**QUESTIONS AND ANSWERS ABOUT THE MERGER
AND SPECIAL MEETINGS OF STOCKHOLDERS**

General Questions and Answers

The following questions and answers are intended to address briefly some commonly asked questions regarding the proposed merger and the Juniper Networks and NetScreen special meetings.

Q: Why am I receiving this joint proxy statement/prospectus?

A: Juniper Networks and NetScreen have agreed to combine their businesses under the terms of a merger agreement that is described in this joint proxy statement/ prospectus. A copy of the merger agreement is attached to this joint proxy statement/ prospectus as Annex A. For specific information regarding the merger agreement, please refer to the section entitled *The Merger Agreement* beginning on page 63 of this joint proxy statement/ prospectus.

In order to complete the merger, Juniper Networks stockholders must approve the issuance of shares of Juniper Networks common stock in connection with the merger and NetScreen stockholders must adopt the merger agreement. Each of Juniper Networks and NetScreen will hold a special meeting of its respective stockholders to obtain these approvals. This joint proxy statement/ prospectus contains important information about the merger and the special meeting of each of Juniper Networks and NetScreen, and you should read it carefully. For both Juniper Networks and NetScreen stockholders, the enclosed voting materials allow you to vote your shares of Juniper Networks common stock or NetScreen common stock without attending the Juniper Networks or NetScreen special meeting.

Your vote is important. We encourage you to vote as soon as possible. For more specific information on how to vote, please see the questions and answers for each of Juniper Networks and NetScreen stockholders below.

Q: What is the merger?

A: The merger is a proposed business combination between Juniper Networks and NetScreen where a wholly owned subsidiary of Juniper Networks will merge with and into NetScreen, with NetScreen surviving the merger and becoming a wholly owned subsidiary of Juniper Networks immediately following the merger.

Q: Why are Juniper Networks and NetScreen proposing the merger? (see pages 39 and 48)

A: Each of Juniper Networks and NetScreen believes that the proposed merger will enable the combined company to provide customers with a broader portfolio of best-in-class networking and security solutions. For a detailed description of Juniper Networks' reasons for the merger, please refer to the section entitled *The Merger - Juniper Networks' Reasons for the Merger* beginning on page 39 of this joint proxy statement/ prospectus, and for a detailed description of NetScreen's reasons for the merger, please refer to the section entitled *The Merger - NetScreen's Reasons for the Merger* beginning on page 48 of this joint proxy statement/ prospectus.

Q: What percentage of Juniper Networks will former NetScreen stockholders own after the merger?

A: Based on Juniper Networks' and NetScreen's capitalizations at February 9, 2004, the date the merger agreement was signed, following the merger, the former stockholders of NetScreen will own approximately 24.5% of the outstanding capital stock of Juniper Networks, computed on a fully-diluted basis, taking into account all outstanding Juniper Networks and NetScreen shares, options and warrants.

Q: Are there any stockholders already committed to voting in favor of the merger? (see page 61)

A: Yes. Directors and executive officers of Juniper Networks who collectively beneficially owned approximately 9.7% of the shares of Juniper Networks common stock outstanding on February 9, 2004, have agreed to vote their shares of Juniper Networks common stock subject to the Juniper Networks voting agreements in favor of the issuance of shares of Juniper Networks common stock in connection with the merger. Directors and certain officers of NetScreen, who collectively beneficially owned approximately 13.9%

Table of Contents

of the shares of NetScreen common stock outstanding on January 30, 2004, have agreed to vote the shares of NetScreen common stock subject to the NetScreen voting agreements in favor of adoption of the merger agreement.

Q: When do Juniper Networks and NetScreen expect to complete the merger?

A: Juniper Networks and NetScreen are working toward completing the merger as quickly as possible and currently plan to complete the merger in the second calendar quarter of 2004. However, the exact timing of the completion of the merger cannot be predicted because the merger is subject to stockholder approvals, governmental and regulatory review processes and other conditions.

Q: What risks should I consider in deciding whether to vote in favor of the share issuance or the adoption of the merger agreement? (see page 17)

A: You should carefully review the section of this joint proxy statement/prospectus entitled *Risk Factors* beginning on page 17 which sets forth certain risks and uncertainties related to the merger, as well as risks and uncertainties to which the combined company's business will be subject. Additionally, each of Juniper Networks and NetScreen are, as independent companies, subject to certain risks and uncertainties described, in the case of Juniper Networks, in its Annual Report on Form 10-K for the fiscal year ended December 31, 2003 and, in the case of NetScreen, in its Quarterly Report on Form 10-Q for the quarter ended December 31, 2003, each of which is incorporated herein by reference.

Q: What should I do now?

A: Please review this joint proxy statement/prospectus carefully and sign, date and return each proxy card and voting instruction card you receive as soon as possible.

Q: How can I find out whether the stockholders of Juniper Networks and NetScreen approved the merger proposals?

A: Juniper Networks and NetScreen each intend to issue a press release announcing the voting results for the proposals to be submitted at their respective special stockholder meetings promptly after each meeting is held.

Questions and Answers for Juniper Networks Stockholders

Q: When and where is the Juniper Networks special meeting? (see page 29)

A: The special meeting of Juniper Networks stockholders will begin promptly at [], local time, on [], 2004, at The Historic Del Monte Building, 100 South Murphy Street, Third Floor, Sunnyvale, California 94086. Check-in will begin at []. Please allow ample time for the check-in procedures.

Q: How can I attend the Juniper Networks special meeting? (see page 29)

A: You are entitled to attend the special meeting only if you were a Juniper Networks stockholder as of the close of business on [], 2004, the record date for the Juniper Networks special meeting, or you hold a valid proxy for the special meeting. You should be prepared to present valid government-issued photo identification for admittance. In addition, if you are a record holder, your name will be verified against the list of record holders on the record date prior to being admitted to the meeting. If you are not a record holder but hold shares through a broker or nominee (i.e., in street name), you should provide proof of beneficial ownership on the record date, such as your most recent account statement prior to [], 2004, or other similar evidence of ownership. If you do not provide valid government-issued photo identification or comply with the other procedures outlined above upon request, you may not be admitted to the special meeting.

Q: How does the Juniper Networks board of directors recommend that I vote? (see page 41)

A: After careful consideration, Juniper Networks' board of directors unanimously recommends that Juniper Networks stockholders vote FOR the issuance of shares of Juniper Networks common stock in connection with the merger. For a description of the reasons underlying the recommendation of Juniper

Table of Contents

Networks board of directors, see the section entitled *The Merger – Juniper Networks – Reasons for the Merger* beginning on page 39 of this joint proxy statement/ prospectus.

Q: What is the vote of Juniper Networks stockholders required to approve the issuance of shares of Juniper Networks common stock in connection with the merger? (see page 30)

A: So long as a majority of the shares of Juniper Networks common stock entitled to vote on the proposal vote their shares at the Juniper Networks special meeting either in person or by proxy, or, in other words, so long as a quorum is present in person or by proxy, the issuance of shares of Juniper Networks common stock in connection with the merger requires an affirmative vote of a majority of the votes cast at the Juniper Networks special meeting.

Q: As a Juniper Networks stockholder, how can I vote? (see page 31)

A: You may direct your vote without attending the Juniper Networks special meeting. If you are a stockholder of record, you may vote by granting a proxy. If you hold shares of Juniper Networks common stock in street name, you may vote by (i) completing, signing, dating and returning the voting instruction card in the pre-addressed envelope provided, (ii) using the telephone or (iii) using the Internet. For specific instructions on how to vote by telephone or through the Internet, please refer to the instructions on your proxy or voting instruction card.

If you are a stockholder of record, in addition to the voting methods described above, you may also vote in person at the Juniper Networks special meeting. If you hold shares of Juniper Networks common stock in street name, you may not vote in person at the Juniper Networks special meeting unless you obtain a signed proxy from the record holder giving you the right to vote the shares. For a more detailed explanation of the voting procedures, please see the section entitled *The Special Meeting of Juniper Networks Stockholders – Voting Procedures* beginning on page 31 of this joint proxy statement/prospectus.

Q: May I change my vote after I have mailed my signed proxy or voting instruction card or voted using the telephone or Internet?

A: Yes. If you have completed a proxy, you may change your vote at any time before your proxy is voted at the Juniper Networks special meeting of stockholders. You can do this one of three ways:

First, you can send a written, dated notice to the Secretary of Juniper Networks at Juniper Networks principal executive offices stating that you would like to revoke your proxy;

Second, you can complete, date and submit a new later-dated proxy card; or

Third, you can attend the special meeting and vote in person. Your attendance alone will not revoke your proxy.

If you have instructed a broker or bank to vote your shares of Juniper Networks common stock by executing a voting instruction card or by using the telephone or Internet, you must follow the directions received from your broker or bank to change your instructions.

Q: What happens if I do not indicate how to vote on my proxy card?

A: If you sign and send in your proxy card and do not indicate how you want to vote, your proxy will be counted as a vote FOR the issuance of shares of Juniper Networks common stock in connection with the merger.

Q: As a Juniper Networks stockholder, what happens if I do not vote?

A: Failure to vote or give voting instructions to your broker or nominee for the Juniper Networks special meeting could make it more difficult to meet the requirement that a majority of all shares of Juniper Networks common stock entitled to vote, or a quorum, be present at the special meeting in person or by proxy. Therefore, whether or not you plan on attending the special meeting, you are urged to vote.

Questions and Answers for NetScreen Stockholders

Q: When and where is the NetScreen special meeting? (see page 32)

A: The special meeting of NetScreen stockholders will begin promptly at [], local time, at 805 11th Avenue, Building 3, Sunnyvale, California 94089 on [], 2004.

Q: How can I attend the NetScreen special meeting? (see page 33)

A: You are entitled to attend the special meeting only if you were a NetScreen stockholder as of the close of business on [], 2004, the record date for the NetScreen special meeting, or you hold a valid proxy for the special meeting. You should be prepared to present valid government-issued photo identification for admittance. In addition, if you are a record holder, your name will be verified against the list of record holders on the record date prior to being admitted to the meeting. If you are not a record holder but hold shares through a broker or nominee (i.e., in street name), you should provide proof of beneficial ownership on the record date, such as your most recent account statement prior to [], 2004, or other similar evidence of ownership. If you do not provide valid government-issued photo identification or comply with the other procedures outlined above upon request, you may not be admitted to the special meeting.

Q: As a NetScreen stockholder, what will I receive upon completion of the merger? (see page 63)

A: If the merger is completed, you will be entitled to receive 1.404 shares of Juniper Networks common stock for each share of NetScreen common stock you own at the effective time of the merger. Instead of a fractional share of Juniper Networks common stock, you will be entitled to receive an amount of cash equal to the value of the fractional share remaining after aggregating all of your NetScreen shares held in a single account, based on the average closing price of Juniper Networks common stock, as reported on the Nasdaq National Market for the five trading days ending on and including the last full trading day prior to the closing date of the merger.

Q: As a NetScreen stockholder, will I be able to trade the Juniper Networks common stock that I receive in connection with the merger? (see page 61)

A: The shares of Juniper Networks common stock issued in connection with the merger will be freely tradeable, unless you are an affiliate of NetScreen, and will be listed on the Nasdaq National Market under the symbol JNPR. Generally, persons who are deemed to be affiliates of NetScreen must comply with Rule 145 under the Securities Act of 1933 if they wish to sell or otherwise transfer any of the shares of Juniper Networks common stock received in connection with the merger.

Q: What will happen to options to acquire NetScreen common stock? (see page 72)

A: All options to purchase shares of NetScreen common stock outstanding at the effective time of the merger will be assumed by Juniper Networks and will become exercisable for shares of Juniper Networks common stock. The number of shares of Juniper Networks common stock issuable upon the exercise of these options will be the number of shares of NetScreen common stock subject to the assumed option multiplied by 1.404, rounded down to the nearest whole number. The exercise price per share of each assumed NetScreen

Table of Contents

option will be equal to the exercise price of the assumed NetScreen option divided by 1.404, rounded up to the nearest whole cent. Other than with respect to the number of shares subject to the option and the exercise price, both of which will be adjusted as described above, the assumed options will continue to have the same terms and conditions as they had prior to their assumption.

Q: How will the merger affect my participation in the NetScreen 2001 Employee Stock Purchase Plan? (see page 72)

A: NetScreen will terminate its 2001 Employee Stock Purchase Plan one business day prior to the effective time of the merger. Any offering periods then in effect will be shortened with the purchase date of such shortened offering period being the business day prior to the effective date of the merger. Each share of NetScreen common stock purchased under the 2001 Employee Stock Purchase Plan on such purchase date will, by virtue of the merger, be automatically converted into the right to receive 1.404 shares of Juniper Networks common stock for each share of NetScreen common stock purchased in the shortened offering period. Following the merger, NetScreen employees who continue their employment with NetScreen as a wholly owned subsidiary of Juniper Networks will become eligible to participate in the Juniper Networks, Inc. 1999 Employee Stock Purchase Plan (pursuant to the terms of the plan). Juniper Networks has agreed to use its reasonable efforts to provide NetScreen employees who continue their employment with NetScreen as a wholly owned subsidiary of Juniper Networks the opportunity to enroll in a special offering period under its 1999 Employee Stock Purchase Plan as soon as is administratively practicable following the effective time of the merger, unless the next regularly scheduled offering period under its 1999 Employee Stock Purchase Plan commences within six weeks following the effective time of the merger.

Q: How does the NetScreen board of directors recommend that I vote? (see page 50)

A: After careful consideration, the NetScreen board of directors determined that the merger with Juniper Networks is advisable, fair to and in the best interests of NetScreen and its stockholders and unanimously approved the merger agreement and the merger. Accordingly, the NetScreen board of directors unanimously recommends that NetScreen stockholders vote FOR the proposal to adopt the merger agreement. For a description of the reasons underlying the recommendation of the NetScreen board of directors with respect to the merger, please refer to the section of this joint proxy statement/prospectus entitled *The Merger NetScreen's Reasons for the Merger* beginning on page 48 of this joint proxy statement/prospectus. The NetScreen board of directors also unanimously recommends that NetScreen stockholders vote FOR the proposal to grant discretionary authority to adjourn or postpone the NetScreen special meeting.

Q: What is the vote of NetScreen stockholders required to adopt the merger agreement? (see page 34)

A: Adoption of the merger agreement requires the affirmative vote of the holders of a majority of the shares of NetScreen common stock outstanding on [], 2004, the record date for the NetScreen special meeting.

Q: What vote of NetScreen stockholders is required to approve the proposal to grant discretionary authority to adjourn or postpone the NetScreen special meeting? (see page 96)

A: So long as a majority of all shares of NetScreen common stock entitled to vote on the proposal vote their shares at the NetScreen special meeting either in person or by proxy, the affirmative vote of a majority of the votes cast and entitled to vote at the NetScreen special meeting is required to approve this proposal.

Q: As a NetScreen stockholder, how can I vote? (see page 35)

A: You may direct your vote without attending the NetScreen special meeting. If you are a stockholder of record, you may vote by granting a proxy. If you hold shares of NetScreen in street name, you may vote by (i) completing, signing, dating and returning the proxy card in the pre-addressed envelope provided, (ii) using the telephone or (iii) using the Internet. For specific instructions on how to vote by telephone or through the Internet, please refer to the instructions on your proxy or voting instruction card.

Table of Contents

If you hold your shares of NetScreen common stock in a stock brokerage account or if your shares are held in street name, you must provide the record holder of your shares with instructions on how to vote your shares. Please check the voting instruction card used by your broker or nominee to see if you may vote using the telephone or the Internet. If you are a stockholder of record, you may also vote at the NetScreen special meeting. If you hold shares in street name, you may not vote in person at the NetScreen special meeting unless you obtain a signed proxy from the record holder giving you the right to vote the shares.

Q: May I change my vote after I have mailed my signed proxy or voting instruction card or voted using the telephone or Internet? (see page 35)

A: Yes. If you have completed a proxy, you may change your vote at any time before your proxy is voted at the NetScreen special meeting of stockholders. You can do this one of three ways:

First, you can send a written, dated notice to the Corporate Secretary of NetScreen stating that you would like to revoke your proxy;

Second, you can complete, date and submit a new later-dated proxy card; or

Third, you can attend the special meeting and vote in person. Your attendance alone will not revoke your proxy.

If you have instructed a broker or bank to vote your shares of NetScreen common stock by executing a voting instruction card or by using the telephone or Internet, you must follow the directions received from your broker or bank to change your instructions.

Q: What happens if I do not indicate how to vote on my proxy card? (see page 35)

A: If you sign and send in your proxy card and do not indicate how you want to vote, your proxy will be counted as a vote FOR adoption of the merger agreement and FOR the grant of authority to adjourn or postpone the NetScreen special meeting.

Q: As a NetScreen stockholder, what happens if I do not vote?

A: Failure to vote or give voting instructions to your broker or nominee for the NetScreen special meeting will have the same effect as voting AGAINST the proposal to adopt the merger agreement. Therefore, you are urged to vote. Assuming that a quorum is present at the NetScreen special meeting, failure to vote or give voting instructions to your broker or nominee will have no effect on the adjournment proposal.

Q: As a NetScreen stockholder, should I send in my stock certificates at this time? (see page 64)

A: No, do not send in your stock certificates at this time. Promptly following completion of the merger, the exchange agent for the merger will send you written instructions for exchanging your NetScreen stock certificates for certificates representing Juniper Networks common stock.

Q: As a NetScreen stockholder, who can help answer my questions?

A: If you have any questions about the merger or how to vote or revoke your proxy, you should contact:

The Merger and the Merger Agreement

General. Juniper Networks and NetScreen have agreed to combine their businesses under the terms of a merger agreement between the companies that is described in this joint proxy statement/prospectus. A copy of the merger agreement is attached to this joint proxy statement/prospectus as Annex A. Under the terms of the merger agreement, a wholly owned subsidiary of Juniper Networks will merge with and into NetScreen and NetScreen will survive the merger as a wholly owned subsidiary of Juniper Networks.

Merger Consideration. Upon completion of the merger, holders of NetScreen common stock will be entitled to receive 1.404 shares of Juniper Networks common stock for each share of NetScreen common stock they then hold.

Assumption and Conversion of NetScreen Stock Options. If the merger is consummated, Juniper Networks will assume each option to purchase NetScreen common stock that is outstanding immediately before the merger becomes effective, and each such NetScreen option will, by virtue of the merger, be converted into an option to acquire shares of Juniper Networks common stock. The number of shares of Juniper Networks common stock subject to the assumed NetScreen options and the exercise price of the assumed NetScreen options, will each be adjusted to reflect the merger exchange ratio. All other terms of the assumed options will otherwise remain unchanged.

Ownership of the Combined Company After the Merger. If the merger is consummated, based on the stock capitalizations of Juniper Networks and NetScreen on the date the merger agreement was signed, the existing Juniper Networks stockholders are expected to own approximately 75.5%, and the NetScreen stockholders approximately 24.5%, of the outstanding shares of Juniper Networks common stock, computed on a fully-diluted basis, taking into account all outstanding Juniper Networks and NetScreen shares, options and warrants.

Recommendation of the Juniper Networks Board of Directors (see page 41)

After careful consideration, the Juniper Networks board of directors determined that the merger is advisable, is fair to and in the best interests of Juniper Networks and its stockholders, and unanimously approved the merger agreement and the share issuance. **The Juniper Networks board of directors unanimously recommends that the Juniper Networks stockholders vote FOR the proposal to approve the issuance of shares of Juniper Networks common stock in connection with the merger.**

Recommendation of the NetScreen Board of Directors (see page 50)

After careful consideration, the NetScreen board of directors determined that the merger agreement and the merger are advisable, fair to and in the best interests of NetScreen stockholders and unanimously approved the merger agreement and the merger. **The NetScreen board of directors unanimously recommends that the NetScreen stockholders vote FOR the proposal to adopt the merger agreement, and FOR the proposal to grant discretionary authority to adjourn or postpone the NetScreen special meeting to a date not later than November 9, 2004.**

Risk Factors (see page 17)

The *Risk Factors* beginning on page 17 of this joint proxy statement/prospectus should be considered carefully by Juniper Networks stockholders in evaluating whether to approve the issuance of shares of Juniper Networks common stock in connection with the merger and by NetScreen stockholders in evaluating whether to adopt the merger agreement. These risk factors should be considered along with the additional risk factors contained in the periodic reports of Juniper Networks and NetScreen filed with the Securities and Exchange Commission and the other information included in this joint proxy statement/prospectus.

Opinion of Juniper Networks Financial Advisor (see page 42 and Annex D)

Goldman, Sachs & Co. delivered its opinion to Juniper Networks board of directors that, as of February 8, 2004 and based upon and subject to the factors and assumptions set forth therein, the exchange ratio pursuant to the merger agreement is fair from a financial point of view to Juniper Networks.

The full text of the written opinion of Goldman Sachs, dated February 8, 2004, which sets forth assumptions made, procedures followed, matters considered and limitations on the review undertaken in connection with the opinion, is attached as Annex D. opinion is not a recommendation as to how any holder of Juniper Networks common stock should vote with respect to the transaction.

Opinion of NetScreen Financial Advisor (see page 50 and Annex E)

J.P. Morgan Securities Inc., or JPMorgan, delivered its written opinion, dated February 8, 2004, to NetScreen's board of directors that, as of such date and based upon and subject to the considerations, assumptions and limitations set forth in such opinion and based upon such other matters as JPMorgan considered relevant, the consideration to be received by the holders of NetScreen common stock, taken in the aggregate, pursuant to the merger agreement was fair from a financial point of view to such holders.

The full text of the written opinion of JPMorgan, which sets forth assumptions made, procedures followed, matters considered and limitations on the review undertaken in connection with the opinion, is attached as Annex E. Holders of NetScreen common stock should read the opinion in its entirety. In addition, stockholders of NetScreen should carefully consider the discussion of JPMorgan's analysis in the section entitled *The Merger - Opinion of NetScreen Financial Advisor* beginning on page 50 of this joint proxy statement/prospectus. JPMorgan provided its opinion for the information and assistance of NetScreen's board of directors in connection with its consideration of the transaction contemplated by the merger agreement. The JPMorgan opinion is not a recommendation as to how any holder of NetScreen common stock should vote with respect to such transaction.

All NetScreen Executive Officers and Directors Have Interests in the Merger (see page 55)

When NetScreen stockholders consider the recommendation of the NetScreen board of directors that they vote in favor of adoption of the merger agreement, NetScreen stockholders should be aware that all of the NetScreen directors and executive officers have interests in the merger that may be different from, or in addition to, their interests as stockholders of NetScreen. These interests include:

accelerated vesting of stock options and restricted stock upon the occurrence of certain events;

insurance coverage and indemnification agreements; and

appointment of one NetScreen designee to the Juniper Networks board of directors.

For a description of these interests, please see the section entitled *The Merger - Interests of Certain Persons in the Merger - Interests of NetScreen Executive Officers and Directors in the Merger* beginning on page 55 of this joint proxy statement/prospectus.

Some Executive Officers and Directors of Juniper Networks Have Interests in the Merger (see page 58).

The compensation committee of the Juniper Networks board of directors has approved an incentive bonus plan for executive officers that pays a percentage of the executive officer's base salary measured against the performance of Juniper Networks relative to certain goals. Included in those goals is Juniper Networks' entry into new businesses by means of acquisitions, which, in the context of the incentive bonus plan, is referred to as the new business acquisition component. As a result, these executive officers and directors have interests in the merger that may have made them more likely to vote for the share issuance than Juniper stockholders generally. For a description of these interests, please see the section entitled *The Merger - Interests of Certain Persons in the Merger - Interests of Juniper Networks Executive Officers and Directors in the Merger* beginning on page 58 of this joint proxy statement/prospectus.

The merger agreement does not, however, prohibit NetScreen or its board of directors from considering an unsolicited bona fide written acquisition proposal from a third party if the NetScreen board of directors in good faith, after consultation with its outside financial and legal advisors, concludes that the acquisition proposal is, or would reasonably be expected to result in a superior proposal, as defined in the merger agreement, if specified conditions are met, as more fully described under the section entitled *The Merger Agreement - NetScreen is Prohibited from Soliciting Other Offers* beginning on page 68 of this joint proxy statement/prospectus.

Juniper Networks is Prohibited from Soliciting Takeover Offers (see page 70)

Juniper Networks and NetScreen May Terminate the Merger Agreement Under Specified Circumstances (see page 76)

Juniper Networks and NetScreen may terminate the merger agreement by mutual consent with the approval of their respective boards of directors. In addition, either Juniper Networks or NetScreen may terminate the merger agreement if:

the merger is not completed by August 9, 2004, or, under certain specific conditions, more fully described under the section entitled *The Merger Agreement Termination of the Merger Agreement* beginning on page 76 of this joint proxy statement/prospectus, on November 9, 2004, except that neither company may terminate the merger agreement if the terminating company's action or failure to act has been the principal cause of or resulted in the failure of the merger to close by August 9, 2004 or November 9, 2004, as the case may be, and the action or failure to act constitutes a material breach of the merger agreement;

a governmental authority of competent jurisdiction issues a final, nonappealable order, decree or ruling or takes any other action having the effect of permanently restraining, enjoining or prohibiting the merger; or

the Juniper Networks stockholders do not approve the issuance of shares of Juniper Networks common stock in connection with the merger, or the NetScreen stockholders do not approve adoption of the merger agreement, except that this termination right may not be used by Juniper Networks or NetScreen if that company's action or failure to act caused the failure to obtain the requisite stockholder vote or votes and the action or failure to act constitutes a material breach of the merger agreement.

Juniper Networks and NetScreen may terminate the merger agreement under other specific conditions described in the section entitled *The Merger Agreement Termination of the Merger Agreement* beginning on page 76 of this joint proxy statement/prospectus.

Payment of a Termination Fee under Specified Circumstances (see page 77)

NetScreen has agreed to pay Juniper Networks a cash termination fee of \$150 million if: (i) Juniper Networks terminates the merger agreement due to certain triggering events; or (ii) the merger agreement is terminated (A) because the merger is not completed by August 1, 2004 (or November 9, 2004 under certain circumstances) or (B) as a result of failure to obtain NetScreen stockholder approval and, in the case of subclause (A) or (B), a proposal to acquire NetScreen by a third party is announced prior to the termination of the merger agreement and, within 12 months after such termination, NetScreen enters into a letter of intent or agreement regarding or completes an acquisition with a third party.

The Merger is Intended to Qualify as a Reorganization for United States Federal Income Tax Purposes (see page 58)

The merger has been structured to qualify as a reorganization for United States federal income tax purposes under the Internal Revenue Code, and Juniper Networks and NetScreen expect to receive, prior to closing the merger, opinions of their respective counsel regarding such qualification. As a result of the merger's qualification as a reorganization, NetScreen stockholders generally will not recognize gain or loss for United States federal income tax purposes as a result of receiving Juniper Networks common stock in exchange for their NetScreen common stock pursuant to the merger, except with respect to cash received instead of fractional shares of Juniper Networks common stock. You should carefully read the discussion summarizing the material United States federal income tax consequences of the merger to NetScreen stockholders in the section entitled *The Merger United States Federal Income Tax Consequences of the Merger* beginning on page 58 of this joint proxy statement/prospectus. Further, you are encouraged to consult your tax advisor because tax matters can be complicated, and the tax consequences of the merger to you will depend upon your own situation.

RISK FACTORS

Juniper Networks and NetScreen will operate as a combined company in a market environment that is difficult to predict and that involves significant risks, many of which will be beyond the combined company's control. In addition to the other information contained in, or incorporated by reference into, this joint proxy statement/prospectus, you should carefully consider the risks described below before deciding how to vote your shares. Additional risks and uncertainties not presently known to Juniper Networks and NetScreen or that are not currently believed to be important to you, if they materialize, also may adversely affect the merger and Juniper Networks and NetScreen as a combined company.

In addition, Juniper Networks and NetScreen's respective businesses are subject to numerous risks and uncertainties, including the risks and uncertainties described, in the case of Juniper Networks, in its Annual Report on Form 10-K for the fiscal year ended December 31, 2003, and, in the case of NetScreen, in its Quarterly Report on Form 10-Q for the quarter ended December 31, 2003, each of which is incorporated by reference into this joint proxy statement/prospectus. These risks and uncertainties will continue to apply to Juniper Networks and NetScreen as independent companies if the merger is not consummated.

Risks Related to the Merger

Although Juniper Networks and NetScreen expect that the merger will result in benefits to the combined company, the combined company may not realize those benefits because of integration and other challenges.

The failure of the combined company to meet the challenges involved in integrating the operations of Juniper Networks and NetScreen successfully or otherwise to realize any of the anticipated benefits of the merger could seriously harm the results of operations of the combined company. Realizing the benefits of the merger will depend in part on the successful integration of technology, operations and personnel. The integration of the companies is a complex, time-consuming and expensive process that, without proper planning and implementation, could significantly disrupt the business of the combined company. The challenges involved in this integration include the following:

combining diverse product and service offerings;

coordinating research and development activities to enhance introduction of new products and services;

preserving customer, distribution, reseller, manufacturing, supplier and other important relationships of both Juniper Networks and NetScreen and resolving potential conflicts that may arise;

minimizing the diversion of management attention from ongoing business concerns;

addressing differences in the business cultures of Juniper Networks and NetScreen, maintaining employee morale and retaining key employees; and

coordinating and combining overseas operations, relationships and facilities, which may be subject to additional constraints imposed by geographic distance, local laws and regulations.

The combined company may not successfully integrate the operations of Juniper Networks and NetScreen in a timely manner, or at all, and the combined company may not realize the anticipated benefits of the merger to the extent, or in the timeframe, anticipated. The anticipated benefits of the merger are based on projections and assumptions, including successful integration, not actual experience. In addition to the integration risks discussed above, the combined company's ability to realize these benefits could be adversely affected by practical or legal constraints on its ability to combine operations.

Table of Contents

The exchange ratio which determines the number of shares of Juniper Networks common stock that NetScreen stockholders will receive for each share of NetScreen common stock in the merger is fixed at 1.404 and such shares of Juniper Networks common stock may not maintain their current value or the value they had when the merger agreement was signed.

At the closing of the merger, each share of NetScreen common stock will be exchanged for 1.404 shares of Juniper Networks common stock. There will be no adjustment in the number of shares of Juniper Networks common stock issued to NetScreen stockholders (or reserved for issuance pursuant to assumed NetScreen stock options) because of changes in the market price of either Juniper Networks common stock or NetScreen common stock. Accordingly, the then current dollar value of Juniper Networks common stock that NetScreen stockholders will receive upon the merger's completion will depend entirely upon the market value of Juniper Networks common stock at the time the merger is completed. This value may substantially decrease from the date you submit your proxy. Moreover, completion of the merger may occur some time after NetScreen stockholder approval has been obtained, so that the then current dollar value of Juniper Networks common stock that NetScreen stockholders will receive upon the merger's completion may substantially decrease from the date of the special meeting of NetScreen stockholders. In addition, NetScreen cannot terminate the merger agreement or refuse to complete the merger solely because of changes in the market price of Juniper Networks common stock or NetScreen common stock. The share prices of Juniper Networks common stock and NetScreen common stock are subject to the general price fluctuations in the market for publicly-traded equity securities, and the prices of both companies' common stock have experienced volatility in the past. Juniper Networks and NetScreen urge you to obtain recent market quotations for Juniper Networks common stock and NetScreen common stock. Neither Juniper Networks nor NetScreen can predict or give any assurances as to the respective market prices of its common stock at any time before or after the completion of the merger.

Juniper Networks and NetScreen each expect to incur significant costs associated with the merger.

Juniper Networks estimates that it will incur direct transaction costs of approximately \$16 million associated with the merger, which will be included as part of the total purchase price for financial accounting purposes. In addition, NetScreen estimates that it will incur direct transaction costs of approximately \$10 million, which will be recognized as expenses as incurred. Juniper Networks and NetScreen believe the combined entity may incur charges to operations, which cannot be reasonably estimated at this time, in the quarter in which the merger is completed or the following quarters, to reflect costs associated with integrating the two companies. There can be no assurance that the combined company will not incur additional material charges in subsequent quarters to reflect additional costs associated with the merger and the integration of the two companies.

The stock prices and businesses of Juniper Networks and NetScreen may be adversely affected if the merger is not completed.

