### PROXY STATEMENT

#### GENERAL

##### Introduction

This proxy statement and enclosed proxy card are being mailed to the shareholders of AmeriServ Financial, Inc. ( ASRV or the Company ) on or about November 10, 2004, in connection with the solicitation of proxies by the Board of Directors of ASRV. The proxies will be voted at the Special Meeting of Shareholders of ASRV to be held on Friday, December 10, 2004, at 10:00 a.m., Eastern Time, at the Holiday Inn Downtown, Crown Ballroom, 250 Market Street, Johnstown, Pennsylvania 15901-2296 (the Special Meeting ). AmeriServ Financial, Inc. is the holding company for AmeriServ Financial Bank doing business as AmeriServ Financial (the Bank ).

##### Solicitation of Proxies

The cost of the solicitation of proxies will be borne by ASRV. ASRV has engaged Morrow & Company, Inc. ( Morrow ) to solicit proxies. Morrow intends to solicit proxies by telephone, facsimile and similar means. ASRV will pay Morrow a fee of \$6,000 plus reimbursement of its expenses for the proxy solicitation services. In addition to the use of the mails and a proxy solicitor, some directors and officers of ASRV may solicit proxies, without additional compensation, in person, by telephone, telegram, or otherwise. Arrangements may be made by ASRV with banks, brokerage houses and other custodians, nominees and fiduciaries to forward solicitation material to the beneficial owners of shares held by them of record, and ASRV may reimburse them for reasonable expenses they incur in so doing.

##### Voting Securities

As of the close of business on November 1, 2004 (the Record Date ), there were outstanding 16,776,682 shares of common stock, par value \$2.50 per share (the Common Stock ), the only class of capital stock of ASRV outstanding. Except with respect to Matter Number 1 concerning the issuance of additional shares of Common Stock, holders of record of Common Stock as of the close of business on the Record Date are entitled to notice of and to vote at the Special Meeting. With respect to Matter No. 1, as more fully described below, the proposed issuance of 2,936,533 shares of Common Stock is the second portion of a 5,731,533 share private placement of Common Stock. The institutional investors that have subscribed to purchase the additional 2,936,533 shares for which issuance approval is sought in this proxy statement, previously purchased 2,795,000 shares of Common Stock in a transaction that closed on October 8, 2004. Under the Nasdaq Marketplace Rules, the 2,795,000 shares issued to these investors may not vote their shares to approve the subsequent issuance of 2,936,533 shares to themselves. These investors have agreed to be present at the Special Meeting for purposes of establishing a quorum but also have agreed to abstain as to Matter No. 1. These shareholders will have the right to vote with respect to Matter No. 2. Each outstanding share of Common Stock on the Record Date is entitled to one vote on all matters, other than the restriction on the voting of shares issued in the initial closing of the private placement, as noted above.

If a shareholder participated in ASRV's Dividend Reinvestment and Common Stock Purchase Plan, the proxy card sent to such shareholder will represent the number of shares registered in the shareholder's name and the number of shares, including fractional shares, credited to the shareholder's Dividend Reinvestment Plan account.

If the enclosed proxy card is appropriately marked, signed and returned in time to be voted at the Special Meeting, or, if a shareholder votes by telephone or Internet, in accordance with the instructions on the proxy card, the shares represented by the proxy will be voted in accordance with the instructions marked thereon.

---

Signed proxies not marked to the contrary will be voted FOR each of the matters presented in this proxy statement and in the discretion of the proxy holders as to any other matter.

#### **Right of Revocation**

Proxies may be revoked at any time before they have been exercised by filing with the Corporate Secretary of ASRV an instrument of revocation or a duly executed proxy bearing a later date. Any shareholder attending the Special Meeting also may revoke a previously granted proxy by voting in person at the Special Meeting.

#### **Quorum**

Under ASRV's Bylaws, the presence, in person or by proxy, of shareholders entitled to cast at least a majority of the votes that all shareholders are entitled to cast, constitutes a quorum for the transaction of business at the Special Meeting.

### **MATTER NO. 1**

#### **APPROVAL OF THE ISSUANCE OF COMMON STOCK IN EXCESS OF 20% OF THE COMMON STOCK OUTSTANDING IN COMPLIANCE WITH RULE 4350 OF THE NASDAQ STOCK MARKET**

#### **Background**

In 2002, the Company lost \$5.2 million, and lost an additional \$795,000 in the first quarter of 2003. During the process of crafting an appropriate turnaround strategy, new management identified three structural impediments that adversely affected, and continue to adversely affect, performance. These three structural impediments are:

an excessive debt burden at the Company consisting of \$34.5 million of guaranteed junior subordinated deferrable interest debentures that bear interest at a rate of 8.45% and collateralize a 1998 issue of trust preferred securities of like amount;

a long-term borrowing position at the Bank that includes \$210 million of Federal Home Loan Bank advances that mature in 2010 and bear interest at 6%; and

a mortgage servicing subsidiary that loses approximately \$1 million annually and exposes ASRV to earnings volatility.

