NOTES TO FINANCIAL STATEMENTS

NOTE 1 - BASIS OF PRESENTATION

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and Article 10 of Regulation SB. Accordingly, they do not include all of the information and footnotes required for complete financial statements. In the opinion of management, all adjustments consisting of normal recurring accruals considered necessary for a fair presentation of the results for the interim periods presented have been included.

These results have been determined on the basis of generally accepted accounting principles and practices applied consistently with those used in the preparation of our company's Annual Financial Statements for the year ended June

Edgar Filing: AMERINET GROUP COM INC - Form 10QSB/A

30, 2000. Operating results for the three months and six months ended December 31, 2000 are not necessarily indicative of the results that may be expected for the year ending June 30, 2001.

It is recommended that the accompanying condensed financial statements be read in conjunction with the consolidated financial statements and notes thereto included in our company's Annual Report on Form 10-K.

NOTE 2 - AMORTIZATION OF GOODWILL

Goodwill represents the amount by which the purchase price of businesses acquired exceeds the fair market value of the net assets acquired under the purchase method of accounting.

The excess of the fair value of the net assets of Lorilei acquired was \$717,450 and was recorded as goodwill. Goodwill is being amortized on a straight-line method over five years. The accumulated amortization of the excess fair value of net assets of the Company acquired over cost is \$86,659 at December 31, 2000.

The excess of the fair value of the net assets of WRI acquired was \$943,365 and was recorded as goodwill. Goodwill is being amortized on a straight-line method over three years. The accumulated amortization of the excess fair value of net assets of the Company acquired over cost is \$340,659 at December 31, 2000.

Page 7

NOTE 3 - GOODWILL IMPAIRMENT AND FORGIVENESS OF DEBT

Pursuant to SFAS No. 121 "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed of," our company evaluated the recover ability of the long-lived assets, primarily the loan receivable from WRI and the goodwill recorded upon the acquisition of Lorilei. Because a Superseder and Exchange Agreement between our company, Yankees, WRI and Michael Caputa was imminent at December 31, 2000 the carrying value of our company's loan receivable from WRI was re-evaluated and consequently we recorded a non-cash charge of \$222,983, adjusting the carrying value of the loan to its estimated fair value of \$-0-. Our company recorded a non-cash charge of \$630,791, adjusting the carrying value of the unamortized portion of the goodwill recorded upon the acquisition of Lorilei to its estimated fair value of \$-0-.

Accumulated amortization on this goodwill was \$86,659 at December 31, 2000.

NOTE 4 - ALLOWANCE FOR DOUBTFUL ACCOUNTS

Accounts receivable are recorded net of an allowance for doubtful accounts of \$5,000 at December 31, 2000.

NOTE 5 - STOCKHOLDERS' EQUITY

On June 29, 2000 our company's Board of Directors adopted a resolution creating and designating the initial series of our company's Preferred Stock. The shares are designated Class A Preferred Stock and the number of shares authorized to be issued is 500,000 shares. Each share of Class A Preferred Stock is convertible into a minimum of 20 shares of our company's common stock.

During the three months ended December 31, 2000, our company issued its Class A Preferred Stock for cash, for conversion of debt and in exchange for

Edgar Filing: AMERINET GROUP COM INC - Form 10QSB/A

services as follows:

- (a) Our company converted \$434,493 of Yankee's debt to 173,797 shares of Class A Preferred Stock at \$2.50 per share in accordance with Yankee's preferred subscription rights.
- (b) 5,920 shares of Class A Preferred Stock which was reported in the our company's Quarterly report for the three month period ended September 30, 2000 on Form 10-QSB as issued to certain officers and consultants as compensation for services were in fact not issued and a subsequent agreement was made between our company and those individuals whereby their compensation would be deferred.
- (c) Our company issued 164,800 common stock options to Directors of our company for services provided during the calendar year ended December 31, 2000 at an exercise price of \$1.4375 per share of common stock.
- (d) The shares of our company's common stock underlying the Yankees stock purchase option increased by 479,649 shares during the three month period ended December 31, 2000. Our company recorded a related compensation expense of \$129,505.
- (e) Yankees contributed professional services of \$112,525 to our company during the three month period ended December 31, 2000.

