Net sales	23,395.2	100.0	22,812.0	100.0	2.6

Net sales increased by 2.6% to Ps.23,395.2 million in first-quarter 2019 compared with Ps.22,812.0 million in first-quarter 2018. Cable

First-quarter sales increased by 14.2% to Ps.9,898.1 million compared with Ps.8,669.7 million in first-quarter 2018 driven by solid net additions in voice and broadband.

Total revenue generating units, or RGUs, reached 12.1 million. Quarterly growth was driven by strong growth in broadband and voice net additions. Video RGUs were lower marginally by 9 thousand. Total net additions for the quarter were approximately 285 thousand.

The following table sets forth the breakdown of RGUs per service type for our Cable segment as of March 31, 2019 and 2018.

The following tables set forth the breakdown of revenues and operating segment income, excluding consolidation adjustments, for our MSO and enterprise operations for first-quarter 2019 and 2018.

MSO Operations ⁽¹⁾	1Q'19	1Q'18	Change %

Operating Segment Income	497.0	433.9	14.5

(1) These results do not include consolidation adjustments of Ps.369.2 million in revenues nor Ps.117.5 million in Operating Segment Income for first quarter 2019, neither the consolidation adjustments of Ps.295.5 million in revenues nor Ps.107.0 million in Operating Segment Income for first quarter 2018. Consolidation adjustments are considered in the consolidated results of the Cable segment.

First-quarter operating segment income in our MSO operations increased by 17.4%, to Ps.3,917.6 million and operating segment income margin reached 44.1%. In our Enterprise Operations, operating segment income increased by 14.5%, the third consecutive quarter of growth after the restructuring of this division in 2018.

Sky

First-quarter sales decreased by 3.5% to Ps.5,281.6 million compared with Ps.5,474.2 million in first-quarter 2018, mainly explained by a lower number video RGUs.

The number of net active video RGUs declined by 251 thousand. This resulted mostly from pre-paid customers that stopped recharging their Sky service soon after the completion of the World Cup last year and, based on Sky's disconnection policies, were dropped during the first quarter. Sky ended the quarter with 7.6 million RGUs, of which 164,568 were video RGUs in Central America and the Dominican Republic.

During the quarter, Sky continued growing its broadband business after adding 73 thousand broadband RGUs. It reached a total of 165 thousand broadband RGUs.

The following table sets forth the breakdown of RGUs per service type for Sky as of March 31, 2019 and 2018.

RGUs	1Q'19	1Q'18
Video	7,386,347	7,910,225
Broadband	165,262	n/a
Voice	1,493	n/a
Total RGUs	7,553,102	7,910,225

First-quarter operating segment income decreased by 5.5% to Ps.2,306.9 million compared with Ps.2,441.9 million in first-quarter 2018. The margin was 43.7%. The 90 basis points decline was due to the costs related to the launch and promotion of Sky's broadband service.

Content

First-quarter sales decreased by 9.0% to Ps.7,184.9 million compared with Ps.7,899.4 million in first-quarter 2018.

Millions of Mexican pesos	1Q'19	%	1Q'18	%	Change %
Advertising	3,681.9	51.2	4,272.7	54.1	(13.8)
Network Subscription	1,218.3	17.0	1,179.1	14.9	3.3
Licensing and Syndication	2,284.7	31.8	2,447.6	31.0	(6.7)
Net Sales	7,184.9	100.0	7,899.4	100.0	(9.0)

Advertising

First-quarter advertising sales decreased by 13.8% to Ps.3,681.9 million compared with Ps.4,272.7 million in first-quarter 2018. The decrease in sales is substantially explained by a significant drop in government advertising. Advertising sales to the private sector were down approximately 2%.

The new government is implementing a number of public policy measures to release funds for other initiatives. One of these measures is the reduction of its overall investment in advertising which they have publicly indicated would come down by approximately 50%, when compared to 2018. This measure will apply to all media, including radio, print, digital, and television. As a reminder, government advertising represented approximately 11% of our total advertising revenue last year, or about 2% of consolidated revenue.

Accordingly, we continue to anticipate that government advertising this year will drop by about 50%. During the first quarter, however, the reduction in our sales of advertising to the government was steeper than 50% probably as the campaigns of the various government entities have yet to start.

Network Subscription

First-quarter Network Subscription sales increased by 3.3% to Ps.1,218.3 million compared with Ps.1,179.1 million in first-quarter 2018.

Licensing and Syndication

First-quarter Licensing and Syndication sales decreased by 6.7% to Ps.2,284.7 million from Ps.2,447.6 million in first-quarter 2018. The decrease is mainly explained by carriage dispute between Univision and Dish beginning on July 1, 2018. Royalties from Univision reached U.S.\$88.0 million in first-quarter 2019 compared to U.S.\$95.5 million in first-quarter 2018.

In March 26, 2019, Univision announced that it reached a new long-term agreement with Dish for carriage of Univision networks and stations, effective immediately.