Completion of the merger is subject to several closing conditions, including obtaining requisite regulatory and stockholder approvals, and Juniper Networks and NetScreen may be unable to obtain such approvals on a timely basis or at all. We believe that NetScreen common stock currently trades based upon the market price of Juniper Networks common stock, discounted due to the uncertainties regarding the ability of the companies to complete the merger. Accordingly, if the merger is not completed, the price of NetScreen common stock may decline. In addition, either company's operations may be harmed to the extent that customers, distributors, resellers and others believe that such company cannot effectively compete in the marketplace without the merger, or there is uncertainty surrounding the future direction of the product and service offerings and strategy of Juniper Networks or NetScreen on a standalone basis. If the merger is not completed, Juniper Networks and NetScreen would not derive the strategic benefits expected to result from the merger, which could adversely affect their respective businesses. Juniper Networks and NetScreen will also be required to pay significant costs incurred in connection with the merger, including legal, accounting and a portion of the financial advisory fees, whether or not the merger is completed. In addition, under specified circumstances described in the section entitled *The Merger Agreement - Payment of Termination Fee*

Table of Contents

beginning on page 77 of this proxy statement/prospectus, NetScreen may be required to pay Juniper Networks a termination fee of \$150 million in connection with the termination of the merger agreement.

Uncertainty regarding the merger may cause customers, distributors, resellers and others to delay or defer decisions concerning Juniper Networks and NetScreen which may harm either company's results of operations.

Because the merger is subject to several closing conditions, there may be uncertainty regarding the completion of the merger. This uncertainty may cause customers, distributors, resellers and others to delay or defer decisions concerning Juniper Networks or NetScreen, which could negatively affect their businesses and results of operations. Prospective customers could also be reluctant to purchase the combined company's products due to uncertainty about the direction of the combined company's products and willingness to support and service existing products. In addition, customers, distributors, resellers and others may also seek to change existing agreements with Juniper Networks or NetScreen as a result of the merger. These and other actions by customers, distributors, resellers and others could negatively affect Juniper Networks and NetScreen's businesses and results of operations.

Charges to earnings and the write-down of deferred revenue resulting from the application of the purchase method of accounting may adversely affect the market value of Juniper Networks common stock following the merger.

In accordance with United States generally accepted accounting principles, the combined company will account for the merger using the purchase method of accounting, which will require a write-down of NetScreen's deferred revenue and other purchase accounting adjustments, some of which will result in charges to earnings that could have a material adverse effect on the market value of the common stock of the combined company following completion of the merger. Under the purchase method of accounting, the combined company will allocate the total estimated purchase price to NetScreen's net tangible assets and amortizable intangible assets based on their fair values as of the date of completion of the merger, and record the excess of the purchase price over those fair values as goodwill. The combined company will incur amortization expense over the useful lives of amortizable intangible assets acquired in connection with the merger. In addition, to the extent the value of goodwill becomes impaired, the combined company may be required to incur material charges relating to the impairment of that asset. These amortization and potential impairment charges and the write-down of deferred revenue could have a material impact on the combined company's results of operations.

Juniper Networks and NetScreen must continue to retain and motivate executives and key employees and recruit new employees, which may be difficult in light of uncertainty regarding the merger, and failure to do so could seriously harm the combined company.

In order to be successful, during the period before the merger is completed, each of Juniper Networks and NetScreen must continue to retain and motivate executives and other key employees and recruit new employees. Experienced personnel in the networking and network security industries are in high demand and competition for their talents is intense. Employees of Juniper Networks or NetScreen may experience uncertainty about their future role with the combined company until or after strategies with regard to the combined company are announced or executed. These potential distractions of the merger may adversely affect each company's ability to attract, motivate and retain executives and key employees and keep them focused on the strategies and goals of the combined company. Any failure by Juniper Networks or NetScreen to retain and motivate executives and key employees during the period prior to the completion of this merger could seriously harm their respective businesses, as well as the business of the combined company.

The market price of the shares of Juniper Networks common stock may be affected by factors different from those affecting the shares of NetScreen common stock.

Upon completion of the merger, holders of NetScreen common stock will become holders of Juniper Networks common stock. An investment in Juniper Networks common stock has different risks than an investment in NetScreen common stock. Former holders of NetScreen common stock will be subject to

Table of Contents

additional risks upon exchange of their shares of NetScreen common stock for Juniper Networks common stock in the merger, some of which are described below in the section entitled *Risks Related to the Combined Company's Business*. For a discussion of the businesses of Juniper Networks and NetScreen, see the documents incorporated by reference into this document and referred to in the section entitled *Where You Can Find More Information* beginning on page 97 of this joint proxy statement/prospectus.

NetScreen's obligation to pay a termination fee under certain circumstances and the restrictions on its ability to solicit other acquisition proposals may discourage other companies from trying to acquire NetScreen.

Until the merger is completed or the merger agreement is terminated, with limited exceptions, the merger agreement prohibits NetScreen from entering into or soliciting any acquisition proposal or offer for a merger or other business combination with a party other than Juniper Networks. NetScreen has agreed to pay Juniper Networks a termination fee of \$150 million under specified circumstances. These provisions could discourage other companies from trying to acquire NetScreen even though they might be willing to offer greater value to NetScreen stockholders than Juniper Networks has offered in the merger.

Risks Related to the Combined Company's Business

The combined company will face intense competition that could reduce its market share and adversely affect its ability to generate revenues.

Competition is intense in the markets that will be addressed by the combined company. Juniper Networks' market has historically been dominated by Cisco Systems, Inc., with other companies such as Nortel Networks Corporation and Alcatel S.A. providing products to a smaller segment of the market. In addition, a number of other small public or private companies have announced plans for new products to address the same challenges that its products address.

Current and potential competitors in NetScreen's market include the following, all of which sell worldwide or have a presence in most of the major geographical markets for NetScreen's products:

firewall and virtual private networking, or VPN, software vendors, such as Check Point Software Technologies Ltd. and Symantec Corporation;

network equipment manufacturers, such as Cisco Systems, Inc., Lucent Technologies Inc., Nokia Corporation and Nortel Networks Corporation;

security appliance suppliers, such as SonicWALL, Inc., WatchGuard Technologies, Inc. and Symantec Corporation;

secure sockets layer VPN vendors, such as Cisco Systems, Inc., F5 Networks, Inc. and Symantec Corporation;

intrusion detection system vendors, such as Internet Security Systems, Inc., Cisco Systems, Inc., Network Associates, Inc. and Enterasys Networks, Inc.;

low-cost network hardware suppliers with products that include network security functionality; and

emerging security companies that may position their systems as replacements for the combined company's products.

If the combined company is unable to compete successfully against existing and future competitors on the basis of product offerings or price, the combined company could experience a loss in market share and/or be required to reduce prices, which could result in reduced gross margins, and which could materially and adversely affect its business, operating results and financial condition.

Table of Contents

The fluctuating economic conditions, combined with the financial condition of some of the combined company's customers, will make it difficult to predict revenues for a particular period and a shortfall in revenues may harm its operating results.

The recent economic downturn, combined with each of Juniper Networks and NetScreen's own relatively limited operating history in the context of such a downturn and their lack of operating history as a combined company, may make it difficult for the combined company to accurately forecast revenue.

Each of Juniper Networks and NetScreen has experienced and expects, in the foreseeable future, the combined company to continue to experience limited visibility into its customers' spending plans and capital budgets. This limited visibility complicates the revenue forecasting process. Additionally, many customers funded their network infrastructure purchases through a variety of debt and similar instruments and many of these same customers are carrying a significant debt burden and are experiencing reduced cash flow with which to carry the cost of the debt and the corresponding interest charges, which reduces their ability to both justify and make future purchases. The telecommunications industry has experienced consolidation and rationalization of its participants and this trend may continue. There have been adverse changes in the public and private equity and debt markets for telecommunications industry participants, which have affected their ability to obtain financing or to fund capital expenditures. In some cases the significant debt burden carried by these customers has reduced their ability to pay for the purchases made to date. This has contributed, and will likely continue to contribute, to the uncertainty of the amounts and timing of capital expenditures, further limiting visibility and complicating the forecasting process. Certain of these customers have filed for bankruptcy as a result of their debt burdens. Although these customers generally expect that they will emerge from the bankruptcy proceedings in the future, a bankruptcy proceeding can be a slow and cumbersome process further limiting the visibility and complicating the revenue forecasting process as to these customers. Even if they should emerge from such proceedings, the extent and timing of any future purchases of equipment is uncertain. This uncertainty will further complicate the revenue forecasting process.

In addition, the combined company's operating expenses will be largely based on anticipated revenue trends and a high percentage of its expenses are, and will continue to be, fixed in the short-term. If the combined company does not achieve its expected revenues, its operating results will be below its expectations and those of investors and market analysts, which could cause the price of its common stock to decline.

The combined company will rely on distribution partners to sell its products, and disruptions to these channels could adversely affect its ability to generate revenues from the sale of its products.

The combined company's future success will be highly dependent upon establishing and maintaining successful relationships with a variety of distribution partners. Juniper Networks has entered into agreements with several value added resellers, some of which also sell products that compete with its products. Additionally, NetScreen derived 89.4% of its total revenues from value-added resellers and distributors in the three months ended December 31, 2003. In the fiscal year ended September 30, 2003, NetScreen derived 92.1% of its total revenues from value-added resellers and distributors. The combined company expects its revenues to depend, in part, on the performance of these third-party distributors and resellers. The loss of or reduction in sales to these value-added resellers or distributors could materially reduce the revenues of the combined company. If the combined company fails to maintain relationships with these distribution partners, and/or fails to develop new relationships with reseller and distributors in new markets, or if these partners are not successful in their sales efforts, sales of the combined company's products may decrease and its operating results would suffer.

A limited number of the combined company's customers will comprise a significant portion of its revenues and any decrease in revenue from these customers could have an adverse effect on the combined company.

Even though its customer base has increased substantially and is expected to increase further as a result of the merger, a large portion of the combined company's net revenues will likely continue to depend on sales to a limited number of customers. During 2003, LM Ericsson Telefon AB and Siemens A.G. each accounted for greater than 10% of Juniper Networks' net revenues. Ericsson was the only customer that accounted for

Table of Contents

greater than 10% of Juniper Networks' net revenues during 2002. Any downturn in the business of these customers or potential new customers could significantly decrease sales to such customers that could adversely affect the combined company's net revenues and results of operations.

Future acquisitions or investments that the combined company may make could disrupt its business and harm its financial condition and may dilute the ownership of the combined company's stockholders.

Each of Juniper Networks and NetScreen has made, and the combined company may continue to make, acquisitions in order to enhance its business. Acquisitions involve numerous risks, including problems combining the purchased operations, technologies or products, unanticipated costs, diversion of management's attention from its core businesses, adverse effects on existing business relationships with suppliers and customers, risks associated with entering markets in which the combined company has no or limited prior experience and potential loss of key employees. There can be no assurance that the combined company will be able to successfully integrate any businesses, products, technologies or personnel that it might acquire. The integration of businesses that each of Juniper Networks and NetScreen has acquired has been, and will continue to be, a complex, time consuming and expensive process. For example, although Juniper Networks completed the acquisition of Unisphere Networks on July 1, 2002, integration of the products, product roadmap and operations is a continuing activity and will be for the foreseeable future. Additionally, if the combined company fails to efficiently operate as a combined organization utilizing common information and communication systems, operating procedures, financial controls and human resources practices, its business and financial condition may be adversely affected.

Juniper Networks has also made investments in order to enhance its business and the combined company may also make investments in complementary companies, products or technologies. In the event of any such investments or acquisitions, the combined company could issue stock that would dilute its then current stockholders' percentage ownership, incur debt, assume liabilities, incur amortization expenses related to purchases of intangible assets, or incur large and immediate write-offs.

Juniper Networks' and NetScreen's products are highly technical and if they contain undetected software or hardware errors, the business of the combined company could be adversely affected.

Each of Juniper Networks' and NetScreen's products are, and the combined company's products will be, highly technical and complex and may contain undetected errors or defects. Some errors may only be discovered after a product has been installed and used by end customers. Any errors discovered in the products offered by the combined company after commercial release could result in loss of revenue or delay in revenue recognition, loss of customers and increased service and warranty cost, any of which could adversely affect the combined company's business and its results of operations.

If the combined company's products do not interoperate with its customers' networks, installations will be delayed or cancelled and could harm its business.

Each of Juniper Networks' and NetScreen's products are designed to interface with its customers' existing networks, each of which have different specifications and utilize multiple protocol standards and products from other vendors. Many of their customers' networks contain multiple generations of products that have been added over time as these networks have grown and evolved. The combined company's products will be required to interoperate with many or all of the products within these networks as well as future products in order to meet its customers' requirements. If the combined company finds errors in the existing software or defects in the hardware used in its customers' networks, the combined company may have to modify its software or hardware to fix or overcome these errors so that its products will interoperate and scale with the existing software and hardware. If the combined company's products do not interoperate with those of its customers' networks, installations could be delayed, orders for its products could be cancelled or its products could be returned. This would also damage the combined company's reputation, which could seriously harm its business and prospects.

Table of Contents

Traditional telecommunications companies generally require more onerous terms and conditions of their vendors. As the combined company seeks to sell more products to such customers, it may be required to agree to terms and conditions that may have an adverse effect on its business.

Traditional telecommunications companies, because of their size, generally have had greater purchasing power and, accordingly, have requested and received more favorable terms, which often translate into more onerous terms and conditions for their vendors. As the combined company seeks to sell more products to this class of customer, it may be required to agree to such terms and conditions, which may include terms that affect its ability to recognize revenue and have an adverse effect on its business and financial condition.

In addition, many of this class of customer have purchased products from other vendors who promised certain functionality and failed to deliver such functionality and/or had products that caused problems and outages in the networks of these customers. As a result, this class of customer may request additional features from the combined company and require substantial penalties for failure to deliver such features or may require substantial penalties for any network outages that may be caused by its products. These additional requests and penalties, if the combined company is required to agree to them, may affect its ability to recognize the revenue from such sales, which may negatively affect its business and its financial condition.

If the combined company does not successfully anticipate market needs and develop products and product enhancements that meet those needs, or if those products do not gain market acceptance, the combined company may not be able to compete effectively and its ability to generate revenues will suffer.

The combined company cannot ensure that it will be able to anticipate future market needs or be able to develop new products or product enhancements to meet such needs or to meet them in a timely manner. If the combined company fails to anticipate the market requirements or to develop new products or product enhancements to meet those needs, such failure could substantially decrease market acceptance and sales of its present and future products, which would significantly harm its business and financial results. Even if the combined company is able to anticipate and develop and commercially introduce new products and enhancements, there can be no assurance that new products or enhancements will achieve widespread market acceptance. Any failure of the combined company's products to achieve market acceptance could adversely affect its business and financial results.

The combined company's ability to develop, market and sell products could be harmed if it is unable to retain or hire key personnel.

The combined company's future success will depend upon the continued services of its executive officers and other key engineering, sales, marketing and support personnel. None of Juniper Networks' or NetScreen's officers or key employees is bound by an employment agreement for any specific term. Additionally, officers of NetScreen may receive accelerated vesting of options or restricted stock upon the occurrence of certain events in connection with the merger, which may make the officers more difficult to retain. For a description of accelerated vesting of options or restricted stock of NetScreen officers, please see the section entitled *The Merger - Interests of Certain Persons in the Merger - Interests of NetScreen Executive Officers and Directors in the Merger*, beginning on page 55 of this joint proxy statement/prospectus.

Even though the depth of Juniper Networks' employee base has increased, and the employee base of the combined company will further increase as a result of the merger, the loss of the services of any of its key employees, the inability to attract or retain key personnel in the future or delays in hiring required personnel, particularly engineers, could delay the development and introduction of, and negatively impact the combined company's ability to develop, market, sell, or support, its products.

If the combined company fails to accurately predict its manufacturing requirements, it could incur additional costs or experience manufacturing delays which would harm its business.

Juniper Networks and NetScreen do not have long-term contracts with their contract manufacturers. Accordingly, such contract manufacturers are not obligated to supply products for any specific period, in any specific quantity or at any specific price, except as may be provided in a particular purchase order. In addition,

Table of Contents

lead times for required materials and components vary significantly and depend on factors such as the specific supplier, contract terms and demand for each component at a given time. The combined company will provide demand forecasts to its contract manufacturers. If the combined company overestimates its requirements, the contract manufacturers may assess charges or the combined company may have liabilities for excess inventory, each of which could negatively affect its gross margins. If the combined company underestimates its requirements, the contract manufacturers may have inadequate inventory, which could interrupt manufacturing of the combined company's products and result in delays in shipments and deferral or loss of revenues.

The combined company will be dependent on sole source and limited source suppliers for several key components, which makes the combined company susceptible to shortages or price fluctuations.

With the current demand for electronic products, component shortages are possible and the predictability of the availability of such components may be limited. Each of Juniper Networks and NetScreen currently purchase several key components, including ASICs, from single or limited sources. For example, IBM is Juniper Networks' sole ASIC supplier and Toshiba America Electronic Components, Inc. is NetScreen's sole ASIC supplier. In the event of a component shortage or supply interruption, the combined company may not be able to develop alternate or second sources in a timely manner, which could hurt its ability to deliver product to customers. If the combined company is unable to buy these components on a timely basis, it will not be able to deliver product to its customers, which would seriously impact present and future sales, which would, in turn, adversely affect its business.

The combined company will be dependent on contract manufacturers with whom it will not have long-term supply contracts, and changes to those relationships, expected or unexpected, may result in delays or disruptions that could cause the combined company to lose revenue and damage its customer relationships.

The combined company will depend on independent contract manufacturers (each of whom is a third party manufacturer for numerous companies) to manufacture its products. Neither Juniper Networks nor NetScreen has long-term supply contracts with such manufacturers and if the combined company should fail to effectively manage its contract manufacturer relationships or if one or more of them should experience delays, disruptions or quality control problems in its manufacturing operations, its ability to ship products to its customers could be delayed which could adversely affect its business and financial results.

Litigation regarding intellectual property rights may be time consuming and require a significant amount of resources to prosecute or defend; therefore the combined company may have to expend a substantial amount of resources to make its products non-infringing and may have to pay a substantial amount of money in damages.

Third parties have asserted and may in the future assert claims or initiate litigation related to exclusive patent, copyright, trademark and other intellectual property rights to technologies and related standards that are relevant to the combined company. For example, in 2003, Toshiba Corporation filed a lawsuit against Juniper Networks, alleging that its products infringe certain Toshiba patents. The asserted claims and/or initiated litigation may include claims against the combined company or its manufacturers, suppliers, or customers, alleging infringement of their proprietary rights with respect to its products. Regardless of the merit of these claims, they can be time-consuming, result in costly litigation and may require the combined company to develop non-infringing technologies or enter into license agreements. Furthermore, because of the potential for high awards of damages that are not necessarily predictable, even arguably unmeritorious claims may be settled for significant amounts of money. If any infringement or other intellectual property claim made against the combined company by any third party is successful, or if the combined company fails to develop non-infringing technology or license the proprietary rights on commercially reasonable terms and conditions, its business, operating results and financial condition could be materially and adversely affected.

Table of Contents

Juniper Networks is a party to lawsuits, which, if determined adversely to Juniper Networks, could require the combined company to pay damages which could harm its business and financial condition.

Juniper Networks and certain of its current and former officers and current and former members of its board of directors are subject to various lawsuits. There can be no assurance that actions that have been brought against Juniper Networks or may be brought against the combined company will be resolved in its favor. Regardless of whether they are in its favor, these lawsuits are, and any future lawsuits to which the combined company may become a party in the future will likely be, expensive and time consuming to defend or resolve. Any losses resulting from these claims could adversely affect the combined company's profitability and cash flow.

The combined company might have to defend lawsuits or pay damages in connection with any alleged or actual failure of its products and services.

Because NetScreen's products and services provide and monitor network security and may protect valuable information, the combined company could face claims for product liability, tort or breach of warranty. Anyone who circumvents NetScreen's security measures could misappropriate the confidential information or other property of end customers using its products, or interrupt their operations. If that happens, affected end customers or others may sue the combined company. In addition, the combined company may face liability for breaches caused by faulty installation of its products by its service and support organizations. Provisions in NetScreen's contracts relating to warranty disclaimers and liability limitations may be unenforceable. Some courts, for example, have found contractual limitations of liability in standard computer and software contracts to be unenforceable in some circumstances. Defending a lawsuit, regardless of its merit, could be costly and could divert management attention. The combined company's business liability insurance coverage may be inadequate or future coverage may be unavailable on acceptable terms or at all.

The long sales and implementation cycles for the combined company's products, as well as its expectation that some customers will sporadically place large orders with short lead times, may cause revenues and operating results to vary significantly from quarter to quarter.

A customer's decision to purchase certain Juniper Networks and NetScreen products involves a significant commitment of its resources and a lengthy evaluation and product qualification process. As a result, the sales cycle may be lengthy. Throughout the sales cycle, the combined company may spend considerable time educating and providing information to prospective customers regarding the use and benefits of its products. Even after making the decision to purchase, customers may deploy the products slowly and deliberately. Timing of deployment can vary widely and depends on the skill set of the customer, the size of the network deployment, the complexity of the customer's network environment and the degree of hardware and software configuration necessary to deploy the products. Customers with large networks usually expand their networks in large increments on a periodic basis. Accordingly, the combined company may receive purchase orders for significant dollar amounts on an irregular basis. These long cycles, as well as Juniper Networks' expectation that customers will tend to sporadically place large orders with short lead times, may cause revenues and operating results to vary significantly and unexpectedly from quarter to quarter.

Each of Juniper Networks' and NetScreen's products incorporate and rely upon licensed third-party technology and if licenses of third-party technology do not continue to be available to the combined company or become very expensive, the combined company's revenues and ability to develop and introduce new products could be adversely affected.

Both Juniper Networks and NetScreen integrate licensed third-party technology in certain of their products. From time to time, the combined company may be required to license additional technology from third parties to develop new products or product enhancements. Third-party licenses may not be available or continue to be available to the combined company on commercially reasonable terms. Its inability to maintain or re-license any third-party licenses required in its products or its inability to obtain third-party licenses necessary to develop new products and product enhancements, could require the combined company to obtain

Table of Contents

substitute technology of lower quality or performance standards or at a greater cost, any of which could harm its business, financial condition and results of operations.

A breach of network security could harm public perception of NetScreen's products, which could cause the combined company to lose revenues.

If an actual or perceived breach of network security occurs in one of NetScreen's end customer's network systems, regardless of whether the breach is attributable to its products, the market perception of the effectiveness of its products could be harmed. This could cause the combined company to lose current and potential end customers or cause the combined company to lose current and potential value-added resellers and distributors. Because the techniques used by computer hackers to access or sabotage networks change frequently and generally are not recognized until launched against a target, the combined company may be unable to anticipate these techniques.

Due to the global nature of its operations, economic or social conditions or changes in a particular country or region could adversely affect the combined company's sales or increase its costs and expenses, which would have a material adverse impact on its financial condition.

The combined company will conduct significant sales and customer support operations directly and indirectly through its distributors and resellers in countries outside of the United States and will also depend on the operations of its contract manufacturers and suppliers that are located outside of the United States. Accordingly, the combined company's future results could be materially adversely affected by a variety of uncontrollable and changing factors including, among others, political or social unrest or economic instability in a specific country or region, trade protection measures and other regulatory requirements which may affect its ability to import or export its products from various countries, service provider and government spending patterns affected by political considerations and difficulties in staffing and managing international operations. Any or all of these factors could have a material adverse impact on the combined company's revenue, costs, expenses and financial condition.

If its restructuring initiatives are not sufficient to meet industry and market conditions and to achieve future profitability, the combined company may undertake restructuring initiatives, which may adversely affect its business, operating results and financial condition.

In response to industry and market conditions, Juniper Networks has restructured its business and reduced its workforce. The assumptions underlying its restructuring efforts will be assessed on an ongoing basis and may prove to be inaccurate and the combined company may have to restructure its business in the future to achieve certain cost savings and to strategically realign its resources.

While restructuring, Juniper Networks has assessed, and the combined company will continue to assess, whether it should further reduce its workforce and facilities, and has reviewed the recoverability of its tangible and intangible assets, including the land purchased by Juniper Networks in January 2001. Any such decisions may result in the recording of additional charges, such as workforce reduction costs, facilities reduction costs, asset write-downs, and contractual settlements. Additionally, estimates and assumptions used in asset valuations are subject to uncertainties, as are accounting estimates with respect to the useful life and ultimate recoverability of its carrying basis of assets, including goodwill and other intangible assets. As a result, future market conditions may result in further charges for the write down of tangible and intangible assets.

The combined company may not be able to successfully implement the initiatives Juniper Networks has undertaken in restructuring its business and, even if successfully implemented, these initiatives may not be sufficient to meet the changes in industry and market conditions and to achieve future profitability. Furthermore, Juniper Networks' workforce reductions may impair the ability of the combined company to realize its current or future business objectives. Lastly, costs actually incurred in connection with restructuring actions may be higher than the estimated costs of such actions and/or may not lead to the anticipated cost savings.

Table of Contents

The combined company will be exposed to fluctuations in currency exchange rates which could negatively affect its financial results and cash flows.

Because a significant portion of both Juniper Networks' and NetScreen's businesses is conducted outside the United States, the combined company will face exposure to adverse movements in non-US currency exchange rates. These exposures may change over time as business practices evolve and could have a material adverse impact on the combined company's financial results and cash flows.

The majority of combined company's revenue and expenses will be transacted in US Dollars. Juniper Networks also has some transactions that are denominated in foreign currencies, primarily the Japanese Yen, Hong Kong Dollar, British Pound and the Euro, related to its sale and service operations outside of the United States. An increase in the value of the US Dollar could increase the real cost to Juniper Networks customers of its products in those markets outside the United States where Juniper Networks sells in US Dollars, and a weakened dollar could increase the cost of local operating expenses and procurement of raw materials to the extent Juniper Networks must purchase components in foreign currencies.

Currently, Juniper Networks hedges only those currency exposures associated with certain assets and liabilities denominated in nonfunctional currencies and periodically will hedge anticipated foreign currency cash flows. The hedging activities undertaken by Juniper Networks are intended to offset the impact of currency fluctuations on certain nonfunctional currency assets and liabilities. The combined company's attempts to hedge against these risks may not be successful resulting in an adverse impact on its net income.

Both Juniper Networks' and NetScreen's quarterly results are inherently unpredictable and subject to substantial fluctuations and, as a result, the combined company may fail to meet the expectations of securities analysts and investors, which could adversely affect the trading price of its common stock.

The combined company's revenues and operating results will vary significantly from quarter to quarter due to a number of factors, many of which are outside of its control and any of which may cause its stock price to fluctuate.

The factors that may impact the unpredictability of its quarterly results include limited visibility into customers' spending plans, changing market conditions, including some customer and potential customer bankruptcies, a change in the mix of its products sold from higher priced core products to lower priced edge products, and long sales and implementation cycles.

As a result, Juniper Networks and NetScreen each believe that quarter-to-quarter comparisons of their respective operating results are not necessarily a good indication of what the combined company's future performance will be. It is likely that in some future quarters, operating results of the combined company may be below the expectations of securities analysts and investors in which case the price of Juniper Networks common stock may decline.

If the combined company fails to adequately evolve its financial and managerial control and reporting systems and processes, its ability to manage and grow its business will be negatively affected.

The combined company's ability to successfully offer its products and implement its business plan in a rapidly evolving market requires an effective planning and management process. The combined company will need to continue to improve its financial and managerial control and its reporting systems and procedures in order to manage its business effectively in the future. If the combined company fails to continue to implement improved systems and processes, its ability to manage its business and results of operations may be negatively affected.

Juniper Networks sells its products to customers that use those products to build networks and IP infrastructure and, if the network and IP systems do not continue to grow, then the business, operating results and financial condition of the combined company will be adversely affected.

A substantial portion of the combined company's business and revenue will depend on growth of IP infrastructure and on the deployment of its product by customers that depend on the continued growth of

Table of Contents

IP services. As a result of changes in the economy and capital spending, which have in the past particularly affected telecommunications service providers, spending on IP infrastructure can vary, which could have a material adverse effect on the combined company's business.

Governmental regulations affecting the import or export of products could negatively affect the combined company's revenues.

The United States and various foreign governments have imposed controls, export license requirements and restrictions on the import or export of some technologies, especially encryption technology. In addition, from time to time, governmental agencies have proposed additional regulation of encryption technology, such as requiring the escrow and governmental recovery of private encryption keys. Governmental regulation of encryption technology and regulation of imports or exports, or the combined company's failure to obtain required export approval of encryption technologies could harm the combined company's international and domestic sales and adversely affect the combined company's revenues.

Regulation of the telecommunications industry could harm the combined company's operating results and future prospects.

The telecommunications industry is highly regulated and the combined company's business and financial condition could be adversely affected by the changes in the regulations relating to the telecommunications industry. Currently, there are few laws or regulations that apply directly to access to or commerce on IP networks. The combined company could be adversely affected by regulation of IP networks and commerce in any country where the combined company operates. Such regulations could include matters such as voice over the Internet or using Internet Protocol, encryption technology, and access charges for service providers. The adoption of regulation could decrease demand for the combined company's products, and at the same time increase the cost of selling its products, which could have a material adverse effect on its business, operating result and financial condition.

THE SPECIAL MEETING OF JUNIPER NETWORKS STOCKHOLDERS

Date, Time and Place of the Special Meeting

Juniper Networks will hold a special meeting of its stockholders on [], 2004, promptly at [], local time, at The Historic Del Monte Building, 100 South Murphy Street, Third Floor, Sunnyvale, California 94086.

Matters for Consideration

At the Juniper Networks special meeting, Juniper Networks stockholders will be asked to consider and vote upon a proposal to approve the issuance of shares of Juniper Networks common stock in connection with the merger as more fully described in this joint proxy statement/prospectus. Juniper Networks currently does not contemplate that any other matters will be presented at the Juniper Networks special meeting.

Recommendation of the Juniper Networks Board of Directors

After careful consideration, the Juniper Networks board of directors determined that the merger is advisable, is fair to and in the best interests of Juniper Networks and its stockholders, and unanimously approved the merger agreement and the share issuance. **The Juniper Networks board of directors unanimously recommends that the Juniper Networks stockholders vote FOR the proposal to approve the issuance of shares of Juniper Networks common stock in connection with the merger.**

Admission to the Special Meeting

Only Juniper Networks stockholders, as of the close of business on [], 2004, and other persons holding valid proxies for the special meeting are entitled to attend the Juniper Networks special meeting. Juniper Networks stockholders and their proxies should be prepared to present valid government-issued photo identification. Juniper Networks stockholders who are not record holders but hold shares through a broker or nominee (i.e., in street name) should provide proof of beneficial ownership on the record date for the Juniper Networks special meeting, such as their most recent account statement prior to [], 2004, or other similar evidence of ownership. Anyone who does not provide valid government-issued photo identification or comply with the other procedures outlined above upon request may not be admitted to the special meeting.

Method of Voting; Record Date; Stock Entitled to Vote; Quorum

Juniper Networks stockholders are being asked to vote both shares held directly in their name as stockholders of record and any shares they hold in street name as beneficial owners. The method of voting differs for shares held as a record holder and shares held in street name. Record holders will receive proxy cards. Holders of shares in street name will receive voting instruction cards in order to instruct their brokers or nominees how to vote.

Proxy cards and voting instruction cards are being solicited on behalf of the Juniper Networks board of directors from Juniper Networks stockholders in favor of the proposal to approve the issuance of shares of Juniper Networks common stock in connection with the merger.

Stockholders may receive more than one set of voting materials, including multiple copies of this joint proxy statement/prospectus and multiple proxy cards or voting instruction cards. For example, stockholders who hold shares in more than one brokerage account may receive a separate voting instruction card for each brokerage account in which shares are held. Stockholders of record whose shares are registered in more than one name will receive more than one proxy card. In addition, NetScreen is also soliciting votes for its special meeting in order to get NetScreen stockholder approval to adopt the merger agreement and stockholders who own shares of both Juniper Networks and NetScreen will also receive a proxy or voting instruction card from NetScreen. Please note that a vote for the issuance of shares in connection with the merger for the Juniper Networks special meeting will not constitute a vote for the proposal to adopt the merger agreement for the NetScreen special meeting, and vice versa. Therefore, the Juniper Networks board of directors urges Juniper

Table of Contents

Networks stockholders to complete, sign, date and return each proxy card and voting instruction card for the Juniper Networks special meeting they receive.

Only stockholders of Juniper Networks at the close of business on [], 2004, the record date for the Juniper Networks special meeting, are entitled to receive notice of, and vote at, the Juniper Networks special meeting. On the record date, approximately [] shares of Juniper Networks common stock were issued and outstanding. Holders of Juniper Networks common stock on the record date are each entitled to one vote per share of Juniper Networks common stock on the proposal to approve the issuance of shares of Juniper Networks common stock in connection with the merger.

A quorum of stockholders is necessary to have a valid meeting of Juniper Networks stockholders. For a quorum to be established, a majority of the shares of Juniper Networks common stock issued and outstanding and entitled to vote on the record date must be present in person or by proxy at the Juniper Networks special meeting.

Abstentions and broker non-votes count as present for establishing the quorum described above. A broker non-vote may occur on an item when a broker is not permitted to vote on that item without instructions from the beneficial owner of the shares. Shares held by Juniper Networks in its treasury do not count toward the presence of a quorum.

