On April 23, 2018, Natus Medical Incorporated (“Natus”) issued the following press release:

NATUS CONFIRMS RECEIPT OF NOTICE OF VOCE CAPITAL’S INTENT TO NOMINATE DIRECTOR CANDIDATES TO REPLACE 50% OF THE NATUS BOARD

No Shareholder Action Required at this Time

PLEASANTON, Calif. - April 23, 2018 - Natus Medical Incorporated (NASDAQ:BABY) (“Natus” or the “Company”) today confirmed that Voce Capital Management LLC (“Voce”), which has indicated that it owns approximately 2.0% of the Company’s outstanding shares of common stock, has nominated two candidates to stand for election for the two seats on the Natus Board of Directors, which terms expire at the Company’s 2018 Annual Meeting of Stockholders, and is seeking to remove the chairman of the Natus Board and replace him with a third candidate. The date of the Company’s Annual Meeting has not yet been announced. Natus issued the following statement:

The Natus Board and management team are executing on a strategy that is yielding results:

Strong Revenue Growth: In 2017, Natus achieved its goal of generating \$500 million in revenues.

Strong Stock Performance: Over the past five years, Natus’ stock price has increased by approximately 177%, versus 71% for both the Russell 2000 and S&P 500 over the same time frame (calculated based on closing stock prices on April 20, 2018). Additionally, since Jim Hawkins joined the Company in 2004, the Company’s market value has risen from under \$100 million to nearly \$1.2 billion today.

Creating Value for All Shareholders: As a testament to its commitment to creating shareholder value, the Company also recently announced a \$30 million share repurchase program. This program is the last of a series of buy-back programs, which have totaled \$80 million over the past four years.

Looking ahead, Natus is laser-focused on creating long-term shareholder value by leveraging the Company’s well-defined capabilities in newborn care and neurology. In addition, Natus has expanded its capabilities and product offerings into neurosurgery and audiology with the acquisitions in 2017 of Integra Lifesciences’ neurosurgery assets and GN Otometrics. We are confident that these strategic acquisitions position Natus well for future growth.

The Natus Board is always open to input from its shareholders that may help drive growth and enhance shareholder value. Specific to Voce Capital, our goal has been to build a constructive relationship with Voce, and we are disappointed that Voce has chosen to initiate an unnecessary and costly proxy contest. In the past five years, Voce acquired and then largely sold its entire position, only to return to buy Natus shares commencing after we pre-released our fourth quarter operating results in January 2018. Over the past five years, representatives of Voce have presented to members of our Board and have met and spoken with members of our management team on multiple occasions. As recently as March 27, 2018, Natus invited Voce to present to several members of its Board of Directors.

Natus has an experienced and independent Board that benefits from a diverse range of expertise in the medical technology industry, including sales, marketing and product development, as well as organizational and operational management of public and private companies, including the Board’s independent Chairman who brings decades of experience managing and directing public and private companies across several industries. The Natus Board recognizes the importance of having the right mix of skills, expertise and experience and is committed to continuously reviewing its capabilities and ongoing refreshment on behalf of stockholders. In 2016, the Company added Dr. Barbara R. Paul, the former Chief Medical Officer at Community Health Systems, who serves as Chair of the Company’s Nominating and Corporate Governance Committee.

Natus will report the recommendation of its Board of Directors and Nominating and Governance Committee regarding director nominees and other proposals in Natus's proxy statement and related materials, to be filed with the Securities and Exchange Commission and provided to all stockholders eligible to vote at the 2018 Annual Meeting. Natus stockholders are not required to take any action at this time.