At the end of 2003, the Company adopted a turnaround strategy that has previously been articulated to shareholders. The strategy consisted of three distinct elements. These were:

In 2003, stabilizing ASRV and taking immediate steps to eliminate or minimize those risk elements that posed the greatest threat to the Company;

In 2004, initiating steps to eliminate the three structural impediments to sustainable, improved earnings; and

Articulating and executing, over the long-term, a strategy centered on community banking and continued expansion of the Company's successful trust business that is intended to produce consistent future earnings.

The Company believes it has accomplished the first element of this turnaround strategy. The final element of its turnaround strategy is an ongoing effort that requires sustained execution of the business plan.

In order to address the second element of the turnaround strategy, the Company considered a number of alternatives, which included a sale of convertible trust preferred securities, a public offering of Common Stock or a private placement of Common Stock. The Company rejected the sale of trust preferred securities because it would not significantly reduce the Company's debt burden. It also rejected a public offering of Common

Stock because of the expense, timing and market exposure that this would entail. Therefore, the Company engaged Lehman Brothers, Inc. to act as its placement agent in connection with a private placement of Common Stock to institutional investors in order to provide a portion of the capital needed to address the identified structural impediments. With the assistance of Lehman Brothers, the Company and its counsel prepared materials for potential investors that described the offering. Lehman Brothers then identified and contacted a limited number of institutional investors known to Lehman Brothers either to be interested in investing in the financial services industry or who have a history of making private investments in public entities. Lehman Brothers arranged meetings between management of the Company and these investors. At the conclusion of all of these meetings, Lehman Brothers solicited indications of interest both with respect to the number of shares investors were interested in purchasing and the price per share they were willing to pay. In consultation with the Company, Lehman Brothers negotiated the price on behalf of the Company. As is typical in private placements of this type, the negotiated price of \$4.50 per share represented a small discount to the then current market price of approximately \$4.80. As a result of these negotiations, the Company received subscriptions for 5,731,533 shares of Common Stock from seven institutional investors. In order to satisfy Nasdaq shareholder voting requirements described below, the Company agreed to sell 5,731,533 shares of Common Stock at a price of \$4.50 per share to these institutional investors in two separate closings pursuant to the terms of a Purchase Agreement dated October 8, 2004.

Under the Purchase Agreement, the Company sold 2,795,000 shares of Common Stock on October 8, 2004, and raised gross proceeds of \$12.6 million. The number of shares sold in this initial closing represented approximately 19.99% of the Common Stock outstanding at the time of issuance. Investors also have agreed to purchase an additional 2,936,533 shares of Common Stock subject to satisfaction of certain conditions, which include: (i) shareholder approval of the issuance of these additional shares of Common Stock at the Special Meeting, (ii) the volume weighted average price of the Common Stock for the twenty (20) trading days preceding the Special Meeting being equal to or in excess of \$4.50 per share price, and (iii) there being no material adverse change with respect to the Company. In addition, if the volume weighted average price of the Common Stock is less than \$4.50, each investor will have a five-day option to purchase the shares of Common Stock for which it subscribed at \$4.50 per share, and, if certain investors decline to exercise their option, the other investors will have a further right to purchase those shares on a pro rata basis. If completed, this additional issuance of Common Stock will raise gross proceeds of \$13.2 million.

#### **Nasdaq Shareholder Vote Requirement**

The Common Stock is quoted on the Nasdaq Stock Market ( Nasdaq ). Under Nasdaq Marketplace Rules shareholder approval is required for any issuance of common shares or securities convertible into or exercisable for common shares in a non-public offering at a price below the market value or book value of such shares when the issuance or potential issuance will result in the sale of securities having 20% or more of the value, or 20% or more of the voting power, of the then outstanding common shares. The proposed issuance of 2,936,533 shares of Common Stock at \$4.50 per share is below the current market price of the Common Stock and represents more than 20% of the outstanding Common Stock. Accordingly, the Company cannot issue the additional shares without shareholder approval.

#### **Use of Proceeds**

The issuance of the Common Stock in the first closing and the second closing will permit the Company to address a significant portion of the identified structural impediments to improved performance.

