Proxy Statement for the 2019 Annual Meeting of Stockholders

To Be Held on April 24, 2019

The enclosed proxy is solicited on behalf of the Board of Directors of SJW Group, a Delaware corporation ("SJW Group" or the "Corporation"), for use at SJW Group's annual meeting of stockholders to be held on Wednesday, April 24, 2019, at 9:00 AM Pacific Time and at any adjournment or postponement thereof. The annual meeting will be held at the principal offices of the Corporation, 110 W. Taylor Street in San Jose, California 95110.

These proxy solicitation materials are being mailed on or about March __, 2019 to all stockholders entitled to notice of, and to vote at, the annual meeting of stockholders. SJW Group's 2018 Annual Report, which includes its Form 10-K for the year ended December 31, 2018, accompanies these proxy solicitation materials.

PURPOSE OF MEETING

The Board of Directors has called the annual meeting of stockholders for the following purposes:

1. To elect eight directors to serve on the Board of Directors of SJW Group;
2. To approve, on an advisory basis, the compensation of the named executive officers as disclosed in this proxy statement;
3. To approve an amendment to the Corporation's Certificate of Incorporation to increase the number of authorized shares of common stock from 36,000,000 shares to 70,000,000 shares;
4. To ratify the appointment of KPMG LLP as the independent registered public accounting firm of SJW Group for the fiscal year ending December 31, 2019; and
5. To act upon such other business as may properly come before the annual meeting or any adjournment or postponement thereof.

The Board of Directors asks for your proxy for each of the foregoing proposals, and in the case of Proposal 1, for each of the director nominees.

VOTING RIGHTS AND SOLICITATION

Voting

Only stockholders of record on March 4, 2019, the record date, will be entitled to notice of, and to vote at, the annual meeting. As of the close of business on March 4, 2019, there were 28,431,124 shares of common stock issued and outstanding. Each share of common stock is entitled to one vote on each matter presented at the meeting.

Quorum and Votes Required

A majority of the Corporation's voting power of all shares of stock issued and outstanding and entitled to vote must be present in person or represented by proxy at the annual meeting in order to constitute a quorum. Abstentions and broker non-votes (shares held of record by brokers for which the required voting instructions are not provided by the beneficial owners of those shares) are included in the number of shares present for purposes of determining whether a quorum is present for the transaction of business at the annual meeting. If a broker or other nominee holds shares in its name on behalf of a stockholder, the broker or nominee is not permitted to vote those shares on Proposal 1 and Proposal 2 in the absence of voting instructions from that stockholder. The broker or nominee is permitted to vote on Proposal 3 and Proposal 4 in the absence of voting instructions from the stockholders, therefore the Corporation does not expect any broker non-votes for Proposal 3 and Proposal 4.

For Proposal 1, each director nominee is elected by a majority of the votes cast with respect to the director, i.e., the number of votes "for" the director exceeds the number of votes "against" the director. Our Amended and Restated Bylaws (the "Bylaws") provide that any incumbent director who does not receive the required majority votes at the annual meeting will promptly tender his or her resignation to the Board, and the Board, after considering the recommendation of the Nomination & Governance Committee regarding such resignation, shall determine

whether to accept or reject the resignation. For a more detailed description of the majority voting process, see "Proposal 1-Election of Directors-General." Abstentions and broker non-votes are not considered votes cast and will not be counted for Proposal 1.

Proposal 2 requires for approval the affirmative vote of a majority of stockholders present in person or represented by proxy at the meeting and entitled to vote. As a result, abstentions will have the same effect as voting against Proposal 2. For Proposal 2, broker non-votes will not be included in the calculation of votes because they are not considered as shares "entitled to vote" on the proposal. In addition, the stockholder vote on executive compensation in Proposal 2 is an advisory vote only, and it is not binding on the Corporation. Although the vote is non-binding, the Board of Directors and the Executive Compensation Committee will consider the outcome of the vote when making future compensation decisions affecting the Corporation's executive officers.

Proposal 3 requires for approval the affirmative vote of a majority of the shares of our common stock outstanding and entitled to vote at the Annual Meeting. As a result, abstentions will have the same effect as voting against Proposal 3. As discussed above, we do not expect broker non-votes in Proposal 3.

Proposal 4 requires for approval the affirmative vote of a majority of stockholders present in person or represented by proxy at the meeting and entitled to vote. As a result, abstentions will have the same effect as voting against Proposal 4. As discussed above, we do not expect broker non-votes in Proposal 4.

Voting Procedure

Stockholders of record may vote via the Internet, by telephone, by mailing a completed proxy card prior to the annual meeting, by delivering a completed proxy card at the annual meeting, or by voting in person at the annual meeting. Instructions for voting via the Internet or by telephone are set forth on the enclosed proxy card. The Internet and telephone voting facilities will close at 11:59 PM Eastern Time on April 23, 2019. If the enclosed form of proxy is properly signed, dated and returned, the shares represented thereby will be voted at the annual meeting in accordance with the instructions specified thereon. If voting instructions are not specified on the proxy, the shares represented by that proxy (if that proxy is not revoked) will be voted at the annual meeting FOR the election of each of the director nominees listed in Proposal 1; FOR the advisory resolution to approve the compensation of the named executive officers as disclosed in this proxy statement in Proposal 2; FOR the amendment to the Corporation's Certificate of Incorporation to increase the number of authorized shares of common stock as described in Proposal 3; and FOR the ratification of the appointment of KPMG LLP as the independent registered public accounting firm as described in Proposal 4, and as the proxy holder may determine in his or her discretion with respect to any other matter that properly comes before the annual meeting or any adjournment or postponement thereof.

YOUR VOTE IS IMPORTANT. PLEASE SIGN AND RETURN THE ACCOMPANYING PROXY CARD WHETHER OR NOT YOU PLAN TO ATTEND THE MEETING IN PERSON.

You may revoke your proxy at any time before it is actually voted at the meeting by:

• Delivering written notice of revocation to the Corporate Secretary at SJW Group, 110 W. Taylor Street, San Jose, California 95110;

• Submitting a later dated proxy; or

• Attending the meeting and voting in person.

Your attendance at the meeting will not, by itself, constitute a revocation of your proxy.

You may also be represented by another person present at the meeting by executing a form of proxy designating that person to act on your behalf. Shares may only be voted by or on behalf of the record holder of shares as indicated in the stock transfer records of the Corporation. If you are a beneficial owner of shares, but those shares are held of record by another person such as a stock brokerage firm or bank, then you must provide voting instructions to the appropriate record holder so that such person can vote those shares. In the absence of such voting instructions from you, the record holder may not be entitled to vote those shares.

Proxy Solicitation Costs

The Corporation will bear the entire cost of this solicitation of proxies, including the preparation, assembly, printing, and mailing of this proxy statement, the proxy, and any additional solicitation materials that the Corporation may provide to stockholders. Copies of solicitation materials will be provided to brokerage firms, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward the solicitation material to such beneficial owners. The Corporation will reimburse the brokerage firms, fiduciaries and custodians holding shares in their names for reasonable expenses incurred by them in sending solicitation materials to its beneficial stockholders. The solicitation of proxies will be made by regular or first class mail and may also be made by telephone, telegraph, facsimile, electronic mail or personally by directors, officers and employees of the Corporation who will receive no extra compensation for such services. In addition, the Corporation has retained Georgeson LLC to act as a proxy solicitor in conjunction with the annual meeting. The Corporation has agreed to pay that firm \$7,500, plus expenses, for proxy solicitation services.

PROPOSAL 1

ELECTION OF DIRECTORS

General

Eight directors, which constitutes and will constitute the entire Board of Directors (the "Board") following the annual meeting, are to be elected at the annual meeting to hold office until the next annual meeting or until a successor for such director is elected and qualified, or until the death, resignation or removal of such director. The Corporation's Bylaws provide a majority voting standard for the election of directors in uncontested elections. The election of directors at the annual meeting is uncontested, therefore under the Bylaws, each of the eight nominees set forth in this proxy statement will be elected by the majority of the votes cast with respect to such nominee. If an incumbent director does not receive the required majority vote, the director shall promptly tender his or her resignation to the Board. Within 90 days after the annual meeting, the Nominating & Governance Committee will make a recommendation to the Board of Directors as to whether to accept or reject the resignation. The Board will act by taking into account such committee's recommendation. If the Board does not accept the resignation, the Board is required to publicly disclose its decision and the rationale behind the decision. For more detail about the majority voting standard, see our Bylaws which were filed with the Securities and Exchange Commission (the "SEC"). Unless individual stockholders specify otherwise, each returned proxy will be voted FOR the election of each of the eight nominees who are listed below, each of whom has been nominated by the existing Board of Directors upon the recommendation of the Nominating & Governance Committee. All nominees are current directors of SJW Group, San Jose Water Company, a wholly owned subsidiary ("San Jose Water Company" or "SJWC"), and SJW Land Company, another wholly owned subsidiary of SJW Group. SJW Group intends to appoint all persons elected as directors of SJW Group at the annual meeting to be the directors of San Jose Water Company and SJW Land Company for a concurrent term. It is anticipated that four of the individuals elected as directors of SJW Group at the annual meeting will also be appointed as directors of SJWTX, Inc., a wholly owned subsidiary of SJW Group, for a concurrent term. In the unanticipated event that a nominee is unable or declines to serve as a director at the time of the annual meeting, proxies will be voted for any nominee named by the present Board of Directors to fill the vacancy. As of the date of this proxy statement, SJW Group is not aware of any nominee who is unable or will decline to serve as a director.

The following sets forth certain information concerning the nominees for directors of SJW Group:

Mr. Landis also served as a director of Unwired Planet, Inc. from 2013 to 2015. He was General Counsel and then Senior Legal Advisor of Intellectual Ventures from November 2007 until December 2012.

Previously, Mr. Landis served as the General Counsel and Executive Vice President of Vulcan, Inc. from 2005 to 2007, and from 1995 to 2005 was the General Counsel of AT&T Wireless Services, Inc., where he also served as Executive Vice President and Corporate Secretary. From 1985 until 1995, Mr. Landis was a partner at the law firm McCutchen, Doyle, Brown & Enersen. Mr. Landis holds a Juris Doctor, cum laude, from Harvard Law School, and a Bachelor of Arts in Psychology, magna cum laude, from Yale University.

Debra C. Man, Retired as the Assistant General Manager and Chief Operating Officer at The Metropolitan Water District of Southern California (“Metropolitan”) in June 2017. She held such positions since December 2003.

Metropolitan is a wholesale water utility that provides water to a six-county service area in which over 19 million people reside. She was responsible for managing the operational business functions of Metropolitan, including operations, engineering, water resource management, budget and regulatory compliance. Ms. Man had been with Metropolitan since 1986. Ms. Man is a registered engineer in California and Hawaii and holds a Bachelor of Science in Civil Engineering from University of Hawaii and a Master’s Degree in Civil Engineering from Stanford University. Daniel B. More, Retired as a Managing Director and Global Head of Utility Mergers & Acquisitions of the Investment Banking Division of Morgan Stanley in 2014. He held such position since 1996. Mr. More has been an investment banker since 1978 and has specialized in the utility sector since 1986. Mr. More currently serves as a Senior Advisor to Guggenheim Securities since November 2015 and as a director of Clearway Energy, Inc. since February 2019. He served as a director of Saeta Yield from February 2015 until July 2018 and served as a director of the New York Independent System Operator from April 2014 until February 2016. Mr. More holds a Bachelor of Arts in Economics from Colby College and a Master of Business Administration in Finance from the Wharton School at the University of Pennsylvania.

Eric W. Thornburg, President and Chief Executive Officer of SJW Group and SJW Land Company and Chief Executive Officer of San Jose Water Company and SJWTX, Inc. since November 6, 2017, and Chairman of the Board of SJW Group, San Jose Water Company, SJW Land Company and SJWTX, Inc. since April 25, 2018. Prior to joining the Corporation, Mr. Thornburg served as President and Chief Executive Officer of Connecticut Water Service, Inc. (“CTWS”) since 2006, and Chairman of the Board of CTWS since 2007. Mr. Thornburg served as President of Missouri-American Water, a subsidiary of American Water Works Corporation from 2000 to 2004. From July 2004 to January 2006, he served as Central Region Vice President-External Affairs for American Water Works Corporation. Mr. Thornburg holds a Bachelor of Arts in Biology and Society from Cornell University and a Master’s Degree in Business Administration from Indiana Wesleyan University.

Robert A. Van Valer, President of Roscoe Moss Manufacturing Company, manufacturer of water well casing and screen and water transmission pipe, since 1990. Mr. Van Valer served as Vice President from 1984 until 1990 and previously managed domestic and international water well construction projects since joining Roscoe Moss Manufacturing Company in 1977. Mr. Van Valer has served as a Director Emeritus of the American Ground Water Trust since 2005 and as a Director Emeritus of the Groundwater Resources Association of California since 2017. Mr. Van Valer holds a Bachelor of Science in Finance from the University of Arizona and a Master of International Management from the Thunderbird School of Global Management.

No nominee or current director has any family relationship with any other current director, nominee or with any executive officer. Other than Mr. Thornburg, whose employment relationships with SJW Group and its subsidiaries are described above, no nominee is or has been employed by SJW Group or its subsidiaries during the past five years.

Eric W. Thornburg	<p>The principal experience, qualifications and skills that Mr. Thornburg brings to the Board of Directors contribute to the Board's oversight of the Corporation's operations in a heavily-regulated industry, its management of its water supply, and the Corporation's execution of its overall strategy. In addition to the items listed in the biographical data above, such experience, qualifications and skills may be summarized as follows:</p> <ul style="list-style-type: none"> - Over 30 years of leadership experience in the investor owned water utility profession across ten states and currently serving as the President and Chief Executive Officer of the Corporation with intimate knowledge and experience with our day-to-day operations - Served as President and Chief Executive Officer of another publicly traded water utility for over eleven years, including ten years as Board Chair - Served as President of the National Association of Water Companies ("NAWC") in 2011 and as a Director for over a decade - Currently serving as a Trustee of the Water Research Foundation
Robert A. Van Valer	<p>The principal experience, qualifications and skills that Mr. Van Valer brings to the Board of Directors relate primarily to his substantial experience in the water industry that allows him to contribute to the Board's oversight of the Corporation's operations, through its wholly owned subsidiaries San Jose Water Company and SJWTX, Inc. In addition to the items listed in the biographical data above, such experience, qualifications and skills may be summarized as follows:</p> <ul style="list-style-type: none"> - Over 40 years of water industry experience, including water well construction, domestic and foreign, and manufacturing operations and management for water well casing and screen and water transmission pipe - President since 1990 of Roscoe Moss Manufacturing Company, supplier to municipal, state and federal water projects and investor owned utilities in the western United States - Participation in several industry non-profit and educational organizations and groundwater associations
Director Independence	

The Board of Directors has affirmatively determined that each of its directors who served during the 2018 fiscal year, current directors and nominees, other than Eric W. Thornburg, the Corporation's President, Chief Executive Officer and Chairman of the Board and W. Richard Roth, who served as a director of the Corporation until the 2018 annual stockholder meeting, is independent within the meaning of the New York Stock Exchange director independence standards, as currently in effect.

In connection with the determination of independence for Robert A. Van Valer and George E. Moss (who served as a director of the Corporation until the 2018 annual stockholder meeting), the Board of Directors considered the Corporation's relationship with Roscoe Moss Manufacturing Company ("RMMC"), a supplier of the Corporation and its subsidiaries. Mr. Moss is Chairman of the Board and a significant stockholder of RMMC and Mr. Van Valer is the President and a stockholder of RMMC. RMMC sold Rossum Sand Tester equipment to San Jose Water Company, the Corporation's wholly owned subsidiary, for an aggregate price of approximately \$1,325 in 2016, \$8,191 in 2017, and \$0 in 2018. In addition, RMMC sold conductor casing, well casing and screen for water wells with an aggregate price of approximately \$1,326,329 in 2016, approximately \$554,093 in 2017, and \$0 in 2018 to contractors for use in San Jose Water Company's well replacement construction projects. The Board of Directors concluded that the Corporation's relationship with RMMC is not a material relationship and therefore would not impair the independence of Mr. Van Valer and Mr. Moss in light of the fact that the aggregate sales of RMMC to the Corporation and contractors for use in San Jose Water Company construction projects were less than two percent of RMMC's gross revenues in 2016, 2017, and 2018 and Mr. Van Valer expects that direct and indirect purchases of products from RMMC will be less than two percent of its revenue in future years.

The Board of Directors has determined that the members of the Audit Committee and the members of the Executive Compensation Committee also meet the additional independence criteria promulgated by the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and the New York Stock Exchange for audit committee membership and executive compensation committee membership, respectively.

Board Leadership Structure

Board structures vary greatly among U.S. public corporations, and the Board does not believe that any one leadership structure is more effective at creating long-term stockholder value. The Board believes that an effective leadership structure could be achieved either by combining or separating the Chair and Chief Executive Officer positions, so long as the structure encourages the free and open dialogue of competing views and provides for strong checks and balances.

The position of Chairman is currently held by Eric W. Thornburg, President and Chief Executive Officer of SJW Group. The Board also appointed Robert A. Van Valer, an independent director, as the Lead Independent Director of the Board. The Board of Directors believes that combining the Chair and Chief Executive Officer positions and having a lead independent director is the appropriate leadership structure for the Corporation at this time. Combining the Chair and Chief Executive Officer roles fosters clear accountability, effective decision-making, and alignment on corporate strategy and value creation. The Board believes that the Chief Executive Officer is in an optimal position to identify and to lead Board discussions on important matters related to business operations. The Board believes this leadership structure is particularly appropriate for the Corporation at this time given Mr. Thornburg's many years of experience in managing companies in the regulated water utility industry and his familiarity with the challenges and intricacies of the regulatory environment.

As the Lead Independent Director, Mr. Van Valer assumes the following duties and responsibilities: (i) advise and consult with the Chair regarding the information provided to directors in connection with Board meetings; (ii) ensure that independent directors have adequate opportunities to meet and discuss issues in executive sessions or at separate meetings without management being present and preside at such executive sessions and meetings; (iii) serve as principal liaison between the independent directors and the Chair; (iv) chair the meetings of the Board when the Chair is not present; and (v) respond directly to stockholders and other stakeholder questions and comments that are directed to the lead independent director or to the independent directors as a group.

The Board believes that this leadership structure provides strong, unified leadership of the Corporation while maintaining effective and independent oversight of management. Nevertheless, the Board will continue to consider from time to time whether this leadership structure should be maintained or modified.

