RAYMOND JAMES FINANCIAL, INC.
REPORTS RECORD NET REVENUE
IN FIRST QUARTER RESULTS

ST. PETERSBURG, Fla. - Raymond James Financial, Inc. today reported a 62 percent increase in unaudited net income to \$39,243,000, or \$0.52 per diluted share, for the first quarter ended December 31 on a 21 percent increase in net revenues of \$498,985,000, compared to net income of \$24,230,000, or \$0.33 per diluted share, on net revenues of \$413,987,000, for fiscal 2004's first quarter. All per-share amounts have been restated to reflect the effect of a March 2004 three-for-two stock split.

In spite of the doldrums normally associated with business activity in the holiday season, Raymond James attained a new record of almost \$500 million in quarterly net revenues in the first quarter of fiscal 2005, stated Chairman and CEO Thomas A. James.

The confluence of a 14-week quarter, a material increase in net interest income, excellent trading profits and another vibrant investment banking quarter produced a dramatic upsurge of 62 percent in net income from last year's first quarter. Since 14-week quarters are unusual and the other three factors rarely coincide, one should not annualize these results.

Although net interest earnings are certainly in a favorable trend and the investment banking pipeline is still replete with offerings, future results will be dependent upon favorable market conditions. While the U.S. economy remains vibrant and the near-term outlook for corporate earnings appears benign, a combination of higher inflation and interest rates could undermine future market appreciation, he concluded.

To the extent that Raymond James makes or publishes forward-looking statements (regarding management expectations, strategic objectives, business prospects, anticipated expense savings, financial results, anticipated results of litigation and regulatory proceedings, and other similar matters), a variety of factors, many of which are beyond Raymond James' control, could cause actual results and experiences to differ materially from the expectations and objectives expressed in these statements.
