Pursuant to the share withholding provisions of the Fourth Amended and Restated Revlon, Inc. Stock Plan (the "Stock Plan"), certain senior executives, in lieu of paying certain withholding taxes on the vesting of restricted stock, authorized the withholding of an aggregate 89,620 shares of Revlon Class A Common Stock during the six months ended June 30, 2017, to satisfy certain minimum statutory tax withholding requirements related to the vesting of such shares. These withheld shares were recorded as treasury stock using the cost method, at a weighted average price per share of \$27.67 during the six months ended June 30, 2017, based on the closing price of Revlon Class A Common Stock as reported on the New York Stock Exchange (the "NYSE") consolidated tape on each respective vesting date, for a total of \$2.5 million. See Note 15, "Stock Compensation Plan" to the Consolidated Financial Statements in Revlon's Annual Report on Form 10-K for the fiscal year ended December 31, 2016, filed with the SEC on March 3, 2017 (the "2016 Form 10-K") for details regarding restricted stock awards under the Stock Plan.

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

(except where otherwise noted, all tabular amounts in millions, except share and per share amounts)

Item 1. Financial Statements

1. DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Revlon, Inc. ("Revlon" and together with its subsidiaries, the "Company") conducts its business exclusively through its direct wholly-owned operating subsidiary, Revlon Consumer Products Corporation ("Products Corporation"), and its subsidiaries. Revlon is an indirect majority-owned subsidiary of MacAndrews & Forbes Incorporated (together with certain of its affiliates other than the Company, "MacAndrews & Forbes"), a corporation wholly-owned by Ronald O. Perelman. The Company is a leading global beauty company with an iconic portfolio of brands. The Company develops, manufactures, markets, distributes and sells an extensive array of color cosmetics, hair color, hair care and hair treatments, fragrances, skin care, beauty tools, men's grooming products, anti-perspirant deodorants and other beauty care products across a variety of distribution channels. The Company is building a combined organization that is entrepreneurial, agile and boldly creative, with a passion for beauty. The Company has strategic brand builders developing a diverse portfolio of iconic brands that delight consumers around the world wherever and however they shop for beauty. The Company strives to be an ethical company that values inclusive leadership and is committed to sustainable and responsible growth. The Company operates in four reporting segments: the consumer division ("Consumer"); Elizabeth Arden; the professional division ("Professional"); and Other. The Company's principal customers for its products in the Consumer segment include large volume retailers, chain drug and food stores, chemist shops, hypermarkets, general merchandise stores, the Internet/e-commerce, television shopping, department stores, one-stop shopping beauty retailers, specialty cosmetics stores and perfumeries in the U.S. and internationally. The Company's principal customers for its products in the Elizabeth Arden segment include prestige retailers, the mass retail channel, perfumeries, boutiques, department and specialty stores, travel retailers and distributors, as well as direct sales to consumers via Elizabeth Arden branded retail stores and e-commerce business. Elizabeth Arden products are also sold through the Elizabeth Arden Red Door Spa beauty salons and spas. The Company's principal customers for its products in the Professional segment include hair and nail salons and distributors to professional salons in the U.S. and internationally. The Other segment primarily includes the operating results of the CBBeauty Group and certain of its related entities, which the Company acquired in April 2015 (collectively "CBB" and such transaction, the "CBB Acquisition"). CBB develops, manufactures, markets and distributes fragrances and other beauty products under a variety of celebrity, lifestyle and fashion brands licensed from third parties, principally through department stores and selective distribution in international territories.

The accompanying Consolidated Financial Statements are unaudited. In management's opinion, all adjustments necessary for a fair presentation have been made. The Consolidated Financial Statements include the Company's accounts after the elimination of all material intercompany balances and transactions.

The preparation of the Company's Consolidated Financial Statements in conformity with U.S. generally accepted accounting principles ("U.S. GAAP") requires management to make estimates and assumptions that affect amounts of assets and liabilities and disclosures of contingent assets and liabilities as of the date of the financial statements and reported amounts of revenues and expenses during the periods presented. Actual results could differ from these estimates. Estimates and assumptions are reviewed periodically and the effects of revisions are reflected in the Consolidated Financial Statements in the period they are determined to be necessary. Significant estimates made in the accompanying Consolidated Financial Statements include, but are not limited to, allowances for doubtful accounts, inventory valuation reserves, expected sales returns and allowances, trade support costs, certain assumptions related to the valuation of acquired intangible and long-lived assets and the recoverability of goodwill, intangible and long-lived assets, income taxes, including deferred tax valuation allowances and reserves for estimated tax liabilities, restructuring costs, certain estimates and assumptions used in the calculation of the net periodic benefit (income) costs and the projected benefit obligations for the Company's pension and other post-retirement plans, including the expected long-term return on pension plan assets and the discount rate used to value the Company's pension benefit obligations. The Consolidated Financial Statements should be read in conjunction with the consolidated financial

statements and related notes contained in Revlon's 2016 Form 10-K.

The Company's results of operations and financial position for interim periods are not necessarily indicative of those to be expected for the full year.

Certain prior year amounts in the Consolidated Financial Statements have been reclassified to conform to the current period's presentation.

Recently Adopted Accounting Pronouncements

In March 2016, the FASB issued ASU No. 2016-09, "Improvements to Employee Share-Based Payment Accounting," which simplifies certain aspects of accounting for share-based payment transactions, including transactions in which an employee uses

REVLON, INC. AND SUBSIDIARIES

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

(except where otherwise noted, all tabular amounts in millions, except share and per share amounts)

shares to satisfy the employer's minimum statutory income tax withholding obligation, forfeitures and income taxes when awards vest or are settled. The Company adopted ASU No. 2016-09 beginning on January 1, 2017 and the adoption of this new guidance did not have a material impact on the Company's results of operations, financial condition and/or financial statement disclosures. The adoption of ASU No. 2016-09 resulted in tax withholdings related to net share settlements of restricted stock units and awards in the amount of \$2.6 million, previously reported in the Unaudited Consolidated Statement of Cash Flows for the first six months of 2016 as a component of cash flows from operating activities, to be reclassified as a component of cash flows from financing activities.

In July 2015, the FASB issued ASU No. 2015-11, "Inventory (Topic 330): Simplifying the Measurement of Inventory," which simplifies the subsequent measurement of inventories by requiring inventory to be measured at the lower of cost or net realizable value, rather than at the lower of cost or market. Net realizable value is defined as the estimated selling price in the ordinary course of business, less reasonably predictable costs of completion, disposal and transportation. The Company adopted ASU No. 2015-11 beginning on January 1, 2017 and the adoption of this new guidance did not have a material impact on the Company's results of operations, financial condition and/or financial statement disclosures.

Recently Issued Accounting Pronouncements

In March 2017, the FASB issued ASU No. 2017-07, "Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost," which changes the way that employers present net periodic pension cost ("NPPC") and net periodic postretirement benefit cost ("NPPBC") within the income statement. The amendment requires an employer to present the service cost component of NPPC and NPPBC in the same income statement line item(s) as other employee compensation costs arising from services rendered during the period. The other components of NPPC and NPPBC would be presented separately from this line item and below any subtotal of operating income; companies will need to disclose the line items used to present these other components of NPPC and NPPBC, if not separately presented. In addition, only the service cost component would be eligible for capitalization in assets. This guidance is effective retrospectively for annual and quarterly periods beginning after December 15, 2017, with early adoption permitted. The Company expects to adopt ASU No. 2017-07 beginning as of January 1, 2018, and does not expect this new guidance will have a material impact on the Company's results of operations, financial condition and/or financial statement disclosures.

In May 2014, the FASB issued ASU No. 2014-09, "Revenue from Contracts with Customers". ASU No. 2014-09 will replace most existing revenue recognition guidance in U.S. GAAP when it becomes effective. The underlying principle of ASU No. 2014-09 is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration for which the entity expects to be entitled in exchange for those goods or services. Entities may adopt ASU No. 2014-09 either retrospectively for all periods presented in the financial statements (i.e., the full retrospective method) or as a cumulative-effect adjustment as of the date of adoption (i.e., the modified retrospective method), without applying it to comparative years' financial statements.

In August 2015, the FASB issued ASU No. 2015-14, "Revenue from Contracts with Customers: Deferral of the Effective Date," which allows for a deferral of the adoption date for ASU No. 2014-09 until January 1, 2018 while permitting early adoption no earlier than January 1, 2017.

The Company plans to adopt ASU No. 2014-09 on January 1, 2018 and anticipates adopting this standard using the modified retrospective method. The Company is currently in the process of evaluating its revenue streams under the requirements of ASU No. 2014-09 and based on the progress of this examination to date, the Company anticipates that its adoption of ASU No. 2014-09 will not result in any material adjustment to its results of operations and financial condition. The Company is also analyzing ASU No. 2014-09's expanded disclosure requirements, and whether the

adoption of ASU No. 2014-09 will require any changes to its accounting policies, processes, systems and/or internal controls.

2. BUSINESS COMBINATIONS

The Elizabeth Arden Acquisition

On September 7, 2016 (the "Elizabeth Arden Acquisition Date"), the Company completed the acquisition of Elizabeth Arden, Inc. ("Elizabeth Arden" and the "Elizabeth Arden Acquisition") for a total cash purchase price of \$1,034.3 million pursuant to an agreement and plan of merger (the "Merger Agreement") by and among Revlon, Products Corporation, RR Transaction Corp. ("Acquisition Sub," then a wholly-owned subsidiary of Products Corporation), and Elizabeth Arden. On the Elizabeth Arden Acquisition Date, Elizabeth Arden merged (the "Merger") with and into Acquisition Sub, with Elizabeth Arden surviving the

Merger as a wholly-owned subsidiary of Products Corporation. Elizabeth Arden is a global prestige beauty products company with an iconic portfolio of brands that are highly complementary to the Company's existing brand portfolio and are sold worldwide. In North America, Elizabeth Arden's principal customers include prestige retailers, specialty stores, the mass retail channel, distributors, department stores and other retailers, as well as direct sales to consumers via its Elizabeth Arden Red Door branded retail stores and ElizabethArden.com e-commerce business. Elizabeth Arden products are also sold through the Elizabeth Arden Red Door Spa beauty salons and spas. Internationally, Elizabeth Arden's portfolio of owned and licensed brands is sold to perfumeries, boutiques, department stores, travel retailers and distributors.

Products Corporation financed the Elizabeth Arden Acquisition with the proceeds from (i) a 7-year \$1,800.0 million senior secured term loan facility (the "2016 Term Loan Facility" and such agreement being the "2016 Term Loan Agreement"); (ii) \$35.0 million of borrowings under a 5-year \$400.0 million senior secured asset-based revolving credit facility (the "2016 Revolving Credit Facility" and such agreement being the "2016 Revolving Credit Agreement" and such facility, together with the 2016 Term Loan Facility, being the "2016 Senior Credit Facilities" and such agreements being the "2016 Credit Agreements"); (iii) \$450.0 million aggregate principal amount of Products Corporation's 6.25% Senior Notes due 2024 (the "6.25% Senior Notes"); and (iv) approximately \$126.7 million of cash on hand.

Elizabeth Arden's results of operations are included in the Company's Consolidated Financial Statements commencing on the Elizabeth Arden Acquisition Date.

For the six months ended June 30, 2017 the Company incurred \$26.2 million of acquisition and integration costs in the Consolidated Statement of Operations and Comprehensive (Loss) Income, related to the Elizabeth Arden Acquisition, which consist of \$0.8 million of acquisition costs and \$25.4 million of integration costs. The acquisition costs primarily include legal and consulting fees to complete the Elizabeth Arden Acquisition. The integration costs consist of non-restructuring costs related to integrating Elizabeth Arden's operations into the Company's business.

Purchase Price Allocation

The Company accounted for the Elizabeth Arden Acquisition as a business combination during the third quarter of 2016. The table below summarizes the amounts recognized for assets acquired and liabilities assumed as of the Elizabeth Arden Acquisition Date, as well as adjustments made in the periods after the Elizabeth Arden Acquisition Date to the amounts initially recorded (the "Measurement Period Adjustments"). The effects of these Measurement Period Adjustments have been reflected in the Company's balance sheets as of June 30, 2017 and December 31, 2016, respectively, as each adjustment has been identified.

^(b) The Measurement Period Adjustments to deferred taxes, net, related to net increases in deferred tax assets as a result of the changes to the estimated fair values and remaining useful lives of acquired trade name intangible assets and the recognition of non-qualified benefit plan obligations of Elizabeth Arden, as discussed further below.

^(c) The Measurement Period Adjustments to intangible assets during the six months ended June 30, 2017 relate to a revised approach in the determination of the fair values for the acquired Elizabeth Arden trade names. During the first quarter of 2017, the Company obtained further clarity into the product portfolio acquired through the Elizabeth Arden Acquisition, identifying that each brand has its own distinct profile, with its own defining attributes, as well as differing expected useful lives, which resulted in this revised approach. The Company valued the acquired trade names within the Elizabeth Arden product portfolio, including Visible Difference, Elizabeth Arden Ceramide, Prevege, Eight Hour Cream, Elizabeth Arden Red Door, Elizabeth Arden Green Tea, and Elizabeth Arden 5th Avenue. The Company determined the fair values of each acquired trade name using a risk-adjusted discounted cash flow approach, specifically the relief-from-royalty method. The relief-from-royalty method requires identifying the hypothetical cash flows generated by an assumed royalty rate that a third party would pay to license the trade names, and discounting them back to the Elizabeth Arden Acquisition Date. The royalty rate used in the valuation of each acquired trade name was based on a consideration of market rates for similar categories of assets.

The difference between the preliminary valuation of the Elizabeth Arden trade name and the sum of the fair values of the individual trade names within the Elizabeth Arden product portfolio resulted in an increase to goodwill of \$15.4 million, which was recorded in the fiscal quarter ended March 31, 2017. As a result of this revised approach, the Company recognized amortization expense of approximately \$1.8 million in its Unaudited Consolidated Statement of Operations and Comprehensive (Loss) Income during the first six months of 2017 related to the amortization of the acquired trade names from the date of acquisition through December 31, 2016.

(d) The Measurement Period Adjustments to accrued expenses during the six months ended June 30, 2017 relate to changes in estimated payments for acquisition related costs.

(e) The Measurement Period Adjustments to other long-term liabilities during the six months ended June 30, 2017 relate to the recognition of the projected benefit obligation of a certain foreign non-qualified benefit plan of Elizabeth Arden.

The fair values of the net assets acquired in the Elizabeth Arden Acquisition were based on management's preliminary estimate of the respective fair values of Elizabeth Arden's net assets. The estimated fair values of net assets and resulting goodwill are subject to the Company finalizing its analysis of the fair value of Elizabeth Arden's assets and liabilities as of the Elizabeth Arden Acquisition Date and may be adjusted upon completion of such analysis. In addition, information unknown at the time of the

Elizabeth Arden Acquisition could result in adjustments to the respective fair values and resulting goodwill within the year following the Elizabeth Arden Acquisition Date.