Board's Role in Risk Oversight

The Corporation has implemented an internal risk assessment process that focuses on the principal risks that have been identified for the Corporation, including risks associated with the Corporation's regulatory environment, business operations and continuity, compliance requirements, its information technology and data storage and retrieval facilities, insurance coverage, liquidity, credit and other financial risks, internal controls over financial reporting, risks related to potential fraudulent activities and any material risks posed by the Corporation's

compensation policies. Potential risks are reviewed and discussed by the Board of Directors on a regular basis. The Audit Committee, pursuant to its charter, meets periodically with employees to discuss identified risks and the measures taken to control, manage and mitigate those risks. On the basis of these meetings and discussions, the Chairman of the Audit Committee reports periodically to the full Board. In addition, the Executive Compensation Committee oversees risk management as it relates to the compensation plans, policies and practices for all employees, including executive officers, particularly whether the compensation programs may create incentives for employees to take excessive or inappropriate risks which could have a material adverse effect on the Corporation. The Nominating & Governance Committee monitors the effectiveness of the corporate governance guidelines and policies and manages risks associated with the independence of the Board of Directors and qualification of directors and nominees for directors.

Board Committees

The Board of Directors has a standing Audit Committee, Executive Compensation Committee, Nominating & Governance Committee, Finance Committee and Sustainability Committee. The Board of Directors dissolved the Real Estate Committee in April 2017. The Board has the authority to form additional committees, and has done so from time to time, to address matters specifically identified by the Board.

Audit Committee

The Audit Committee was established in accordance with Section 3(a)(58)(A) of the Exchange Act. The Audit Committee assists the Board of Directors in its oversight of the integrity of the financial reports and other financial information provided by the Corporation to any governmental body or the public, the Corporation's compliance with legal and regulatory requirements, the Corporation's systems of internal controls, the qualifications and independence of the independent accountants, and the quality of the Corporation's accounting and financial reporting processes generally. The Audit Committee reviews significant accounting policies and the financial results with management and the independent accountants. Ms. Man and Messrs. King, Landis, and More are the current Audit Committee members, and Mr. King serves as the Chair of the Audit Committee. These members are independent as such term is defined pursuant to the Exchange Act and the corporate governance listing standards of the New York Stock Exchange with respect to audit committee members. The Board of Directors has determined that Mr. King is an "audit committee financial expert" as defined in SEC rules and all committee members are financially literate. The Audit Committee held eight meetings during fiscal year 2018. The Audit Committee has a written charter which may be found at the Corporation's website at www.sjwgroup.com.

Executive Compensation Committee

The Executive Compensation Committee assists the Board of Directors in its responsibilities with respect to the compensation of the Corporation's executive officers and other key employees, and administers all employee benefit plans, including the Corporation's Long-Term Incentive Plan, and other incentive plans that may be adopted by the Corporation. The Executive Compensation Committee is authorized to approve the compensation payable to the Corporation's executive officers and other key employees, approve all perquisites, equity incentive awards and special cash payments made or paid to executive officers and other key employees, and to approve severance packages with cash and/or equity components for the executive officers and other key employees. Additionally, the Executive Compensation Committee reviews and recommends to the Board of Directors appropriate director compensation programs.

The Executive Compensation Committee retained Mercer (US), Inc. to serve as the committee's independent compensation consultant and provide advice on executive officer and director compensation for the 2018 fiscal year. The role of such consultant, the nature and scope of the consultant's assignments and the material elements of the instructions or directions given to the consultant with respect to the performance of its duties are more fully set forth below in the section entitled "Compensation Discussion and Analysis."

Ms. Armstrong and Messrs. Bishop, Landis, and More are the current members of the Executive Compensation Committee, and Mr. More serves as the Chair of the Executive Compensation Committee. Each of these members is independent as such term is defined pursuant to the Exchange Act and the corporate governance listing standards of the New York Stock Exchange with respect to compensation committee members. The Executive Compensation Committee held seven meetings during fiscal year 2018. The Executive Compensation Committee has a written charter which may be found at the Corporation's website at www.sjwgroup.com.

Nominating & Governance Committee

The Nominating & Governance Committee is charged by the Board of Directors with reviewing and proposing changes to the Corporation's corporate governance policies, developing criteria for evaluating performance of the Board of Directors, determining the requirements and qualifications for members of the Board of Directors and proposing to the Board of Directors nominees for the position of director of the Corporation. Ms. Armstrong and Messrs. Bishop, King, and Van Valer are the current Nominating & Governance Committee members, and Ms. Armstrong serves as the Chair of the Nominating & Governance Committee. The Board of Directors has determined that all of the members of the Nominating & Governance Committee are independent as defined under the independence standards for nominating committee members in the listing standards for the New York Stock Exchange. The Nominating & Governance Committee held five meetings during fiscal year 2018. The Nominating & Governance Committee has a written charter which may be found at the Corporation's website at www.sjwgroup.com. Upon recommendation of the Nominating & Governance Committee, the Board approved Corporate Governance Policies that set forth additional principles and procedures regarding the functions, responsibilities and other governance matters of Board and its committees and members. Such Corporate Governance Policies may be found at the Corporation's website at www.sjwgroup.com.

The Board of Directors has approved the "Policies and Procedures of the Nominating & Governance Committee for Nomination for Directors" (as amended the "Policies and Procedures"). The Policies and Procedures specify director selection criteria for the Nominating & Governance Committee to consider and the procedures for identifying and evaluating director candidates for the Nominating & Governance Committee to follow when executing its duty to recommend director nominees at the annual meeting of stockholders. The Policies and Procedures also specify steps a stockholder must take in order to properly recommend director candidates which the Nominating & Governance Committee will consider. All candidates for director must generally meet the criteria set forth in the Policies and Procedures, a copy of which may be found at the Corporation's website at www.sjwgroup.com.

The criteria address the specific qualifications that the Nominating & Governance Committee believes must be met by each nominee prior to recommendation by the committee for a position on the Corporation's Board of Directors. In particular, the criteria address the specific qualities or skills that the Nominating & Governance Committee believes are necessary for one or more of the Corporation's directors to possess in order to fill Board, committee chair and other positions, and to provide the best combination of experience and knowledge on the Board and its committees. These criteria include: highest professional and personal ethical standards; absence of any interests that would materially impair his or her ability to exercise judgment or otherwise discharge the fiduciary duties; ability to contribute insight and direction to achieve the Corporation's goals; skills and expertise relative to the entire make-up of the Board; experience in effective oversight and decision-making, including experience on other boards; ability and willingness to serve a full term with consistent attendance; first-hand business experience and achievement in the industry; and independence as determined under the New York Stock Exchange and SEC rules and regulations. The Nominating & Governance Committee and the Board of Directors do take diversity into account when considering potential nominees for directors, such as differences of viewpoint, varied professional or governmental experience, education and advanced degrees, skill set and other individual qualities and attributes that are likely to contribute to board heterogeneity. However, SJW Group does not have a formal or other established policy in which one or more diversity factors have been specifically identified for application as a matter of ordinary course in the director nominee process.

The steps a stockholder must take in order to properly recommend director candidates which the Committee will consider include submission via mail to the attention of the Nominating & Governance Committee at the address of the Corporate Secretary, SJW Group, 110 W. Taylor Street, San Jose, California 95110, of a completed "Stockholder Recommendation of Candidate for Director" form which can be found at the Corporation's website at www.sjwgroup.com or may be obtained by mailing a request for a copy of the form to the Corporate Secretary of the Corporation at the above address. A completed form must be submitted not earlier than 210 days prior and not later than 120 days prior to the one-year anniversary of the date the proxy statement for the preceding annual meeting was mailed to stockholders. In addition to or in lieu of making a director candidate recommendation via the completed recommendation form, stockholders may nominate directly a person for election as a director at the annual meeting by complying with the procedures set out in the Corporation's Bylaws and other applicable federal and state laws

governing the election of directors and distribution of proxy statements. Under the Bylaws, a nominating

12

stockholder must provide the Corporation with advance written notice of a proposed nomination no later than 90 days and no earlier than 120 days prior to the one-year anniversary of the preceding year's annual meeting. Such advance notice must include certain information and materials relating to the stockholder and the proposed nominee as prescribed under the Bylaws, including without limitation the name and qualification of the proposed nominee and other information typically required in a proxy statement filed under SEC proxy rules. For more information on the procedure and advance notice requirements for nominating a director, see the Corporation's Bylaws, a copy of which was filed with the SEC.

Finance Committee

The Finance Committee is charged with assisting the Board of Directors in overseeing the Corporation's strategy and financing. The Finance Committee reviews and makes recommendations to the Board of Directors regarding the Corporation's long-term growth strategy, public and private financing, any equity repurchase programs, dividend payments and other distributions of equity. The Finance Committee also reviews significant rating agency communications, the Corporation's debt rating and business opportunities. The Finance Committee became a standing committee on October 24, 2018. Prior to this date, the Finance Committee was a special committee of the Board. Messrs. Bishop, King, Landis and More are the current Finance Committee members, and Mr. More serves as the Chair of the Finance Committee. The Finance Committee held 13 meetings during fiscal year 2018. The Finance Committee has a written charter which may be found at the Corporation's website at www.sjwgroup.com.

Sustainability Committee

The Sustainability Committee is charged with providing guidance to the Board of Directors regarding plans, programs, and activities related to the health and safety of employees, customers, business partners, and the public related to the Corporation's operating subsidiaries. The Sustainability Committee also provides guidance to the Board of Directors on plans, programs, and activities related to environmental stewardship and sustainability, water supply and conservation, water quality, climate change, operational efficiency and the Corporation's established water supply policies and any water supply projects. The Sustainability Committee became a standing committee on October 24, 2018. Prior to this date, the Sustainability Committee was a special committee named the Water Supply Committee. Ms. Man and Messrs. Bishop and More are the current Sustainability Committee members, and Mr. Bishop serves as the Chair of the Sustainability Committee. The Sustainability Committee did not meet during fiscal year 2018. The Sustainability Committee has a written charter which may be found at the Corporation's website at www.sjwgroup.com.

Evaluation of Board and Committee Performance

Annually, the Board and each of our Audit, Executive Compensation and Nominating & Governance Committees conduct a self-evaluation pursuant to our Corporate Governance Policies or applicable committee charters. In addition, the Nominating & Governance Committee is responsible to report annually to the Board an assessment of the Board's performance based on such evaluation, which includes a review of the Board's overall effectiveness and the areas in which the Board or management believes the Board can make an impact on the Corporation.

Communications with the Board

Communications to the Board of Directors may be submitted by email to boardofdirectors@sjwater.com or by writing to SJW Group, Attention: Corporate Secretary, 110 W. Taylor Street, San Jose, California 95110. The Board of Directors relies upon the Corporate Secretary to forward written questions or comments to named directors or committees or the Lead Independent Director, as appropriate. General comments or inquiries from stockholders are forwarded to the appropriate individual within the Corporation, including the President, as appropriate. Interested parties may make their concerns known to non-management directors or independent directors on a confidential and anonymous basis by calling the Corporation's toll free hotline, 1-888-883-1499.

Code of Ethical Business Conduct

The Corporation has adopted a Code of Ethical Business Conduct (the "Code") that applies to the directors, officers and employees of the Corporation. A copy of the Code may be found at the Corporation's website at www.sjwgroup.com. In the event that we make any amendments to or grant any waivers of, a provision of the Code of Ethics that applies to the principal executive officer, principal financial officer, or principal accounting officer that requires disclosure under applicable SEC rules, we intend to disclose such amendment or waiver and the reasons therefore, on our website at www.sjwgroup.com.

Board Meetings

During fiscal year 2018, there were four regular meetings and 19 special meetings (including one strategic planning meeting) of the Board of Directors of SJW Group. Each director attended or participated in 75 percent or more of the aggregate of: (i) the total number of regular and special meetings of the Board of Directors of SJW Group; and (ii) the total number of meetings held by all committees of the Board on which such director served during the 2018 fiscal year. As the Lead Independent Director, Robert A. Van Valer presides at all executive sessions of non-management directors or independent directors.

Pursuant to the Corporation's Corporate Governance Policies, each member of the Board of Directors is strongly encouraged to attend the annual meetings of stockholders. All members of the Board who were nominated for election at the 2018 annual meeting attended such meeting.

Represents the grant-date fair value of the restricted stock unit award for 1,055 shares made to the non-employee director on April 25, 2018. The applicable grant-date fair value of each award was calculated in accordance with FASB ASC Topic 718 and accordingly determined on the basis of the closing selling price per share of SJW Group's common stock on the award date as appropriately discounted to reflect the lack of dividend equivalent rights. The reported grant-date value does not take into account any estimated forfeitures related to service-vesting conditions. In addition to the restricted stock units, as of December 31, 2018, Messrs. King and Van Valer held (2) deferred stock awards covering 9,294 and 2,705 shares of SJW Group's common stock, respectively, attributable to the director's prior participation in certain deferred compensation programs implemented under the Corporation's Long-Term Incentive Plan. The awards no longer accrue dividend equivalent rights. Their last dividend equivalent right conversion into deferred stock occurred on January 2, 2018 (for the 2017 fiscal year). For further information concerning those programs, see the sections below entitled "Deferral Election Program for Non-Employee Board Members" and "Deferred Restricted Stock Program."

(3) Messrs. Moss and Roth served on the Board of Directors of the Corporation until April 25, 2018.

Director Annual Retainer

The following table sets forth the 2018 annual retainer fees for the non-employee Board members of SJW Group, San Jose Water Company, SJW Land Company, and SJWTX, Inc.

Other Board Members	\$ 500

The meeting fees are the same for attending Board and Committee meetings held telephonically.

In the event a non-employee director attends an in-person Board or Committee meeting by telephone, he or she will be entitled to receive the applicable per meeting fee for the first meeting attended by telephone in a calendar year, and half of such meeting fee for each subsequent meeting attended by telephone in the same calendar year.

Non-employee directors may also receive fees determined on a case-by-case basis by SJW Group's Executive Compensation Committee and ratified by the Board of Directors for attending additional meetings other than Board or Committee meetings, such as Board retreats, strategic planning meetings, or other programs organized by SJW Group, San Jose Water Company, SJW Land Company, or SJWTX, Inc. During fiscal year 2018, each non-employee director was paid \$2,500 for attending a strategic planning meeting, except for Mr. Landis who did not attend the meeting.

Deferral Election Program for Non-Employee Board Members

Pursuant to the Deferral Election Program, each non-employee member of the Corporation's Board of Directors has the opportunity to defer: (i) either 50 percent or 100 percent of his or her annual retainer fees for serving on the Corporation's Board and the Board of one or more subsidiaries; and (ii) 100 percent of his or her fees for attending pre-scheduled meetings of such Boards or any committees of such Boards on which he or she serves. The deferral election is irrevocable and must be made prior to the start of the year for which the fees are to be earned.

The fees which a non-employee Board member elects to defer under such program for the fiscal year are credited to a deferral election account pursuant to one of the following alternatives selected by the Executive Compensation Committee: (i) in a lump sum on the first business day of that calendar year or as soon as administratively practicable thereafter; or (ii) periodically when the fees would otherwise become due and payable during such calendar year in the absence of his or her deferral election for that calendar year in which case the amounts credited shall be fully vested on crediting. In the event of such lump sum credit, the non-employee Board members will vest in the portion of their account attributable to each Board or Board committee on which they serve during a calendar year in a series of 12 equal monthly installments upon their completion of each calendar month of service on that Board or Board committee during such calendar year. For the deferral election accounts established for the 2018 calendar year, the periodic credit alternative was utilized.

The deferral election account will be credited with a fixed rate of interest, compounded semi-annually, set at the start of each calendar year at the lower of (i) the then current 30-year long-term borrowing cost of funds to San Jose Water Company (or the equivalent thereof), as measured as of the start of such calendar year, or (ii) 120 percent

of the long-term Applicable Federal Rate determined as of the start of such calendar year and based on semi-annual compounding.

Distribution of the vested balance credited to each Board member's deferral election account will be made or commence on the 30th day following his or her cessation of Board service either in a lump sum or through a series of up to 10 annual installments in accordance with the Board member's payment election.

Mr. More elected to defer all of his 2018 annual retainer fees and pre-scheduled 2018 meeting fees, Mr. King elected to defer all of his 2018 pre-scheduled meeting fees, Ms. Man elected to defer all of her 2018 annual retainer fees, and Mr. Bishop elected to defer 50 percent of his 2018 annual retainer fees.

Deferred Restricted Stock Program

Prior to the 2008 fiscal year, the non-employee directors were able to receive awards of deferred stock, either through the conversion of their deferred Board and Committee fees under the Deferral Election Program into deferred shares of SJW Group common stock or through their participation in the Deferred Restricted Stock Program. Both of those deferred stock programs were implemented under the Corporation's Long-Term Incentive Plan (the "LTIP").

The principal features of the Deferred Restricted Stock Program may be summarized as follows: each non-employee director who commenced Board service on or after April 29, 2003 was granted: (i) a deferred stock award on the first business day of January following his or her completion of at least six months of service as a Board member; and (ii) annual grants of deferred stock on the first business day of January in each succeeding calendar year through the close of the 2007 calendar year, provided he or she remained a non-employee member of the Board through such date. The number of shares of the Corporation's common stock underlying each annual deferred stock award was determined by dividing (i) the aggregate dollar amount of the annual retainer fees, at the levels in effect as of the date of grant, for service on the Board and for service on the Boards of Directors of the Corporation's subsidiaries for the calendar year in which the grant was made by (ii) the fair market value per share of the Corporation's common stock on the grant date. The shares subject to each deferred stock award are fully vested and will be issued from the LTIP on a distribution commencement date tied to the director's cessation of Board service. The shares may be issued either in a single lump sum or in up to 10 annual installments, as elected by the director in accordance with the Deferred Stock Program.

Restricted Stock Units and the Formulaic Equity Award Program for Non-Employee Board Members

The Company has implemented a Formulaic Equity Award Program for Non-Employee Board Members ("Formulaic Program") under the LTIP which provides that at the close of business on the date of each annual stockholder meeting, each individual who is elected or re-elected to serve as a non-employee Board member will automatically be granted restricted stock units covering that number of shares of common stock (rounded up to the next whole share) determined by dividing the Applicable Annual Amount by the fair market value per share on such date. The Applicable Annual Amount for 2018 was \$60,000. Each restricted unit awarded entitles the non-employee Board member to one share of common stock on the applicable vesting date of that unit. Each restricted stock unit award will vest in full upon the non-employee Board member's continuation of Board service through the day immediately preceding the date of the first annual stockholder meeting following the annual stockholder meeting at which that restricted stock unit award was made subject to accelerated vesting following a change in control or cessation of Board service by reason of death or permanent disability prior to such vesting date. Each non-employee Board member must retain beneficial ownership of at least 50 percent of the shares of common stock issued in connection with the vesting of such restricted stock units until such time as such individual is in compliance with the equity ownership guidelines that the Corporation from time to time establishes for its non-employee Board members. Pursuant to the Formulaic Program, on April 25, 2018, each non-employee Board member elected at the 2018 annual stockholder meeting received an award of restricted stock units covering 1,055 shares of common stock.