NOTE 10 - STOCK OPTIONS

On January 1, 2000 and on March 8, 2000 our company adopted Non-Qualified and Incentive Stock Option Plans. The objectives of these plans include attracting and retaining the best personnel and promoting the success of the Company by providing employees and directors the opportunity to acquire common stock. The Stock Option Plans authorizes our company to grant up to 3,000,000 common shares of which 529,800 have been granted at December 31, 2000.

Our company has elected to account for the stock options under Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees," and related interpretations. Accordingly, no compensation expense has been recognized on the employee stock options. Our company accounts for stock options granted to consultants under Financial Accounting Standards Board Statement No. 123, "Accounting For Stock-Based Compensation". Our company

Edgar Filing: AMERINET GROUP COM INC - Form 10QSB/A

recognized \$129,505 in compensation expense for the three months ended December 31, 2000 in connection with an increase of 479,649 shares of common stock underlying the Yankee option to purchase up to 12 1/2% of the outstanding common shares of our company. With this increase in the underlying shares, Yankees now has the option to purchase 2,860,822 shares of our company's common stock for an aggregate price of \$90,000.

Had compensation expense for the Incentive Stock Option Plan been determined based on the fair market value of the options at the grant date consistent with the methodology prescribed under Statement of Financial Standards No. 123 "Accounting for Stock Based Compensation", our company's net loss for the three months ended December 31, 2000 would have increased by \$1,648 to \$1,864,088.

The fair value of each option is estimated on the date of grant using the fair market option-pricing model with the assumption:

Risk-free interest rate	6.5 %
Expected life (years)	various
Expected volatility	1.01
Expected dividends	None

A summary of the option transactions during the three months ended December 31, 2000 is shown below:

NOTE 11 - SUBSCRIPTIONS PAYABLE

Certain officers of our company and/or one of its subsidiaries as well as certain independent contractors provide services to our company valued individually at \$5,000 to \$8,333 per month. The compensation earned by these individuals is due and payable at the end of one year's service with our company in the form of our company's common stock, provided they were employed for such period. At December 31, 2000 our company had incurred a total expense for executive compensation, consulting services and legal services provided by these individuals in the amount of \$116,814.

NOTE 12 - SUBSEQUENT EVENTS

WRI Superseder and Exchange Agreement

On January 26, 2001, the Superseder and Exchange Agreement entered into by and among our company; Yankees; WRI and Michael A. Caputa was executed by the

Edgar Filing: AMERINET GROUP COM INC - Form 10QSB/A

parties. As a result of finalizing this agreement our company no longer has any equity interest in WRI. 500,380 shares of our company's common stock will be returned to our company's treasury by Michael Caputa. The executed agreement was filed with the Commission on Form 8-K on February 8, 2001.

PriMed Consulting Agreement

Our company entered into an agreement on January 16, 2001, which was fully executed on January 31, 2001, with PriMed Technologies, Inc., and PriMed Technologies LC of Deerfield Beach, Florida (website at www.primedtech.com; "PriMed"), pursuant to which our company's stockholders will, subject to prior registration under Section 5 of the Securities Act, receive 10% of the common stock of an entity to be formed consolidating the operations of PriMed and its affiliates ("New PriMed"). The stock dividend will be issued to our company's stockholders of record at the close of business on the day the required registration statement is declared effective by the Commission. As currently contemplated, our company's stockholders will receive one share of New PriMed common stock for every 10 shares of our company's common stock held. A copy of the agreement was filed on Form 8-K on February 8, 2001. Negotiations are continuing concerning our company's acquisition of a majority interest in New PriMed, in addition to the shares to be issued directly to our company's stockholders. PriMed, which is in the process of consolidating and expanding its current operations, is involved in the provision of management and support services to the health care industry along with the latest on-line technologies to its growing client base of physicians, hospitals and ancillary service organizations in South Florida.

GreenGrouper Licensing Agreement

On February 2, 2001 AmeriCom entered into a licensing agreement with Duffy DeVaul, the founder and owner of the popular, five year old, recreational fishing website, www.greengrouper.com. AmeriCom plans to develop the website, which was established in 1996, has over 13,000 members worldwide and registers monthly hits in excess of 500,000, into an e-commerce website aimed at capturing a share of the 120 billion dollar American recreational fishing industry. The website and a 30-minute weekly television show, with an expected audience of between 13 and 50 million viewers, will be the cornerstones of AmeriCom's GreenGrouper project. Plans are also being made for a GreenGrouper magazine.