In determining the fair values of net assets acquired in the Elizabeth Arden Acquisition and resulting goodwill, the Company considered, among other factors, the analyses of Elizabeth Arden's historical financial performance and an estimate of the future performance of the acquired business, as well as the intended use of the acquired assets.

The intangible assets acquired in the Elizabeth Arden Acquisition based on the estimate of the fair values of the identifiable intangible assets are as follows:

^(b) The Measurement Period Adjustments to the Elizabeth Arden acquired trade names resulted in a \$15.4 million increase to goodwill, which was recorded in the fiscal quarter ended March 31, 2017.

In the fiscal quarter ended March 31, 2017, the Company recorded a \$54.8 million deferred tax liability related to the \$321.4 million of acquired intangible assets outlined in the above table. This deferred tax liability represents the tax effect of the difference between the \$321.4 million estimated assigned fair value of the intangible assets and the \$148.6 million tax basis of such assets.

The goodwill and intangible assets acquired in the Elizabeth Arden Acquisition are not expected to be deductible for income tax purposes.

The unaudited pro forma results do not include: (1) any incremental revenue generation, synergies or cost reductions that may be achieved as a result of the Elizabeth Arden Acquisition; or (2) the impact of non-operating or non-recurring items directly related to the Elizabeth Arden Acquisition. In addition, the unaudited pro forma results do not purport to project the future consolidated operating results of the combined company.

3. RESTRUCTURING CHARGES

EA Integration Restructuring Program

In December 2016, in connection with integrating the Elizabeth Arden and Revlon organizations, the Company began the process of implementing certain integration activities, including consolidating offices, eliminating certain duplicative activities and streamlining back-office support (the "EA Integration Restructuring Program"). The EA Integration Restructuring Program is designed to reduce the Company's SG&A expenses. As a result of the EA Integration Restructuring Program, the Company expects to eliminate approximately 350 positions worldwide. In connection with implementing the EA Integration Restructuring Program, the Company expects to recognize approximately \$65 million to \$75 million of total pre-tax restructuring charges (the "EA Integration Restructuring Charges"), consisting of: (i) approximately \$40 million to \$50 million of employee-related costs, including severance, retention and other contractual termination benefits; (ii) approximately \$15 million of lease termination costs; and (iii)

approximately \$10 million of other related charges.

9. FAIR VALUE MEASUREMENTS

Assets and liabilities are required to be categorized into three levels of fair value based upon the assumptions used to price the assets or liabilities. Level 1 provides the most reliable measure of fair value, whereas Level 3, if applicable, generally would require significant management judgment. The three levels for categorizing the fair value measurement of assets and liabilities are as follows:

Level 1: Fair valuing the asset or liability using observable inputs, such as quoted prices in active markets for identical assets or liabilities;

Level 2: Fair valuing the asset or liability using inputs other than quoted prices that are observable for the applicable asset or liability, either directly or indirectly, such as quoted prices for similar (as opposed to identical) assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active; and

Level 3: Fair valuing the asset or liability using unobservable inputs that reflect the Company's own assumptions regarding the applicable asset or liability.

The fair value of the Company's long-term debt, including the current portion of long-term debt, is based on quoted market prices for similar issues and maturities.

The carrying amounts of cash and cash equivalents, trade receivables, notes receivable, accounts payable and short-term borrowings approximate their respective fair values.

10. FINANCIAL INSTRUMENTS

Products Corporation maintains standby and trade letters of credit for various corporate purposes under which Products Corporation is obligated, of which \$10.0 million and \$10.4 million (including amounts available under credit agreements in effect at that time) were maintained at June 30, 2017 and December 31, 2016, respectively. Included in these amounts are approximately \$6.8 million and \$7.3 million at June 30, 2017 and December 31, 2016, respectively, in standby letters of credit that support Products Corporation's self-insurance programs. The estimated liability under such programs is accrued by Products Corporation.

Derivative Financial Instruments

The Company uses derivative financial instruments, primarily: (i) FX Contracts, intended for the purpose of managing foreign currency exchange risk by reducing the effects of fluctuations in foreign currency exchange rates on the Company's net cash flows; and (ii) interest rate hedging transactions, such as the 2013 Interest Rate Swap, intended for the purpose of managing interest rate risk associated with Products Corporation's variable rate indebtedness.

Foreign Currency Forward Exchange Contracts

The FX Contracts are entered into primarily to hedge the anticipated net cash flows resulting from inventory purchases and intercompany payments denominated in currencies other than the local currencies of the Company's foreign and domestic operations and generally have maturities of less than one year.

The U.S. Dollar notional amount of the FX Contracts outstanding at June 30, 2017 and December 31, 2016 was \$128.1 million and \$79.6 million, respectively.

Interest Rate Swap Transaction

In November 2013, Products Corporation executed a forward-starting floating-to-fixed interest rate swap transaction (the "2013 Interest Rate Swap") that, at its inception, was based on a notional amount of \$400 million in respect of indebtedness under Products Corporation's 2013 term loan, that was incurred in connection with completing the October 2013 acquisition of The Colomer Group (the "Old Acquisition Term Loan"). The 2013 Interest Rate Swap initially had a floor of 1.00% that in December 2016 was amended to 0.75%. In connection with entering into the 2016 Term Loan Facility, the 2013 Interest Swap was carried over to apply to a notional amount of \$400 million in respect of indebtedness under such loan for the remaining balance of the term of such swap. The Company initially designated the 2013 Interest Rate Swap as a cash flow hedge of the variability of the forecasted three-month LIBOR interest rate payments initially related to the \$400 million notional amount under the Old Acquisition Term Loan over the three-year term of the 2013 Interest Rate Swap (and subsequently to the \$400 million notional amount under the 2016 Term Loan Facility for the remaining balance of the term of such swap). Under the terms of the 2013 Interest Rate Swap, commencing in May 2015, Products Corporation receives from the counterparty a floating interest rate based on the higher of the three-month U.S. Dollar LIBOR or the floor percentage in effect, while paying a fixed interest rate payment to the counterparty equal to 2.0709% (which, with respect to the 2016 Term Loan Facility, effectively fixes the interest rate on such notional amount at 5.5709% over the remaining balance of the three-year term of the 2013 Interest Rate Swap). At June 30, 2017, the fair value of the 2013 Interest Rate Swap was a liability of \$2.7 million and the accumulated loss recorded in accumulated other comprehensive loss was \$1.8 million, net of tax. As a result of completely refinancing the Old Acquisition Term Loan with a portion of the proceeds from Product's Corporation's consummation of the 2016 Senior Credit Facilities and the 6.25% Senior Notes Offering in connection with consummating the Elizabeth Arden Acquisition, the critical terms of the 2013 Interest Rate Swap no longer matched the terms of the underlying debt under the 2016 Term Loan Facility. At the refinancing date, which was the

same as the September 7, 2016 Elizabeth Arden Acquisition Date (the "De-designation Date"), the 2013 Interest Rate Swap was determined to no longer be highly effective and the Company discontinued hedge accounting for the 2013 Interest Rate Swap. Following the de-designation of the 2013 Interest Rate Swap, changes in fair value are accounted for as a component of other non-operating expenses. Accumulated deferred losses of \$6.3 million, or \$3.9 million net of tax, at the De-designation Date, that were previously recorded as a component of accumulated other comprehensive loss, will be amortized into earnings over the remaining term of the 2013 Interest Rate Swap. At June 30, 2017, \$3.0 million, or \$1.8 million net of tax, remains as a component of accumulated other comprehensive loss related to the 2013 Interest Rate Swap. See "Quantitative Information – Derivative Financial Instruments" below.

REVLON, INC. AND SUBSIDIARIES

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

(except where otherwise noted, all tabular amounts in millions, except share and per share amounts)

The Company expects that \$1.8 million of the deferred net losses, net of taxes, related to the 2013 Interest Rate Swap will be amortized into earnings over the next 12 months.

Credit Risk

Exposure to credit risk in the event of nonperformance by any of the counterparties is limited to the gross fair value of the derivative instruments in asset positions, which totaled \$1.7 million and \$2.3 million as of June 30, 2017 and December 31, 2016, respectively. The Company attempts to minimize exposure to credit risk by generally entering into derivative contracts with counterparties that have investment-grade credit ratings and are major financial institutions. The Company also periodically monitors any changes in the credit ratings of its counterparties. Given the current credit standing of the Company's counterparties to its derivative instruments, the Company believes that the risk of loss under these derivative instruments arising from any non-performance by any of the counterparties is remote.

11. PENSION AND POST-RETIREMENT BENEFITS

The components of net periodic benefit (income) costs for the Company's pension and the other post-retirement benefit plans for the second quarter of 2017 and 2016, respectively, were as follows:

	Pension Plans		Other Post-Retirement Benefit Plans	
	Three Months 2017	Three Months 2016	Ended June 30, 2017	Ended June 30, 2016
Net periodic benefit (income) costs:

In the three months ended June 30, 2017, the Company recognized net periodic cost of \$1.2 million, compared to net periodic benefit income of \$0.1 million in the three months ended June 30, 2016. The increase in costs was primarily due to lower expected return on plan assets and higher service costs during the three months ended June 30, 2017.

REVLON, INC. AND SUBSIDIARIES

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

(except where otherwise noted, all tabular amounts in millions, except share and per share amounts)

The components of net periodic benefit (income) costs for the Company's pension and other post-retirement benefit plans for the first six months of 2017 and 2016, respectively, were as follows:

	Pension Plans		Other Post-Retirement Benefit Plans	
	Six Months Ended June 30,			
	2017	2016	2017	2016
Net periodic benefit (income) costs:

Portion allocated to Revlon Holdings	(0.1)	(0.1)	—	—
	\$0.7	\$(0.7)	\$ 0.4	\$ 0.3

In the six months ended June 30, 2017, the Company recognized net periodic benefit cost of \$1.1 million, compared to net periodic benefit income of \$0.4 million in the six months ended June 30, 2016. The increase in costs was primarily due to lower expected return on plan assets and higher service cost during the six months ended June 30, 2017, partially offset by a curtailment gain resulting from a certain foreign non-qualified benefit plan of Elizabeth Arden. Net periodic benefit costs (income) are reflected in the Company's Consolidated Financial Statements as follows:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2017	2016	2017	2016
Net periodic benefit (income) costs:				
Cost of sales	\$2.1	\$(0.5)	\$1.7	\$(1.3)
Selling, general and administrative expense	(0.9)	0.4	(0.6)	0.9
	\$1.2	\$(0.1)	\$1.1	\$(0.4)

The Company expects that it will have net periodic benefit cost of approximately \$3.0 million for its pension and other post-retirement benefit plans for all of 2017, compared with net periodic benefit income of \$0.6 million in 2016. During the second quarter of 2017, \$1.8 million and \$0.2 million were contributed to the Company's pension plans and other post-retirement benefit plans, respectively. During the first six months of 2017, \$3.5 million and \$0.4 million were contributed to the Company's pension plans and other post-retirement benefit plans, respectively. During 2017, the Company expects to contribute approximately \$10.0 million in the aggregate to its pension and other post-retirement benefit plans.

Relevant aspects of the qualified defined benefit pension plans, non-qualified pension plans and other post-retirement benefit plans sponsored by Products Corporation are disclosed in Note 14, "Pension and Post-Retirement Benefits," to the Consolidated Financial Statements in Revlon's 2016 Form 10-K.

12. INCOME TAXES

The Company's provision for income taxes represents federal, foreign, state and local income taxes. The Company's effective tax rate differs from the applicable federal statutory rate due to the effect of state and local income taxes, tax rates and income in foreign jurisdictions, foreign earnings taxable in the U.S., non-deductible expenses and other

items. The Company's tax provision changes quarterly based on various factors including, but not limited to, the geographical mix of earnings, enacted tax legislation, foreign, state and local income taxes, tax audit settlements and the interaction of various global tax strategies.

For the second quarter of 2017 and 2016, the Company recorded a provision for income taxes of \$11.9 million and \$10.6 million, respectively. The \$1.3 million increase in the provision for income taxes was primarily due to the level and mix of earnings between jurisdictions.

REVLON, INC. AND SUBSIDIARIES

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

(except where otherwise noted, all tabular amounts in millions, except share and per share amounts)

The Company recorded a benefit from income taxes of \$27.0 million for the first six months of 2017 and a provision for income taxes of \$16.4 million for first six months of 2016, respectively. The \$43.4 million decrease in the provision for income taxes was primarily due to the pre-tax loss from continuing operations in the first six months of 2017.

The Company's effective tax rate for the three months ended June 30, 2017 was lower than the federal statutory rate of 35% as a result of the level and mix of earnings between jurisdictions, foreign dividends and earnings taxable in the U.S., partially offset by the effect of certain favorable discrete items.

The Company's effective tax rate for the six months ended June 30, 2017 was lower than the federal statutory rate of 35% as a result of the level and mix of earnings between jurisdictions, foreign dividends and earnings taxable in the U.S., and state and local taxes, partially offset by the effect of certain favorable discrete items.

13. ACCUMULATED OTHER COMPREHENSIVE LOSS

The components of accumulated other comprehensive loss as of June 30, 2017 were as follows:

	Foreign Currency Translation	Actuarial (Loss) Gain on Post-retirement Benefits	Deferred Gain (Loss) - Hedging	Other	Accumulated Other Comprehensive Loss
Balance at January 1, 2017	\$ (24.0)	\$ (224.4)	\$ (3.0)	\$(0.3)	\$ (251.7)

Amounts represent the change in accumulated other comprehensive loss as a result of the amortization of actuarial losses (gains) arising during each year related to the Company's pension and other post-retirement plans. See Note 11, "Pension and Post-retirement Benefits," for further discussion of the Company's pension and other post-retirement plans.

(b) Represents the amortization of deferred losses related to the de-designated 2013 Interest Rate Swap. See Note 10, "Financial Instruments," for further discussion of the 2013 Interest Rate Swap.

(c) As a result of the Elizabeth Arden Acquisition, the Company recognized \$2.6 million in curtailment gains related to a foreign non-qualified defined benefit plan of Elizabeth Arden.

14. SEGMENT DATA AND RELATED INFORMATION

Operating segments include components of an enterprise about which separate financial information is available that is evaluated regularly by the chief operating decision maker (the Company's "Chief Executive Officer") in deciding how to allocate resources and in assessing the Company's performance. As a result of the similarities in the procurement, manufacturing and distribution processes for the Company's products, much of the information provided in the Unaudited Consolidated Financial Statements, and provided in the segment table below, is similar to, or the same as, that reviewed on a regular basis by the Company's Chief Executive Officer. As of June 30, 2017, and since the Elizabeth Arden Acquisition Date, the Elizabeth Arden organization has continued to operate and be evaluated on a

stand-alone basis.