Adjournment and Postponement

Juniper Networks bylaws provide that if a quorum is not present or represented at any meeting of the stockholders, then the chairman of the meeting or stockholders holding a majority of shares of Juniper Networks common stock represented at the meeting, either in person or by proxy, may adjourn the meeting from time to time, without further notice other than by an announcement made at the special meeting, until a quorum is present.

Required Vote

Under the applicable rules of the Nasdaq Stock Market, the issuance of shares of Juniper Networks common stock in connection with the merger requires an affirmative vote of a majority of the votes cast at the Juniper Networks special meeting, provided that a quorum is present.

Under the rules of the Nasdaq Stock Market, brokers and other nominees are prohibited from giving a proxy to vote their customers' shares with respect to the proposal to approve the issuance of shares of Juniper Networks common stock in the absence of instructions from their customers. For purposes of determining whether Juniper Networks has received the affirmative vote of a majority of the votes cast at the Juniper Networks special meeting, broker non-votes and abstentions will not be considered votes cast and will therefore have no effect on the outcome of the proposal.

For purposes of determining whether the total vote cast represents over 50% of all shares of Juniper Networks common stock entitled to vote on the proposal, broker non-votes and abstentions will be considered entitled to vote and will therefore make it more difficult to meet this requirement. If the total vote cast on the proposal represents over 50% of all shares of Juniper Networks common stock entitled to vote on the proposal, these broker non-votes and abstentions would have no effect on the outcome of the proposal.

As of the Juniper Networks record date, the directors and executive officers of Juniper Networks and their affiliates held [] outstanding shares, or approximately []% of the total outstanding shares, of Juniper Networks common stock.

Voting by Juniper Networks Directors and Executive Officers

Under the terms of voting agreements entered into between NetScreen and each of Scott Kriens, Marcel Gani, James A. Dolce, Jr., Pradeep Sindhu, Ashok Krishnamurthi, William R. Hearst III, Vinod Khosla, Stratton Sclavos, William R. Stensrud, Robert M. Calderoni, Kenneth Levy and Kenneth Goldman, these Juniper Networks directors and executive officers have agreed, subject to the terms and conditions set forth in

Table of Contents

their respective voting agreements, to vote their shares of Juniper Networks common stock subject to the voting agreements for the issuance of shares of Juniper Networks common stock pursuant to the merger agreement. These individuals beneficially own and are entitled to vote [] shares of Juniper Networks common stock, or approximately []% of the shares of Juniper Networks common stock outstanding on the record date for the Juniper Networks special meeting. Please refer to the section of this joint proxy statement/prospectus entitled *The Merger Voting Agreements Juniper Networks Voting Agreements* beginning on page 61 and Annex B.

All of the executive officers of Juniper Networks, including Scott Kriens and Pradeep Sindhu who are also directors of Juniper Networks, have interests and arrangements that could affect their decision to support or approve the merger. Please refer to the section of this joint proxy statement/prospectus entitled *The Merger Interests of Certain Persons in the Merger Interests of Juniper Networks Executive Officers and Directors in the Merger* beginning on page 58.

As of the NetScreen record date, there were [] shares of NetScreen common stock issued and outstanding. Each share of NetScreen common stock issued and outstanding as of the NetScreen record date entitles its holder to cast one vote at the NetScreen special meeting.

As of the NetScreen record date, the directors and executive officers of NetScreen and their affiliates held [] outstanding shares, or approximately []% of the total outstanding shares, of NetScreen common stock.

Voting by NetScreen's Directors and Officers

Jen (on behalf of Silicon Valley Equity Fund, L.P.), Thomas F. Mendoza and Victor E. Parker Jr., these NetScreen stockholders have agreed, subject to the terms and conditions set forth in their respective voting agreements, to vote the shares of NetScreen common stock subject to their voting agreements for the adoption of the merger agreement. Quorum and Vote Required

In order to conduct business at the NetScreen special meeting, a quorum must be present. The holders of a majority of the NetScreen common stock outstanding on the record date for the NetScreen special meeting present in person or represented by proxy at the NetScreen special meeting and entitled to vote at the NetScreen special meeting constitutes a quorum under NetScreen's bylaws. NetScreen will treat shares of NetScreen common stock represented by a properly signed and returned proxy, including abstentions and broker non-votes, as present at the NetScreen special meeting for purposes of determining the existence of a quorum. If sufficient votes to constitute a quorum or to adopt the merger agreement are not received by the date of the special meeting, the persons named as proxies may propose one or more adjournments of the meeting to permit further solicitation of proxies.

The affirmative vote of a majority of the shares of NetScreen common stock outstanding on the NetScreen record date in favor of the proposal to adopt the merger agreement is required in order for the merger proposal to pass. The affirmative vote of the holders of a majority of NetScreen common stock present in person or by proxy and entitled to vote at the NetScreen special meeting in favor of the proposal to grant discretionary authority to Robert D. Thomas and Remo E. Canessa to adjourn or postpone the NetScreen special meeting to a date not later than November 9, 2004 for the purpose of soliciting additional proxies if required in order for the adjournment proposal to pass. The inspector of elections appointed for the NetScreen special meeting will tabulate the votes.

Voting of Proxies

Shares represented by a properly signed and dated proxy will be voted at the NetScreen special meeting in accordance with the instructions indicated on the proxy. Proxies that are properly signed and dated but which do not contain voting instructions will be voted FOR the proposal to adopt the merger agreement and FOR the proposal to grant discretionary authority to Robert D. Thomas and Remo E. Canessa to adjourn or postpone the NetScreen special meeting.

Abstentions

NetScreen will count a properly executed proxy marked ABSTAIN as present for purposes of determining whether a quorum is present, but the shares represented by that proxy will not be voted at the NetScreen special meeting. Because the affirmative vote of a majority of the outstanding shares of NetScreen common stock is required to adopt the merger agreement, if you mark your proxy ABSTAIN, it will have the effect of a vote against the proposal to adopt the merger agreement. Assuming that a quorum is present at the special meeting, abstentions will have no effect on the adjournment proposal.

Broker Non-Votes

If your shares are held in street name, your broker will vote your shares for you only if you provide instructions to your broker on how to vote your shares. You should follow the directions provided by your broker regarding how to instruct your broker to vote your shares. Your broker cannot vote your shares of NetScreen common stock without specific instructions from you. Because the affirmative vote of a majority of the outstanding shares of NetScreen common stock is required to adopt the merger agreement, if you do not instruct your broker how to vote, it will have the effect of a vote against the proposal to adopt the merger agreement. Assuming a quorum is present at the special meeting, failure to instruct your broker to vote your shares will have no effect on the adjournment proposal.

Voting Shares in Person that are Held in Street Name

If your shares are held in street name and you wish to vote those shares in person at the NetScreen special meeting, you must obtain from your broker a properly executed legal proxy identifying you as a NetScreen stockholder, authorizing you to act on behalf of the nominee at the NetScreen special meeting and identifying the number of shares with respect to which the authorization is granted.

Juniper Networks Reasons for the Merger; Additional Considerations of the Juniper Networks Board of Directors

Juniper Networks board of directors has determined that the merger is advisable, and is fair to and in the best interests of Juniper Networks and its stockholders, and unanimously approved the merger agreement and the share issuance. In reaching its decision, the Juniper Networks board of directors identified several reasons for, and potential benefits to Juniper Networks stockholders of, the merger. Juniper Networks believes there are a number of potential benefits of the proposed merger including, among others:

together with NetScreen's complementary, innovative and scalable network security solutions, Juniper Networks expects the combined company to be better able to service its customers and provide an integrated network security solution;

Juniper Networks expects the broadening and integration of the combined company's product lines to more effectively and efficiently meet the needs of its customers and provide more complete solutions to its customers;

Table of Contents

Juniper Networks expects the technological resources of the combined company to allow it to compete more effectively by providing it with enhanced ability to develop new products and greater functionality in existing products;

Juniper Networks believes that the sales and services organizations, greater marketing resources and increased financial strength of the combined company will present improved opportunities for marketing the products of the combined company;

Juniper Networks believes that the experience, financial resources and size and breadth of product offerings of the combined company will position it to respond quickly and effectively to technological change, increased competition and shifting market demand;

Juniper Networks expects to benefit from the ability to utilize the skills and resources of the combined company's management teams; and

Juniper Networks believes that the merger will provide the combined company with an improved platform for future growth.

In reaching its decision to approve the merger agreement and the share issuance, the Juniper Networks board of directors consulted with Juniper Networks' management, Juniper Networks' internal and outside legal counsel regarding the legal terms of the merger, and Juniper Networks' financial advisors regarding the financial aspects of the merger and the fairness, from a financial point of view, of the exchange ratio to Juniper Networks. The factors that the Juniper Networks board of directors considered in reaching its determination included, but were not limited to, the following:

the strategic benefits of the merger;

information concerning Juniper Networks' and NetScreen's respective businesses, prospects, financial performance and condition, operations, technology, management and competitive position, including public reports concerning results of operations during the most recent fiscal year and fiscal quarters for each company filed with the Securities and Exchange Commission;

management's view of the financial condition, results of operations and businesses of Juniper Networks and NetScreen before and after giving effect to the merger;

current financial market conditions and historical market prices, volatility and trading information with respect to the common stock of Juniper Networks and the common stock of NetScreen;

the relationship between the market value of the common stock of NetScreen and the consideration to be paid to stockholders of NetScreen in the merger and a comparison of comparable merger transactions;

the belief that the terms of the merger agreement are reasonable;

the prospect for an improved competitive and market position for the combined company which could offer a broad set of best-in-class networking solutions to carrier network, service provider, enterprise and other customers, including new customers in new market segments;

management's view of the prospects of Juniper Networks without effecting the merger;

other strategic alternatives for Juniper Networks, including the potential to enter into strategic relationships with third parties or acquire or combine with third parties;

the presentation by Goldman Sachs and its oral opinion presented on February 8, 2004, subsequently confirmed by delivery of its written opinion dated February 8, 2004, to the effect that, as of such date, and based upon and subject to the factors and assumptions set forth therein, the exchange ratio pursuant to the merger agreement is fair from a financial point of view to Juniper Networks (see *Opinion of Juniper Networks Financial Advisor* beginning on page 42 of this joint proxy statement/prospectus);

the effect of the merger on Juniper Networks' customers, suppliers and employees; and

Table of Contents

the results of the due diligence investigation of NetScreen.

The Juniper Networks board of directors also identified and considered a number of uncertainties, risks and potentially negative factors in its deliberations concerning the merger, including:

the risk that the potential benefits sought in the merger might not be fully realized if the combined company fails to meet the challenges involved in integrating the operations of Juniper Networks and NetScreen;

the possibility that the merger might not be completed, or that completion might be unduly delayed;

the effect of public announcement of the merger on Juniper Networks' sales and operating results and Juniper Networks' ability to attract and retain key management, marketing and technical personnel;

the substantial charges to be incurred in connection with the merger, including costs of integrating the businesses and transaction expenses arising from the merger;

the risk that despite the efforts of the combined company, key personnel might not remain employed by the combined company;

Juniper Networks' obligations to recommend approval of the share issuance to Juniper Networks stockholders;

Juniper Networks' obligation to not solicit any transaction which would result in any change in control of Juniper Networks until such time as Juniper Networks receives an unsolicited acquisition proposal;

the possibility that the market price of Juniper Networks common stock could decrease sharply if the merger was not viewed favorably by stockholders, financial analysts and the press, generally; and

various other risks associated with the combined company and the merger, including those described under the section entitled *Risk Factors* beginning on page 17 of this joint proxy statement/prospectus.

After due consideration, the Juniper Networks board of directors concluded that overall, the risks, uncertainties, restrictions and potentially negative factors associated with the merger were outweighed by the potential benefits of the transaction, and that many of these risks could be managed or mitigated by Juniper Networks or by the combined company or were unlikely to have a material adverse effect on the merger or the combined company.

The foregoing information and factors considered by the Juniper Networks board of directors are not intended to be exhaustive but are believed to include all of the material factors considered by the Juniper Networks board of directors. In view of the variety of factors and the amount of information considered, the Juniper Networks board of directors did not find it practicable to, and did not, quantify, rank or otherwise assign relative weights to the specific factors it considered in approving the merger agreement and the merger. In addition, individual members of Juniper Networks board of directors may have given different weights to different factors. The Juniper Networks board of directors considered all of these factors as a whole, and overall considered them to be favorable to and to support its determination.

Recommendation of the Juniper Networks Board of Directors

After careful consideration and based on the foregoing analysis at a meeting of the Juniper Networks board of directors held on February 8, 2004, the Juniper Networks board of directors determined that the merger is advisable, and is fair to and in the best interests of Juniper Networks and its stockholders, and unanimously approved the merger agreement and the share issuance. **The Juniper Networks board of directors unanimously recommends that the Juniper Networks stockholders vote FOR the proposal to approve the issuance of shares of Juniper Networks common stock in connection with the merger.**

In considering the recommendation of the Juniper Networks board of directors with respect to the share issuance, Juniper Networks stockholders should be aware that the executive officers of Juniper Networks, two of whom are also directors, may receive benefits if the merger is completed which result in those persons

having interests in the merger that are different from, or are in addition to, the interest of Juniper Networks stockholders. See *Interests of Certain Persons in the Merger* *Interests of Juniper Networks Executive Officers and Directors in the Merger* beginning on page 58 of this joint proxy statement/ prospectus.

Opinion of Juniper Networks Financial Advisor

Goldman Sachs provided its opinion for the information and assistance of the Juniper Networks board of directors in connection with its consideration of the transaction. The Goldman Sachs opinion is not a recommendation as to how any holder of Juniper Networks common stock should vote with respect to the transaction.

In connection with rendering the opinion described above and performing its related financial analyses, Goldman Sachs reviewed, among other things:

the merger agreement;

annual reports to stockholders and Annual Reports on Form 10-K of Juniper Networks for the four fiscal years ended December 31, 2002;

annual reports to stockholders and Annual Reports on Form 10-K of NetScreen for the two fiscal years ended September 30, 2003 and the Registration Statement on Form S-1 of NetScreen, including the prospectus contained therein relating to the initial public offering of NetScreen common stock, dated December 10, 2001;

certain interim reports to stockholders and Quarterly Reports on Form 10-Q of Juniper Networks and NetScreen;

certain other communications from Juniper Networks and NetScreen to their respective stockholders;

certain internal financial analyses and forecasts for NetScreen prepared by NetScreen's management; and

certain financial analyses and forecasts for Juniper Networks and NetScreen prepared by management of Juniper Networks.

Goldman Sachs also held discussions with members of the senior managements of Juniper Networks and NetScreen regarding their assessment of the strategic rationale for, and the potential benefits of, the transaction and the past and current business operations, financial condition and future prospects of Juniper Networks and NetScreen. In addition, Goldman Sachs reviewed the reported price and trading activity for the shares of Juniper Networks common stock and the shares of NetScreen common stock, compared certain financial and stock market information for Juniper Networks and NetScreen with similar information for certain other companies the securities of which are publicly traded, reviewed the financial terms of certain recent business combinations in the communications technology and security software industries specifically and in other industries generally and performed such other studies and analyses as Goldman Sachs considered appropriate.

Goldman Sachs relied upon the accuracy and completeness of all of the financial, accounting, tax and other information discussed with or reviewed by it and assumed such accuracy and completeness for purposes of rendering the opinion described above. In that regard, Goldman Sachs assumed with the Juniper Networks board of director's consent that the financial analyses and forecasts for Juniper Networks and NetScreen prepared by management of Juniper Networks described above were reasonably prepared on a basis reflecting the best currently available estimates and judgments of Juniper Networks. In addition, Goldman Sachs did

not make an independent evaluation or appraisal of the assets and liabilities, including any derivative or off-balance sheet assets and liabilities, of Juniper Networks or NetScreen or any of their respective subsidiaries and Goldman Sachs was not furnished with any such evaluation or appraisal. The opinion of Goldman Sachs did not address the underlying business decision of Juniper Networks to engage in the transaction. In addition, in the opinion of Goldman Sachs described above, Goldman Sachs did not express an opinion as to the prices at which shares of Juniper Networks common stock will trade at any time. Goldman Sachs assumed that all governmental, regulatory or other consents or approvals necessary for the consummation of the transaction will be obtained without any adverse effect on Juniper Networks or NetScreen or on the expected benefits of the transaction in any way material to the analysis of Goldman Sachs.

The following is a summary of the material financial analyses used by Goldman Sachs in connection with rendering the opinion described above. The following summary, however, does not purport to be a complete description of the financial analyses performed by Goldman Sachs. The order of analyses described does not represent relative importance or weight given to those analyses by Goldman Sachs. Some of the summaries of the financial analyses include information presented in tabular format. The tables must be read together with the full text of each summary and are alone not a complete description of Goldman Sachs' financial analyses. Except as otherwise noted, the following quantitative information, to the extent that it is based on market data, is based on market data as it existed on or before February 6, 2004 and is not necessarily indicative of current market conditions.

Historical Exchange Ratio Analysis. Goldman Sachs performed a historical exchange ratio analysis in which Goldman Sachs compared:

a series of implied exchange ratios for the transaction derived from historical trading prices of Juniper Networks common stock and NetScreen common stock over certain specified periods of time beginning December 12, 2001 and ending February 6, 2004; and

the exchange ratio in the transaction of 1.404 shares of Juniper Networks common stock for each share of NetScreen common stock.

Goldman Sachs calculated the implied exchange ratios by dividing the closing prices per share of NetScreen common stock for the relevant period of time by the closing prices per share of Juniper Networks common stock for the same period. The results of Goldman Sachs' implied exchange ratio analysis are presented in the table below under the caption *Implied Exchange Ratio*.

In connection with its historical exchange ratio analysis, Goldman Sachs also calculated the extent to which the exchange ratio in the merger of 1.404 shares of Juniper Networks common stock for each share of NetScreen common stock exceeded or was less than, on a percentage basis, each of the implied exchange ratios derived from historical trading prices. The results of this analysis are presented in the table below under the caption *Premium (Discount) to Implied Exchange Ratio*.

Pro Forma Analysis. Goldman Sachs prepared pro forma analyses of the financial impact of the merger using estimates provided by Juniper Networks' management. Goldman Sachs compared the estimated cash earnings per share of Juniper Networks on a stand-alone basis to the estimated cash earnings per share for the

Table of Contents

combined company. The analyses were based on a base case scenario for each of the companies and an alternative case scenario for each of the companies, in each case prepared by Juniper Networks management. Cash earnings per share is net earnings from continuing operations excluding such items as in-process research and development expenses, amortization of purchased intangibles and deferred stock compensation, and any other non-cash or other charges unrelated to ongoing operations. Goldman Sachs analyzed cash earnings per share on a basis which excluded purchase accounting adjustments consisting of deferred revenue amortization of intangibles and deferred compensation. Based on such analysis, under both the base case and the alternative case scenario for the combined company, the proposed transaction would be accretive to estimated calendar year 2004 cash earnings per share of Juniper Networks common stock. Goldman Sachs also analyzed earnings per share on a basis which included purchase accounting adjustments consisting of deferred revenue, amortization of intangibles and deferred compensation. Based on such analysis, under the base case scenario for the combined company, the proposed transaction would be significantly dilutive to estimated calendar year 2004 earnings per share of Juniper Networks common stock.

Contribution Analysis. Goldman Sachs reviewed specific historical and estimated future operating and financial information including, among other things, revenues, gross profit, earnings before interest and taxes, or EBIT, earnings before taxes, or EBT, and net income as well as fully diluted equity market capitalization for Juniper Networks, NetScreen and the combined entity resulting from the merger based on Juniper Networks management's base case scenario. This analysis indicated that Juniper Networks stockholders would own 75.5% of the common equity of the combined company following consummation of the transaction. Goldman Sachs also performed a contribution analysis in which Goldman Sachs analyzed the relative contributions to be made by Juniper Networks and NetScreen to the revenue, gross profit, EBIT and EBT of the combined company following consummation of the transaction, before taking into account any of the possible benefits that may be realized following the merger, and, where appropriate, after making adjustments to the capital structure of each of the companies. This analysis was based on financial data and on the assumptions provided to Goldman Sachs by Juniper Networks management and based on the closing price of Juniper Networks common stock of \$29.47 and the closing price of NetScreen common stock of \$26.40 on February 6, 2004. The following table presents the results of this analysis:

Selected Companies Analysis. Goldman Sachs reviewed and compared certain financial information for Juniper Networks and NetScreen to corresponding financial information, ratios and public market multiples for selected publicly traded companies in the broad systems and enterprise data infrastructure industries as well as for companies that are category leaders in the communications equipment industry. The following table sets forth the names of these companies:

Cisco Systems, Inc.	Juniper Networks, Inc.	Enterasys Networks, Inc.
LM Ericsson Telefon AB	NetScreen Technologies, Inc.	Extreme Networks, Inc.
Lucent Technologies Inc.	QUALCOMM Incorporated	F5 Networks, Inc.
Motorola, Inc.	Sonus Networks, Inc.	Foundry Networks, Inc.
Nokia Corporation		Netgear, Inc.
Nortel Networks Corporation		Packeteer, Inc.

Although none of the selected companies is directly comparable to Juniper Networks or NetScreen, the companies included were chosen because they are publicly traded companies with operations that for purposes of analysis may be considered similar to certain operations of Juniper Networks and NetScreen.

Goldman Sachs also calculated and compared various financial multiples and ratios based on financial data as of February 6, 2004, information it obtained from Securities and Exchange Commission filings and Institutional Brokers Estimate System, or IBES, estimates. The multiples and ratios of Juniper Networks, NetScreen and the selected companies were calculated using closing prices on February 6, 2004, IBES median estimates and the most recent publicly available information for Juniper Networks, NetScreen and the selected companies. With respect to the selected companies, Goldman Sachs calculated:

the ratio of the stock price to estimated calendar years 2004, 2005 and 2006 earnings per share;

the ratio of (i) the ratio of the stock price to estimated calendar year 2005 earnings per share to (ii) the five-year forecasted compound annual growth rate of earnings per share;

enterprise value, which is the market value of common equity plus the book value of debt, adjusted for minority interest, less cash, as a multiple of estimated calendar year 2004, 2005 and 2006 revenue; and

latest 12 month, or LTM, gross margin.

With respect to the broad systems industry and the category leaders, Goldman Sachs also calculated the growth rate of estimated calendar year 2005 revenue over estimated calendar year 2004 revenue. The results of the analyses described above are summarized as follows:

Goldman Sachs calculated the ratio of NetScreen's stock price of \$41.38, implied by the exchange ratio of 1.404 shares of Juniper Networks common stock for each share of NetScreen common stock pursuant to the merger agreement and the Juniper Networks common stock closing stock price of \$29.47 as of February 6, 2004, to NetScreen's estimated calendar year 2004 and 2005 earnings per share based on the most recent publicly available financial information for NetScreen and IBES median estimates. Based on such analysis, the ratio of NetScreen's implied stock price of \$41.38 to estimated calendar year 2004 and 2005 earnings per share was 64.1x and 49.2x, respectively.

Goldman Sachs also calculated the ratio of NetScreen's enterprise value implied by the exchange ratio as a multiple of NetScreen's estimated calendar year 2004 and 2005 revenue based on the most recent publicly available financial information for NetScreen and IBES median estimates. Based on such analysis, NetScreen's enterprise value implied by the exchange ratio was \$3.8 billion. NetScreen's implied enterprise value as a multiple of NetScreen's estimated calendar year 2004 and 2005 revenue was 9.4x and 7.3x, respectively.

Premium Analysis. Goldman Sachs analyzed 36 business combinations since 1986 in the communications equipment industry for transactions valued at over \$1 billion with respect to the premium paid on the acquired company's common stock relative to its share price one week prior to announcement. This analysis indicated a range of average premiums from 7% to 110%. The average premium paid, excluding the contemplated transaction which would represent a premium of 59%, was 41%.

The preparation of a fairness opinion is a complex process and is not necessarily susceptible to partial analysis or summary description. Selecting portions of the analyses or of the summary set forth above, without considering the analyses as a whole, could create an incomplete view of the processes underlying Goldman Sachs' opinion. In arriving at its fairness determination, Goldman Sachs considered the results of all of its analyses and did not attribute any particular weight to any factor or analysis considered by it. Rather, Goldman Sachs made its determination as to fairness on the basis of its experience and professional judgment after considering the results of all of its analyses. No company or transaction used in the above analyses as a comparison is directly comparable to Juniper Networks or NetScreen or the contemplated transaction.

Table of Contents

Goldman Sachs prepared these analyses for purposes of Goldman Sachs providing its opinion to the Juniper Networks board of directors as to the fairness from a financial point of view of the transaction. These analyses do not purport to be appraisals or necessarily reflect the prices at which businesses or securities actually may be sold. Analyses based on forecasts of future results are not necessarily indicative of actual future results, which may be significantly more or less favorable than suggested by these analyses. Because these analyses are inherently subject to uncertainty, being based upon numerous factors or events beyond the control of the parties or their respective advisors, none of Juniper Networks, NetScreen, Goldman Sachs or any other person assumes responsibility if future results are materially different from those forecast.

As described above, Goldman Sachs opinion to the Juniper Networks board of directors was one of many factors taken into consideration by Juniper Networks board of directors in making its determination to approve the merger agreement. The foregoing summary does not purport to be a complete description of the analyses performed by Goldman Sachs in connection with the fairness opinion and is qualified in its entirety by reference to the written opinion of Goldman Sachs attached as Annex D.

Goldman Sachs and its affiliates, as part of their investment banking business, are continually engaged in performing financial analyses with respect to businesses and their securities in connection with mergers and acquisitions, negotiated underwritings, competitive biddings, secondary distributions of listed and unlisted securities, private placements and other transactions, as well as for estate, corporate and other purposes. Goldman Sachs has provided from time to time and currently is providing certain investment banking services to Juniper Networks, including:

having acted as lead manager in its initial public offering of 4.8 million shares of its common stock in June 1999;

having acted as lead manager in its public offering of 5.0 million shares of its common stock in September 1999;

having acted as lead manager in its public offering of \$1.15 billion aggregate principal amount of 4.75% Convertible Subordinated Notes due March 15, 2007 in March 2000;

having acted as exclusive financial advisor to it in connection with its acquisition of Unisphere Networks, Inc., a majority owned subsidiary of Siemens Corporation, in July 2002;

having assisted it in connection with the repurchase of approximately \$607.9 million aggregate principal amount of 4.75% Convertible Subordinated Notes due March 15, 2007 from August 2002 through August 2003;

having acted as lead manager in its public offering of \$400 million aggregate principal amount of Zero Coupon Convertible Senior Notes due June 15, 2008 in May 2003.

In addition, Goldman Sachs has provided certain investment banking services to NetScreen from time to time, including having acted as lead manager in its initial public offering of 11.5 million shares of its common stock in December 2001. Goldman Sachs also may provide investment banking and other services to Juniper Networks and NetScreen in the future. In connection with the above-described investment banking services Goldman Sachs has received, and may receive, compensation.

Goldman Sachs is a full service securities firm engaged, either directly or through its affiliates, in securities trading, investment management, financial planning and benefits counseling, risk management, financing and brokerage activities for both companies and individuals. In the ordinary course of these activities, Goldman Sachs and its affiliates may actively trade the debt and equity securities (or related derivative securities) of Juniper Networks and NetScreen for their own account and for the accounts of their customers and may at any time hold long and short positions of such securities.

\$2.375 million of which was payable upon execution of the merger agreement and the balance of which is payable upon consummation of the transaction. In addition, Juniper Networks has agreed to reimburse Goldman Sachs for its reasonable expenses, including attorneys' fees and disbursements, and to indemnify Goldman Sachs and related persons against various liabilities, including certain liabilities under the federal securities laws.

NetScreen's Reasons for the Merger; Additional Considerations of the NetScreen Board of Directors

NetScreen's board of directors believes that the combination of Juniper Networks and NetScreen will create a stronger company able to offer best-in-class security and networking solutions to communication service providers and enterprise customers. NetScreen's board of directors also believes that combining the complementary product sets, development efforts and distribution channels of Juniper Networks and NetScreen will enable the combined company to reach a broader customer base, compete more effectively against larger competitors and accelerate the development of networking equipment with embedded security.

In reaching its conclusion that the combination of Juniper Networks and NetScreen, and the terms of the merger agreement, are advisable, fair to, and in the best interests of, NetScreen and its stockholders, the board of directors of NetScreen consulted with NetScreen's management team regarding the strategic and operational aspects of the merger and the results of the strategic, business and operational due diligence efforts undertaken by management. Additionally, the NetScreen board of directors sought and received JPMorgan's opinion as to the fairness, from a financial point of view, to NetScreen's stockholders of the proposed exchange ratio. The NetScreen board of directors also consulted with NetScreen's internal counsel and with representatives of Fenwick & West regarding the fiduciary duties of the members of the NetScreen board of directors, legal due diligence matters and the terms of the merger agreement and related agreements. The NetScreen board of directors considered many factors which, when taken as a whole, supported its decision, including the following business considerations:

the complementary nature of the existing technologies and products of Juniper Networks and NetScreen, combining NetScreen's ASIC-based network security offerings with Juniper Networks' IP-based networking products, and the potential for the combined company to have significantly enhanced bundled product offerings and revenue opportunities;

the prospect for an improved competitive and market position for the combined company which could offer a broad set of integrated security-based networking solutions to carrier network, service provider, enterprise and other customers, including new customers in new market segments;

the combined and, in large part, non-overlapping customer bases of the two companies—NetScreen predominantly in the enterprise market, and Juniper Networks' concentration in the service provider and carrier network markets—have the potential for increased revenue opportunities and expanded distribution channels for each company's products; and

the combined financial strength and resources of the two companies may enhance its ability to respond more quickly and effectively to increased competition and demands in important market segments.

The NetScreen board of directors also considered a number of additional factors relevant to the merger, including the following:

historical information concerning NetScreen's and Juniper Networks' respective businesses, financial performances and financial conditions, operations, technology, managements and competitive positions, including reports concerning results of operations during recent fiscal periods;

the financial condition, results of operations, businesses and strategic objectives of NetScreen and Juniper Networks before and after giving effect to the merger and the merger's potential effect on stockholder value;

the potential effect on stockholder value of NetScreen continuing as an independent entity as compared to the potential effect of a combination with Juniper Networks in light of the other possible strategic alternatives the NetScreen board of directors examined;

Table of Contents

that based on the exchange ratio and the closing prices of Juniper Networks and NetScreen common stock on February 6, 2004, \$41.38 in value was being offered for each share of NetScreen common stock in the merger, representing a 56.7% premium to the closing price of NetScreen common stock on February 6, 2004, the last trading day prior to public announcement of the merger, a 54.8% premium to the average closing price of NetScreen common stock for the 30 consecutive trading day period prior to February 6, 2004, a 61.8% premium to the 60 day average and a 38.5% premium to the highest closing price for NetScreen common stock during the 52-week period prior to February 6, 2004. The NetScreen board of directors also considered current financial market conditions and historical market prices, volatility and trading information with respect to NetScreen and Juniper Networks common stock;

that NetScreen will continue to participate in the strategic direction of the combined company through participation on the Juniper Networks management team and board of directors;

the operating challenges, opportunities and prospects of NetScreen as an independent company; and

the financial analysis presented by JPMorgan to the NetScreen board of directors and JPMorgan's opinion as more fully described under the section entitled *Opinion of NetScreen Financial Advisor* beginning on page 50 of this joint proxy statement/ prospectus as to the fairness, from a financial point of view, of the exchange ratio in the merger to holders of NetScreen common stock.

The NetScreen board of directors considered the structure of the merger and the terms of the merger agreement, including the parties representations, warranties and covenants, the conditions to their respective obligations to complete the transaction, and considered, among others, the following factors:

the merger is structured and intended to qualify as a reorganization for United States federal income tax purposes so, generally, the consideration to be received by NetScreen stockholders in the merger (except for the cash received in lieu of fractional shares of Juniper Networks common stock) will not be subject to income tax until the disposition of the Juniper Networks common stock received by stockholders pursuant to the merger;

shares of Juniper Networks common stock issued to NetScreen stockholders will be registered on Form S-4 and will be freely tradeable for all but certain affiliates of NetScreen;

the terms of the merger agreement, including the conditions to closing, and Juniper Networks' right to terminate the merger agreement;

NetScreen's rights under the merger agreement to consider unsolicited acquisition proposals and to change its recommendation to NetScreen stockholders to adopt the merger agreement should NetScreen receive a superior proposal, and the limited number of NetScreen shares that would be covered by voting agreements and proxies;

the likelihood of obtaining regulatory approval, including antitrust clearance; and

the fact that, under the merger agreement, each option outstanding under NetScreen's stock option plans will be assumed by Juniper Networks.

