Edgar Filing: ARTESIAN RESOURCES CORP - Form 8-K

SECTION 8 -- OTHER EVENTS

ITEM 8.01 OTHER EVENTS.

On February 1, 2007, Artesian Resources Corporation (Artesian Resources) entered an agreement on the terms of purchase of the Carpenters Point Water Company (Carpenters Point). Carpenters Point currently serves a 130 home community in Cecil County, Maryland near the Interstate 95 growth corridor between Philadelphia and Baltimore. The acquisition provides sufficient groundwater supply and elevated water storage to serve additional customers in the undeveloped portions of the Carpenters Point franchise and surrounding area. The purchase is subject to a number of conditions, including the completion of Artesian Resources' due diligence, execution of definitive agreements and approvals by appropriate state regulatory agencies, including the Maryland Public Service Commission and the Maryland Department of the Environment. If the conditions are satisfied, Artesian Resources expects the acquisition will be completed in 2007.

Cecil County has designated the Interstate 95 corridor as a preferred growth area for business and residential expansion. Recently, the federal Base Re-Alignment and Closure Commission announced the relocation of approximately 14,000 jobs to nearby Aberdeen, Maryland by 2011. The Wilmington Metropolitan Area Planning Commission projects Cecil County will grow at a rate of 86 percent between 2000 and 2030 and the Maryland Department of Planning projects that Cecil County will experience the highest rate of household growth through 2025 of any jurisdiction in the state.

Artesian Water Company, Inc. (Artesian Water), a subsidiary of Artesian Resources, has also entered into agreements with the towns of Elkton and Chesapeake City, Maryland to sell water to them at the Delaware state line. Construction of the transmission main to Elkton is expected to begin in the early summer and we anticipate supplying water in 2007 from our Delaware subsidiary Artesian Water. Additional approvals are necessary to construct the transmission line to Chesapeake City. We believe that these interconnections and the acquisition of Carpenters Point position Artesian to serve the rapidly growing needs of Cecil County, Maryland.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

Statements in this report which express Artesian Resources' "belief" or "expectation" are not historical facts and are forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended, and the Private Securities Litigation Reform Act of 1995, including, but not limited to, statements regarding the timing of completion of the acquisition, the significance of the acquisition to us, the timing of construction of the transmission main and commencement of supplying water to Elkton, and the expected growth of residential population in Cecil County. Forward-looking statements are based on Artesian Resources' current expectation or forecasts of future events. These statements involve risks and uncertainties that could cause actual results to differ materially from those projected, including whether or not the closing conditions will be satisfied, whether the parties can agree to definitive documents and receive regulatory approvals, and certain other risks under the heading "Risk Factors" commencing on page 8 of Artesian Resources' Annual Report on Form 10-K for the fiscal year ended December 31, 2005. Given these risks and uncertainties, any or all of the forward-looking statements may prove to be incorrect. Artesian Resources undertakes no obligation to update publicly any forward-looking statements.
