1. Definitions. As used in this Eaton Vance Corp. 2007 Stock Option Plan the following terms shall have the following meaning:

Board means the Company's Board of Directors.

Cause means, with respect to any employee of the Company or Subsidiary, (i) such employee's failure to perform and discharge his or her duties and responsibilities for any reason other than disability, or (ii) such employee engages or has engaged in an action or course of conduct that in the reasonable judgment of the Company or Subsidiary (A) constitutes fraud, embezzlement or theft, or (B) violates the Company's Code of Business Conduct or Code of Ethics as then in effect, or (C) constitutes a crime, or (D) violates any rule, regulation or law to which the Company or Subsidiary is subject, or (E) is negligent, or (F) harms the Company or Subsidiary or its reputation, or (iii) such employee is sanctioned or censured by any federal, state or local governmental, regulatory or administrative body having jurisdiction over the Company or Subsidiary or its business, or (iv) such employee fails to maintain any license or registration required for him or her to perform the functions of his or her position.

Employment means the employment of a person by the Company or a Subsidiary, or in the case of a director of the Company, his or her service as a director.

Incentive Option means an Option that satisfies the requirements of Section 422 of the Code.

Plan means this 2007 Stock Option Plan, as amended or restated from time to time.

Subsidiary means a subsidiary of the Company, as defined in Section 424(f) of the Code.

2. Purpose. The purpose of the Plan is to advance the interests of the Company by strengthening the ability of the Company and its Subsidiaries to attract, retain and motivate directors and employees by providing them with an opportunity to purchase Shares and thus participate in the ownership of the Company, including the opportunity to share in any appreciation in the value of such Shares. It is intended that the Plan will strengthen the mutuality of interest

between such persons and the stockholders of the Company. Both Incentive Options and Nonqualified Options may be granted under the Plan. This Plan is the successor to the Company's 1998 Stock Option Plan Restatement No. 8.

3. Effective Date. The Plan became effective on October 24, 2007, the date it was adopted by the Board and approved by the voting stockholders of the Company.

4. Stock Subject to the Plan: Adjustments.

(a) Shares Reserved. Subject to adjustment as hereinafter provided, the total number of Shares reserved for issuance in connection with Options under the Plan shall be 4,000,000. No Option may be granted if the number of shares to which such Option relates, when added to the number of Shares previously issued under the Plan, exceeds the number of shares reserved under this Section 4(a). Shares issued under the Plan shall be counted against this limit in the manner specified in Section 4(b).

(b) Manner of Counting Shares. If any Shares subject to an Option are forfeited, canceled, exchanged, or surrendered or such Option is settled in cash or otherwise terminates without a distribution of Shares to the Participant, including (i) the number of Shares withheld in payment of any Option Price or tax obligation relating to the exercise of such Option and (ii) the number of Shares equal to the number surrendered in payment of any Option Price or tax obligation relating to the exercise of such Option, such number of Shares will again be available for Options under the Plan. The Committee may make determinations and adopt regulations for the counting of Shares relating to any Option to ensure appropriate counting, avoid double counting (in the case of substitute Options), and provide for adjustments in any case in which the number of Shares actually distributed differs from the number of Shares previously counted in connection with such Option.

(c) Type of Shares Distributable. Any Shares delivered upon exercise of an Option may consist, in whole or in part, of authorized and unissued Shares or Shares reacquired by the Company through purchase in the open market or in private transactions.

(d) Adjustments. In the event that the Committee shall determine that any dividend or other distribution (whether in the form of cash, Shares, or other property) which is unusual and non-recurring, or any recapitalization, stock split, reverse split, reorganization, merger, consolidation, spin-off, combination, repurchase or share exchange, or other similar corporate transaction or event affects the Shares such that an adjustment is appropriate in order to prevent dilution or enlargement of the rights of Optionees under the Plan, then the Committee shall make such equitable changes or adjustments as it deems appropriate and, in such manner as it may deem equitable, shall adjust any or all of (i) the number and kind of Shares which may thereafter be issued in connection with Options, (ii) the number and kind of Shares issued or issuable in respect of outstanding Options or, if deemed appropriate, make provisions for payment of cash or other property with respect to any outstanding Option, (iii) the Option Price relating to any Option, and (iv) the number and kind of Shares set forth in Section 7(d) as the per-person limitation for any three calendar years; provided, however, in each case that, with respect to Incentive Options, such adjustment shall be made in accordance with Section 424 of the Code, unless the Committee determines otherwise. In addition, the Committee is authorized to make adjustments in the terms and conditions of, and any criteria and performance objectives or goals included in, Options in recognition of unusual or non-recurring events (including events described in the preceding sentence, as well as acquisitions and dispositions of assets or all or part of businesses) affecting the Company or any Subsidiary or any business unit, or the financial statements thereof, or in response