The NetScreen board of directors also identified and considered a number of uncertainties, risks and potentially negative factors in its deliberations concerning the merger, including:

the volatility of the trading prices of Juniper Networks common stock, including the fact that the exchange ratio for the share consideration to be received by NetScreen stockholders is fixed and will not increase in the event of a decline in the trading price of Juniper Networks common stock or an increase in the trading price of NetScreen common stock;

the risk that the potential benefits of the merger might not be realized;

the possibility that the merger might not be consummated, even if approved by NetScreen's stockholders, and the effect of the public announcement and pendency of the merger on NetScreen's sales, operating results, stock price, customers, supplies, employees, partners and other constituencies;

Table of Contents

the risks of integrating the business of NetScreen and Juniper Networks and the potential management, customer, supplier, partner and employee disruption that may be associated with the merger;

certain risks and liabilities related to Juniper Networks including contingent liabilities such as litigation matters involving Juniper Networks;

the risks of diverting management's focus and resources from other strategic opportunities and from operational matters while working to implement the merger with Juniper Networks;

the \$150 million termination fee payable to Juniper Networks upon the occurrence of certain events, and the potential effect of such factors in deterring other potential acquirors from proposing an alternative transaction that may be more advantageous to NetScreen stockholders;

the interests that NetScreen's executive officers and directors may have with respect to the merger in addition to their interests as NetScreen stockholders. See *Interests of Certain Persons in the Merger* *Interests of NetScreen Executive Officers and Directors in the Merger* beginning on page 55 of this joint proxy statement/ prospectus for a more complete discussion of these interests; and

various other applicable risks associated with the combined company and the merger, including those described under the section entitled *Risk Factors* beginning on page 17 of this joint proxy statement/ prospectus.

After due consideration, the NetScreen board of directors concluded that overall, the risks, uncertainties, restrictions and potentially negative factors associated with the merger were outweighed by the potential benefits of the transaction, and that many of these risks could be managed or mitigated by NetScreen or by the combined company or were unlikely to have a material adverse impact on the merger or the combined company.

The foregoing information and factors considered by the NetScreen board of directors are not intended to be exhaustive but are believed to include all of the material factors considered by the NetScreen board of directors. In view of the variety of factors and the amount of information considered, the NetScreen's board of directors did not find it practicable to, and did not, quantify, rank or otherwise assign relative weights to the specific factors it considered in approving the merger agreement and the NetScreen merger. In addition, individual members of NetScreen's board of directors may have given different weights to different factors. The NetScreen board of directors considered all of these factors as a whole, and overall considered them to be favorable to and to support its determination.

Recommendation of the NetScreen Board of Directors

After careful consideration and based on the foregoing analysis, the NetScreen board of directors, on February 8, 2004, determined that the terms of the merger agreement and the merger are advisable, fair to and in the best interests of, NetScreen and its stockholders and unanimously approved the merger agreement and the merger. The NetScreen board of directors unanimously recommends that the stockholders of NetScreen vote **FOR** the adoption of the merger agreement.

In considering the recommendation of the NetScreen board of directors with respect to the merger agreement and the merger, NetScreen stockholders should be aware that the directors and executive officers of NetScreen may receive benefits if the merger is completed, which results in those persons having interests in the merger that are different from, or are in addition to, the interests of NetScreen stockholders. See *Interests of Certain Persons in the Merger* *Interests of NetScreen Executive Officers and Directors in the Merger* beginning on page 55 of this joint proxy statement/ prospectus.

Opinion of NetScreen Financial Advisor

Pursuant to an engagement letter dated January 26, 2004, JPMorgan was retained as the exclusive financial advisor to NetScreen in connection with the proposed merger.

Table of Contents

At a meeting of the NetScreen board of directors held on February 8, 2004, JPMorgan rendered its oral opinion to the board of directors that, as of that date, the exchange ratio in the proposed merger was fair, from a financial point of view, to NetScreen stockholders. JPMorgan subsequently confirmed its oral opinion in a written opinion dated as of February 8, 2004. No limitations were imposed by the NetScreen board of directors upon JPMorgan with respect to the investigations made or procedures followed by it in rendering its opinion.

The full text of the written opinion of JPMorgan, which sets forth the assumptions made, matters considered and limits on the review undertaken, is attached as Annex E to this joint proxy statement/prospectus and is incorporated herein by reference. You are urged to read the opinion carefully and in its entirety. JPMorgan's written opinion is addressed to the NetScreen board of directors, is directed only to the fairness, from a financial point of view, of the exchange ratio in the merger to NetScreen stockholders and does not constitute a recommendation as to how to vote on the merger agreement or any matter related to the merger at the NetScreen special meeting. This summary of the opinion of JPMorgan is qualified in its entirety by reference to the full text of the opinion.

In arriving at its opinion, JPMorgan, among other things:

reviewed a draft of the merger agreement in substantially final form;

reviewed certain publicly available business and financial information concerning NetScreen and Juniper Networks and the industries in which each company operates;

compared the proposed financial terms of the merger with the publicly available financial terms of certain transactions involving companies it deemed relevant and the consideration received for such companies;

compared NetScreen's and Juniper Networks' financial and operating performance with publicly available information concerning certain other companies it deemed relevant and reviewed the current and historical market prices of NetScreen common stock and Juniper Networks common stock and certain publicly traded securities of such other companies;

reviewed various internal financial analyses and forecasts prepared by NetScreen's management relating to its business;

held discussions with various members of NetScreen's management and Juniper Networks' management with respect to certain aspects of the merger, NetScreen's and Juniper Networks' past and current business operations, NetScreen's and Juniper Networks' financial condition and future prospects and operations, the effects of the merger on the financial condition and future prospects of NetScreen and Juniper Networks, and various other matters JPMorgan believed necessary or appropriate to its inquiry; and

performed such other financial studies and analyses and considered such other information as it deemed appropriate.

JPMorgan relied upon and assumed, without independent verification, the accuracy and completeness of all information that was publicly available or that was furnished to it by NetScreen and Juniper Networks or otherwise reviewed by JPMorgan, and JPMorgan has not assumed any responsibility or liability therefor. JPMorgan did not conduct any valuation or appraisal of any assets or liabilities, nor were any valuations or appraisals provided to JPMorgan. JPMorgan expressed no opinion regarding the liquidation value of NetScreen or Juniper Networks. Without limiting the generality of the foregoing, JPMorgan did not undertake an independent analysis of any owned or leased real estate, or any pending or threatened litigation, possible unasserted claims or other contingent liabilities, to which NetScreen or Juniper Networks or any of their respective affiliates is a party or may be subject, and its opinion made no assumption concerning and therefore did not consider the possible assertion of claims, outcomes or damages arising out of any such matters. In relying on financial analyses and forecasts provided, JPMorgan assumed that they had been reasonably prepared based on assumptions reflecting the best currently available estimates and judgments by NetScreen's management as to the expected future results of operations and financial condition of NetScreen.

Table of Contents

JPMorgan also assumed that the merger will qualify as a tax-free reorganization for United States federal income tax purposes, and that the other transactions contemplated by the merger agreement will be completed as described therein. JPMorgan relied as to all legal matters relevant to rendering its opinion upon the advice of counsel. JPMorgan also assumed that the merger would be consummated pursuant to the terms of the draft merger agreement reviewed by it without material modification thereto and without waiver by any party of any of the material conditions or obligations thereunder. JPMorgan further assumed that all material governmental, regulatory or other consents and approvals necessary for the consummation of the merger will be obtained without any adverse effect on NetScreen or Juniper Networks or on the contemplated benefits of the merger.

JPMorgan's opinion is based on economic, market and other conditions as in effect on, and the information made available to JPMorgan as of, the date of its opinion. Subsequent developments may affect its opinion, and JPMorgan does not have any obligation to update, revise or reaffirm its opinion. JPMorgan's opinion was limited to the fairness, from a financial point of view, of the exchange ratio to be received by NetScreen stockholders in the proposed merger and JPMorgan expressed no opinion as to NetScreen's underlying decision to enter into the merger agreement. JPMorgan expressed no opinion as to the price at which Juniper Networks common stock will trade at any future time, whether before or after the closing of the merger.

In accordance with customary investment banking practice, JPMorgan employed generally accepted valuation methods in reaching its opinion. The following is a summary of the material financial analyses utilized by JPMorgan in connection with providing its opinion.

Comparable Trading Multiples. Using publicly available information, JPMorgan compared selected financial data of NetScreen with similar data for selected publicly traded companies engaged in businesses that JPMorgan judged to be analogous to NetScreen. The companies selected by JPMorgan were Check Point Software Technologies, Ltd., Internet Security Systems, Inc., Network Associates, Inc., RSA Security, Inc., Symantec Corporation and Websense, Inc.

Using publicly available information, JPMorgan compared selected financial data of Juniper Networks with similar data for selected publicly traded companies engaged in businesses that JPMorgan judged to be analogous to Juniper Networks. The companies selected by JPMorgan were Alcatel S.A., Cisco Systems, Inc., LM Ericsson Telefon AB, Lucent Technologies, Inc., Motorola, Inc., Nokia Corporation and Nortel Networks Corporation.

For each comparable company, JPMorgan used estimates of calendar year 2004 results published in publicly available equity analyst research reports. JPMorgan selected the median for each multiple, specifically: calendar year 2004 price/earnings ratio and calendar year 2004 PEG ratio. The price/earnings ratio (P/E) of a company is equal to the stock price divided by earnings per share. The PEG ratio is equal to price/earnings divided by the company's long-term EPS growth rate multiplied by 100. JPMorgan applied a range equal to the median multiple, listed in the chart below as Low, and the high multiple of the peer group to calculate the implied equity value per share of NetScreen and Juniper Networks using calendar year 2004 EPS and long-term EPS growth rate estimates included in publicly available equity analyst research reports.

JPMorgan then calculated the implied exchange ratio by dividing the share price derived from the lower end of the NetScreen range by the share price derived from the lower end of the Juniper Networks range, and the share price of the higher end of the NetScreen range by the share price of the higher end of the Juniper Networks range. The results of the analysis were as follows:

	NetScreen Technologies Multiple Range		Juniper Networks Multiple Range		Implied Exchange Ratio	
	Low	High	Low	High	Low	High
Calendar Year 2004 P/E	29.2x	40.9x	36.8x	60.8x	1.15x	1.36x
Calendar Year 2004 PEG Ratio	1.7x	2.6x	3.7x	4.1x	1.06x	1.47x

Because of inherent differences between the businesses, operations and prospects of NetScreen, Juniper Networks and the other companies listed above, JPMorgan believes that a purely quantitative analysis of the

Table of Contents

selected companies without considering complex qualitative judgments concerning differences between the financial and operating characteristics of NetScreen, Juniper Networks and the selected companies would not be meaningful in the context of the merger.

Discounted Cash Flow Analysis. JPMorgan conducted a discounted cash flow analysis for the purpose of determining the diluted equity value per share for NetScreen common shares. JPMorgan calculated the unlevered free cash flows that NetScreen is expected to generate during calendar years 2004 through 2008 based upon financial projections from equity research reports (for 2004 and 2005) and input from NetScreen's management team for 2006 through 2008. JPMorgan also calculated a range of terminal asset values at the end of the forecast period ending December 31, 2008 based on the final year free cash flow and a perpetuity growth range of 5.5% to 6.5%. The unlevered free cash flows and the range of terminal asset values were then discounted to present values using a range of discount rates from 9.5% to 11.5%, which were selected by JPMorgan based upon an analysis of the weighted average cost of capital of NetScreen. The discounted cash flow analysis indicated an implied per share equity value for NetScreen common stock ranging approximately from \$21.22 to \$37.72.

JPMorgan also conducted a discounted cash flow analysis for the purpose of determining the diluted equity value per share for Juniper Networks common stock. JPMorgan calculated the unlevered free cash flows that Juniper Networks is expected to generate during calendar years 2004 through 2008 based upon financial projections from equity research reports (for 2004 and 2005) and input from NetScreen's management team for 2006 through 2008. JPMorgan also calculated a range of terminal asset values at the end of the forecast period ending December 31, 2008 based on the final year free cash flow and a perpetuity growth range of 9.0% to 10.0%. The unlevered free cash flows and the range of terminal asset values were then discounted to present values using a range of discount rates from 12.0% to 14.0%, which were selected by JPMorgan based upon an analysis of the weighted average cost of capital of Juniper Networks. The discounted cash flow analysis indicated an implied per share equity value for Juniper Networks common stock ranging approximately from \$15.27 to \$34.50.

JPMorgan then calculated the implied exchange ratio by dividing the share price derived from the lower end of the NetScreen range by the share price derived from the lower end of the Juniper Networks range, and the share price of the higher end of the NetScreen range by the share price of the higher end of the Juniper Networks range. The implied exchange ratio range was 1.09x-1.39x.

Relative Contribution Analysis. JPMorgan reviewed and analyzed the relative contributions to be made by NetScreen and Juniper Networks to the combined company based upon stand-alone operating results published in publicly available equity analyst research reports for both NetScreen and Juniper Networks. JPMorgan calculated NetScreen's implied equity value based on its calendar year 2005 net income contribution to Juniper Networks' projected net income, assuming NetScreen's implied market capitalization would contribute in the same proportions to Juniper Networks' diluted market capitalization as of February 6, 2004. JPMorgan calculated NetScreen's implied enterprise value based on its calendar year 2005 free cash flows contribution to Juniper Networks' projected calendar year 2005 free cash flows, assuming NetScreen's implied enterprise value would contribute in the same proportions to Juniper Networks' enterprise value as of February 6, 2004. NetScreen's implied market capitalization was derived from the implied enterprise value after subtracting NetScreen's net debt. The implied share price was then calculated by dividing the implied equity value by the shares outstanding. The following table outlines the implied exchange ratio for the given operating result:

	Operating Result Implied Exchange Ratio
Calendar Year 2005 Net Income	1.35x
Calendar Year 2005 Free Cash Flow	1.44x

Historical Exchange Ratio Analysis. JPMorgan analyzed the historical trading price of NetScreen common stock relative to Juniper Networks common stock based on closing prices between February 7, 2003 and February 6, 2004.

Table of Contents

JPMorgan determined that the historical exchange ratio for the past year, calculated as the average of the quotient of the closing price per common share of NetScreen divided by the closing price per share of Juniper Networks for each trading day in the period, was equal to approximately 1.61x of a share of NetScreen for each share of Juniper Networks. The average exchange ratio was approximately 1.34x for the past six months, approximately 1.24x for the past three months, and approximately 1.09x for the past 30 trading days. The natural exchange ratio as of February 6, 2004 was approximately 0.90x.

Reference Period	Average Exchange Ratio	Premium Based Upon Exchange Ratio of 1.404x vs. Average Exchange Ratio
As of February 6, 2004	0.90x	57%
Last 30 Trading Days	1.10x	27%
Last Three Calendar Months	1.24x	13%
Last Six Calendar Months	1.34x	5%
Last 12 Calendar Months	1.61x	(13)%

The summary set forth above does not purport to be a complete description of the analyses or data presented by JPMorgan. The preparation of a fairness opinion is a complex process and is not necessarily susceptible to partial analysis or summary description. JPMorgan believes that the summary set forth above and its analyses must be considered as a whole and that selecting portions thereof, without considering all of its analyses, could create an incomplete view of the processes underlying its analyses and opinion. JPMorgan based its analyses on assumptions that it deemed reasonable, including assumptions concerning general business and economic conditions and industry-specific factors. The other principal assumptions upon which JPMorgan based its analyses are set forth above under the description of each such analysis. JPMorgan's analyses are not necessarily indicative of actual values or actual future results that might be achieved, which values may be higher or lower than those indicated. Moreover, JPMorgan's analyses are not and do not purport to be appraisals or otherwise reflective of the prices at which businesses actually could be bought or sold.

As a part of its investment banking business, JPMorgan and its affiliates are continually engaged in the valuation of businesses and their securities in connection with mergers and acquisitions, investments for passive and control purposes, negotiated underwritings, secondary distributions of listed and unlisted securities, private placements and valuations for estate, corporate and other purposes. JPMorgan was selected to deliver an opinion to the NetScreen Board of Directors with respect to the merger on the basis of such experience and its familiarity with NetScreen.

Pursuant to a letter agreement dated January 26, 2004, NetScreen has agreed to pay JPMorgan a transaction fee equal to the product of 0.225% multiplied by (i) the value of the shares of Juniper Networks common stock to be received by NetScreen stockholders and option holders in the merger and (ii) the principal amount of all indebtedness of NetScreen outstanding immediately prior to consummation of the merger, including any capital lease obligations; provided that such transaction fee will not be less than \$8 million. The value of the shares of Juniper Networks common stock to be received by NetScreen stockholders and option holders in the merger will be determined based upon the average of the last sale prices for such shares of Juniper Networks common stock on the Nasdaq National Market for the 10 trading days ending on the last business day preceding the closing of the merger. NetScreen is not obligated to pay the transaction fee to JPMorgan unless the merger is consummated. The transaction fee includes an opinion fee of \$500,000 which will be credited against the transaction fee. JPMorgan's opinion fee is not contingent upon the consummation of the merger. In addition, NetScreen has agreed to reimburse JPMorgan for reasonable expenses incurred by JPMorgan in connection with its services, including reasonable fees and disbursements of counsel, and will indemnify JPMorgan against certain liabilities, including liabilities arising under the federal securities laws.

JPMorgan Chase & Co. or its predecessor entities have provided investment banking services to NetScreen in the past in unrelated transactions for which it received customary fees, including acting as an underwriter in the December 12, 2001 initial public offering of NetScreen common stock. JPMorgan Chase &

Co. writes research on NetScreen and makes a market in NetScreen common stock. In the ordinary course of business, JPMorgan Chase & Co. and its affiliates may actively trade the securities of NetScreen or Juniper Networks for their own accounts or for the accounts of customers and, accordingly, they may at any time hold long or short positions in such securities.

Interests of Certain Persons in the Merger

Interests of NetScreen Executive Officers and Directors in the Merger

NetScreen stockholders considering the recommendation of the NetScreen board of directors regarding the merger should be aware that all of NetScreen's directors and executive officers have interests in the merger that are different from, or in addition to, the interests of stockholders generally. The board of directors of NetScreen was aware of and considered these potentially conflicting interests when they approved the merger and the transactions contemplated by the merger documents.

Accelerated Vesting of Stock Options and Restricted Stock

In the merger, all outstanding NetScreen stock options will be assumed by Juniper Networks and become options to purchase shares of Juniper Networks common stock, and NetScreen restricted stock also will be converted into restricted stock of Juniper Networks. In addition, Juniper Networks is assuming various agreements that have been made between NetScreen and its executive officers and directors that provide for the acceleration of vesting of unvested stock options and unvested shares of restricted stock upon certain events.

Robert D. Thomas, Feng Deng, Remo E. Canessa, David K. Flynn, Charles R. Clark, Mark S. Smith, Anson Chen, Robert Beaulieu and Krishna Kolluri have agreements with NetScreen that provide if such executive officer is terminated without Cause, as defined below, in connection with the merger of NetScreen with Juniper Networks, then upon such termination, 50% of the executive officer's unvested options and restricted stock as of the closing of the merger will be immediately vested and exercisable. Please see the chart below for additional detail on each executive officer's currently outstanding vested and unvested options and shares of restricted stock. Cause for purpose of these agreements means: (i) willfully engaging in gross misconduct that is materially and demonstrably injurious to the employer; (ii) willful act or acts of dishonesty undertaken by the executive officer and intended to result in substantial gain or personal enrichment for the executive officer at the expense of the employer; or (iii) willful and continued failure to substantially perform the executive officer's duties with the employer or its successor (other than incapacity due to physical or mental illness); provided that the action or conduct described in clause (iii) above will constitute Cause only if such failure continues after the executive officer's employer's board of directors has provided the executive officer with a written demand for substantial performance setting forth in detail the specific respects in which it believes the executive officer has willfully and not substantially performed the executive officer's duties thereof and a reasonable opportunity (to be not less than 30 days) to cure the same. In addition, a termination by the employer without Cause includes a voluntary termination of employment by the executive officer within 30 days after any of the following events: (i) the assignment of any duties to the executive officer inconsistent with, or reflecting a materially adverse change in, the executive officer's position, duties or responsibilities with the employer (or any successor) without the executive officer's concurrence; or (ii) the relocation of the employer's principal executive offices, or relocation of the executive officer's principal place of business, in excess of 50 miles from the executive officer's place of business in Sunnyvale, California.

In addition, as part of NetScreen's acquisition of Neoteris, Inc., Mr. Kolluri entered into an employment agreement with NetScreen that provides that, with respect to options and restricted stock issued to Mr. Kolluri by Neoteris and assumed by NetScreen (along with, as of February 6, 2004, up to \$232,007.24 in cash payments associated with the assumed options and restricted stock payable by NetScreen to Mr. Kolluri), if Mr. Kolluri's employment is terminated by his employer without Cause, as defined below, or is voluntarily terminated by Mr. Kolluri for Good Reason, as defined below, on or before November 14, 2005, then Mr. Kolluri will receive 24 months of vesting acceleration of such options, restricted stock and cash upon his termination, as well as six months severance and continuation for six months of company paid health benefits.

Table of Contents

Following November 14, 2005, if Mr. Kolluri has not been terminated by his employer without Cause or voluntarily terminated his employment for Good Reason, then the options and restricted stock issued by Neoteris and assumed by NetScreen (along with the amortized cash payments) shall be subject to the same acceleration of vesting terms as applied to all other options and shares of restricted stock owned by Mr. Kolluri and the other executive officers of NetScreen as described in the preceding paragraph. Cause is defined as: (i) the willful act of fraud, embezzlement, dishonesty or other misconduct that materially damages the employer; (ii) the willful failure to perform duties, to follow policy as set forth in writing from time to time or to follow the directives of the employer's chief executive officer or board of directors (other than failure to meet performance goals, objectives or measures), in each case in a manner that results in material damage to the employer, that is not corrected within 30 days following written notice thereof by the employer's board of directors, such notice to state with specificity the nature of the failure; provided that if such failure cannot be reasonably corrected within 30 days of written notice thereof, correction shall be commenced within such period and may be corrected within a reasonable period thereafter with the length of such period to be determined in good faith by the employer's board of directors; (iii) misappropriation of any of material assets of the employer; (iv) conviction of, or plea of guilty or no contest to, a felony or a misdemeanor involving dishonesty or moral turpitude under the laws of the United States or any state thereof; (v) willful and material breach of any agreement with the employer, that is not corrected within 30 days following written notice thereof by the employer's board of directors, such notice to state with specificity the nature of the breach; provided that if such breach cannot be reasonably corrected within 30 days of written notice thereof, correction shall be commenced within such period and may be corrected within a reasonable period thereafter with the length of such period to be determined in good faith by the board of directors; and (vi) willful use or unauthorized disclosure of any proprietary information or trade secrets of the employer or any other party to whom Mr. Kolluri owes an obligation of nondisclosure as a result of the relationship with the employer. Good Reason is defined as (i) a material reduction of Mr. Kolluri's responsibilities following the acquisition of Neoteris by NetScreen or (ii) a material breach by the employer of its obligations to Mr. Kolluri under the agreement that is not corrected within 30 days following written notice thereof to the employer, such notice to state with specifically the nature of the failure; provided that if such failure cannot be reasonably corrected within 30 days of written notice thereof, correction shall be commenced by the employer with such period and may be corrected within a reasonable period thereafter. Please see the chart below for additional detail on Mr. Kolluri's currently outstanding vested and unvested options and shares of restricted stock.

Frank J. Marshall, Alan L. Earhart, Michael L. Goguen, Katherine M. Jen, Thomas F. Mendoza and Victor E. Parker, Jr., constituting all of the non-employee members of NetScreen's board of directors, each have stock option agreements with NetScreen providing that the options will immediately vest in full and be fully exercisable if the merger with Juniper Networks is completed. Please see the chart below for additional detail on each non-employee director's currently outstanding vested and unvested options.

The following table identifies, for each NetScreen director and executive officer, as of February 6, 2004, the aggregate number of shares subject to outstanding options of NetScreen common stock and the aggregate number of outstanding unvested shares of NetScreen restricted stock subject to agreements between NetScreen and each such director or executive officer that contain the acceleration of vesting benefits described above, the aggregate number of shares subject to outstanding but unvested options of NetScreen common stock, the weighted average exercise price of outstanding stock options and that person's relationship to NetScreen.

(1) Until November 14, 2005, an aggregate of 144,746 of the shares subject to options, which are the options assumed by NetScreen in the acquisition of Neoteris, are subject to the 24 month accelerated vesting period described above, after which time such options will be subject to the same acceleration of vesting provisions as applicable to all other outstanding options issued by NetScreen to Mr. Kolluri and the other executive officers of NetScreen as described above.

(2) Until November 14, 2005, all 126,654 of the shares of restricted stock are subject to the 24 month accelerated vesting period described above.

Director and Officer Indemnification. The merger agreement provides that Juniper Networks will cause the surviving company:

from and after the effective time of the merger, to fulfill and honor, subject to applicable law, NetScreen's obligations under any indemnification agreements with its directors and officers that exist at the effective time of the merger and any indemnification provisions under NetScreen's certificate of incorporation and bylaws that were in effect on the date of the merger agreement; and

for a period of six years after the effective time of the merger, to maintain in effect, if available, directors' and officers' liability insurance covering those persons who are currently covered by NetScreen's directors' and officers' liability insurance policy, on substantially similar terms to NetScreen's policy; provided, however, that neither Juniper Networks nor the surviving corporation will be required to expend more than 200% of the annual premium currently paid by NetScreen for such coverage.

In addition, Juniper Networks has agreed to maintain in the certificate of incorporation and bylaws of the surviving corporation provisions relating to exculpation and indemnification that are at least as favorable to the indemnified directors and officers as those contained in NetScreen's organizational documents that were in

Table of Contents

effect on the date of the merger agreement, subject to applicable law, for a period of six years from the effective time.

Appointment of NetScreen Designee to Juniper Networks Board of Directors. Under the merger agreement, Juniper Networks has agreed to take all action necessary to appoint one person designated by NetScreen and reasonably acceptable to Juniper Networks to serve on the board of directors of Juniper Networks.

As a result of the interests described above under each heading, NetScreen's executive officers and directors have interests in the merger that may have made them more likely to vote to adopt, and recommend adoption of, the merger agreement, than if they did not hold these interests.

Interests of Juniper Networks Executive Officers and Directors in the Merger

The compensation committee of the Juniper Networks board of directors has approved a 2004 incentive bonus plan for Juniper Networks executive officers, including Scott Kriens and Pradeep Sindhu, who are also members of the board of directors of Juniper Networks. The 2004 incentive bonus plan pays a percentage of the executive officer's base salary measured against the achievement of Juniper Networks and the individual executive officer of certain goals. One goal is Juniper Networks' entry into new businesses by means of acquisitions that meet specific requirements, which, in the context of the 2004 incentive bonus plan, is referred to as the new business acquisition component. If the other Juniper Networks and individual executive officer goals are satisfied under the 2004 incentive bonus plan, then bonuses will be paid in proportion to Juniper Networks' achievement of the new business acquisition component. For example, if 0% of the new business acquisition component is attained in 2004, then no bonuses will be payable to Juniper Networks executive officers under the 2004 incentive bonus plan, regardless of achievement of the other Juniper Networks and individual executive officer goals. Assuming that the other Juniper Networks and individual executive officer goals under the 2004 incentive bonus plan are met, if 50% of the new business acquisition component is attained in 2004, then 50% of the bonus amount otherwise payable to executive officers under the 2004 incentive bonus plan would be payable. The completion of the acquisition of NetScreen will constitute 100% achievement of the new business acquisition component of the 2004 incentive bonus plan. Therefore, if the other goals under the 2004 incentive bonus plan are met, then 100% of the bonuses payable under the 2004 incentive bonus plan will be paid to such executive officer(s).

As a result of these interests, Juniper Networks' executive officers, two of whom are also directors of Juniper Networks, have interests in the merger that may have made them more likely to approve the issuance of Juniper Networks common stock in connection with the merger, than if they did not hold these interests.

United States Federal Income Tax Consequences of the Merger

The following summary discusses the material United States federal income tax consequences of the merger to NetScreen stockholders. The following discussion is based on existing provisions of the Internal Revenue Code, existing treasury regulations and current administrative rulings and court decisions, all of which are subject to change, possibly with retroactive effect, and to differing interpretations.

This section does not discuss all United States federal income tax considerations that may be relevant to a particular stockholder in light of his or her personal circumstances or to stockholders subject to special treatment under the federal income tax laws, including:

dealers in securities or foreign currencies;

stockholders who are subject to the alternative minimum tax provisions of the Internal Revenue Code;

tax-exempt organizations;

non-United States persons or entities;

financial institutions or insurance companies;

Table of Contents

stockholders who acquired NetScreen common stock in connection with stock option or stock purchase plans or in other compensatory transactions; or

stockholders who hold NetScreen common stock as part of an integrated investment, including a straddle, comprised of shares of NetScreen common stock and one or more other positions.

In addition, this section does not discuss the tax consequences of the merger under foreign, state or local tax law. This discussion assumes that NetScreen stockholders hold their shares of NetScreen common stock as capital assets within the meaning of Section 1221 of the Internal Revenue Code (generally, as property held as an investment).

Accordingly, you are urged to consult your tax advisors as to the specific tax consequences to you of the merger, including any applicable federal, state, local and foreign tax consequences.

Based on factual representations contained in letters provided by Juniper Networks and NetScreen, and on certain customary factual assumptions, all of which must continue to be true and accurate as of the effective time of the merger, each of Wilson Sonsini Goodrich & Rosati and Fenwick & West has delivered its opinion (attached as exhibits 8.1 and 8.2, respectively, to the registration statement on Form S-4, of which this joint proxy statement/prospectus forms a part) that the merger will qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code. The following material United States federal income tax consequences will result from such qualification:

NetScreen stockholders will not recognize any gain or loss upon the receipt of Juniper Networks common stock in exchange for NetScreen common stock in connection with the merger, except for cash received instead of a fractional share of Juniper Networks common stock;

the aggregate tax basis of the Juniper Networks common stock received by a NetScreen stockholder in connection with the merger, including any fractional share of Juniper Networks common stock not actually received, will be equal to the aggregate tax basis of the NetScreen common stock surrendered in exchange for Juniper Networks common stock;

the holding period of the Juniper Networks common stock received by a NetScreen stockholder in connection with the merger will include the holding period of the NetScreen common stock surrendered in connection with the merger;

cash payments received by a NetScreen stockholder for a fractional share of Juniper Networks common stock will be treated as if such fractional share had been issued in connection with the merger and then redeemed by Juniper Networks, and NetScreen stockholders will recognize capital gain or loss with respect to such cash payment, measured by the difference, if any, between the amount of cash received and the tax basis in such fractional share; and

Juniper Networks, Nerus Acquisition Corp. and NetScreen will not recognize gain or loss as a result of the merger.

The completion of the merger is conditioned upon the delivery of an opinion by each of Wilson Sonsini Goodrich & Rosati and Fenwick & West that the merger will constitute a reorganization for United States federal income tax purposes within the meaning of Section 368(a) of the Internal Revenue Code. These opinions will be based on updated representation letters to be provided by Juniper Networks and NetScreen at the time of the completion of the merger, and on customary factual assumptions.

Neither Juniper Networks nor NetScreen will request a ruling from the Internal Revenue Service regarding the tax consequences of the merger to NetScreen stockholders. The tax opinions do not bind the Internal Revenue Service and do not prevent the Internal Revenue Service from successfully asserting a contrary opinion. In addition, if any of the representations or assumptions upon which the opinions are based are inconsistent with the actual facts, the tax consequences of the merger could be adversely affected.

Accounting Treatment of the Merger

In accordance with United States generally accepted accounting principles, Juniper Networks will account for the merger using the purchase method of accounting. Under this method of accounting, Juniper Networks will record the market value (based on an average of the closing prices of Juniper Networks common stock for a range of trading days from two days before and after February 9, 2004, the announcement date of the merger agreement) of its common stock issued in connection with the merger, the amount of cash consideration to be paid for fractional shares to holders of NetScreen common stock, the fair value of the options to purchase shares of NetScreen common stock assumed in connection with the merger and the amount of direct transaction costs associated with the merger as the estimated purchase price of acquiring NetScreen. Juniper Networks will allocate the estimated purchase price to the net tangible and amortizable intangible assets acquired (including developed and core technology, patents, distributor and value added reseller relationship, trade name, order backlog and maintenance agreements), deferred compensation and in-process research and development, based on their respective fair values at the date of the completion of the merger. Any excess of the estimated purchase price over those fair values will be accounted for as goodwill.

Upon completion of the proposed merger, NetScreen's deferred revenue will be adjusted to reflect the estimated fair value of Juniper Networks' legal performance obligations under NetScreen's support contracts and to eliminate historical amounts of NetScreen's deferred revenue that do not represent a legal performance obligation to the combined company. The current estimate of the fair value of Juniper Networks' legal performance obligations under NetScreen's support contracts is approximately \$7 million.

