ITEM 1. REPORT TO STOCKHOLDERS.

The Annual Report to Stockholders is filed herewith.

SALOMON BROTHERS MUNICIPAL PARTNERS FUND INC.

Letter from the Chairman

Dear Shareholder,

I am pleased to report that the Salomon Brothers Municipal Partners Fund Inc. generated favorable relative returns both on a market price and net asset value ("NAV") i basis for the 12 months ended December 31, 2003. This positive performance occurred within a sea change for bonds. After a formidable run, during the early summer bonds lost some of the gains they had generated earlier in 2003 as signs of a sharp pick-up in the pace of economic growth and rising long-term U.S. Treasury bond yields exerted pressure on the market. Although many municipalities grappled with budgetary pressures during much of the year brought on by the weak economy, tax revenues reportedly grew during the third quarter of 2003.

Please read on for a more detailed look at prevailing economic and market conditions during the fund's fiscal year and to see how those conditions may have affected fund performance.

Manager Overview

Performance Review

During the 12 months ended December 31, 2003, the fund returned 11.07%, based on its New York Stock Exchange ("NYSE") market price and 6.78% based on its NAV per share. In comparison, the Lehman Brothers Municipal Bond Index ii returned 5.31% and the fund's Lipper general municipal debt (leveraged) closed-end funds category average returned 8.53% over the same time frame. iii Please note that Lipper performance returns are based on each fund's NAV.

During the period we structured the fund in a defensive posture by placing an emphasis on bonds with higher coupons, while also maintaining a lower average life. Although the strategy, at times limited the fund's full participation in the market rallies, it helped reduce the fund's volatility during the period.

During the 12-month period, the fund distributed dividends to shareholders totaling \$0.84 per share. The performance table shows the fund's annualized distribution yields, as well as its 12-month total return based on its NAV and market price as of December 31, 2003. Certain investors may be subject to the federal Alternative Minimum Tax, and state and local taxes will apply. Capital gains, if any, are fully taxable. Please consult your personal tax adviser. Past performance is not indicative of future results.

FUND PERFORMANCE

Edgar Filing: SALOMON BROTHERS MUNICIPAL PARTNERS FUND INC - Form N-CSR

AS OF DECEMBER 31, 2003
(unaudited)

Price Per Share	Annualized Distribution Yield	12-Month Total Return
----- \$15.52 (NAV)	5.41%	6.78%
\$14.00 (NYSE)	6.00%	11.07%

Total returns are based on changes in NAV or the market price, respectively. Total returns assume the reinvestment of all dividends and/or capital gains distributions, if any, in additional shares. Annualized distribution yield is the fund's current monthly income dividend rate, annualized, and then divided by the NAV or the market price noted in this report. The annualized distribution yield assumes a current monthly income dividend rate of \$0.07 for 12 months. This rate is as of December 31, 2003 and is subject to change.

Overview

Municipal bonds finished 2003 on a firm note while concluding their fourth straight year of positive returns. iv Despite an improving economy and vibrant stock market, investors' interest in tax-exempt municipal bonds held firm during 2003 as the Fed signaled that it was is no hurry to raise short-term interest rates. Consequently, investors gravitated to the municipal bond market as higher-rated issues offered favorable taxable equivalent yields v compared to comparable-maturity U.S. Treasuries and Agencies. vi

SALOMON BROTHERS MUNICIPAL PARTNERS FUND INC.

Additionally, 2003 was a banner year for municipal bonds from an issuance perspective. State and local governments combined issued over \$380 billion of debt to fund new projects and refinance outstanding bonds. vii Tax-exempt new issue volume exceeded last year's previous record of \$358 billion.vii Despite historically low nominal yields, demand was strong as property and casualty insurance companies, institutions and individual investors combined to absorb the massive supply.

Selection of Municipal Bonds

Many municipalities recently reported growth in tax revenues during the third quarter of 2003 versus the same period in 2002, which has helped boost states' coffers. Given the modest financial improvement for many municipalities, the fund maintained its exposure to both state and local general obligation bonds. Additionally, revenue bonds continued to play a significant role in the portfolio. These bonds are backed by the generally stable revenue streams of specific public works (such as bridge tolls), and tend to be less correlated to drops in personal income tax receipts than state obligations.

As of the period's close, the fund continued to be well diversified and of high credit quality with holdings from 31 states and an average rating of double A.

