vi) not have any damage history and shall not have suffered any damage of the kind requiring the use of an FAA form 337, except for the damage sustained to the right flap and wheel well area, which both parties acknowledge;
 - vii) not have exceeded 5,215 hours as of Delivery Time;
 - viii) be free of any hazardous or otherwise unacceptable materials, contaminants or substances (e.g. asbestos), as defined by the FAA;
 - ix) have complied with all major inspections due at or prior to the Delivery Time, including hot section inspections on both engines and a fresh A/B inspection; and
 - x) have complete originals of all logs, manuals, data, and inspection, modification and overhaul records in the English language required to comply with FAA regulations with respect to the Trade-In Aircraft with all entries therein being complete, correct and current, together with all engineering documents and drawings relating to modifications made to, and Supplemental Type Certificates incorporated in, the Trade-In Aircraft.
- c) Buyer shall, at Delivery Time, provide the documentation described in sub-paragraph x) above.
- e) Buyer hereby agrees to arrange for the assignment of any computerized aircraft maintenance tracking system subscription to Seller.
- f) To the extent reasonably practical, Seller shall be entitled 14 days prior to Delivery Time to subject the Trade-In Aircraft to a standard pre-purchase inspection applicable to the Trade-In Aircraft type, together with a flight test to determine that the Trade-In Aircraft and all of its parts, components, systems and records are, as of Delivery Time, in compliance with the foregoing conditions set out in paragraph (b) above and all applicable FAA standards, properly operational, airworthy and within the specified limits as published by the manufacturer. Such inspection shall be completed at a Seller designated and approved facility and shall include, but not necessarily be limited to (i) a corrosion inspection (ii) larascope inspection of windshields and cabin windows (iii) engine target runs (iv) engine boroscope inspections (v) inspection of horizontal stabilizer pivot castings and (vi) shear web beam inspection. Such pre-purchase inspection and flight test shall be at Seller's expense. Buyer shall cause all deficiencies to be corrected so that the Trade-In Aircraft complies with the conditions set out in this Article and shall assume all costs, expenses and fees necessary to make the Aircraft compliant with the conditions set out in this Article.
- g) In the event Seller does not have the opportunity to fully inspect the Trade-In Aircraft prior to Delivery Time, for any reason whatsoever, the Trade-In Value shall be subject to a holdback of \$250,000 USD to

Edgar Filing: PRE PAID LEGAL SERVICES INC - Form 8-K

be applied, as applicable, to Buyer's obligations contained in this Article 12. Any portion of the holdback remaining after the fulfillment of Buyer's obligations with regard to the Trade-In Aircraft will be returned to Buyer.

12.3 If Buyer does not deliver the Trade-In Aircraft in the condition required by Article 12.2, Seller may, in its sole discretion:

- (i) accept delivery of the Trade-In Aircraft and make (or cause to be made) any repairs necessary to restore the Trade-In Aircraft to the required condition, in which event the Trade-In Value shall be reduced by the amount of all costs, expenses and fees related to such restoration in an amount pre-approved by both parties before Seller makes any such repairs; or
- (ii) accept delivery of the Trade-In Aircraft provided Buyer shall compensate Seller by a reduction of the Trade-In Value for the diminished value of the Trade-In Aircraft (such diminished value to be established as set forth below in this Article) resulting from Buyer's failure to return the Trade-In Aircraft in the required condition.

In the event Buyer does not deliver the Trade-In Aircraft in the condition required by Article 12.2 and if the parties cannot resolve the matter under sub-paragraphs (i) or (ii) above, Seller, in its sole discretion, may decline to take delivery of the Trade-In Aircraft, in which event the Purchase Price of the Aircraft shall not be reduced by the Trade-In Value and Seller shall have no further responsibility with respect to this Article 12 which shall then be null and void and of no force and effect.

If there is a situation that falls within Articles 12.3(ii) or 12.4 (ii), the parties agree to work together to reach an agreement on the diminished value of the Aircraft. If the parties cannot reach an agreement on the diminished value within fifteen (15) days thereof, then both parties shall each appoint an independent appraiser. The diminished value of the Trade-In Aircraft shall be determined by calculating the average of the two appraisals made by such appraisers, unless the lower of such values is less than 95% of the higher of such values, in which case, the two appraisers shall jointly appoint a third appraiser and the average of the two closest appraisals shall be used. Each appraisal shall be rendered within thirty (30) days following the expiration of the above 15-day period. Each party shall bear the costs of its appointed appraiser and the costs of the third appraiser shall be equally shared between Buyer and Seller.

12.4 In the event Seller has accepted the Trade-In Aircraft pursuant to Article 12.2 g) without having had the opportunity to fully inspect the Trade-In Aircraft prior to Delivery Time and the Trade-In Aircraft is not in the condition required by Article 12.2, Seller may, within twenty one (21) days, in its sole discretion:

- (i) initiate any repairs necessary to restore the Trade-In Aircraft to the required condition, in which event Buyer shall compensate Seller, promptly upon request, for all costs, expenses and fees related to such restoration; or
- (ii) require Buyer to compensate Seller, promptly upon request, for the diminished value of the Trade-In Aircraft (such diminished value to be established pursuant to Article 12.3) resulting from Buyer's failure to return the Trade-In Aircraft in the required condition.