Amortizable intangible assets, currently estimated at \$230 million, will generally be amortized over useful lives not exceeding seven years, resulting in an estimated accounting charge for amortization attributable to these items of approximately \$56 million on an annual basis. Deferred compensation, currently estimated at \$213 million, will be amortized using the graded vesting method, resulting in an estimated accounting charge for amortization of deferred compensation of approximately \$150 million over the first 12 months after the completion of this proposed merger and declining thereafter. Goodwill resulting from the business combination will not be amortized but instead will be tested for impairment at least annually (more frequently if certain indicators are present). The amount of the estimated purchase price allocated to goodwill which is based on certain assumptions, is estimated to be approximately \$3,338 million. If Juniper Networks management should change the assumptions used in the allocation of the purchase price, amounts allocated to intangible assets with definite lives may increase significantly, which could result in a material increase in amortization of intangible assets.

In the event that the management of the combined company determines that the value of goodwill has become impaired, the combined company will incur an accounting charge for the amount of impairment during the fiscal quarter in which the determination is made. The amounts listed in the above paragraph are only preliminary estimates, however, actual amounts may differ from these estimates.

Directors and Executive Officers of Juniper Networks Following the Merger

Juniper Networks has agreed to take all actions necessary to elect or appoint one person designated by NetScreen, who is reasonably acceptable to Juniper Networks, to the Juniper Networks board of directors.

Regulatory Filings and Approvals Required to Complete the Merger

The merger is subject to review by the Antitrust Division of the Department of Justice and by the Federal Trade Commission under the Hart-Scott-Rodino Improvements Act of 1976, which requires Juniper Networks and NetScreen to make pre-merger notification filings and to await the expiration or earlier termination of statutory waiting periods prior to completing the merger. The merger may also be subject to review by the governmental authorities of various other jurisdictions under the antitrust laws of those jurisdictions. Juniper Networks and NetScreen have made or will make the required filings under the Hart-Scott-Rodino Act and intend to comply with the antitrust laws of any other jurisdiction in which the merger is subject to review. Juniper Networks and NetScreen will use their reasonable efforts to obtain any required regulatory clearances.

Table of Contents

There can be no assurance that the reviewing authorities will permit the applicable statutory waiting periods to expire or that the reviewing authorities will terminate the applicable statutory waiting periods at all or without restrictions or conditions that would have a materially adverse effect on the combined company if the merger were completed. These restrictions and conditions could include mandatory licenses, sales or other dispositions of assets, divestitures, or the holding separate of assets, businesses or NetScreen capital stock.

In addition, during or after the statutory waiting periods, and even after completion of the merger, either the Antitrust Division of the Department of Justice, or the Federal Trade Commission could challenge or seek to block the merger under the antitrust laws, as it deems necessary or desirable in the public interest. Other competition agencies with jurisdiction over the merger could also initiate action to challenge or block the merger. In addition, in some jurisdictions, a competitor, customer or other third party could initiate a private action under the antitrust laws challenging or seeking to enjoin the merger, before or after it is completed. Juniper Networks and NetScreen cannot be sure that a challenge to the merger will not be made or that, if a challenge is made, Juniper Networks and NetScreen will prevail.

Juniper Networks Will List Shares of Juniper Networks Common Stock Issued to NetScreen Stockholders on the Nasdaq National Market

Juniper Networks has agreed to use commercially reasonable efforts to cause the shares of Juniper Networks common stock issued to NetScreen stockholders in connection with the merger to be authorized for listing on the Nasdaq National Market before the completion of the merger, subject to official notice of issuance.

Delisting and Deregistration of NetScreen Common Stock After the Merger

When the merger is completed, NetScreen common stock will be delisted from the Nasdaq National Market and deregistered under the Securities Exchange Act of 1934.

Restrictions on Sales of Shares of Juniper Networks Common Stock Received in the Merger

The shares of Juniper Networks common stock to be issued in connection with the merger will be registered under the Securities Act of 1933 and will be freely transferable, except for shares of Juniper Networks common stock issued to any person who is deemed to be an affiliate of NetScreen prior to the merger. Persons who may be deemed to be affiliates of NetScreen prior to the merger include individuals or entities that control, are controlled by, or are under common control of NetScreen prior to the merger, and may include officers and directors, as well as principal stockholders of NetScreen prior to the merger. Affiliates of NetScreen will be notified separately of their affiliate status.

Persons who may be deemed to be affiliates of NetScreen prior to the merger may not sell any of the shares of Juniper Networks common stock received by them in connection with the merger except pursuant to:

an effective registration statement under the Securities Act of 1933 covering the resale of those shares;

an exemption under Rule 145(d) under the Securities Act of 1933; or

any other applicable exemption under the Securities Act of 1933.

Juniper Networks' registration statement on Form S-4, of which this joint proxy statement/prospectus forms a part, does not cover the resale of shares of Juniper Networks common stock to be received in connection with the merger by persons who may be deemed to be affiliates of NetScreen prior to the merger.

No Appraisal Rights

Neither Juniper Networks stockholders nor NetScreen stockholders are entitled to dissenters' rights of appraisal for their shares under the General Corporation Law of the State of Delaware in connection with the merger.

THE MERGER AGREEMENT

The following summary describes the material provisions of the merger agreement. The provisions of the merger agreement are complicated and not easily summarized. This summary may not contain all of the information about the merger agreement that is important to you. The merger agreement is attached to this joint proxy statement/ prospectus as Annex A and is incorporated by reference into this joint proxy statement/ prospectus, and we encourage you to read it carefully in its entirety for a more complete understanding of the merger agreement.

Structure of the Merger

The merger agreement provides for the merger of Nerus Acquisition Corp., a newly formed, wholly owned subsidiary of Juniper Networks, with and into NetScreen. NetScreen will survive the merger as a wholly owned subsidiary of Juniper Networks.

Completion and Effectiveness of the Merger

We will complete the merger when all of the conditions to completion of the merger contained in the merger agreement described in the section entitled *Conditions to Completion of the Merger* beginning on page 74 of this joint proxy statement/ prospectus are satisfied or waived, including approval of the issuance of shares of Juniper Networks common stock in connection with the merger by the stockholders of Juniper Networks and adoption of the merger agreement by the stockholders of NetScreen. The merger will become effective upon the filing of a certificate of merger with the Secretary of State of the State of Delaware, or such later time as Juniper Networks and NetScreen agree and set forth in the certificate of merger.

We are working to complete the merger as quickly as possible. We currently plan to complete the merger during the second calendar quarter of 2004. Because completion of the merger is subject to governmental and regulatory approvals and other conditions, however, we cannot predict the exact timing.

Conversion of NetScreen Common Stock and Assumption of NetScreen Stock Options in the Merger

Upon completion of the merger, each share of NetScreen common stock outstanding immediately prior to the effective time of the merger will be canceled and extinguished and automatically converted into the right to receive 1.404 shares of Juniper Networks common stock upon surrender of the certificate representing such share of NetScreen common stock in the manner provided in the merger agreement. Upon completion of

Table of Contents

the merger, Juniper Networks also will assume outstanding options to purchase NetScreen common stock as described in the section entitled *Treatment of NetScreen Stock Options* beginning on page 72 of this joint proxy statement/prospectus.

The exchange ratio in the merger (1.404 shares of Juniper Networks common stock for each share of NetScreen common stock) will be adjusted to reflect the effect of any stock split, reverse stock split, stock dividend (including any dividend or distribution of securities convertible into Juniper Networks common stock or NetScreen common stock), reorganization, recapitalization, reclassification or other like change with respect to Juniper Networks common stock or NetScreen common stock having a record date on or after the date of the merger agreement and prior to completion of the merger.

Each share of NetScreen common stock held by NetScreen or owned by Juniper Networks or any of their direct or indirect wholly owned subsidiaries immediately prior to the merger will be automatically canceled and extinguished, and none of NetScreen, Juniper Networks or any of their direct or indirect subsidiaries will receive any securities of Juniper Networks or other consideration in exchange for those shares.

Based on the exchange ratio and the number of shares of NetScreen common stock and options to purchase NetScreen common stock outstanding as of the record date, a total of approximately [] shares of Juniper Networks common stock will be issued in connection with the merger to holders of NetScreen common stock and a total of approximately [] shares of Juniper Networks common stock will be reserved for issuance upon the exercise of options to purchase NetScreen common stock assumed by Juniper Networks in connection with the merger.

Fractional Shares

Juniper Networks will not issue any fractional shares of its common stock in connection with the merger. Instead, each holder of NetScreen common stock exchanged in connection with the merger who would otherwise be entitled to receive a fraction of a share of common stock of Juniper Networks will receive cash, without interest, in an amount equal to the fraction multiplied by the average closing price of one share of Juniper Networks common stock or the Nasdaq National Market for the five most recent trading days that Juniper Networks common stock has traded, ending on and including the last trading day prior to the date on which the merger is completed, as reported on the Nasdaq National Market.

Exchange of NetScreen Stock Certificates for Juniper Networks Stock Certificates

Promptly following completion of the merger, the exchange agent for the merger will mail to each record holder of NetScreen common stock a letter of transmittal and instructions for surrendering the record holder's stock certificates in exchange for a certificate representing Juniper Networks common stock. Only those holders of NetScreen common stock who properly surrender their NetScreen stock certificates in accordance with the exchange agent's instructions will receive (i) a certificate representing Juniper Networks common stock, (ii) cash in lieu of any fractional share of Juniper Networks common stock and (iii) any dividends or other distributions to which they are entitled under the terms of the merger agreement. The surrendered certificates representing NetScreen common stock will be canceled. After the effective time of the merger, each certificate representing shares of NetScreen common stock that has not been surrendered will represent only the right to receive each of the items enumerated in the preceding sentence. Following the completion of the merger, NetScreen will not register any transfers of NetScreen common stock on its stock transfer books.

Holders of NetScreen common stock should not send in their NetScreen stock certificates until they receive a letter of transmittal from the exchange agent for the merger, with instructions for the surrender of NetScreen stock certificates.

Distributions with Respect to Unexchanged Shares

Holders of NetScreen common stock are not entitled to receive any dividends or other distributions on Juniper Networks common stock until the merger is completed. After the merger is completed, holders of

Table of Contents

NetScreen common stock certificates will be entitled to dividends and other distributions declared or made after completion of the merger with respect to the number of whole shares of Juniper Networks common stock which they are entitled to receive upon exchange of their NetScreen stock certificates, but they will not be paid any dividends or other distributions on the Juniper Networks common stock until they surrender their NetScreen stock certificates to the exchange agent in accordance with the exchange agent instructions.

Transfers of Ownership and Lost Stock Certificates

Juniper Networks will issue only (i) a stock certificate representing shares of Juniper Networks common stock, (ii) cash in lieu of a fractional share and (iii) any dividends or distributions that may be applicable in a name other than the name in which a surrendered NetScreen stock certificate is registered if the person requesting such exchange presents to the exchange agent all documents required to show and effect the unrecorded transfer of ownership and to show that such person paid any applicable stock transfer taxes. If a NetScreen stock certificate is lost, stolen or destroyed, the holder of such certificate may need to deliver an affidavit and/or bond prior to receiving any statement indicating book-entry ownership of Juniper Networks common stock or Juniper Networks stock certificate.

Conduct of Juniper Networks Business Before Completion of the Merger

Under the merger agreement, Juniper Networks has agreed that, until the earlier of the completion of the merger or termination of the merger agreement, or unless NetScreen consents in writing, it will conduct its business in compliance with specific restrictions relating to the following:

purchasing, redeeming or acquiring any shares of Juniper Networks capital stock, except repurchases of unvested shares at cost in connection with the termination of the employment relationship with any employee pursuant to stock options or purchase agreements;

causing, permitting or proposing any amendments to Juniper Networks' certificate of incorporation or bylaws that may materially adversely affect the holders of its common stock;

except after prior consultation in good faith with NetScreen, acquiring or agreeing to acquire by merging or consolidating with, or by purchasing any equity interest in or a portion of the assets of, or by any other manner, any business or any corporation, partnership, association or other business organization or division thereof, or otherwise acquire or agree to acquire any assets or enter into any joint ventures or strategic partnerships, except for transactions (i) in which the fair market value of the total consideration (including the value of indebtedness acquired or assumed) issued in exchange therefor does not exceed \$500 million in the aggregate and (ii) which do not present a material risk of delaying the merger or making it more difficult to obtain any approvals or consents necessary to consummate the merger;

intentionally taking any action that could reasonably be expected to cause the merger to fail to qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code or failing to take any action reasonably necessary to qualify the merger as a reorganization;

NetScreen is Prohibited from Soliciting Other Offers

Under the terms of the merger agreement, subject to certain exceptions described below, NetScreen has agreed that it and its subsidiaries will not, nor will they authorize or permit any of their respective officers,

Table of Contents

directors, controlled affiliates or employees or any investment banker, attorney or other advisor or representative retained by any of them, to, directly or indirectly:

solicit, initiate, encourage, knowingly induce or knowingly encourage the making, submission or announcement of, any acquisition proposal by a third party of the type described below;

participate in any discussions or negotiations with any third party regarding, or furnish to any person any information with respect to, or take any other action to knowingly facilitate any inquiries or the making of any proposal that constitutes, or may reasonably be expected to lead to, an acquisition proposal of the type described below;

approve, endorse or recommend any acquisition proposal of the type described below; or

enter into any letter of intent or similar document or any contract agreement or commitment contemplating or otherwise relating to any acquisition proposal of the type described below or any transaction contemplated by the acquisition proposal.

As defined in the merger agreement, an acquisition proposal is any inquiry, offer or proposal, including a tender or exchange offer, by a third party or group with respect to NetScreen that would result in any of the following:

the acquisition by any person or group of more than a 15% interest in the total outstanding voting securities of NetScreen or any of its subsidiaries;

any merger, consolidation, business combination or similar transaction involving NetScreen or any of its subsidiaries pursuant to which NetScreen stockholders immediately preceding such transaction hold less than 85% of the outstanding voting securities in the surviving or resulting entity after the transaction;

any sale, lease outside the ordinary course of business, exchange, transfer, license outside the ordinary course of business, acquisition or disposition of more than 15% of NetScreen's assets; or

any liquidation, dissolution, recapitalization or other significant corporate reorganization of NetScreen.

Under the merger agreement, NetScreen agreed to cease all existing activities, discussions or negotiations with any parties conducted prior to that date with respect to any acquisition proposal and to promptly request the return of all NetScreen confidential information previously furnished in connection with an acquisition proposal.

NetScreen is obligated to, as promptly as practicable, and in any event within 24 hours, advise Juniper Networks orally and in writing of any request for information which NetScreen reasonably believes would lead to an acquisition proposal or of any acquisition proposal, or any inquiry with respect to or which could reasonably be expected to lead to any acquisition proposal. The notice must include the material terms and conditions of such request, acquisition proposal or inquiry and the identity of the person or group making the request, acquisition proposal or inquiry and copies of all written materials sent or provided to NetScreen in connection with the request, acquisition proposal or inquiry.

NetScreen also agreed to keep Juniper Networks informed in all material respects of the status and details (including material amendments or proposed amendments) of any such request, acquisition proposal or inquiry. NetScreen agreed to provide Juniper Networks with at least one business day prior notice of any meeting of NetScreen's board of directors at which the board of directors is reasonably expected to consider an acquisition proposal.

Notwithstanding the prohibitions contained in the merger agreement with respect to the type of acquisition proposals described above, if NetScreen receives an unsolicited bona fide binding written offer that its board of directors concludes in good faith, following the receipt of the advice of its outside legal counsel and

Table of Contents

its financial advisor, satisfies, or would reasonably be expected to result in an acquisition proposal that satisfies, each of the following criteria that constitute a superior offer:

the acquisition proposal is an unsolicited bona fide written binding offer made by a third party to acquire, directly or indirectly, all or substantially all of NetScreen's assets or a majority of its outstanding voting securities, as a result of which the NetScreen's stockholders immediately preceding the transaction would hold less than 50% of the equity interests in the surviving or resulting entity of such transaction (or any direct or indirect parent or subsidiary thereof);

such offer does not require any financing to consummate the proposed transaction that is not committed and there is no due diligence condition to the parties' obligations to consummate the proposed transaction; and

the proposed acquisition is on terms that NetScreen's board of directors has in good faith concluded (after consultation with its outside financial advisors) to be more favorable to its stockholders from a financial point of view than the merger with Juniper Networks, taking into account all the terms and conditions of such proposal and the merger agreement with Juniper Networks (including any proposal by either Juniper Networks or NetScreen to amend the terms of the merger agreement between Juniper Networks and NetScreen), then NetScreen may furnish information to, and engage in negotiations with, the third party making the acquisition proposal, if each of the following conditions is satisfied:

its board of directors determines in good faith, following consultation with its outside legal counsel, that failure to do so is reasonably likely to result in a breach of its fiduciary obligations to NetScreen stockholders;

at least one business day before engaging in discussions or participating in negotiations with and furnishing information to the third party, NetScreen notifies Juniper Networks of its intention to furnish information to or engage into discussion or negotiations with a third party;

NetScreen receives from the third party an executed confidentiality agreement on terms no less favorable than the confidentiality agreement between Juniper Networks and NetScreen;

before or at the same time that NetScreen provides any information to the third party, it provides the same information to Juniper Networks, unless previously provided; and

NetScreen has complied in all material respects with its agreements and obligations related to its non-solicitation covenants in the merger agreement.

Juniper Networks is Prohibited from Soliciting Takeover Proposals

Under the terms of the merger agreement, subject to certain exceptions described below, Juniper Networks has agreed that it and its subsidiaries will not, nor will they authorize or permit any of their respective officers, directors, controlled affiliates or employees or any investment banker, attorney or other advisor or representative retained by any of them to, directly or indirectly:

solicit, initiate, knowingly induce or knowingly encourage the making, submission or announcement of any takeover proposal by a third party of the type described below; or

participate in any discussions or negotiations with a third party regarding, or furnish to any person any information with respect to, or take any other action to knowingly facilitate any inquiries or the making of any proposal that is or would reasonably be expected to lead to, any takeover proposal of the type described below.

As defined in the merger agreement, a takeover proposal is any inquiry, offer or proposal by a third party or group with respect to Juniper Networks that would result in any of the following:

a merger, consolidation, business combination, recapitalization, liquidation, dissolution or similar transaction involving Juniper Networks pursuant to which the stockholders of Juniper Networks

Table of Contents

immediately preceding such transaction hold less than 50% of the aggregate equity interests in the surviving or resulting entity of such transaction;

a sale or other disposition by Juniper Networks of assets representing in excess of 50% of the aggregate fair market value of Juniper Networks business immediately prior to such sale; or

the acquisition by any person or group (including by way of a tender offer or an exchange offer or issuance by Juniper Networks), directly or indirectly, of beneficial ownership or a right to acquire beneficial ownership of shares representing in excess of 50% of the voting power of the then outstanding shares of capital stock of Juniper Networks.

Notwithstanding the prohibition contained in the merger agreement with respect to the type of takeover proposals described above, if Juniper Networks receives an unsolicited bona fide written offer, it will promptly notify NetScreen that it has received such an offer and the above provisions will no longer apply.

Agreement Regarding Recommendations to Stockholders and Stockholder Meetings

The Juniper Networks board of directors and the NetScreen board of directors have each agreed to call, hold and convene a meeting of their respective stockholders as promptly as practicable, and in any event within 45 days after the registration statement of which this joint proxy statement/prospectus forms a part is declared effective by the Securities and Exchange Commission. The NetScreen board of directors also agreed to recommend the adoption of the merger agreement to its stockholders and to take all action necessary or advisable to obtain the required stockholder approval to adopt the merger agreement. Notwithstanding the NetScreen board of directors obligations described in this paragraph, in response to a third party acquisition proposal deemed by the board of directors to be a superior offer, the NetScreen board of directors, may withhold, withdraw, amend or modify its recommendation to its stockholders as described in this paragraph and, in the case of a superior offer that is a tender or exchange offer made directly to its stockholders, may recommend that its stockholders accept the tender or exchange offer if the following conditions are met:

a superior offer has been made and has not been withdrawn;

the NetScreen stockholders meeting has not occurred;

at least three business days before publicly announcing the NetScreen board of directors intent to withhold, withdraw, amend or modify its recommendation, NetScreen has provided Juniper Networks with written notice of its receipt of a superior offer and has disclosed in the notice the material terms and conditions of the superior offer, the identity of the third party or group making the offer and its intent to change its recommendation to its stockholders and the manner in which it intends to do so;

NetScreen has provided to Juniper Networks a copy of all written materials delivered to the third party or parties making the superior offer in connection with the offer and has made available to Juniper Networks all materials and information that it made available to the third party or parties making the superior offer in connection with the offer;

its board of directors has concluded in good faith, after consultation with its outside legal advisors, that in light of the superior offer, the failure of the board of directors to change its recommendation would be a breach of its fiduciary obligations to its stockholders under applicable law; and

it has not breached in any material respect the handling of third party acquisition proposals as described in the section entitled *NetScreen is Prohibited from Soliciting Other Offers* beginning on page 68 of this joint proxy statement/prospectus or its obligations to call, hold and convene a meeting of its stockholders, and to make the recommendations to its stockholders required under the merger agreement, as described in this section.

Regardless of whether NetScreen has received an acquisition proposal or has withheld, withdrawn, amended or modified its recommendation to its stockholders to vote FOR the proposal to adopt the merger agreement, NetScreen is obligated under the terms of the merger agreement to call, give notice of, convene and hold a special meeting of its stockholders to consider and vote upon the proposal to adopt the merger

agreement. NetScreen is not permitted under the merger agreement to submit to the vote of its stockholders any other acquisition proposal, or propose or agree to do so.

The Juniper Networks board of directors has agreed to recommend that the Juniper Networks stockholders vote to approve the issuance of shares of Juniper Networks common stock in connection with the merger.

Treatment of NetScreen Stock Options

When the merger is completed, Juniper Networks will assume all outstanding options to purchase shares of NetScreen common stock and convert them into options to purchase shares of Juniper Networks common stock. Juniper Networks will convert each assumed NetScreen option into an option to purchase that number of shares of Juniper Networks common stock equal to the number of shares of NetScreen common stock subject to the NetScreen option immediately prior to the effective time of the merger, multiplied by the exchange ratio, rounded down to the nearest whole number of shares of Juniper Networks common stock. The exercise price per share of the assumed option will be equal to the exercise price per share of NetScreen common stock divided by the exchange ratio, rounded up to the nearest whole cent. The exchange ratio is equal to 1.404. Each assumed NetScreen option will be subject to all other terms and conditions set forth in the applicable documents evidencing such option immediately prior to the effective time of the merger, including any repurchase rights or vesting provisions. As of the record date for the NetScreen special meeting, options for approximately [] shares of NetScreen common stock were outstanding in the aggregate under various NetScreen stock option plans.

The parties intend that the outstanding NetScreen options assumed in connection with the merger qualify following the effective time of the merger as incentive stock options as defined in Section 422 of the Internal Revenue Code to the extent such assumed NetScreen options qualified as incentive stock options prior to the effective time of the merger.

Juniper Networks will file, within 10 business days following the closing of the merger, a registration statement on Form S-8 with the Securities and Exchange Commission, to the extent available, for the shares of Juniper Networks common stock issuable with respect to outstanding NetScreen options assumed by Juniper Networks in connection with the merger.

Treatment of Rights under the NetScreen Employee Stock Purchase Plan

NetScreen's 2001 Employee Stock Purchase Plan permits eligible NetScreen employees to purchase NetScreen common stock at a discount pursuant to such employees' participation in the plan. One business day prior to the effective time of the merger, NetScreen will terminate its 2001 Employee Stock Purchase Plan. Any offering period then underway will be shortened, if necessary, with the purchase date for such shortened offering period being the business day prior to the effective time of the merger, and pro rata adjustments to the rights of employees in the NetScreen employee stock purchase plan will be made to reflect the shortened offering period. Each shortened offering period will otherwise be treated as a fully effective and completed offering period for all purposes under the 2001 NetScreen Employee Stock Purchase Plan. Juniper Networks has agreed to use its reasonable efforts to provide to NetScreen employees continuing employment with NetScreen as a wholly owned subsidiary of Juniper Networks following the merger the opportunity to enroll in a special offering period under Juniper Networks' 1999 Employee Stock Purchase Plan, which special offering period will commence as soon as is administratively practicable following the merger. However, if the next regularly scheduled offering period under the 1999 Employee Stock Purchase Plan is scheduled to commence within six weeks following the effective time of the merger, Juniper Networks will not be obligated to provide this special offering period to the continuing NetScreen employees.

Treatment of NetScreen 401(k) Plan

If requested by Juniper Networks, NetScreen will terminate its 401(k) plan (and any and all other plans intended to include an Internal Revenue Code Section 401(k) arrangement) prior to the effective time of the merger.

Compensation and Benefits for NetScreen Employees

NetScreen and Juniper Networks have agreed to confer and work together to agree upon mutually acceptable employee benefit and compensation arrangements for employees of NetScreen following the completion of the merger. NetScreen employees will receive comparable employee benefit and compensation arrangements to similarly situated Juniper Networks employees. NetScreen employees will be granted credit for service with NetScreen, its subsidiaries or affiliates, except to the extent such service credit will result in the duplication of benefits and subject to certain restrictions. Juniper Networks has agreed to use commercially reasonable efforts to waive certain limitations under applicable medical, dental or vision plans and credit deductibles or out-of-pocket expenses incurred by NetScreen employees.

Under the merger agreement, the statements in the preceding paragraph regarding employee compensation are statements of intent only, and no NetScreen employee or other person or entity, including NetScreen, has any rights of enforcement relating to those statements and no NetScreen employee or other person or entity, including NetScreen, is intended to be a contractual beneficiary of the statements.

Indemnification of NetScreen Directors and Officers

Juniper Networks has agreed that from and after the completion of the merger, it will maintain NetScreen's obligations under any indemnification agreements with its directors and officers that exist at the completion of the merger and any indemnification provisions under NetScreen's certificate of incorporation and bylaws that were in effect on the date of the merger agreement.

The certificate of incorporation and bylaws of the surviving entity following the merger will contain provisions relating to exculpation and indemnification that are at least as favorable to the indemnified directors and officers as those contained in NetScreen's certificate of incorporation and bylaws that were in effect on the date of the merger agreement. Subject to applicable law, these indemnification provisions will not be amended, repealed or otherwise modified for six years after the completion of the merger if doing so would adversely affect the rights of individuals contained in NetScreen's certificate of incorporation and bylaws immediately prior to the completion of the merger.

For six years after the completion of the merger, Juniper Networks will cause the surviving entity to maintain in effect, if available, directors' and officers' liability insurance covering those persons who are currently covered by NetScreen's directors' and officers' liability insurance policy, on comparable terms to NetScreen's policy. However, neither Juniper Networks nor the surviving entity will be required to expend in the aggregate more than 200% of the annual premium currently paid by NetScreen for such coverage.

Board of Directors of Juniper Networks Following the Merger

The Juniper Networks board of directors has agreed to take all actions necessary including, if necessary, expanding the number of authorized directors, such that, immediately following completion of the merger, the Juniper Networks board of directors will include one person designated by NetScreen who is reasonably acceptable to Juniper Networks.

Regulatory Filings; Antitrust Matters; Reasonable Efforts to Obtain Regulatory Approvals

Subject to the provisions described in the sections entitled *NetScreen is Prohibited from Soliciting Other Offers* beginning on page 68 of this joint proxy statement/prospectus, *Agreement Regarding Recommendations to Stockholders and Stockholder Meetings* beginning on page 71 of this joint proxy statement/prospectus and *Limitation on Reasonable Efforts to Obtain Regulatory Approvals* immediately following this section, each of Juniper Networks and NetScreen has agreed to use commercially reasonable efforts to take, or cause to be taken, all actions, and to do, or cause to be done, and to assist and cooperate with the other parties in doing, all things necessary, proper or advisable to complete and make effective the merger and the other transactions contemplated by the merger agreement in the most expeditious manner practicable.

Table of Contents

The merger is subject to review by the Antitrust Division of the Department of Justice and by the Federal Trade Commission under the Hart-Scott-Rodino Act which requires Juniper Networks and NetScreen to make pre-merger notification filings and to await the expiration or earlier termination of statutory waiting periods prior to completing the merger. The merger may also be subject to review by the governmental authorities of various other jurisdictions under the antitrust laws of those jurisdictions. Juniper Networks and NetScreen have made or will make the required filings under the Hart-Scott-Rodino Act and intend to comply with the antitrust laws of any other jurisdiction in which the merger is subject to review. Juniper Networks and NetScreen will use their reasonable efforts to obtain any required regulatory clearances.

There can be no assurance that the reviewing authorities will permit the applicable statutory waiting periods to expire or that the reviewing authorities will terminate the applicable statutory waiting periods at all or without restrictions or conditions that would have a materially adverse effect on the combined company if the merger were completed. These restrictions and conditions could include mandatory licenses, sales or other dispositions of assets, divestitures, or the holding separate of assets, businesses or NetScreen capital stock.

In addition, during or after the statutory waiting periods, and even after completion of the merger, either the Antitrust Division of the Department of Justice, or the Federal Trade Commission could challenge or seek to block the merger under the antitrust laws, as it deems necessary or desirable in the public interest. Other competition agencies with jurisdiction over the merger could also initiate action to challenge or block the merger. In addition, in some jurisdictions, a competitor, customer or other third party could initiate a private action under the antitrust laws challenging or seeking to enjoin the merger, before or after it is completed. Juniper Networks and NetScreen cannot be sure that a challenge to the merger will not be made or that, if a challenge is made, Juniper Networks and NetScreen will prevail.

Limitation on Reasonable Efforts to Obtain Regulatory Approvals

Juniper Networks is not required under the terms of the merger agreement to agree to make any divestiture of shares of capital stock or of any business, assets or property of Juniper Networks or NetScreen or their respective subsidiaries or affiliates material to Juniper Networks or NetScreen, or to agree to the imposition of any material limitations on their ability to conduct their respective businesses or to own or exercise control of their respective capital stock, assets or properties.

Conditions to Completion of the Merger

The respective obligations of Juniper Networks and Nerus Acquisition Corp., on the one hand, and NetScreen, on the other, to complete the merger and the other transactions contemplated by the merger agreement are subject to the satisfaction or waiver of each of the following conditions:

the issuance of shares of Juniper Networks common stock to holders of NetScreen common stock in connection with the merger has been approved by holders of a majority of the outstanding shares of Juniper Networks common stock casting votes at the Juniper Networks special meeting;

the merger agreement has been adopted by holders of a majority of the outstanding shares of NetScreen common stock;

no law, regulation or order has been enacted or issued by a governmental entity which is in effect and has the effect of making the merger illegal or otherwise prohibiting completion of the merger;

all waiting periods under the Hart-Scott-Rodino Act with respect to the merger and the other transactions contemplated by the merger agreement have expired or terminated early and all material foreign antitrust approvals required to be obtained prior to the merger in connection with the transactions contemplated by the merger agreement have been obtained;

Juniper Networks and NetScreen have each received from its respective tax counsel an opinion to the effect that the merger will constitute a reorganization within the meaning of Section 368(a) of the Internal Revenue Code and such opinions have not been withdrawn, provided that this condition will be deemed satisfied if counsel to either party renders this opinion to both parties;

Table of Contents

the shares of Juniper Networks common stock to be issued in connection with the merger have been authorized for listing on the Nasdaq National Market upon official notice of issuance;

the representations and warranties of the other party will have been true and correct on February 9, 2004, and are true and correct as of the date the merger is to be completed as if made at and as of that time, except:

to the extent the representations and warranties of the other party address matters only as of a particular date, they must be true and correct as of that date; and

if any of these representations and warranties are not true and correct but the effect in each case, or in the aggregate, of the inaccuracies of these representations and breaches of these warranties, is not and does not have a material adverse effect, as defined below, on the other party, then this condition will be deemed satisfied;

the other party will have performed or complied in all material respects with all of its agreements and covenants required by the merger agreement to be performed or complied with by it before completion of the merger; and

no material adverse effect, as defined below, on the other party has occurred since February 9, 2004 and is continuing.

NetScreen's obligation to complete the merger is also subject to the condition that Juniper Networks has taken all actions necessary to elect or appoint NetScreen's designee to the Juniper Networks board of directors.

Juniper Networks' obligation to complete the merger is also subject to the condition that there is not pending or overtly threatened a suit brought by a governmental entity of competent jurisdiction challenging or seeking to restrain or prevent the completion of the merger or seeking Juniper Networks to make a material divestiture or imposing a material limitation on Juniper Networks to conduct its or the NetScreen businesses.