Edgar Filing: SALOMON BROTHERS MUNICIPAL PARTNERS FUND INC - Form N-CSR

The portfolio's top sectors included healthcare, transportation and housing. Although states and cities have continued to face budgetary challenges, many have shown some signs of rebounding.

All index performance reflects no deduction for fees, expenses or taxes.

- i NAV is a price that reflects the value of the fund's underlying portfolio plus other assets, less the fund's liabilities. However, the price at which an investor may buy or sell shares of the fund is at the fund's market price as determined by supply of and demand for the fund's common shares, which may be more or less than the fund's NAV.
- ii The Lehman Brothers Municipal Bond Index is a broad measure of the municipal bond market with maturities of at least one year. Please note that an investor cannot invest directly in an index.
- iii Lipper, Inc. is a major independent mutual-fund tracking organization. Returns are based on the 12-month period ended December 31, 2003, calculated among the 64 funds in the fund's Lipper category including the reinvestment of dividends and capital gains, if any.

- v The taxable equivalent yield applies to income taxation on a federal (not state and local) level. This yield would be slightly lower for an investor below the federal income tax bracket of 31% and slightly higher for an investor in a higher tax bracket.
- vi The face-value principal and coupon payments of U.S. Government bonds, in contrast to municipals, are guaranteed by full faith and credit of the U.S. Government.

SALOMON BROTHERS MUNICIPAL PARTNERS FUND INC.

Long-Term Security Ratings (unaudited)

Standard & Poor's Ratings Service ("Standard & Poor's") -- Ratings from "AA" to "BB" may be modified by the addition of a plus (+) or minus (-) sign to show relative standings within the major rating categories.

- AAA - Bonds rated "AAA" have the highest rating assigned by Standard & Poor's. Capacity to pay interest and repay principal is extremely strong.
- AA - Bonds rated "AA" have a very strong capacity to pay interest and repay principal and differ from the highest rated issue only in a small degree.
- A - Bonds rated "A" have a strong capacity to pay interest and repay principal although it is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than debt in higher rated categories.
- BBB - Bonds rated "BBB" are regarded as having an adequate capacity to pay interest and repay principal. Whereas they normally exhibit adequate protection parameters, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity to pay interest and repay principal for bonds in this category than in higher rated categories.
- BB - Bonds rated "BB" have less near-term vulnerability to default than other speculative issues. However, they face major ongoing uncertainties or exposure to adverse business, financial, or economic conditions which could lead to inadequate capacity to meet timely interest and principal payments.

Moody's Investors Service ("Moody's") -- Numerical modifiers 1, 2 and 3 may be applied to each generic rating from "Aa" to "Baa," where 1 is the highest and 3 the lowest ranking within its generic category.

- Aaa - Bonds rated "Aaa" are judged to be of the best quality. They carry the smallest degree of investment risk and are generally referred to as "gilt edge." Interest payments are protected by a large or by an exceptionally stable margin and principal is secure. While the various protective elements are likely to change, such changes as can be visualized are most unlikely to impair the fundamentally strong position of such issues.
- Aa - Bonds rated "Aa" are judged to be of high quality by all standards. Together with the "Aaa" group they comprise what are generally known as high grade bonds. They are rated lower than the best bonds because margins of protection may not be as large as in "Aaa" securities or fluctuation of protective elements may be of greater amplitude or there may be other elements present which make the long-term risks appear somewhat larger than in "Aaa" securities.
- A - Bonds rated "A" possess many favorable investment attributes and are to be considered as upper medium grade obligations. Factors giving security to principal and interest are considered adequate but elements may be present which suggest a susceptibility to impairment

Edgar Filing: SALOMON BROTHERS MUNICIPAL PARTNERS FUND INC - Form N-CSR

some time in the future.

- Baa - Bonds rated "Baa" are considered as medium grade obligations, i.e., they are neither highly protected nor poorly secured. Interest payments and principal security appear adequate for the present but certain protective elements may be lacking or may be characteristically unreliable over any great length of time. Such bonds lack outstanding investment characteristics and in fact have speculative characteristics as well.
- NR - Indicates that the bond is not rated by Moody's or Standard & Poor's as indicated.