At June 30, 2017, the Company's operations are organized into the following reportable segments:

Consumer - The Company's Consumer segment is comprised of products that are marketed, distributed and sold in large volume retailers, chain drug and food stores, chemist shops, hypermarkets, general merchandise stores, the Internet/e-commerce, television shopping, department stores, one-stop shopping beauty retailers, specialty cosmetic stores and perfumeries in the U.S. and internationally under brands such as Revlon, Almay, SinfulColors and Pure Ice in cosmetics; Revlon ColorSilk in women's hair color; Revlon in beauty tools; and Mitchum in anti-perspirant

(except where otherwise noted, all tabular amounts in millions, except share and per share amounts)

deodorants. The Consumer segment also includes a skin care line under the Natural Honey brand and hair color line under the Llongueras brand (licensed from a third party), that are sold in large volume retailers and other retailers, primarily in Spain, as well as Cutex nail care products.

Elizabeth Arden - The Elizabeth Arden segment markets, distributes and sells fragrances, skin care and color cosmetics to prestige retailers, specialty stores, the mass retail channel, distributors, perfumeries, department stores, boutiques, travel retailers and other retailers in the U.S. and internationally, as well as direct sales to consumers via its Elizabeth Arden Red Door branded retail stores, Elizabeth Arden.com e-commerce business and Elizabeth Arden Red Door spa beauty salons and spas under brands such as Skin Illuminating, SUPERSTART, Prevage, Eight Hour Cream, Elizabeth Arden Ceramide and Visible Difference in the Elizabeth Arden skin care brands; Elizabeth Arden Red Door, Elizabeth Arden 5th Avenue, Elizabeth Arden Green Tea and UNTOLD in Elizabeth Arden fragrances; Juicy Couture, John Varvatos and Wildfox Couture in designer fragrances; and Curve, Elizabeth Taylor, Britney Spears, Christina Aguilera, Halston, Ed Hardy, Geoffrey Beene, Alfred Sung, Giorgio Beverly Hills, Lucky Brand, PS Fine Cologne for Men, White Shoulders and Jennifer Aniston in heritage fragrances.

Professional - The Company's Professional segment markets, distributes and sells professional products primarily to hair and nail salons and professional salon distributors in the U.S. and internationally under brands such as Revlon Professional in hair color, hair care and hair treatments; CND in nail polishes and nail enhancements, including CND Shellac and CND Vinylux nail polishes; and American Crew in men's grooming products. The Professional segment also includes a multi-cultural hair care line consisting of Creme of Nature hair care products, which are sold in both professional salons and in large volume retailers and other retailers, primarily in the U.S.

Other - The Other segment includes the operating results of the CBB business and related purchase accounting for the CBB Acquisition. CBB develops, markets and distributes fragrances and other beauty products under various third party celebrity, lifestyle and fashion brands, principally through department stores and selective distribution in international territories. The results included within the Other segment are not material to the Company's consolidated results of operations.

The Company's management evaluates segment profit, which is defined as income from continuing operations before interest, taxes, depreciation, amortization, stock-based compensation expense, gains/losses on foreign currency fluctuations, gains/losses on the early extinguishment of debt and miscellaneous expenses, for each of the Company's reportable segments. Segment profit also excludes unallocated corporate expenses and the impact of certain items that are not directly attributable to the reportable segments' underlying operating performance, which includes the impacts of: (i) restructuring and related charges; (ii) acquisition and integration costs; (iii) deferred compensation related to the accounting for the CBB Acquisition; (iv) costs of sales resulting from a fair value adjustment to inventory acquired in the Elizabeth Arden Acquisition; and (v) charges related to the Elizabeth Arden 2016 Business Transformation Program. Such items are shown below in the table reconciling segment profit to consolidated income from continuing operations before income taxes. Unallocated corporate expenses primarily include general and administrative expenses related to the corporate organization. These expenses are recorded in unallocated corporate expenses, as these items are centrally directed and controlled and are not included in internal measures of segment operating performance. The Company does not have any material inter-segment sales.

The accounting policies for each of the reportable segments are the same as those described in Note 1, "Description of Business and Summary of Significant Accounting Policies." The Company's assets and liabilities are managed centrally and are reported internally in the same manner as the Unaudited Consolidated Financial Statements; thus, no additional information regarding assets and liabilities of the Company's reportable segments is produced for the Company's Chief Executive Officer or included in these Unaudited Consolidated Financial Statements.

15. BASIC AND DILUTED EARNINGS PER COMMON SHARE

Shares used in basic earnings per share are computed using the weighted average number of common shares outstanding during each period. Shares used in diluted (loss) earnings per share include the dilutive effect of unvested restricted stock under the Company's Stock Plan using the treasury stock method. For the three and six months ended June 30, 2017, diluted loss per share equals basic loss per share as the assumed vesting of restricted stock would have an anti-dilutive effect. At June 30, 2017 and 2016, there were no outstanding stock options under the Company's Stock Plan.

16. CONTINGENCIES

The Company is involved in various routine legal proceedings incidental to the ordinary course of its business. The Company believes that the outcome of all pending legal proceedings in the aggregate is not reasonably likely to have a material adverse effect on the Company's business, prospects, results of operations, financial condition and/or cash flows.

As previously disclosed, following the announcement of the execution of the Elizabeth Arden Merger Agreement, several putative shareholder class action lawsuits and a derivative lawsuit were filed challenging the Merger. In addition to the complaints filed on behalf of plaintiffs Parker, Christiansen, Ross and Stein, on July 25, 2016, a lawsuit (Hutson v. Elizabeth Arden, Inc., et al., Case No. CACE-16-013566) (referred to as the "Hutson complaint") was filed in the Seventeenth Judicial Circuit in and for Broward County, Florida (the "Court") against Elizabeth Arden, the members of the board of directors of Elizabeth Arden, Revlon, Products Corporation and Acquisition Sub. In general, the Hutson complaint alleges that: (i) the members of Elizabeth Arden's board of directors breached their fiduciary duties to Elizabeth Arden's shareholders with respect to the Merger, by, among other things, approving the Merger pursuant to an unfair process and at an inadequate and unfair price; and (ii) Revlon, Products Corporation and Acquisition Sub aided and abetted the breaches of fiduciary duty by the members of Elizabeth Arden's board. The plaintiff seeks relief similar to that sought in the Parker case.

By Order dated August 4, 2016, all five cases were consolidated by the Court into a Consolidated Amended Class Action. Thereafter, on August 11, 2016 a Consolidated Amended Class Action Complaint was filed, seeking to enjoin defendants from consummating the Merger and/or from soliciting shareholder votes. To the extent that the Merger

was consummated, the Consolidated Amended Class Action Complaint seeks to rescind the Merger or recover rescissory or other compensatory damages, along with costs and fees. The grounds for relief set forth in the Consolidated Amended Class Action Complaint in large part track those grounds as asserted in the five individual complaints, as previously disclosed. Class counsel advised that post consummation of the Merger they were going to file a Second Consolidated Amended Class Action Complaint. The Second Consolidated Amended Class Action Complaint (which superseded the Consolidated Amended Class Action Complaint) was ultimately filed on or about

January 26, 2017. Like the Consolidated Amended Class Action complaint, the grounds for relief set forth in the Second Consolidated Amended Class Action Complaint in large part track those grounds as asserted in the five individual complaints.

The Company believes the allegations contained in the Second Consolidated Amended Class Action Complaint are without merit and intends to vigorously defend against them. Additional lawsuits arising out of or relating to the Elizabeth Arden Merger Agreement or the Merger may be filed in the future. The defendants' motions to dismiss the Second Consolidated Amended Class Action Complaint were filed on March 28, 2017. Plaintiffs' response was filed on June 6, 2017 and defendants' replies were filed on July 13, 2017. A hearing on the defendants' motion to dismiss is expected to be held sometime in later summer 2017.

The Company believes that the outcome of all pending legal proceedings in the aggregate is not reasonably likely to have a material adverse effect on the Company's business, prospects, results of operations, financial condition and/or cash flows. However, in light of the uncertainties involved in legal proceedings generally, the ultimate outcome of a particular matter could be material to the Company's operating results for a particular period depending on, among other things, the size of the loss or the nature of the liability imposed and the level of the Company's income for that particular period.

17. RELATED PARTY TRANSACTIONS

Reimbursement Agreements

Revlon, Products Corporation and MacAndrews & Forbes Inc. (a wholly-owned subsidiary of MacAndrews & Forbes) have entered into reimbursement agreements (the "Reimbursement Agreements") pursuant to which: (i) MacAndrews & Forbes is obligated to provide (directly or through its affiliates) certain professional and administrative services, including, without limitation, employees, to the Company, and to purchase services from third party providers, such as insurance, legal, accounting and air transportation services, on behalf of the Company, to the extent requested by Products Corporation; and (ii) Products Corporation is obligated to provide certain professional and administrative services, including, without limitation, employees, to MacAndrews & Forbes and to purchase services from third party providers, such as insurance, legal and accounting services, on behalf of MacAndrews & Forbes, to the extent requested by MacAndrews & Forbes, provided that in each case the performance of such services does not cause an unreasonable burden to MacAndrews & Forbes or Products Corporation, as the case may be.

The Company reimburses MacAndrews & Forbes for the allocable costs of the services that MacAndrews & Forbes purchases for or provides to the Company and for the reasonable out-of-pocket expenses that MacAndrews & Forbes incurs in connection with the provision of such services. MacAndrews & Forbes reimburses Products Corporation for the allocable costs of the services that Products Corporation purchases for or provides to MacAndrews & Forbes and for the reasonable out-of-pocket expenses incurred by Products Corporation in connection with the purchase or provision of such services. Each of the Company, on the one hand, and MacAndrews & Forbes, on the other, has agreed to indemnify the other party for losses arising out of the services provided by it under the Reimbursement Agreements, other than losses resulting from its willful misconduct or gross negligence.

The Reimbursement Agreements may be terminated by either party on 90 days' notice. The Company does not intend to request services under the Reimbursement Agreements unless their costs would be at least as favorable to the Company as could be obtained from unaffiliated third parties.

The Company participates in MacAndrews & Forbes' directors and officers liability insurance program (the "D&O Insurance Program"), as well as its other insurance coverages, such as property damage, business interruption, liability and other coverages, which cover the Company, as well as MacAndrews & Forbes and its subsidiaries. The limits of coverage for certain of the policies are available on an aggregate basis for losses to any or all of the participating companies and their respective directors and officers. The Company reimburses MacAndrews & Forbes from time to time for their allocable portion of the premiums for such coverage or the Company pays the insurers directly, which premiums the Company believes are more favorable than the premiums that the Company would pay were it to secure

stand-alone coverage. Any amounts paid by the Company directly to MacAndrews & Forbes in respect of premiums are included in the amounts paid under the Reimbursement Agreements.

The net activity related to services purchased under the Reimbursement Agreements during the six months ended June 30, 2017 and 2016 was \$4.0 million and \$1.4 million, respectively, which primarily included partial payments made by the Company to MacAndrews & Forbes during the first quarter of 2017 and 2016 for premiums related to the Company's allocable portion of the 5-year renewal of the D&O Insurance Program for the period from January 31, 2012 through January 31, 2017 (which insurance coverage was renewed in January 2017 through January 2020). As of June 30, 2017 and December 31, 2016, a payable balance of \$0.1 million and \$0.2 million, respectively, from MacAndrews & Forbes was included in the Company's Consolidated Balance Sheet for transactions subject to the Reimbursement Agreements.

Other

During the six months ended June 30, 2017 and 2016, the Company engaged several companies in which MacAndrews & Forbes had a controlling interest to provide the Company with various ordinary course business services. These services included processing approximately \$18.5 million and \$24.8 million of coupon redemptions for the Company's retail customers for the six months ended June 30, 2017 and 2016, respectively, for which the Company paid fees of approximately \$0.2 million during each of the six months ended June 30, 2017 and 2016, and other similar advertising, coupon redemption and raw material supply services, for which the Company paid fees aggregating to approximately \$0.2 million during each of the six months ended June 30, 2017 and 2016, respectively. The Company believes that its engagement of each of these affiliates was on arm's length terms, taking into account each firm's expertise in its respective field, and that the fees paid were at least as favorable as those available from unaffiliated parties.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Overview

Overview of the Business

Revlon, Inc. ("Revlon" and together with its subsidiaries, the "Company") conducts its business exclusively through its direct wholly-owned operating subsidiary, Revlon Consumer Products Corporation ("Products Corporation"), and its subsidiaries, including Elizabeth Arden, Inc. ("Elizabeth Arden"). Revlon is an indirect majority-owned subsidiary of MacAndrews & Forbes Incorporated (together with certain of its affiliates other than the Company, "MacAndrews & Forbes"), a corporation wholly-owned by Ronald O. Perelman.

The Company operates in four segments: the consumer division ("Consumer"); the professional division ("Professional"); Elizabeth Arden; and Other. The Company manufactures, markets and sells an extensive array of beauty and personal care products worldwide, including color cosmetics, fragrances, skin care, hair color, hair care and hair treatments, beauty tools, men's grooming products, anti-perspirant deodorants and other beauty care products.

On September 7, 2016 (the "Acquisition Date"), the Company completed the acquisition of Elizabeth Arden (the "Elizabeth Arden Acquisition"). The results of operations for the Elizabeth Arden business are presented in the Elizabeth Arden segment and are included in the Company's Consolidated Financial Statements commencing on the Acquisition Date. Refer to Note 2, "Business Combinations," to the Unaudited Consolidated Financial Statements in this Form 10-Q for further details related to the Elizabeth Arden Acquisition.

The Company's Business Strategy for Value Creation

Our strategy is based on three key pillars:

Strengthen Our Portfolio of Brands. The Company intends to continue to develop the leadership and aspiration for our flagship brands; Revlon, Elizabeth Arden and Almay. The Company is continuing to develop our product offerings across beauty segments with a focus on large and/or fast growing categories. We are leveraging our creativity, insights and agility to accelerate innovation to develop trend-relevant and first-of-its kind beauty solutions. We aim to delight our customers with high performing products, superior services and unique experiences that exceed their expectations. And we will continue to communicate our brands' heritage, expertise and purpose to create authentic, meaningful and lasting connections with consumers of all ages.