to changes in applicable laws, regulations, accounting principles, tax rates and regulations, or business conditions or in view of the Committee's assessment of the business strategy of the Company, a Subsidiary, or business unit thereof, performance of comparable organizations, economic and business conditions, personal performance of an Optionee, and any other circumstances deemed relevant; provided that, unless otherwise determined by the Committee, no such adjustment shall be made if and to the extent that such adjustment would cause Options granted to employees who are covered employees within the meaning of Code Section 162(m) to fail to qualify as performance-based compensation under Code Section 162(m) and regulations thereunder.

5. Administration.

(a) Authority of the Committee. The Plan shall be administered by the Committee. The Committee shall have full and final authority and discretion to take the following actions, in each case subject to and consistent with the provisions of the Plan:

(i) to select employees to whom Options may be granted;

(ii) to determine the type and number of Options to be granted to employees, the number of Shares to which such an Option may relate, the terms and conditions of any Option granted to an employee under the Plan (including the Option Price, any restriction or condition, any schedule for lapse of restrictions or conditions relating to transferability or forfeiture, exercisability, or settlement of such an Option, and waivers or accelerations thereof, and waivers of performance conditions relating to such an option, based in each case on such considerations as the Committee shall determine), and all other matters to be determined in connection with any Option granted to an employee;

(iii) to determine whether, to what extent, and under what circumstances an Option may be settled, or the Option Price may be paid, in cash, Shares or other property, or an Option may be canceled, forfeited, exchanged, or surrendered;

(iv) to determine whether, to what extent, and under what circumstances cash, Shares or other property payable with respect to an Option will be deferred either automatically, at the election of the Committee, or at the election of the Optionee, and whether to create trusts and deposit Shares or other property therein;

(v) to prescribe the form of each Option Agreement, which need not be identical for each Optionee;

(vi) to adopt, amend, suspend, waive, and rescind such rules and regulations and appoint such agents as the Committee may deem necessary or advisable to administer the Plan;

(vii) to correct any defect or supply any omission or reconcile any inconsistency in the Plan and to construe and interpret the Plan and any Option, rules and regulations, Option Agreement, or other agreement or instrument hereunder; and

(viii) to make all other decisions and determinations as may be required under the terms of the Plan or as the Committee may deem necessary or advisable for the administration of the Plan.

In its administration of the Plan, the Committee shall not take any action which would result in a transaction involving a Director Option failing to be exempt under Rule 16b-3(d). Other provisions of the Plan notwithstanding, the Board may perform any function of the Committee under the Plan, including for the purpose of ensuring that transactions under the Plan by Optionees who are then subject to Section 16 of the Exchange Act in respect of the Company are exempt under Rule 16b-3. In any case in which the Board is performing a function of the Committee under the Plan, each reference to the Committee herein shall be deemed to refer to the Board, except where the context otherwise requires.