- SP-1 - Standard & Poor's highest rating indicating very strong or strong capacity to pay principal and interest; those issues determined to possess overwhelming safety characteristics are denoted with a plus (+) sign.
- A-1 - Standard & Poor's highest commercial paper and variable-rate demand obligation (VRDO) rating indicating that the degree of safety regarding timely payment is either overwhelming or very strong; those issues determined to possess overwhelming safety characteristics are denoted with a plus (+) sign.
- VMIG1 - Moody's highest rating for issues having a demand feature - VRDO.
- P-1 - Moody's highest rating for commercial paper and for VRDO prior to the advent of the VMIG 1 rating.

Notes to Financial Statements

Note 1. Organization and Significant Accounting Policies

Salomon Brothers Municipal Partners Fund Inc. ("Fund"), (formerly known as Municipal Partners Fund Inc.), was incorporated in Maryland on November 24, 1992 and is registered as a diversified, closed-end management investment company

Edgar Filing: SALOMON BROTHERS MUNICIPAL PARTNERS FUND INC - Form N-CSR

under the Investment Company Act of 1940, as amended. The Board of Directors authorized 100 million shares of \$0.001 par value common stock. The Fund's primary investment objective is to seek a high level of current income which is exempt from federal income taxes, consistent with the preservation of capital. As a secondary investment objective, the Fund intends to enhance portfolio value by purchasing tax exempt securities that, in the opinion of Salomon Brothers Asset Management Inc ("SBAM"), an indirect wholly-owned subsidiary of Citigroup Inc. ("Citigroup"), may appreciate in value relative to other similar obligations in the marketplace.

The following is a summary of significant accounting policies consistently followed by the Fund in the preparation of its financial statements. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual amounts could differ from those estimates.

SECURITIES VALUATION. Tax-exempt securities are valued by independent pricing services which use prices provided by market-makers or estimates of market values obtained from yield data relating to instruments or securities with similar characteristics. Short-term investments having a maturity of 60 days or less are valued at amortized cost which approximates market value. Securities for which reliable quotations are not readily available are valued at fair value as determined in good faith by, or under procedures established by, the Board of Directors.

SECURITIES TRANSACTIONS AND INVESTMENT INCOME. Securities transactions are recorded on the trade date. Realized gains and losses on sales of securities are calculated on the identified cost basis. Interest income is accrued on a daily basis. The Fund amortizes premiums and accretes discounts on securities purchased using the effective interest method.

FEDERAL INCOME TAXES. The Fund has complied and intends to continue to comply with the provisions of the Internal Revenue Code of 1986, as amended, applicable to regulated investment companies, and to distribute substantially all of its income and capital gains, if any, to its shareholders. Therefore, no federal income tax or excise tax provision is required. The character of income and gains to be distributed are determined in accordance with income tax regulations which may differ from GAAP.

Page 15

SALOMON BROTHERS MUNICIPAL PARTNERS FUND INC.

Notes to Financial Statements (continued)

DIVIDENDS AND DISTRIBUTIONS. The Fund declares and pays dividends and distributions to common shareholders monthly from net investment income, net realized short-term capital gains and other sources, if necessary. Long-term capital gains, if any, in excess of loss carryovers are expected to be distributed annually. Dividends and distributions to common shareholders are recorded on the ex-dividend date. Dividends and distributions to preferred shareholders are accrued on a weekly basis and are determined as described in Note 4. The amount of dividends and distributions from net investment income and net realized gains are determined in accordance with federal income tax

Edgar Filing: SALOMON BROTHERS MUNICIPAL PARTNERS FUND INC - Form N-CSR

regulations, which may differ from GAAP.

Note 2. Management and Advisory Fees and Other Transactions

SBAM acts as the investment adviser and administrator of the Fund. SBAM provides all management, advisory and administration services for the Fund. As compensation for its services, the Fund pays SBAM an investment management fee at an annual rate of 0.55% of the Fund's average weekly net assets. For purposes of calculating this fee, the liquidation value of any outstanding preferred stock of the Fund is not deducted in determining the Fund's average weekly net assets. This fee is calculated daily and paid monthly.

SBAM has delegated certain administrative services to Smith Barney Fund Management LLC ("SBFM"), another indirect wholly-owned subsidiary of Citigroup, pursuant to a Sub-Administration Agreement between SBAM and SBFM.

