Item 7.01 Regulation FD Disclosure.

On March 9, 2015, Masonite International Corporation (the “Company”) issued a press release to announce that it intends to offer \$475 million aggregate principal amount of senior unsecured notes due 2023 in a private offering that is exempt from the registration requirements of the Securities Act of 1933, as amended (the “Securities Act”), subject to market and other conditions. A copy of the press release is attached hereto as Exhibit 99.1 and is incorporated herein by reference.

On March 9, 2015, the Company issued a press release announcing the pricing of the private placement of \$475 million aggregate principal amount of 5.625% senior notes due 2023 (the “notes”). A copy of the press release is attached hereto as Exhibit 99.2 and is incorporated herein by reference.

The Company intends to use the net proceeds from the sale of the notes, together with existing available cash balances, to redeem all \$500.0 million aggregate principal amount of its existing 8.25% Senior Notes due 2021 (the “Existing Senior Notes”) and to pay related premiums, fees and expenses. The obligation of the Company to redeem the Existing Senior Notes will be conditioned upon the consummation of this offering of notes.

The Company is furnishing the information in this Item 7.01 to comply with Regulation FD. The information furnished pursuant to this Item 7.01, including Exhibit 99.1 and Exhibit 99.2, shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), or otherwise subject to liabilities under that section and shall not be deemed to be incorporated by reference into any filing of the Company under the Securities Act or the Exchange Act, whether made before or after the date hereof, regardless of any general incorporation language in such filing.

Item 8.01 Other Events.

On March 9, 2015, the Company provided notice of its election to redeem all the currently outstanding Existing Senior Notes. The Existing Senior Notes will be redeemed on April 8, 2015 (the “Redemption Date”) at a redemption price (the “Redemption Price”) of 100% of the principal amount thereof plus an applicable “make-whole” premium as of the Redemption Date as specified in the indenture governing the Existing Senior Notes plus accrued and unpaid interest on the Existing Senior Notes to, but excluding, the Redemption Date. The obligation of the Company to redeem the Existing Senior Notes will be conditioned upon the consummation of the offering of notes described above.

In the preliminary offering memorandum, relating to the sale of the notes, the Company disclosed that it sold approximately 20 million residential and architectural interior and exterior doors in 2014 in the United States. In the Company’s Annual Report on Form 10-K filed on February 26, 2015, this number had been stated erroneously as 26 million doors, which is the number sold throughout North America rather than solely in the United States.

In the Contractual Obligations table under the “Management’s Discussion and Analysis of Financial Condition and Results of Operations” section of the Company’s Annual Report on Form 10-K filed on February 26, 2015, while each line item was reported correctly, due to a computational error, the “Total” line was incorrect and should be revised as follows (in thousands): \$64,191 for 2015; \$54,928 for 2016; \$52,657 for 2017; \$52,925 for 2018; \$53,315 for 2019 and \$913,156 for the Total column.