(b) Manner of Exercise of Committee Authority. At any time that a member of the Committee is not a Qualified Member, any action of the Committee relating to an Option to be granted to an employee who is then subject to Section 16 of the Exchange Act in respect of the Company, or relating to an Option intended to constitute qualified performance-based compensation within the meaning of Code Section 162(m) and regulations thereunder, may be taken either (i) by a subcommittee composed solely of two or more Qualified Members, or (ii) by the Committee but with each such member who is a not Qualified Member abstaining or recusing himself or herself from such action, provided that, upon such abstention or recusal, the Committee remains composed solely of two or more Qualified Members. Such action, authorized by such a subcommittee or by the Committee upon the abstention or recusal of such non-Qualified Member(s), shall be the action of the Committee for purposes of the Plan. Any action of the Committee with respect to the Plan shall be final, conclusive, and binding on all persons, including the Company, Subsidiaries, Optionees, any person claiming any rights under the Plan from or through any Optionee, and stockholders of the Company. The express grant of any specific power to the Committee, and the taking of any action by the Committee, shall not be construed as limiting any power or authority of the Committee. The Committee may delegate to officers or managers of the Company or any Subsidiary the authority, subject to such terms as the Committee shall determine, to perform administrative functions and such other functions as the Committee may determine, to the extent permitted under applicable law and, with respect to any Optionee who is then subject to Section 16 of the Exchange Act in respect of the Company, to the extent performance of such function will not result in a subsequent transaction failing to be exempt under Rule 16b-3(d).

(c) Limitation of Liability. Each member of the Committee shall be entitled in good faith to rely or act upon any report or other information furnished to him or her by any officer or other employee of the Company or any Subsidiary, the Company's independent certified public accountants, or other professional retained by the Company to assist in the administration of the Plan. No member of the Committee, nor any officer or employee of the Company acting on behalf of the Committee, shall be personally liable for any action, determination, or interpretation taken or made in good faith with respect to the Plan, and all members of the Committee and any officer or employee of the Company acting on their behalf shall, to the extent permitted by law, be fully indemnified and protected by the Company with respect to any such action, determination, or interpretation.

6. Duration of the Plan. This Plan shall terminate ten years from the original effective date hereof, unless terminated earlier pursuant to Section 12, and no Options may be granted thereafter.

7. Options for Employees.

(a) Eligible Employees. Options may be granted to those employees of the Company or of any of its Subsidiaries as are selected by the Committee.

(b) Restrictions on Incentive Options. Incentive Options shall be subject to the following restrictions:

(i) Limitation on Number of Shares. To the extent that the aggregate Market Value on the Grant Date of the Shares with respect to which an Option that would otherwise constitute an Incentive Option (when aggregated, if appropriate, with incentive stock options granted before the Option under this Plan or any other plan maintained by the Company or any Subsidiary of the Company) is exercisable for the first time by the Optionee during any calendar year exceeds \$100,000, the Option shall be treated as a Nonqualified Option.

(ii) 10% Stockholder. If any Optionee to whom an Incentive Option is granted is on the Grant Date the owner of stock (as determined under Section 424(d) of the Code) possessing more than 10% of the total combined voting power of all classes of stock of the Company or any of its Subsidiaries, then the following special provisions shall be applicable to that Incentive Option:

(A) The Option Price per Share shall not be less than 110% of the Market Value on the Grant Date; and

(B) The Incentive Option shall expire not more than five years after the Grant Date.

(c) Price. Subject to the conditions on certain Incentive Options in Section 7(b), the Option Price per Share payable upon the exercise of each Incentive Option shall be not less than 100% of the Market Value on the Grant Date. The Option Price per Share of stock payable upon exercise of each Nonqualified Option shall be determined by the Committee, provided that the Option Price shall not be less than 100% of the Market Value on the Grant Date.

(d) Limitation on Number of Shares to be Granted to Each Optionee. Each Option Agreement shall specify the number of Shares to which it pertains. No Optionee may receive, during any three calendar year period, Options to purchase more than 7,200,000 Shares. If any Option granted to an employee is canceled, the canceled Option continues to be counted against the maximum number of Shares for which Options may be granted to that employee under the Plan. If, after grant of an Option to an employee, the Option Price is reduced, the transaction will be treated as a cancellation of the Option and the grant of a new Option, and in such case both the Option that is deemed to be canceled and the Option that is deemed to be granted reduce the maximum number of Shares for which Options may be granted to that employee under the Plan. The preceding two sentences apply only to calculating the maximum number of Shares available to an Optionee during any three calendar year periods, and shall not apply to or affect the manner of counting Shares pursuant to Section 4(b).

(e) Exercise of Options. Subject to the terms and conditions set forth in the Option Agreement, each Option shall be exercisable for the full amount or for any part thereof and at such intervals or in such installments as the Committee may determine at the time it grants the Option; provided, however, that no Option shall be exercisable with respect to any Shares later than ten years after the Grant Date.