Note 3. Investments

During the year ended December 31, 2003, the aggregate cost of purchases and proceeds from sales of investments (including maturities of long-term investments, but excluding short-term investments) were as follows:

Purchases.....	\$71,571,449
	=====
Sales.....	\$72,255,882
	=====

At December 31, 2003, the aggregate gross unrealized appreciation and depreciation of investments for Federal income tax purposes were as follows:

Gross unrealized appreciation.....	\$8,629,979
Gross unrealized depreciation.....	(107,862)

Net unrealized appreciation.....	\$8,522,117
	=====

Page 16

Note 4. Auction Rate Preferred Stock

On April 2, 1993, the Fund closed its public offering of 800 shares of \$0.001 par value Auction Rate Preferred Stock ("Preferred Stock") at an offering price of \$50,000 per share. The Preferred Stock has a liquidation preference of \$50,000 per share plus an amount equal to accumulated but unpaid dividends (whether or not earned or declared) and subject to certain restrictions, are redeemable in whole or in part.

Dividend rates generally reset every 7 days and are determined by auction procedures. The dividend rates on the Preferred Stock during the year ended December 31, 2003 ranged from 0.750% to 1.490%. The weighted average dividend

Edgar Filing: SALOMON BROTHERS MUNICIPAL PARTNERS FUND INC - Form N-CSR

rate for the year ended December 31, 2003 was 1.010%.

The Fund is subject to certain restrictions relating to the Preferred Stock. The Fund may not declare dividends or make other distributions on shares of common stock or purchase any such shares if, at the time of the declaration, distribution or purchase, asset coverage with respect to the outstanding Preferred Stock would be less than 200%. The Preferred Stock is also subject to mandatory redemption at \$50,000 per share plus any accumulated or unpaid dividends, whether or not declared, if certain requirements relating to the composition of the assets and liabilities of the Fund as set forth in its Articles Supplementary are not satisfied.

The Preferred Stock, which are entitled to one vote per share, generally vote with the common shares but vote separately as a class to elect two directors and on certain matters affecting the rights of the Preferred Stock.

The issuance of preferred stock poses certain risks to holders of common stock, including, among others the possibility of greater market price volatility and in certain market conditions, the yield to holders of common stock may be adversely affected.

The Fund is required to maintain certain asset coverages with respect to the Preferred Stock. If the Fund fails to maintain these coverages and does not cure any such failure within the required time period, the Fund is required to redeem a requisite number of the Preferred Stock in order to meet the applicable requirement. Additionally, failure to meet the foregoing asset requirements would restrict the Fund's ability to pay dividends to common shareholders.

Note 5. Concentration of Credit Risk

Since the Fund invests a portion of its assets in issuers located in a single state, it may be affected by economic and political developments in a specific state or region. Certain debt obligations held by the Fund are entitled to the benefit of insurance, standby letters of credit or other guarantees of banks or other financial institutions.

Note 6. Events Subsequent to December 31, 2003

COMMON STOCK DIVIDENDS. On October 22, 2003, the Board of Directors of the Fund declared two common share dividends from net investment income, each in the

Page 17

SALOMON BROTHERS MUNICIPAL PARTNERS FUND INC.

Notes to Financial Statements (continued)

amount of \$0.0700 per share, payable on January 30 and February 27, 2004 to shareholders of record on January 13 and February 18, 2004, respectively. In addition, on February 5, 2004, the Board of Directors of the Fund declared three common share dividends from net investment income, each in the amount of \$0.07 per share, payable on March 26, April 30 and May 28, 2004 to shareholders of record on March 16, April 20 and May 18, 2004, respectively.

PREFERRED STOCK DIVIDENDS. The Board of Directors designated each of the following dividend periods as a Special Rate Period. With each auction date, the regular auction procedure resumes, subject to the Fund's ability to designate any subsequent dividend period as a Special Rate Period.

Edgar Filing: SALOMON BROTHERS MUNICIPAL PARTNERS FUND INC - Form N-CSR

Auction Date	Commencement of Rate Period	Rate Effective Through	Preferred Rate
12/29/03	12/30/03	1/5/04	1.199%
1/5/04	1/6/04	1/12/04	1.200
1/12/04	1/13/04	1/19/04	1.020
1/16/04	1/20/04	1/26/04	1.080
1/26/04	1/27/04	2/2/04	1.050
2/2/04	2/3/04	2/9/04	1.020

Note 7. Capital Loss Carryforward

At December 31, 2003 the Fund had, for Federal income tax purposes approximately \$280,000 of unused capital loss carryforwards available to offset future capital gains expiring December 31, 2008. To the extent that these carryforward losses are used to offset capital gains, it is probable that the gains so offset will not be distributed.

