INDEPENDENT AUDITORS' REPORT

Plan Administration Committee
MacDermid, Incorporated Profit Sharing and
Employee Stock Ownership Plan:

We have audited the accompanying statements of net assets available for plan benefits of MacDermid, Incorporated Profit Sharing and Employee Stock Ownership Plan as of December 31, 2002 and 2001, and the related statements of changes in net assets available for plan benefits for the year ended December 31, 2002 and nine months ended December 31, 2001. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of MacDermid, Incorporated Profit Sharing and Employee Stock Ownership Plan as of December 31 2002 and 2001 and the changes in net assets available for plan benefits for the year ended December 31, 2002 and nine months ended December 31, 2001 in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held at end of year is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.