Page 12

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

MANAGEMENT'S DISCUSSION AND ANALYSIS

Recent Developments Pertaining to Implementation of Plan of Operation

Our company's ability to continue as a going concern is dependent upon its ability to attain a satisfactory level of profitability and to continue to have access to suitable financing. Management believes that divesting our company of its unprofitable subsidiaries, Trilogy International, Inc. and Vista Vacations, Inc. at June 30, 2000, was a significant step towards accomplishing this goal.

AmeriCom

In September, 2000, our company organized a new subsidiary, AmeriNet Communications, Inc., A Florida coporation ("AmeriCom") and assigned it most of Lorilei's assets, personnel and operations. AmeriCom's target markets were redirected and expanded. All business formerly conducted by our company's

Edgar Filing: AMERINET GROUP COM INC - Form 10QSB/A

Lorilei subsidiary have been conducted by AmeriCom since October 1, 2000. Based on an operating plan developed by our company's chief financial officer and chief operating officer, it was expected that AmeriCom would produce net operating income for the three month period ended December 31, 2000 and that by the end of our fiscal year June 30, 2001 AmeriCom would significantly contribute to the earnings of our company.

Operations of AmeriCom did not produce the expected results and the subsidiary experienced significant operating losses for the three month period ended December 31, 2000. Because of the disappointing operating results of AmeriCom and without assurances of an immediate turnaround, Yankees informed our company in early December 2000, that it was unwilling to lend any additional funds to our company for use in funding the operating deficit at AmeriCom. In as much as our company has no current financing available from sources other than Yankees it has been unable to provide any funds to AmeriCom since early December. AmeriCom has continued to operate by deferring payables, but without additional financing it is uncertain as to whether the company can continue in business. AmeriCom has made major management changes, and Edward C. Dmytryk, also the president of our company, was elected president of AmeriCom during February of 2001. In addition, the remaining personnel have significantly reduced operating expenses (50%) and all remaining personnel are now paid solely through commissions. AmeriCom is re-evaluating its market and is in the process of developing projects such as The GreenGrouper website and related businesses.

WRI

Our company and the principals of WRI have entered into a superseder and exchange agreement. The agreement was filed with the Commission on Form 8-K on February 8, 2001. In summary the agreement calls for Michael Caputa, WRI's president, to return 500,380 shares of our company's common stock originally issued to him; for our company to forgive the debt owed to it by WRI and for WRI to distribute to the stockholders of our company 20% of its common stock after its registartion with the Commission. Upon completeion of the transactions contemplated by the agreements our company will no longer have any equity interest in WRI. The final agreement was executed by the parties on January 26, 2001.

RESULTS OF OPERATIONS

The consolidated income statement for our company for the three months and six months ended December 31, 2000 includes operations of our company at the holding company level and its wholly owned subsidiaries Lorilei and AmeriCom. In addition, 20% of the operating gains or losses of our company's affiliate WRI are included in our company's consolidated financials. For the three months and six months ended December 31, 1999 the consolidated income statement included our company for the entire period; our company's formerly wholly owned subsidiary AITC for the two months ended November 30, 1999; our formerly wholly owned subsidiary Trilogy for the one month ended December 31, 1999 and 20% of the operating losses of WRI for the one month ended December 31, 1999.

For the three months ended December 31, 2000 our company reported revenues of \$128,633 all of which were generated by our subsidiary company AmeriCom. Revenues for the three months ended December 31, 1999 were \$36,709 generated by our former subsidiaries AITC and Trilogy.

Page 13

Cost of revenues for the three months ended December 31, 2000, were \$53,574 yielding a gross profit of \$75,059 while cost of revenues for the three months ended December 31, 1999 were \$88,969 for a gross loss of \$52,260 for that period.