8. Formula Plan; Options for Directors. At the first Board meeting following the first election to the Board of a person who was not, within twelve months preceding election, either an officer or employee of the Company or any Subsidiary, such person shall be granted a Director

Option to purchase such number of Shares that, on the Grant Date, has a value under the Black-Scholes method of \$100,000 (using the methodology used by the Company in determining the value of Options granted to employees). On the first business day in November in each year, each director who is not an employee of the Company and its Subsidiaries shall receive a Director Option to purchase such number of Shares that, on the Grant Date, has a value under the Black-Scholes method of \$100,000 (using the methodology used by the Company in determining the value of Options granted to employees). In the event that on any Grant Date there is not a sufficient number of Shares available to implement fully the preceding sentences, then each such director shall receive a pro rata portion of the Director Option contemplated by the preceding sentences. The Option Price for each Director Option shall be the Market Value on the Grant Date or, in the event there is no Market Value available on the Grant Date, on the date next following the Grant Date for which a Market Value is available. Each Director Option shall become exercisable immediately on the Grant Date. No Director Option shall be exercisable later than ten years after the Grant Date. It is intended that each Director Option automatically granted pursuant to this Section 8 shall be made pursuant to a formula plan as defined in Release No. 34-37260 of the Securities and Exchange Commission (adopting restated Rule 16b-3).

9. Terms and Conditions Applicable to All Options.

(a) Non-Transferability. Except as otherwise expressly provided in an Option Agreement, no Option shall be transferable by the Optionee, other than by will or the laws of descent and distribution, and each Option shall be exercisable, during the Optionee's lifetime, only by him or her (i.e. if the Option is exercised during the Optionee's lifetime, it shall only be exercisable by the Optionee).

(b) Notice of Exercise and Payment. An Option shall be exercisable only by delivery of a written notice to the Company's Treasurer or any other officer of the Company designated by the Committee to accept such notices on its behalf, specifying the number of Shares for which it is exercised. If the Shares are not at that time effectively registered under the Securities Act of 1933, as amended, the Optionee shall include with such notice a letter, in form and substance satisfactory to the Company, confirming that the Shares are being purchased for the Optionee's own account for investment and not with a view to distribution. Payment shall be made in full at the time the Option is exercised. Payment shall be made by (i) cash or check, (ii) delivery and assignment to the Company of Shares having been owned by the Optionee for such period as the Company's Treasurer may determine and having a Market Value as of the date of exercise equal to the exercise price, (iii) if approved by the Committee, delivery of the Optionee's promissory note for the exercise price (but not if the Optionee is a director or executive officer of the Company), or (iv) any combination of (i), (ii) or (iii) above.

(c) No Rights to Options; No Stockholder Rights. No employee shall have any claim to be granted an Option under the Plan, and there is no obligation for uniformity of treatment of employees. No Option shall confer upon the Optionee any rights as a stockholder or any claim to dividends paid with respect to any Shares to which the Option relates unless and until such Shares are duly issued to him or her in accordance with the terms of the Option.

(d) Cancellation and Rescission of Options. The Committee may provide in any Option Agreement that, in the event an Optionee violates a term of the Option Agreement or other agreement with or policy of the Company or a Subsidiary, takes or omits to take actions that are deemed to be in competition with the Company or its Subsidiaries, an unauthorized solicitation of customers, suppliers, or employees of the Company or its Subsidiaries, or an unauthorized disclosure or misuse of proprietary or confidential information of the Company or its Subsidiaries,

or takes or omits to take any other action as may be specified in the Option Agreement, the Optionee shall be subject to forfeiture of such Option or portion, if any, of the Option as may then remain outstanding and also to forfeiture of any amounts of cash, Shares or other property received by the Optionee upon exercise or settlement of such Option or in connection with such Option during such period (as the Committee may provide in the Option Agreement) prior to the occurrence which gives rise to the forfeiture.