Director Pension Plan

Mr. King continues to participate in the Director Pension Plan. Under such plan, Mr. King will receive a benefit equal to one half of the aggregate annual retainer for service on the Board of SJW Group, and the Boards of San Jose Water Company and SJW Land Company, following his cessation of service as a director. This benefit will

be paid to Mr. King, his beneficiary or his estate, for four years. These payments will be made with the same frequency as the ongoing retainers. Directors who elected to convert their accumulated Director Pension Plan benefits into deferred restricted stock in 2003 and non-employee directors who commenced Board service on or after April 29, 2003, are not eligible to participate in the Director Pension Plan.

Dividend Equivalent Rights

Prior to 2018, Dividend Equivalent Rights ("DERs") accrued on the outstanding deferred stock awards credited to non-employee directors as a result of their pre-2008 participation in the Deferral Election and Deferred Restricted Stock Programs. Pursuant to those DERs, each such non-employee director's deferred stock account under each program was credited, each time a dividend was paid on the Corporation's common stock, with a dollar amount equal to the dividend paid per share multiplied by the number of shares at the time credited to the deferred stock account, including shares previously credited to the account by reason of the DERs. As of the first business day in January each year, the cash dividend equivalent amounts so credited in the immediately preceding year was converted into additional shares of deferred stock by dividing such cash amount by the average of the fair market value of the Corporation's common stock on each of the dates in the immediately preceding year on which dividends were paid. Such DERs terminated with the dividends paid by the Corporation during the 2017 calendar year, with the last DER conversion into deferred stock occurring on the first business day in January 2018. No further DERs will be credited to the deferred stock awards; however, any shares distributed to the non-employee director will be entitled to actual dividends as and when paid to the Corporation's stockholders.

Expense Reimbursement Policies

Under the Corporation's Director Compensation and Expense Reimbursement Policies, each non-employee director will be reimbursed for all reasonable expenses incurred in connection with his or her attendance at Board or committee meetings of SJW Group or its subsidiaries as well as his or her attendance at certain other meetings held by such companies. Expenses subject to reimbursement for fiscal year 2018 include the expense of traveling by non-commercial aircraft if within 1,000 miles of company headquarters and approved by the Chairman of the Board, and the expense of traveling first class for any travel within the United States. A copy of the Director Compensation and Expense Reimbursement Policies amended and restated on January 31, 2018, is attached as Exhibit 10.53 to the Form 10-K filed for the year ended December 31, 2017.

Recommendation of the Board of Directors

The Board of Directors unanimously recommends that stockholders vote FOR the election of the eight nominees listed on page 5. Unless otherwise instructed, the proxy holders named in each proxy will vote the shares represented thereby FOR each of the eight nominees.

PROPOSAL 2

ADVISORY VOTE ON EXECUTIVE COMPENSATION

General

Pursuant to Section 14A(a)(1) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), the Corporation's stockholders are entitled to vote at the annual meeting to approve the compensation of the Corporation's named executive officers, as disclosed in this proxy statement in accordance with the standards established under Item 402 of Regulation S-K under the Exchange Act. However, the stockholder vote on executive compensation is an advisory vote only, and it is not binding on the Corporation or the Corporation's Board of Directors or the Executive Compensation Committee of the Board.

Although the vote is non-binding, the Corporation's Board of Directors and the Executive Compensation Committee value the opinions of the stockholders and will consider the outcome of the vote when making future compensation decisions affecting the Corporation's executive officers.

In deciding how to vote on this proposal, the Board encourages you to read the "Compensation Discussion and Analysis" section beginning on page 28 and "Summary Compensation Table" beginning on page 42. The Executive Compensation Committee has made numerous enhancements in recent years to better align our executive compensation programs with our strategic objectives, and to respond to changes in the marketplace and feedback received from stockholders and stockholder advisory groups as discussed in the Compensation Discussion and Analysis section of this proxy statement.

Resolution

The Corporation's stockholders are being asked to approve by advisory vote the following resolution relating to the compensation of the named executive officers in this proxy statement:

"Resolved that the Corporation's stockholders hereby approve the compensation paid to the Corporation's executive officers named in the Summary Compensation Table of this proxy statement, as that compensation is disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the various compensation tables and the accompanying narrative discussion included in this proxy statement."

The vote on this resolution is not intended to address any specific element of compensation; rather the vote relates to the compensation of the Corporation's named executive officers, as described in this proxy statement in accordance with the compensation disclosure rules of the Securities and Exchange Commission.

Recommendation of the Board of Directors

The Board of Directors unanimously recommends an advisory vote FOR the resolution to approve the compensation of the named executive officers as disclosed in this proxy statement in accordance with the standards established under Item 402 of Regulation S-K under the Exchange Act. Unless otherwise instructed, the proxy holders named in each proxy will vote the shares represented thereby FOR the approval of such resolution.

PROPOSAL 3

AMENDMENT OF CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK

Introduction

Our Board of Directors has unanimously determined that it is in the best interests of the Company and its stockholders to amend our Certificate of Incorporation (as amended, the “Certificate of Incorporation”) to increase the number of authorized shares of our common stock from 36,000,000 shares to 70,000,000, which will result in an increase of the total number of authorized shares of our capital stock from 37,000,000 shares to 71,000,000 shares.

Currently our Certificate of Incorporation authorizes an aggregate of 37,000,000 shares of capital stock, consisting of 36,000,000 shares of authorized common stock, par value \$0.001 per share, and 1,000,000 shares of authorized preferred stock, par value \$0.001 per share. No shares of preferred stock are issued and outstanding and we are not proposing to increase the number of authorized preferred stock.

As of March 4, 2019, we had (i) 28,431,124 shares of common stock issued and outstanding, (ii) 155,812 shares subject to outstanding deferred stock awards, restricted stock units and other equity awards under our Long-Term Incentive Plan (the “LTIP”), (iii) 832,711 shares of common stock reserved for issuance under our LTIP (not including the shares included under item (ii)), and (iv) 266,886 shares reserved for issuance under our 2014 Employee Stock Purchase Plan. Accordingly, approximately 82 percent of our total authorized shares of common stock have been issued or reserved for issuance, which leaves relatively few shares available to us, i.e., 6,313,467 shares, for future issuances for corporate purposes.

No other changes to the Certificate of Incorporation have been approved or are being proposed by our Board of Directors. To effectuate the increase of number of authorized shares of our common stock, the first and second paragraphs of Article IV of the Certificate of Incorporation are proposed to be amended as set forth below in their entirety:

“The total number of shares of stock that the Corporation shall have authority to issue is 71,000,000, consisting of the following:

70,000,000 shares of Common Stock, par value \$0.001 per share. Each share of Common Stock shall entitle the holder thereof to one (1) vote on each matter submitted to a vote at a meeting of stockholders.”

The remaining paragraphs of Article IV of the Certificate of Incorporation, as well as other parts of the Certificate of Incorporation, are not amended or changed in any way. A copy of the Certificate of Amendment by the Company to amend and restate Article IV of the Certificate of Incorporation is attached to this proxy statement as Appendix A. For a description of the material terms and provisions of our common stock and each other class of our securities which qualifies or limits our common stock, please see the description of our capital stock in our Registration Statement on Form 8-A12B/A filed on November 15, 2016.

Reasons for the Proposed Amendment

Given the small number of authorized shares of common stock currently available under our Certificate of Incorporation, we believe that an increase in the number of authorized shares of our common stock is critical to ensure that a sufficient number of shares is available for future issuances if and when our Board of Directors deems it to be in our and our stockholders’ best interests. While we have no current plans to issue any shares that will be authorized if the increase is approved, we may use any of the increased shares of common stock at the time and in the manner approved by the Board of Directors, which may include, but are not limited to, raising capital through equity financing, executing strategic transactions or establishing collaborative relationships, acquiring businesses or assets and issuance of equity awards to employees and service providers. In addition, having sufficient additional authorized but unissued shares available for issuance to meet business needs as they arise may avoid the potential costs or delay of holding a special meeting of stockholders to approve additional authorized shares at that time. We believe that if we do not obtain stockholder approval to increase the number of authorized shares of our common stock, our future planned operations and financial conditions may be impacted.

Effects of Stockholder Approval of Increased Authorized Shares

If the proposed amendment is approved and adopted, the additional authorized shares of common stock may be issued from time to time by actions of our Board of Directors without further stockholder approval, except as required by law, regulatory authorities or corporate governance listing rules of the New York Stock Exchange ("NYSE"). The increase in authorized shares of common stock will not alter our current number of issued and outstanding shares of common stock. The relative rights and limitations of the shares of common stock will remain unchanged under this amendment. The additional shares of common stock to be authorized by stockholder approval under this Proposal 3 would have the rights identical to the currently outstanding shares of our common stock. Our stockholders will not realize any dilution in their percentage of equity ownership or their voting rights as a result of the increase. However, issuances of significant numbers of additional shares of common stock in the future may dilute stockholders' percentage of ownership, and if such shares are issued at prices below what current stockholders paid for their shares, may dilute the value of current stockholders' shares. Under our Certificate of Incorporation, stockholders do not have preemptive rights to purchase additional securities that may be issued by the Corporation. This means that current stockholders do not have a prior right to purchase any new issuances of shares in order to maintain their proportionate ownership interests in the Corporation.

The additional shares of common stock that would become available for issuance may also be used to oppose a hostile takeover attempt or to delay or prevent changes in control of the Corporation. For example, without further stockholder approval, the Board of Directors could strategically sell shares of common stock in a private transaction to purchasers who would oppose a takeover or favor the current Board of Directors. However, this proposal to increase authorized shares is prompted by business and financial considerations and not by the threat of any hostile takeover attempt.

Additional Anti-Takeover Considerations

There are other provisions currently in our Certificate of Incorporation and Bylaws and under Delaware law which could have an anti-takeover effect. A summary of these provisions is set forth below. These provisions, as well as the authority of our Board of Directors to issue additional shares of common stock, could be used by our Board in a manner calculated to prevent the removal of management or make it more difficult or discourage a change in control of our company. The distribution of rights and certain aspects of the following provisions in our Certificate of Incorporation and Bylaws were designed to afford our Board of Directors the opportunity to evaluate the terms of a takeover attempt without haste or undue pressure, advise stockholders of its findings, and to negotiate to protect the interests of all stockholders.

Certificate of Incorporation and Bylaws

We are authorized to issue 1,000,000 shares of Preferred Stock, although no shares of preferred stock are currently outstanding. Our Board of Directors, without further stockholder approval (except as may be required by applicable law or the rules of any stock exchange on which the Corporation's securities may be listed), has the authority to issue shares of preferred stock in one or more series and to fix the designations, powers, preferences and rights, and the qualifications, limitations or restrictions thereof, including without limitation: dividend rights; dividend rates; conversion rights; voting rights; rights and terms of redemption (including sinking fund provisions); redemption price or prices; liquidation preferences; and the number of shares constituting any series and the designation of such series. If our Board of Directors elects to exercise this authority, the rights and privileges of holders of shares of common stock could be made subject to the rights and privileges of such series of preferred stock. Although the Board of Directors has no intention at the present time of doing so, it could issue a series of preferred stock that could, depending on the terms of such series, impede the completion of a merger, tender offer or other takeover attempt. Our Bylaws provide that stockholders seeking to nominate candidates for election as directors at, or propose other business to be brought before, an annual or special meeting of stockholders must meet specified procedural requirements, including providing advance notice of such nomination or proposals, and cumulative voting for the election of directors is prohibited. These provisions may preclude stockholders from making nominations for directors at, or proposing other business to be brought before, an annual or special meeting of stockholders. Our Certificate of Incorporation and Bylaws permit special meetings of stockholders to be called at any time by the

Chairman of the Board, by the President, by resolution of the Board of Directors adopted by a majority of the total number of authorized directors, or by stockholders holding not less than 20 percent of the voting power of the Corporation. Both our Certificate of Incorporation and Bylaws permit the taking of any action which may be taken at any annual or special meeting of stockholders by written consent without a meeting.

Section 203 of Delaware Law

We are subject to the provisions of Section 203 of the Delaware General Corporation Law. Section 203 prohibits publicly held Delaware corporations from engaging in a “business combination” with an “interested stockholder” for a period of three years after the date of the transaction in which the person became an interested stockholder, unless the business combination is approved in a prescribed manner. A “business combination” includes mergers, asset sales and other transactions resulting in a financial benefit to the interested stockholder. Generally, an “interested stockholder” is a person who, together with affiliates and associates, owns or was, within the three-year period immediately prior to the date on which it is sought to be determined whether such person is an interested stockholder, an owner of 15 percent or more of a corporation’s voting stock. These provisions could have the effect of delaying, deferring or preventing a change in control of the Corporation or reducing the price that certain investors might be willing to pay in the future for shares of common stock.

Votes Required

The affirmative vote of a majority of the shares of our common stock outstanding and entitled to vote at the Annual Meeting is required to approve the amendment to our Certificate of Incorporation to effect the proposed increase in the Corporation's authorized common stock. The amendment to the Certificate of Incorporation will be effective immediately upon acceptance of filing by the Secretary of State of Delaware of the Certificate of Amendment following stockholder approval of this proposal.

Recommendation of the Board of Directors

The Board of Directors recommends that the stockholders vote FOR approval of the amendment to our Certificate of Incorporation to increase the number of authorized shares of our common stock from 36,000,000 shares to 70,000,000 shares, and proxies solicited by the Board of Directors will be voted in favor thereof, unless a stockholder has indicated otherwise on the proxy.

PROPOSAL 4

RATIFICATION OF APPOINTMENT OF INDEPENDENT
REGISTERED ACCOUNTING FIRM

General

The Audit Committee of the Board of Directors has appointed KPMG LLP as the Corporation's independent registered public accounting firm (the "independent accountants") for the fiscal year ending December 31, 2019. At the annual meeting, stockholders are being asked to ratify the appointment of KPMG LLP as the Corporation's independent accountants for fiscal year 2019. In the event the stockholders fail to ratify the appointment of KPMG LLP, the Audit Committee will reconsider its selection.

Representatives of KPMG LLP are expected to be present at the annual meeting. They have been offered the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

Principal Independent Accountants' Fees and Services

The following table sets forth the approximate aggregate fees billed to the Corporation during or for fiscal years 2017 and 2018:

	2018	2017
Audit Fees (1)	\$1,022,361	\$976,526
Audit-Related Fees (2)	\$—	\$—
Tax Fees (3)	\$89,000	\$—
All Other Fees (4)	\$235,000	\$—
Total Fees	\$1,346,361	\$976,526

Audit Fees: This category consists of the fees billed for those fiscal years for the audit of annual financial statements, review of the financial statements included in the annual report on Form 10-K and quarterly reports on (1) Form 10-Q and services that are normally provided by the independent registered public accounting firm in connection with statutory and regulatory filings or engagements for those fiscal years.

Audit-Related Fees: This category consists of fees billed in those fiscal years with respect to assurance and related (2) services by the independent accountants that are reasonably related to the performance of the audit and review of financial statements and are not reported under "Audit Fees."

Tax Fees: This category consists of fees billed in those fiscal years with respect to professional services rendered (3) by the independent accountants for tax compliance, tax advice and tax planning. All tax fees, if any, were pre-approved by the Audit Committee. Fees for fiscal year 2018 include fees paid for tax advice relating to a proposed merger and related activities.

All Other Fees: This category consists of fees billed in those fiscal years which are not covered by "Audit Fees," (4) "Audit-Related Fees" and "Tax Fees." Fees for fiscal year 2018 include fees paid for services provided by KPMG LLP relating to a proposed merger and related activities.

The Audit Committee has considered and concluded that the provision of services described above is compatible with maintaining the independence of KPMG LLP.

The Audit Committee has adopted a pre-approval policy regarding the rendering of audit, audit-related and non-audit services by KPMG LLP. In general, audit fees are reviewed and approved by the Audit Committee annually.

Audit-related and non-audit services are pre-approved by the Audit Committee. The Audit Committee has delegated authority to its Chairman to pre-approve specific services to be rendered by KPMG LLP subject to ratification by the Audit Committee when it next convenes a meeting.

Recommendation of the Board of Directors

The Board of Directors unanimously recommends a vote FOR the adoption of the proposal to ratify the appointment of KPMG LLP as SJW Group's independent accountants for fiscal year 2019. Unless otherwise instructed, the proxy holders named in each proxy will vote the shares represented thereby FOR this Proposal.

OWNERSHIP OF SECURITIES

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the executive officers and directors of the Corporation, and persons who own more than 10 percent of a registered class of the Corporation's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission and the New York Stock Exchange. These persons are required to furnish SJW Group with copies of all Section 16(a) forms they file. Based solely on its review of the copies of such reports received by it, and written representations from certain reporting persons that no other reports were required during 2018, SJW Group believes that all Section 16(a) reporting obligations were met during 2018 except that Ms. Wendy Avila-Walker did not file a Form 3 timely and was late in reporting 16 transactions during the two and one half years since June 2016 that should have been reported on Forms 4, all due to a mistaken understanding on the part of the Corporation that, because she was not an executive officer as such term is defined under Rule 3b-7 of the Securities Exchange Act of 1934, as amended, that she was not required to file reports under Section 16(a).

Security Ownership of Certain Beneficial Owners and Management

The following table sets forth, as of March 4, 2019, certain information concerning beneficial ownership of shares of SJW Group common stock by each director of the Corporation, nominee for director, the Corporation's Chief Executive Officer, the Corporation's Chief Financial Officer and each of the Corporation's other executive officers named in the Summary Compensation Table below (the "named executive officers"), all directors, nominees and executive officers as a group, and any beneficial owner of five percent or more of outstanding shares of common stock of SJW Group. Unless otherwise indicated, the beneficial ownership consists of sole voting and investment power with respect to the shares indicated, except to the extent that spouses share authority under applicable law. None of the shares reported as beneficially owned by the named executive officers, directors and nominees for director have been pledged as security for any loan or indebtedness. Unless otherwise indicated, the principal address of each of the stockholders below is c/o SJW Group, 110 W. Taylor Street, San Jose, California 95110. The calculations in the table below are based on 28,431,124 shares of common stock issued and outstanding as of March 4, 2019. In addition, shares of common stock that may be acquired by the person shown in the table within 60 days of March 4, 2019, are deemed to be outstanding for the purpose of computing the percentage of ownership of such person, but are not deemed to be outstanding for the purpose of computing the percentage of ownership of any other person shown in the table.

EXECUTIVE SUMMARY

Executive Compensation Highlights

In fiscal year 2018, we continued our strong commitment to pay for performance by aligning a significant portion of executive compensation with performance. As indicated in the charts below, the 2018 performance-based and long-term incentive compensation for Mr. Thornburg, our President and CEO, constituted 61 percent of his annual total target direct compensation (not including the special sign-on cash bonus paid in 2018); and the 2018 performance-based and long-term incentive compensation for our other named executive officers, as a group, constituted 38 percent of the officers' annual total target direct compensation; these allocations are generally consistent with the average for our peer group as set forth in the charts below. Accordingly, a significant portion of our named executive officers' compensation is "at risk."

