Item 2.02 Results of Operation and Financial Condition

On July 27, 2005, LSI Logic Corporation (referred to here as LSI Logic or the Company) issued a news release regarding its financial results for the fiscal quarter ended July 3, 2005. A copy of the news release is furnished as Exhibit 99.1 to this Form 8-K and is incorporated by reference herein.

Use of Non-GAAP Financial Information

LSI Logic has referenced non-GAAP financial information in the news release. LSI Logic management believes that the results of operations excluding special items presented herein for the three-and six-month periods ended July 3, 2005 and July 4, 2004, and the three-month period ended April 3, 2005 provide useful information to investors regarding results of operations, as they exclude charges, expenses, gains, and losses that are not directly related to the ongoing business results and/or stem from purchase business combinations. These business results are used by management for evaluating historical performance in addition to being used for the Company s forecasting and planning for future periods. Restructuring of operations, acquisition-related amortization including intangibles and non-cash deferred stock compensation and other special items are examples of charges that are not directly related to the Company s ongoing business and/or stem from purchase business combinations. For a complete reconciliation of special items excluded from our results of operations for the three-and six-month periods ended July 3, 2005 and July 4, 2004, and the three-month period ended April 3, 2005, refer to the tables furnished in the news release attached as Exhibit 99.1.

Results of operations excluding special items for the periods presented are provided for illustrative purposes only and should be read in conjunction with the comparable information presented in accordance with generally accepted accounting principles in the United States and the Company s most recent annual report on Form 10-K for the twelve months ended December 31, 2004.