Definition of Material Adverse Effect

Under the terms of the merger agreement, a material adverse effect on either Juniper Networks or NetScreen is defined to mean any change, event, violation, inaccuracy, circumstance or effect that, individually or in the aggregate, is or is reasonably likely to be materially adverse to (i) the business, assets (including intangible assets), liabilities, capitalization, financial condition or results of operations of the company taken as a whole with its subsidiaries or (ii) the ability of such company to complete the transactions contemplated by the merger agreement in a timely manner. However, under the terms of the merger agreement, with respect to clause (i) above, no change, event, violation, inaccuracy, circumstance or effect resulting from any of the following, individually or in combination, will be deemed to constitute, and none of the following will be taken into account in determining, whether there has been or will be, a material adverse effect on Juniper Networks or NetScreen, as the case may be:

the announcement or pendency of the merger agreement, not related to breaches or inaccuracies in the representations or warranties regarding the effect of the merger itself, provided, that the change, event, violation, inaccuracy, circumstance or effect primarily results from such announcement or pendency;

changes affecting the United States or world economy generally, which do not materially disproportionately affect such company;

changes affecting the industry in which such entity operates generally, which do not materially disproportionately affect such company; and

a change in the stock price or trading volume, of Juniper Networks or NetScreen, as the case may be, though any underlying cause in such change may be considered.

Termination of the Merger Agreement

The merger agreement may be terminated in accordance with its terms at any time prior to completion of the merger, whether before or after the adoption of the merger agreement by NetScreen stockholders or the approval of the issuance of shares of Juniper Networks common stock to NetScreen stockholders by Juniper Networks stockholders in connection with the merger:

by mutual written consent authorized by the board of directors of Juniper Networks and NetScreen;

by Juniper Networks or NetScreen if the merger is not completed by August 9, 2004, or November 9, 2004 if the merger has not been completed as a result of a failure to obtain required antitrust approvals or if the S-4 registration statement has not been declared effective by the Securities and Exchange Commission or the existence of a governmental regulation or order making the completion of the merger illegal or otherwise prohibited or if Juniper Networks enters into or announces an acquisition that requires pro forma financial statements to be included in this joint proxy statement/prospectus and that requirement is the proximate cause for Juniper Networks' failure to get approval of its stockholders as of August 9, 2004, except that this right to terminate the merger agreement is not available to any party whose action or failure to act has been a principal cause of or resulted in the failure of the merger to occur on or before that date, and the action or failure to act constitutes a material breach of the merger agreement;

by Juniper Networks or NetScreen if there is any final and nonappealable order, decree or ruling or action taken of any governmental entity of competent jurisdiction having the effect of permanently restraining, enjoining or prohibiting the completion of the merger;

by Juniper Networks or NetScreen if the issuance of shares of Juniper Networks common stock to NetScreen stockholders in connection with the merger fails to receive the requisite affirmative vote by the Juniper Networks stockholders at a meeting of Juniper Networks stockholders or at any adjournment of that meeting, except that the right to terminate the merger agreement is not available to Juniper Networks where the failure to obtain Juniper Networks stockholder approval was caused by Juniper Networks' action or failure to act and the action or failure to act constitutes a material breach by Juniper Networks of the merger agreement;

by Juniper Networks or NetScreen if the proposal to adopt the merger agreement fails to receive the requisite affirmative vote by NetScreen stockholders at a meeting of NetScreen stockholders or at any adjournment of that meeting, except that this right to terminate the merger agreement is not available to NetScreen where the failure to obtain NetScreen stockholder approval was caused by NetScreen's action or failure to act and the action or failure to act constitutes a material breach by NetScreen of the merger agreement;

by Juniper Networks if any of the following triggering events occur with respect to NetScreen:

NetScreen's board of directors withholds, withdraws, amends or modifies, the recommendation of its board of directors in the manner described in the section entitled *Agreement Regarding Recommendations to Stockholders and Stockholder Meetings* beginning on page 71 of this joint proxy statement/prospectus;

NetScreen's fails to include in this joint proxy statement/prospectus the recommendation of its board of directors;

NetScreen materially breaches its obligations regarding (i) holding the special meeting of NetScreen stockholders, (ii) not soliciting any acquisition proposal by a third party or (iii) not changing its recommendation to vote in favor of adopting the merger agreement, or otherwise fails to take all other action necessary or advisable to secure the requisite stockholder approval;

NetScreen's board of directors fails to reaffirm (publicly, if Juniper Networks requests) its recommendation within 10 business days after being requested in writing by Juniper Networks to reaffirm such recommendation;

Table of Contents

NetScreen's board of directors approves or recommends any acquisition proposal of the type described in the section entitled *NetScreen is Prohibited from Soliciting Other Offers* beginning on page 68 of this joint proxy statement/prospectus; or

a tender or exchange offer relating to its securities is initiated by a third party and NetScreen does not send to its stockholders, pursuant to Rule 14e-2 promulgated under the Securities and Exchange Act of 1934 within 10 business days after the tender or exchange offer is first published, sent or given, a statement disclosing that its board of directors recommends rejection of the tender or exchange offer;

by NetScreen upon a breach of any representation, warranty, covenant or agreement on the part of Juniper Networks in the merger agreement or if any representation or warranty of Juniper Networks has become untrue so that the condition to completion of the merger regarding Juniper Networks' representations and warranties or covenants would not be met. However, if the breach or inaccuracy is curable by Juniper Networks, then NetScreen may not terminate the merger agreement for 20 days after delivery of written notice from NetScreen to Juniper Networks of the breach. If the breach is cured during those 20 days, NetScreen may not exercise this termination right; or

by Juniper Networks upon a breach of any representation, warranty, covenant or agreement on the part of NetScreen in the merger agreement or if any representation or warranty of NetScreen has become untrue so that the condition to completion of the merger regarding NetScreen's representations and warranties or covenants would not be met. However, if the breach or inaccuracy is curable by NetScreen, then Juniper Networks may not terminate the merger agreement for 20 days after delivery of written notice from Juniper Networks to NetScreen of the breach. If the breach is cured during those 20 days, Juniper Networks may not exercise this termination right.

Payment of Termination Fee

Under the terms of the merger agreement, NetScreen has agreed to pay to Juniper Networks a cash termination fee of \$150 million within one business day of the termination of the merger agreement if the merger agreement is terminated by Juniper Networks because of the occurrence of a triggering event in relation to it as described in the section entitled *Termination of the Merger Agreement* beginning on page 76 of this joint proxy statement/prospectus.

In addition, under the terms of the merger agreement, NetScreen must pay a termination fee of \$150 million to Juniper Networks if all of the following conditions are met:

between February 9, 2004 and the termination of the merger agreement there has been public disclosure of an acquisition proposal by a third party constituting a 50% change in control acquisition of NetScreen;

the merger agreement has been terminated on either of the following bases:

the merger has not been completed by August 9, 2004 (or November 9, 2004 if the merger is not completed as a result of (i) a failure to obtain required antitrust approvals, (ii) the existence of a governmental regulation or order having the effect of making the completion of the merger illegal or otherwise prohibited (iii) if Juniper Networks announces or completes an acquisition that triggers an obligation under applicable laws or rules of the Securities and Exchange Commission to include pro forma financial statements in this joint proxy statement/prospectus, and that announcement is the proximate cause of the failure to get the required vote by Juniper Networks stockholders or NetScreen stockholders); or

NetScreen stockholders failed to approve adoption of the merger agreement at a meeting of NetScreen stockholders or an adjournment of that meeting; and

within 12 months following termination of the merger agreement, NetScreen enters into a letter of intent or agreement regarding or completes a 50% change in control acquisition of NetScreen in any of the manners described below.

Table of Contents

The termination fee must be paid at or prior to, and as a condition of, the execution of a letter of intent or agreement regarding the acquisition of NetScreen.

Under the terms of the merger agreement, an acquisition of NetScreen for the purposes of these termination provisions, is any of the following:

a merger, consolidation, business combination, recapitalization, liquidation, dissolution or similar transaction involving NetScreen, pursuant to which its stockholders immediately preceding such transaction hold less than 50% of the aggregate equity interests in the surviving or resulting entity of such transaction;

a sale or other disposition by NetScreen of assets representing in excess of 50% of the aggregate fair market value of its business, immediately prior to such sale; or

the acquisition by any person or group, including by way of a tender offer or an exchange offer or issuance by NetScreen, directly or indirectly, of beneficial ownership or a right to acquire beneficial ownership of shares representing in excess of 50% of the voting power of the then outstanding shares of NetScreen capital stock.

Payment of the termination fee is not in lieu of damages incurred in the event of breach of the merger agreement. If Juniper Networks has to make a claim against NetScreen to be paid the termination fee and such claim results in a judgment, against NetScreen, NetScreen will also have to pay Juniper Networks' costs and expenses, including reasonable attorney's fees and expenses, in connection with the suit, together with interest on the unpaid termination fee.

Extension, Waiver and Amendment of the Merger Agreement

Juniper Networks and NetScreen may amend the merger agreement before completion of the merger by mutual written consent.

Either Juniper Networks or NetScreen may extend the other's time for the performance of any of the obligations or other acts under the merger agreement, waive any inaccuracies in the other's representations and warranties and waive compliance by the other with any of the agreements or conditions contained in the merger agreement.

UNAUDITED PRO FORMA

CONDENSED COMBINED CONSOLIDATED FINANCIAL STATEMENTS

The following unaudited pro forma condensed combined consolidated financial statements gives effect to the proposed merger of NetScreen and Juniper Networks. The merger will be accounted for under the purchase method of accounting in accordance with Statement of Financial Accounting Standard (SFAS) No. 141, Business Combinations (SFAS 141). Under the purchase method of accounting, the total estimated purchase price, calculated as described in Note 1 to these unaudited pro forma condensed combined consolidated financial statements, is allocated to the net tangible and intangible assets of NetScreen acquired in connection with the merger, based on their fair values as of the completion of the merger. Independent valuation specialists are currently conducting an independent valuation in order to assist management of Juniper Networks in determining the fair values of a significant portion of these assets. The preliminary work performed by the independent valuation specialists has been considered in management's estimates of the fair values reflected in these unaudited pro forma condensed combined consolidated financial statements. A final determination of these fair values, which cannot be made prior to the completion of the merger, will include management's consideration of a final valuation prepared by the independent valuation specialists. This final valuation will be based on the actual net tangible and intangible assets of NetScreen that exist as of the date of completion of the merger.

The unaudited pro forma condensed combined consolidated balance sheet as of December 31, 2003 gives effect to the proposed merger as if it occurred on December 31, 2003 and, due to the different fiscal period ends, combines the historical balance sheet of Juniper Networks at December 31, 2003 and the historical balance sheet of NetScreen at September 30, 2003. The Juniper Networks consolidated balance sheet information was derived from its audited December 31, 2003 consolidated balance sheet included in its 2003 Annual Report on Form 10-K and incorporated herein by reference. The NetScreen balance sheet information included therein was derived from its audited September 30, 2003 consolidated balance sheet included in its 2003 Annual Report on Form 10-K and incorporated herein by reference. The unaudited pro forma condensed combined consolidated statement of operations for the year ended December 31, 2003 is presented as if the transaction was consummated on January 1, 2003 and, due to the different fiscal period ends, combines the historical results of Juniper Networks for the year ended December 31, 2003 and the historical results of NetScreen for the year ended September 30, 2003, which results were derived from the companies consolidated statements of operations for those respective periods included in their respective 2003 Annual Reports on Form 10-K incorporated herein by reference.

The unaudited pro forma condensed combined consolidated financial statements has been prepared by Juniper Networks management for illustrative purposes only and is not necessarily indicative of the condensed consolidated financial position or results of operations in future periods or the results that actually would have been realized had Juniper Networks and NetScreen been a combined company during the specified periods. The pro forma adjustments are based on the information available at the time of the preparation of this joint proxy statement/prospectus. The unaudited pro forma condensed combined consolidated financial statements, including the notes thereto, is qualified in its entirety by reference to, and should be read in conjunction with, the historical consolidated financial statements of Juniper Networks included in its Form 10-K for its fiscal year ended December 31, 2003 filed February 20, 2004 with the Securities and Exchange Commission, and the historical consolidated financial statements of NetScreen included in its Form 10-K for its fiscal year ended September 30, 2003 filed December 24, 2003 with the Securities and Exchange Commission.

Further, the unaudited pro forma condensed combined consolidated financial statements do not include any adjustments for liabilities resulting from integration planning, as management of Juniper Networks and NetScreen are in the process of making these assessments and estimates of these costs are not currently known. However, liabilities ultimately will be recorded for severance or relocation costs related to NetScreen employees, costs of vacating certain leased facilities of NetScreen or other costs associated with exiting activities of NetScreen that would affect amounts in the pro forma condensed combined consolidated financial statements. In addition, Juniper Networks may incur significant restructuring charges upon completion of the merger or in subsequent quarters for severance or relocation costs related to Juniper Networks employees, costs of vacating certain leased facilities of Juniper Networks or other costs associated with exiting activities of

Juniper Networks. Also, since deferred compensation is calculated at closing, the amount allocated to deferred stock compensation could materially change depending on the price of Juniper Networks common stock or the number of NetScreen unvested options outstanding at the time of close.

There are no intercompany balances or transactions between Juniper Networks and NetScreen. Certain reclassifications, such as reclassifying \$60 million of long-term investments from short-term investments, reclassifying \$2 million of restructuring reserve from long-term to short-term and certain reclassifications of amortization of intangible assets and deferred compensation, have been made to conform NetScreen's historical amounts to Juniper Networks' presentation.

The pro forma condensed combined consolidated financial statements do not include NetScreen's completed acquisition of Neoteris, Inc., a provider of secure sockets layer virtual private networking (SSL VPN) solutions, which was completed on November 14, 2003. This business combination is not reflected in NetScreen's September 30, 2003 financial statements as it occurred subsequent to that period. NetScreen paid \$20 million in cash and issued 9.7 million shares of common stock (fair value of \$220 million) for all the outstanding stock of Neoteris. NetScreen also assumed all of the outstanding stock options of Neoteris, which were converted into options to purchase 1.2 million shares of NetScreen common stock with a fair value of \$26 million. Additionally, the Neoteris merger agreement entitles Neoteris stockholders and option holders to receive up to an additional \$30 million in cash upon the achievement of certain revenue milestones. The Neoteris, Inc. acquisition was accounted for under the purchase method.

These unaudited pro forma condensed combined consolidated financial statements have been prepared based on preliminary estimates of fair values. They do not include liabilities resulting from integration planning which are not presently estimable as discussed above. Amounts preliminarily allocated to intangible assets with definite lives may increase significantly, which could result in a material increase in amortization of intangible assets. Therefore, the actual amounts recorded as of the completion of the merger may differ materially from the information presented in these unaudited pro forma condensed combined consolidated financial statements. In addition to the receipt of the final valuation, the impact of ongoing integration activities, the timing of completion of the merger and other changes in NetScreen's net tangible and intangible assets that occur prior to completion of the merger could cause material differences in the information presented.

On February 9, 2004, Juniper Networks and NetScreen entered into a merger agreement that will result in NetScreen becoming a wholly owned subsidiary of Juniper Networks in a transaction to be accounted for using the purchase method. The total estimated purchase price of approximately \$4,163 million includes Juniper Networks common stock valued at approximately \$3,590 million, assumed stock options with a fair value of approximately \$557 million and estimated direct transaction costs of approximately \$16 million.

The unaudited pro forma condensed combined consolidated financial statements provide for the issuance of approximately 130 million shares of Juniper Networks common stock, based upon an exchange ratio of 1.404 shares of Juniper Networks common stock for each outstanding share of NetScreen common stock as of February 6, 2004. The actual number of shares of Juniper Networks common stock to be issued will be determined based on the actual number of shares of NetScreen common stock outstanding at the completion of the merger. The average market price per share of Juniper Networks common stock of \$27.64 is based on an average of the closing prices for a range of trading days (February 5, February 6, February 10 and February 11, 2004) around and including the announcement date (February 9, 2004) of the proposed merger. Based on the total number of shares subject to NetScreen options outstanding at February 6, 2004, Juniper Networks would assume options to purchase approximately 27 million shares of NetScreen common stock at a weighted average exercise price of \$11.14. The actual number of shares subject to options to be assumed will be determined based on the actual number of NetScreen options outstanding at the completion of the merger. The fair value of the outstanding options was determined using a Black-Scholes valuation model.

The preliminary estimated total purchase price of the NetScreen merger is as follows (in millions):

Value of Juniper Networks common stock issued	\$3,590
Assumption of NetScreen options	557
	<hr/>
Total value of Juniper Networks securities	4,147
Estimated direct transaction costs	16
	<hr/>
Total estimated purchase price	\$4,163
	<hr/>

Under the purchase method of accounting, the total estimated purchase price as shown in the table above is allocated to NetScreen's net tangible and intangible assets based on their estimated fair values as of the date of the completion of the merger. Based on the preliminary independent valuation and other information currently available, and subject to material changes upon receipt of the final valuation and other factors as described in the introduction to these unaudited pro forma condensed combined consolidated financial statements on page 79 of this joint proxy statement/prospectus, the preliminary estimated purchase price is allocated as follows (in millions):

Preliminary estimated purchase price allocation:	
Net tangible assets	\$ 353
Amortizable intangible assets:	
Developed and core technology, patents	194
Distributor and value added reseller relationships, maintenance agreements	25
Other	11
In-process research and development	29
Goodwill	3,338
Deferred compensation	213

Total preliminary estimated purchase price allocation	\$4,163

**NOTES TO UNAUDITED PRO FORMA CONDENSED COMBINED
CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

Of the total estimated purchase price, a preliminary estimate of approximately \$353 million has been allocated to net tangible assets acquired and approximately \$230 million has been allocated to amortizable intangible assets acquired. The depreciation and amortization related to the fair value adjustment to net tangible assets and the amortization related to the amortizable intangible assets are reflected as pro forma adjustments to the unaudited pro forma condensed combined consolidated statement of operations.

Developed technology, which comprises products that have reached technological feasibility, includes products in most of NetScreen's product lines, principally the firewall and VPN systems and appliances, intrusion detection and prevention (IDP) appliances, and Secure Access and Secure Meeting appliances. Core technology and patents represent a combination of NetScreen processes, patents and trade secrets developed through years of experience in design and development of high-performance network security systems, network attack detection and prevention systems, and security of network resources on public networks. NetScreen's technology and products are designed for hardware, software, solutions and services, including network-to-network, user-to-network, and user-to-user communication with encryption, access control, authentication, and attack detection and prevention. This proprietary know-how can be leveraged by NetScreen to develop new technology and improved products and manufacturing processes. Juniper Networks expects to amortize the developed and core technology and patents on a straight-line basis over an average estimated life of 4 years.

Value added reseller and distributor relationships represent the distribution channels through which NetScreen sells the majority of their products and services. Juniper Networks expects to amortize the fair value of these assets, on a straight-line basis over an average estimated life of 5 to 7 years.

Maintenance agreements and related relationships represent existing service contracts pertaining to the product support services provided by NetScreen on certain hardware and software. Juniper Networks expects to amortize the fair value of these assets, on a straight-line basis over an average estimated life of 5 years.

Trade names and trademarks consist of the registered trade names and trademarks expected to be utilized by Juniper Networks, such as the NetScreen trade name, in the marketing of its products and services. Juniper Networks expects to amortize the fair value of these assets, on a straight-line basis over an average estimated life of 5 years.

Of the total estimated purchase price, approximately \$3,338 million has been allocated to goodwill. Goodwill represents the excess of the purchase price of an acquired business over the fair value of the underlying net tangible and intangible assets and deferred stock compensation.

In accordance with the SFAS No. 142, Goodwill and Other Intangible Assets, goodwill resulting from business combinations completed subsequent to June 30, 2001 will not be amortized but instead will be tested for impairment at least annually (more frequently if certain indicators are present). In the event that the management of the combined company determines that the value of goodwill has become impaired, the combined company will incur an accounting charge for the amount of impairment during the fiscal quarter in which the determination is made.

Of the total estimated purchase price, a preliminary estimate of \$29 million has been allocated to in-process research and development and will be charged to expense in the period during which the merger is completed. Due to its non-recurring nature, the in-process research and development expense has been excluded in the unaudited pro forma condensed combined consolidated statement of operations.

NetScreen is currently developing new products that qualify as in-process research and development in multiple product areas. Projects that qualify as in-process research and development represent those that have not yet reached technological feasibility and which have no alternative future use. Technological feasibility is defined as being equivalent to completion of a beta-phase working prototype in which there is no remaining risk relating to the development.

Table of Contents

**NOTES TO UNAUDITED PRO FORMA CONDENSED COMBINED
CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

NetScreen's current research and development projects are focused on developing new products, integrating new technologies, improving product performance and broadening features and functionalities. The principal research and development efforts of NetScreen are directed within the firewall and VPN, IDP, and Secure Access/ Secure Meeting products. There is a risk that these developments and enhancements will not be competitive with other products using alternative technologies that offer comparable functionality.

The preliminary value assigned to in-process research and development was determined by considering the importance of each project to the overall development plan, estimating costs to develop the purchased in-process research and development into commercially viable products, estimating the resulting net cash flows from the projects when completed and discounting the net cash flows to their present value. The revenue estimates used to value the purchased in-process research and development were based on estimates of relevant market sizes and growth factors, expected trends in technology and the nature and expected timing of new product introductions by NetScreen and its competitors.

The rates utilized to discount the net cash flows to their present value are based on NetScreen's weighted average cost of capital. The weighted average cost of capital was adjusted to reflect the difficulties and uncertainties in completing each project and thereby achieving technological feasibility, the percentage of completion of each project, anticipated market acceptance and penetration, market growth rates and risks related to the impact of potential changes in future target markets. Based on these factors, discount rates that range from 20%-25% were deemed appropriate for valuing the in-process research and development.

The estimates used in valuing in-process research and development were based upon assumptions believed to be reasonable but which are inherently uncertain and unpredictable. Assumptions may be incomplete or inaccurate, and unanticipated events and circumstances may occur. In addition, some projects that are currently in process may not be in process at completion of the merger and new projects may be started prior to completion of the merger that may be in process at the completion of the merger. Accordingly, actual results may vary from the projected results.

Of the total estimated purchase price, a preliminary estimate of \$213 million has been allocated to deferred compensation and will be amortized to expense, using the graded vesting method, beginning in the period in which the merger is completed. The preliminary estimate was based on the aggregate intrinsic value (fair value less the exercise price) of the unvested stock options outstanding on February 9, 2004, using Juniper Networks' closing stock price on the Nasdaq National Market on February 9, 2004 of \$26.18 as the fair value price.

2. Pro Forma Adjustments

Pro forma adjustments are necessary to reflect the estimated purchase price, to adjust amounts related to NetScreen's net tangible and intangible assets to a preliminary estimate of their fair values, to reflect the amortization expense related to the estimated amortizable intangible assets and deferred compensation, to reflect changes in depreciation and amortization expense resulting from the estimated fair value adjustments to net tangible assets and to reflect the income tax effect related to the pro forma adjustments.

There are no intercompany balances or transactions between Juniper Networks and NetScreen. Certain reclassifications have been made to conform NetScreen's historical amounts to Juniper Networks' presentation.

The unaudited pro forma condensed combined consolidated financial statements do not include any adjustments for liabilities resulting from integration planning, as management of Juniper Networks and NetScreen are in the process of making these assessments, and estimates of these costs are not currently known. However, liabilities ultimately will be recorded for severance or relocation costs related to NetScreen employees, costs of vacating certain leased facilities of NetScreen, or other costs associated with exiting activities of NetScreen that would affect amounts in the pro forma financial statements. In addition, Juniper

Networks may incur significant restructuring charges upon completion of the merger or in subsequent quarters for severance or relocation costs related to Juniper Networks employees, costs of vacating certain leased facilities of Juniper Networks, and other costs associated with exiting activities of Juniper Networks. When recorded, these Juniper Networks costs will be charged to operations.

Juniper Networks has not identified any pre-acquisition contingencies where the related asset, liability or impairment is probable and the amount of the asset, liability or impairment can be reasonably estimated. Prior to the end of the purchase price allocation period, if information becomes available which would indicate it is probable that such events have occurred and the amounts can be reasonably estimated, such items will be included in the purchase price allocation.

The pro forma adjustments included in the unaudited pro forma condensed combined consolidated financial statements are as follows:

(a) Adjustment to record the difference between the preliminary estimate of the fair value and the historical amount of NetScreen's inventory.

(b) Adjustments to fully reserve certain NetScreen tax related assets:

Current deferred tax asset	\$(28,368)
Non-current deferred tax asset	(5,640)
	<u> </u>
	<u>\$(34,008)</u>

These adjustments are required to conform to Juniper Networks' valuation allowance position on net deferred tax assets. Juniper Networks has historically provided a valuation allowance on its net deferred assets because of uncertainty regarding their realizability due to tax losses caused, in part, by employee exercises of stock options.

(c) Adjustments to reflect the preliminary estimate of fair value of amortizable intangible assets and the resulting increase in amortization expense, as follows (in thousands):

	<u>Historical Amount</u>	<u>Preliminary Fair Value</u>	<u>Pro Forma Annual Amortization</u>	<u>Historical Amortization</u>	<u>Increase in Annual Amortization</u>	<u>Useful Life (Years)</u>

	<u>Historical Amount</u>	<u>Preliminary Fair Value</u>	<u>Increase</u>
Goodwill	\$54,271	\$3,338,398	\$3,284,127

(e) Adjustment to reflect the preliminary estimate of the fair value of Juniper Networks' legal performance obligations under NetScreen's support contracts and to eliminate historical amounts of NetScreen's deferred revenue that does not represent a legal performance obligation to the combined company.

(f) Adjustment to reflect the estimated direct transaction costs.

(g) Adjustments to stockholders' equity (in thousands):

Common stock and additional paid-in capital:	
To record the estimated value of Juniper Networks shares to be issued and NetScreen options to be assumed in the transaction	\$4,147,146
To eliminate NetScreen's historical common stock and additional paid-in-capital	(493,750)
	<u>\$3,653,396</u>
Other comprehensive income:

(h) Adjustment to record the difference between the preliminary estimate of the deferred compensation resulting from this transaction and the historical amount of NetScreen's deferred compensation and the resulting adjustment to amortization of the deferred compensation, using the graded vesting method, as follows (in thousands):

	<u>Historical Amount</u>	<u>Preliminary Fair Value</u>	<u>Pro Forma Annual Amortization</u>	<u>Historical Amortization</u>	<u>Increase in Amortization</u>
Deferred compensation	\$ 15,977	\$ 212,775	\$ 149,681	\$ 23,215	\$ 126,466

(i) Adjustment to record the related cost of revenues sold resulting from the increase in inventory to its estimated fair value.

(j) Adjustments to record the income tax effect of the pro forma adjustments, including the effect of a full valuation allowance against net deferred tax assets.

Pro Forma Net Income (Loss) Per Share

The pro forma combined basic and diluted net income (loss) per share are based on the weighted average number of shares of Juniper Networks common stock outstanding and weighted average number of NetScreen common stock outstanding multiplied by the exchange ratio.

if applicable, the consent of each nominee to serve as director of Juniper Networks if so elected.

Under NetScreen's bylaws, for nominations or other business to be properly brought before an annual meeting by a stockholder, the stockholder must give timely notice in writing to NetScreen's secretary and such proposed business must otherwise be a proper matter for stockholder action. To be timely, a stockholder's notice must be delivered to NetScreen's secretary at NetScreen's principal executive offices not later than the close of business on the 75th day nor earlier than the close of business on the 105th day prior to the first anniversary of the preceding year's annual meeting; provided, however, that in the event that the date of the annual meeting is more than thirty (30) days before or more than 60 days after such anniversary date, notice by the stockholder to be timely must be so delivered not earlier than the close of business on the 105th day prior to such annual meeting and not later than the close of business on the later of the 75th day prior to such annual meeting or the close of business on the 10th day following the day on which public announcement of the date of such meeting is first made by NetScreen. The stockholder notice must set forth:

as to each person whom the stockholder proposes to nominate for election or reelection as a director, all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors pursuant to Regulation 14A under the Securities Exchange Act of 1934, including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected;

at NetScreen's principal executive office no later than the close of business on the 10th day following the day on which such public announcement is first made by NetScreen.

NetScreen's bylaws also provide that in the event NetScreen calls a special meeting of stockholders for the purpose of electing directors, a stockholder may nominate a person(s) for election to such positions as specified in NetScreen's notice of such special meeting, if the stockholder provides notice as described above and such notice is delivered to NetScreen's secretary at NetScreen's principal executive offices no earlier than the 105th day prior to such special meeting and no later than the close of business on the later of the 75th day prior to such special meeting or the 10th day following the day on which public announcement is first made of the date of the special meeting and of the nominees proposed by the board of directors to be elected at such meeting.

Stockholder Action by Written Consent in Lieu of a Stockholder Meeting

Juniper Networks' bylaws and NetScreen's certificate of incorporation and bylaws provide that stockholders may not take action by written consent in lieu a meeting, but instead must take any such action at a duly called annual or special meeting.

Amendment to Certificate of Incorporation

In addition to the right to amend the certificate of incorporation as prescribed by Delaware law, Juniper Networks' certificate of incorporation provides that the affirmative vote of the holders of at least 66 2/3% of the voting power of all of the then outstanding shares of Juniper Networks entitled to vote generally in the election of directors, voting together as a single class, is required to amend or repeal the provisions of Juniper Networks' certificate of incorporation relating to:

Juniper Networks' board of directors, including the number, classes and terms of directors;

removal of directors and vacancies in the board of directors;

the requirement of a supermajority vote to amend the sections of Juniper Networks' bylaws relating to annual meetings and special meetings;

the prohibition of stockholder action by written consent without a meeting; or

the supermajority vote requirement described above.

In addition to the right to amend the certificate of incorporation as prescribed by Delaware law, NetScreen's certificate of incorporation provides that the affirmative vote of the holders of at least 66 2/3% of the outstanding voting stock of NetScreen then entitled to vote at an election of directors, voting together as a single class, is required to amend or adopt any provision inconsistent with provisions of NetScreen's certificate of incorporation relating to:

the authority of the board of directors to amend or repeal NetScreen's bylaws;

NetScreen's board of directors, including the number, classes and terms of directors;

removal of directors and vacancies in the board of directors;

the prohibition of stockholder action by written consent without a meeting;

the election of directors as not having to be by written ballot;

advance notice provisions for stockholder nominations and proposed business; and

the supermajority vote requirement described above.

Amendment to Bylaws

Edgar Filing: JUNIPER NETWORKS INC - Form S-4

The Juniper Networks board of directors is expressly authorized to make, alter, amend or repeal Juniper Networks bylaws, subject to the right of Juniper Networks stockholders entitled to vote thereon, who also

may adopt, amend or repeal Juniper Networks' bylaws in accordance with Delaware law. However, Juniper Networks' certificate of incorporation provides that the affirmative vote of the holders of at least 66 2/3% of the voting power of all of the then outstanding shares of Juniper Networks entitled to vote generally in the election of directors, voting together as a single class, is required for the adoption, amendment or repeal of the sections of Juniper Networks' bylaws relating to annual meetings and special meetings.

Juniper Networks' bylaws allow Juniper Networks to advance to a director, officer, employee or agent of Juniper Networks the expenses incurred in defending a civil or criminal action, suit or proceeding in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of the director, officer, employee or agent to repay such amount if it shall ultimately be determined that he or she is not entitled to be indemnified by Juniper Networks.

NetScreen's board of directors is expressly authorized to adopt, amend, or repeal NetScreen's bylaws, subject to the right of NetScreen stockholders holding at least 66 2/3% of NetScreen's outstanding voting stock then entitled to vote at an election of directors to also adopt amend or repeal NetScreen's bylaws.

Limitation of Personal Liability of Directors

Each of Juniper Networks and NetScreen's certificates of incorporation contains a provision eliminating the personal liability of its directors to the company or its stockholders for monetary damages for breach of fiduciary duty as a director to the fullest extent permitted by applicable law. In addition, Juniper Networks' certificate of incorporation provides that a director shall be indemnified for such monetary damages.

Provisions in Juniper Networks' and NetScreen's Certificates of Incorporation and Bylaws Regarding Indemnification of Directors, Officers and Employees

Juniper Networks' certificate of incorporation and bylaws provide that Juniper Networks shall indemnify to the fullest extent permitted by law any person made or threatened to be made a party to an action, suit or proceeding (whether criminal, civil, administrative or investigative) by reason of the fact that such person is or was a director, officer, employee or agent of Juniper Networks or any predecessor or subsidiary of Juniper Networks, or serves or served at any other entity as a director or officer at the request of Juniper Networks or any predecessor or subsidiary of Juniper Networks, against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred in connection with such action, suit or proceeding. However, the aforementioned indemnification applies only if the indemnified person acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interest of Juniper Networks, and with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. Juniper Networks' certificate of incorporation and bylaws also provide that Juniper Networks may, but is not required, to provide the above indemnification (and subject to the same qualifications) with respect to persons who are or were serving at the request of Juniper Networks or any predecessor or subsidiary of Juniper Networks as an employee or agent of another entity.