Our compensation program for the named executive officers consisted primarily of base salary, a cash incentive program and an equity incentive program in the form of performance-based and service-based restricted stock units ("RSU"). The cash and equity incentive programs are driven by metrics that align with the Corporation's business, short-term strategic operating goals and long-term growth strategy. The only fixed component of pay is base salary. For the 2018 fiscal year, 75 percent of the target performance-based cash incentive award for the executive officers, including the CEO, was based on performance goals tied to capital additions, water quality compliance and several key operational goals measuring the successful operation of the business and 25 percent of the target performance-based cash incentive award was based on strategic objectives. For the performance-based RSUs, which are aligned with the long-term interests of our stockholders, the goals included total shareholder return, return on equity and earnings per share.

TARGET PAY MIX

Executive Compensation Practices and Governance Highlights

WHAT WE DO

- a Align our executive pay with performance
- a Include a "clawback" provision in our performance stock awards
- Provide an appropriate balance of annual and long-term incentives and include multiple measures of performance that are tied to our strategies, goals and stock price performance
- a Prohibit hedging and pledging of the Corporation's common stock
- a Provide change in control payments under the Executive Severance Plan only on a double trigger
- a Maintain a meaningful equity ownership policy for the named executive officers
- a Include caps on individual payouts in short-term and long-term incentive plans
- The Executive Compensation Committee has retained independent compensation consultants
- a Hold an annual "say-on-pay" advisory vote
- a Regularly evaluate our peer group and pay positioning
- a Annually assess risks in our compensation programs

WHAT WE DON'T DO

- r Pay dividends on unvested equity awards
- r Provide excessive perquisites
- r Provide excise tax gross-up to the CEO or tax gross-up to any NEOs on perquisites
- r Allow short sales or purchases of equity derivatives of our common stock by officers or directors
- r Time the release of material non-public information to affect the value of executive compensation

COMPENSATION OBJECTIVES AND PHILOSOPHY

The Committee seeks to maintain an overarching pay-for-performance compensation philosophy through the use of compensation programs for the Corporation's executive officers that are designed to attain the following objectives:

- Recruit, motivate and retain executives capable of meeting the Corporation's strategic objectives;
- Provide incentives to achieve superior executive performance and successful operation and financial results for the Corporation; and
- Align the interests of executives with the long-term interests of stockholders.

The Committee seeks to achieve these objectives by:

- Establishing a compensation structure that is both market competitive and internally fair;
- Linking a substantial portion of compensation to the Corporation's operational and financial performance and the individual's contribution to that performance;
- Maintaining a compensation structure that is designed to provide below-target compensation for underachievement and upward leverage for exceptional performance; and

Providing long-term equity-based incentives and encouraging direct stock ownership by executive officers.

The Committee is not authorized to delegate any of its authority with respect to executive officer compensation, other than with respect to routine administrative functions. However, the Committee may from time to time consult with other independent Board members regarding executive compensation matters and is authorized to hire independent compensation consultants and other professionals to assist in the design, formulation, analysis and implementation of compensation programs for the Corporation's executive officers and other key employees.

DISCUSSION AND ANALYSIS

This section provides detailed information about our named executive officers' 2018 compensation and the Committee's decision making process.

Components of Compensation

For the 2018 fiscal year, the principal components of the Corporation's executive compensation program were as follows:

Base salary;

Annual short-term cash incentives;

Long-term equity incentive awards; and

Retirement benefit accruals.

In setting the 2018 compensation of the executive officers, the Committee intended to provide a consistent mix of fixed (salary) and variable short-term incentive cash compensation by defining the target STI as 50 percent of salary for the CEO and 25 percent of salary for the other named executive officers. However, there is no policy for the allocation of compensation between cash and non-cash (equity) components or between short-term and long-term components, and there are no pre-established ratios between the CEO's compensation and that of the other named executive officers.

The named executive officers are also provided with market competitive benefits and perquisites and are entitled to certain severance benefits in the event their employment terminates under certain defined circumstances, as more fully set forth below in this section and in the section entitled "Employment Agreements, Offer Letters, Termination of Employment and Change in Control Arrangements" that appears later in this proxy statement.

Base Salary

It is the Committee's objective to set a competitive annual rate of base salary for each executive officer. The Committee believes that such competitive base salaries are necessary to attract and retain top quality executives.

2018 Base Salary for CEO: Pursuant to Mr. Thornburg's employment agreement, his base salary for calendar year 2018 was set at \$700,000, with no increase from 2017 since he joined the Corporation during the fourth quarter of 2017. The Committee believes that this salary appropriately reflects Mr. Thornburg's performance and experience within the context of the overall compensation philosophy.

2018 Base Salary of the Other Named Executive Officers: In setting the 2018 fiscal year base salaries for the other named executive officers, the Committee considered each executive officer's tenure and responsibilities with the Corporation, competitive market data for the officer's position, the high cost of living in the San Francisco Bay Area, internal pay equity considerations, and the other components of the officer's total direct compensation for the year. The Committee approved salary adjustments that ranged from 2.9 to 5 percent increases for such named executive officers.

Accordingly, the base salary levels in effect for the 2017 and 2018 fiscal years for each named executive officer and the applicable percentage increases for the 2018 fiscal year are as follows:

Name	Title	2017 Salary	2018 Salary	% Increase
Eric W. Thornburg	President, Chief Executive Officer and Chairman of the Board	\$700,000	\$700,000	0.0 %
Andrew R. Gere	President and Chief Operating Officer of SJWC	\$448,000	\$461,000	2.9 %
Palle L. Jensen	Executive Vice President of SJWC	\$378,000	\$389,000	2.9 %
James P. Lynch	Chief Financial Officer and Treasurer	\$428,000	\$441,000	3.0 %
Suzy Papazian	General Counsel and Corporate Secretary	\$362,000	\$380,000	5.0 %

Annual Cash Incentive Compensation

The annual cash incentive awards are designed to reward superior corporate and executive performance while reinforcing the Corporation's short-term strategic operating goals.

Target Incentive Amounts

Each year, the Committee establishes target annual incentive cash compensation for each named executive officer (tied to either a percentage of base salary or a specific dollar amount). The target annual cash incentive compensation levels in effect for the 2017 and 2018 fiscal years for each named executive officer and the applicable percentage increases for the 2018 fiscal year are as follows:

Name	Title	Annual Incentive Cash Compensation		
		2017 Target (\$)	2018 Target (\$)	% Increase
Eric W. Thornburg	President, Chief Executive Officer and Chairman of the Board	N/A	\$350,000	N/A
Andrew R. Gere	President and Chief Operating Officer of SJWC	\$112,000	\$115,000	2.7 %
Palle L. Jensen	Executive Vice President of SJWC	\$95,000	\$97,000	2.1 %
James P. Lynch	Chief Financial Officer and Treasurer	\$107,000	\$110,000	2.8 %
Suzy Papazian	General Counsel and Corporate Secretary	\$91,000	\$95,000	4.4 %

Performance Goals

The performance goals set by the Committee for the 2018 fiscal year, together with the portion of target annual cash incentive compensation allocated to each goal, were as set forth below.

Performance Criteria	% Allocation
San Jose Water Company 2018 Capital Additions (1)	40%
San Jose Water Company Water Quality Compliance (2)	20%
San Jose Water Company Key Operational Goals (3)	15%
Strategic Objectives (4)	25%

Represents San Jose Water Company's capital expenditures made in 2018, including the cost to retire facilities and (1) excluding expenditures made in connection with IRS bonus depreciation infrastructure reinvestments. Target goal is \$103,400,000.

Target is achieved if San Jose Water Company does not receive a citation during the performance period from the (2) California Division of Drinking Water (DDW) (i) for violating health-related drinking water standards and treatment techniques specified in the U.S. National Primary Drinking Water Regulations and California Code of Regulations Title 22, Chapter 15; or (ii) for violating secondary maximum contaminant criteria.

San Jose Water Company annually establishes quantitative key operational goals that are designed to align management's operating objectives with the primary goals of the company's strategic plan. The operational goals (3) represent a mix of quantitative goals covering key business objectives used to manage the business that are critical to achieving and maintaining superior performance in the public utilities industry. For the 2018 fiscal year, the operational goals were comprised of 6 key performance indicators related to environmental compliance, workplace safety, distribution system operations, and customer service.

(4) The strategic objectives listed below were established for all the executive officers, including for the CEO. The target goal is reached by achieving 5 of the 6 goals.

• Achieve 2018 SJW Group planned operating budget/results;

• Develop and conduct a customer satisfaction survey and prepare a response plan;

• Develop and conduct an employee satisfaction survey and prepare a response plan;

• Develop and implement a Community Engagement and Corporate Citizenship Initiative;

• Implement the Information Governance Initiative; and

• Prepare an Environmental Sustainability Report for SJW Group.

The actual annual cash incentive compensation attributable to each performance goal could have ranged from 0 to 150 percent of the portion of the target annual cash incentive compensation amount allocated to that goal with an additional 50 percent of target annual cash compensation for the executive officers other than the CEO based on exceptional individual performance. If the actual level of attainment of any such performance goal was between two of the designated levels, then the annual cash incentive compensation potential with respect to that goal would be interpolated on a straight-line basis.

2018 Fiscal Year Payout

In February 2019, the Committee determined, on the basis of the Corporation's performance in relation to the performance criteria listed above and the executive officer's individual performance, that the cash incentive compensation for the 2018 fiscal year should be paid to the named executive officers in amounts ranging from 145 to 187 percent of target based on (i) reaching 145 percent of the target allocated to the performance goals described above, and (ii) an additional \$40,000 for each of the named executive officers, other than the CEO, for exceptional individual performance in connection with the strategic direction of the Corporation. In determining the level of attainment of the performance criteria, the Committee adjusted the 2018 operating results for costs and expenses incurred in connection with a proposed merger transaction and related activities. The table below sets forth the fiscal year 2018 cash incentive compensation targets and actual cash incentive compensation payout amounts for each of the named executive officers on the basis of the performance criteria listed above:

Name	2018 Incentive Cash Compensation		
	Target	Actual	Actual
	(\$)	(\$)	(% Target)
Eric W. Thornburg	\$350,000	\$506,625	145%
Andrew R. Gere	\$115,000	\$206,463	180%
Palle L. Jensen	\$97,000	\$180,408	186%
James P. Lynch	\$110,000	\$199,225	181%
Suzy Papazian	\$95,000	\$177,513	187%

In addition, Mr. Thornburg received a sign-on bonus in the amount of \$310,000 in February 2018 in accordance with the terms of his employment agreement. This bonus was intended in part to offset the 2017 cash incentive award forfeited by Mr. Thornburg in light of his move to the Corporation.

Equity Compensation

A significant portion of each named executive officer's compensation is provided in the form of long-term incentive equity awards under the Corporation's Long-Term Incentive Plan ("LTIP"). Long-term incentive awards are typically made to executive officers in the form of time-based RSUs and leveraged performance-based RSUs covering shares of the Corporation's common stock.

The time-based RSUs granted to date have vesting schedules that provide a meaningful incentive for the executive officer to remain in the Corporation's service. Leveraged performance-based RSUs are also used to payout at increasing rates based on the level of attainment of the specified performance goals. None of the RSU awards granted to the named executive officers include dividend equivalent rights.

2018 Fiscal Year Grants to CEO: On January 2, 2018, Mr. Thornburg was granted a service-based RSU award covering 3,545 shares that vest in three equal installments on each of December 31, 2018, December 31, 2019 and December 31, 2020.

On January 30, 2018, Mr. Thornburg was granted a performance-based RSU award covering 6,342 target shares that vests based on relative total shareholder return ("TSR") measured from January 1, 2018 to December 31, 2020 and a performance-based RSU award covering 2,537 target shares that vests following completing of the 3-year period measured from January 1, 2018 through December 31, 2020 based on the level of attainment of the Corporation's earnings per share ("EPS") for the 2020 calendar year, in each case, and continued service through December 31, 2020. The number of shares issuable under such TSR award and EPS award will range between 0 to 200 percent and 0 to 150 percent, respectively, of the target number of shares under such awards based on the level of actual attainment of the specified performance goals.

2018 Fiscal Year Grants to the Other Named Executive Officers: On January 2, 2018, Messrs. Gere, Jensen and Lynch, and Ms. Papazian were each granted RSUs covering an aggregate number of shares of the Corporation's common stock specified below that vest in three equal installments upon completion of each year of service over the three-year period measured from the grant date.

In addition, on January 30, 2018, Messrs. Gere, Jensen and Lynch, and Ms. Papazian were each granted two performance-based RSU awards covering the target number of shares specified below. One of the performance-based awards vested based on the level of achievement of a performance goal based on return on equity ("ROE") measured over the 2018 calendar year period and continued service through December 31, 2018. The ROE goals for the awards at threshold, target and maximum levels were 8.21 percent, 9.23 percent and 10.26 percent, respectively. The corresponding number of shares issuable to an individual under each such ROE performance-based award was 50 percent, 100 percent, and 150 percent of the target number of shares specified for such individual at threshold, target and maximum levels of performance, respectively, and no shares would have been issued if the minimum threshold level of performance had not been attained. The other award vests following completion of the 3-year period measured from January 1, 2018 through December 31, 2020 based on the level of the Corporation's EPS for the 2020 calendar year and continued service through December 31, 2020. The number of shares issuable under such EPS awards will range between 0 to 150 percent of the target number of shares based on the level of actual attainment of the specified performance goals.

The chart below indicates the number of shares of the Corporation's common stock underlying the RSU awards granted to the named executive officers other than the CEO in January 2018.

Name	Number of Shares subject to Service RSU Award (1)	Target Number of Shares for ROE RSU Award (2)	Target Number of Shares for EPS RSU Award (3)
Andrew R. Gere	1,285	827	552
Palle L. Jensen	1,229	792	528
James P. Lynch	1,403	904	603
Suzy Papazian	1,253	807	538

(1) The aggregate number of shares was determined by dividing a designated dollar amount by \$63.47, the closing selling price of the Corporation's common stock on the January 2, 2018 grant date. The designated dollar amount was \$81,500 for Mr. Gere, \$78,000 for Mr. Jensen, \$89,000 for Mr. Lynch and \$79,500 for Ms. Papazian.

(2) The target number of shares was determined by dividing a designated dollar amount by \$59.13, the closing selling price of the Corporation's common stock on the January 30, 2018 grant date. The designated dollar amount was \$48,900 for Mr. Gere, \$46,800 for Mr. Jensen, \$53,400 for Mr. Lynch and \$47,700 for Ms. Papazian.

(3) The target number of shares was determined by dividing a designated dollar amount by \$59.13, the closing selling price of the Corporation's common stock on the January 30, 2018 grant date. The designated dollar amount was \$32,600 for Mr. Gere, \$31,200 for Mr. Jensen, \$35,600 for Mr. Lynch and \$31,800 for Ms. Papazian.

The Committee believes the TSR, ROE and the EPS goals for the performance-based RSU awards are challenging and difficult to achieve, but attainable with significant skill and effort on the part of the executive team.

2018 ROE Awards Earned: In February 2019, the Committee determined, on the basis of an ROE of 11.67 percent for calendar year 2018, that Messrs. Gere, Jensen, and Lynch, and Ms. Papazian vested in 1,240, 1,188, 1,356, and 1,210 shares of common stock, respectively, under the ROE awards. In determining the level of ROE, the Committee adjusted the 2018 net income and year-end 2018 capital for costs and expenses incurred in 2018 in connection with a proposed merger and related activities.

Executive Benefits and Perquisites

The named executive officers are provided with certain market competitive benefits and perquisites. It is the Committee's belief that such benefits are necessary for the Corporation to remain competitive and to attract and retain top caliber executive officers, since such benefits are commonly provided by peer group companies.

Retirement Benefits: Executive officers are eligible to receive retirement benefits under San Jose Water Company's Retirement Plan, a tax-qualified defined benefit plan covering a broad spectrum of the company's employees.

Executive officers hired before March 31, 2008 are eligible to receive additional retirement benefits under the Executive Supplemental Retirement Plan ("SERP"), and executive officers hired on or after March 31, 2008 are eligible to receive additional retirement benefits under the Cash Balance Executive Supplemental Retirement Plan ("Cash Balance SERP"). Both of those plans are non-qualified plans in which only senior officers and other designated members of management may participate, and such individuals remain general creditors of San Jose Water Company with respect to their accrued benefits under those plans until the benefits are paid. A description of the plans and the benefits payable to each named executive officer upon retirement is set forth in the Pension Benefits table and the accompanying narrative that appears later in this proxy statement.

The pension benefits payable to Messrs. Gere and Jensen, and Ms. Papazian under the SERP increase in correlation with increases in their compensation levels and years of service. However, the present value of each executive officer's accrued pension benefit under the SERP will not only reflect such increases, but will also fluctuate from year to year based on the mortality tables and the interest rate used to discount anticipated future

payments so that when interest rates decrease for example, the present value associated with the underlying benefit may increase.

Messrs. Lynch and Thornburg commenced employment with the Corporation after March 31, 2008 and accordingly participate in the Cash Balance SERP. Under that plan, each participant will receive compensation credits and interest credits on a quarterly basis to the book account maintained for him or her under the plan. The amount of the compensation credit each quarter will be tied to his or her compensation for that quarter and his or her years of credited service, and the percentage of compensation to be credited on such quarterly basis will increase as the participant's years of credited service increase. For Mr. Thornburg, (i) the percentage of compensation credited to his Cash Balance SERP account each quarter until the quarter he turns 65 will be at 39 percent of his quarterly compensation in lieu of the lower percentage levels in effect for other participants, (ii) the special sign-on bonus specified in his employment agreement will be included in his compensation for the plan quarter in which it is paid, and (iii) he will vest in his accrued benefit under such plan once he turns 65 instead of the regular 10-year vesting schedule in effect for the other participants. As of December 31, 2018, Mr. Thornburg had not vested in his accrued benefit under such plan. For Mr. Lynch, the percentage of compensation credited to his Cash Balance SERP account for the first 20 years of credited service will be at 15 percent of his quarterly compensation in lieu of the lower percentage levels in effect for other participants, and he vested in his accrued benefit under such plan after three years of service.

For further information concerning the SERP and the Cash Balance SERP, please see the section entitled "Pension Benefits" that appears later in this proxy statement.

Broad-Based Employee Benefit Plans: Executive officers are also eligible to participate in San Jose Water Company's Salary Deferral Plan, a tax-qualified 401(k) defined contribution plan. San Jose Water Company matches up to four percent of each participant's contributions, subject to certain statutory limits. Such plan is open to all employees and officers under the same terms and conditions.

Elective Deferral: The named executive officers and certain other highly compensated employees may participate in San Jose Water Company's Special Deferral Election Plan pursuant to which eligible participants may defer up to 50 percent of their base salary and up to 100 percent of their cash incentive compensation. The deferred amounts are credited with a fixed rate of interest, compounded semi-annually and reset at the beginning of each calendar year at the lower of (i) the then current 30-year long-term borrowing cost of funds to San Jose Water Company (or the equivalent thereof), as measured as of the start of such calendar year, or (ii) 120 percent of the long-term Applicable Federal Rate determined as of the start of such calendar year and based on semi-annual compounding.

