Report of Independent Registered Public Accounting Firm

The Administrative Committee  
ADM 401(k) Plan for Salaried Employees

We have audited the accompanying statements of net assets available for benefits of the ADM 401(k) Plan for Salaried Employees as of December 31, 2003 and 2002, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the Standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2003 and 2002, and the changes in its net assets available for benefits for the years then ended in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2003 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

**ADM 401(k) Plan for Salaried Employees**

**Notes to Financial Statements**

December 31, 2003

**1. Description of the Plan**

**General**

The ADM 401(k) Plan for Salaried Employees (the Plan) is a defined contribution plan available to all eligible salaried employees of Archer Daniels Midland Company (ADM or the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

The Company designed the Plan to operate in cooperation with the ADM Employee Stock Ownership Plan for Salaried Employees (ESOP). The Company matches contributions made to the Plan by contributing to the ESOP, in the form of ADM common stock. Employees are eligible to enroll in the Plan on the first day of employment with a participating employer at a participating location. Employees are eligible to receive Company matching contributions after completing six months of continuous employment at a participating location. One year of service is required for part-time, temporary, or seasonal employees to be eligible for participation in the Plan.

All plan assets are held and managed by Hickory Point Bank & Trust, FSB (HPB), a wholly owned subsidiary of ADM, through a master trust agreement established for the Plan and certain other ADM benefit plans (Master Trust).

**Contributions**

Under the terms of the Plan, employees electing to participate can contribute from 1% up to as much as 25% of their compensation to the Plan, subject to certain Internal Revenue Service limitations.

All Company contributions are deposited in the ESOP in the form of ADM common stock, and all contributions are immediately vested to the participant.

**Notes to Financial Statements (continued)**

**1. Description of the Plan (continued)**

**Investment Options**

Participants may invest their contributions in one or more of the investment funds offered by the Plan.

Participants in the ESOP may elect at any time to convert all or any number of the shares of ADM common stock acquired through participant and Company matching contributions and credited to their Company matching account balance to cash and have the cash transferred to the Plan to be invested in the investment options available under the Plan.

**Plan Merger**

On September 6, 2002, ADM acquired Minnesota Corn Processors LLC (MCP), an operator of wet corn milling plants in Minnesota and Nebraska. Effective December 31, 2002, ADM merged the assets of the MCP savings plans covering the salaried employees of MCP into the Plan. The net assets of the MCP savings plans covering salaried employees of \$10,450,561 were transferred to the Master Trust in February 2003. For financial reporting purposes, the merger has been treated as if it occurred as of the date the assets of the MCP savings plans were transferred to the Plan.

**Participant Loans**

Eligible participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their participant account balance. A maximum of one loan may be outstanding to a participant at any time.

Loans are allowed only for purposes of educational or medical expenses and purchase of a primary residence. Educational or medical expense loans are available for up to five years, and home purchase loans are available for up to ten years.

**ADM 401(k) Plan for Salaried Employees**

**Notes to Financial Statements (continued)**

**1. Description of the Plan (continued)**

The loans are secured by the balance in the participant's account and bear interest at a rate equal to the prime rate plus 1% at time of issuance. Principal and interest are repaid ratably through payroll deductions, with payments taken from each paycheck.

**Withdrawal**

The full value of an employee's account is payable following termination of employment. Withdrawals by active employees are permitted upon reaching age 59 1/2 or for specific hardship circumstances (only after receiving a loan available to the participant under the loan program).

**2. Significant Accounting Policies**

**Basis of Accounting**

The accounting records of the Plan are maintained on the accrual basis.

**Investments**

Investments in the Master Trust are carried at fair value. Common stocks are valued at the quoted market price on the last business day of the plan year. Investments in mutual funds are stated at the reported net asset value on the last day of the plan year. Unallocated funds are invested in a short-term money market account as deemed appropriate by the trustee. Participant loans are valued at cost which approximates fair value.

**Plan Expenses**

Brokerage commissions, transfer taxes, and other charges and expenses in connection with the purchase or sale of securities are charged against the trust fund and added to the cost of such securities or deducted from the sale proceeds, as the case may be. Any remaining costs of administering the Plan are currently paid by the Plan's sponsor, ADM. While it is anticipated ADM will continue to pay these costs, the Plan does permit the reasonable expenses of administering the Plan to be paid from the trust fund.

**ADM 401(k) Plan for Salaried Employees****Notes to Financial Statements (continued)****2. Significant Accounting Policies (continued)****Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

**3. Master Trust Investment Information**

The Plan's investments are held in the Master Trust. Investments and the income therefrom are allocated to participating plans based on each plan's participation in investment options within the Master Trust. At December 31, 2003 and 2002, the Plan's interest in the net assets of the Master Trust was approximately 28.5% and 23.4%, respectively.

The following table presents the fair value of investments for the Master Trust:

	<b>December 31</b>	
	<b>2003</b>	<b>2002</b>
	<u>                    </u>	<u>                    </u>

Dividend income	\$ 10,041,318	\$ 8,445,989
	<u>                    </u>	<u>                    </u>

**4. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time.

**5. Income Tax Status**

As of December 31, 2003, the Plan had applied for but not received a determination letter from the Internal Revenue Service stating the Plan was qualified under Section 401(a) of the Internal Revenue Code. However, the plan administrator believed the Plan was qualified and, therefore, the related trust exempt from taxation.

Subsequent to December 31, 2003, the Company received a favorable determination letter from the Internal Revenue Service dated May 26, 2004, confirming the Plan's tax exempt status under Section 401(a) of the Internal Revenue Code.