In addition, the Fund had \$576 of capital losses realized after October 31, 2003, which were deferred for tax purposes to the first day of the following fiscal year.

Note 8. Income Tax Information and Distributions to Shareholders

The tax basis components of distributable earnings at December 31 were:

	2003	2002
Undistributed tax-exempt income	\$1,443,224	\$1,221,964
Accumulated capital losses	\$ (280,397)	\$ (442,631)
Unrealized appreciation	\$8,522,117	\$7,923,279

For the years ended December 31, 2003 and December 31, 2002, the difference between book basis and tax basis unrealized depreciation for the Fund was attributable primarily to wash sale loss deferrals.

Page 18

SALOMON BROTHERS MUNICIPAL PARTNERS FUND INC.

Notes to Financial Statements (continued)

The tax character of distributions paid during the year ended December 31, was:

	2003	2002
Tax-exempt income	\$5,241,814	\$5,088,497

Note 9. Additional Information

Edgar Filing: SALOMON BROTHERS MUNICIPAL PARTNERS FUND INC - Form N-CSR

The Fund has received the following information from Citigroup Asset Management ("CAM"), the Citigroup business unit which includes the Fund's Investment Manager and other investment advisory companies, all of which are indirect, wholly-owned subsidiaries of Citigroup. CAM is reviewing its entry, through an affiliate, into the transfer agent business in the period 1997-1999. As CAM currently understands the facts, at the time CAM decided to enter the transfer agent business, CAM sub-contracted for a period of five years certain of the transfer agency services to a third party and also concluded a revenue guarantee agreement with this sub-contractor providing that the sub-contractor would guarantee certain benefits to CAM or its affiliates (the "Revenue Guarantee Agreement"). In connection with the subsequent purchase of the sub-contractor's business by an affiliate of the current sub-transfer agent (PFPC Inc.) used by CAM on many of the funds it manages, this Revenue Guarantee Agreement was amended, eliminating those benefits in exchange for arrangements that included a one-time payment from the sub-contractor.

The Boards of CAM-managed funds (the "Boards") were not informed of the Revenue Guarantee Agreement with the sub-contractor at the time the Boards considered and approved the transfer agent arrangements. Nor were the Boards informed of the subsequent amendment to the Revenue Guarantee Agreement when that occurred.

CAM has begun to take corrective actions. CAM will pay to the applicable funds approximately \$17 million (plus interest) that CAM and its affiliates received from the Revenue Guarantee Agreement and its amendment. The Fund did not implement the contractual agreement described above and therefore will not receive any portion of the payment. CAM also plans an independent review to verify that the transfer agency fees charged by CAM were fairly priced as compared to competitive alternatives. CAM is instituting new procedures and making changes designed to ensure no similar arrangements are entered into in the future.

CAM has briefed the SEC, the New York State Attorney General and other regulators with respect to this matter, as well as the U.S. Attorney who is investigating the matter. CAM is cooperating with governmental authorities on this matter, the ultimate outcome of which is not yet determinable.

The Fund's transfer agent is EquiServe Trust Company, N.A., which is not affiliated with CAM or PFPC Inc.

Dividend Reinvestment Plan (unaudited)

Pursuant to certain rules of the Securities and Exchange Commission, the following additional disclosure is provided.

Pursuant to the Fund's Dividend Reinvestment Plan ("Plan"), holders of Common Stock whose shares of Common Stock are registered in their own names will be deemed to have elected to have all distributions automatically reinvested by EquiServe Trust Company, N.A. ("Plan Agent") in Fund shares pursuant to the Plan, unless they elect to receive distributions in cash. Holders of Common Stock who elect to receive distributions in cash will receive all distributions in cash by check in dollars mailed directly to the holder by the Plan Agent as dividend-paying agent. Holders of Common Stock who do not wish to have distributions automatically reinvested should notify the Plan Agent at the address below. Distributions with respect to Common Stock registered in the name of a bank, broker-dealer or other nominee (i.e., in "street name") will be reinvested under the Plan unless the service is not provided by the bank, broker-dealer or other nominee or the holder elects to receive dividends and distributions in cash. Investors who own shares registered in the name of a bank, broker-dealer or other nominee should consult with such nominee as to participation in the Plan through such nominee, and may be required to have their shares registered in their own names in order to participate in the Plan.