Other Benefits and Perquisites: All administrative employees, including executive officers, are eligible to receive standard health care, disability, life and travel insurance, and professional development benefits. In addition, the Corporation provides certain executives from time to time with (i) vehicles for business use and personal commutes, and (ii) club memberships. The Corporation also purchases season tickets to sporting and cultural events which the executive officers and personnel of the Corporation may use for non-business purposes on occasions. Mr. Thornburg was also reimbursed for reasonable relocation expenses in connection with his move to the San Jose area (including temporary housing expenses in the San Jose area for up to 12 months), and is reimbursed for reasonable business related personal expenses approved by the Chair of the Committee of up to \$40,000 per calendar year.

The Corporation does not provide tax gross-ups for any imputed income in connection with providing those particular benefits and perquisites.

Setting Executive Compensation for 2018

The principal factors that the Committee considered when setting the 2018 fiscal year compensation levels for the named executive officers were as follows:

- Competitive benchmarking;
- Long-term retention;
- Management's recommendations;

- Advice from the Committee's independent compensation consultant and other compensation advisors;
- Results of the last "say-on-pay" proposal;
- Feedback from stockholders and stockholder advisory groups;
- Comparison of the Corporation's performance against certain operational and qualitative goals identified in the Corporation's strategic plan;
- Individual performance as assessed by the Committee, with input from the CEO as to the named executive officers other than himself;
- The cost of living and cost of labor in the San Francisco Bay Area; and
- Tenure, future potential, and internal pay equity.

Major compensation decisions for each fiscal year, including base salary adjustments, the determination of target annual incentive cash compensation opportunities and the determination of the size of long-term equity incentive awards, are generally made by the Committee during the last quarter of the prior year or during the first quarter of the current year.

Benchmarking: The Committee made a number of decisions regarding 2018 fiscal year compensation for the named executive officers (other than for Mr. Thornburg) on the basis of the executive compensation benchmarking report prepared by Mercer (US), Inc. ("Mercer") in October 2017. The report benchmarked the compensation paid by the peer group (as described below) to their executive officers.

Mr. Thornburg's 2018 compensation was negotiated under his employment agreement. In determining compensation for Mr. Thornburg, the Committee used compensation benchmarking reports prepared by Mercer and by Pearl Meyer in September 2017.

Target Pay Positioning: For the 2018 fiscal year, the Committee targeted total annual direct compensation between the median and the 75th percentile of the peer group in light of the highly competitive San Francisco Bay Area talent market and the higher cost of living and cost of labor for the Corporation as compared to its peers. The Committee uses the peer group compensation as just one of the factors in its pay decisions. Individual positioning relative to market data also gives consideration to tenure, performance, potential and internal equity. In 2017, in response to feedback from stockholder advisory groups, the Committee reviewed the target pay positioning policy described above. Mercer provided the Committee with an analysis of the cost of living and cost of labor for peer companies based on their corporate headquarters location, with the cost of labor focused on positions with compensation levels in a similar range to the Corporation's executive officers. Based on the findings of this analysis, the Committee decided to continue to target compensation for executive officers between the median and the 75th percentile, subject to additional considerations of tenure, potential and internal equity.

The table below shows the projected market positioning of the executive officer target total direct compensation relative to the peer group based on data as was provided by Mercer to the Committee in September and October 2017.

Name	Title	Percentile Level of Total Target Direct Compensation for 2018 Fiscal Year
Eric W. Thornburg	President, Chief Executive Officer and Chairman of the Board	46 th (1)
Andrew R. Gere	President and Chief Operating Officer of SJWC	68 th
Palle L. Jensen	Executive Vice President of SJWC	57 th
James P. Lynch	Chief Financial Officer and Treasurer	65 th
Suzy Papazian	General Counsel and Corporate Secretary	53 rd

This reflects positioning of Mr. Thornburg's 2018 target compensation, excluding the sign-on cash bonus paid in (1)2018. This bonus was intended in part to offset the 2017 cash incentive award forfeited by Mr. Thornburg in light of his move to the Corporation.

Peer Group: Each year, the Committee works with its independent compensation consultant to determine the appropriate peer group for benchmarking our executive compensation program. The peer group is generally comprised of companies that are U.S. publicly traded utility companies of similar size and companies that are identified externally as the Corporation's peers. Based on recommendations from Mercer in July 2017, the Committee approved the peer group set forth below which was used for Mr. Thornburg's compensation under his employment agreement and for all the other executive officers' 2018 compensation. The Committee believed that all of the peer companies continued to represent primary competitors for executive talent and investment capital.

Peer Group

American States Water	Aqua America	Artesian Resources	Avista Corp.
California Water Service Group	Chesapeake Utilities	Connecticut Water Service	El Paso Electric PNM
Middlesex Water	MGE Energy	Northwest Natural Gas	Resources Inc.
South Jersey Industries	Unitil	York Water	

Role of External Advisors: The Committee engaged Mercer, a global human resource consulting firm with extensive expertise and experience providing executive compensation consulting services, to serve as the Committee's independent compensation consultant. Mercer provided the following services:

- Advised the Committee in selecting a peer group to be used for benchmarking compensation;
- Conducted a competitive review of officer compensation levels and practices relative to the peer group;
- Advised the Committee in determining the appropriate base salary, annual incentive and equity compensation terms for the named executive officers, including Mr. Thornburg, and other officers;
- Advised the Committee regarding short and long-term incentive compensation design changes; and
- Confirmed the competitiveness of director compensation relative to the peer group.

Representatives of Mercer attended certain Committee meetings and provided guidance and expertise on competitive pay practices and plan designs consistent with key objectives.

The Committee determined that Mercer was independent and that its work did not raise any conflict of interest. The Committee made such determinations primarily on the basis of the six factors for assessing independence and identifying potential conflicts of interest that are set forth in Rule 10C-1(b)(4) under the Securities Exchange Act of 1934. The Committee will apply the same factors, together with any factors identified by the New York Stock Exchange and any other factors the Committee may deem relevant under the circumstances, in determining whether any other persons from whom the Committee seeks advice relating to executive compensation matters is independent or whether any potential conflicts exist.

Role of Management: Mr. W. Richard Roth, the President and Chief Executive Officer of the Corporation until November 5, 2017, provided the Committee with recommendations regarding 2018 fiscal year compensation levels for each of the named executive officers other than Mr. Thornburg. Such recommendations included base salary adjustments, target annual incentive cash compensation opportunities and payout levels, and the size of long-term incentive awards. Mr. Thornburg provided the Committee with his assessment of the individual performance of each of the other named executive officers during 2018.

OTHER COMPENSATION MATTERS

Impact of 2018 "Say-on-Pay" Vote

We held our last "say-on-pay" vote in 2018 and over 95 percent of the votes cast on such proposal were in favor of the compensation of the named executive officers.

The Committee will continue to take into account future stockholder advisory votes on executive compensation and other relevant market developments affecting executive officer compensation in order to determine whether any subsequent changes to our programs and policies are warranted to reflect stockholder concerns or to address market developments.

Risk Assessment

The Committee, with the input and assistance of the Corporation's Human Resources Department, reviewed the various compensation programs maintained by the Corporation and its subsidiaries to determine whether any of those programs, including those maintained for the named executive officers, encouraged excess risk taking that would create a material risk to the Corporation's economic viability. Based on that review and the fact that the Corporation operates in a heavily-regulated environment, the Committee concluded it was not reasonably likely that any of the Corporation's compensation programs, including the executive officer compensation programs, would have a material adverse effect upon the Corporation. For further information concerning the overall compensation risk assessment process, please see the section to this proxy statement entitled "Executive Compensation and Related Information - Risk Assessment of Compensation Policies and Practices," which appears later in this proxy statement.

Other Key Executive Arrangements

Employment Agreements

The Corporation has entered into an employment agreement with Mr. Thornburg which is described more fully in the section titled "Employment Agreements, Offer Letters, Termination of Employment and Change in Control Arrangements."

Executive Severance Plan and Severance Programs

Executive Severance Plan: The Corporation maintains an Executive Severance Plan under which Mr. Thornburg and the other named executive officers will become entitled to certain severance benefits on a so-called double trigger basis in the event their employment were to terminate under certain defined circumstances in connection with a change in control of the Corporation. Accordingly, such benefits would be triggered in connection with such a change in control only if the executive officer's employment is terminated by the Corporation other than for good cause or such executive officer resigns in connection with (i) a significantly adverse change in the nature or the scope of his or her authority or overall working environment, (ii) the assignment of duties materially inconsistent with his or her present duties, responsibilities or status, (iii) a reduction in the sum of his or her base salary and target annual incentive cash compensation, or (iv) a relocation of his or her principal place of employment by 55 miles or more. The Executive Severance Plan is designed to serve two primary purposes: (i) encourage the executive officers to remain in the Corporation's employ in the event of an actual or potential change in control transaction; and (ii) align the interests of the Corporation's executive officers with those of the stockholders by enabling the executive officers to consider transactions that are in the best interests of the stockholders and provide opportunities for the creation of substantial stockholder value without undue concern over whether those transactions may jeopardize their employment or their existing compensation arrangements.

The Executive Severance Plan also allows the Corporation to maintain a standard set of severance benefits for new and existing executive officers and limit the instances where one-off arrangements will be negotiated with individual executive officers.

Based on the foregoing considerations and the many years of service that most of the executive officers have rendered to the Corporation, the Committee believes that the benefits provided under the Executive Severance Plan, including any tax gross-up payment to cover the parachute payment taxes the executive officers (except for Mr. Thornburg) may incur under the federal tax laws with respect to one or more severance benefits provided under the plan, have been set at a fair and reasonable level and appropriately balance the respective interests of the various stakeholders.

For further information regarding the Executive Severance Plan and the severance benefits provided thereunder, please see the section entitled "Employment Agreements, Offer Letters, Termination of Employment and Change in Control Arrangements" that appears later in this proxy statement.

Severance Benefits for Messrs. Thornburg and Lynch: Pursuant to the terms of his employment Agreement, Mr. Thornburg will become entitled to severance benefits should his employment terminate under certain defined circumstances in the absence of a change in control. Mr. Lynch will, as part of his negotiated compensation package with the Corporation, become entitled to severance benefits should his employment terminate under certain defined circumstances in the absence of a change of control. The Committee believes that such protections are typical for chief executive officers and chief financial officers in the peer group companies. For further information concerning Messrs. Thornburg's and Lynch's potential severance benefits, see the section entitled "Employment Agreements, Offer Letters, Termination of Employment and Change in Control Arrangements" that appears later in this proxy statement.

Stock Ownership Policies

Executive Officer Security Ownership Guidelines

In 2006, the Committee established a policy requiring named executive officers to achieve specific security ownership guidelines within five years. The Committee believes that such a policy is consistent with its philosophy of encouraging executive officer stock ownership and will serve to further align the interests of the executive officers with those of stockholders. Pursuant to the policy, executive officers are expected to own shares of the Corporation's common stock with an aggregate value equal to two times the annual base salary for the CEO and one times the annual base salary for the other named executive officers. Shares of the Corporation's common stock owned outright, shares underlying RSUs, and shares underlying deferred stock units, including deferred shares resulting from dividend equivalent rights, all count as shares owned for purposes of the guideline. Until the guideline is met, each executive is required to hold any shares of the Corporation's common stock issued upon the vesting of RSUs (net of any shares withheld or sold to cover statutory withholding taxes and other applicable taxes). As of December 31, 2018, all the named executive officers had complied with the policy. The following table shows each named executive officer's stock ownership as of December 31, 2018:

Name	Title	Security Ownership (\$)(1)	Security Ownership Guideline (\$)(2)
Eric W. Thornburg	President, Chief Executive Officer and Chairman of the Board	\$1,515,423	\$1,400,000
Andrew R. Gere	President and Chief Operating Officer of SJWC	\$1,025,132	\$461,000
Palle L. Jensen	Executive Vice President of SJWC	\$754,763	\$389,000
James P. Lynch	Chief Financial Officer and Treasurer	\$1,422,760	\$441,000
Suzy Papazian	General Counsel and Corporate Secretary	\$772,339	\$380,000

(1) This amount is calculated by multiplying (i) the sum of the shares of the Corporation's common stock actually owned, the shares underlying RSUs and any shares underlying deferred stock units, by (ii) \$55.62, the closing selling price of the common stock on December 31, 2018.

(2) This amount is equal to two times the base salary in effect for Mr. Thornburg for the 2018 fiscal year and one times the base salary in effect for the other named executive officers for such year.

Policy Governing Hedging and Pledging of Common Stock

The Corporation has adopted policies that preclude the executive officers and certain employees and other individuals, including family members residing in the same household, from engaging in hedging or monetization transactions in the Corporation's common stock such as put and call options and short sales and from pledging the Corporation's common stock or holding such stock in margin accounts. Accordingly, the executive officers bear the full risk of economic loss, like any other stockholder, with respect to their equity holdings, whether in the form of actual shares of the Corporation's common stock or RSUs that will convert into such shares following the satisfaction of the applicable vesting requirements.

IRC Section 162(m) Compliance

For years prior to 2018, Section 162(m) of the Internal Revenue Code generally disallowed a federal income tax deduction for publicly-traded companies such as the Corporation for compensation paid to the CEO and the three other highest paid executive officers (other than the chief financial officer) to the extent that such compensation exceeded one million dollars per officer in any one year and did not otherwise qualify as performance-based compensation.

The exemption for qualified performance-based compensation has been repealed and the class of affected executives has been expanded effective for taxable years beginning after December 31, 2017 such that compensation paid to our covered executive officers in excess of one million dollars will not be deductible unless it qualified for transition relief applicable to certain arrangements in place as of November 2, 2017. Because of the uncertainties as to the scope and application of the transition relief, no assurances can be given that compensation intended to satisfy the requirements for exemption under Section 162(m) will in fact be fully deductible.

Summary Compensation Table

The following table provides certain summary information concerning the compensation earned for services rendered in all capacities to the Corporation and its subsidiaries for the fiscal years ended December 31, 2016, December 31, 2017, and December 31, 2018 by the Corporation's Chief Executive Officer, the Corporation's Chief Financial Officer, and the Corporation's other three most highly compensated executive officers whose total compensation for the 2018 fiscal year was in excess of \$100,000 and who were serving as executive officers at the end of the 2018 fiscal year. No executive officers who would have otherwise been includable in such table on the basis of total compensation for the 2018 fiscal year have been excluded by reason of their termination of employment or change in executive status during that year. The listed individuals are herein referred to as the "named executive officers."

Mr. Thornburg joined the Corporation on November 6, 2017. Ms. Papazian was not a named executive officer (1) prior to the 2017 fiscal year; in accordance with SEC rules, disclosure of her compensation is limited to the 2017 and 2018 fiscal years.

Includes amounts deferred under (i) San Jose Water Company's Special Deferral Election Plan, a non-qualified (2) deferred compensation plan for officers and other select management personnel and (ii) San Jose Water Company's Salary Deferral Plan, a qualified deferred compensation plan under section 401(k) of the Internal Revenue Code. Includes a sign-on bonus in the amount of \$310,000 paid in February 2018 to Mr. Thornburg in accordance with his employment agreement and a special bonus in the amount of \$40,000 for exceptional individual performance for each of Messrs. Gere, Jensen and Lynch, and Ms. Papazian for the 2018 fiscal year. Represents the portion of (3) the annual cash incentive compensation paid at the discretion of the Committee based on a subjective assessment of individual performance goals for the 2017 and 2016 fiscal years. The amount of the annual cash incentive compensation payable based on attainment of the corporate performance goals is reported in the Non-Equity Incentive Compensation table.

The dollar amount reported in the Stock Awards column is equal to the aggregate grant-date fair value of the service-based and performance-based restricted stock unit awards made during each reported fiscal year, calculated in accordance with FASB ASC Topic 718, without taking into account any estimated forfeitures related to service-vesting conditions. The assumptions used in the calculation of the FASB ASC Topic 718 grant-date fair value of each such award are set forth in Note 10 to the Corporation's consolidated financial statements included in its annual report on Form 10-K for the 2018 fiscal year. For service-based restricted stock unit awards, the grant date fair value was determined using the closing share price of the Corporation's common stock on the date of grant, as appropriately discounted to reflect the lack of dividend equivalent rights. For the performance-based (4) restricted stock unit awards that vest based on earnings per share and return on equity, the total grant-date fair value is calculated using the probable outcome of the attainment of the respective pre-established performance objectives as of the grant date at 100% of target, as appropriately discounted to reflect the lack of dividend equivalent rights. The grant date fair value of Mr. Thornburg's performance-based restricted stock unit award that vests based on relative total shareholder return was estimated utilizing the Monte Carlo valuation model, using the fair value of the Corporation's common stock with the effect of market conditions and no dividend yield on the date of grant, and assumes the performance goals will be attained. The grant-date fair values of the 2018 performance-based restricted stock unit awards assuming maximum attainment of the performance goals are as follows:

	Grant Date Fair Value at Maximum Attainment
Eric W. Thornburg	\$ 921,598
Andrew R. Gere	\$ 118,251
Palle L. Jensen	\$ 113,193
James P. Lynch	\$ 129,228
Suzy Papazian	\$ 115,337

For further information concerning the service-based and performance-based restricted stock unit awards, see the section below entitled "Grants of Plan-Based Awards."

Represents the portion of the annual cash incentive compensation which is based on the level of attainment of (5) corporate performance goals. Mr. Thornburg was not eligible to receive incentive cash compensation for the 2017 fiscal year.

Consists of the following benefits: (i) club memberships for Messrs. Gere and Lynch; (ii) personal use of company (6) vehicle for all named executive officers; (iii) 401(k) employer match made on such individual's behalf for all named executive officers; and (iv) moving expenses and temporary housing and living expenses paid to Mr. Thornburg in connection with his commencement of employment with the Corporation.

Consists solely of the change in the actuarial present value of each named executive officer's accrued pension benefits recorded for the 2018 fiscal year. The present value increased for each of Messrs. Thornburg, Gere, Jensen and Lynch, and Ms. Papazian above the present value at the close of fiscal year 2017. The present value for each of the accrued pension benefit fluctuates from year-to-year based on additional years of service, changes in compensation and increased age. In addition, such fluctuations may also occur due to the interest rate used to discount anticipated future payments so that when interest rates decrease for example, the present value associated with the underlying benefit may increase. The table below indicates the actuarial present value of the pension benefits accrued as of the close of the 2018 and 2017 fiscal years, respectively, by each named executive officer.