(e) Options to Optionees Outside the United States. The Committee may modify the terms of any Option under the Plan granted to an Optionee who is, at the time of grant or during the term of the Option, resident or primarily employed outside of the United States in any manner deemed by the Committee to be necessary or appropriate in order that such Option shall conform to laws, regulations, and customs of the country in which the Optionee is then resident or primarily employed, or so that the value and other benefits of the Option to the Optionee, as affected by foreign tax laws and other restrictions applicable as a result of the Optionee's residence or employment abroad, shall be comparable to the value of such an Option to an Optionee who is resident or primarily employed in the United States. An Option may be modified under this Section 9(f) in a manner that is inconsistent with the express terms of the Plan, so long as such modifications will not contravene any applicable law or regulation.

10. Termination of Options. Each Option shall terminate and may no longer be exercised in accordance with the following provisions:

(i) if the Optionee's Employment shall have been terminated by his or her resignation (before Retirement) or by the Company or Subsidiary for Cause, all of the Optionee's Options shall terminate immediately upon such termination and may no longer be exercised;

(ii) if the Optionee's Employment shall have been terminated by the Company or Subsidiary without Cause (before his or her Retirement, Disability or death), then the Optionee may at any time within a period of fifteen (15) months after such termination of service exercise his or her Options to the extent that the Options were exercisable (vested) on the date of termination of Employment;

(iii) if the Optionee's Employment shall have been terminated because of his or her Retirement, then the Option shall not terminate and the Optionee may exercise the Option pursuant to the terms of the applicable Option Agreement; provided, however, that if such Optionee without the prior written consent of the Company (A) shall become employed by or perform services for any person or entity in a business in competition with any business of the Company or any Subsidiary, or (B) directly or indirectly solicits any then current employee of the Company or any Subsidiary for employment by a person or entity in a business in competition with any business of the Company or any Subsidiary, or (C) directly or indirectly solicits or induces any person for the purpose of causing any investment management client of the Company or any Subsidiary (1) to withdraw any funds for which the Company or Subsidiary provide investment management or advisory services, or (2) not to engage the Company or Subsidiary to provide investment management or advisory services for any funds, then all of the Optionee's Options shall immediately terminate on the first date that any of the foregoing shall occur and may no longer be exercised;

(iv) if the Optionee's Employment shall have been terminated because of his or her Disability, then he or she may at any time within a period of fifteen (15) months after such termination of Employment exercise any or all of his or her Options, all of which shall be exercisable (vested) immediately on the date of termination of Employment; and

(v) if the Optionee dies at a time when he or she might have exercised an Option, then his or her estate, personal representative or beneficiary to whom it has been transferred pursuant to Section 9(a) hereof may at any time within a period of fifteen (15) months after the Optionee's death exercise any or all of such Options, all of which shall be exercisable (vested) immediately at the time of death;

provided, however, that the Committee may, at its sole discretion, provide specifically in an Option Agreement for such other period of time (shorter or longer than as set forth above) during which an Optionee may exercise an Option after termination of the Optionee's Employment as the Committee may approve, subject to the overriding limitation that no Option may be exercised to any extent by anyone after the date of expiration of the Option.

11. Withholding Taxes; Delivery of Shares. The Company's obligation to deliver Shares upon exercise of an Option shall be subject to the Optionee's satisfaction of all applicable federal, state and local income and employment tax withholding obligations. The Optionee may satisfy the obligations by electing (a) to make a cash payment to the Company, or (b) to have the Company withhold Shares with a value equal to the amount required to be withheld, or (c) to deliver to the Company Shares having been owned by the Optionee for such period as the Company's Treasurer may determine and having a value equal to the amount required to be withheld. The value of Shares to be withheld or delivered shall be based on the Market Value on the date the amount of tax to be withheld is to be determined. The Optionee's election to have Shares withheld for this purpose will be subject to the following restrictions: (1) the election must be made prior to the date the amount of tax is to be determined, (2) the election must be irrevocable, and (3) the election will be subject to the disapproval of the Committee.