Strategically Expand Consumer's Access to Our Brands. The Company is taking steps to ensure that consumers have real-time access to our brands wherever and however they shop for beauty. We are strengthening and diversifying our channels, especially direct to consumer. We are accelerating our development in high-growth channels, with a focus on specialty, e-commerce and m-commerce. Our goal is to continue to win in traditional channels (including mass, drug, selective and department stores) and expand our combined reach into travel retail. The Company is taking actions to strengthen its position in the U.S., to ensure our growth base, and expand into untapped geographic regions, with a focus on growth in Asia.

Develop a Cost Structure That Fuels Investment in Our Brands. The Company aims to grow profitably, improve our operating performance and align our strategic investments behind the biggest growth opportunities and innovation that differentiates our brands. We continue to improve our category mix by shifting toward higher gross margin categories (e.g., skin care and fragrance) and we aim to reduce product returns, markdowns and inventory levels. Our objective is to continue to optimize our resource allocation.

Changes in consumer shopping patterns for beauty products in which consumers have continued to increasingly engage with beauty brands through e-commerce and other social media channels have resulted in slower retail traffic in brick-and-mortar stores in the mass retail channel in North America. This shift in consumer behavior has resulted in

continuing declines in the brick-and-mortar retail channel that the Company expects will persist over time. To address the pace and impact of this new commercial landscape, the Company has shifted some of its brand marketing spend toward enhancing its e-commerce and social media capabilities to ensure that consumers have real-time access to our brands wherever and however they shop for beauty and facilitate increased penetration of e-commerce and social media channels.

The Company believes that its renewed focus on e-commerce and its evolving marketing and sales initiatives will support the foundation for driving a successful long-term omni-channel strategy and significantly increase its e-commerce penetration. In July 2017, the Company appointed Grey as its new global creative agency of record to provide integrated communications services, including traditional and digital advertising and promotion and activation marketing for the Company's brands, including Revlon, Elizabeth Arden, Almay, CND, Cutex, and SinfulColors, along with many of its key fragrance brands, including Charlie,

Britney Spears, Curve, Tapout and Elizabeth Taylor. While executing these strategic initiatives may increase the Company's expenses and debt, they are expected to have a long-term positive impact on the Company's overall revenues and profitability.

Overview of Net Sales and Earnings Results

Consolidated net sales in the second quarter of 2017 were \$645.7 million, a \$156.8 million increase, or 32.1%, as compared to \$488.9 million in the second quarter of 2016. Excluding the \$5.4 million unfavorable impact of foreign currency fluctuations (referred to herein as "FX," "XFX" or on an "XFX basis"), consolidated net sales increased by \$162.2 million, or 33.2%, during the second quarter of 2017. The XFX increase in the second quarter of 2017 was primarily driven by the inclusion of \$199.2 million of net sales as a result of the Elizabeth Arden Acquisition; partially offset by a \$20.3 million, or 5.6%, decrease in Consumer segment net sales and a \$16.7 million, or 13.5%, decrease in Professional segment net sales.

Consolidated net sales in the first six months of 2017 were \$1,240.6 million, a \$312.1 million increase, or 33.6%, as compared to \$928.5 million in the first six months of 2016. Excluding the \$8.1 million unfavorable FX impact, consolidated net sales increased by \$320.2 million, or 34.5%, during the first six months of 2017. The XFX increase in the first six months of 2017 was primarily driven by the inclusion of \$391.2 million of net sales as a result of the Elizabeth Arden Acquisition; partially offset by a \$49.4 million, or 7.3%, decrease in Consumer segment net sales and a \$22.3 million, or 9.4%, decrease in Professional segment net sales.

Consolidated loss from continuing operations, net of taxes, in the second quarter of 2017 was \$37.1 million, compared to consolidated income from continuing operations of \$10.8 million, net of taxes, in the second quarter of 2016. The \$47.9 million decrease in consolidated income from continuing operations, net of taxes, in the second quarter of 2017 was primarily due to:

- \$100.1 million of higher SG&A expenses, primarily driven by the inclusion of the SG&A expenses of the Elizabeth Arden segment;

- a \$15.8 million increase in interest expense incurred during the second quarter of 2017 primarily as a result of the debt-related transactions completed during 2016 in connection with financing the Elizabeth Arden Acquisition, as well as higher borrowings under the 2016 Revolving Credit Facility; and

- \$4.5 million increase in acquisition and integration costs related to the Elizabeth Arden Acquisition; with the foregoing partially offset by:

- \$60.1 million of higher gross profit in the second quarter of 2017, primarily due to the inclusion of gross profit from the Elizabeth Arden segment, partially offset by lower gross profit within the Consumer and Professional segments; and

- \$17.9 million of favorable variance in foreign currency gains, resulting from \$9.4 million in foreign currency gains during the second quarter of 2017, as compared to \$8.5 million of foreign currency losses during the second quarter of 2016.

Consolidated loss from continuing operations, net of taxes, in the first six months of 2017 was \$74.8 million, compared to consolidated income from continuing operations of \$21.4 million, net of taxes, in the first six months of 2016. The \$96.2 million decrease in consolidated income from continuing operations, net of taxes, in the first six months of 2017 was primarily due to:

- \$205.6 million of higher SG&A expenses, primarily driven by the inclusion of the SG&A expenses of the Elizabeth Arden segment;

-

a \$29.8 million increase in interest expense incurred during the first six months of 2017, primarily as a result of the debt-related transactions completed during 2016 in connection with financing the Elizabeth Arden Acquisition, as well as higher borrowings under the 2016 Revolving Credit Facility; and

a \$21.5 million increase in acquisition and integration costs, primarily related to the Elizabeth Arden Acquisition; with the foregoing partially offset by:

\$104.2 million of higher gross profit in the first six months of 2017, primarily due to the inclusion of gross profit from the Elizabeth Arden segment, partially offset by lower gross profit within the Consumer and Professional segments;

a \$43.4 million decrease in the provision for income taxes, primarily due to the pretax loss from continuing operations in the first six months of 2017; and

REVLON, INC. AND SUBSIDIARIES

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

(all tabular amounts in millions, except share and per share amounts)

\$18.8 million of favorable variance in foreign currency gains, resulting from \$13.7 million in foreign currency gains during the first six months of 2017, as compared to \$5.1 million of foreign currency losses during the first six months of 2016.

These items are discussed in more detail within "Results of Operations" and within "Financial Condition, Liquidity and Capital Resources" below.

Operating Segments

The Company operates in four reporting segments: the consumer division ("Consumer"); Elizabeth Arden; the professional division ("Professional"); and Other:

The Consumer segment is comprised of the Company's consumer brands, which primarily include Revlon, Almay, SinfulColors and Pure Ice in color cosmetics; Revlon ColorSilk in women's hair color; Revlon in beauty tools; and Mitchum in anti-perspirant deodorants. The Company's principal customers for its consumer products include large volume retailers, chain drug and food stores, chemist shops, hypermarkets, general merchandise stores, the Internet/e-commerce, television shopping, department stores, one-stop shopping beauty retailers, specialty cosmetics stores and perfumeries in the U.S. and internationally. The Consumer segment also includes a skin care line under the Natural Honey brand and a hair color line under the Llongueras brand (licensed from a third party) sold to large volume retailers and other retailers, primarily in Spain, which were acquired as part of the Colomer Acquisition, as well as Cutex nail care products, which (combined with other Cutex businesses that the Company acquired in 1998) were acquired as part of the October 2015 and May 2016 acquisitions of the Cutex businesses and related assets in the U.S. (the "Cutex U.S. Acquisition") and in certain international territories (the "Cutex International Acquisition" and together with the Cutex U.S. Acquisition, the "Cutex Acquisitions"), respectively.

The Elizabeth Arden segment includes the operating results of the Elizabeth Arden business and related purchase accounting for the Company's September 2016 Elizabeth Arden Acquisition. Elizabeth Arden is a global prestige beauty products company with an iconic portfolio of prestige fragrance, skin care and cosmetic brands, which includes the Elizabeth Arden skin care brands, color cosmetics and fragrances; designer fragrances such as Juicy Couture, John Varvatos and Wildfox Couture; and heritage fragrances such as Curve, Elizabeth Taylor, Britney Spears and Christina Aguilera.

The Professional segment is comprised primarily of the Company's professional brands, which include Revlon Professional in hair color and hair care; CND-branded products in nail polishes and nail enhancements; and American Crew in men's grooming products, all of which are sold worldwide to professional salons. The Company's principal customers for its professional products include hair and nail salons and distributors to professional salons in the U.S. and internationally. The Professional segment also includes a multi-cultural hair care line consisting of Creme of Nature hair care products sold to professional salons, large volume retailers and other retailers, primarily in the U.S. The Other segment primarily includes the operating results of the CBBeauty Group and certain of its related entities, which the Company acquired in April 2015 (collectively "CBB" and such transaction, the "CBB Acquisition"). CBB develops, markets and distributes fragrances and other beauty products under various third party celebrity, lifestyle and fashion brands, principally through department stores and selective distribution in international territories.

See "Segment Results" below for further discussion.

Segment Results:

The Company's management evaluates segment profit, which is defined as income from continuing operations before interest, taxes, depreciation, amortization, stock-based compensation expense, gains/losses on foreign currency fluctuations, gains/losses on the early extinguishment of debt and miscellaneous expenses, for each of the Company's reportable segments. Segment profit also excludes unallocated corporate expenses and the impact of certain items that are not directly attributable to the segments' underlying operating performance, which includes the impact of: (i) restructuring and related charges; (ii) acquisition and integration costs; (iii) deferred compensation related to the accounting for the CBB Acquisition; (iv) charges related to the Elizabeth Arden 2016 Business Transformation Program; and (v) costs of sales resulting from a fair value adjustment to inventory acquired in the Elizabeth Arden Acquisition. Unallocated corporate expenses primarily include general and administrative expenses related to the corporate organization. These expenses are recorded in unallocated corporate expenses as these items are centrally directed and controlled and are not included in internal measures of segment operating performance. The Company does not have any material inter-segment sales. For a reconciliation of segment profit to income from continuing operations before income taxes, see Note 14, "Segment Data and Related Information," to the Unaudited Consolidated Financial Statements in this Form 10-Q.

Consumer Segment

Second quarter results:

Consumer segment net sales in the second quarter of 2017 were \$335.7 million, a \$23.8 million or 6.6% decrease, compared to \$359.5 million in the second quarter of 2016. Excluding the \$3.5 million unfavorable FX impact, total Consumer net sales in the second quarter of 2017 decreased by \$20.3 million, or 5.6%, compared to the second quarter of 2016. This decrease was primarily driven by continuing consumption declines in core beauty categories in the mass retail channel in North America, which had a negative impact on net sales of Almay color cosmetics, SinfulColors color cosmetics and, to a certain extent, Revlon color cosmetics. The decline in Almay color cosmetics was also unfavorably impacted by higher sales return accruals as a result of the anticipated relaunch of the brand. SinfulColors color cosmetics experienced declines as a result of cycling against new product launches in 2016, without a comparable launch in 2017. The decline in net sales of Revlon color cosmetics in North America was more than offset by the brand's robust sales growth internationally.

Consumer segment profit in the second quarter of 2017 was \$68.6 million, a \$12.4 million, or 15.3%, decrease, as compared to \$81.0 million in the second quarter of 2016. Excluding the \$0.9 million unfavorable FX impact, Consumer segment profit in the second quarter of 2017 decreased by \$11.5 million, or 14.2%, compared to the second quarter of 2016. This decrease was primarily driven by lower gross profit as a result of the net sales declines in North America, partially offset by lower brand support expenses.

Year-to-date results:

Consumer segment net sales in the first six months of 2017 were \$626.1 million, a \$53.4 million or 7.9% decrease, compared to \$679.5 million in the first six months of 2016. Excluding the \$4.0 million unfavorable FX impact, total Consumer net sales in the first six months of 2017 decreased by \$49.4 million, or 7.3%, compared to the first six months of 2016. This decrease was primarily driven by continuing consumption declines in core beauty categories in the mass retail channel in North America, which had a negative impact on net sales of Almay color cosmetics, SinfulColors color cosmetics and Mitchum anti-perspirant deodorant products. Net sales in the first six months of 2017 declined for both SinfulColors color cosmetics and Mitchum anti-perspirant deodorant products as a result of new product launches in 2016, without comparable launches in 2017. Net sales of Revlon beauty tools also declined in the first six months of 2017, compared to the first six months of 2016. Revlon color cosmetics strong sales growth internationally more than offset the brand's continued declines in the North America mass channel.

Consumer segment profit in the first six months of 2017 was \$101.5 million, a \$37.9 million, or 27.2%, decrease, as compared to \$139.4 million in the first six months of 2016. Excluding the \$0.6 million unfavorable FX impact,

Consumer segment profit in the first six months of 2017 decreased by \$37.3 million, or 26.8%, compared to the first six months of 2016. This decrease was primarily driven by lower gross profit as a result of the net sales declines, partially offset by lower brand support expenses.

Professional Segment

Second quarter results:

Professional segment net sales in the second quarter of 2017 were \$105.4 million, a \$17.9 million or 14.5% decrease, as compared to \$123.3 million in the second quarter of 2016. Excluding the \$1.2 million unfavorable FX impact, total Professional segment net sales in the second quarter of 2017 decreased by \$16.7 million, or 13.5%, as compared to the second quarter of 2016. This decrease was driven primarily by continued net sales declines of CND nail products, as a result of declines in consumption and price erosion in the nail salon category, and lower net sales of American Crew men's grooming products due to inventory destocking.

Professional segment profit in the second quarter of 2017 was \$9.5 million, a \$14.6 million or 60.6% decrease, as compared to \$24.1 million in the second quarter of 2016. This decrease was primarily driven by lower net sales.

Year-to-date results:

Professional segment net sales in the first six months of 2017 were \$213.4 million, a \$25.0 million or 10.5% decrease, as compared to \$238.4 million in the first six months of 2016. Excluding the \$2.7 million unfavorable FX impact, total Professional segment net sales in the first six months of 2017 decreased by \$22.3 million, or 9.4%, as compared to the first six months of 2016. This decrease was driven primarily by continued net sales declines of CND nail products and lower net sales of American Crew men's grooming products.

Professional segment profit in the first six months of 2017 was \$25.6 million, a \$24.1 million or 48.5% decrease, as compared to \$49.7 million in the first six months of 2016, primarily driven by lower net sales.

Geographic Results:

In connection with changes that the organization made to its management reporting structure following the Elizabeth Arden Acquisition, beginning with the third quarter of 2016, the Company has combined its former U.S., Canada and Puerto Rico operating regions into the North America region for reporting purposes. The Company has modified its net sales discussion to conform to management's procedures for reviewing the business, and, accordingly, the amounts for the three and six months ended June 30, 2016 have been restated to conform to this presentation.