- (7) For the 2018 fiscal year calculations, the discount rates applied were 4.16% for the Retirement Plan and 4.09% for the Executive Supplemental Retirement Plan ("SERP") and Cash Balance Executive Supplemental Retirement Plan ("Cash Balance SERP"). For the 2017 fiscal year calculations the discount rates applied were 3.52% for the Retirement Plan and 3.44% for the SERP and Cash Balance SERP. The mortality rate tables used for the 2018 fiscal year are described as follows: the RP-2014 Mortality Table basis adjusted to 2006, published by The Society of Actuaries, with projection scale MP-2018 Mortality Improvement Scale and for the 2017 fiscal year was the RP-2014 Mortality Table basis adjusted to 2006, published by The Society of Actuaries, with projection scale MP-2017 Mortality Improvement Scale. Messrs. Thornburg's and Lynch's Cash Balance SERP benefit is based on a contribution rate of 39% and 15%, respectively, of their quarterly compensation (as defined in the plan), offset by a portion of their accrued benefit under the Retirement Plan.

Reflects potential payouts under the annual cash incentive compensation program tied to attainment of corporate performance goals; the entire cash incentive compensation for all of the named executive officers was tied to the attainment of these goals. Each potential level of payout based on the corporate performance goals was tied to the attained level of the performance goals for the 2018 fiscal year established by the Executive Compensation Committee. The goals were tied to a capital additions objective, water quality compliance, designated operational goals based on key water industry objectives, and strategic objectives. The capital additions objective was attained (1) at the maximum level, the water quality compliance goal was attained at the maximum level, the operational goals were attained between the threshold and maximum levels (except for one operation goal which was not attained), and the strategic objectives were attained at maximum level, resulting in an actual cash incentive compensation to Mr. Thornburg in the dollar amount of \$506,625 or 145% of his target cash incentive compensation for the year and \$166,463, \$140,408, \$159,225, and \$137,513 for Messrs. Gere, Jensen and Lynch, and Ms. Papazian, respectively, representing 145% of their target allocated to the corporate goals. These amounts are reported in the Non-Equity Incentive Compensation column in the Summary Compensation Table.

Reflects grants of restricted stock units under the Corporation's Long-Term Incentive Plan as more fully described in the footnotes below. The restricted stock units do not include dividend equivalent rights. A portion of the vested shares which become issuable under the units will be withheld by the Corporation to cover the applicable withholding taxes.

The grant-date value is calculated in accordance with FASB ASC Topic 718, and accordingly determined on the basis of the closing selling price per share of the Corporation's common stock on the applicable grant date, as appropriately discounted to reflect the lack of dividend equivalent rights. For the performance-based restricted stock unit awards that vest based on earnings per share ("EPS") and return on equity ("ROE"), the total grant-date fair value is calculated using the probable outcome of the attainment of the respective pre-established performance objectives as of the grant date at 100% of target, as appropriately discounted to reflect the lack of dividend equivalent rights. The grant date fair value of Mr. Thornburg's performance-based restricted stock unit award that vests based on relative total shareholder return ("TSR") was estimated utilizing the Monte Carlo valuation model, using the fair value of the Corporation's common stock with the effect of market conditions and no dividend yield on the date of grant, and assumes the performance goals will be attained. The reported grant-date value does not take into account any estimated forfeitures relating to service-vesting conditions.

On January 2, 2018, Mr. Thornburg was awarded service-based restricted stock units covering 3,545 shares of the Corporation's common stock. Each restricted unit entitles Mr. Thornburg to receive one share of the Corporation's common stock on the applicable vesting date of that unit. The restricted stock units vest in a series of three successive equal annual installments on each of December 31, 2018, December 31, 2019, and December 31, 2020 subject to continued service. The units will vest in full, and the underlying shares will become immediately issuable, on an accelerated basis if (i) Mr. Thornburg's service terminates by reason of death or disability, or (ii) Mr. Thornburg is involuntarily terminated other than for good cause, or resigns for good reason, within 24 months after a change in control. Immediate vesting will also occur in the event there is a change in control of the Corporation in which the units are not assumed or otherwise continued in effect.

On January 30, 2018, Messrs. Thornburg, Gere, Jensen, and Lynch, and Ms. Papazian were each granted performance-based restricted stock units covering the target number of shares specified in the table. Each such performance-based award will vest based on the level of achievement of a performance goal based on the Corporation's EPS for fiscal year 2020. The number of shares issuable under such award will range between 0 to 150 percent of the target number of shares and will vest based on the level of actual attainment of the specified performance goal. If the executive officer's employment terminates prior to the completion of the performance period by reason of death or disability or if he or she is involuntarily terminated other than for good cause or resigns for good reason, then following completion of the performance period the executive officer will vest in the number of shares he or she would have vested in based on actual performance pro-rated based on the number of months of service (rounded up) completed during the performance period. In the event a change in control occurs during the performance period, the award will vest with respect to the target number of shares (i) upon the change in control if the award is not assumed, replaced or converted or (ii) at the end of the performance period if the award is assumed, replaced or continued, subject to accelerated vesting on an earlier termination by reason of death or disability or involuntary termination without cause or for good reason.

On January 30, 2018, Mr. Thornburg was granted performance-based restricted stock units covering the target number of shares specified in the table. The award will vest based on the level of achievement of a performance goal based on relative TSR performance over the period measured from January 1, 2018 to December 31, 2020. The number of shares issuable under such award will range between 0 to 200 percent of the target number of shares and will vest based on the level of actual attainment of the specified performance goal. If Mr. Thornburg's employment terminates prior to the completion of the performance period by reason of death or disability or if he is involuntarily terminated other than for good cause or resigns for good reason, then following completion of the performance period he will vest in the number of shares he would have vested in based on actual performance pro-rated based on the number of months of service (rounded up) completed during the performance period. In the event a change in control occurs during the performance period the award will vest with respect to the target number of shares (i) upon the change in control if the award is not assumed, replaced or converted or (ii) at the end of the performance period if the award is assumed, replaced or continued, subject to accelerated vesting on an

earlier termination by reason of death or disability or involuntary termination without cause or for good reason.

(7) On January 2, 2018, Messrs. Gere, Jensen, and Lynch, and Ms. Papazian were each awarded service-based restricted stock units covering 1,285, 1,229, 1,403, and 1,253 shares of the Corporation's common stock, respectively. Each restricted unit entitles the officer-recipient to receive one share of the Corporation's common stock on the applicable vesting date of that unit. The restricted stock units vest in a series of three successive equal annual installments upon the officer's completion of each year of service with the Corporation over the three-year period measured from the award date (January 2, 2018). The units will vest in full, and the underlying shares will become immediately issuable, on an accelerated basis if (i) the officer's service terminates by reason of death or disability, or (ii) the officer is involuntarily terminated other than for good cause, or resigns for good reason, within 24 months after a change in control. Immediate vesting will also occur in the event there is a change in control of the Corporation in which the units are not assumed or otherwise continued in effect.

(8) On January 30, 2018, Messrs. Gere, Jensen, and Lynch, and Ms. Papazian were each granted performance-based restricted stock units covering the target number of shares specified in the table. Each such performance-based award will vest based on the level of achievement of a performance goal based ROE measured over the 2018 calendar year period and continued service through December 31, 2018. The ROE goal for the awards at threshold, target, and maximum levels were 8.21%, 9.23% and 10.26%, respectively. The maximum number of shares issuable to an individual under each such performance-based award was 150% of the target number of shares specified for such individual and no shares would have been issued if the minimum threshold level of performance was not attained. Based on an ROE of 11.67% for the 2018 calendar year, the maximum number of shares were issued to each officer on February 28, 2019 (a portion of which were withheld to cover applicable withholding taxes).

2018 Incentive Cash Compensation Program

In January 2018, the Executive Compensation Committee set the cash incentive compensation potential for the named executive officers for the 2018 fiscal year. Seventy-five percent of the target cash incentive award for the named executive officers was based on performance goals tied to capital additions, water quality compliance and several key operational goals measuring the successful operation of the business and 25% of the target award was based on six strategic objectives.

At threshold level attainment, Mr. Thornburg's cash incentive compensation potential was set at \$175,000 (25 percent of base salary); for target level attainment, the cash incentive compensation potential was \$350,000 (50 percent of base salary); and at above-target level attainment, the applicable cash incentive compensation potential was \$525,000 (75 percent of base salary). The actual cash incentive compensation amount could accordingly vary from 0 to 150 percent of the target amount based on the level at which the various performance goals were attained.

The actual cash incentive compensation amount that any other named executive officer could have earned for the 2018 fiscal year ranged from 0 to 200 percent of the officer's target amount based on the Corporation's performance and the Committee's assessment of the named executive officer's individual performance for such year. The actual percentage within that range was to be determined as follows: (i) up to 150 percent of the target amount could be earned, weighted 75 percent based on performance goals tied to capital additions, water quality compliance and several key operational goals measuring the successful operation of the business and 25 percent based on six strategic objectives; and (ii) up to 50 percent of target could be earned for exceptional individual performance.

Further information concerning the cash incentive compensation program established for Mr. Thornburg and the other named executive officers is set forth in the "Compensation Discussion and Analysis" section that appears earlier in this proxy statement.

Risk Assessment of Compensation Policies and Practices

The Executive Compensation Committee, with input and assistance from the Human Resources Department, annually assesses the various compensation programs, policies and practices maintained by the Corporation and its subsidiaries for the executive officers and other employees throughout the organization to determine whether any of those programs, policies and practices encouraged excess risk taking that would create a material risk to the Corporation's economic viability. As part of that process for the 2018 fiscal year, the Executive Compensation Committee reviewed a detailed inventory of the Corporation's compensation plans and programs prepared by the Human Resources Department summarizing the principal features of each plan, the potential risk factors (if any) associated with each plan and the mitigation factors designed to address those risks. Based on that review and the fact that as public utilities the Corporation's wholly-owned subsidiaries, San Jose Water Company and SJWTX, Inc., operate in a heavily-regulated environment, the Executive Compensation Committee concluded it was not reasonably likely that any of the compensation programs, policies and practices of the Corporation or its subsidiaries, whether individually or in the aggregate, would have a material adverse effect upon the Corporation. In reaching such conclusion, the Executive Compensation Committee took into account the following factors, including factors specifically analyzed in terms of the compensation programs, policies and practices for the Corporation's executive officers:

The overall compensation structure is applied uniformly throughout the Corporation and its subsidiaries, with the only major exception relating to the equity component of that compensation structure. Neither the Corporation nor its subsidiaries have any material compensation arrangements that are unique to any business unit or that otherwise depart significantly from the general uniformity of the overall compensation structure throughout the organization. For most of the employee base, compensation is primarily in the form of base salary. Certain employees are also eligible to receive cash incentive compensation tied to both financial and non-financial metrics and individual performance, with a maximum payout potential of up to \$20,000 for employees, other than officers, for the 2018 fiscal year.

The compensation program for officers provides a balanced mix of cash and equity and annual and long-term incentives designed to align the interests of our officers with our long-term interests.

We use different performance measures for our annual cash incentive programs and our long-term incentive plans and we set performance goals that we believe are challenging but attainable without taking excessive risks.

Under the cash incentive compensation program for officers, we use a number of different financial and operational performance measures as well as individual goals with meaningful caps on the potential pay-outs; we believe this structure mitigates any tendency for an officer to focus exclusively on the specific financial metrics.

Each of the officers, including the executive officers, receives equity compensation in the form of restricted stock unit awards that derive their value from the market price of the Corporation's common stock, and the value of those awards increases as the price of the common stock appreciates and stockholder value is thereby created. Accordingly, the equity component is structured to encourage long-term growth and appreciation in the value of the Corporation's business and stock price.

- The Corporation uses restricted stock unit awards (service-based for all officers and also performance based for the executive officers) rather than stock options because they provide varying levels of compensation as the market price of the Corporation's common stock fluctuates over time (and retain value even if the stock price declines) which should reduce the incentive for excessive risk taking.

The service-based restricted stock unit awards vest over a period of years and this vesting element encourages the recipients of those awards to focus on sustaining the Corporation's long-term performance. The performance-based restricted stock unit awards are tied to financial performance measured over one to three years with a payout capped at 200 percent of target shares. Because such awards are made annually, the officers always have unvested awards outstanding that could decrease significantly in value if the business of the Corporation and its subsidiaries is not managed for the long term.

Pursuant to the terms of Mr. Thornburg's employment agreement, his compensation is subject to recoupment as required under applicable law and regulations. In addition, any shares, cash or other

property issued to the other executive officers pursuant to their performance-based restricted stock unit awards is subject to recoupment as required under applicable laws and regulations.

The Corporation maintains two tax-qualified retirement plans that provide benefits for all employees who meet minimum service requirements. One is a defined benefit pension plan and the other is a defined contribution 401(k) plan. The defined benefit plan has two benefit formulas, one for employees hired on or after March 31, 2008 and one for employees hired before March 31, 2008. Each plan is designed and operated in accordance with applicable federal laws that impose coverage, vesting, and funding requirements and maximum dollar limitations on the annual retirement benefit that can be accrued under such plan. The plan sponsor regularly monitors the administration, including the funding, of these plans.

The Corporation also maintains two executive supplemental retirement plans for certain officers and other selected executives that supplement their retirement benefits under the tax-qualified plan. Each officer and other selected employees participate in only one of the plans. The benefit formula under each plan generally follows the applicable tax-qualified pension plan benefit formula but without application of compensation limits. Benefits payable under the supplemental retirement plan are offset by the benefits payable under the tax-qualified pension plan. Unlike the qualified retirement plan benefits, participants in these two supplemental retirement plans are general creditors of the Corporation who would lose substantially all of their accrued benefits under the supplemental plans were the Corporation to become insolvent.

The Corporation has also instituted stock ownership guidelines which require the executive officers to maintain a substantial ownership interest in the Corporation. By requiring that a meaningful amount of their personal wealth be tied to long-term holdings in the Corporation's common stock, the Corporation has further aligned their interests with those of the stockholders and mitigated the risk of excessive risk taking.

Finally, the Corporation has adopted policies that preclude certain employees and other individuals, including officers and family members residing in the same household, from engaging in hedging or monetization transactions in the Corporation's stock such as put and call options and from pledging the Corporation's stock or holding such stock in margin accounts. Accordingly, the executive officers bear the full risk of economic loss, like any other stockholder, with respect to their equity holdings, whether in the form of actual shares of the Corporation's common stock or restricted stock units that will convert into such shares following the satisfaction of the applicable vesting requirements.

For the foregoing reasons, the Executive Compensation Committee concluded that it was not reasonably likely that the overall employee compensation structure of the Corporation and its subsidiaries, when analyzed either in terms of its organization-wide application or its specific application to various major business units, would have any material adverse effect upon the Corporation.

Outstanding Equity Awards at Fiscal Year-End

(1) The reported market value of the shares underlying the unvested units is based on the \$55.62 closing selling price of the Corporation's common stock on December 31, 2018, the last trading day in the 2018 fiscal year.

Represents restricted stock units granted on November 6, 2017 and covering 14,552 shares. The underlying shares (2) vest and become issuable in three successive equal annual installments on each of December 31, 2018, December 31, 2019, and December 31, 2020. As of December 31, 2018, two thirds of the units were unvested.

Represents performance-based restricted stock units granted on January 30, 2018, covering a target number of shares: 2,537 for Thornburg, 552 for Mr. Gere; 528 for Mr. Jensen; 603 for Mr. Lynch; and 538 for Ms. Papazian (3) which vest based on the EPS for the 2020 fiscal year and continued service through December 31, 2020. The number of shares issuable under such awards will range between 0 to 150 percent of the target number of shares based on the level of actual attainment of the specified performance goals. The reported number and market value of the shares underlying those unvested units assumes attainment at threshold level.

Represents restricted stock units granted on January 2, 2018 and covering 3,545 shares. The underlying shares vest (4) and become issuable in three successive equal annual installments on each of December 31, 2018, December 31, 2019, and December 31, 2020. As of December 31, 2018, two thirds of the units were unvested.

(5)

Represents performance-based restricted stock units granted on January 30, 2018, covering a target number of 6,342 shares for Mr. Thornburg which vest based on the TSR for the 2020 fiscal year and continued service through December 31, 2020. The number of shares issuable under such awards will range between 0 to 200 percent of the target number of shares based on the level of actual attainment of the specified performance goals. The reported number and market value of the shares underlying those unvested units assumes attainment at threshold level.

(6) Represents restricted stock units granted on January 4, 2016 and covering: 2,858 shares for Mr. Gere; 2,858 shares for Mr. Jensen; 3,048 shares for Mr. Lynch; and 2,381 shares for Ms. Papazian. The underlying shares vest and become issuable in three successive equal annual installments over the three-year period of service measured from the date of grant. As of December 31, 2018, one third of the units were unvested.

(7) Represents performance-based restricted stock units granted on January 24, 2017, covering a target number of shares: 615 for Mr. Gere; 517 for Mr. Jensen; 591 for Mr. Lynch; and 497 for Ms. Papazian which vest based on the EPS for the 2019 fiscal year and continued service through December 31, 2019. The number of shares issuable under such awards will range between 0 to 150 percent of the target number of shares based on the level of actual attainment of the specified performance goals. The reported number and market value of the shares underlying those unvested units assumes attainment at threshold level.

(8) Represents restricted stock units granted on January 3, 2017 and covering: 1,424 shares for Mr. Gere; 1,197 shares for Mr. Jensen; 1,370 shares for Mr. Lynch; and 1,152 shares for Ms. Papazian. The underlying shares vest and become issuable in three successive equal annual installments over the three-year period of service measured from the date of grant. As of December 31, 2018, two thirds of the units were unvested.

(9) Represents restricted stock units granted on January 2, 2018 and covering: 1,285 shares for Mr. Gere; 1,229 shares for Mr. Jensen; 1,403 shares for Mr. Lynch; and 1,253 shares for Ms. Papazian. The underlying shares vest and become issuable in three successive equal annual installments over the three-year period of service measured from the date of grant. As of December 31, 2018, all of the units were unvested.

Option Exercises and Stock Vested

The following table sets forth, for each of the named executive officers, the number and value of shares of the Corporation's common stock subject to each deferred restricted stock or restricted stock unit award that vested during the year ended December 31, 2018. No option or stock appreciation rights were exercised by the named executive officers during the 2018 fiscal year, and none of such officers held any option or stock appreciation rights as of December 31, 2018.

(1) The value realized is determined by multiplying (i) the market price of the Corporation's common stock on the applicable vesting date by (ii) the number of shares which vested on such date.

Represents awards of restricted stock units under the Corporation's Long-Term Incentive Plan covering 827, 792, 904, and 807 target shares of the Corporation's common stock, respectively, granted to each of Messrs. Gere, Jensen and Lynch, and Ms. Papazian on January 30, 2018. The restricted stock units vested based on the level of achievement of a performance goal based on ROE measured over the 2018 calendar year period and continued (2) service through December 31, 2018. The ROE goal for the awards at threshold, target, and maximum levels was 8.21%, 9.23%, and 10.26%, respectively. Based on a ROE of 11.67% for calendar year 2018 and each officer's continued service through December 31, 2018, all vesting conditions were met at maximum level on December 31, 2018 and such awards were certified on February 25, 2019. Messrs. Gere, Jensen and Lynch, and Ms. Papazian therefore vested in 1,240, 1,188, 1,356, and 1,210 shares of common stock, respectively, under such awards.