First-quarter operating segment income decreased by 19.6% to Ps.2,267.3 million compared with Ps.2,820.1 million in first-quarter 2018. This decrease is mainly explained by the drop in government advertising sales. The margin was 31.6%.

Other Businesses

First-quarter sales increased by 27.1% to Ps.2,260.3 million compared with Ps.1,778.4 million in first-quarter 2018. The increase is mainly explained by growing revenues from the soccer, gaming and feature films distribution businesses, partially compensated by the publishing and radio businesses.

First-quarter operating segment income increased by 162.4% to Ps.535.1 million compared with Ps.203.9 million in first-quarter 2018. The increase was mainly explained by soccer, gaming and feature films distribution businesses, partially compensated by the radio business.

Corporate Expense

Corporate expense decreased by Ps.35.6 million, or 6.5%, to Ps.516.1 million in first-quarter 2019, from Ps.551.7 million in first-quarter 2018. The decrease reflected mainly a lower share-based compensation expense by 15.6% to Ps.317.2 million from Ps.375.8 million in first-quarter 2018.

Share-based compensation expense is measured at fair value at the time the equity benefits are conditionally sold to officers and employees. It is accounted for as corporate expense and is recognized over the vesting period.

Other Expense, Net

Other expense, net, increased by Ps.34.8 million, or 22.6%, to Ps.188.9 million in first-quarter 2019 compared with Ps.154.1 million in first-quarter 2018. During the quarter, non-cash expenses included mainly: (i) Ps.34.2 million that resulted from the disposition of property and equipment; (ii) Ps.16.9 million that originated in the impairment of certain intangible assets.

Finance Expense, Net

The following table sets forth finance (expense) income, net, stated in millions of Mexican pesos for the quarters ended March 31, 2019 and 2018.

	1Q 2019	1Q 2018	(Increase) decrease
Interest expense	(2,406.8)	(2,289.2)	(117.6)
Interest income	296.5	304.0	(7.5)
Foreign exchange gain, net	139.0	993.8	(854.8)
Other finance expense, net	(302.8)	(1,209.3)	906.5
Finance expense, net	(2,274.1)	(2,200.7)	(73.4)

Finance expense, net, increased by Ps.73.4 million to Ps.2,274.1 million for first-quarter 2019 from Ps.2,200.7 million for first-quarter 2018. This increase primarily reflected (i) a Ps.854.8 million decrease in foreign exchange gain resulting primarily from the effect of a 1.3% appreciation of the Mexican peso against the U.S. dollar on our average net U.S. dollar liability position in first-quarter 2019, compared with a 7.3% appreciation in first-quarter 2018; (ii) a Ps.117.6 million increase interest expense, primarily due to an additional Ps.102.1 million in interest expense related to lease liabilities that were recognized for first time in connection with the adoption of IFRS 16 Leases, beginning on January 1, 2019; and (iii) a Ps.7.5 million decrease in interest income explained primarily by a decrease in our cash equivalents and temporary investments in first-quarter 2019.

These unfavorable effects were partially offset by a Ps.906.5 million decrease in other finance expense, net, primarily resulting from a lower loss derived from changes in fair value of our derivative contracts, in connection with a 1.3% appreciation of the Mexican peso against the U.S. dollar in first-quarter 2019, compared with a 7.3% appreciation in first-quarter 2018.

Share of Income of Associates and Joint Ventures, Net

Share of income of associates and joint ventures, net, increased by Ps.58.7 million, or 54.8%, to Ps.165.8 million in first-quarter 2019, from Ps.107.1 million in first-quarter 2018. This increase reflected mainly the absence of share of loss of Imagina, a media and telecom company in Spain, which investment was disposed by us in second-quarter 2018.

Share of income of associates and joint ventures, net, for the first-quarter 2019, includes primarily share of income of (i) Univision Holdings, Inc., the controlling parent of Univision Communications Inc.; and (ii) OCESA Entretenimiento, S.A. de C.V., a live entertainment company in Mexico.

Income Taxes

Income taxes decreased by Ps.31.7 million, or 5.9%, to Ps.504.0 million in first-quarter 2019 compared with Ps.535.7 million in first-quarter 2018. This decrease reflected primarily a lower income tax base, which was partially offset by a higher effective income tax rate.

Net Income Attributable to Non-controlling Interests

Net income attributable to non-controlling interests was Ps.316.4 million in first-quarter 2019, in line with the Ps.317.3 million in first-quarter 2018.

Capital Expenditures

During first-quarter 2019, we invested approximately U.S.\$222.9 million in property, plant and equipment as capital expenditures. The following table sets forth the breakdown of capital expenditures for first-quarter 2019 and 2018.

Capital Expenditures Millions of U.S.\$	1Q 2019	1Q 2018
Cable	169.7	106.1
Sky	47.1	40.0
Content and Other Businesses	6.1	12.6
Total	222.9	158.7

For the full year, we are maintaining our guidance of approximately one billion dollars in capital expenditures.