12. Termination or Amendment of Plan. The Board may at any time terminate the Plan or make such changes in or additions to the Plan as it deems advisable without further action on the part of the shareholders of the Company, provided:

(a) that no such termination or amendment shall adversely affect or impair any then outstanding Option without the consent of the Optionee holding that Option; and

(b) that any such amendment which: (i) increases the maximum number of Shares subject to this Plan, or (ii) changes the class of persons eligible to participate in this Plan, or (iii) materially increases the benefits accruing to participants under this Plan, shall be subject to approval by the voting stockholders of the Company within one year from the effective date of such amendment and shall be null and void if such approval is not obtained.

13. Change of Control - Automatic Vesting of Options. Notwithstanding anything to the contrary herein, the Board or the Committee shall include in the Option Agreement for each unvested Option granted under this Plan the following provision, and such inclusion may be effected by incorporating this provision by reference to this Section 13:

This Option shall be immediately exercisable and the Optionee shall become eligible to purchase any and all shares covered by each Option at any time or from time to time after the occurrence of a Change of Control of the Company.

A Change of Control shall mean:

(a) The acquisition, other than from the Company, by any individual, entity or group (within the meaning of Section 13(d) (3) or 14(d) (2) of the Exchange Act) (a Person) of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of 25% or more of either (i) the then outstanding non-voting common stock of the Company (the Non-Voting Stock) or (ii) the combined voting power of the then outstanding voting securities of the Company entitled to vote generally in the election of directors (the Company Voting Securities); provided, that any acquisition by (x) the Company or any of its subsidiaries, or any employee benefit plan (or related trust) sponsored or maintained by the Company or any of its subsidiaries or (y) any Person that is eligible, pursuant to Rule 13d-1(b) under the Exchange Act, to file a statement on Schedule 13G with respect to its beneficial ownership of Company Voting Securities, whether or not such Person shall have filed a statement on Schedule 13G, unless such Person shall have filed a statement on Schedule 13D with respect to beneficial ownership of 25% or more of the Company Voting Securities, shall not constitute a Change of Control; and provided, further, that the provisions of this subsection (a) shall apply whether or not the Company Voting Securities or the Non-Voting Stock is registered or required to be registered under the Exchange Act; or

(b) Individuals who, as of the date hereof, constitute the Company s Board of Directors (the Incumbent Board) cease for any reason to constitute at least a majority of the Board; provided, that any individual becoming a director of the Company (Director) subsequent to the date of the Option whose election or nomination for election by the Company s shareholders was approved by at least a majority of the Directors then comprising the Incumbent Board shall be considered as though such individual were a member of the Incumbent Board, but excluding, for this purpose, any such individual whose initial assumption of office is in connection with an actual or threatened election contest relating to the election of the Directors of the Company (as such terms are used in Rule 14a-11 of the Regulation 14A promulgated under the Exchange Act); or

(c) Approval by the shareholders of the Company of a reorganization, merger or consolidation (a Business Combination), in each case with respect to which all or substantially all of the individuals and entities who were the respective beneficial owners of the Non-Voting Stock and of the Company Voting Securities immediately prior to such Business Combination will not, following such Business Combination, beneficially own, directly or indirectly, more than 60% of, respectively, the then outstanding non-voting stock and the combined voting power of the then outstanding voting securities entitled to vote generally in the election of directors of the corporation or other entity resulting from the Business Combination in substantially the same proportion as their ownership immediately prior to such Business Combination of the Non-Voting Stock and Company Voting Securities, as the case may be; or

(d) Approval by the shareholders of the Company of (i) a complete liquidation or dissolution of the Company, or (ii) a sale or other disposition of all or substantially all of the assets of the Company, or (iii) a sale or disposition of Eaton Vance Management (or any successor thereto) or of all or substantially all of the assets of Eaton Vance Management (or any successor thereto), or (iv) an assignment by any direct or indirect investment adviser subsidiary of the Company of investment advisory agreements pertaining to more than 50% of the aggregate assets under management of all such subsidiaries of the Company, in the case of (ii), (iii) or (iv) other than to a corporation or other entity with respect to which, following such sale or disposition or assignment, more than 60% of, respectively, the outstanding non-voting stock and the combined voting power of the then outstanding voting securities entitled to vote generally in the election of directors is then owned beneficially, directly or indirectly, by all or substantially all of the individuals and entities who were the beneficial owners of the Non-Voting

Stock and Company Voting Securities immediately prior to such sale, disposition or assignment in substantially the same proportion as their ownership of the Non-Voting Stock and Company Voting Securities, as the case may be, immediately prior to such sale, disposition or assignment.