Consumer Segment

Second quarter results:

North America

In North America, Consumer segment net sales in the second quarter of 2017 decreased by \$30.5 million, or 13.1%, to \$202.0 million, as compared to \$232.5 million in the second quarter of 2016. Excluding the \$0.6 million unfavorable FX impact, Consumer segment net sales in North America in the second quarter of 2017 decreased by \$29.9 million, or 12.9%, as compared to the second quarter of 2016. This decrease was primarily due to declines in the U.S. mass retail channel driven by continuing declines in consumption across several beauty categories. Net sales of Almay color cosmetics, SinfulColors color cosmetics and Revlon color cosmetics all declined in the second quarter of 2017, compared to the second quarter of 2016. These decreases were partially offset by higher net sales of Revlon ColorSilk hair color.

International

Internationally, Consumer segment net sales in the second quarter of 2017 increased by \$6.7 million, or 5.3%, to \$133.7 million, as compared to \$127.0 million in the second quarter of 2016. Excluding the \$2.9 million unfavorable FX impact, Consumer segment International net sales in the second quarter of 2017 increased by \$9.6 million, or 7.6%, as compared to the second quarter of 2016. This increase was driven primarily by higher net sales of Revlon color cosmetics in certain distributor territories, including Germany and Austria.

Year-to-date results:

North America

In North America, Consumer segment net sales in the first six months of 2017 decreased by \$68.6 million, or 15.4%, to \$377.3 million, as compared to \$445.9 million in the first six months of 2016. Excluding the \$0.2 million unfavorable FX impact, Consumer segment net sales in North America in the first six months of 2017 decreased by \$68.4 million, or 15.3%, as compared to the first six months of 2016. This decrease was primarily due to declines in the U.S. mass retail channel driven by continuing declines in consumption across several beauty categories. The net sales of Almay color cosmetics, Revlon color cosmetics and SinfulColors color cosmetics all declined in the first six months of 2017 compared to the first six months of 2016. These decreases were partially offset by higher net sales of Revlon ColorSilk hair color.

International

Internationally, Consumer segment net sales in the first six months of 2017 increased by \$15.2 million, or 6.5%, to \$248.8 million, as compared to \$233.6 million in the first six months of 2016. Excluding the \$3.8 million unfavorable FX impact, Consumer segment International net sales in the first six months of 2017 increased by \$19.0 million, or 8.1%, as compared to the first six months of 2016. This increase was driven by higher net sales of Revlon color cosmetics and the expansion of the Cutex nail care product line. From a geographic perspective, the increase in International net sales was mainly driven by increased net sales in certain distributor territories, such as Japan, Hong Kong and Australia.

This decrease was primarily driven by continuing declines in consumption and price erosion in the nail salon category, which had a negative impact on net sales of CND nail products, as well as inventory destocking, which resulted in net sales declines of American Crew men's grooming products.

International

Internationally, Professional segment net sales in the second quarter of 2017 decreased by \$3.6 million, or 5.2%, to \$65.5 million, as compared to \$69.1 million in the second quarter of 2016. Excluding the \$1.0 million unfavorable FX impact, Professional segment International net sales decreased by \$2.6 million, or 3.8%, in the second quarter of 2017, as compared to the second quarter of 2016. This decrease was primarily due to lower sales of CND nail products throughout the International region.

Year-to-date results:

North America

In North America, Professional segment net sales in the first six months of 2017 decreased by \$23.6 million, or 21.3%, to \$87.3 million, as compared to \$110.9 million in the first six months of 2016. This decrease was primarily driven by continuing declines in net sales of CND nail products and declines in net sales of American Crew men's grooming products.

International

Internationally, Professional segment net sales in the first six months of 2017 decreased by \$1.4 million, or 1.1%, to \$126.1 million, as compared to \$127.5 million in the first six months of 2016. Excluding the \$2.7 million unfavorable FX impact, Professional segment International net sales increased by \$1.3 million, or 1.0%, in the first six months of 2017, as compared to the first six months of 2016. This increase was primarily due to higher net sales of Revlon Professional hair products and American Crew men's grooming products. The increase was partially offset by lower net sales of CND nail products. From a geographic perspective, the increase in International net sales was mainly driven by increased net sales in Italy, France, Russia and Mexico.

Gross profit increased by \$60.1 million in the second quarter of 2017, as compared to the second quarter of 2016.

Gross profit decreased as a percentage of net sales in the second quarter of 2017 by 6.4 percentage points, as compared to the second quarter of 2016. The drivers of the decrease in gross profit as a percentage of net sales in the second quarter of 2017, as compared to the second quarter of 2016, primarily included:

- higher sales allowances, which decreased gross profit by 2.2 percentage points;
- the inclusion of gross profit from the Elizabeth Arden Acquisition, which decreased gross profit by 2.0 percentage points;
- the unfavorable impact of less overhead absorption during the second quarter of 2017, which decreased gross profit by 1.1 percentage points;

unfavorable increases in inventory obsolescence reserves, primarily within the Professional segment, which decreased gross profit by 0.4 percentage points; and unfavorable product mix, which decreased gross profit by 0.2 percentage points.

Unfavorable volume decreased gross profit by \$22.2 million with no impact on gross profit as a percentage of net sales.

SG&A expenses increased by \$100.1 million in the second quarter of 2017, as compared to the second quarter of 2016, primarily driven by:

- the inclusion of SG&A expenses in the Elizabeth Arden segment as a result of the Elizabeth Arden Acquisition, which contributed \$111.4 million to the increase in SG&A expenses;
- with the foregoing partially offset by:
 - a \$14.3 million decrease in brand support expenses, primarily within the Consumer segment, due to the decline in net sales.

SG&A expenses increased by \$205.6 million in the first six months of 2017, as compared to the first six months of 2016, primarily driven by:

- the inclusion of SG&A expenses in the Elizabeth Arden segment as a result of the Elizabeth Arden Acquisition, which contributed \$223.9 million to the increase in SG&A expenses;
- with the foregoing partially offset by:
 - a \$19.4 million decrease in brand support expenses, primarily within the Consumer segment, due to the decline in net sales.

consist of non-restructuring costs related primarily to the Company's integration of Elizabeth Arden's operations into the Company's business, including professional fees and employee related costs.

Acquisition costs in the second quarter of 2016 primarily included acquisition-related transition service fees. The Company incurred \$27.5 million of acquisition and integration costs in the first six months of 2017, consisting primarily of \$2.0 million of acquisition costs and \$25.5 million of integration costs related principally to the integration of Elizabeth Arden. The acquisition costs primarily include legal fees directly attributable to the Elizabeth Arden Acquisition. The integration costs consist of non-restructuring costs related primarily to the Company's integration of Elizabeth Arden's operations into the Company's business, including professional fees and employee related costs.

EA Integration Restructuring Program

During the second quarter of 2017, the Company recorded charges totaling \$4.6 million related to restructuring and related actions under the EA Integration Restructuring Program. Of this \$4.6 million: (a) charges of \$3.6 million were recorded in restructuring charges; (b) charges of \$0.8 million were recorded in SG&A expenses; and (c) charges of \$0.2 million were recorded in cost of sales.

During the first six months of 2017, the Company recorded charges totaling \$5.7 million related to restructuring and related actions under the EA Integration Restructuring Program. Of this \$5.7 million: (a) charges of \$4.8 million were recorded in restructuring charges; (b) net charges of \$0.7 million were recorded in SG&A expenses; and (c) charges of \$0.2 million were recorded in cost of sales.

The Company expects approximately \$50 million to \$60 million of synergies and cost reductions to benefit 2017 from the EA Integration Restructuring Program and annualized synergies and cost reductions of approximately \$190 million to be achieved over a multi-year period. During the three and six months ended June 30, 2017, the Company realized approximately \$15 million and \$24 million, respectively, of these synergies and cost-reductions, which primarily benefited the Elizabeth Arden segment results and reduced the Company's corporate-level SG&A expenses.

2015 Efficiency Program

During the three and six months ended June 30, 2016, the Company recognized \$0.5 million and \$1.8 million, respectively, of restructuring charges and other, net, in connection with the 2015 Efficiency Program.

See Note 3, "Restructuring Charges," to the Unaudited Consolidated Financial Statements in this Form 10-Q for further discussion.

The \$17.9 million increase in foreign currency gains, net, during the second quarter of 2017, as compared to the second quarter of 2016 was primarily driven by the net favorable impact of the revaluation of certain U.S. Dollar intercompany payables and foreign currency denominated receivables.

The \$18.8 million increase in foreign currency gains, net, during the first six months of 2017, as compared to the first six months of 2016, was primarily driven by the net favorable impact of the revaluation of certain U.S. Dollar intercompany payables and foreign currency receivables.

Provision for income taxes:

	Three Months Ended June 30,			Six Months Ended June 30,		
	2017	2016	Change	2017	2016	Change
Provision for (benefit from) income taxes	\$11.9	\$10.6	\$ 1.3	\$(27.0)	\$16.4	\$(43.4)

The Company's provision for income taxes increased by \$1.3 million in the second quarter of 2017, as compared to the second quarter of 2016, primarily due to the level and mix of earnings between jurisdictions.

The Company's provision for income taxes decreased by \$43.4 million in the first six months of 2017, as compared to the first six months of 2016, primarily due to the pre-tax loss from continuing operations in the first six months of 2017.

The Company's effective tax rate for the three months ended June 30, 2017 was lower than the 35% federal statutory rate as a result of the level and mix of earnings between jurisdictions, foreign dividends and earnings taxable in the U.S., partially offset by the effect of certain favorable discrete items.

The Company's effective tax rate for the six months ended June 30, 2017 was lower than the 35% federal statutory rate as a result of the level and mix of earnings between jurisdictions, foreign dividends and earnings taxable in the U.S. and state and local taxes, partially offset by the effect of certain favorable discrete items.

The Company expects that its tax provision and effective tax rate in any individual quarter and year-to-date period will vary and may not be indicative of the Company's tax provision and effective tax rate for the full year.

Financial Condition, Liquidity and Capital Resources

At June 30, 2017, the Company had a liquidity position of \$314.2 million, consisting of \$83.2 million of unrestricted cash and cash equivalents, as well as \$231.0 million in available borrowings under Products Corporation's \$400.0 million 2016 Revolving Credit Facility, based upon the borrowing base of \$340.9 million, less \$10.0 million of outstanding undrawn letters of credit, less \$12.4 million of outstanding checks and less \$87.5 million of borrowings outstanding under the 2016 Revolving Credit Facility at such date.

The Company's foreign operations held \$80.2 million out of the total \$83.7 million in cash and cash equivalents (net of any outstanding checks) as of June 30, 2017. The cash held by the Company's foreign operations is primarily used to fund such operations. The Company regularly assesses its cash needs and the available sources of cash to fund these needs. As part of this assessment, the Company determines the amount of foreign earnings, if any, that it intends to repatriate to help fund its domestic cash needs, including for the Company's debt service obligations, and pays applicable U.S. income and foreign withholding taxes, if any, on such earnings to the extent repatriated, and otherwise records a tax liability for the estimated cost of repatriation in a future period. During the second quarter of 2017 the Company repatriated funds to the U.S. through the settlement of historical loans and payables due from certain foreign subsidiaries. The Company believes that the cash generated by its domestic operations, availability under the 2016 Revolving Credit Facility and other permitted lines of credit, as well as the option to further settle intercompany loans and payables with certain foreign subsidiaries, should be sufficient to meet its domestic liquidity needs for at least the next 12 months. Therefore, the Company currently anticipates that restrictions and/or taxes on repatriation of foreign earnings will not have a material effect on the Company's liquidity during such period.

Changes in Cash Flows

At June 30, 2017, the Company had cash and cash equivalents of \$83.7 million, compared with \$186.8 million at December 31, 2016. The following table summarizes the Company's cash flows from operating, investing and financing activities for the six months ended June 30, 2017 and 2016:

	Six Months Ended June 30,	
	2017	2016
Net cash used in operating activities	\$(139.2)	\$(51.9)
Net cash used in investing activities	(39.6)	(47.4)
Net cash provided by (used in) financing activities	67.4	(41.9)
Effect of exchange rate changes on cash and cash equivalents	8.3	0.1

Operating Activities

Net cash used in operating activities was \$139.2 million and \$51.9 million for the first six months of 2017 and 2016, respectively. The increase in cash used in the first six months of 2017, compared to the first six months of 2016, was primarily driven by higher interest payments as a result of increased debt incurred in the third quarter of 2016 in connection with financing and consummating the Elizabeth Arden Acquisition, as well as higher borrowings under the 2016 Revolving Credit Facility, higher inventory purchases driven by the insourcing efforts for the Elizabeth Arden Integration, the payment of acquisition and integration costs in connection with the EA Integration Restructuring Program during the first six months of 2017 and purchases of permanent displays, partially offset by higher account receivable collections and lower disbursements during the first six months of 2017.

Investing Activities

Net cash used in investing activities was \$39.6 million and \$47.4 million for the first six months of 2017 and 2016, respectively, which included \$39.6 million and \$18.6 million of cash used for capital expenditures, respectively. Capital expenditures in the first six months of 2017 included approximately \$9 million for Elizabeth Arden integration-related investments.

Financing Activities

Net cash provided by (used in) financing activities was \$67.4 million and \$(41.9) million for the first six months of 2017 and 2016, respectively.

Net cash provided by financing activities for the first six months of 2017 primarily included:
\$87.5 million of borrowings under the 2016 Revolving Credit Facility;
with the foregoing partially offset by:
\$9.0 million of repayments under the 2016 Term Loan facility; and
a \$6.7 million decrease in short-term borrowings and overdraft.

Net cash used in financing activities for the first six months of 2016 primarily included:
a \$23.2 million required excess cash flow prepayment made under the Amended Term Loan Facility;
\$3.4 million of scheduled amortization payments on the Acquisition Term Loan;
an \$8.4 million decrease in short-term borrowings and overdraft; and
\$2.7 million utilized for the repurchase of shares from a former executive.

Long-Term Debt Instruments

For further detail regarding Products Corporation's long-term debt instruments, see Note 11, "Long-Term Debt," to the Consolidated Financial Statements in Revlon's Annual Report on Form 10-K for the year ended December 31, 2016, filed with the U.S. Securities and Exchange Commission (the "SEC") on March 3, 2017 (the "2016 Form 10-K"), as well as "Management's Discussion and Analysis of Financial Condition and Results of Operations - Financial Condition, Liquidity and Capital Resources" in Revlon's 2016 Form 10-K.

Covenants

Products Corporation was in compliance with all applicable covenants under the 2016 Credit Facilities as of June 30, 2017. At June 30, 2017, the aggregate principal amounts outstanding under the 2016 Term Loan Facility and the 2016 Revolving Credit Facility were \$1,786.5 million and \$87.5 million, respectively. Availability under the \$400.0 million 2016 Revolving Credit Facility as of June 30, 2017, based upon the calculated borrowing base of \$340.9 million, less \$10.0 million of outstanding undrawn letters of credit, less \$12.4 million of outstanding checks and less \$87.5 million then drawn on the 2016 Revolving Credit Facility, was \$231.0 million.