Edgar Filing: AMERINET GROUP COM INC - Form 10QSB/A

Our company as a whole reported a net loss applicable to common stock for the three months ended December 31, 2000 of \$2,362,440. These losses were comprised of equity in the gain of WRI (20%) of \$14,742; net operating loss of our subsidiaries Lorilei and AmeriCom of \$249,508; a writedown of the Lorieli goodwill of \$630,791 and a net loss for the holding company of \$1,496,883. For the three months ended December 31, 1999, our company's losses were \$1,139,640 based on the following factors: selling, general and administrative expenses for the three months ended December 31, 2000 were \$1,054,409 compared to \$907,000 for the three months ended December 31, 1999. \$267,748 of the expense for the current period was incurred by our subsidiary AmeriCom in the normal course of business. The remaining \$786,661 was incurred at the holding company level a large portion of which consisted of non-cash expenses. Yankees provided services to our company during the period valued at \$112,525 which were treated as an expense and then as a donation of an equivalent sum by Yankees to our company's paid in capital. Because Yankees exercised its preferential subscription rights in converting \$434,493 of debt to equity at a 50% discount to market during the period, the discount of \$434,493 was treated as an expense with a corresponding addition to our company's paid in capital. Certain employees and consultants to our company agreed to defer a total of \$51,762 in compensation earned by them during the period. The expense was recognized and a corresponding liability in subscriptions payable was added to stockholders' equity. Our company recognized a compensation expense of \$129,505 in connection with the increase of 479,649 shares of common stock underlying the Yankee option to purchase up to 12 1/2% of the outstanding shares of our company's common stock. These non-cash expenses totaled \$728,285. The remaining \$58,376 of selling, general and administrative expense for the period was incurred at the holding company level in the normal course of conducting its business.

Our company recorded a non-cash charge of \$222,983 adjusting the carrying value of its loan receivable from WRI to its estimated fair value of \$0- at December 31, 2000.

Depreciation and amortization expense for the three months ended December 31, 2000 was \$46,992 as compared to an expense of \$151,129 for the three months ended December 31, 1999. For the three months ended December 31, 1999, \$110,940 of this expense was attributable to the amortization of our company's former wholly owned subsidiary Trilogy.

Interest expense was \$13,898 for the three months ended December 31, 2000 compared to \$22,500 for the same period in 1999.

In addition to the losses from operations incurred for the period, our company's loss attributable to common stock was increased by \$500,000 as a result of a purchase made through a private placement of our company's Class A Preferred Stock. Because each share of the preferred stock is convertible into a minimum of 20 shares of our company's common stock, a discount attributable to the beneficial conversion of preferred stock must be taken in an amount equal to the difference between the conversion price of \$.25 per share and the then market price of our company's common stock at the time the preferred stock was issued.

LIQUIDITY AND CAPITAL RESOURCES

At December 31, 2000 our company had cash on hand of \$1,439 compared to \$51,103 at December 31, 1999. At December 31, 2000 we had a working capital deficit of \$507,026 compared to a working capital deficit at December 31, 1999 of \$485,218. The deficit in working capital at December 31, 2000 was related principally to accounts payable and accrued expenses at the subsidiary level in excess of accounts receivable; the current portion of capital leases and loans payable at the subsidiary level. A similar situation existed at December 31, 1999, however, the subsidiary contributing to the deficit at that

Edgar Filing: AMERINET GROUP COM INC - Form 10QSB/A

time was our former subsidiary Trilogy whereas at December 31, 2000 the deficit is principally attributable to our subsidiaries Lorieli and AmeriCom.

Page 14

Our company and its subsidiaries have accumulated a net deficit of \$14,222,761 since their inception. This gives rise to questions regarding the ability of our company to continue as a going concern. The deficit for the three months ended December 31, 2000 is \$2,362,440. Management has implemented significant cost reductions through its discontinuance of unprofitable operations, but its one remaining operating subsidiary continues to operate at a deficit. With the assistance of Yankees, we are actively exploring acquisitions of operating companies and related infusions of capital which would materially improve our cash flow, liquidity and profitability, however we can not assure that it will be successfully implemented.

Our company relies on Yankees for capital required to fund operating cash deficits and has a financing agreement with Yankees pursuant to which Yankees has granted our company a conditional \$1,000,000 revolving line of credit. As of December 31, 2000 Yankees had loaned our company an aggregate of \$640,200. The loans are secured by all of our company's assets, including the capital stock in its subsidiaries. At our request, Yankees has converted most of its loans to date into shares of our company's common stock and Class A Preferred Stock. As of December 31, 2000, Yankees had converted \$595,592 of its aggregate loans into equity. Our company's continuing liquidity and access to capital is totally reliant on Yankees and investors introduced to our company by Yankees.
