- the timing and extent of changes in commodity prices for natural gas and oil;

- the timing and extent of our success in discovering, developing, producing, and estimating reserves;

- our future property acquisition or divestiture activities;

3

- the effects of weather and regulation on our gas distribution segment;

- increased competition;

- the impact of federal, state and local governmental regulation;

- the financial impact of accounting regulations;

- changing market conditions and prices (including regional basis differentials);

- the comparative cost of alternative fuels;

- the factors discussed in our Annual Report on Form 10-K for the year ended December 31, 2002, under the caption "Item 1. Business-Risk Factors."

THE COMPANY

We are an energy company primarily focused on natural gas. We were originally incorporated in Arkansas in 1929 as a local gas distribution company. Today, we are an exempt holding company under the Public Utility Holding Company Act of 1935 and derive the vast majority of our operating income and cash flow from our oil and gas exploration and production business. We are involved in the following business segments:

- Exploration and Production
 - We are engaged in natural gas and oil exploration, development and production, with operations principally located in Arkansas, Oklahoma, Texas, New Mexico and Louisiana. This represents our primary business.
- Natural Gas Distribution
 - We are engaged in the gathering, distribution and transmission of natural gas to approximately 140,000 customers in Arkansas.
- Marketing and Transportation
 - We provide marketing and transportation services in our core areas of operation and own a 25% interest in the NOARK Pipeline System, Limited Partnership, a gas transmission system that includes 749 miles of pipeline with a total throughput capacity of 330 MMcfe.

Our business strategy is to provide long-term growth through focused exploration and production of oil and natural gas. We seek to maximize cash flow and earnings and provide consistent growth in oil and gas production and reserves through the discovery, production and marketing of high margin reserves from a balanced portfolio of drilling opportunities. This balanced portfolio includes low risk development drilling in the Arkoma Basin, moderate risk exploration and exploitation in the Permian Basin and east Texas, and high potential exploration opportunities in the onshore Gulf Coast.

We create additional value through our natural gas distribution, marketing and transportation activities. We further enhance shareholder value by creating and capturing additional value beyond the wellhead through our marketing and transportation activities.

Our principal executive offices are located at 2350 N. Sam Houston Parkway East, Suite 300, Houston, Texas 77032, and our telephone number is (281) 618-4700.

USE OF PROCEEDS

Shares which may be sold pursuant to this prospectus will be sold by the selling shareholders for their own accounts and we will not receive any proceeds from any such sales. See "Selling Shareholders" and "Plan of Distribution."

INDEMNIFICATION

The Arkansas Business Corporation Act provides that a corporation shall have the power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or proceeding (other than an action by or in the right of the corporation) by reason of the fact that he is or was a director, officer, employee or agent of the corporation, against expenses, judgments, fines and amounts paid in settlements reasonably incurred by him in connection with such action or proceeding if he acted in good faith in a manner reasonably believed to be in or not opposed to the best interests of the corporation. In addition, a corporation shall have the power to indemnify any person who was or is a party

8

or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that he is or was a director, officer, employee or agent of the corporation against expenses actually reasonably incurred by him in connection with the defense or settlement of such action if he acted in good faith in a manner reasonably believed to be in or not opposed to the best interests of the corporation and except that no indemnification shall be made in respect of any claim as to which such person shall have been adjudged to be liable for negligence or misconduct unless and only to the extent the court in which such action was brought shall determine that, despite the adjudication of liability, but in view of all circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the court shall deem proper.

Our bylaws provide that our officers and directors shall be indemnified to the fullest extent permitted by law in connection with any actual or threatened action or proceeding arising out of their service to us (including service to a subsidiary of ours) or to any other organization at our request.

We have entered into indemnification agreements with each of our directors and officers pursuant to which we have agreed to indemnify our directors and officers against liabilities and litigation costs resulting from their service to us. We also maintain directors' and officers' liability insurance.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers or controlling persons pursuant to the foregoing provisions, we have been informed that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than our payment of expenses incurred or paid by one of our directors, officers or controlling persons in the successful defense of any action, suit or proceeding) is asserted by a director, officer or controlling person in connection with the securities being registered, we will, unless in the opinion of our counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by us is against public policy as expressed in the Securities Act

and will be governed by the final adjudication of such issue.

Item 9. Undertakings

(a) The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made of the securities hereby, a post-effective amendment to this Registration Statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act;

II-3

(ii) To reflect in the prospectus any facts or events arising after the effective date of this Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this Registration Statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of a prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in the volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in this Registration Statement;

- (b) The undersigned Registrant hereby further undertakes that, for purposes of determining any liability under the Securities Act, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in this Registration Statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

- (c) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that, in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a

II-4

director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