Products Corporation was in compliance with all applicable covenants under its Senior Notes Indentures as of June 30, 2017.

Sources and Uses

The Company's principal sources of funds are expected to be operating revenues, cash on hand and funds available for borrowing under the 2016 Revolving Credit Facility and other permitted lines of credit. The 2016 Credit Agreements and the Senior Notes Indentures contain certain provisions that by their terms limit Products Corporation's and its subsidiaries' ability to, among other things, incur additional debt.

The Company's principal uses of funds are expected to be the payment of operating expenses, including expenses in connection with the continued execution of the Company's business strategy; payments in connection with the Company's synergy and integration programs related to the Elizabeth Arden Acquisition (including, without limitation, for the EA Integration Restructuring Program); purchases of permanent wall displays; capital expenditure requirements; debt service payments and costs; cash tax payments; pension and other post-retirement benefit plan contributions; payments in connection with the Company's restructuring programs; business and/or brand acquisitions (including, without limitation, through licensing transactions), if any; severance not otherwise included in the Company's restructuring programs; debt and/or equity repurchases, if any; costs related to litigation; and payments in connection with discontinuing non-core business lines and/or exiting and/or entering certain territories and/or channels of trade. The Company's cash contributions to its pension and post-retirement benefit plans in the first six months of 2017 were \$3.9 million. The Company expects cash contributions to its pension and post-retirement benefit plans to be approximately \$10 million in the aggregate for 2017. The Company's cash taxes paid, net of refunds, in the first six months of 2017 were \$8.0 million. The Company expects to pay cash taxes of approximately \$15 million to \$20 million in the aggregate during 2017. The Company's purchases of permanent wall displays and capital expenditures in the first six months of 2017 were \$26.3 million and \$39.6 million, respectively. The Company expects purchases of permanent wall displays to be approximately \$65 million to \$75 million during 2017 and expects capital expenditures to be approximately \$100 million to \$120 million in 2017. Capital expenditures for 2017 include approximately \$50

million of expected spend for the EA Integration Restructuring Program.

As a result of the EA Integration Restructuring Program, as well as other actions that the Company is continuing to evaluate related to integrating the Elizabeth Arden organization into the Company's business, such as through the elimination of duplicative functions, leveraging purchasing scale and optimizing the manufacturing and distribution networks of the combined company, the Company currently expects to realize over a multi-year period annualized synergies and cost reductions of approximately \$190 million, with approximately \$50 million to \$60 million of synergies and cost reductions from the EA Integration Restructuring Program expected to benefit 2017. In order to capture these annualized cost reductions, the Company anticipates that it will incur, over a multi-year period, approximately \$100 million to \$110 million of additional integration-related capital expenditures and approximately \$70 million to \$80 million of non-restructuring integration costs. Any of these actions, the intended purpose of which would be to create value through improving the Company's financial performance, could result in the Company making investments and/or recognizing charges related to executing against such opportunities. Any such activities may be funded with cash on hand, funds available under the 2016 Revolving Credit Facility and/or other permitted additional sources of capital, which actions could increase the Company's total debt.

The Company has undertaken, and continues to assess, refine and implement, a number of programs to efficiently manage its working capital, including, among other things, initiatives intended to optimize inventory levels over time; centralized procurement to secure discounts and efficiencies; prudent management of trade receivables and accounts payable; and controls on general and administrative spending. In the ordinary course of business, the Company's source or use of cash from operating activities may vary on a quarterly basis as a result of a number of factors, including the timing of working capital flows.

Continuing to execute the Company's business strategy could include taking advantage of additional opportunities to reposition, repackage or reformulate one or more brands or product lines, launching additional new products, acquiring businesses or brands (including, without limitation, through licensing transactions), divesting or discontinuing non-core business lines (which may include exiting certain territories), further refining the Company's approach to retail merchandising and/or taking further actions to optimize its manufacturing, sourcing and organizational size and structure, including optimizing the Colomer Acquisition, the CBB Acquisition, the Cutex Acquisitions and/or the Elizabeth Arden Acquisition. Any of these actions, the intended purpose of which would be to create value through improving the Company's financial performance, could result in the Company making investments and/or recognizing charges related to executing against such opportunities. Any such activities may be funded with cash on hand, funds available under the 2016 Revolving Credit Facility and/or other permitted additional sources of capital, which actions could increase the Company's total debt.

The Company may also, from time to time, seek to retire or purchase its outstanding debt obligations and/or equity in open market purchases, block trades, privately negotiated purchase transactions or otherwise and may seek to refinance some or all of its indebtedness based upon market conditions. Any such retirement or purchase of debt and/or equity may be funded with operating cash flows of the business or other sources and will depend upon prevailing market conditions, liquidity requirements, contractual restrictions and other factors, and the amounts involved may be material.

The Company expects that operating revenues, cash on hand and funds available for borrowing under the 2016 Revolving Credit Facility and other permitted lines of credit will be sufficient to enable the Company to pay its operating expenses for 2017, including expenses in connection with executing the Company's business strategy, payments in connection with the Company's synergy and integration programs related to the Elizabeth Arden Acquisition, purchases of permanent wall displays, capital expenditures, debt service payments and costs, cash tax payments, pension and other post-retirement plan contributions, payments in connection with the Company's restructuring programs, business and/or brand acquisitions (including, without limitation, through licensing transactions), if any, severance not otherwise included in the Company's restructuring programs, debt and/or equity repurchases, if any, costs related to litigation, discontinuing non-core business lines and/or entering and/or exiting certain territories and/or channels of trade.

There can be no assurance that available funds will be sufficient to meet the Company's cash requirements on a consolidated basis, as among other things, the Company's liquidity can be impacted by a number of factors, including its level of sales, costs and expenditures. If the Company's anticipated level of revenues is not achieved because of, among other things, decreased consumer spending in response to weak economic conditions or weakness in the

consumption of beauty care products in one or more of the Consumer, Elizabeth Arden, Professional and/or Other segments; adverse changes in foreign currency exchange rates, foreign currency controls and/or government-mandated pricing controls; decreased sales of the Company's products as a result of increased competitive activities by the Company's competitors and/or decreased performance by third party suppliers; changes in consumer purchasing habits, including with respect to retailer preferences and/or sales channels, such as due to the continuing consumption declines in core beauty categories in the mass retail channel in North America, which continues to have a negative impact on net sales of Revlon color cosmetics, Almay color cosmetics, SinfulColors color cosmetics and Mitchum anti-perspirant deodorant products; inventory management by the Company's customers; space reconfigurations or reductions in display space by the Company's customers; changes in pricing, marketing, advertising and/or promotional strategies by the Company's customers; or less than anticipated results from the Company's existing or new products or from its advertising, promotional, pricing and/or marketing plans; or if the Company's expenses, including, without limitation, for synergy and integration programs related to the Elizabeth Arden Acquisition, capital expenditures, restructuring and severance costs, acquisition and integration costs, costs related to litigation, advertising, promotional and marketing activities or for sales returns related to any reduction of space by the Company's customers, product discontinuances or otherwise, exceed the anticipated level of expenses, the Company's current sources of funds may be insufficient to meet the Company's cash requirements.

Any such developments, if significant, could reduce the Company's revenues and operating income and could adversely affect Products Corporation's ability to comply with certain financial and/or other covenants under the 2016 Credit Agreements and/or the Senior Notes Indentures and in such event the Company could be required to take measures, including, among other things, reducing discretionary spending. (See Item 1A. "Risk Factors" in Revlon's 2016 Form 10-K for further discussion of certain risks associated with the Company's business and indebtedness.)

Derivative Financial Instruments

Foreign Currency Forward Exchange Contracts

Products Corporation enters into FX Contracts and option contracts from time to time to hedge certain net cash flows denominated in currencies other than the local currencies of the Company's foreign and domestic operations. The FX Contracts are entered into primarily for the purpose of hedging anticipated inventory purchases and certain intercompany payments denominated in currencies other than the local currencies of the Company's foreign and domestic operations and generally have maturities of less than one year. At June 30, 2017, the FX Contracts outstanding had a notional amount of \$128.1 million and a net liability fair value of \$0.8 million.

Interest Rate Swap Transaction

In November 2013, Products Corporation executed a forward-starting floating-to-fixed interest rate swap transaction (the "2013 Interest Rate Swap") that, at its inception, was based on a notional amount of \$400 million in respect of indebtedness under the Old Acquisition Term Loan. The 2013 Interest Rate Swap initially had a floor of 1% that in December 2016 was amended to 0.75%. In connection with entering into the 2016 Term Loan Facility, the 2013 Interest Swap was carried over to apply to a notional amount of \$400 million in respect of indebtedness under such loan for the remaining balance of the term of such swap. The Company initially designated the 2013 Interest Rate Swap as a cash flow hedge of the variability of the forecasted three-month LIBOR interest rate payments related to the \$400 million notional amount under the Old Acquisition Term Loan over the three-year term of the 2013 Interest Rate Swap (and subsequently to the \$400 million notional amount under the 2016 Term Loan Facility for the remaining balance of the term of such swap). Under the terms of the 2013 Interest Rate Swap, commencing in May 2015, Products Corporation receives from the counterparty a floating interest rate based on the higher of three-month U.S. Dollar LIBOR or the floor percentage in effect, while paying a fixed interest rate payment to the counterparty equal to 2.0709% (which, with respect to the 2016 Term Loan Facility, effectively fixes the interest rate on such notional amount at 5.5709% over the remaining balance of the three-year term of the 2013 Interest Rate Swap). At June 30, 2017 and December 31, 2016, the fair value of the 2013 Interest Rate Swap was a liability of \$2.7 million and \$4.7 million, respectively.

As a result of completely refinancing the Old Acquisition Term Loan with a portion of the proceeds from Products Corporation's consummation of the 2016 Senior Credit Facilities and the 6.25% Senior Notes in connection with consummating the Elizabeth Arden Acquisition, the critical terms of the 2013 Interest Rate Swap no longer matched the terms of the underlying debt under the 2016 Term Loan Facility. At the refinancing date, or the September 7, 2016

Elizabeth Arden Acquisition Date (the "De-designation Date"), the 2013 Interest Rate Swap was determined to no longer be highly effective and the Company discontinued hedge accounting for the 2013 Interest Rate Swap. Following the de-designation of the 2013 Interest Rate Swap, changes in fair value are accounted for as a component of other non-operating expenses. Accumulated deferred losses of \$3.0 million, or \$1.8 million net of tax, at June 30, 2017 that were previously recorded as a component of accumulated other comprehensive loss will be amortized into earnings over the remaining term of the 2013 Interest Rate Swap through its maturity.

Credit Risk

Exposure to credit risk in the event of nonperformance by any of the counterparties is limited to the gross fair value of the derivative instruments in asset positions, which totaled \$1.7 million and \$2.3 million as of June 30, 2017 and December 31, 2016, respectively. The Company attempts to minimize exposure to credit risk by generally entering into derivative contracts with counterparties that have investment-grade credit ratings and are major financial institutions. The Company also periodically monitors any changes in the credit ratings of its counterparties. Given the current credit standing of the counterparties to the Company's derivative instruments, the Company believes the risk of loss arising from any non-performance by any of the counterparties under these derivative instruments is remote.

Disclosures about Contractual Obligations and Commercial Commitments

As of June 30, 2017, there were no material changes to the Company's total contractual cash obligations, as set forth in the contractual obligations and commercial commitments disclosure included in Revlon's 2016 Form 10-K. The Company has recently extended its domestic vendor payment terms to better reflect industry standards. The extension will become effective during the last six months of 2017.

Off-Balance Sheet Transactions

The Company does not maintain any off-balance sheet transactions, arrangements, obligations or other relationships with unconsolidated entities or others that are reasonably likely to have a material current or future effect on the Company's financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

Interest Rate Sensitivity

The Company has exposure to changing interest rates primarily under Products Corporation's 2016 Senior Credit Facilities. The Company manages interest rate risk through a combination of fixed and floating rate debt. The Company from time to time makes use of derivative financial instruments to adjust its fixed and floating rate ratio, such as with the 2013 Interest Rate Swap. The Company does not hold or issue financial instruments for trading purposes.

The qualitative and quantitative information presented in Item 7A of Revlon's 2016 Form 10-K ("Item 7A") describes significant aspects of the Company's financial instrument program that have material market risk as of December 31, 2016. The following tables present this information as required by Item 7A as of June 30, 2017.

Expected Maturity Date for the Year Ended December 31,
(dollars in millions, except for rate information)

	2017	2018	2019	2020	2021	Thereafter	Total	Fair Value June 30, 2017

^(a) Weighted average variable rates are based upon implied forward rates from the U.S. Dollar LIBOR and Euribor yield curves at June 30, 2017.

^(b) Includes total quarterly amortization payments required within each year under the 2016 Term Loan Facility.

^(c) At June 30, 2017, the interest rate for the 2016 Term Loan Facility was the Eurodollar Rate (as defined in the 2016 Term Loan Agreement) plus 3.50% per annum (with the Eurodollar Rate not to be less than 0.75%).

If any of LIBOR, Euribor, the base rate, the U.S. federal funds rate or such equivalent local foreign currency rate increases, Products Corporation's debt service costs will increase to the extent that Products Corporation has elected such rates for its outstanding loans. Based on the amounts outstanding under the 2016 Senior Credit Facilities and other short-term borrowings (which, in the aggregate, are Products Corporation's only debt currently subject to floating interest rates) as of June 30, 2017, a 1% increase in both the LIBOR and Euribor rates would increase the Company's annual interest expense by approximately \$15.0 million.

At June 30, 2017 and December 31, 2016, the fair value of the 2013 Interest Rate Swap was a liability of \$2.7 million and \$4.7 million, respectively. See "Financial Condition, Liquidity and Capital Resources - Derivative Financial Instruments" for additional detail on the 2013 Interest Rate Swap.

As a result of completely refinancing the Old Acquisition Term Loan in connection with the Elizabeth Arden Acquisition, the critical terms of the 2013 Interest Rate Swap no longer match the terms of the underlying debt under the 2016 Term Loan Facility. At the De-designation Date, the 2013 Interest Rate Swap was determined to no longer be highly effective and the Company discontinued hedge accounting for the 2013 Interest Rate Swap. Following the de-designation of the 2013 Interest Rate Swap, changes in fair value will be accounted for as a component of other non-operating expenses. Accumulated deferred losses of \$3.0 million, or \$1.8 million net of tax, at June 30, 2017 that were previously recorded as a component of accumulated other comprehensive loss will be amortized to earnings over the remaining term of the 2013 Interest Rate Swap through its maturity.