The Plan Agent serves as agent for the holders of Common Stock in administering the Plan. After the Fund declares a dividend on the Common Stock or determines to make a capital gain distribution, the Plan Agent will, as agent for the participants, receive the cash payment and use it to buy the Fund's Common Stock in the open market, on the New York Stock Exchange or elsewhere, for the participants' accounts. The Fund will not issue any new shares of Common Stock in connection with the Plan.

Participants have the option of making additional cash payments to the Plan Agent, monthly, in a minimum amount of \$250, for investment in the Fund's Common Stock. The Plan Agent will use all such funds received from participants to purchase shares of Common Stock in the open market on or about the first business day of each month. To avoid unnecessary cash accumulations, and also to allow ample time for receipt and processing by the Plan Agent, it is suggested that participants send in voluntary cash payments to be received by the Plan Agent approximately ten days before an applicable purchase date specified above. A participant may withdraw a voluntary cash payment by written notice, if the notice is received by the Plan Agent not less than 48 hours before such payment is to be invested.

The Plan Agent maintains all shareholder accounts in the Plan and furnishes written confirmations of all transactions in an account, including information needed by shareholders for personal and tax records. Shares of Common Stock in the account of each Plan participant will be held by the Plan Agent in the name of the participant, and each shareholder's proxy will include those shares purchased pursuant to the Plan.

In the case of holders of Common Stock, such as banks, broker-dealers or other nominees, who hold shares for others who are beneficial owners, the Plan Agent

will administer the Plan on the basis of the number of shares of Common Stock

Page 25

SALOMON BROTHERS MUNICIPAL PARTNERS FUND INC.

Dividend Reinvestment Plan (unaudited) (continued)

certified from time to time by the holders as representing the total amount registered in such holders' names and held for the account of beneficial owners that have not elected to receive distributions in cash.

There is no charge to participants for reinvesting dividends or capital gains distributions or voluntary cash payments. The Plan Agent's fees for the reinvestment of dividends and capital gains distributions and voluntary cash payments will be paid by the Fund. However, each participant will pay a pro rata share of brokerage commissions incurred with respect to the Plan Agent's open market purchases in connection with the reinvestment of dividends and distributions and voluntary cash payments made by the participant. The receipt of dividends and distributions under the Plan will not relieve participants of any income tax which may be payable on such dividends or distributions.

Participants may terminate their accounts under the Plan by notifying the Plan Agent in writing. Such termination will be effective immediately if notice in writing is received by the Plan Agent not less than ten days prior to any dividend or distribution record date. Upon termination, the Plan Agent will send the participant a certificate for the full shares held in the account and a cash adjustment for any fractional shares or, upon written instruction from the participant, the Plan Agent will sell part or all of the participant's shares and remit the proceeds to the participant, less a \$2.50 fee plus brokerage commission for the transaction.

Experience under the Plan may indicate that changes in the Plan are desirable. Accordingly, the Fund and the Plan Agent reserve the right to terminate the Plan as applied to any voluntary cash payments made and any dividend or distribution paid subsequent to notice of the termination sent to all participants in the Plan at least 30 days before the record date for the dividend or distribution. The Plan also may be amended by the Fund or the Plan Agent upon at least 30 days' written notice to participants in the Plan.

All correspondence concerning the Plan should be directed to the Plan Agent, P.O. Box 43010, Providence, Rhode Island 02940-3010.

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

The Board of Directors of the Fund has delegated the authority to develop policies and procedures relating to proxy voting to the Manager. The Manager is part of Citigroup Asset Management ("CAM"), a group of investment adviser affiliates of Citigroup, Inc. ("Citigroup"). Along with the other investment advisers that comprise CAM, the Manager has adopted a set of proxy voting policies and procedures (the "Policies") to ensure that the Manager votes proxies relating to equity securities in the best interest of clients.

