Report of Independent Registered Public Accounting Firm

Board of Directors
ING 401(k) Plan for ILIAC Agents

We have audited the accompanying statements of net assets available for benefits of the ING 401(k) Plan for ILIAC Agents as of December 31, 2003 and 2002, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2003 and 2002, and changes in its net assets available for benefits for the years then ended in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2003, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

ING 401(k) Plan for ILIAC Agents
Notes to Financial Statements

1. Description of Plan

General

The following description of the ING 401(k) Plan for ING Life Insurance and Annuity Company ("ILIAC") Agents, formerly the Agents of Aetna Life Insurance and Annuity Company Incentive Savings Plan, (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions, including those described herein.

The Plan is a voluntary defined contribution plan available to all full-time insurance salesmen who, as defined in the Plan document, have entered into a Career Agent Agreement with ILIAC. The Plan is intended to meet the requirements of Internal Revenue Code ("IRC") Section 401(a). The Plan contains a salary reduction feature intended to meet the requirements applicable to cash or deferred arrangements under Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

ILIAC is the Plan sponsor ("Plan Sponsor") and the ING U.S. Pension Committee is the plan administrator ("Plan Administrator"). Effective January 2002, ING National Trust became the trustee ("Trustee") of the Plan.

Investment Options

At December 31, 2003, the Plan's assets were invested in the following investment vehicles: ING Fixed Account, ING GNMA Income Fund, ING Intermediate Bond Fund, Fidelity Puritan Fund, Merrill Lynch Equity Index

Edgar Filing: ING GROEP NV - Form 11-K

Trust, Fidelity Blue Chip Growth Fund, ING Growth Fund, ING LargeCap Growth Fund, ING Value Opportunity Fund, MFS Capital Opportunities Fund, AIM Small Cap Growth Fund, ING Index Plus MidCap Fund, ING Index Plus LargeCap Fund, ING Small Company Fund, ING SmallCap Opportunities Fund, ING Technology Fund, ING International Fund, ING International Value Fund, Janus Worldwide Fund and ING Market Stock Fund.

Concentrations of Risk

At December 2003 and 2002, the Plan's assets were significantly concentrated in ING mutual funds and shares of Company stock (as more fully described below), the value of which is subject to fluctuations, related to corporate, industry and economic factors.

Eligibility

All employees meeting the qualifying requirements, as specified in the Plan documents, are immediately eligible to participate in the Plan. Generally, Plan participation is limited to Career Agents, as defined in the Plan documents.

4

ING 401(k) Plan for ILIAC Agents Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's contribution. Company contributions are based on participant deferrals and eligible earnings. Each participant's account is also credited with allocations of Plan investment results. All earnings, with respect to participant's accounts, are allocated to each participant's account as soon as practicable after they accrue or arise. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants who enter into a Career Agent contract with ILIAC will vest in ILIAC matching contributions over four years of service at the rate of 25% after the first year, 50% after the second year, 75% after the third year, and 100% after the fourth year. Participants who entered into a Career Agent contract with ILIAC prior to January 1, 2002 will vest in ILIAC matching contributions over three years of service at a rate of 50% after the first year, 75% after the second year and 100% after the third year. Employees are immediately fully vested when any of the following occur: (1) obtaining age 65 while actively employed, (2) dying while actively employed, (3) obtaining eligibility for benefits under ING's managed long term disability plan, or (4) termination or partial termination of the Plan.

The amount of cumulative forfeited nonvested participant accounts as of December 31, 2003 and 2002 is \$40,981 and \$25,908, respectively.

Employee Contributions

Edgar Filing: ING GROEP NV - Form 11-K

Participants may contribute up to 20% of their pre-tax eligible earnings for the Plan year. Participants may also contribute eligible amounts representing distributions from other qualified plans in a tax-free rollover ("rollover"). Participant contributions, other than rollovers, are subject to limitations imposed by the IRC.

Employer Contributions

ILIAC matches participants' pre-tax contributions at 50% of each participant's contributions up to the first 6% of total eligible earnings. The IRC limits can affect certain highly paid participants' eligibility to receive matching contributions.

5

ING 401(k) Plan for ILIAC Agents Notes to Financial Statements

Participant Loans

Subject to the provisions of the Plan, participants may borrow against their account balances provided that the amount requested is at least \$1,000 but not more than the lesser of 50% of the vested balance or \$50,000.

Each loan will bear an interest rate as prescribed by the Plan's applicable provisions, currently the prime interest rate plus 1%. Loan repayment periods are for a maximum of five years. Principal and interest are repaid ratably through commission check deductions.