Pension Benefits

The Corporation maintains three defined benefit plans: San Jose Water Company's Retirement Plan, a tax-qualified pension plan (the "Retirement Plan"); the Executive Supplemental Retirement Plan, a non-qualified supplemental pension plan (the "SERP"); and the Cash Balance Executive Supplemental Retirement Plan, a non-qualified pension plan for certain individuals who commence employment with San Jose Water Company on or after March 31, 2008 (the "Cash Balance SERP").

The following table sets forth as of December 31, 2018, for each plan that provides for payments or other benefits in connection with the retirement of each of the named executive officers, the number of years of service credited to the named executive officer under the plan, the actuarial present value of the named executive officer's accumulated benefit under each applicable plan, and the dollar amount of any payments and benefits paid to the named executive officer during the Corporation's last completed fiscal year.

Name	Plan Name	Number of Years Credited Service (#) (1)	Present Value of Accumulated Benefit (\$) (1)	Payments During Last Fiscal Year (\$)

	San Jose Water Company Executive Supplemental Retirement Plan	14	\$ 704,424	—

(1) The number of years of credited service has been rounded to the nearest whole number. The present value of accumulated benefits is based on the actual period of service credited.

The pension benefits payable to the executive officers increase in correlation with increases in salary and years of service. The present value of the accrued pension benefit will also fluctuate from year-to-year based on the age of the participant and the interest rate used to discount anticipated future payments so that when interest rates decrease for example, the present value associated with the underlying benefit may increase.

The actuarial and economic assumptions used above to value the pension plan benefits include the RP-2014 Mortality Table basis adjusted to 2006 published by The Society of Actuaries, with projection scale MP-2018 Mortality Improvement Scale, a 4.16 percent discount rate for San Jose Water Company's Retirement Plan and a 4.09 percent discount rate for the SERP and Cash Balance SERP (for 2017 a discount rate of 3.52 percent was used for the Retirement Plan and a discount rate of 3.44 percent was used for the SERP and Cash Balance SERP and the RP-2014 Mortality Table basis adjusted to 2006, published by The Society of Actuaries, with projection scale MP-2017 Mortality Improvement Scale was used for such plans). There is no assumption for pre-retirement mortality or cessation of service, and retirement is assumed to occur at the earliest age at which each named executive officer can receive the pension benefits without actuarial reductions. For further information concerning such actuarial assumptions, please see Note 9 to the Corporation's consolidated financial statements included in its annual report on

Form 10-K for the 2018 fiscal year.

Retirement Plan Benefit

Benefit accruals under Retirement Plan differ depending on whether an employee first commenced status as an employee (i) before March 31, 2008 or (ii) on or after March 31, 2008. All the named executive officers, except for Messrs. Lynch and Thornburg, commenced service before March 31, 2008.

The monthly retirement benefit under the Retirement Plan payable at age 65 (the plan's normal retirement age) to each named executive officer who commenced employee status before March 31, 2008 will be equal to 1.6 percent of his average monthly compensation (as determined in the manner indicated below) for each year of service completed after January 1, 1978. However, the Retirement Plan provides a minimum benefit to each participant with at least 30 years of service equal to 50 percent of his or her average monthly compensation, less 50 percent of his or her monthly old-age insurance benefit under Section 202 of the Social Security Act. For participants with less than 30 years of service, the minimum benefit described in the preceding sentence will be reduced $\frac{1}{30}$ for each year by which their years of service are less than 30 years (adjusted to give credit for partial years of service).

For participants who commenced employee status before March 31, 2008, the Retirement Plan also contains a special benefit calculation when their combined age and service equals or exceeds 75. The combined age and years of service for each named executive officer, except for Ms. Papazian, who commenced employee status before March 31, 2008 equals or exceeds 75. Accordingly, the special benefit for each of those named executive officers who commenced employee status before March 31, 2008 and completed at least 30 years of service will be equal to 60 percent of his or her average monthly compensation, less 50 percent of his or her monthly old-age insurance benefit under Section 202 of the Social Security Act. For those named executive officers with less than 30 years of service, the special benefit described in the preceding sentence will be reduced one-thirtieth for each year by which their years of service are less than 30 years (adjusted to give credit for partial years of service).

For purposes of the applicable benefit calculation under the Retirement Plan, (i) a participant's average monthly compensation will be determined on the basis of his or her three highest years of compensation (whether or not consecutive) prior to attainment of age 65 (or earlier retirement or termination) and will generally be based upon the amount reported on his or her Form W-2 for federal income tax purposes for each year included in such calculation, plus amounts deferred under the 401(k) plan and certain other limited deferrals, and (ii) the annual compensation taken into account for benefit accrual purposes for each such year may not exceed the annual compensation limit for that year determined in accordance with the Internal Revenue Code. No lump sum payment of accumulated retirement benefits is provided under the Retirement Plan for employees who first commenced status as an employee before March 31, 2008, except that a lump sum distribution may become payable to the surviving beneficiary of a deceased participant under certain circumstances. In-service distributions are allowed for: (i) a participant who has attained age 70 $\frac{1}{2}$; and (ii) a participant who commenced status as an employee before March 31, 2008 if such participant has attained age 65 and his or her age and years of service equal at least 100; provided, if such a participant was not employed by the Company on December 31, 2013 and is subsequently re-hired on or after January 1, 2014, he or she will not be entitled to an in-service distribution.

The retirement benefits accrued by employees who first commence service on or after March 31, 2008, including Messrs. Lynch and Thornburg, are determined under the cash balance portion of the Retirement Plan and will be based upon the compensation credits and interest credits made to a hypothetical bookkeeping account established for each such participant. Compensation credits will be made on behalf of each participant each plan quarter in which the participant is an eligible employee with at least one hour of service for that quarter. The amount of the compensation credit for that quarter will be based on the compensation paid to the participant for that quarter and his or her years of credited service, as determined in accordance with the following schedule:

Years of Credited Service	Percent of Compensation
Less than 5	5 %
5 but less than 10	6 %
10 but less than 15	7 %
15 but less than 20	9 %
20 or more	11 %

For purposes of determining the amount of each participant's compensation credit, (i) compensation is generally based upon the amount that would otherwise be reported on the participant's Form W-2 for federal income tax purposes during the quarter, plus amounts deferred for that quarter under the 401(k) plan and certain other limited deferrals and (ii) the annual compensation taken into account may not exceed the annual compensation limit determined in accordance with the Internal Revenue Code.

Interest credits are also generally made on behalf of each participant each plan quarter. The amount of each interest credit is determined by multiplying the balance of the participant's account as of the last day of that plan quarter by the lesser of: (i) the greater of one quarter of (a) the minimum three and a quarter percent annual interest rate or (b) the annual yield on 30-year Treasury bonds, determined as of the month of October preceding the first day of the plan year; and (ii) one quarter of the six percent maximum annual interest rate.

Benefits accrued under the Retirement Plan may be paid as (i) a fixed monthly pension for life, (ii) a reduced monthly benefit payable for life but with a minimum payment period of 10 years for the participant or his or her designated beneficiary or (iii) a reduced joint and survivor annuity for the participant and his or her surviving spouse. For participants who commence employee status on or after March 31, 2008, the accrued benefits may be paid in a lump sum, or pursuant to any of the forms described above, following attainment of the applicable age and service requirements.

Mr. Jensen is currently eligible to receive early retirement benefits under the Retirement Plan in the event of retirement. Mr. Gere and Ms. Papazian are not currently eligible to receive early retirement benefits. Messrs. Lynch and Thornburg joined the Corporation after March 30, 2008 and participate in the cash balance portion of the Retirement Plan which does not provide early retirement benefits. As of December 31, 2018, all the named executive officers, except for Mr. Thornburg, are vested under the Retirement Plan.

SERP Benefit

The SERP provides participants with a monthly pension benefit that supplements the pension they earn under the Retirement Plan. Each officer of the Corporation who commenced employee status before March 31, 2008 is eligible for participation under the SERP. Eligible employees selected for SERP participation by the Executive Compensation Committee of the SJW Group Board of Directors (the "Committee") will become a participant on the first day of the first calendar month next following his or her selection date or such later date as the Committee may specify. All of the named executive officers other than Messrs. Lynch and Thornburg participate in the SERP.

The SERP is designed to supplement the retirement income by providing an additional monthly pension in excess of the pension benefit under the Retirement Plan. Effective as of January 1, 2010, the dollar amount of that monthly pension for each participant credited with an hour of service on or after January 1, 2010 is determined on the basis of the following normal retirement benefit payable as a single-life annuity commencing at age 65: 2.2 percent of final average monthly compensation multiplied by the years of service, up to a total monthly retirement benefit not to exceed 60 percent of final average monthly compensation (as determined in the manner indicated below), less the monthly retirement benefit payable to such individual under the Retirement Plan as a single-life annuity commencing at normal retirement age. Accordingly, the maximum retirement benefit is limited to 60 percent of final average compensation, less a participant's normal retirement benefit under the Retirement Plan.

For purposes of such calculation, participants receive credit for partial years of service, and each participant's final average monthly compensation will be his or her average monthly compensation for the consecutive 36-month period within his or her last 10 years of service with the Corporation for which such average monthly compensation is the highest. A participant's average monthly compensation is calculated on the basis of his or her earned salary for that month and the amount of the annual cash incentive compensation that is actually paid to him or her during that month or that would have been paid at that time in the absence of a deferral election.

The SERP benefit will commence following the later of (i) the participant's separation from service with the Corporation or (ii) his or her attainment of age 55, unless the participant makes a timely election of a later attained age. SERP benefits which commence prior to the participant's attainment of age 65 will be subject to actuarial reduction for the early commencement date, except under prescribed circumstances. No lump sum benefit distributions are provided under the SERP.

SERP participants may, for purposes of their benefit calculations, receive special age and service credits under the Executive Severance Plan should their employment terminate under certain circumstances following a change in control. See the discussion of the Executive Severance Plan in the section below entitled "Employment Agreements, Offer Letters, Termination of Employment and Change in Control Arrangements" for further information.

The accrued SERP retirement benefit for Messrs. Jensen and Gere and Ms. Papazian will not be reduced for early commencement if such commencement occurs on or after their attainment of (i) age 60 or (ii) a combined age and years of service equal to 85.

A participant will vest in his or her SERP benefit upon completion of 10 years of service or in the event the participant becomes entitled to a severance benefit under the Executive Severance Plan by reason of a qualifying termination. As of December 31, 2018, each of the named executive officers who participates in the SERP is vested in his or her SERP benefit.

Cash Balance SERP Benefit

The Cash Balance SERP is a supplemental retirement benefit plan for executive officers and other key management personnel who commence employment on or after March 31, 2008 and are accordingly ineligible to participate in the SERP. The actual participants are selected from time to time by the Committee. Eligible employees selected for Cash Balance SERP participation by the Committee will become a participant on the first day of the first quarter next following the date of his or her selection date or such later date as the Committee may specify, except that the plan was amended to allow Mr. Thornburg to become a participant in the plan as of November 6, 2017, his first day of employment with the company.

An account balance will be maintained for each participant in the Cash Balance SERP and will be periodically credited with a percentage of his or her compensation for the applicable period based on his or her years of credited service. The plan was amended effective October 24, 2018 granting the Committee the discretion to designate a different formula (as to years of credited service and/or percent of compensation) for any participant, provided no such action shall reduce any accrued benefit as of the date of such action. Except for Messrs. Lynch and Thornburg, compensation credits are made in accordance with the following formula:

Years of Credited Service	Percent of Compensation	
Less than 5	10	%
5 but less than 10	11	%
10 but less than 15	12	%
15 but less than 20	14	%
20 or more	16	%

The account balance will also be credited periodically with interest pursuant to a pre-established formula. The benefit accrued under the Cash Balance SERP will be offset by a portion of the participant's benefit accrued under the Retirement Plan. Accordingly, at such time as the participant becomes entitled to receive his or her retirement benefit under the Cash Balance SERP, a portion of his or her accrued benefit under the Retirement Plan will be applied as an offset to his or her vested accrued benefit under the Cash Balance SERP.

A participant's accrued benefit for plan quarters ending before January 1, 2014 and associated interest credits accrued after December 31, 2013 shall be paid in a single lump sum beginning on the first day of the seventh month following the participant's separation from service. Pursuant to the Cash Balance SERP amended as of October 30, 2013, a participant's accrued benefit for plan quarters ending after January 1, 2014 and all associated interest credits shall be paid in a single lump sum beginning on the first day of the seventh month following the participant's separation from service unless a timely election is made by the participant to receive his or her benefit in annual installments over a 10-year period beginning on the first business day of the seventh month following his or her separation from service. Mr. Lynch elected to receive his accrued benefit for plan quarters ending after January 1, 2014 and all associated interest credits in annual installments over a 10-year period.

The Cash Balance SERP also provides a death benefit should the participant die with a vested accrued benefit. The amount of the death benefit will be calculated in the same manner as if the participant had survived and will be payable in a lump sum to his or her beneficiary.

A participant will vest in his or her Cash Balance SERP benefit upon completion of 10 years of service or in the event the participant becomes entitled to a severance benefit under the Executive Severance Plan by reason of a qualifying termination. At the time of Mr. Lynch's entry into the plan, the plan was amended to provide him with (i) a higher rate of company contributions during his first 20 years of service equal to 15 percent of his quarterly compensation during that period and (ii) full vesting of his accrued benefit under the plan upon completion of three years of service. The plan was amended effective November 6, 2017 for Mr. Thornburg to provide that (i) the percentage of compensation credited to his Cash Balance SERP account each quarter until the quarter he turns 65 shall be 39 percent of his quarterly compensation, (ii) the special sign-on bonus specified in his employment agreement will be included in his compensation for the plan quarter in which it is paid, and (iii) he will vest in his accrued benefit under such plan once he turns 65. As of December 31, 2018, each of the named executive officers who participates in the Cash Balance SERP, except for Mr. Thornburg, is vested in the Cash Balance SERP benefit.

Non-Qualified Deferred Compensation

None of the named executive officers have deferred any compensation under the San Jose Water Company Special Deferral Election Plan or have any deferred shares with respect to the 2018 fiscal year or any prior year.

Special Deferral Election Plan

The Special Deferral Election Plan (the "Deferral Plan") allows certain key employees, including each of the named executive officers, the opportunity to accumulate an additional source of retirement income through the deferral of up to 50 percent of their base salary each year and up to 100 percent of their annual cash incentive compensation or other incentive compensation each year. For the compensation deferred each year, the individual may designate a separate distribution event and form of payment (lump sum or annual installments over a five or 10-year period). Distribution events include separation from service, the expiration of a designated deferral period of at least five years or the occurrence of a change in control. Withdrawals are also permitted in the event of a financial hardship. Each deferred account balance is credited with a rate of interest each year, compounded semi-annually, equal to the lower of (i) the 30-year long-term borrowing cost of funds to San Jose Water Company, as such rate is measured as of the start of each calendar year, or (ii) 120 percent of the applicable federal long-term rate, measured as of the start of each calendar year.

Pay Ratio Disclosure

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of our employees and the annual total compensation of our Chief Executive Officer ("CEO") and President, Eric W. Thornburg.

For 2018, our last completed fiscal year:

• The median of the annual total compensation of all employees of the Corporation (other than our CEO) was \$88,653; and

• The annual total compensation of our CEO, as reported in the Summary Compensation Table included elsewhere in this proxy statement, was \$2,792,237.

Based on this information, the ratio of the annual total compensation of Mr. Thornburg, our President and CEO, to the median of the annual total compensation of all employees for 2018 was 32 to 1.

There has been no change in the Corporation's employee population or employee compensation arrangements for 2018 as compared to 2017 that the Corporation believes would significantly impact the pay ratio disclosure. Accordingly, as permitted by Item 402(u) of Regulation S-K, the Corporation used the same median employee as identified for 2017 to determine the median of the annual total compensation of all employees for 2018.

As previously disclosed, we took the following steps to identify the median employee in 2017:

We determined that, as of November 30, 2017, our employee population consisted of approximately 478 individuals with all of these individuals located in the United States. This population consisted of our full-time, part-time, temporary and seasonal employees.

We selected November 30, 2017, which is within the last three months of 2017, as the date upon which we would identify the “median employee” because it enabled us to make such identification in a reasonably efficient and economical manner.

To identify the “median employee” from our employee population, we compared the amount of salary, wages, and tips of our employees as reflected in our payroll records as reported to the Internal Revenue Service on Form W-2 for 2017. We excluded equity awards and bonus payments from our compensation measure because we did not widely distribute such awards and bonus to our employees. We identified our median employee using this compensation measure, which was consistently applied to all our employees included in the calculation.

We combined all of the elements of such employee’s compensation for 2018 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in annual total compensation of \$88,653.

Employment Agreements, Offer Letters, Termination of Employment and Change in Control Arrangements

Mr. Thornburg's Employment Agreement: In September 2017, the Corporation entered into an employment agreement pursuant to which Mr. Thornburg agreed to serve as the President and Chief Executive Officer effective November 6, 2017. The material terms of such agreement are summarized below:

Mr. Thornburg's annual base salary for the 2017 and 2018 calendar years was established at \$700,000.

Mr. Thornburg's target annual incentive cash compensation is 50 percent of his base salary starting with the 2018 fiscal year.

Mr. Thornburg received a sign-on cash bonus in the amount of \$310,000 in the first quarter of 2018. This bonus was intended in part to offset the 2017 cash incentive award forfeited by Mr. Thornburg in light of his move to the Corporation.

Mr. Thornburg is eligible to receive enhanced severance benefits under the Executive Severance Plan (but not a tax gross-up as described below) and enhanced retirement benefits under the Cash Balance SERP.

Mr. Thornburg is entitled to severance benefits upon an involuntary termination (under certain circumstances where he is not eligible for benefits under the Executive Severance Plan) in an amount equal to the sum of (i) (A) two times the sum of his annual base salary and target annual cash incentive compensation as in effect for the fiscal year of termination if such termination occurs on or prior to December 31, 2019 or (B) one times the sum of his annual base salary and target annual cash incentive compensation as in effect for the fiscal year of termination if such termination occurs after December 31, 2019 and (ii) his annual bonus for the year of termination based on actual performance, pro-rated for the number of days of employment during the year of termination.

If any payments or benefits payable to Mr. Thornburg would become subject to excise tax under Section 4999 of the Code, then such payments and benefits will be subject to reduction if such reduction would provide him with a greater after-tax benefit.

Mr. Thornburg's compensation is subject to clawback in accordance with applicable laws and regulations.

Mr. Thornburg was reimbursed for reasonable temporary housing expenses in the San Jose area (for up to 12 months) and reasonable moving and travel expenses incurred in connection with his relocation to the San Jose area. Mr.

Thornburg is also eligible to receive a company-provided motor vehicle and maintenance thereof and the same perquisites as the other senior executive officers of the Corporation. In addition, effective January 1, 2018, the Corporation will reimburse Mr. Thornburg for reasonable business-related personal expenses approved by the Chair of the Executive Compensation Committee.