In voting proxies, the Manager is guided by general fiduciary principles and seeks to act prudently and solely in the best interest of clients. The Manager attempts to consider all factors that could affect the value of the investment and will vote proxies in the manner that it believes will be consistent with efforts to maximize shareholder values. The Manager may utilize an external service provider to provide it with information and/or a recommendation with regard to proxy votes. However, such recommendations do not relieve the Manager of its responsibility for the proxy vote.

In the case of a proxy issue for which there is a stated position in the Policies, CAM generally votes in accordance with such stated position. In the case of a proxy issue for which there is a list of factors set forth in the Policies that CAM considers in voting on such issue, CAM votes on a case-by-case basis in accordance with the general principles set forth above and considering such enumerated factors.

In the case of a proxy issue for which there is no stated position or list of factors that CAM considers in voting on such issue, CAM votes on a case-by-case basis in accordance with the general principles set forth above. Issues for which there is a stated position set forth in the Policies or for which there is a list of factors set forth in the Policies that CAM considers in voting on such issues fall into a variety of categories, including election of directors, ratification of auditors, proxy and tender offer defenses, capital structure issues, executive and director compensation, mergers and corporate restructurings, and social and environmental issues. The stated position on an issue set forth in the Policies can always be superseded, subject to the duty to act solely in the best interest of the beneficial owners of accounts, by the investment management professionals responsible for the account whose shares are being voted. Issues applicable to a particular industry may cause CAM to abandon a policy that would have otherwise applied to issuers generally. As a result of the independent investment advisory services provided by distinct CAM business units, there may be occasions when different business units or different portfolio managers within the same business unit vote differently on the same issue.

In furtherance of the Manager's goal to vote proxies in the best interest of clients, the Manager follows procedures designed to

identify and address material conflicts that may arise between the Manager's interests and those of its clients before voting proxies on behalf of such clients. To seek to identify conflicts of interest, CAM periodically notifies CAM employees (including employees of the Manager) in writing that they are under an obligation (i) to be aware of the potential for conflicts of interest with respect to voting proxies on behalf of client accounts both as a result of their personal relationships and due to special circumstances that may arise during the conduct of CAM's and the Manager's business, and (ii) to bring conflicts of interest of which they become aware to the attention of compliance personnel. The Manager also maintains and considers a list of significant relationships that could present a conflict of interest for the Manager in voting proxies. The Manager is also sensitive to the fact that a significant, publicized relationship between an issuer and a non-CAM affiliate might appear to the public to influence the manner in which the Manager decides to vote a proxy with respect to such issuer. Absent special circumstances or a significant, publicized non-CAM affiliate relationship that CAM or the Manager for prudential reasons treats as a potential conflict of interest because such relationship might appear to the public to influence the manner in which the Manager decides to vote a proxy, the Manager generally takes the position that non-CAM relationships between Citigroup and an issuer (e.g. investment banking or banking) do not present a conflict of interest for the Manager in voting proxies with respect to such issuer. Such position is based on the fact that the Manager is operated as an independent business unit from other Citigroup business units as well as on the existence of information barriers between the Manager and certain other Citigroup business units.

CAM maintains a Proxy Voting Committee, of which the Manager personnel are members, to review and address conflicts of interest brought to its attention by compliance personnel. A proxy issue that will be voted in accordance with a stated position on an issue or in accordance with the recommendation of an independent third party is not brought to the attention of the Proxy Voting Committee for a conflict of interest review because the Manager's position is that to the extent a conflict of interest issue exists, it is resolved by voting in accordance with a pre-determined policy or in accordance with the recommendation of an independent third party. With respect to a conflict of interest brought to its attention, the Proxy Voting Committee first determines whether such conflict of interest is material. A conflict of interest is considered material to the extent that it is determined that such conflict is likely to influence, or appear to influence, the Manager's decision-making in voting proxies. If it is determined by the Proxy Voting Committee that a conflict of interest is not material, the Manager may vote proxies notwithstanding the existence of the conflict.

If it is determined by the Proxy Voting Committee that a conflict of interest is material, the Proxy Voting Committee is responsible for determining an appropriate method to resolve such conflict of interest before the proxy affected by the conflict of interest is voted. Such determination is based on the particular facts and circumstances, including the importance of the proxy issue and the nature of the conflict of interest. Methods of resolving a material conflict of interest may include, but are not limited to, disclosing the conflict to clients and obtaining their consent before voting, or suggesting to clients that they engage another party to vote the proxy on their behalf.