Juniper Networks' certificate of incorporation and bylaws further provide that Juniper Networks shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of Juniper Networks or any predecessor or subsidiary of Juniper Networks, to procure a judgment in Juniper Networks' favor, by reason of the fact that he or she is or was a director or officer of Juniper Networks or any predecessor or subsidiary of Juniper Networks, or is or was serving at the request of Juniper Networks or predecessor or subsidiary of Juniper Networks, as a director, officer, employee or agent of another entity, against expenses, including attorneys' fees, actually and reasonably incurred by him or her in connection with the defense or settlement of such action or suit. However, this indemnification applies only if the indemnified person acted in good faith and in a manner which the person reasonably believed to be in or not opposed to the best interests of Juniper Networks and no indemnification shall be made in respect of any claim, issue or matter as to which such person is adjudged to be liable to Juniper Networks, unless and only to the extent that the Delaware Court of Chancery or the court in which such action or suit was brought determines that such person is entitled to indemnity. Juniper Networks' certificate of incorporation and bylaws also provide that Juniper Networks may, but is not required,

Table of Contents

to provide the indemnification described in this paragraph (subject to the same qualifications) with respect to persons who are or were serving as employees and agents of Juniper Networks or any predecessor or subsidiary of Juniper Networks, or is or was serving at the request of Juniper Networks or any predecessor or subsidiary of Juniper Networks as a director, officer, employee or agent of another entity.

Juniper Networks' bylaws also allow Juniper Networks to advance to a director, officer, employee or agent of Juniper Networks the expenses incurred in defending a civil or criminal action, suit or proceeding in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of the director, officer, employee or agent to repay such amount if it shall ultimately be determined that he or she is not entitled to be indemnified by Juniper Networks.

Juniper Networks' bylaws also provide that Juniper Networks shall have the power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of Juniper Networks or predecessor or subsidiary of Juniper Networks, or is or was serving at the request of Juniper Networks as a director, officer, employee or agent of another entity, against any liability asserted against him or her and incurred by him or her in any such capacity, or arising out of his or her status as such, whether or not Juniper Networks would have the power to indemnify him or her against such liability under the indemnification provisions of Juniper Networks' bylaws.

NetScreen's bylaws provide that any person who was, is or threatened to be made a party to, or is involved in any action, suit, proceeding or the like (whether civil, criminal, administrative or investigative), by reason of the fact that he or she is or was a director or officer of NetScreen, or is or was serving at the request of NetScreen as a director or officer of another entity, shall be indemnified to the fullest extent permitted by Delaware law, against all expenses, liability and loss, including attorneys' fees, judgments, fines, and the like, taxes and penalties and amounts paid or to be paid in settlement, reasonably incurred or suffered by him or her in connection with such action, suit proceeding or the like. However, this indemnification applies only if the indemnified person acted in good faith and in a manner which the person reasonably believed to be in, or not opposed to, the best interests of NetScreen, and, with respect to any criminal action or proceeding, had no reasonable cause to believe that his or her conduct was unlawful. In addition, NetScreen's bylaws provide that NetScreen shall indemnify any person who can otherwise avail him or herself of the indemnification provisions of NetScreen's bylaws in connection with an action, suit, proceeding or the like, initiated by such person, but only if such action, suit or proceeding was authorized by NetScreen's board of directors. Unlike Juniper Networks' bylaws, NetScreen's bylaws do not provide indemnification for non-director or non-officer employees.

NetScreen's bylaws also provide that NetScreen shall advance expenses, including attorneys' fees, incurred by a director or officer in defending a claim, action, proceeding or the like, before the final disposition of such claim, action, proceeding or the like. However, to the extent required by Delaware law, the advancement of expenses will be made only upon such director or officer's undertaking to repay all amounts so advanced if it is later determined that the director or officer is not entitled to indemnification. Additionally, NetScreen's bylaws provide that NetScreen will not advance expenses to a person against whom NetScreen directly brings a claim, in a proceeding, action or the like, alleging that the person has breached his or her duty of loyalty to NetScreen, committed an act or omission not in good faith or that involves intentional misconduct or a knowing violation of law, or derived an improper personal benefit from a transaction.

Under its bylaws, NetScreen is allowed to enter into indemnification contracts with any director, officer, employee or agent of NetScreen, or any person serving at NetScreen's request as a director, officer, employee or agent of another entity. NetScreen's bylaws provide that the indemnification rights under these indemnification contracts may be greater than those provided by the indemnification provisions in NetScreen's bylaws.

Indemnification of Directors and Officers Under Delaware Law

Delaware law provides that a corporation may eliminate or limit the personal liability of a director to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, subject to certain exceptions. The effect of this provision is to eliminate the personal liability of directors to the corporation or its stockholders for monetary damages for actions involving a breach of their fiduciary duty of

Table of Contents

care, including any actions involving gross negligence. For a description of provisions in Juniper Networks and NetScreen's respective certificates of incorporation that limit a director's personal liability in such a fashion, please see *Limitation of Personal Liability of Directors* beginning on page 93 of this joint proxy statement/prospectus.

Delaware law also provides, in general, that a corporation has the power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation), because the person is or was a director or officer of the corporation. Such indemnity may be against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with such action, suit or proceeding, if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation and if, with respect to any criminal action or proceeding, the person did not have reasonable cause to believe the person's conduct was unlawful.

Delaware law further provides, in general, that a corporation has the power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor because the person is or was a director or officer of the corporation, against any expenses (including attorneys' fees) actually and reasonably incurred by the person in connection with the defense or settlement of such action or suit if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation.

Additionally, under Delaware law, a corporation generally has the power to purchase and maintain insurance on behalf of any person who is or was a director or officer of the corporation against any liability asserted against the person in any such capacity, or arising out of the person's status as such, whether or not the corporation would have the power to indemnify the person against such liability under the provisions of the law.

For a description of the indemnification provisions for directors, officers and employees of Juniper Networks and NetScreen, please see *Provisions in Juniper Networks and NetScreen's Certificates of Incorporation and Bylaws Regarding Indemnification of Directors, Officers and Employees* beginning on page 93 of this joint proxy statement/prospectus. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers or persons controlling Juniper Networks or NetScreen pursuant to the foregoing provisions, Juniper Networks has been informed that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is therefore unenforceable.

**ADDITIONAL PROPOSAL BEING SUBMITTED SOLELY TO A VOTE OF
NETSCREEN STOCKHOLDERS**

Granting of Authority to Adjourn or Postpone the NetScreen Special Meeting

If at the NetScreen special meeting of stockholders on [], 2004, the number of shares of NetScreen common stock present or represented and voting in favor of and adoption of the merger agreement is insufficient to adopt the merger agreement under Delaware law, NetScreen's management intends to move to adjourn or postpone the special meeting in order to enable the NetScreen board of directors to solicit additional proxies. In that event, NetScreen will ask its stockholders to vote only upon the adjournment proposal, and not the proposal regarding the adoption of the merger agreement.

In this proposal, NetScreen is asking you to authorize the holder of any proxy solicited by the NetScreen board of directors to vote in favor of granting discretionary authority to Robert D. Thomas and Remo E. Canessa to adjourn or postpone the NetScreen special meeting to a date not later than November 9, 2004 for the purpose of soliciting additional proxies. If the stockholders approve the adjournment proposal, NetScreen could adjourn the special meeting, and any adjourned session of the special meeting and use the additional time to solicit additional proxies, including the solicitation of proxies from stockholders that have previously

Table of Contents

voted. Among other things, approval of the adjournment proposal could mean that, even if NetScreen had received proxies representing a sufficient number of votes against the merger to defeat the merger proposal, NetScreen could adjourn or postpone the special meeting without a vote on the merger proposal and seek to convince the holders of those shares to change their votes to votes in favor of the merger.

Vote Required; Recommendation of the Board of Directors

Under NetScreen's bylaws, the adjournment proposal requires the approval of a majority of the votes cast on the proposal assuming a quorum is present to conduct business at the NetScreen special meeting. Broker non-votes and abstentions will have no effect on the outcome of the vote on the adjournment proposal. No proxy that is specifically marked **AGAINST** approval of the merger agreement will be voted in favor of the adjournment proposal, unless it is specifically marked **FOR** granting the discretionary authority to adjourn or postpone the special meeting to a later date.

The board of directors believes that if the number of shares of NetScreen common stock present or represented at the special meeting and voting in favor of adoption of the merger agreement is insufficient to adopt the merger agreement, it is in the best interests of the stockholders of NetScreen to enable the board to continue to seek to obtain a sufficient number of additional votes in favor of adoption of the merger agreement to bring about its approval.

The NetScreen board of directors recommends that you vote **FOR** the proposal to grant discretionary authority to adjourn or postpone the NetScreen special meeting to a date not later than November 9, 2004 for the purpose of soliciting additional proxies.

FUTURE JUNIPER NETWORKS STOCKHOLDER PROPOSALS

The time for Juniper Networks stockholders to submit proposals for inclusion in Juniper Networks' proxy statement for Juniper Networks' 2004 annual meeting of stockholders in accordance with the standards contained in Securities and Exchange Commission Rule 14a-8 and Juniper Networks' bylaws has passed. Accordingly, no new stockholder proposals may be submitted to Juniper Networks for inclusion in Juniper Networks' proxy statement for Juniper Networks' 2004 annual meeting of stockholders. However, if the date of Juniper Networks' 2004 stockholder meeting is moved more than 30 days before or after the anniversary date of the prior year's meeting, the deadline for inclusion of proposals in Juniper Networks' proxy statement is a reasonable time before Juniper Networks begins to print and mail its proxy materials. The time to submit notice of stockholder proposals or nominations to be raised from the floor of Juniper Networks' 2004 annual meeting of stockholders has also passed. However, if the date of Juniper Networks' 2004 stockholder meeting is moved more than 30 days before or 60 days after the anniversary date of the prior year's meeting, then, in order to raise a proposal or nomination from the floor, notice must be received by the corporate secretary of Juniper Networks no earlier than the close of business 120 days prior to the meeting and no later than the close of business on the later of the following two dates:

90 days prior to the meeting; and

10 days after public announcement of the meeting date.

In addition, in order to raise a proposal from the floor, the stockholder must comply with Juniper Networks' bylaws, including requirements to have delivered a proxy statement and form of proxy to holders of a sufficient number of shares of Juniper Networks common stock to approve the proposal and to provide specified information. You may contact the Juniper Networks corporate secretary at Juniper Networks' principal executive offices for a copy of the relevant provisions of Juniper Networks' bylaws regarding the requirements for making stockholder proposals and nominations for directors.

FUTURE NETSCREEN STOCKHOLDER PROPOSALS

If the merger with Juniper Networks is not completed, stockholder proposals intended to be included in NetScreen's proxy materials for its 2005 Annual Meeting of Stockholders must be received by NetScreen at

Table of Contents

its principal executive offices no later than September 30, 2004. Proposals received after that date are not required to be included in NetScreen's proxy materials for that meeting. Other stockholder proposals may be presented at the 2005 Annual Meeting only if NetScreen has received adequate notice of such proposals at its principal executive offices no later than December 20, 2004. Proposals NetScreen receives after that date will be considered untimely and may not be presented at its 2005 Annual Meeting. For more information about the procedure for submitting proposals for consideration at a stockholder meeting, you may request a copy of NetScreen's bylaws from NetScreen's investor relations department as provided in the section below entitled *Where You Can Find More Information*.

relevant provisions of Delaware Law (collectively, the **Certificate of Merger**) (the time of such filing (or such later time as may be agreed in writing by Company and Parent and specified in the Certificate of Merger) being the **Effective Time**) as soon as practicable on or after the Closing Date (as herein defined). Unless the context otherwise requires, the term **Agreement** as used herein refers collectively to this Agreement and Plan of Reorganization and the Certificate of Merger. The closing of the Merger (the **Closing**) shall take place at the offices of Wilson Sonsini Goodrich & Rosati, Professional Corporation, 650 Page Mill Road, Palo Alto, California at a time and date to be specified by the parties, which shall be no later than the second business day after the satisfaction or waiver of the conditions set forth in Article VI (other than those conditions which, by their terms, are to be satisfied or waived at the Closing), or at such other time, date and location as the parties hereto agree in writing (the **Closing Date**).

1.3 *Effect of the Merger.* At the Effective Time, the effect of the Merger shall be as provided in this Agreement and the applicable provisions of Delaware Law. Without limiting the generality of the foregoing, and subject thereto, at the Effective Time, all the property, rights, privileges, powers, and franchises of Company and Merger Sub shall vest in the Surviving Corporation, and all debts, liabilities and duties of Company and Merger Sub shall become the debts, liabilities, and duties of the Surviving Corporation.

1.4 *Certificate of Incorporation; Bylaws.*

(b) At the Effective Time, the Bylaws of the Surviving Corporation shall be amended and restated to be identical to those in effect for Merger Sub immediately prior to the Effective Time until thereafter amended.

1.6 *Effect on Capital Stock.* Subject to the terms and conditions of this Agreement, at the Effective Time, by virtue of the Merger and without any action on the part of Merger Sub, Company or the holders of any of the following securities, the following shall occur:

(a) *Conversion of Company Common Stock.* Each share of Common Stock, \$0.001 par value per share, of Company (the **Company Common Stock**) issued and outstanding immediately prior to the Effective Time, other than any shares of Company Common Stock to be cancelled pursuant to Section 1.6(b), will be cancelled and extinguished and automatically converted (subject to Sections 1.6(e) and (f)) into the right to receive that number of shares of Common Stock, \$0.00001 par value per share, of Parent (the **Parent Common Stock**) equal to 1.404 (the **Exchange Ratio**), upon surrender of the certificate representing such share of Company Common Stock in the manner provided in Section 1.7 (or in the case of a lost, stolen or destroyed certificate, upon delivery of an affidavit (and bond, if required) in the manner provided in Section 1.9). If any shares of Company Common Stock outstanding immediately prior to the Effective Time are unvested or are subject to a repurchase option, risk of forfeiture or other condition under any applicable restricted stock purchase agreement or other agreement with Company, then the shares of Parent Common Stock issued in exchange for such shares of Company Common Stock will also be unvested and subject to the same repurchase option, risk of forfeiture or other condition, and the certificates representing such shares of Parent Common Stock may accordingly be marked with appropriate legends. (d) *Capital Stock of Merger Sub.* Each share of Common Stock, \$0.001 par value per share, of Merger Sub (the **Merger Sub Common Stock**) issued and outstanding immediately prior to the Effective Time shall be converted into one validly issued, fully paid and nonassessable share of Common Stock, \$0.00001 par value per share, of the Surviving Corporation. Each certificate evidencing ownership of shares of Merger Sub Common Stock shall evidence ownership of such shares of capital stock of the Surviving Corporation.

Upon surrender of Certificates for cancellation to the Exchange Agent or to such other agent or agents as may be appointed by Parent, together with such letter of transmittal, duly completed and validly executed in accordance with the instructions thereto, the holders of such Certificates shall be entitled to receive in exchange therefor certificates representing the number of whole shares of Parent Common Stock into which their shares of Company Common Stock were converted at the Effective Time, payment in lieu of fractional shares which such holders have the right to receive pursuant to Section 1.6(f) and any dividends or distributions payable pursuant to Section 1.7(d), and the Certificates so surrendered shall forthwith be cancelled. Until so surrendered, outstanding Certificates will be deemed from and after the Effective Time, for all corporate purposes to evidence only the ownership of the number of full shares of Parent Common Stock into which such shares of Company Common Stock shall have been so converted, the right to receive an amount in cash in lieu of the issuance of any fractional shares in accordance with Section 1.6(f) and any dividends or distributions payable pursuant to Section 1.7(d).

(d) *Distributions With Respect to Unexchanged Shares.* No dividends or other distributions declared or made after the date of this Agreement with respect to Parent Common Stock with a record date after the Effective Time will be paid to the holders of any unsurrendered Certificate(s) with respect to the shares of Parent Common Stock represented thereby until the holders of record of such Certificate(s) shall surrender such Certificate(s). Subject to applicable law, following surrender of any such Certificate(s), the Exchange Agent shall deliver to the record holders thereof, without interest, (i) a certificate(s) representing whole shares of Parent Common Stock issued in exchange therefor along with payment in lieu of fractional shares pursuant to Section 1.6(f) and the amount of any such dividends or other distributions with a record date after the Effective Time payable with respect to such whole shares of Parent Common Stock and (ii) at the appropriate payment date, the amount of dividends or other distributions with a record date after the Effective Time and a payment date subsequent to such surrender payable with respect to such whole shares of Parent Common Stock.

(e) *Transfers of Ownership.* If any certificate representing shares of Parent Common Stock is to be issued in a name other than that in which the Certificate surrendered in exchange therefor is registered, it will be a condition of the issuance thereof that the Certificate so surrendered will be properly endorsed and otherwise in proper form for transfer and that the persons requesting such exchange will have paid to Parent or any agent designated by it any transfer or other taxes required by reason of the issuance of certificates representing shares of Parent Common Stock in any name other than that of the registered holder of the Certificates surrendered, or established to the satisfaction of Parent or any agent designated by it that such tax has been paid or is not payable.

(f) *Required Withholding.* Each of the Exchange Agent, Parent, and the Surviving Corporation shall be entitled to deduct and withhold from any consideration payable or otherwise deliverable pursuant to this Agreement to any holder or former holder of Company Common Stock such amounts as may be required to be deducted or withheld therefrom under the Code or under any provision of state, local or foreign tax law or under any other applicable legal requirement. To the extent such amounts are so deducted or withheld, such amounts shall be treated for all purposes under this Agreement as having been paid to the person to whom such amounts would otherwise have been paid.

(g) *No Liability.* Notwithstanding anything to the contrary in this Section 1.7, none of the Exchange Agent, Parent, the Surviving Corporation, or any party hereto shall be liable to a holder of shares of Parent Common Stock or Company Common Stock for any amount properly paid to a public official pursuant to any applicable abandoned property, escheat, or similar law.

Company Registered Intellectual Property means any Registered Intellectual Property that is owned by, or filed in the name of, Company or any of its subsidiaries.

(a) Section 2.18(a) of the Company Schedule lists all of Company Registered Intellectual Property and specifies, where applicable, the jurisdictions in which each such item of Company Registered Intellectual Property has been issued or registered.

(b) To Company's knowledge, no Company Intellectual Property or software products owned by, or service offerings of, Company or any of its subsidiaries (**Company Products**) are subject to any outstanding order, judgment, writ, injunction or decree of any court or Governmental Entity materially restricting the use, transfer, or licensing thereof by Company or any of its subsidiaries.

(c) Each material item of Company Registered Intellectual Property is subsisting (except in each case where Company has elected not to maintain or continue the prosecution of the same), and Company has made reasonable efforts to pay all necessary registration, maintenance and renewal fees currently due in connection with such Company Registered Intellectual Property and to file all necessary documents, recordations and certificates in connection with such Company Registered Intellectual Property with the relevant patent, copyright, trademark or other authorities in the United States or foreign jurisdictions, as the case may be, for the purposes of maintaining such Company Registered Intellectual Property, except where the failure to do so would not be material to the Company. To Company's knowledge, each patent and registered trademark of the Company is valid.

(d) Company owns each material item of Company Intellectual Property free and clear of any encumbrance (excluding non-exclusive licenses and related restrictions granted in the ordinary course) that would reasonably be expected to materially interfere with the use by Company of such Company Intellectual Property, or any liens. Without limiting the foregoing: (i) Company is the owner or exclusive licensee of all registered trademarks that Company claims to own or have exclusive rights to and that are used in connection with the operation or conduct of the business of Company and its subsidiaries, including the sale, distribution or provision of any Company Products by Company or its subsidiaries; (ii) to the knowledge of Company, Company has all rights and licenses necessary to use any trademarks that are used in connection with the operation or conduct of the business of Company and its subsidiaries, including the sale, distribution or provision of any Company Products by Company or its subsidiaries; and (iii) except as set forth in Section 2.18(d) of the Company Schedule, Company owns exclusively, and has good title to, or has exclusive licenses to, all copyrighted works that are Company Products, except, in each case, where failure to have the ownership or rights set forth above would not be material to Company.

(e) To the extent that any material technology, software or Intellectual Property has been developed or created independently or jointly by a third party for Company or any of its subsidiaries or is incorporated into any of the Company Products, Company has a written or electronic agreement with such third party with respect thereto and Company thereby either (i) has obtained ownership of, and is the exclusive owner of, or (ii) has obtained a license (sufficient for Company's use of such technology, software or Intellectual Property as currently conducted) to such third party's technology, software or Intellectual Property, by operation of law or by valid assignment or license, except where the failure to do so would not reasonably be expected to be material to Company.

(f) To the Company's knowledge, the Company Intellectual Property and other Intellectual Property licensed by Company constitutes all the Intellectual Property necessary to the conduct of the business of Company as it currently is conducted, including, without limitation, the design, development, manufacture, use, import and sale of Company Products, except for items that may reasonably be expected to be commercially available for licensing on reasonable terms from third parties.

(g) No person who has licensed any technology, software or Intellectual Property to Company has ownership rights or license rights granted by Company to improvements made by Company in such

technology, software or Intellectual Property Rights, except as would not have a Material Adverse Effect on Company.

(h) Neither Company nor any of its subsidiaries has transferred ownership of, or granted any exclusive license with respect to, any Intellectual Property that is Company Intellectual Property, or permitted Company's rights in any material Company Intellectual Property to lapse or enter the public domain (except where Company has elected not to maintain or continue the prosecution of such Company Intellectual Property).

(i) Section 2.18(i) of the Company Schedule lists all contracts, licenses and agreements to which Company or any of its subsidiaries is a party: (i) that explicitly grants a license to any Company Registered Intellectual Property (other than licenses granted in connection with the sale of Company products or related support and maintenance agreements); or (ii) pursuant to which Company grants to any third party any rights to embed, integrate, or bundle Company software code into or with such third party's software or hardware products for distribution and sale.

(j) To Company's knowledge, all contracts, licenses and agreements to which Company is a party that are material to the business of Company as currently conducted and that grant to Company any rights to embed, integrate, bundle, or distribute any Intellectual Property of a third party into or with any Company Products (**IP Rights Agreements**) are in full force and effect (other than those which have expired by their terms or been terminated), except as would not reasonably be expected to have a Material Adverse Effect on Company. To Company's knowledge, the consummation of the transactions contemplated by this Agreement will not violate, breach or give rise to any right to modify, cancel, terminate or suspend any IP Rights Agreement. To Company's knowledge, each of Company and its subsidiaries is in material compliance with all IP Rights Agreements and has not materially breached any material term of any IP Rights Agreement. Neither this Agreement nor the transactions contemplated by this Agreement will (i) materially impair the right of Company or any of its subsidiaries to continue exercising any rights they currently have under any IP Rights Agreements, (ii) trigger any provisions in any IP Rights Agreements that would cause any material increase in royalties or other fees due under such agreements, (iii) create any additional material restrictions on the use of the licensed Intellectual Property or the operation of Company's business, (iv) result in Parent or any of its subsidiaries (other than Company following the Merger, but only to the extent existing prior to the Merger) granting any rights or license to any Intellectual Property of Parent or any of its subsidiaries (including a covenant not to sue with respect to any Intellectual Property of Parent or any of its subsidiaries), or (v) result in Parent or any of its subsidiaries (other than Company following the Merger, but only to the extent existing prior to the Merger) being bound by any material non-compete or other material restriction on the operation of the business of Parent or any of its subsidiaries.

(k) To Company's knowledge, the operation of the business of Company and its subsidiaries as such business currently is conducted by Company or any of its subsidiaries, including without limitation (i) Company's and its subsidiaries' design, development, manufacture, distribution, reproduction, marketing or sale of the products or services of Company and its subsidiaries (including Company Products) and (ii) Company's use of any product, device or process, does not infringe or misappropriate the Intellectual Property of any third party in any jurisdiction or constitute unfair competition or unfair trade practices under United States laws.

(l) Since Company's initial public offering, neither Company nor any of its subsidiaries has received written notice or subsequent correspondence from any third party that the operation of the business of Company or any of its subsidiaries or any act, product or service of Company or any of its subsidiaries infringes or misappropriates the Intellectual Property of any third party or constitutes unfair competition or trade practices under the laws of any jurisdiction.

(m) To Company's knowledge, there are no material disputes between Company and any third parties regarding any material contracts, licenses or agreements between Company and any other person with respect to Company Intellectual Property including with respect to any material payments to be made or received by Company thereunder.

(n) To Company's knowledge, no person is materially infringing or misappropriating any material Company Intellectual Property.

(o) Except as would not have a material effect on the Company or its ability right to sell, make, have made or distribute its products, each of Company and each of its subsidiaries has taken reasonable steps to protect Company's and such subsidiary's rights in Company's material confidential information and trade secrets that Company wishes to protect or any material trade secrets or confidential information of third parties provided to Company or any of its subsidiary's under an obligation of confidentiality, and, without limiting the foregoing, each of Company and its subsidiaries has and enforces a policy requiring each employee and contractor to execute a proprietary information/confidentiality agreement substantially in the form provided to Parent.

(e) any agreement, contract or commitment currently in force relating to the disposition or acquisition by Company or any of its subsidiaries after the date of this Agreement of a material amount of assets not in the ordinary course of business or pursuant to which Company or any of its subsidiaries has any material ownership interest in any corporation, partnership, joint venture or other business enterprise other than Company's subsidiaries;

(f) any agreement, contract or commitment currently in force to provide source code to any third party for any product or technology that is material to Company and its subsidiaries taken as a whole;

No investigation or review by any governmental or regulatory body or authority is pending or, to the knowledge of Parent, threatened in writing against Parent or its subsidiaries, nor has any governmental or regulatory body or authority indicated in writing to Parent or any of its subsidiaries an intention to conduct the same, other than, in each such case, those the outcome of which would not, individually or in the aggregate, reasonably be expected to have the effect of prohibiting or materially impairing any current business practices of Parent or any of its subsidiaries, any acquisition of material property by Parent or any of its subsidiaries or the conduct of business by Parent or any of its subsidiaries.

Company shall not submit to the vote of its stockholders any Acquisition Proposal or propose or agree to do so.

5.4 *Parent Takeover Proposals.* From and after the date of this Agreement until the earlier of the Effective Time or termination of this Agreement pursuant to Article VII, Parent and its subsidiaries will not, nor will they authorize or permit any of their respective officers, directors, controlled affiliates or employees or any investment banker, attorney or other advisor or representative retained by any of them to, directly or indirectly, (i) solicit, initiate, knowingly induce or knowingly encourage the making, submission or announcement of any Takeover Proposal (as defined below), or (ii) participate in any discussions or negotiations with a third party regarding, or furnish to any person any information with respect to, or take any other action to knowingly facilitate any inquiries or the making of any proposal that is or would reasonably be expected to lead to, any Takeover Proposal; *provided, however,* that in the event that Parent shall receive an unsolicited bona fide written offer for a Parent Takeover (as defined below), (i) Parent shall promptly notify Company that it has received such an offer and (ii) the provisions of this Section 5.4 shall no longer be applicable. 5.5 Confidentiality; Access to Information.

(a) The parties acknowledge that Company and Parent have previously executed a Confidentiality Agreement, dated as of August 6, 2003 (the **Confidentiality Agreement**), which Confidentiality Agreement will continue in full force and effect in accordance with its terms.

(b) Between the date hereof and the earlier of the Effective Time or the termination of this Agreement in accordance with its terms, Company will, and will cause its subsidiaries to, use commercially reasonable efforts to give Parent and its authorized representatives (including Parent's external auditors) reasonable access to all employees, plants, offices, warehouses and other facilities and to all books and records and personnel files of current employees of Company and its subsidiaries as Parent may reasonably require, and will cause its officers and its subsidiaries to furnish Parent with such financial and operating data and other information with respect to the business and properties of Company and its subsidiaries as Parent may from time to time reasonably request. Between the date hereof and the Effective Time, Parent shall make available to Company, as reasonably requested by Company, a designated officer of Parent to answer questions and make available such information and documents regarding Parent as is reasonably requested by Company taking into account the nature of the transactions contemplated by this Agreement. The access described in this Section 5.5(b) shall be subject to the granting party's reasonable security measures and insurance requirements. Company shall use commercially reasonable efforts to allow Parent access to the workpapers of its independent auditors prior to the Effective Time.

(c) Between the date hereof and the earlier of the termination of this Agreement in accordance with its terms and the Effective Date, Company shall furnish to Parent within two (2) business days following approval thereof by the audit committee of Company's Board of Directors (and in any event within thirty (30) business days after the end of each fiscal quarter) an unaudited balance sheet as of the end of such quarter and the related statements of earnings, stockholders' equity (deficit) and cash flows for the quarter then ended, all of such financial statements to be prepared in accordance with GAAP in conformity with the practices consistently applied by Company with respect to such financial statements.

5.6 Public Disclosure. Parent and Company will consult with each other before issuing any press release or otherwise making any public statement with respect to the Merger, this Agreement or an Acquisition Proposal and will not issue any such press release or make any such public statement prior to such consultation, except as may be required by law or any listing agreement with a national securities exchange, in which case commercially reasonable efforts to consult with the other party will be made prior to any such press release or public statement. The parties have agreed to the text of the joint press release announcing the signing of this Agreement.

5.7 Commercially Reasonable Efforts; Notification.

(a) Upon the terms and subject to the conditions set forth in this Agreement, each of the parties agrees to use commercially reasonable efforts to take, or cause to be taken, all actions, and to do, or cause to be done, and to assist and cooperate with the other parties in doing, all things necessary, proper or advisable to consummate and make effective, in the most expeditious manner practicable, the Merger and the other transactions contemplated by this Agreement, including using commercially reasonable efforts to accomplish the following: (i) the taking of all commercially reasonable acts necessary to cause the conditions precedent set forth in Article VI to be satisfied, (ii) the obtaining of all necessary actions or nonactions, waivers, consents, approvals, orders and authorizations from Governmental Entities and the making of all necessary

registrations, declarations and filings (including registrations, declarations and filings with Governmental Entities, if any) and the taking of all commercially reasonable steps as may be necessary to avoid any suit, claim, action, investigation or proceeding by any Governmental Entity, (iii) the defending of any suits, claims, actions, investigations or proceedings, whether judicial or administrative, challenging this Agreement or the consummation of the transactions contemplated hereby, including seeking to have any stay or temporary restraining order entered by any court or other Governmental Entity vacated or reversed and (iv) the execution or delivery of any additional instruments reasonably necessary to consummate the transactions contemplated by, and to fully carry out the purposes of, this Agreement; *provided, however*, that nothing in this Agreement shall require Parent to agree to divestiture material to Parent or Company by Parent or Company or any of Parent's subsidiaries or affiliates of shares of capital stock or of any business, assets or property of Parent or its subsidiaries or affiliates or Company or its subsidiaries or affiliates or the imposition of any material limitation on the ability of any of them to conduct their businesses or to own or exercise control of such capital stock, assets or properties. In connection with and without limiting the foregoing, Company and its Board of Directors shall, if any state takeover statute or similar statute or regulation is or becomes applicable to the Merger, this Agreement, the Company Voting Agreements or any of the transactions contemplated hereby and thereby, use commercially reasonable efforts to ensure that the Merger, this Agreement, the Company Voting Agreements and the other transactions contemplated hereby and thereby may be consummated as promptly as practicable on the terms contemplated by this Agreement and otherwise to minimize the effect of such statute or regulation on the Merger, this Agreement, the Company Voting Agreements and the transactions contemplated hereby and thereby.

(b) Each of Parent, Merger Sub and Company will notify the other promptly upon the receipt of: (i) any comments from any officials of any Governmental Entity in connection with any filings made pursuant hereto; and (ii) any request by any officials of any Governmental Entity for amendments or supplements to any filings made pursuant to, or information provided to comply in all material respects with, any Legal Requirements. Whenever any event occurs that is required to be set forth in an amendment or supplement to any filing made pursuant hereto, Parent, Merger Sub or Company, as the case may be, will promptly inform the others of such occurrence and cooperate in filing with the applicable Governmental Entity such amendment or supplement.

(c) Company shall give prompt notice to Parent of any representation or warranty made by it contained in this Agreement becoming untrue or inaccurate, or any failure of Company to comply with or satisfy in any respect any covenant, condition or agreement to be complied with or satisfied by it under this Agreement, in each case, such that the conditions set forth in Section 6.3(a) or 6.3(b) would not be satisfied; *provided, however*, that no such notification shall affect the representations, warranties, covenants or agreements of the parties or the conditions to the obligations of the parties under this Agreement.