The gross proceeds to us from the first closing were \$12.6 million, prior to deducting expenses payable of approximately \$1.4 million. We will use the net proceeds of the first closing to: (1) repurchase or cause the redemption of \$5.7 million of trust preferred securities issued by AmeriServ Capital Trust I, which do not qualify as Tier I capital under applicable regulations; (2) contribute approximately \$2.0 million to the capital of the Bank, and (3) retain approximately \$3.5 million of the net proceeds at the holding company level to improve our liquidity and provide sufficient cash to permit us to meet our debt service requirements on the remaining guaranteed junior subordinated deferrable interest debentures for approximately six quarters. The contribution of \$2.0 million of the net proceeds to the capital of the Bank will replenish the capital of the

Bank, which will be reduced by approximately \$8.7 million in the fourth quarter. This reduction in the Bank's capital will occur because the Bank intends to: (i) deleverage its balance sheet by selling investment securities and use the proceeds to repay approximately \$100.0 million of Federal Home Loan Bank advances with a resulting prepayment penalty of approximately \$8.0 million, after tax, and (ii) sell or close its mortgage banking operation, Standard Mortgage Corporation of Georgia, and incur related severance and other expenses of \$700,000, after tax.

The gross proceeds to ASRV from the second closing will be \$13.2 million, prior to deducting expenses payable of approximately \$1.2 million. The Company expects to use the net proceeds of the second closing to: (1) repurchase or cause the redemption of \$10.0 million of trust preferred securities issued by AmeriServ Capital Trust I, and (2) contribute approximately \$2.0 million to the Bank to replenish the capital of the Bank. The Bank's capital will be further reduced upon completion of the second closing because the Bank intends to deleverage its balance sheet by selling investment securities and using the proceeds to repay an additional \$25 million of Federal Home Loan Bank advances, with a resulting prepayment penalty of approximately \$1.2 million, after tax.

#### **Dilution**

If shareholders of the Company approve the proposed issuance of an additional 2,936,533 shares, then the number of shares sold to investors under the Purchase Agreement will total 5,731,533. This represents 41.0% of outstanding shares before the sale of any shares to the seven institutional investors and 29.1% of outstanding shares after the sale to these investors. This represents a significant dilution of the voting interests of existing shareholders. As an example, a holder of 10,000 shares before the sale owned 0.07% of the Company but after the sale will own only 0.05% of the Company. Furthermore, although the seven investors are unaffiliated institutional investors none of whom will own more than 10% of the outstanding common stock of the Company, if they were to vote together on any matter presented to shareholders, these investors would have the power to exert considerable influence on the outcome of the matter. The issuance of the shares will also result in book value dilution to existing shareholders. At September 30, 2004, the book value per share of the common stock was \$5.26. If all 5,731,533 shares are sold under the Purchase Agreement, then, after giving effect to the sale of these shares at \$4.50 and the proposed \$10 million in after-tax charges that will result from the use of the proceeds described above, the pro forma book value per share of common stock at September 30, 2004, would have been \$4.40.

#### **Benefit to AmeriServ and our Shareholders**

The Company anticipates that the new capital from the first closing will generate annual additions to net income of approximately \$2.3 million beginning in the first quarter of 2005. If the second closing is completed, the Company anticipates that this will generate annual additions to net income of approximately \$1.0 million beginning in the first quarter of 2005. Management believes that the completion of the private placement eliminates or substantially reduces each of the three identified structural impediments to improved performance and represents an important milestone in the Company's turnaround strategy.

#### **Additional Capital**

It is possible that the Company may seek additional capital in the future that would permit it to fully redeem the remaining trust preferred securities or further deleverage its balance sheet. However, there is no agreement or arrangement to seek additional capital at this time. On the other hand, if shareholders of AmeriServ do not approve the proposed issuance of the additional shares, the Company will have significantly less capital to address the identified structural impediments to improved performance. As a result, it would be more likely that the Company will seek additional capital either in a public offering that does not require shareholder approval or in a subsequent institutional placement at such time as the Company is advised by counsel, after consultation with The Nasdaq Stock Market, that shareholder approval would not be required. No assurance can be given that any subsequent offering of Common Stock will be on terms and conditions as favorable as the terms and conditions of the proposed private placement for which shareholder approval is currently being sought.

**Vote Required**

The affirmative vote of a majority of all shares of Common Stock cast on Matter No. 1 is required to approve the issuance of the additional shares of Common Stock. Under Pennsylvania law, shares that abstain as to any particular matter are counted as present for purposes of establishing a quorum but are not counted as having voted on the matter.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU APPROVE THE ISSUANCE AND SALE OF 2,936,533 SHARES OF AMERISERV COMMON STOCK TO INSTITUTIONAL INVESTORS AT A PRICE OF \$4.50 PER SHARE PURSUANT TO THE PURCHASE AGREEMENT DATED, AS IT MAY BE AMENDED, OCTOBER 8, 2004.