Exchange Rate Sensitivity

The Company manufactures and sells its products in a number of countries throughout the world and, as a result, is exposed to movements in foreign currency exchange rates. In addition, a portion of the Company's borrowings are denominated in foreign currencies, which are also subject to market risk associated with exchange rate movement. The Company, from time to time, hedges major foreign currency cash exposures through foreign exchange forward and option contracts. Products Corporation enters into these contracts with major financial institutions in an attempt to minimize counterparty risk. These contracts generally have a duration of less than 12 months and are primarily against the U.S. Dollar. In addition, Products Corporation enters into foreign currency swaps to hedge intercompany financing transactions. The Company does not hold or issue financial instruments for trading purposes.

Item 4. Controls and Procedures

(a) Disclosure Controls and Procedures. The Company maintains disclosure controls and procedures that are designed to ensure that information required to be disclosed in the Company's reports under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to management, including the Company's Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. The Company's management, with the participation of the Company's Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of the Company's disclosure controls and procedures as of the end of the fiscal period covered by this Quarterly Report on Form 10-Q. Based upon such evaluation, the Company's Chief Executive Officer and Chief Financial Officer have concluded that, as of the end of such period, the Company's disclosure controls and procedures were effective.

(b) Changes in Internal Control Over Financial Reporting. There have not been any changes in the Company's internal control over financial reporting during the quarter ended June 30, 2017 that have materially affected, or are reasonably

likely to materially affect, the Company's internal control over financial reporting.

Forward-Looking Statements

This Quarterly Report on Form 10-Q for the interim period ended June 30, 2017, as well as the Company's other public documents and statements, may contain forward-looking statements that involve risks and uncertainties, which are subject to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are based on the beliefs, expectations, estimates, projections, assumptions, forecasts, plans, anticipations, targets, outlooks, initiatives, visions, objectives, strategies, opportunities, drivers, focus and intents of the Company's management. While the Company believes that its estimates and assumptions are reasonable, the Company cautions that it is very difficult to predict the impact of known and unknown factors, and, of course, it is impossible for the Company to anticipate all factors that could affect its results. The Company's actual results may differ materially from those discussed in such forward-looking statements. Such statements include, without limitation, the Company's expectations, plans and estimates (whether qualitative or quantitative) as to:

- the Company's future financial performance and/or sales growth, including, without limitation, the Company's
 - (i) anticipation of achieving growth through opportunities presented by the combined Company's expanded sales channels and geographies, a broadened product portfolio and cost synergy opportunities;
 - the effect on sales of decreased consumer spending in response to weak economic conditions or weakness in the consumption of beauty care products in the Consumer, Elizabeth Arden, Professional and/or Other segments; adverse changes in foreign currency exchange rates, foreign currency controls and/or government-mandated pricing controls; decreased sales of the Company's products as a result of increased competitive activities by the Company's competitors and/or decreased performance by third party suppliers, changes in consumer purchasing habits, including with respect to retailer preferences and/or among sales channels; inventory management by the Company's customers; space reconfigurations or reductions in display space by the Company's customers; changes
 - (ii) in pricing, marketing, advertising and/or promotional strategies by the Company's customers; less than anticipated results from the Company's existing or new products or from its advertising, promotional, pricing and/or marketing plans; or if the Company's expenses, including, without limitation, for pension expense under its benefit plans, acquisition and acquisition-related integration costs, capital expenditures, costs related to the Company's synergy and integration programs in connection with the Elizabeth Arden Acquisition, restructuring and severance costs, costs related to litigation, advertising, promotional and marketing activities, or for sales returns related to any reduction of space by the Company's customers, product discontinuances or otherwise, exceed the anticipated level of expenses;
 - the Company's belief that the continued execution of its business strategy could include taking advantage of additional opportunities to reposition, repackage or reformulate one or more brands or product lines, launching additional new products, acquiring businesses or brands (including through licensing transactions, if any), divesting or discontinuing non-core business lines (which may include exiting certain territories), further refining its approach to retail merchandising and/or taking further actions to optimize its manufacturing, sourcing and
 - (iii) organizational size and structure, including optimizing the Colomer Acquisition, the CBB Acquisition, the Cutex Acquisitions (including the Company's belief that such acquisition enhances and complements the Company's existing brand portfolio of nail care products) and/or the Elizabeth Arden Acquisition, any of which, the intended purpose would be to create value through improving the Company's financial performance, could result in the Company making investments and/or recognizing charges related to executing against such opportunities, which activities may be funded with cash on hand, funds available under the 2016 Revolving Credit Facility and/or other permitted additional sources of capital, which actions could increase the Company's total debt;
 - (iv) the Company's belief that it is building a combined organization that is entrepreneurial, agile and boldly creative, with a passion for beauty, that it has strategic brand builders developing a diverse portfolio of iconic brands that delight consumers around the world wherever and however they shop for beauty and that it strives to be an ethical company that values inclusive leadership and is committed to sustainable and responsible growth and the Company's belief in its strategy that is based on three key pillars: (a) strengthening our portfolio of brands by: continuing to develop the leadership and aspiration for our flagship brands; Revlon, Elizabeth Arden and Almay;

continuing to develop our product offerings across beauty segments with a focus on large and/or fast growing categories; leveraging our creativity, insights and agility to accelerate innovation to develop trend-relevant and first-of-its kind beauty solutions; delighting our customers with high performing products, superior services and unique experiences that exceed their expectations; and continuing to communicate our brand's heritage, expertise and purpose to create authentic, meaningful and lasting connections with consumers of all ages; (b) strategically expanding consumer's access to our brands by: taking steps to ensure that consumers have real-time access to our brands wherever and however they shop for beauty; strengthening and diversifying our channels, especially direct to consumer; accelerating our development in high-growth channels, with a focus on specialty, e-commerce and m-commerce; continuing to win in traditional channels (including mass, drug, selective and department stores) and expanding our combined reach into travel retail; and strengthening our position in the U.S., to ensure our growth base, and expanding into untapped geographic regions, with a focus on growth in Asia; and (c) developing a cost structure that fuels investment in our brands by: growing profitably and improving our operating performance; aligning our strategic investments behind the biggest growth opportunities and innovation that differentiates our brands; continuing to improve our category mix by shifting toward higher gross margin categories (e.g., skin care and fragrance); reducing product returns, markdowns and inventory levels; and continuing to optimize our resource allocation;

- certain beliefs and expectations regarding actions that the Company is pursuing to enhance and accelerate its e-commerce and social media penetration, such as the following: (a) the Company's belief that the shift in consumer behavior (such that changes in consumer shopping patterns for beauty products in which consumers have continued to increasingly engage with beauty brands through e-commerce and other social media channels have resulted in slower retail traffic in brick-and-mortar stores in the mass retail channel in North America) which has resulted in continuing declines in the brick-and-mortar retail channel will persist over time; (b) the Company's expectation that, to address the pace and impact of this new commercial landscape, the Company's shifting of its brand
- (v) marketing spend toward enhancing its e-commerce and social media capabilities will ensure that consumers have real-time access to our brands wherever and however they shop for beauty and facilitate increased penetration of e-commerce and social media channels; (c) the Company's belief that its renewed focus on e-commerce and its evolving marketing and sales initiatives will support the foundation for driving a successful long-term omni-channel strategy and significantly increase its e-commerce penetration; and (d) the Company's belief that while executing these strategic initiatives may increase the Company's expenses and debt, they are expected to have a long-term positive impact on the Company's overall revenues and profitability;
- the effect of restructuring activities, restructuring costs and charges, the timing of restructuring payments and the benefits from such activities; including, without limitation, the Company's expectation (a) that the 2015 Efficiency Program will drive certain organizational efficiencies across the Company's Consumer and Professional segments and reduce general and administrative expenses within the Consumer and Professional segments; and that cash
- (vi) payments related to the 2015 Efficiency Program will total approximately \$12 million, including \$0.2 million for capital expenditures (which capital expenditures are excluded from total restructuring and related charges expected to be recognized for the 2015 Efficiency Program), of which \$6.1 million was paid through 2016, \$6.9 million was paid through June 30, 2017 and the remaining balance is expected to be paid in the remainder of 2017; the Company's expectation that operating revenues, cash on hand and funds available for borrowing under Products Corporation's 2016 Revolving Credit Facility and other permitted lines of credit will be sufficient to enable the Company to cover its operating expenses for 2017, including the cash requirements referred to in item
- (vii)(ix) below, and the Company's beliefs that (a) the cash generated by its domestic operations and availability under the 2016 Revolving Credit Facility and other permitted lines of credit should be sufficient to meet its domestic liquidity needs for at least the next 12 months, and (b) restrictions and/or taxes on repatriation of foreign earnings will not have a material effect on the Company's liquidity during such period;
- the Company's expected principal sources of funds, including operating revenues, cash on hand and funds
- (viii) available for borrowing under Products Corporation's 2016 Revolving Credit Facility and other permitted lines of credit, as well as the availability of funds from the Company taking certain measures, including, among other things, reducing discretionary spending;
- (ix) the Company's expected principal uses of funds, including amounts required for the payment of operating expenses, including expenses in connection with the continued execution of the Company's business strategy;

payments in connection with the Company's synergy and integration programs related to the Elizabeth Arden Acquisition (including, without limitation, for the EA Integration Restructuring Program); payments in connection with the Company's purchases of permanent wall displays; capital expenditure requirements; debt service payments and costs; cash tax payments; pension and other post-retirement benefit plan contributions; payments in connection with the Company's restructuring programs; business and/or brand acquisitions (including, without limitation, through licensing transactions, if any); severance not otherwise included in the Company's restructuring programs; debt and/or equity repurchases, if any; costs related to litigation; and payments in connection with discontinuing non-core business lines and/or exiting and/or entering certain territories and/or channels of trade (including, without limitation, that the Company may also, from time to time, seek to retire or purchase its outstanding debt obligations and/or equity in open market purchases, block trades, privately negotiated purchase transactions or otherwise and may seek to refinance some or all of its indebtedness based upon market conditions and that any such retirement or purchase of debt and/or equity may be funded with operating cash flows of the business or other sources and will depend upon prevailing market conditions, liquidity requirements, contractual restrictions and other factors, and the amounts involved may be material); and its estimates of the amount and timing of such operating and other expenses;

- (x) matters concerning the Company's market-risk sensitive instruments, including that any risk of loss under its derivative instruments arising from any non-performance by any of the counterparties is remote; the Company's expectation to efficiently manage its working capital, including, among other things, initiatives intended to optimize inventory levels over time; centralized procurement to secure discounts and efficiencies; prudent management of trade receivables and accounts payable; and controls on general and administrative spending; and the Company's belief that in the ordinary course of business, its source or use of cash from operating activities may vary on a quarterly basis as a result of a number of factors, including the timing of working capital flows;
- (xi) the Company's expectations regarding its future net periodic benefit cost for its U.S. and international defined benefit plans;
- (xii) the Company's expectation that its tax provision and effective tax rate in any individual quarter and year-to-date period will vary and may not be indicative of the Company's tax provision and effective tax rate for the full year; the Company belief the allegations contained in the Second Consolidated Amended Class Action Complaint are without merit and its plans to vigorously defend against them and its belief that the outcome of all pending legal proceedings in the aggregate is not reasonably likely to have a material adverse effect on the Company's business;
- (xiii) prospects, results of operations, financial condition and/or cash flows, but that in light of the uncertainties involved in legal proceedings generally, the ultimate outcome of a particular matter could be material to the Company's operating results for a particular period depending on, among other things, the size of the loss or the nature of the liability imposed and the level of the Company's income for that particular period;
- (xiv) certain estimates used by management in estimating the fair value of the assets acquired in the Elizabeth Arden Acquisition; and
 - the Company's expected benefits and other impacts from the Elizabeth Arden Acquisition, including, without limitation: (a) as a result of the EA Integration Restructuring Program, as well as other actions related to integrating the Elizabeth Arden organization into the Company's business, achieving annualized synergies and cost reductions of approximately \$190 million over a multi-year period, with approximately \$50 million to \$60 million of synergies and cost reductions expected to benefit 2017 from the EA Integration Restructuring Program; (b) incurring, over a multi-year period, approximately \$100 million to \$110 million of integration-related capital expenditures and approximately \$70 million to \$80 million of non-restructuring
- (xv) integration costs related to these actions; and (c) in connection with implementing the EA Integration Restructuring Program: (1) consolidating offices, eliminating certain duplicative activities and streamlining back-office support (which are designed to reduce the Company's SG&A expenses) and eliminating approximately 350 positions worldwide and (2) recognizing approximately \$65 million to \$75 million of the EA Integration Restructuring Charges (all of which are expected to be cash payments), consisting of: (i) approximately \$40 million to \$50 million of employee-related costs, including severance, retention and other contractual termination benefits; (ii) approximately \$15 million of lease termination costs; and (iii) approximately \$10 million of other related charges.