Equity awards under the agreement include the following:

Three initial RSU awards granted in the first quarter of 2018. The first award granted on January 2, 2018, covers 3,545 shares (determined by dividing \$225,000 by the closing price per share of

the Corporation's common stock on the grant date) vesting in three equal installments on each of December 31, 2018, December 31, 2019, and December 31, 2020 subject to continued service. The second and third initial awards were granted on January 30, 2018 and cover an aggregate number of 8,879 shares determined by dividing \$525,000 by the closing price per share of Corporation common stock on the grant date. The second award covers 6,342 target shares based on continued service and total shareholder return ("TSR") performance relative to the seven water peer companies over the period measured from January 1, 2018 to December 31, 2020 (the "TSR Performance Period"). The number of shares issuable under such award will range between 0 to 200 percent of the target number of shares and will vest based on the level of actual attainment of the specified performance goal. The third initial award covers 2,537 target shares and will vest based on the EPS for the 2020 fiscal year and continued service through December 31, 2020. The number of shares issuable under such award will range between 0 to 150 percent of the target number of shares based on the level of actual attainment of the specified performance goal.

A special grant of RSUs granted on November 6, 2017 covering 14,552 shares (determined by dividing \$900,000 by the closing price per share of the Corporation's common stock on the grant date) which will vest in three annual equal installments on each of December 31, 2018, December 31, 2019 and December 31, 2020 subject to continued service. This special grant is in recognition of the value of unvested equity awards that were forfeited by Mr. Thornburg in light of his move to the Corporation.

Mr. Lynch's Offer Letter: Under the terms of his offer letter, Mr. Lynch is entitled to (i) a company car and reimbursement of membership fees for one local health club; and (ii) separation pay in the form of 12 months of salary continuation should his employment be involuntarily terminated without cause. However, should Mr. Lynch's employment terminate under circumstances that would otherwise entitle him to separation pay and severance benefits under the Executive Severance Plan, there will be no duplication of benefits under the two arrangements, and Mr. Lynch will only receive the severance benefits provided under the Executive Severance Plan. Mr. Lynch's base salary was \$441,000 for the 2018 calendar year.

Executive Severance Plan: Officers of the Corporation or its subsidiaries who are serving in such capacity at the time of a change in control ("CIC") of the Corporation may become entitled to severance benefits under the Corporation's Executive Severance Plan if their employment terminates under certain circumstances in connection with such change. Accordingly, should (a) such officer's employment be terminated by the Corporation for any reason other than good cause (as defined in the Executive Severance Plan) after the Corporation enters into an agreement to effect the CIC but before such agreement is terminated or prior to the expiration of a 24-month period following the effective date of the CIC, or (b) he or she resign for good reason (as defined in such plan) within the 24-month period following the effective date of the CIC (the "CIC Protection Period"), then (i) such officer will be entitled to a cash severance benefit consisting of three times the sum of the annual base salary and target annual cash incentive compensation (as in effect for the fiscal year of such cessation of employee status or, if higher, immediately before the CIC), (ii) for Mr. Thornburg, also an amount equal to the annual bonus for the year of termination based on actual performance, pro-rated for the number of days of employment during the year of termination, (iii) his or her outstanding stock options will immediately vest and other equity awards may immediately vest in accordance with the terms of the award agreements, (iv) he or she will be reimbursed for the cost of COBRA continuation coverage under the company's group health care plans for himself or herself and his or her spouse and eligible dependents until the earlier of (x) the date of the last annual installment of his or her cash severance benefit or (y) the first date on which the officer is covered under another employer's health benefit program without exclusion for any pre-existing medical condition, and (v) he or she will be deemed to be three years older and be given three additional years of service for purposes of calculating his or her pension benefit under the SERP (the "Enhanced Pension Benefit").

If an officer, other than Mr. Thornburg, qualifies for benefits under the Executive Severance Plan and any payment made in connection with a CIC or the subsequent termination of the officer's employment becomes subject to an excise tax under Section 4999 of the Code (the "Excise Tax"), then such payment or benefit will be grossed-up to ensure that such officer does not incur any out-of-pocket cost with respect to such Excise Tax, and such officer will accordingly receive the same net after-tax benefit he or she would have received had no Excise Tax been imposed. Pursuant to the terms of Mr. Thornburg's employment agreement, if any compensation payments

(including payments under the Executive Severance Plan) would become subject to the Excise Tax, the payments may be reduced if such reduction would provide him with a greater net after-tax benefit.

The benefits payable under the Executive Severance Plan are conditioned upon the named executive officer's execution of a general release of all employment-related claims against the Corporation and a non-solicitation covenant pursuant to which such officer may not induce any representative, agent or employee to terminate his or her employment or service relationship with the Corporation.

For purposes of the various payments and benefits which may be triggered under the Executive Severance Plan in connection with a CIC, the following transactions will be deemed to constitute a CIC event:

A merger, consolidation or other reorganization, unless 50 percent or more of the outstanding voting power of the successor entity is owned, in substantially the same proportions, by the persons who were the Corporation's stockholders immediately prior to the transaction;

A sale of all or substantially all of the Corporation's assets, unless 50 percent or more of the outstanding voting power of the acquiring entity or parent thereof is owned, in substantially the same proportions, by the persons who were the Corporation's stockholders immediately prior to the transaction;

Certain changes in the composition of the Corporation's Board of Directors; or

The acquisition of the Corporation's outstanding securities by any person so as to make that person the beneficial owner of securities representing 30 percent or more of the total combined voting power of the Corporation's outstanding securities.

Accelerated Vesting of Equity Awards: The service-based restricted stock unit awards granted to the named executive officers vest in full on a CIC if they are not assumed, replaced or otherwise continued; if the awards are assumed, replaced or otherwise continued following a CIC, then the awards will continue to vest over the service period subject to vesting in full on a termination without good cause or resignation for good reason during the CIC Protection Period. The awards also vest in full on termination by reason of death or permanent disability during the vesting period (even if there is no CIC). The performance-based restricted stock unit awards granted to the named executive officers will vest with respect to the target number of shares on a CIC if the awards are not assumed, replaced or otherwise continued; if the awards are assumed, replaced or otherwise continued following a CIC, then the awards will vest at target level at the end of the performance period or an earlier termination without good cause or resignation for good reason or by reason of death or permanent disability following the CIC. The awards also vest pro-rata based on actual performance and period of service during the performance period upon a termination without good cause or resignation for good reason or by reason of death or permanent disability other than in connection with a CIC.

Potential Payments Upon a CIC: The chart below indicates the potential payments that each named executive officer would receive upon a qualifying termination following a CIC, based upon the assumptions listed below.

(i) There is a qualifying termination of employment on December 31, 2018; and

The CIC is assumed to have occurred on December 31, 2018, and at a price per share payable to the holders of the

(ii) Corporation's common stock in an amount equal to \$55.62 per share, the closing selling price of such common stock on December 31, 2018, the last trading day in the 2018 fiscal year.

Suzy Papazian	\$1,425,000	\$255,127	\$6,414	\$214,137	\$984,452	\$2,885,130

(1) Represents three times Mr. Thornburg's annual salary of \$700,000 plus three times his target annual cash compensation of \$350,000 plus his annual cash incentive for the 2018 fiscal year based on actual performance of \$506,625; represents three times Mr. Gere's annual salary of \$461,000 plus three times his target annual cash incentive compensation of \$115,000; represents three times Mr. Jensen's annual salary of \$389,000 plus three times his target annual cash incentive compensation of \$97,000; represents three times Mr. Lynch's annual salary of \$441,000 plus three times his target annual cash incentive compensation of \$110,000; and represents three times Ms. Papazian's annual salary of \$380,000 plus three times her target annual cash incentive compensation of \$95,000.

(2) The actuarial and economic assumptions used above to value the enhanced pension benefits include the RP-2014 Mortality Table basis adjusted to 2006 published by The Society of Actuaries, with projection scale MP-2018 Mortality Improvement Scale and a 4.09 percent discount rate for the SERP and Cash Balance SERP (for 2017 a discount rate of 3.44 percent was used for the SERP and Cash Balance SERP and the RP-2014 Mortality Table basis adjusted to 2006, published by The Society of Actuaries, with projection scale MP-2017 Mortality Improvement Scale was used for such plans). There is no assumption for pre-retirement mortality or cessation of service, and retirement is assumed to occur at the earliest age at which each named executive officer can receive the pension benefits without actuarial reductions.

(3) Termination Following CIC: As described above, if the awards are assumed, replaced or otherwise continued in connection with a CIC, then the unvested service-based restricted awards vest in full on a qualifying termination occurring during the CIC Protection Period and the performance-based awards vest at target level upon a qualifying termination if such termination occurs after the CIC but prior to the end of the measurement period.

CIC Without Termination: If the awards are not assumed, replaced or otherwise continued in connection with the CIC, then the unvested service-based restricted stock units will automatically vest in full on an accelerated basis at the time of the CIC and the performance-based awards will automatically vest at target level at the time of the CIC.

All reported dollar values in this column are based on the \$55.62 closing selling price per share of the Corporation's common stock on December 31, 2018, the last trading day in the 2018 fiscal year and include service-based and performance-based stock unit awards for each named executive officer.

For executive officers other than Mr. Thornburg, calculated based on (i) W-2 wages for the five-year period 2013 through 2017, (ii) an effective tax rate of 52.65% (Federal, 37%; State, 13.3%; and Medicare, 2.35%) and (iii) the vesting of all outstanding unvested stock unit awards on the assumed December 31, 2018 CIC/separation from service date.

As discussed above, Mr. Thornburg is not entitled to receive a tax gross-up under the Executive Severance Plan. However, if any payments or benefits payable to him would become subject to the excise tax under Section 4999 of the Code, such payments and benefits will be reduced if such reduction would provide him with a greater after-tax benefit. The total amount shown for Mr. Thornburg has not been reduced as he would have a greater after-tax benefit on a net after-tax basis if paid the full amount owed.

There would be no enhancement to Mr. Lynch's benefits under the Cash Balance SERP, whether in the form of additional compensation credits or contributions or additional years of service credit, triggered by the CIC event or the termination of his employment in connection therewith.

In the event of a CIC without termination where equity awards are not assumed, replaced or otherwise continued, the named executive officers would potentially be entitled to acceleration of their restricted stock unit awards as set forth in the chart above (but would not be entitled to the other potential payments listed in such chart).

Potential Payments Upon Termination without a CIC: In the event of a qualifying termination on December 31, 2018, Mr. Thornburg would be entitled to a payment equal to two times the sum of his annual base salary of \$700,000 for the 2018 fiscal year plus his target annual cash compensation of \$350,000, in addition to his annual cash incentive of \$506,625 for the 2018 fiscal year based on actual performance, which equals \$2,606,625. In the event of a qualifying termination on December 31, 2018, Mr. Lynch would be entitled to a payment of his annual base salary for the 2018 fiscal year of \$441,000.

As described above, the unvested service-based restricted stock units vest in full on a termination by reason of death or permanent disability and the performance-based awards vest pro-rata based on actual performance and period of service during the performance period upon a termination without good cause or resignation for good reason or by reason of death or permanent disability during the performance period. The payout value for each named executive officer's service-based awards and performance-based awards, assuming a qualifying termination on December 31, 2018 (other than in connection with a CIC) and assuming that actual performance under the performance-based awards was at target level, are \$835,728 for Mr. Thornburg, \$210,355 for Mr. Gere, \$194,707 for Mr. Jensen, \$218,476 for Mr. Lynch and \$184,973 for Ms. Papazian. All reported dollar values are based on the \$55.62 closing selling price per share of the Corporation's common stock on December 31, 2018, the last trading day in the 2018 fiscal year.

Securities Authorized for Issuance Under Equity Compensation Plans

The following table provides information as of December 31, 2018, with respect to the shares of the Corporation's common stock that may be issued under the Corporation's existing equity compensation plans:

(1) Consists of the Corporation's Long-Term Incentive Plan and 2014 Employee Stock Purchase Plan.

Includes 124,275 shares of common stock underlying deferred stock awards and restricted stock units that will entitle each holder to the issuance of one share of common stock for each deferred share or unit that vests following the applicable performance-vesting or service-vesting requirements. Excludes outstanding purchase rights under the 2014 Employee Stock Purchase Plan.

Calculated without taking into account the 124,275 shares of common stock subject to outstanding deferred stock awards or restricted stock units that will become issuable upon or following the vesting of those awards or units, without any cash consideration or other payment required for such shares.

(4) Consists of 881,914 shares of common stock available for issuance under the Long-Term Incentive Plan and 282,818 shares of common stock available for issuance under the 2014 Employee Stock Purchase Plan.

The shares under the Long-Term Incentive Plan may be issued pursuant to stock option grants, stock appreciation rights, restricted stock or restricted stock unit awards, performance shares, dividend equivalent rights, and stock bonuses.

(6) The Corporation does not have any outstanding equity compensation plans which are not approved by stockholders.

Compensation Committee Interlocks and Insider Participation

No member of the Executive Compensation Committee was at any time during the 2018 fiscal year, or at any other time, an officer or employee of the Corporation or any of its subsidiaries. No executive officer of the Corporation served during the 2018 fiscal year as a member of the board of directors or compensation committee (or other board committee performing equivalent functions) of any entity that has one or more executive officers serving as a member of the Corporation's Board or Executive Compensation Committee. Messrs. Bishop, Landis, and More and Ms. Armstrong served on the Executive Compensation Committee during the 2018 fiscal year. None of the Executive Compensation Committee members had a relationship requiring disclosure under Item 404 of Regulation S-K.

COMMITTEE REPORTS

The following reports of the Audit Committee and the Executive Compensation Committee shall not be deemed incorporated by reference into any previous filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, that might incorporate future filings, including this proxy statement, in whole or in part, nor are such reports to be incorporated by reference into any future filings.

Annual Report of the Audit Committee

In connection with the audited consolidated financial statements for the period ended December 31, 2018, the Audit Committee (1) reviewed and discussed the audited consolidated financial statements with management, (2) discussed with the independent registered public accounting firm the matters required to be discussed by Public Company Accounting Oversight Board (PCAOB) Auditing Standard No. 16, Communications with Audit Committees, or any successor standard and (3) received the written disclosures and the letter from the independent accountants required by applicable requirements of the PCAOB regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and has discussed with the independent registered public accounting firm its independence. Based upon these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2018 for filing with the Securities and Exchange Commission.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Since January 1, 2018, there have been no transactions and there are no currently proposed transactions in which the Corporation was or is a participant and the amount involved exceeds \$120,000 and in which any related person (as defined under Item 404(a) of Regulation S-K) had or will have a direct or indirect material interest.

The Audit Committee reviews related party transactions as such term is defined under Item 404(a) of Regulation S-K pursuant to the Audit Committee Charter. The Audit Committee evaluates all such transactions and determines whether or not it serves the best interest of the Corporation and its stockholders and whether the relationship should be continued or eliminated. In addition, SJW Group has a written Related Party Transactions Policy which provides that any request for review submitted to the Audit Committee must describe the material terms of the proposed transaction and the related party's interest. Such policy further provides that when review of a related party transaction is required between regular Audit Committee meetings, the Audit Committee may do so at a special telephonic committee meeting or by written consent (including by email).

STOCKHOLDER PROPOSALS

Stockholder proposals intended to be presented at next year's annual meeting of stockholders must comply with all applicable SEC rules and regulations, including Rule 14a-8 of the Securities Exchange Act, as amended, and be received by the Corporation by November __, 2019 for inclusion in the Corporation's proxy materials relating to that meeting. In addition, for a stockholder proposal to be properly brought before next year's annual meeting by a stockholder (and not pursuant to the SEC Rule 14a-8 for inclusion in the proxy materials), the stockholder must comply with the advance notice and other provisions in our Bylaws. In general, for a stockholder proposal to be timely under such advance notice provision, the proposal must be delivered to the Secretary of the Corporation at its principal executive offices not later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the one-year anniversary of this year's annual meeting date.

The proxy solicited by the Board of Directors for the 2020 annual meeting of stockholders will confer discretionary authority to vote on any stockholder proposal presented at the meeting for which the Corporation did not have notice on or prior to January 25, 2020.

FORM 10-K

SJW GROUP WILL MAIL, WITHOUT CHARGE, UPON WRITTEN REQUEST, A COPY OF SJW GROUP'S FORM 10-K FOR THE FISCAL YEAR ENDED DECEMBER 31, 2018, INCLUDING THE CONSOLIDATED FINANCIAL STATEMENTS, SCHEDULES, AND LIST OF EXHIBITS, AND ANY PARTICULAR EXHIBIT SPECIFICALLY REQUESTED. APPENDIX A

CERTIFICATE OF AMENDMENT
OF
CERTIFICATE OF INCORPORATION OF
SJW GROUP

SJW Group, a Delaware corporation (the "Corporation"), hereby certifies as follows:

1. That the Corporation's Board of Directors has duly adopted the following resolution to amend the Corporation's Certificate of Incorporation, as amended, pursuant to Section 242 of the General Corporation Law of the State of Delaware:

RESOLVED, that the Certificate of Incorporation of the Corporation shall be amended as follows:

Article IV shall be amended and restated in its entirety as follows:

"The total number of shares of stock that the Corporation shall have authority to issue is 71,000,000, consisting of the following:

70,000,000 shares of Common Stock, par value \$0.001 per share. Each share of Common Stock shall entitle the holder thereof to one (1) vote on each matter submitted to a vote at a meeting of stockholders.

1,000,000 shares of Preferred Stock, par value \$0.001 per share, which may be issued from time to time in one or more series pursuant to a resolution or resolutions providing for such issue duly adopted by the Board of Directors (authority to do so being hereby expressly vested in the Board of Directors). The Board of Directors is further authorized, subject to limitations prescribed by law, to fix by resolution or resolutions the designations, powers, preferences and rights, and the qualifications, limitations or restrictions thereof, of any wholly unissued series of Preferred Stock, including without limitation authority to fix by resolution or resolutions the dividend rights, dividend rate, conversion rights, voting rights, rights and terms of redemption (including sinking fund provisions), redemption price or prices, and liquidation preferences of any such series, and the number of shares constituting any such series and the designation thereof, or any of the foregoing.

The Board of Directors is further authorized to increase (but not above the total number of authorized shares of the class) or decrease (but not below the number of shares of any such series then outstanding) the number of shares of any series, the number of which was fixed by it, subsequent to the issuance of shares of such series then outstanding, subject to the powers, preferences and rights, and the qualifications, limitations and restrictions thereof stated in the Certificate of Incorporation or the resolution of the Board of Directors originally fixing the number of shares of such series. If the number of shares of any series is so decreased, then the shares constituting such decrease shall resume the status which they had prior to the adoption of the resolution originally fixing the number of shares of such series."

The Corporation has caused this Certificate of Amendment of the Certificate of Incorporation to be signed by the Corporation's Chief Financial Officer, its authorized officer, on this ___ day of ___, 2019.