Notwithstanding the foregoing, the following events shall not cause, or be deemed to cause, and shall not constitute, or be deemed to constitute, a Change of Control:

(1) The acquisition, holding or disposition of Company Voting Securities deposited under the Voting Trust Agreement dated as of October 30, 1997, as amended, or of the voting trust receipts issued therefor, or any change in the persons who are voting trustees thereunder, or the acquisition, holding or disposition of Company Voting Securities deposited under any subsequent replacement voting trust agreement or of the voting trust receipts issued therefor, or any change in the persons who are voting trustees under any such subsequent replacement voting trust agreement; provided, that any such acquisition, disposition or change shall have resulted solely by reason of the death, incapacity, retirement, resignation, election or replacement of one or more voting trustees.

(2) Any termination or expiration of a voting trust agreement under which Company Voting Securities have been deposited or the withdrawal therefrom of any Company Voting Securities deposited thereunder, if all Company Voting Securities and/or the voting trust receipts issued therefor continue to be held thereafter by the same persons in the same amounts, or if contemporaneously there shall be a Business Combination or change in the capitalization of the Company as described in clause (3) below.

(3) A Business Combination or change in the capitalization of the Company pursuant to which the holders of the Non-Voting Stock of the Company become holders of voting securities of the Company or of the corporation or other entity resulting from such Business Combination, in substantially the same proportion as their ownership of Non-Voting Stock immediately prior to such Business Combination or change in capitalization.

14. General Provisions.

(a) Compliance with Legal and Exchange Requirements. The Plan, the granting and exercising of Options hereunder, and the other obligations of the Company under the Plan and any Option Agreement shall be subject to all applicable federal and state laws, rules and regulations, and to such approvals by any regulatory or governmental agency as may be required. The Company, in its discretion, may postpone the issuance or delivery of Shares under any Option until completion of such stock exchange listing or registration or qualification of such Shares or other required action under any state, federal or foreign law, rule or regulation as the Company may consider appropriate, and may require any Optionee to make such representations and furnish such information as it may consider appropriate in connection with the issuance or delivery of Shares in compliance with applicable laws, rules and regulations.

(b) Compliance with Section 162(m) and Rule 16b-3. If any provision of the Plan or any Option Agreement relating to a covered employee or a person subject to Section 16 of the Exchange Act does not comply or is inconsistent with the requirements of Code Section 162(m) or regulations thereunder or Rule 16b-3, such provision shall be construed or deemed amended to the extent necessary to conform to such requirements.

(c) No Right to Continued Employment. Neither the Plan nor any action taken thereunder shall be construed as giving any employee the right to be retained in the employ of the Company or any of its Subsidiaries, nor shall it interfere in any way with the right of the Company or any of its Subsidiaries to terminate any employee's employment at any time.

(d) Taxes. The Company or any Subsidiary is authorized to withhold from any payment relating to an Option under the Plan, or any distribution of Shares, or any payroll or other payment to an Optionee, amounts of withholding and other taxes due in connection with any transaction involving an Option, and to take such other action as the Committee may deem advisable to enable the Company and Optionees to satisfy obligations for the payment of withholding taxes and other tax obligations relating to any Option or exercise thereof. This authority shall include authority to withhold or receive Shares or other property and to make cash payments in respect thereof in satisfaction of an Optionee's tax obligations.

(e) Nonexclusivity of the Plan. Neither the adoption of the Plan by the Board nor its submission to the voting stockholders of the Company for approval shall be construed as creating any limitations on the power of the Board to adopt such other incentive arrangements as it may deem desirable, including the granting of stock options and other awards otherwise than under the Plan, and such arrangements may be either applicable generally or only in specific cases.

(f) Governing Law. The validity, construction, and effect of the Plan, any rules and regulations relating to the Plan, and any Option Agreement shall be determined in accordance with the laws of the Commonwealth of Massachusetts, without giving effect to principles of conflicts of laws, and applicable federal law.