(d) Parent shall give prompt notice to Company of any representation or warranty made by it or Merger Sub contained in this Agreement becoming untrue or inaccurate, or any failure of Parent or Merger Sub to comply with or satisfy in any respect any covenant, condition or agreement to be complied with or satisfied by it under this Agreement, in each case, such that the conditions set forth in Section 6.2(a) or 6.2(b) would not be satisfied; *provided, however*, that no such notification shall affect the representations, warranties, covenants or agreements of the parties or the conditions to the obligations of the parties under this Agreement.

5.8 *Third Party Consents.* As soon as practicable following the date hereof, Parent and Company will each use commercially reasonable efforts to obtain any consents, waivers and approvals under any of its or its subsidiaries' respective agreements, contracts, licenses or leases required to be obtained in connection with the consummation of the transactions contemplated hereby.

5.9 *Stock Options; 401(k) Plan; Company Employee Plan Matters.*

(a) *Stock Options.* At the Effective Time, Parent shall assume all options to purchase Common Stock issued by Company pursuant to the Company Option Plans, whether vested or unvested and whether exercisable or unexercisable (each a **Company Option**). Company's repurchase right with respect to any unvested shares acquired by the exercise of Company Options shall be assigned to Parent by virtue of the Merger and without any further action on the part of Company or the holder of such an award. Immediately after the Effective Time, each Company Option outstanding immediately prior to the Effective Time shall be

deemed to constitute an option to acquire, on the same terms and conditions as were applicable under such Company Option at the Effective Time, such number of shares of Parent Common Stock as is equal to the number of shares of Company Common Stock subject to the unexercised portion of such option multiplied by the Exchange Ratio, rounded down to the nearest whole number. The exercise price per share of each such assumed Company Option shall be equal to the exercise price of such option immediately prior to the Effective Time divided by the Exchange Ratio, rounded up to the nearest whole cent. The term, vesting schedule, status as an incentive stock option under Section 422 of the Code, if applicable, and all other terms of the Company Options shall otherwise remain unchanged. It is the intention of the parties that the Company Options so assumed by Parent qualify following the Effective Time as incentive stock options as defined in Section 422 of the Code to the extent such Company Options qualified as incentive stock options prior to the Effective Time.

(b) *401(k) Plans.* Effective as of the day immediately preceding the Closing Date, Company and its subsidiaries, as applicable, shall each terminate any and all plans intended to include a Code Section 401(k) arrangement (unless Parent provides written notice to Company that such 401(k) plan(s) shall not be terminated). Unless Parent provides such written notice to Company, no later than two (2) business days prior to the Closing Date, Company shall provide Parent with evidence that such 401(k) plan(s) have been terminated (effective as of the day immediately preceding the Closing Date) pursuant to resolutions of Company's Board of Directors. The form and substance of such resolutions shall be subject to review and approval of Parent. Company also shall take such other actions in furtherance of terminating such 401(k) Plan(s) as Parent may reasonably require.

(c) *ESPP.* The rights of participants in the Company ESPP with respect to any offering then underway under the Company ESPP shall be determined by treating the last business day prior to the Effective Time as the last day of such offering and by making such other pro rata adjustments as may be necessary to reflect the shortened offering but otherwise treating such shortened offering as a fully effective and completed offering for all purposes under the Company ESPP. Outstanding rights to purchase shares of Company Common Stock shall be exercised in accordance with the procedures set forth in the Company ESPP, and each share of Company Common Stock purchased pursuant to such exercise shall by virtue of the Merger, and without any action on the part of the holder thereof, be converted into the right to receive a number of shares of Parent Common Stock equal to the Exchange Ratio, without issuance of certificates representing issued and outstanding shares of Company Common Stock to participants under the Company ESPP. As of the Effective Time, the Company ESPP shall be terminated. Prior to the Effective Time, Company shall (i) provide Parent with evidence that the Company ESPP has been terminated pursuant to resolutions of Company's Board of Directors, and the form and substance of such resolutions shall be subject to prior review and approval of Parent, and (ii) take such other actions (including, but not limited to, if appropriate, amending the Company ESPP) that are necessary to give effect to the transaction contemplated by this Section 5.9(c). Parent shall use its reasonable efforts to provide to employees of Company who continue their employment with Company following the Effective Time the opportunity to enroll in a special offering period under Parent's Employee Stock Purchase Plan, which special offering period shall commence as soon as is administratively practicable following the Effective Time; *provided, however,* that such special offering period shall not commence in the event the next regularly scheduled offering period under Parent's Employee Stock Purchase Plan shall commence within six (6) weeks following the Effective Time.

(d) *Certain Employee Benefits.* As soon as practicable after the execution of this Agreement, Company and Parent shall confer and work together in good faith to agree upon mutually acceptable employee benefit and compensation arrangements for employees of Company and its subsidiaries following the Effective Time; *provided,* that Company employees will receive comparable employee benefit and compensation arrangements to similarly situated Parent employees. Employees of Company and its subsidiaries will be granted credit for all service with Company, its subsidiaries or its affiliates (except to the extent such service credit will result in the duplication of benefits) under each current employee benefit plan, program or arrangement of Parent or its affiliates in which such employees are eligible to participate for purposes of eligibility and vesting, except for purposes of Parent's benefit accrual under Parent retirement plans. If employees become eligible to participate in a medical, dental or vision plan of Parent or its affiliates, Parent

shall use commercially reasonable efforts to cause such plan to (i) waive any preexisting condition exclusions and waiting period limitations for conditions covered under the applicable medical, dental or vision plans maintained or contributed to by Company (but only to the extent corresponding exclusions and limitations were satisfied by such employees under the applicable medical, dental or health plans maintained or contributed to by Company) and (ii) credit any deductible or out of pocket expenses incurred by the employees and their beneficiaries under such plans during the portion of the plan year in which the Effective Time occurs.

5.10 *Form S-8.* Parent agrees to file, if available for use by Parent, a registration statement on Form S-8 for the shares of Parent Common Stock issuable with respect to assumed Company Options within ten (10) business days following the Closing.

5.11 *Indemnification.*

(a) From and after the Effective Time, Parent will cause to be maintained in effect in all respects the current obligations of Company pursuant to any indemnification agreements between Company and its directors and officers in effect immediately prior to the Effective Time and any indemnification provisions under the Company Charter Documents as in effect on the date hereof. The Certificate of Incorporation and Bylaws of the Surviving Corporation will contain provisions with respect to exculpation and indemnification that are at least as favorable to the indemnified parties thereunder (the **Indemnified Parties**) as those contained in the Company Charter Documents as in effect on the date hereof, which provisions will not be amended, repealed or otherwise modified for a period of six (6) years from the Effective Time in any manner that would adversely affect the rights thereunder of the Indemnified Parties, unless such modification is required by law.

(b) For a period of six (6) years after the Effective Time, Parent will cause the Surviving Corporation to maintain in effect, if available, directors' and officers' liability insurance covering those persons who are currently covered by Company's directors' and officers' liability insurance policy on terms comparable to those applicable to the current directors and officers of Company; *provided, however*, that in no event will Parent or the Surviving Corporation be required to expend in the aggregate for such coverage in excess of 200% of the annual premium currently paid by Company, it being understood that Parent shall nevertheless be obligated to provide such coverage as may be obtained for such 200% amount.

(c) This Section 5.11 is intended to be for the benefit of, and shall be enforceable by, the Indemnified Parties, their heirs and personal representatives and shall be binding on the Surviving Corporation and its respective successors and assigns. In the event Parent or the Surviving Corporation or any of their respective successors or assigns (i) consolidates with or merges into any other person and shall not be the continuing or surviving corporation or entity in such consolidation or merger or (ii) transfers all or substantially all its properties and assets to any person, then, and in each case, proper provision shall be made so that the successors and assigns of Parent or the Surviving Corporation, as the case may be, honor the indemnification obligations set forth in this Section 5.11.

5.12 *Nasdaq Listing.* Parent will use commercially reasonable efforts to cause the shares of Parent Common Stock issuable, and those required to be reserved for issuance, in connection with the Merger to be authorized for listing by Nasdaq, upon official notice of issuance.

5.13 *Affiliates.* Company will use its commercially reasonable efforts to deliver or cause to be delivered to Parent a Company Affiliate Agreement from each person Company reasonably determines, after the date hereof and prior to the Closing Date, to be a Company Affiliate, as promptly as practicable on or following the date of such determination.

5.14 *Section 16 Matters.* Prior to the Effective Time, Parents and Company shall take all such steps as may be required (to the extent permitted under applicable law and no action letters thereunder) to cause any dispositions of Company Common Stock (including derivative securities with respect to Company Common Stock) or acquisitions of Parent Common Stock (including derivative securities with respect to Parent Common Stock) resulting from the transactions contemplated by Article I by each individual who is subject

to the reporting requirements of Section 16(a) of the Exchange Act with respect to Company to be exempt under Rule 16b-3 promulgated under the Exchange Act.

5.15 *Regulatory Filings.* As soon as may be reasonably practicable, Company and Parent each shall file with the United States Federal Trade Commission (the **FTC**) and the Antitrust Division of the United States Department of Justice (**DOJ**) Notification and Report Forms relating to the transactions contemplated herein as required by the HSR Act, as well as comparable pre-merger notification forms required by the merger notification or control laws and regulations of any applicable jurisdiction, as agreed to by the parties. Company and Parent each shall promptly (a) supply the other with any information which may be required in order to effectuate such filings and (b) supply any additional information which reasonably may be required by the FTC, the DOJ or the competition or merger control authorities of any other jurisdiction and which the parties may reasonably deem appropriate, to the extent that applicable laws provide. Except where prohibited by applicable Legal Requirements, and subject to the Confidentiality Agreement, each of Company and Parent shall consult with the other party prior to taking a position with respect to any such filing, shall permit the other to review and discuss in advance, and consider in good faith the views of the other in connection with, any analyses, appearances, presentations, memoranda, briefs, white papers, arguments, opinions and proposals before making or submitting any of the foregoing to any Governmental Entity by or on behalf of any party hereto in connection with any investigations or proceedings in connection with this Agreement or the transactions contemplated hereby (including under any antitrust or fair trade Legal Requirement), coordinate with the other in preparing and exchanging such information and promptly provide the other (and its counsel) with copies of all filings, presentations or submissions (and a summary of any oral presentations) made by such party with any Governmental Entity in connection with this Agreement or the transactions contemplated hereby, provided that with respect to any such filing, presentation or submission, each of Parent and Company need not supply the other (or its counsel) with copies (or, in case of oral presentations, a summary) to the extent that any law, treaty, rule or regulation of any Governmental Entity applicable to such party requires such party or its subsidiaries to restrict or prohibit access to any such properties or information.

5.16 *Parent Board Designees.* At the Effective Time, Parent shall cause one individual designated by Company and reasonably acceptable to Parent (the **Company Designee**) to be elected or appointed to the board of directors of Parent (the **Parent Board**) and shall take all actions necessary under the Parent Charter Documents, including by expanding the number of authorized directors on the Parent Board, in order to accomplish the foregoing.

5.17 *Merger Sub Compliance.* Parent shall cause Merger Sub to comply with all of Merger Sub's obligations under or relating to this Agreement. Merger Sub shall not engage in any business other than in connection with the Merger.

The parties to this Agreement agree to make such reasonable representations as requested by such counsel for the purpose of rendering such opinions.

(iii) Stockholder does not beneficially own any shares of capital stock of Parent, or any securities convertible into, or exchangeable or exercisable for, shares of capital stock of Parent, other than the Shares.

(iv) Stockholder has full corporate power and authority to make, enter into and carry out the terms of this Agreement, the Proxy and any other related agreements to which Stockholder is a party.

The parties further agree to replace such void or unenforceable provision of this Agreement with a valid and enforceable provision that will achieve, to the extent possible, the economic, business and other purposes of such void or unenforceable provision.

(b) *Binding Effect and Assignment.* This Agreement and all of the provisions hereof shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns, but, except as otherwise specifically provided herein, neither this Agreement nor any of the rights, interests or obligations of Stockholder may be assigned to any other person without the prior written consent of the Company.

In consideration of the execution of the Reorganization Agreement by Parent, Stockholder desires to restrict the transfer or disposition of any of the Shares, or any other shares of capital stock of the Company acquired by Stockholder hereafter and prior to the Expiration Date (as defined in *Section 1(a)* hereof), and desires to vote the Shares and any other such shares of capital stock of the Company so as to facilitate the consummation of the Merger.

NOW, THEREFORE, the parties hereto hereby agree as follows:

1. *Agreement to Retain Shares.*

(a) *Transfer.* Stockholder agrees that, at all times during the period beginning on the date hereof and ending on the Expiration Date (as defined below), Stockholder shall not Transfer (as defined below) any of the Shares or any New Shares (as defined in *Section 1(b)* hereof), or make any agreement relating thereto, in each case without the prior written consent of Parent.

As used herein, the term *Expiration Date* shall mean the earlier to occur of (i) such date and time as the Merger shall become effective in accordance with the terms and provisions of the Reorganization Agreement, or (ii) the termination of the Reorganization Agreement in accordance with the terms thereof. As used herein, the term *Constructive Sale* shall mean, with respect to any security, a short sale with respect to such security, entering into or acquiring an offsetting derivative contract with respect to such security, entering into or acquiring a futures or forward contract to deliver such security or entering into any other hedging

(iv) in favor of waiving any notice that may have been or may be required relating to any reorganization of the Company or any subsidiary of the Company, any reclassification or recapitalization of the capital stock of the Company or any subsidiary of the Company, any sale of assets, change of control or acquisition of the Company or any subsidiary of the Company by any other person, or any consolidation or merger of the Company or any subsidiary of the Company with or into any other person.

Prior to the Expiration Date, Stockholder shall not enter into any agreement or understanding with any person to vote or give instructions in any manner inconsistent with this *Section 2*.

3. *Irrevocable Proxy*. Concurrently with the execution of this Agreement, Stockholder agrees to deliver to Parent an irrevocable proxy in the form attached hereto as *Exhibit A* (the *Proxy*), which shall be irrevocable to the fullest extent permitted by applicable law, covering the total number of Shares and New Shares.

4. *Representations, Warranties and Covenants of Stockholder*. Stockholder represents, warrants and covenants to Parent as follows:

(ii) As of the date hereof, the Shares are, and at all times up until the Expiration Date the Shares will be, free and clear of any rights of first refusal, co-sale rights, security interests, liens, pledges, claims, options, charges or other encumbrances of any kind or nature, in each case that would impair Stockholder's ability to fulfill its obligations under *Section 2*.

(iii) Stockholder does not beneficially own any shares of capital stock of the Company, or any securities convertible into, or exchangeable or exercisable for, shares of capital stock of the Company, other than the Shares.

(iv) Stockholder has full corporate power and authority to make, enter into and carry out the terms of this Agreement, the Proxy and any other related agreements to which Stockholder is a party.

6. *Consents and Waivers.* Stockholder hereby gives any consents or waivers that are reasonably required for the consummation of the Merger under the terms of any agreement to which Stockholder is a party or pursuant to any rights Stockholder may have.

7. *Termination.* This Agreement and the Proxy delivered in connection herewith shall terminate and shall have no further force or effect as of the Expiration Date.

8. *Company Covenants.*

(a) The Company agrees to make a notation on its records and give instructions to its transfer agent(s) to not permit, during the term of this Agreement, the transfer of any Shares or New Shares, except as permitted pursuant to *Section 1(a)*.

(b) The Company agrees that, as soon as practicable after the date hereof, the Company shall take any and all actions reasonably necessary to suspend (until the Expiration Date) or terminate the 10b5-1 Plans in accordance with their terms; *provided, however*, that the Company shall not be required to violate (i) any applicable law or applicable regulation of any Governmental Entity (as defined in the Reorganization Agreement) or (ii) the Company's insider trading policy.

9. *Miscellaneous.*

(a) *Severability.* In the event that any provision of this Agreement, or the application thereof, becomes or is declared by a court of competent jurisdiction to be illegal, void or unenforceable, the remainder of this Agreement will continue in full force and effect and the application of such provision to other persons or circumstances will be interpreted so as reasonably to effect the intent of the parties hereto. The parties further agree to replace such illegal, void or unenforceable provision of this Agreement with a legal, valid and enforceable provision that will achieve, to the extent possible, the economic, business and other purposes of such illegal, void or unenforceable provision.

(b) *Binding Effect and Assignment.* This Agreement and all of the provisions hereof shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns, but, except as otherwise specifically provided herein, neither this Agreement nor any of the rights, interests or obligations of Stockholder may be assigned to any other person without the prior written consent of Parent.

Board of Directors
Juniper Networks, Inc.
1194 North Mathilda Avenue
Sunnyvale, CA 94089

Gentlemen:

You have requested our opinion as to the fairness from a financial point of view to Juniper Networks, Inc. (the Company) of the exchange ratio (the Exchange Ratio) of 1.404 shares of common stock, par value \$0.00001 per share (the Company Common Stock), of the Company to be issued in respect of each share of common stock, par value \$0.001 per share (the NetScreen Common Stock), of NetScreen Technologies, Inc. (NetScreen) pursuant to the Agreement and Plan of Reorganization, dated as of February 9, 2004 (the Agreement), among the Company, Nerus Acquisition Corp. (Merger Sub), a wholly owned subsidiary of the Company, and NetScreen. Pursuant to the Agreement, NetScreen will be merged with and into Merger Sub.

Goldman, Sachs & Co. and its affiliates, as part of their investment banking business, are continually engaged in performing financial analyses with respect to businesses and their securities in connection with mergers and acquisitions, negotiated underwritings, competitive biddings, secondary distributions of listed and unlisted securities, private placements and other transactions, as well as for estate, corporate and other purposes. We have acted as financial advisor to the Company in connection with, and have participated in certain of the negotiations leading to, the transaction contemplated by the Agreement (the Transaction). We expect to receive fees for our services in connection with the Transaction, the principal portion of which fees are contingent upon consummation of the Transaction, and the Company has agreed to reimburse our expenses and indemnify us against certain liabilities arising out of our engagement. In addition, we have provided from time to time and currently are providing certain investment banking services to the Company, including having acted as lead manager in its initial public offering of 4,800,000 shares of Company Common Stock in June 1999; having acted as lead manager in its public offering of 5,000,000 shares of Company Common Stock in September 1999; having acted as lead manager in its public offering of \$1,150,000,000 aggregate principal amount of 4.75% Convertible Subordinated Notes due March 15, 2007 in March 2000; having acted as exclusive financial advisor to the Company in connection with its acquisition of Unisphere Networks, Inc., a majority owned subsidiary of Siemens Corporation, in July 2002; having assisted the Company in connection with the repurchase of \$607,924,000 aggregate principal amount of 4.75% Convertible Subordinated Notes due March 15, 2007 from August 2002 through August 2003; having assisted the Company in connection with the sale of certain public securities holdings in April 2003; and having acted as lead manager in its public offering of \$400,000,000 aggregate principal amount of 0.00% Convertible Senior Notes due June 15, 2008 in May 2003. In addition, we have provided certain investment banking services to NetScreen from time to time, including having acted as lead manager in its initial public offering of 11,500,000 shares of NetScreen Common Stock in December 2001. We also may provide investment banking and other services to the Company and NetScreen in the future. In connection with the above-described investment banking services we have received, and may receive, compensation. In addition, Goldman, Sachs & Co. is a full service securities firm engaged, either directly or through its affiliates, in securities trading, investment management, financial planning and benefits counseling, risk management, financing and brokerage activities for both companies and individuals. In the ordinary course of these activities, Goldman, Sachs & Co. and its affiliates may actively trade the debt and equity securities (or related derivative securities) of the Company and NetScreen for their own account and for the accounts of their customers and may at any time hold long and short positions of such securities.

In connection with this opinion, we have reviewed, among other things, the Agreement; annual reports to stockholders and Annual Reports on Form 10-K of the Company for the four fiscal years ended December 31, 2002; annual reports to stockholders and Annual Reports on Form 10-K of NetScreen for the two fiscal years ended September 30, 2003 and the Registration Statement on Form S-1 of NetScreen, including the

prospectus contained therein relating to the initial public offering of NetScreen Common Stock, dated December 10, 2001; certain interim reports to stockholders and Quarterly Reports on Form 10-Q of the Company and NetScreen; certain other communications from the Company and NetScreen to their respective stockholders; certain internal financial analyses and forecasts for NetScreen prepared by its management; and certain financial analyses and forecasts for the Company and NetScreen prepared by management of the Company (the Forecasts). We also have held discussions with members of the senior managements of the Company and NetScreen regarding their assessment of the strategic rationale for, and the potential benefits of, the Transaction and the past and current business operations, financial condition and future prospects of the Company and NetScreen. In addition, we have reviewed the reported price and trading activity for the shares of the Company Common Stock and the shares of NetScreen Common Stock, compared certain financial and stock market information for the Company and NetScreen with similar information for certain other companies the securities of which are publicly traded, reviewed the financial terms of certain recent business combinations in the communications technology and security software industries specifically and in other industries generally and performed such other studies and analyses as we considered appropriate.

We have relied upon the accuracy and completeness of all of the financial, accounting, tax and other information discussed with or reviewed by us and have assumed such accuracy and completeness for purposes of rendering this opinion. In that regard, we have assumed with your consent that the Forecasts have been reasonably prepared on a basis reflecting the best currently available estimates and judgments of the Company. In addition, we have not made an independent evaluation or appraisal of the assets and liabilities (including any derivative or off-balance-sheet assets and liabilities) of the Company or NetScreen or any of their respective subsidiaries and we have not been furnished with any such evaluation or appraisal. Our opinion does not address the underlying business decision of the Company to engage in the Transaction. In addition, we are not expressing any opinion herein as to the prices at which shares of the Company Common Stock will trade at any time. We also have assumed that all governmental, regulatory or other consents or approvals necessary for the consummation of the Transaction will be obtained without any adverse effect on the Company or NetScreen or on the expected benefits of the Transaction in any way material to our analysis. Our advisory services and the opinion expressed herein are provided for the information and assistance of the Board of Directors of the Company in connection with its consideration of the Transaction and such opinion does not constitute a recommendation as to how any holder of Company Common Stock should vote with respect to such Transaction.

Based upon and subject to the foregoing and based upon such other matters as we consider relevant, it is our opinion that, as of the date hereof, the Exchange Ratio pursuant to the Agreement is fair from a financial point of view to the Company.

Very truly yours,

/s/ GOLDMAN, SACHS & CO.

Annex E

February 8, 2004

The Board of Directors
Netscreen Technologies, Inc.
350 Oakmead Parkway
Sunnyvale, CA 94085

Members of the Board of Directors:

You have requested our opinion as to the fairness, from a financial point of view, to the holders of common stock, par value \$0.001 per share (the Company Common Stock), of Netscreen Technologies, Inc. (the Company) of the Exchange Ratio (as defined below) in the proposed merger (the Merger) of the Company with Nerus Acquisition Corp. (Merger Subsidiary), a wholly-owned subsidiary of Juniper Networks, Inc. (the Merger Partner). Pursuant to the Agreement and Plan of Reorganization (the Agreement) among the Company, the Merger Partner and Merger Subsidiary, the Company will become a wholly-owned subsidiary of the Merger Partner, and each outstanding share of Company Common Stock, other than shares of Company Common Stock held in treasury or owned by the Merger Partner, Merger Subsidiary, or any direct or indirect wholly-owned subsidiary of the Company or the Merger Partner immediately prior to the Effective Time, as defined in the Agreement, will be converted into the right to receive 1.404 shares (the Exchange Ratio) of the Merger Partner's common stock, par value \$0.00001 per share (the Merger Partner Common Stock).

In arriving at our opinion, we have (i) reviewed the draft dated February 8, 2004 of the Agreement; (ii) reviewed certain publicly available business and financial information concerning the Company and the Merger Partner and the industries in which they operate; (iii) compared the proposed financial terms of the Merger with the publicly available financial terms of certain transactions involving companies we deemed relevant and the consideration received for such companies; (iv) compared the financial and operating performance of the Company and the Merger Partner with publicly available information concerning certain other companies we deemed relevant and reviewed the current and historical market prices of the Company Common Stock and the Merger Partner Common Stock and certain publicly traded securities of such other companies; (v) reviewed certain internal financial analyses and forecasts prepared by the management of the Company relating to its business; and (vi) performed such other financial studies and analyses and considered such other information as we deemed appropriate for the purposes of this opinion.

In addition, we have held discussions with certain members of the management of the Company and the Merger Partner with respect to certain aspects of the Merger, and the past and current business operations of the Company and the Merger Partner, the financial condition and future prospects and operations of the Company and the Merger Partner, the effects of the Merger on the financial condition and future prospects of the Company and the Merger Partner, and certain other matters we believed necessary or appropriate to our inquiry.

In giving our opinion, we have relied upon and assumed, without independent verification, the accuracy and completeness of all information that was publicly available or was furnished to us by the Company and the Merger Partner or otherwise reviewed by us, and we have not assumed any responsibility or liability therefor. We have not conducted any valuation or appraisal of any assets or liabilities, nor have any such valuations or appraisals been provided to us. We express no opinion regarding the liquidation value of the Company or the Merger Partner. Without limiting the generality of the foregoing, we have undertaken no independent analysis of any owned or leased real estate, or any pending or threatened litigation, possible unasserted claims or other contingent liabilities, to which the Company or the Merger Partner or any of their respective affiliates are a party or may be subject, and our opinion makes no assumption concerning and therefore does not consider the

Table of Contents

possible assertion of claims, outcomes or damages arising out of any such matters. In relying on financial analyses and forecasts provided to us, we have assumed that they have been reasonably prepared based on assumptions reflecting the best currently available estimates and judgments by management as to the expected future results of operations and financial condition of the Company. We have also assumed that the Merger will qualify as a tax-free reorganization for United States federal income tax purposes, and that the other transactions contemplated by the Agreement will be consummated as described in the Agreement. We have relied as to all legal matters relevant to rendering our opinion upon the advice of counsel. We have also assumed that the Merger will be consummated pursuant to the terms of the draft Agreement reviewed by us without material modification thereto and without waiver by any party of any material conditions or obligations thereunder. We have further assumed that all material governmental, regulatory or other consents and approvals necessary for the consummation of the Merger will be obtained without any adverse effect on the Company or the Merger Partner or on the contemplated benefits of the Merger.

Our opinion is necessarily based on economic, market and other conditions as in effect on, and the information made available to us as of, the date hereof. It should be understood that subsequent developments may affect this opinion and that we do not have any obligation to update, revise, or reaffirm this opinion. Our opinion is limited to the fairness, from a financial point of view, to the holders of the Company Common Stock of the Exchange Ratio in the proposed Merger and we express no opinion as to the underlying decision by the Company to engage in the Merger. We are expressing no opinion herein as to the price at which the Merger Partner Common Stock will trade at any future time.

We have acted as financial advisor to the Company with respect to the proposed Merger and will receive a fee from the Company for providing this opinion. This opinion fee is not contingent upon the consummation of the Merger. We will also receive an additional fee if the proposed Merger is consummated. The Company has also agreed to indemnify us against certain liabilities in connection with our services. We or our predecessor entities have provided investment banking services to the Company in the past in unrelated transactions, for which we have received customary fees, including acting as an underwriter in the December 12, 2001 initial public offering of the Company's Common Stock. We write research on the Company and make a market in the Company's Common Stock. In the ordinary course of our businesses, we and our affiliates may actively trade the debt and equity securities of the Company or the Merger Partner for our own account or for the accounts of customers and, accordingly, we may at any time hold long or short positions in such securities.

On the basis of and subject to the foregoing, it is our opinion as of the date hereof that the Exchange Ratio in the proposed Merger is fair, from a financial point of view, to the holders of the Company Common Stock.

This letter is provided to the Board of Directors of the Company in connection with and for the purposes of its evaluation of the Merger. This opinion may be reproduced in full in any proxy or information statement mailed to stockholders of the Company but may not otherwise be disclosed publicly, referred to, or communicated (in whole or in part) to any third party in any manner without our prior written approval. This opinion does not constitute a recommendation to any stockholder of the Company as to how such stockholder should vote with respect to the Merger or any other matter.

Very truly yours,

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 20. *Indemnification of Directors and Officers.*

Delaware law provides that a corporation may eliminate or limit the personal liability of a director to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, subject to certain exceptions. The effect of this provision is to eliminate the personal liability of directors to the company or its stockholders for monetary damages for actions involving a breach of their fiduciary duty of care, including any actions involving gross negligence.

Delaware law also provides, in general, that a corporation has the power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation), because the person is or was a director or officer of the corporation. Such indemnity may be against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with such action, suit or proceeding, if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation and if, with respect to any criminal action or proceeding, the person did not have reasonable cause to believe the person's conduct was unlawful.

Delaware law further provides, in general, that a corporation has the power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor because the person is or was a director or officer of the corporation, against any expenses (including attorneys' fees) actually and reasonably incurred by the person in connection with the defense or settlement of such action or suit if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation.

Additionally, under Delaware law, a corporation generally has the power to purchase and maintain insurance on behalf of any person who is or was a director or officer of the corporation against any liability asserted against the person in any such capacity, or arising out of the person's status as such, whether or not the corporation would have the power to indemnify the person against such liability under the provisions of the law.

Juniper Networks' certificate of incorporation and bylaws provide that Juniper Networks shall indemnify to the fullest extent permitted by law any person made or threatened to be made a party to an action or proceeding (whether criminal, civil, administrative or investigative) by reason of the fact that such person is or was a director, officer, employee or agent of Juniper Networks or any predecessor or subsidiary of Juniper Networks, or serves or served at any other entity as a director or officer at the request of Juniper Networks or any predecessor or subsidiary of Juniper Networks, against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred in connection with such action or proceeding. However, the aforementioned indemnification applies only if the indemnified person acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interest of Juniper Networks, and with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. Juniper Networks' certificate of incorporation and bylaws also provide that Juniper Networks may, but is not required, to provide the above indemnification (and subject to the same qualifications) with respect to persons who are or were serving at the request of Juniper Networks or any predecessor or subsidiary of Juniper Networks as an employee or agent of another entity.

Juniper Networks' certificate of incorporation and bylaws further provide that Juniper Networks shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of Juniper Networks or any predecessor or subsidiary of Juniper Networks, to procure a judgment in Juniper Networks' favor, by reason of the fact that he or she is or was a director or officer of Juniper Networks or any predecessor or subsidiary Juniper Networks, or is or was serving at the request of Juniper Networks or predecessor or subsidiary of Juniper Networks, as a director, officer,

employee or agent of another entity, against expenses, including attorneys' fees, actually and reasonably incurred by him or her in connection with the defense or settlement of such action or suit. However, this indemnification applies only if the indemnified person acted in good faith and in manner he reasonably believed to be in or not opposed to the best interests of Juniper Networks and no indemnification shall be made in respect of any claim, issue or matter as to which such person is adjudged to be liable to Juniper Networks, unless and only to the extent that the Delaware Court of Chancery or the court in which such action or suit was brought determines that such person is entitled to indemnity. Juniper Networks' certificate of incorporation and bylaws also provide that Juniper Networks may, but is not required, to provide the indemnification described in this paragraph (subject to the same qualifications) with respect to persons who are or were serving as employees and agents of Juniper Networks or any predecessor or subsidiary of Juniper Networks, or is or was serving at the request of Juniper Networks or any predecessor or subsidiary of Juniper Networks as a director, officer, employee or agent of another entity.

Juniper Networks' bylaws also allow Juniper Networks to advance to a director, officer, employee or agent of Juniper Networks the expenses incurred in defending a civil or criminal action, suit or proceeding in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of the director, officer, employee or agent to repay such amount if it shall ultimately be determined that he or she is not entitled to be indemnified by Juniper Networks.

Juniper Networks' bylaws also provide that Juniper Networks shall have the power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of Juniper Networks or predecessor or subsidiary of Juniper Networks, or is or was serving at the request of Juniper Networks as a director, officer, employee or agent of another entity, against any liability asserted against him or her and incurred by him or her in any such capacity, or arising out of his status as such, whether or not Juniper Networks would have the power to indemnify him or her against such liability under the indemnification provisions of Juniper Networks' bylaws.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers or persons controlling Juniper Networks pursuant to the foregoing provisions, Juniper Networks has been informed that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is therefore unenforceable.

Item 22. Undertakings.

The undersigned registrant hereby undertakes:

(a) (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

(2) The undersigned registrant hereby undertakes that, for the purpose of determining any liability under the Securities Act of 1933 each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(b) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference into this registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) (1) The undersigned registrant hereby undertakes as follows: that prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other Items of the applicable form.

(2) The registrant undertakes that every prospectus (i) that is filed pursuant to paragraph (c)(1) immediately preceding, or (ii) that purports to meet the requirements of Section 10(a)(3) of the Securities Act of 1933 and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the Registration Statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act of 1933 each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(d) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

(e) The undersigned registrant hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Item 4, 10(b), 11 or 13 of this Form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in the documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

(f) The undersigned registrant hereby undertakes to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.