In the event Buyer does not deliver the Trade-In Aircraft in the condition

Edgar Filing: PRE PAID LEGAL SERVICES INC - Form 8-K

required by Article 12.2 and if the parties cannot resolve the matter under sub-paragraphs (i) or (ii) above, Seller may, in its sole discretion, elect to reject the Trade-In Aircraft, in which event the Trade-In Value shall be immediately reimbursed to Seller and Buyer agrees that Seller shall transfer title to the Trade-In Aircraft back to Buyer in exchange for a standard form Bill of Sale in favor of Seller from Buyer at a date and location to be mutually agreed. In no event shall such reverse transaction occur later than ten (10) business days from Buyer's receipt of Seller's written notification to reject the Trade-In Aircraft.

ARTICLE 13. PURCHASE OF DEMONSTRATOR AIRCRAFT

13.1 Buyer acknowledges (i) that prior to Delivery Time, the Aircraft will be used by Seller for demonstration purposes and therefore the inspection and acceptance of the Aircraft by Buyer at Delivery Time shall allow for reasonable wear and tear discrepancies, (ii) that such reasonable wear and tear discrepancies shall not be a cause for rejection of the Aircraft, and (iii) that the Aircraft will have additional flight hours logged as a result of its use for demonstration services. In consideration of Buyer's agreement to the forgoing, at Delivery Time Seller will credit to Buyer's final payment due pursuant to Article 2.1 (iii) by an amount equal to \$1,000 USD per flight hour for each flight hour logged in the Aircraft Flight Logbook between the date the Aircraft was placed into demonstration service and the Delivery Time. Buyer further acknowledges that no other benefit, credit or other considerations, financial or otherwise, shall be forthcoming from the Seller to the Buyer for the Aircraft's usage and flight hours logged on the Aircraft for Seller's demonstration purposes.

13.2 Prior to Delivery Time, Seller will at no additional cost to Buyer:

- a. Comply with all scheduled maintenance inspections;
- b. Incorporate all applicable Airworthiness Directives;
- c. Remove any demonstration consignment equipment;
- d. Remove any logos or other markings of Seller or its affiliates suggesting the Aircraft is in use or has been used as a demonstrator aircraft;
- e. Replace the special demonstration tail and winglet paint with a color to match the existing Aircraft exterior base coat;
- f. Replacement of Seller's demonstration exterior paint stripes with two (2) standard exterior paint stripes as defined by Buyer;
- g. Remove Seller's FAA registration number and replace with Buyer's selected aircraft registration number;
- h. Remove demonstration exterior locks and replace with new locks;
- i. Perform an exterior paint touchup and cleaning; and
- j. Perform a general interior material touchup and cleaning.

13.3 Both parties understand and acknowledge that in the event that the Aircraft is not put into demonstration service by Seller prior to the Delivery Time, then this Article 13 and the changes to Section 18 of Schedule A set forth below in this Addendum shall be amended in order to reflect that the Aircraft was not used as a demonstrator aircraft.

13.4 Buyer agrees to accept delivery of the Aircraft regardless of the exterior paint scheme in order to ensure the delivery of the Aircraft on or before the November 28th delivery commitment set forth in Article 2.2 of the Agreement. For avoidance of doubt, failure of the Aircraft to be painted in accordance with Buyer's paint scheme on or before the delivery date set forth in Article 2.2 will not be considered a breach or default under this Agreement, nor will it serve as a reason for Buyer to reject delivery of the Aircraft. If, on the delivery date, the Aircraft is not painted in accordance with Buyer's paint scheme, Buyer's paint scheme shall be applied

Edgar Filing: PRE PAID LEGAL SERVICES INC - Form 8-K

to the Aircraft at a mutually agreeable time within 12 months following the Delivery Time, and at a mutually agreeable Bombardier Aircraft Services factory owned service center.

II. AMEND SCHEDULE A TO THE AGREEMENT AS FOLLOWS:

SECTION 17.0 CUSTOMER SUPPORT SERVICES

TRAINING

In the first bullet-point of the portion of this Section 17.0 titled "Training", replace the words "training program for two qualified pilots" with the words "training program for three qualified pilots".

Delete the second bullet-point of the portion of this Section 17.0 in its entirety.

SECTION 18.0 WARRANTY

18.1 In the first line of this Section 18.1, replace the words "warrants to Buyer that at Delivery Time," with the words "warrants to Buyer that as of the date the Aircraft is placed into demonstration service".

18.2 Delete Section 18.2 of the Warranty section of Schedule A in its entirety and replace it with the following:

"18.2 The Warranty in respect to the Aircraft shall be for:

- ii) 24 months from Delivery Time on standard Collins avionics components.
- iii) 60 months from Delivery Time on standard Universal avionics components.
- iv) 24 months from the date the Aircraft is placed into demonstration service on interior completion items (with the exception of normal deterioration of soft-trim and appearance items, such as paint, upholstery and rubber-like items, due to wear and exposure) and exterior paint. - v) 24 months from Delivery Time on any Vendor Supplied Components. A Vendor Supplied Component is defined as any part installed on the Aircraft that is not manufactured by Seller, with the exception of interior completion items that are covered by section 18.2(iv) above."
