DST SYSTEMS, INC. ANNOUNCES AGREEMENT WITH COMPUTER SCIENCES CORPORATION

KANSAS CITY, MO (April 8, 2005) - DST Systems, Inc. (NYSE:DST) announced today that a DST subsidiary has entered into a definitive agreement with Computer Sciences Corporation (NYSE:CSC) under which the subsidiary will acquire CSC's Health Plans Solutions ("HPS") business for 7.129 million shares of CSC common stock held by the DST subsidiary. HPS is an enterprise software developer, software application services provider, and business process outsourcer for the U.S. commercial healthcare industry.

HPS has been serving the healthcare industry since the 1960's. HPS has 270 clients and its proprietary systems are used to provide claims administration services for approximately 24 million covered lives. HPS has approximately 700 employees located in three principal locations: Birmingham, Alabama; Southfield, Michigan; and Cohoes, New York. HPS had revenues of \$110 million for the year ended April 2, 2004, and \$82 million for the nine months ended December 31, 2004.

DST and CSC have agreed that the exchange value of the CSC shares at closing will be \$45.53 per share. On that basis, HPS will also hold \$224.6 million of cash at the time of the exchange.

The transaction has been structured in accordance with Section 355 of the Internal Revenue Code. Accordingly, DST does not expect to recognize a taxable gain as a result of the exchange.

DST believes that the HPS business will expand its presence in the healthcare processing services industry, which currently uses DST's AWD and Output Solutions products. DST expects to record net income of approximately \$50 million from the exchange of the CSC shares. DST believes that the operations of HPS will be neutral to DST's diluted earnings per share in 2005 and accretive in 2006. The actual impact on earnings per share will be dependent, among other

factors, upon the finalization of the business combination accounting entries, which includes the allocation of approximately \$85 million of value in excess of the net assets of the HPS business being received.

The closing of the transaction is subject to a number of closing conditions, including Hart-Scott-Rodino clearance and the receipt of tax opinions. Subject to the satisfaction of those conditions, the transaction is expected to close in April 2005.

The information and comments above may include forward-looking statements respecting DST and its businesses. Such information and comments are based on DST's views as of today, and actual actions or results could differ.