Benefits

Upon termination of service due to death, disability or retirement, a participant or his/her beneficiary may elect to receive either a lump-sum distribution or periodic payments of the vested account balances. A participant may elect to receive his or her benefit in Company (defined as American Depository Shares of ING Groep, N.V., a Netherlands Corporation which is the parent company of the Plan Sponsor) stock to the extent his or her account is invested in Company stock. As defined in the Plan documents, certain participants are also eligible for hardship withdrawals, consistent with the provisions of the IRC.

Administrative Expenses

The Plan is responsible for paying all Plan expenses unless the Company determines to pay them.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Plan accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

6

ING 401(k) Plan for ILIAC Agents Notes to Financial Statements

Investment Valuation and Income Recognition

The Plan provides for investments in ING American Depository Shares, guaranteed investment contracts ("GICs"), and mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term; such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Mutual funds are stated at fair value, which is the quoted market price. Investments in ING American Depository Shares are based on the quoted market price of the common shares of ING Groep, N.V. Certain investments in contracts with insurance companies (ING Fixed Account) are stated at contract value, in accordance with American Institute of Certified Public Accountants ("AICPA") Statement of Position 94-4 Reporting of Investment Contracts Held by Health and Welfare Benefit Plans and Defined Contribution Pension Plans ("SOP 94-4"), which approximates fair value.

Loans to participants are valued at their outstanding balances, which approximate fair value.

Interest income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on the trade date.

Use of Estimates

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements

3. Income Tax Status

The Plan received a determination letter from the Internal Revenue Service dated March 27, 2003, stating that the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax exempt.

The Plan was amended and restated effective January 1, 2002, to incorporate the applicable requirements of the Uruguay Round Agreements Act ("GAAT"), Uniformed Services Employment and Reemployment Rights Act of 1994, Small Business Job Protection Act of 1996, the Taxpayer Relief Act of 1997, the Internal Revenue Service Restructuring and Reform Act of 1998 and the Community Renewal Tax Relief Act of 2000.

4. Investments

The following individual investments represent 5% or more of the Plan's total net assets as of the years ended December 31:

	2003	2002
	-----	-----
ING Small Company Fund - Class I	\$ 3,407,863	\$ 2,496,
ING Fixed Account	2,494,515	1,541,
Fidelity Blue Chip Growth Fund	2,650,206	1,987,
ING Growth Fund - Class I	2,099,963	1,624,
MFS Capital Opportunities Fund - Class A	N/A	745,
ING International Value Fund - Class I	2,060,102	1,171,
ING Index Plus MidCap Fund - Class I	1,200,372	N/A
ING Index Plus LargeCap Fund	1,109,705	N/A

The net appreciation (depreciation) in fair value of each significant class of investments, which consists of the realized gains of losses and the unrealized appreciation (depreciation) on those investments, is as follows for the years ended December 31:

2003	2002
-----	-----

5. Investment in Insurance Contracts

As of December 31, 2003, the Plan maintained one GIC related investment option, the ING Fixed Account. This contract is considered to be fully benefit responsive in accordance with AICPA SOP 94-4 and is carried at contract value. As of December 31, 2003 and 2002, the fair value of the investment in the ING Fixed Account approximates contract value of \$2,494,514.

The average yields for the contract for the years ended December 31, 2003 and 2002 were 4.52% and 5.25%, respectively. The crediting interest rates for the contract as of December 31, 2003 and 2002 were 4.45% and 5.25%, respectively. The minimum crediting interest rates for the contract for the years ended December 31, 2003 and 2002 were 4.45% and 4.95%, respectively.

The underlying contract has no restrictions on the use of Plan assets and there are no valuation reserves recorded to adjust contract amounts.

6. Blackout Period

During 2002, as part of the transfer to a new trustee, the Plan Sponsor initiated blackout period restrictions with respect to participant activity. Certain investment options were changed and new ones made available to participants.

All contributions for 2002 were directed to the new Trustee. Effective February 15, 2002, the blackout period ended and full-service activity resumed on all participant accounts.

7. Parties-in-Interest to the Plan

The Plan holds investments in several mutual funds that are managed by affiliated companies of the Plan Sponsor. These funds are considered parties-in-interest (as defined in ERISA) to the Plan. At December 31, 2003 and 2002, funds of \$14,295,779 and \$9,354,919 were held in such investments and are considered parties-in-interest to the Plan.