Statements that are not historical facts, including statements about the Company's beliefs and expectations, are forward-looking statements. Forward-looking statements can be identified by, among other things, the use of forward-looking language such as "estimates," "objectives," "visions," "projects," "forecasts," "focus," "drive towards," "plans," "targets," "strategies," "opportunities," "assumptions," "drivers," "believes," "intends," "outlooks," "initiatives," "expects," "scheduled to," "anticipates," "seeks," "may," "will" or "should" or the negative of those terms, or other variations of those terms or comparable language, or by discussions of strategies, targets, long-range plans, models or intentions. Forward-looking statements speak only as of the date they are made, and except for the Company's ongoing obligations under the U.S. federal securities laws, the Company undertakes no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise. Investors are advised, however, to consult any additional disclosures the Company made or may make in its 2016 Form 10-K and in its Quarterly Reports on Form 10-Q and Current Reports on Form 8-K, in each case filed with the SEC in 2017 and 2016 (which, among other places, can be found on the SEC's website at <http://www.sec.gov>, as well as on the Company's corporate website at www.revloninc.com). Except as expressly set forth in this Form 10-Q, the information available from time to time on such websites shall not be deemed incorporated by reference into this Form 10-Q. A number of important factors could cause actual results to differ materially from those contained in any forward-looking statement. (See also Item 1A. "Risk Factors" in Revlon's 2016 Form 10-K for further discussion of risks associated with the Company's business). In addition to factors that may be described in the Company's filings with the SEC, including this filing, the following factors, among others, could cause the Company's actual results to differ materially from those expressed in any forward-looking statements made by the Company:

- unanticipated circumstances or results affecting the Company's financial performance and or sales growth, including decreased consumer spending in response to weak economic conditions or weakness in the consumption of beauty care products in the Consumer, Elizabeth Arden, Professional and/or Other segments; adverse changes in foreign currency exchange rates, foreign currency controls and/or government-mandated pricing controls; decreased sales of the Company's products as a result of increased competitive activities by the Company's competitors and/or decreased performance by third party suppliers; changes in consumer preferences, such as reduced consumer demand for the Company's color cosmetics and other current products, including new product launches; changes in consumer purchasing habits, including with respect to retailer preferences and/or among sales channels; lower than expected customer acceptance or consumer acceptance of, or less than anticipated results from, the Company's existing or new products; higher than expected restructuring or severance costs, acquisition costs and/or acquisition-related integration costs and capital expenditures, including, without limitation, synergy and integration
- (i) program costs and expenses related to the Elizabeth Arden Acquisition; higher than expected pension expense and/or cash contributions under its benefit plans, costs related to litigation, advertising, promotional and/or marketing expenses or lower than expected results from the Company's advertising, promotional, pricing and/or marketing plans; higher than expected sales returns related to any reduction of space by the Company's customers, product discontinuances or otherwise or decreased sales of the Company's existing or new products; actions by the Company's customers, such as inventory management and greater than anticipated space reconfigurations or reductions in display space and/or product discontinuances or a greater than expected impact from pricing, marketing, advertising and/or promotional strategies by the Company's customers; and changes in the competitive environment and actions by the Company's competitors, including, among other things, business combinations, technological breakthroughs, implementation of new pricing strategies, new product offerings, increased advertising, promotional and marketing spending and advertising, promotional and/or marketing successes by competitors;
- in addition to the items discussed in (i) above, the effects of and changes in economic conditions (such as
- (ii) continued volatility in the financial markets, inflation, monetary conditions and foreign currency fluctuations, foreign currency controls and/or government-mandated pricing controls, as well as in trade, monetary, fiscal and tax policies in international markets) and political conditions (such as military actions and terrorist activities);
- (iii) unanticipated costs or difficulties or delays in completing projects associated with the continued execution of the Company's business strategy or lower than expected revenues or the inability to create value through improving our financial performance as a result of such strategy, including lower than expected sales, or higher than expected costs, including as may arise from any additional repositioning, repackaging or reformulating of one or more

brands or product lines, launching of new product lines, including higher than expected expenses, including for sales returns, for launching its new products, acquiring businesses or brands (including through licensing transactions, if any), divesting or discontinuing non-core business lines (which may include exiting certain territories), further refining its approach to retail merchandising and/or difficulties, delays or increased costs in connection with taking further actions to optimize the Company's manufacturing, sourcing, supply chain or organizational size and structure, including optimizing the Colomer Acquisition, the CBB Acquisition, the Cutex Acquisitions and/or the Elizabeth Arden Acquisition (including difficulties or delays in and/or the Company's inability to integrate the Elizabeth Arden business which could result in less than expected synergies and/or cost reductions, more than expected costs to achieve the expected synergies and/or cost reductions or delays in achieving the expected synergies and/or cost reductions and/or less than expected benefits from the EA Integration Restructuring Program, more than expected costs in implementing such program and/or difficulties or delays, in whole or in part, in executing the EA Integration Restructuring Program), as well as the unavailability of cash on hand and/or funds under the 2016 Revolving Credit Facility or from other permitted additional sources of capital to fund such potential activities;

- (A) difficulties, delays in or less than expected results from the Company's efforts to build a combined organization that is entrepreneurial, agile and boldly creative with a passion for beauty, having strategic brand builders developing a diverse portfolio of iconic brands that delight consumers around the world wherever and however they shop for beauty and striving to be an ethical company that values inclusive leadership and is committed to sustainable and responsible growth, such as due to, among other things, less than effective product development, less than expected acceptance of its new or existing products by consumers, salon professionals and/or other customers, less than expected acceptance of its advertising, promotional, pricing and/or marketing plans and/or brand communication by consumers, salon professionals and/or customers, less than expected investment in advertising, promotional and/or marketing activities or greater than expected competitive investment, less than expected levels of advertising, promotional and/or marketing activities for its new product launches and/or less than expected levels of execution with its customers or higher than expected costs and expenses; and/or (B) difficulties, delays in or less than expected results from the Company's efforts to strengthen its portfolio of brands, strategically expand consumer's access to the Company's brands and/or develop a cost structure that fuels investment in the Company's brands, such as due to less than expected investment behind such activities, less than effective new product development and/or advertising, marketing or promotional programs, less than expected success in expanding geographically, into new channels and/or expanding the Company's digital capabilities and/or less than expected results from the Company's efforts to reduce costs, including, without limitation, due to higher than expected sales returns such as those that may be related to actions by the Company's customers, such as inventory management or greater than anticipated space reconfigurations or reductions in display space;
- (iv) difficulties, delays in or less than expected results from the Company's efforts to enhance and accelerate its e-commerce and social media penetration, such as: (a) greater than anticipated levels of consumers choosing to purchase their beauty products through e-commerce and other social media channels and/or greater than anticipated declines in the brick-and-mortar retail channel, or either of those conditions occurring at a rate faster than anticipated; (b) the Company's inability to address the pace and impact of this new commercial landscape, such as its inability to enhance its e-commerce and social media capabilities and/or increase its penetration of e-commerce and social media channels; (c) the Company's inability to drive a successful long-term omni-channel strategy and significantly increase its e-commerce penetration; and/or (d) the Company incurring greater than anticipated levels of expenses and/or debt to facilitate the foregoing objectives, which could result in, among other things, less than anticipated revenues and/or profitability;
- (v) difficulties, delays or unanticipated costs or charges or less than expected cost reductions and other benefits resulting from the Company's restructuring activities, such as greater than anticipated costs or charges or less than anticipated cost reductions or other benefits from the 2015 Efficiency Program and/or the EA Integration Restructuring Program and/or the risk that such programs may not satisfy the Company's objectives;
- (vi) lower than expected operating revenues, cash on hand and/or funds available under the 2016 Revolving Credit Facility and/or other permitted lines of credit or higher than anticipated operating expenses, such as referred to in clause (ix) below, and/or less than anticipated cash generated by the Company's domestic operations or

- unanticipated restrictions or taxes on repatriation of foreign earnings;
- the unavailability of funds under Products Corporation's 2016 Revolving Credit Facility or other permitted lines
- (viii) of credit; or from difficulties, delays in or the Company's inability to take other measures, such as reducing discretionary spending;
- higher than expected operating expenses, sales returns, working capital expenses, integration and/or synergy costs related to the Elizabeth Arden Acquisition, permanent wall display costs, capital expenditures, debt service payments, cash tax payments, cash pension plan contributions, other post-retirement benefit plan contributions and/or net periodic benefit costs for the pension and other post-retirement benefit plans, restructuring costs,
- (viii) (including, without limitation, in connection with implementing the EA Integration Restructuring Program), severance and discontinued operations not otherwise included in the Company's restructuring programs, debt and/or equity repurchases, costs related to litigation and/or payments in connection with business and/or brand acquisitions (including, without limitation, through licensing transactions, if any), and discontinuing non-core business lines and/or exiting and/or entering certain territories and/or channels of trade;
- (ix) interest rate or foreign exchange rate changes affecting the Company and its market-risk sensitive financial instruments and/or difficulties, delays or the inability of the counterparty to perform such transactions;
- (x) difficulties, delays or the inability of the Company to efficiently manage its cash and working capital;
- lower than expected returns on pension plan assets and/or lower discount rates, which could result in higher than
- (xi) expected cash contributions, higher net periodic benefit costs and/or less than expected net periodic benefit income;
- (xii) unexpected significant variances in the Company's tax provision, effective tax rate and/or unrecognized tax benefits;
- (xiii) unanticipated adverse effects on the Company's business, prospects, results of operations, financial condition and/or cash flows as a result of unexpected developments with respect to the Company's legal proceedings;
- (xiv) changes in the fair values of the assets acquired in the Elizabeth Arden Acquisition due to, among other things, unanticipated future performance of the acquired licenses and/or other brands; and/or difficulties with, delays in and/or the Company's inability to achieve, in whole or in part, or within the expected timeframe the expected benefits from the Elizabeth Arden Acquisition, such as (a) the Company's or the Elizabeth Arden's respective businesses experiencing disruptions due to management's focus on executing the business integration activities and/or due to employee uncertainty during the integration transition period or other factors making it more difficult to maintain relationships with customers, suppliers, employees and other business partners; (b) the Company being unable to successfully implement, in whole or in part, its integration strategies, including the possibility that the expected synergies and cost reductions from the Elizabeth Arden Acquisition will not be realized or will not be realized within the expected time period; (c) difficulties, delays or the inability of the Company to successfully complete the EA Integration Restructuring Program, in whole or in part, which could result in less than expected operating and financial benefits from such actions; (d) difficulties, delays or the inability of the Company to realize, in whole or in part, the anticipated benefits from the EA Integration
- (xv) Restructuring Program, such as difficulties with, delays in or the Company's inability to generate certain reductions in its SG&A and/or eliminate certain positions; (e) delays in completing the EA Integration Restructuring Program, which could reduce the benefits realized from such activities; (f) higher than anticipated restructuring charges and/or payments in connection with completing the EA Integration Restructuring Program and/or changes in the expected timing of such charges and/or payments; and/or (g) difficulties with, delays in and/or the Company's inability to achieve, in whole or in part, or within the expected timeframe approximately \$190 million of multi-year annualized synergies and cost reductions and approximately \$50 million to \$60 million of synergies and cost reductions to benefit 2017, such as due to the Company being unable to successfully implement integration strategies and/or changes in the timing of realizing such synergies and cost reductions, such as due to less than anticipated liquidity to fund such activities and/or more than expected capital expenditures, non-restructuring integration costs or other costs to achieve the expected synergies and/or cost reductions.

Factors other than those listed above could also cause the Company's results to differ materially from expected results. This discussion is provided pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995.

REVLON, INC. AND SUBSIDIARIES

Website Availability of Reports, Corporate Governance Information and Other Financial Information

The Company maintains a comprehensive corporate governance program, including Corporate Governance Guidelines for Revlon's Board of Directors, Revlon's Board Guidelines for Assessing Director Independence and charters for Revlon's Audit Committee and Compensation Committee. Revlon maintains a corporate investor relations website, www.revloninc.com, where stockholders and other interested persons may review, without charge, among other things, Revlon's corporate governance materials and certain SEC filings (such as Revlon's annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, proxy statements, annual reports, Section 16 reports reflecting certain changes in the stock ownership of Revlon's directors and Section 16 officers, and certain other documents filed with the SEC), each of which are generally available on the same business day as the filing date with the SEC on the SEC's website <http://www.sec.gov>. In addition, under the section of the website entitled, "Corporate Governance," Revlon posts printable copies of the latest versions of its Corporate Governance Guidelines, Board Guidelines for Assessing Director Independence, charters for Revlon's Audit Committee and Compensation Committee, as well as Revlon's Code of Conduct and Business Ethics, which includes Revlon's Code of Ethics for Senior Financial Officers, and the Audit Committee Pre-Approval Policy. From time to time, the Company may post on www.revloninc.com certain presentations that may include material information regarding its business, financial condition and/or results of operations. The business and financial materials and any other statement or disclosure on, or made available through, the websites referenced herein shall not be deemed incorporated by reference into this report.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings

The Company is involved in various routine legal proceedings incidental to the ordinary course of its business. The Company believes that the outcome of all pending legal proceedings in the aggregate is not reasonably likely to have a material adverse effect on the Company's business, prospects, results of operations, financial condition and/or cash flows. However, in light of the uncertainties involved in legal proceedings generally, the ultimate outcome of a particular matter could be material to the Company's operating results for a particular period depending on, among other things, the size of the loss or the nature of the liability imposed and the level of the Company's income for that particular period.

As previously disclosed, following the announcement of the execution of the Elizabeth Arden Merger Agreement, several putative shareholder class action lawsuits and a derivative lawsuit were filed challenging the Merger. In addition to the complaints filed on behalf of plaintiffs Parker, Christiansen, Ross and Stein, on July 25, 2016, a lawsuit (Hutson v. Elizabeth Arden, Inc., et al., Case No. CACE-16-013566) (referred to as the "Hutson complaint") was filed in the Seventeenth Judicial Circuit in and for Broward County, Florida (the "Court") against Elizabeth Arden, the members of the board of directors of Elizabeth Arden, Revlon, Products Corporation and Acquisition Sub. In general, the Hutson complaint alleges that: (i) the members of Elizabeth Arden's board of directors breached their fiduciary duties to Elizabeth Arden's shareholders with respect to the Merger, by, among other things, approving the Merger pursuant to an unfair process and at an inadequate and unfair price; and (ii) Revlon, Products Corporation and Acquisition Sub aided and abetted the breaches of fiduciary duty by the members of Elizabeth Arden's board. The plaintiff seeks relief similar to that sought in the Parker case.

By Order dated August 4, 2016, all five cases were consolidated by the Court into a Consolidated Amended Class Action. Thereafter, on August 11, 2016 a Consolidated Amended Class Action Complaint was filed, seeking to enjoin defendants from consummating the Merger and/or from soliciting shareholder votes. To the extent that the Merger was consummated, the Consolidated Amended Class Action Complaint seeks to rescind the Merger or recover rescissory or other compensatory damages, along with costs and fees. The grounds for relief set forth in the Consolidated Amended Class Action Complaint in large part track those grounds as asserted in the five individual complaints, as previously disclosed. Class counsel advised that post consummation of the Merger they were going to file a Second Consolidated Amended Class Action Complaint. The Second Consolidated Amended Class Action Complaint (which superseded the Consolidated Amended Class Action Complaint) was ultimately filed on or about January 26, 2017. Like the Consolidated Amended Class Action complaint, the grounds for relief set forth in the Second Consolidated Amended Class Action Complaint in large part track those grounds as asserted in the five individual complaints.

The Company believes the allegations contained in the Second Consolidated Amended Class Action Complaint are without merit and intends to vigorously defend against them. Additional lawsuits arising out of or relating to the Merger Agreement or the Merger may be filed in the future. The defendants' motions to dismiss the Second Consolidated Amended Class Action Complaint were filed on March 28, 2017. Plaintiffs' response was filed on June 6, 2017 and defendants' replies were filed on July 13, 2017. A hearing on the defendants' motion to dismiss is expected to be held sometime in later summer 2017.

The Company believes that the outcome of all pending legal proceedings in the aggregate is not reasonably likely to have a material adverse effect on the Company's business, prospects, results of operations, financial condition and/or cash flows. However, in light of the uncertainties involved in legal proceedings generally, the ultimate outcome of a particular matter could be material to the Company's operating results for a particular period depending on, among other things, the size of the loss or the nature of the liability imposed and the level of the Company's income for that particular period.