**MATTER NO. 2**

**TO AMEND THE ARTICLES OF INCORPORATION**

**TO INCREASE THE AUTHORIZED SHARES OF COMMON STOCK**

**General**

The Board of Directors has approved and is hereby soliciting shareholder approval of an amendment to the Company's existing articles of incorporation to increase the number of shares of Common Stock that the Company is authorized to issue from 24,000,000 to 30,000,000 shares. The full text of the proposed amendment to the articles of incorporation is set forth below. If the shareholders approve this proposal, the proposed amendment will become effective when articles of amendment are filed with the Secretary of State of the Commonwealth of Pennsylvania. Though the Company anticipates the filing of articles of amendment promptly after the Special Meeting, the Board of Directors will have the discretion to make the filing at any time after the Special Meeting.

The Company is authorized to issue up to 24,000,000 shares of Common Stock, \$2.50 par value per share, and 2,000,000 shares of preferred stock, without par value per share. The proposed amendment would increase the number of authorized shares of Common Stock to 30,000,000, but would not affect the authorized shares of preferred stock. The additional 6,000,000 shares of Common Stock would become a part of the existing class of Common Stock and, if and when issued, would have the same rights, privileges and preferences as the shares of Common Stock currently issued and outstanding. On November 1, 2004, 16,776,682 shares of Common Stock were outstanding and held of record by 4,701 registered shareholders. As of November 1, 2004, there were 163,169 shares reserved for issuance under our Dividend Reinvestment Plan and 406,152 shares reserved for issuance under our 2001 Stock Incentive Plan.

Matter No. 2 is being proposed because the Board of Directors believes that it is advisable to have a greater number of authorized but unissued shares of common stock available for general corporate purposes. AmeriServ may from time to time consider public or private financings to provide AmeriServ with capital that may involve the issuance of additional shares of common stock or securities convertible into common stock, acquisitions, stock dividends or stock splits. The Board of Directors believes that having authority to issue additional shares of common stock will avoid the possible delay and significant expense of calling and holding a special meeting of shareholders to increase authorized shares of common stock. Except for the issuance of Common Stock proposed in Matter No. 1, at the present time, AmeriServ has no present agreement or arrangement involving the issuance of Common Stock.

**Text of the Amendment to the Articles of Incorporation**

If the proposed amendment is approved by the shareholders, Article 5 of the articles of incorporation would read as follows:

The aggregate number of shares which the corporation shall have authority to issue is:

2,000,000 shares of preferred stock, without par value, and

30,000,000 shares of common stock with a par value of \$2.50.

### Purposes and Effects of the Proposed Amendment

The Board of Directors may issue authorized but unissued shares of Common Stock at such time or times, and for such corporate purpose or purposes, as it deems advisable, without any further action by the Company's shareholders, except as may be required by applicable law or the rules of the Nasdaq Stock Market or other market on which the Common Stock is traded. Nevertheless, the Company has no present agreement or arrangement to issue any of the additional shares of Common Stock proposed to be authorized. The Board of Directors does not intend to issue any shares of Common Stock except on the terms that it deems to be in the best interest of the Company.

The proposed increase in the authorized shares of Common Stock will not, in itself, affect any of the rights, preferences, or privileges of any of the Company's shareholders. Nevertheless, the issuance of any of the additional authorized shares of Common Stock would dilute the existing shareholders' proportionate ownership and voting rights in the Company. In addition, the possible dilution caused by future issuances of shares of Common Stock could reduce the Company's net income per share in future periods and could reduce per share dividends, when and if declared by the Board of Directors out of funds legally available for that purpose.

The proposed increase in the authorized shares of Common Stock is not intended as an anti-takeover device, to inhibit or affect any possible change in control of the Company. However, the availability for issuance of additional shares of Common Stock in a public or private sale, merger, or similar transaction would increase the number of outstanding shares, thereby possibly diluting the interest or increasing the cost to any person or persons attempting to obtain control of the Company. The Company is not aware of any pending or threatened efforts to acquire control of the Company.

### Vote Required

The affirmative vote of a majority of shares of Common Stock cast is required to approve the proposed amendment to the articles of incorporation. Investors who purchased shares of Common Stock in the first closing, as described above, are entitled to vote on Matter No. 2.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE AMENDMENT TO THE ARTICLES OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK FROM 24,000,000 TO 30,000,000.

### SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information concerning the number of shares of Common Stock beneficially owned, as of November 1, 2004, by each director, executive officer and persons or groups known by us to own beneficially 5% or more of our Common Stock:
