Form 10-Q  
October 30, 2013

UNITED STATES  
SECURITIES AND EXCHANGE COMMISSION  
Washington, D. C. 20549

FORM 10-Q

(Mark One)

☒ Quarterly Report Pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934.  
For the Period Ended September 30, 2013

or  
☐ Transition Report Pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934.  
For the transition period from \_\_\_\_\_ to \_\_\_\_\_  
Commission file number 1-04851

THE SHERWIN-WILLIAMS COMPANY  
(Exact name of registrant as specified in its charter)

OHIO	34-0526850
(State or other jurisdiction of incorporation or organization)	(I.R.S. Employer Identification No.)

101 West Prospect Avenue, Cleveland, Ohio	44115-1075
(Address of principal executive offices)	(Zip Code)
(216) 566-2000	
(Registrant's telephone number including area code)	

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes ☒ No ☐

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes ☒ No ☐

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act. (Check one:)

Large accelerated filer ☒ Accelerated filer ☐

Non-accelerated filer ☐ (Do not check if a smaller reporting company) Smaller reporting company ☐

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes ☐ No ☒

Indicate the number of shares outstanding of each of the issuer's classes of common stock, as of the latest practical date.

Common Stock, \$1.00 Par Value – 101,333,029 shares as of September 30, 2013.

THE SHERWIN-WILLIAMS COMPANY AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Periods ended September 30, 2013 and 2012

NOTE 1—BASIS OF PRESENTATION

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles (GAAP) for interim financial information and the instructions to Form 10-Q. Accordingly, they do not include all of the information and footnotes required by U.S. GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included.

There have been no significant changes in critical accounting policies since December 31, 2012. Accounting estimates were revised as necessary during the first nine months of 2013 based on new information and changes in facts and circumstances.

The Company primarily uses the last-in, first-out (LIFO) method of valuing inventory. An actual valuation of inventory under the LIFO method can be made only at the end of each year based on the inventory levels and costs at that time. Accordingly, interim LIFO calculations are based on management's estimates of expected year-end inventory levels and costs are subject to the final year-end LIFO inventory valuation. In addition, interim inventory levels include management's estimates of annual inventory losses due to shrinkage and other factors. The final year-end valuation of inventory is based on an annual physical inventory count performed during the fourth quarter. For further information on inventory valuations and other matters, refer to the consolidated financial statements and footnotes thereto included in the Company's Form 10-K for the year ended December 31, 2012.

The consolidated results for the three and nine months ended September 30, 2013 are not necessarily indicative of the results to be expected for the year ending December 31, 2013.

NOTE 2—IMPACT OF RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

In February 2013, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2013-2, which amends the Comprehensive Income Topic of the Accounting Standards Codification (ASC). The updated standard requires the presentation of information about reclassifications out of accumulated other comprehensive income. ASU No. 2013-2 is effective for fiscal years and interim periods within those years beginning after December 15, 2012. The Company has adopted the standard on a prospective basis as required. The updated standard affects the Company's disclosures but has no impact on its results of operations, financial condition or liquidity.

NOTE 3—DIVIDENDS

Dividends paid on common stock during each of the first three quarters of 2013 and 2012 were \$.50 per common share and \$.39 per common share, respectively.

**NOTE 4—CHANGES IN CUMULATIVE OTHER COMPREHENSIVE LOSS**

The following table summarizes the changes in Cumulative other comprehensive loss for the nine months ended September 30, 2013:

(Thousands of dollars)

	Foreign Currency Translation Adjustments	Net Actuarial (Losses) Gains and Prior Service Costs Recognized for Employee Benefit Plans	Unrealized Net Gains (Losses) on Available-for-Sale Securities	Total Cumulative Other Comprehensive Loss
Beginning balance	\$(204,195 )	\$(166,595 )	\$ 401	\$(370,389 )
Other comprehensive loss before reclassifications <sup>(1)</sup>	(27,935 )	(855 )	(276 )	(29,066 )
Amounts reclassified from other comprehensive loss <sup>(2)</sup>		10,389	(3 )	10,386
Net other comprehensive (loss) income	(27,935 )	9,534	(279 )	(18,680 )
Ending balance	\$(232,130 )	\$(157,061 )	\$ 122	\$(389,069 )

<sup>(1)</sup> Net of taxes of \$534 for net actuarial gains and prior service costs recognized for employee benefit plans and \$173 for unrealized net gains on available-for-sale securities.

<sup>(2)</sup> Net of taxes of \$(6,005) for net actuarial gains and prior service costs recognized for employee benefit plans and \$2 for unrealized net gains on available-for-sale securities.

**NOTE 5—PRODUCT WARRANTIES**

Changes in the Company's accrual for product warranty claims during the first nine months of 2013 and 2012, including customer satisfaction settlements, were as follows:

(Thousands of dollars)

	2013	2012
Balance at January 1	\$22,710	\$22,071
Charges to expense	18,916	18,646
Settlements	(18,936 )	(19,101 )
Balance at September 30	\$22,690	\$21,616

For further details on the Company's accrual for product warranty claims, see Note 1 to the Consolidated Financial Statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2012.

**NOTE 6—EXIT OR DISPOSAL ACTIVITIES**

Liabilities associated with exit or disposal activities are recognized as incurred in accordance with the Exit or Disposal Cost Obligations Topic of the ASC. Qualified exit costs primarily include post-closure rent expenses, incremental post-closure costs and costs of employee terminations. Adjustments may be made to liabilities accrued for qualified exit costs if information becomes available upon which more accurate amounts can be reasonably estimated.

Concurrently, property, plant and equipment is tested for impairment in accordance with the Property, Plant and Equipment Topic of the ASC, and if impairment exists, the carrying value of the related assets is reduced to estimated fair value. Additional impairment may be recorded for subsequent revisions in estimated fair value.

In the nine months ended September 30, 2013, four stores in the Paint Stores Group, four branches in the Global Finishes Group and seven stores in the Latin America Coatings Group were closed due to lower demand or redundancy.

The following table summarizes the activity and remaining liabilities associated with qualified exit costs at September 30, 2013:

(Thousands of dollars)

Exit Plan	Balance at December 31, 2012	Provisions in Cost of goods sold or SG&A	Actual expenditures charged to accrual	Adjustments to prior provisions in Other general expense - net	Balance at September 30, 2013
Paint Stores Group stores shutdown in 2013:					
Other qualified exit costs		\$27	\$ (27 )		
Consumer Group facilities shutdown in 2013:					
Severance and related costs		164			\$164
Global Finishes Group stores shutdown in 2013:					
Severance and related costs		294	(25 )		269
Paint Stores Group stores shutdown in 2012:					
Other qualified exit costs	\$313		(54 )	\$(1 )	258
Global Finishes Group facilities shutdown in 2012:					
Severance and related costs	2,236	268	(1,883 )		621
Other qualified exit costs	3,430		(3,530 )	100	
Global Finishes Group branches shutdown in 2011:					
Other qualified exit costs	290		(128 )		162
Other qualified exit costs for facilities shutdown prior to 2011	2,288		(804 )	(4 )	1,480
Totals	\$8,557	\$753	\$ (6,451 )	\$95	\$2,954

For further details on the Company's exit or disposal activities, see Note 5 to the Consolidated Financial Statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2012.

#### NOTE 7—HEALTH CARE, PENSION AND OTHER BENEFITS

Shown below are the components of the Company's net periodic benefit cost for domestic defined benefit pension plans, foreign defined benefit pension plans and postretirement benefits other than pensions:

(Thousands of dollars)	Domestic Defined Benefit Pension Plans		Foreign Defined Benefit Pension Plans		Postretirement Benefits Other than Pensions	
	2013	2012	2013	2012	2013	2012
Three Months Ended September 30:						
Net periodic benefit cost:						
Service cost	\$5,396	\$4,732	\$1,160	\$892	\$765	\$736
Interest cost	4,267	4,330	1,902	1,725	3,046	3,380
Expected return on assets	(10,342 )	(11,210 )	(1,783 )	(1,677 )		
Amortization of:						
Prior service cost (credit)	456	398			(82 )	(164 )
Actuarial loss	3,489	5,486	443	251	983	429
Net periodic benefit cost	\$3,266	\$3,736	\$1,722	\$1,191	\$4,712	\$4,381
Nine Months Ended September 30:						
Net periodic benefit cost:						
Service cost	\$16,189	\$14,196	\$3,480	\$2,677	\$2,296	\$2,208
Interest cost	12,801	12,992	5,707	5,174	9,137	10,140
Expected return on assets	(31,026 )	(33,631 )	(5,347 )	(5,031 )		
Amortization of:						
Prior service cost (credit)	1,367	1,194			(246 )	(492 )
Actuarial loss	10,465	16,457	1,327	754	2,950	1,286
Net periodic benefit cost	\$9,796	\$11,208	\$5,167	\$3,574	\$14,137	\$13,142

For further details on the Company's health care, pension and other benefits, see Note 6 to the Consolidated Financial Statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2012.

#### NOTE 8—OTHER LONG-TERM LIABILITIES

The Company initially provides for estimated costs of environmental-related activities relating to its past operations and third party sites for which commitments or clean-up plans have been developed and when such costs can be reasonably estimated based on industry standards and professional judgment. These estimated costs are determined based on currently available facts regarding each site. If the best estimate of costs can only be identified as a range and no specific amount within that range can be determined more likely than any other amount within the range, the minimum of the range is provided. At September 30, 2013, the unaccrued maximum of the estimated range of possible outcomes is \$81.9 million higher than the minimum.

The Company continuously assesses its potential liability for investigation and remediation-related activities and adjusts its environmental-related accruals as information becomes available upon which more accurate costs can be reasonably estimated and as additional accounting guidelines are issued. Actual costs incurred may vary from these estimates due to the inherent uncertainties involved including, among others, the number and financial condition of parties involved with respect to any given site, the volumetric contribution which may be attributed to the Company relative to that attributed to other parties, the nature and magnitude of the wastes involved, the various technologies that can be used for remediation and the determination of acceptable remediation with respect to a particular site.

Included in Other long-term liabilities at September 30, 2013 and 2012 were accruals for extended environmental-related activities of \$94.8 million and \$80.8 million, respectively. Estimated costs of current investigation and remediation activities of \$17.1 million and \$42.8 million are included in Other accruals at September 30, 2013 and 2012, respectively.

Two of the Company's currently and formerly owned manufacturing sites account for the majority of the accrual for environmental-related activities and the unaccrued maximum of the estimated range of possible outcomes at September 30, 2013. At September 30, 2013, \$58.2 million, or 52.0 percent of the total accrual, related directly to these two sites. In the aggregate unaccrued maximum of \$81.9 million at September 30, 2013, \$56.9 million, or 69.4 percent, related to the two manufacturing sites. While environmental investigations and remedial actions are in

different stages at these sites, additional investigations, remedial actions and monitoring will likely be required at each site.

Management cannot presently estimate the ultimate potential loss contingencies related to these sites or other less significant sites until such time as a substantial portion of the investigation at the sites is completed and remedial action plans are developed. In the event any future loss contingency significantly exceeds the current amount accrued, the recording of the

ultimate liability may result in a material impact on net income for the annual or interim period during which the additional costs are accrued. Management does not believe that any potential liability ultimately attributed to the Company for its environmental-related matters will have a material adverse effect on the Company's financial condition, liquidity, or cash flow due to the extended period of time during which environmental investigation and remediation takes place. An estimate of the potential impact on the Company's operations cannot be made due to the aforementioned uncertainties.

Management expects these contingent environmental-related liabilities to be resolved over an extended period of time. Management is unable to provide a more specific time frame due to the indefinite amount of time to conduct investigation activities at any site, the indefinite amount of time to obtain environmental agency approval, as necessary, with respect to investigation and remediation activities, and the indefinite amount of time necessary to conduct remediation activities.

For further details on the Company's Other long-term liabilities, see Note 8 to the Consolidated Financial Statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2012.

#### NOTE 9 – LITIGATION

In the course of its business, the Company is subject to a variety of claims and lawsuits, including, but not limited to, litigation relating to product liability and warranty, personal injury, environmental, intellectual property, commercial, contractual and antitrust claims that are inherently subject to many uncertainties regarding the possibility of a loss to the Company. These uncertainties will ultimately be resolved when one or more future events occur or fail to occur confirming the incurrence of a liability or the reduction of a liability. In accordance with the Contingencies Topic of the ASC, the Company accrues for these contingencies by a charge to income when it is both probable that one or more future events will occur confirming the fact of a loss and the amount of the loss can be reasonably estimated. In the event that the Company's loss contingency is ultimately determined to be significantly higher than currently accrued, the recording of the additional liability may result in a material impact on the Company's results of operations, liquidity or financial condition for the annual or interim period during which such additional liability is accrued. In those cases where no accrual is recorded because it is not probable that a liability has been incurred and the amount of any such loss cannot be reasonably estimated, any potential liability ultimately determined to be attributable to the Company may result in a material impact on the Company's results of operations, liquidity or financial condition for the annual or interim period during which such liability is accrued. In those cases where no accrual is recorded or exposure to loss exists in excess of the amount accrued, the Contingencies Topic of the ASC requires disclosure of the contingency when there is a reasonable possibility that a loss or additional loss may have been incurred.

Lead pigment and lead-based paint litigation. The Company's past operations included the manufacture and sale of lead pigments and lead-based paints. The Company, along with other companies, is and has been a defendant in a number of legal proceedings, including individual personal injury actions, purported class actions, and actions brought by various counties, cities, school districts and other government-related entities, arising from the manufacture and sale of lead pigments and lead-based paints. The plaintiffs' claims have been based upon various legal theories, including negligence, strict liability, breach of warranty, negligent misrepresentations and omissions, fraudulent misrepresentations and omissions, concert of action, civil conspiracy, violations of unfair trade practice and consumer protection laws, enterprise liability, market share liability, public nuisance, unjust enrichment and other theories. The plaintiffs seek various damages and relief, including personal injury and property damage, costs relating to the detection and abatement of lead-based paint from buildings, costs associated with a public education campaign, medical monitoring costs and others. The Company is also a defendant in legal proceedings arising from the manufacture and sale of non-lead-based paints that seek recovery based upon various legal theories, including the failure to adequately warn of potential exposure to lead during surface preparation when using non-lead-based paint on surfaces previously painted with lead-based paint. The Company believes that the litigation brought to date is without merit or subject to meritorious defenses and is vigorously defending such litigation. The Company has not settled any lead pigment or lead-based paint litigation. The Company expects that additional lead pigment and lead-based paint litigation may be filed against the Company in the future asserting similar or different legal theories and seeking similar or different types of damages and relief.

Notwithstanding the Company's views on the merits, litigation is inherently subject to many uncertainties, and the Company ultimately may not prevail. Adverse court rulings or determinations of liability, among other factors, could affect the lead pigment and lead-based paint litigation against the Company and encourage an increase in the number and nature of future claims and proceedings. In addition, from time to time, various legislation and administrative regulations have been enacted, promulgated or proposed to impose obligations on present and former manufacturers of lead pigments and lead-based paints respecting asserted health concerns associated with such products or to overturn the effect of court decisions in which the Company and other manufacturers have been successful. Due to the uncertainties involved, management is unable to predict the outcome of the lead pigment and lead-based paint litigation, the number or nature of possible future claims and proceedings, or the effect that any legislation and/or administrative regulations may have on the litigation or against the Company. In addition, management cannot reasonably

determine the scope or amount of the potential costs and liabilities related to such litigation, or resulting from any such legislation and regulations. The Company has not accrued any amounts for such litigation. With respect to such litigation, including the public nuisance litigation, the Company does not believe that it is probable that a loss has occurred, and it is not possible to estimate the range of potential losses as there is no prior history of a loss of this nature and there is no substantive information upon which an estimate could be based. In addition, any potential liability that may result from any changes to legislation and regulations cannot reasonably be estimated. In the event any significant liability is determined to be attributable to the Company relating to such litigation, the recording of the liability may result in a material impact on net income for the annual or interim period during which such liability is accrued. Additionally, due to the uncertainties associated with the amount of any such liability and/or the nature of any other remedy which may be imposed in such litigation, any potential liability determined to be attributable to the Company arising out of such litigation may have a material adverse effect on the Company's results of operations, liquidity or financial condition. An estimate of the potential impact on the Company's results of operations, liquidity or financial condition cannot be made due to the aforementioned uncertainties.

**Public nuisance claim litigation.** The Company and other companies are or were defendants in legal proceedings seeking recovery based on public nuisance liability theories, among other theories, brought by the State of Rhode Island, the City of St. Louis, Missouri, various cities and counties in the State of New Jersey, various cities in the State of Ohio and the State of Ohio, the City of Chicago, Illinois, the City of Milwaukee, Wisconsin and the County of Santa Clara, California and other public entities in the State of California. Except for the Santa Clara County, California proceeding, all of these legal proceedings have been concluded in favor of the Company and other defendants at various stages in the proceedings.

The proceedings initiated by the State of Rhode Island included two jury trials. At the conclusion of the second trial, the jury returned a verdict finding that (i) the cumulative presence of lead pigment in paints and coatings on buildings in the State of Rhode Island constitutes a public nuisance, (ii) the Company, along with two other defendants, caused or substantially contributed to the creation of the public nuisance, and (iii) the Company and two other defendants should be ordered to abate the public nuisance. The Company and two other defendants appealed and, on July 1, 2008, the Rhode Island Supreme Court, among other determinations, reversed the judgment of abatement with respect to the Company and two other defendants. The Rhode Island Supreme Court's decision reversed the public nuisance liability judgment against the Company on the basis that the complaint failed to state a public nuisance claim as a matter of law.

The Santa Clara County, California proceeding was initiated in March 2000 in the Superior Court of the State of California, County of Santa Clara. In the original complaint, the plaintiffs asserted various claims including fraud and concealment, strict product liability/failure to warn, strict product liability/design defect, negligence, negligent breach of a special duty, public nuisance, private nuisance, and violations of California's Business and Professions Code. A number of the asserted claims were resolved in favor of the defendants through pre-trial proceedings. The named plaintiffs in the Fourth Amended Complaint, filed on March 16, 2011, are the Counties of Santa Clara, Alameda, Los Angeles, Monterey, San Mateo, Solano and Ventura, and the Cities of Oakland, San Diego and San Francisco. The Fourth Amended Complaint asserts a sole claim for public nuisance, alleging that the presence of lead products for use in paint and coatings in, on and around buildings in the plaintiffs' jurisdictions constitutes a public nuisance. The plaintiffs seek the abatement of the alleged public nuisance that exists within the plaintiffs' jurisdictions. A trial commenced on July 15, 2013 and ended on August 22, 2013. Closing arguments were heard on September 23, 2013. The trial court is expected to issue its decision by December 31, 2013.

**Litigation seeking damages from alleged personal injury.** The Company and other companies are defendants in a number of legal proceedings seeking monetary damages and other relief from alleged personal injuries. These proceedings include claims by children allegedly injured from ingestion of lead pigment or lead-containing paint, claims for damages allegedly incurred by the children's parents or guardians, and claims for damages allegedly incurred by professional painting contractors. These proceedings generally seek compensatory and punitive damages, and seek other relief including medical monitoring costs. These proceedings include purported claims by individuals, groups of individuals and class actions.

The plaintiff in Thomas v. Lead Industries Association, et al., initiated an action in state court against the Company, other alleged former lead pigment manufacturers and the Lead Industries Association in September 1999. The claims against the Company and the other defendants included strict liability, negligence, negligent misrepresentation and omissions, fraudulent misrepresentation and omissions, concert of action, civil conspiracy and enterprise liability. Implicit within these claims is the theory of “risk contribution” liability (Wisconsin’s theory which is similar to market share liability) due to the plaintiff’s inability to identify the manufacturer of any product that allegedly injured the plaintiff. The case ultimately proceeded to trial and, on November 5, 2007, the jury returned a defense verdict, finding that the plaintiff had ingested white lead carbonate, but was not brain damaged or injured as a result. The plaintiff appealed and, on December 16, 2010, the Wisconsin Court of Appeals affirmed the final judgment in favor of the Company and other defendants.

Wisconsin is the only jurisdiction to date to apply a theory of liability with respect to alleged personal injury (i.e., risk contribution/market share liability) that does not require the plaintiff to identify the manufacturer of the product that allegedly

injured the plaintiff in the lead pigment and lead-based paint litigation. Although the risk contribution liability theory was applied during the Thomas trial, the constitutionality of this theory as applied to the lead pigment cases has not been judicially determined by the Wisconsin state courts. However, in an unrelated action filed in the United States District Court for the Eastern District of Wisconsin, *Gibson v. American Cyanamid, et al.*, on November 15, 2010, the District Court held that Wisconsin's risk contribution theory as applied in that case violated the defendants' right to substantive due process and is unconstitutionally retroactive. The District Court's decision in *Gibson v. American Cyanamid, et al.*, has been appealed by the plaintiff.

Insurance coverage litigation. The Company and its liability insurers, including certain underwriters at Lloyd's of London, initiated legal proceedings against each other to primarily determine, among other things, whether the costs and liabilities associated with the abatement of lead pigment are covered under certain insurance policies issued to the Company. The Company's action, filed on March 3, 2006 in the Common Pleas Court, Cuyahoga County, Ohio, is currently stayed and inactive. The liability insurers' action, which was filed on February 23, 2006 in the Supreme Court of the State of New York, County of New York, has been dismissed. An ultimate loss in the insurance coverage litigation would mean that insurance proceeds could be unavailable under the policies at issue to mitigate any ultimate abatement related costs and liabilities. The Company has not recorded any assets related to these insurance policies or otherwise assumed that proceeds from these insurance policies would be received in estimating any contingent liability accrual. Therefore, an ultimate loss in the insurance coverage litigation without a determination of liability against the Company in the lead pigment or lead-based paint litigation will have no impact on the Company's results of operation, liquidity or financial condition. As previously stated, however, the Company has not accrued any amounts for the lead pigment or lead-based paint litigation and any significant liability ultimately determined to be attributable to the Company relating to such litigation may result in a material impact on the Company's results of operations, liquidity or financial condition for the annual or interim period during which such liability is accrued.

Department of Labor (DOL) leveraged ESOP settlement. As previously disclosed in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2012, on February 20, 2013, the Company reached a settlement with the DOL of the DOL's investigation of transactions related to the Company's ESOP that were implemented on August 1, 2006 and August 27, 2003. The DOL had notified the Company, among others, of potential enforcement claims asserting breaches of fiduciary obligations and sought compensatory and equitable remedies. The Company resolved all ESOP related claims with the DOL by agreeing, in part, to make a one-time payment of \$80.0 million to the ESOP, resulting in a \$49.2 million after tax charge to earnings in the fourth quarter of 2012. The Company made this required \$80.0 million payment to the ESOP during the first quarter of 2013.

Government tax assessment settlements related to Brazilian operations. Charges of \$16.9 million and \$28.7 million were recorded to cost of goods sold in the quarter and nine months, respectively, and \$2.9 million to SG&A in the quarter and nine months. The charges in the quarter and nine months were primarily related to import duty taxes paid to the Brazilian government related to the handling of import duties on products brought into the country for the years 2006 through 2012. The Company elected to pay the taxes through an existing voluntary amnesty program offered by the government to resolve these issues rather than contest them in court. The after-tax charges were \$13.5 million and \$21.9 million, respectively, for the quarter and nine months. The Company's import duty process in Brazil was changed to reach a final resolution of this matter with the Brazilian government.

#### NOTE 10—OTHER

Other general expense - net

Included in Other general expense - net were the following:

(Thousands of dollars)	Three Months Ended		Nine Months Ended	
	September 30,		September 30,	
	2013	2012	2013	2012
Provisions for environmental matters - net	\$584	\$528	\$2,353	\$9,621
Loss (gain) on disposition of assets	495	654	2,818	(281)

Edgar Filing: SHERWIN WILLIAMS CO - Form 10-Q

Adjustments to prior provisions for qualified exit costs	(245	) (59	) 95	(94	)
Total	\$834	\$1,123	\$5,266	\$9,246	
Provisions for environmental matters - net represent site-specific increases or decreases to environmental-related accruals as information becomes available upon which more accurate costs can be reasonably estimated and as additional accounting					

11

---

guidelines are issued. Environmental-related accruals are not recorded net of insurance proceeds in accordance with the Offsetting Subtopic of the Balance Sheet Topic of the ASC. See Note 8 for further details on the Company's environmental-related activities.

The loss (gain) on disposition of assets represents net realized losses (gains) associated with the disposal of fixed assets previously used in the conduct of the primary business of the Company.

The adjustments to prior provisions for qualified exit costs represent site specific increases or decreases to accrued qualified exit costs as adjustments for costs of employee terminations are required or as information becomes available upon which more accurate amounts can be reasonably estimated. See Note 6 for further details on the Company's exit or disposal activities.

Other expense (income) - net

Included in Other expense (income) - net were the following:

(Thousands of dollars)	Three Months Ended September 30,		Nine Months Ended September 30,	
	2013	2012	2013	2012
Dividend and royalty income	\$(1,128)	\$(1,433)	\$(4,765)	\$(3,534)
Net expense from financing activities	2,508	2,347	7,251	6,368
Foreign currency transaction related losses (gains)	2,594	(2,604)	8,538	(6,308)
Other income	(3,981)	(3,629)	(18,400)	(12,109)
Other expense	3,501	2,129	8,864	7,302
Total	\$3,494	\$(3,190)	\$1,488	\$(8,281)

The net expense from financing activities includes the net expense relating to the change in the Company's financing fees.

Foreign currency transaction related losses (gains) represent net realized losses (gains) on U.S. dollar-denominated liabilities of foreign subsidiaries and net realized and unrealized losses (gains) from foreign currency option and forward contracts. The Company had foreign currency option and forward contracts outstanding at September 30, 2012. All of the outstanding contracts had maturity dates of less than twelve months and were undesignated hedges with changes in fair value being recognized in earnings in accordance with the Derivatives and Hedging Topic of the ASC. These derivative instrument values were included in either Other current assets or Other accruals and were insignificant at September 30, 2012. There were no foreign currency option and forward contracts outstanding at September 30, 2013.

Other income and Other expense included items of revenue, gains, expenses and losses that were unrelated to the primary business purpose of the Company. There were no items within the other income or other expense caption that were individually significant.

#### NOTE 11—INCOME TAXES

The effective tax rate was 32.1 percent for the third quarter and first nine months of 2013, compared to 31.5 percent and 30.8 percent for the third quarter and first nine months of 2012, respectively. The increase in the effective tax rate for the third quarter and first nine months of 2013 compared to 2012 was primarily due to the impact of additional state income tax expense as well as a reduction in tax benefits related to federal income tax credits.

At December 31, 2012, the Company had \$28.1 million in unrecognized tax benefits, the recognition of which would have an effect of \$25.0 million on the current provision for income taxes. Included in the balance of unrecognized tax benefits at December 31, 2012, was \$7.0 million related to tax positions for which it is reasonably possible that the total amounts could significantly change during the next twelve months. This amount represents a decrease in unrecognized tax benefits comprised of items related to federal audits of partnership investments, assessed state income tax audits, state settlement negotiations currently in progress and expiring statutes in federal and foreign jurisdictions.

The Company classifies all income tax related interest and penalties as income tax expense. At December 31, 2012, the Company had accrued \$6.2 million for the potential payment of income tax interest and penalties.

There were no significant changes to any of the balances of unrecognized tax benefits at December 31, 2012 during the first nine months of 2013.

On January 2, 2013, the American Taxpayer Relief Act (ATRA) was enacted which retroactively reinstated and extended the Federal Research and Development Tax Credit from January 1, 2012 to December 31, 2013. As a result, the Company recognized a \$2.0 million discrete tax benefit during the first quarter of 2013. The other provisions of the Act will have a negligible impact on the Company's effective tax rate in 2013.

During the third quarter of 2013, the Company completed the acquisition of the U.S./Canada business of Consorcio Comex, S.A. de C.V. The Company has engaged an independent valuation firm to value the assets of the acquired business. Once this process is completed, the Company will determine if any tax attributes are required to be recorded. The Company and its subsidiaries file income tax returns in the U.S. federal jurisdiction, and various state and foreign jurisdictions. The IRS completed an examination of the Company's U.S. income tax returns for the 2008 and 2009 tax years in the third quarter of 2013. The audit adjustments had a negligible impact on the Company's 2013 effective tax rate. The Company has fully resolved all IRS issues relating to the matters challenging the ESOP related federal income tax deductions claimed by the Company. During the third quarter of 2013, the Company made a final interest payment of \$2.0 million related to the 2008 ESOP adjustment which had been disclosed in prior years. The Company expects that the IRS will commence an examination of the 2010 and 2011 tax years during the fourth quarter of 2013. As of September 30, 2013, the Company is subject to non-U.S. income tax examinations for the tax years of 2006 through 2012. In addition, the Company is subject to state and local income tax examinations for the tax years 2002 through 2012.

#### NOTE 12—NET INCOME PER COMMON SHARE

(Thousands of dollars except per share data)	Three Months Ended		Nine Months Ended	
	September 30, 2013	2012	September 30, 2013	2012
<b>Basic</b>				
Average common shares outstanding	100,460,185	101,525,658	101,362,328	101,680,883
Net income	\$262,966	\$234,953	\$636,438	\$562,982
Less net income allocated to unvested restricted shares	(1,700)	(1,965)	(3,978)	(4,654)
Net income allocated to common shares	\$261,266	\$232,988	\$632,460	\$558,328
Basic net income per common share	\$2.60	\$2.29	\$6.24	\$5.49
<b>Diluted</b>				
Average common shares outstanding	100,460,185	101,525,658	101,362,328	101,680,883
Stock options and other contingently issuable shares <sup>(1)</sup>	2,162,329	2,493,662	2,189,214	2,287,241
Average common shares outstanding assuming dilution	102,622,514	104,019,320	103,551,542	103,968,124
Net income	\$262,966	\$234,953	\$636,438	\$562,982
Less net income allocated to unvested restricted shares assuming dilution	(1,667)	(1,922)	(3,902)	(4,555)
Net income allocated to common shares assuming dilution	\$261,299	\$233,031	\$632,536	\$558,427
Diluted net income per common share	\$2.55	\$2.24	\$6.11	\$5.37

Stock options and other contingently issuable shares excluded 16,609 shares for the three and nine months ended September 30, 2013. There were no options excluded due to their anti-dilutive effect for the three months ended September 30, 2012. Stock options and other contingently issuable shares excluded 10,924 shares for the nine months ended September 30, 2012.

The Company has two classes of participating securities: common shares and restricted shares, representing 99% and 1% of outstanding shares, respectively. The restricted shares are shares of unvested restricted stock granted under the Company's restricted stock award program. Unvested restricted shares granted prior to April 21, 2010 received non-forfeitable dividends. Accordingly, the shares are considered a participating security and the two-class method of

calculating basic and diluted earnings per share is required. Effective April 21, 2010, the restricted stock award program was revised and dividends on performance-based restricted shares granted after this date are deferred and payment is contingent upon the awards vesting. Only the time-based restricted shares, which continue to receive non-forfeitable dividends, are considered a participating

security. Basic and diluted earnings per share are calculated using the two-class method in accordance with the Earnings Per Share Topic of the ASC.

#### NOTE 13—REPORTABLE SEGMENT INFORMATION

The Company reports segment information in the same way that management internally organizes its business for assessing performance and making decisions regarding allocation of resources in accordance with the Segment Disclosures Topic of the ASC. The Company has determined that it has four reportable operating segments: Paint Stores Group, Consumer Group, Global Finishes Group and Latin America Coatings Group (individually, a "Reportable Segment" and collectively, the "Reportable Segments").

(Thousands of dollars)	Three Months Ended September 30, 2013					
	Paint Stores Group	Consumer Group	Global Finishes Group	Latin America Coatings Group	Administrative	Consolidated Totals
Net external sales	\$ 1,763,404	\$ 366,845	\$ 507,284	\$ 208,645	\$ 1,239	\$ 2,847,417
Intersegment transfers		689,319	2,437	9,170	(700,926 )	
Total net sales and intersegment transfers	\$ 1,763,404	\$ 1,056,164	\$ 509,721	\$ 217,815	\$ (699,687 )	\$ 2,847,417
Segment profit	\$ 359,352	\$ 73,065	(1) \$ 44,536	\$ (983 )		\$ 475,970
Interest expense					\$ (15,394 )	(15,394 )

Segment profit	\$ 300,563	\$ 57,054	(1) \$ 36,415	\$ 21,931		\$ 415,963
Interest expense					\$ (10,358 )	(10,358 )
Administrative expenses and other					(62,607 )	(62,607 )
Income before income taxes	\$ 300,563	\$ 57,054	\$ 36,415	\$ 21,931	\$ (72,965 )	\$ 342,998

(1) Segment profit includes \$8,340 and \$6,908 of mark-up on intersegment transfers realized as a result of external sales by the Paint Stores Group during the third quarter of 2013 and 2012, respectively.

Nine Months Ended September 30, 2013						
	Paint Stores Group	Consumer Group	Global Finishes Group	Latin America Coatings Group	Administrative	Consolidated Totals
Net external sales	\$4,537,849	\$1,069,085	\$1,507,626	\$ 610,271	\$ 3,643	\$7,728,474
Intersegment transfers		1,855,226	7,469	29,081	(1,891,776 )	
Total net sales and intersegment transfers	\$4,537,849	\$2,924,311	\$1,515,095	\$ 639,352	\$ (1,888,133 )	\$7,728,474
Segment profit	\$822,037	\$206,079	( <sup>(2)</sup> \$132,929	\$ 20,712		\$1,181,757
Interest expense					\$ (45,774 )	(45,774 )
Administrative expenses and other					(199,253 )	(199,253 )
Income before income taxes	\$822,037	\$206,079	\$132,929	\$ 20,712	\$ (245,027 )	\$936,730
Nine Months Ended September 30, 2012						
	Paint Stores Group	Consumer Group	Global Finishes Group	Latin America Coatings Group	Administrative	Consolidated Totals
Net external sales	\$4,164,648	\$1,066,123	\$1,473,584	\$ 604,600	\$ 3,637	\$7,312,592
Intersegment transfers		1,803,175	5,118	36,310	(1,844,603 )	
Total net sales and intersegment transfers	\$4,164,648	\$2,869,298	\$1,478,702	\$ 640,910	\$ (1,840,966 )	\$7,312,592
Segment profit	\$680,257	\$193,117	( <sup>(2)</sup> \$113,084	\$ 51,099		\$1,037,557
Interest expense					\$ (30,925 )	(30,925 )
Administrative expenses and other					(193,516 )	(193,516 )
Income before income taxes	\$680,257	\$193,117	\$113,084	\$ 51,099	\$ (224,441 )	\$813,116

<sup>(2)</sup> Segment profit includes \$22,618 and \$21,552 of mark-up on intersegment transfers realized as a result of external sales by the Paint Stores Group during the first nine months of 2013 and 2012, respectively.

In the reportable segment financial information, Segment profit was total net sales and intersegment transfers less operating costs and expenses. Domestic intersegment transfers were accounted for at the approximate fully absorbed manufactured cost, based on normal capacity volumes, plus customary distribution costs. International intersegment transfers were accounted for at values comparable to normal unaffiliated customer sales. The Administrative segment includes the administrative expenses of the Company's corporate headquarters site. Also included in the Administrative segment was interest expense, interest and investment income, certain expenses related to closed facilities and environmental-related matters, and other expenses which were not directly associated with the Reportable Segments. The Administrative segment did not include any significant foreign operations. Also included in the Administrative segment was a real estate management unit that is responsible for the ownership, management and leasing of non-retail properties held primarily for use by the Company, including the Company's headquarters site, and disposal of idle facilities. Sales of this segment represented external leasing revenue of excess headquarters space or leasing of facilities no longer used by the Company in its primary businesses. Gains and losses from the sale of property were not a significant operating factor in determining the performance of the Administrative segment. Net external sales and segment profit of all consolidated foreign subsidiaries were \$523.7 million and \$18.2 million, respectively, for the third quarter of 2013, and \$497.6 million and \$37.7 million, respectively, for the third quarter of 2012. Net external sales and segment profit of these subsidiaries were \$1.572 billion and \$50.2 million, respectively, for the first nine months of 2013, and \$1.491 billion and \$105.0 million, respectively, for the first nine months of 2012. Long-lived assets of these subsidiaries totaled \$679.9 million and \$648.8 million at September 30, 2013 and September 30, 2012, respectively. Domestic operations accounted for the remaining net external sales, segment profits

and long-lived assets. No single geographic area outside the United States was significant relative to consolidated net external sales, income before taxes, or consolidated long-lived assets.

Export sales and sales to any individual customer were each less than 10 percent of consolidated sales to unaffiliated customers during all periods presented.

**NOTE 14—ACQUISITIONS**

On November 9, 2012, the Company entered into a definitive Stock Purchase Agreement to purchase all of the issued and outstanding shares of Consorcio Comex, S.A. de C.V. (Comex) for an aggregate purchase price of approximately \$2.34 billion,

including assumed debt. However, on July 17, 2013, the Federal Competition Commission of Mexico (Commission) informed the Company that the acquisition of Comex was not authorized. The Company appealed the Commission's decision. On September 16, 2013, the Stock Purchase Agreement was amended and restated to extend the date by which the agreement can be terminated by either party to March 31, 2014. Additionally, the Stock Purchase Agreement was amended to reflect a revised purchase price of approximately \$2.25 billion. On October 29, 2013, the Commission informed the Company that the Company's appeal relating to its pending acquisition of Comex's Mexico business was denied and the acquisition is not authorized. The Company is currently reviewing the Commission's decision and is considering all options, including whether to refile with the Commission. Comex is a leader in the paint and coatings market in Mexico with headquarters in Mexico City. Also on September 16, 2013, the Company entered into a new definitive Stock Purchase Agreement and completed the acquisition of Comex's U.S./Canada business. The Company has engaged an independent valuation firm to value the assets of the acquired business. Once this process is completed, the Company will record any necessary adjustments. The U.S./Canada business of Comex focuses on the manufacture and sale of paint and paint related products through retail service centers under various proprietary brands. The acquisition of the U.S./Canada business of Comex strengthens the ability of the Paint Stores Group and Consumer Group to serve customers in key geographic markets.

Effective December 18, 2012, the Company acquired Jiangsu Pulanna Coating Co., Ltd. (Pulanna). Headquartered in Changzhou, China, Pulanna is a leading automotive refinishes coatings manufacturer in China. The acquisition strengthens the Global Finishes Group's established presence in China and its ability to serve automotive customers around the world.

Effective June 1, 2012, the Company acquired Geocel Holdings Corporation. Geocel manufactures innovative caulks, sealants, and adhesives specially designed for tough construction and repair applications in commercial, residential, industrial and transport non-automotive markets. Geocel has operations in both the United States and United Kingdom. The acquisition strengthens the Consumer Group's sealant and adhesive market position.

The completed acquisitions above have been accounted for as purchases and their results of operations have been included in the consolidated financial statements since the date of acquisition. The Pulanna and Geocel acquisitions resulted in the recognition of goodwill and intangible assets.

The following unaudited pro-forma summary presents consolidated financial information as if the U.S./Canada business of Comex, Pulanna and Geocel had been acquired as of the beginning of each period presented. The pro-forma consolidated financial information does not necessarily reflect the actual results that would have occurred had the acquisitions taken place on January 1, 2012 or of future results of operations of these acquisitions under ownership and operation of the Company.

(Thousands of dollars except per share data)	Three Months Ended September 30,		Nine Months Ended September 30,	
	2013	2012	2013	2012
Net sales	\$2,959,162	\$2,753,280	\$8,083,123	\$7,874,576
Net income	257,149	229,297	609,651	524,639
Net income per common share:				
Basic	\$2.53	\$2.24	\$5.96	\$5.12

#### NOTE 15—FAIR VALUE MEASUREMENTS

The Fair Value Measurements and Disclosures Topic of the ASC applies to the Company's financial and non-financial assets and liabilities. The guidance applies when other standards require or permit the fair value measurement of assets and liabilities. It does not expand the use of fair value measurements. The Company did not have any fair value measurements for its non-financial assets and liabilities during the third quarter. The following table presents the Company's financial assets and liabilities that are measured at fair value on a recurring basis, categorized using the fair value hierarchy:

(Thousands of dollars)

	Fair Value at	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Assets:	September 30, 2013			
Deferred compensation plan asset <sup>(1)</sup>	\$20,456	\$3,294	\$17,162	
Liabilities:				
Deferred compensation plan liability <sup>(2)</sup>	\$25,800	\$25,800		

The deferred compensation plan asset consists of the investment funds maintained for the future payments under the Company's executive deferred compensation plan, which is structured as a rabbi trust. The investments are

<sup>(1)</sup> marketable securities accounted for under the Debt and Equity Securities Topic of the ASC. The level 1 investments are valued using quoted market prices multiplied by the number of shares. The level 2 investments are valued based on vendor or broker models. The cost basis of the investment funds is \$20,420.

The deferred compensation plan liability is the Company's liability under its executive deferred compensation plan.

<sup>(2)</sup> The liability represents the fair value of the participant shadow accounts, and the value is based on quoted market prices.

## NOTE 16—DEBT

The table below summarizes the carrying amount and fair value of the Company's publicly traded debt and non-publicly traded debt in accordance with the Fair Value Measurements and Disclosures Topic of the ASC. The fair values of the Company's publicly traded debt are based on quoted market prices. The fair values of the Company's non-traded debt are estimated using discounted cash flow analyses, based on the Company's current incremental borrowing rates for similar types of borrowing arrangements. The Company's publicly traded debt and non-traded debt are classified as level 1 and level 2, respectively, in the fair value hierarchy.

	September 30, 2013		September 30, 2012	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Publicly traded debt	\$1,630,269	\$1,631,266	\$632,460	\$693,681
Non-traded debt	4,105	3,903	6,824	6,607

On March 18, 2013, Sherwin-Williams Canada, Inc., a wholly owned subsidiary of the Company, increased the aggregate amount of its existing credit facility to CAD 150.0 million. The credit facility is being used for general corporate purposes, including refinancing indebtedness and for acquisitions.

## NOTE 17—NON-TRADED INVESTMENTS

The Company has invested in the U.S. affordable housing and historic renovation real estate markets. These non-traded investments have been identified as variable interest entities. However, because the Company does not have the power to direct the day-to-day operations of the investments and the risk of loss is limited to the amount of contributed capital, the Company is not considered the primary beneficiary. In accordance with the Consolidation Topic of the ASC, the investments are not consolidated. The Company uses the effective yield method to determine the carrying value of the investments. Under the effective yield method, the initial cost of the investments is amortized over the period that the tax credits are recognized. The carrying amount of the investments, included in Other assets, was \$262.4 million and \$257.6 million at September 30, 2013 and 2012, respectively. The liability for estimated future capital contributions to the investments was \$223.0 million and \$224.0 million at September 30, 2013 and 2012, respectively.

**Item 2. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS SUMMARY**

The Sherwin-Williams Company, founded in 1866, and its consolidated wholly owned subsidiaries (collectively, the “Company”) are engaged in the development, manufacture, distribution and sale of paint, coatings and related products to professional, industrial, commercial and retail customers primarily in North and South America with additional operations in the Caribbean region, Europe and Asia. The Company is structured into four reportable segments—Paint Stores Group, Consumer Group, Global Finishes Group and Latin America Coatings Group (collectively, the “Reportable Segments”)—and an Administrative segment in the same way it is internally organized for assessing performance and making decisions regarding allocation of resources. See pages 6 through 15 and Note 18, on pages 74 through 76, in the Company’s Annual Report on Form 10-K for the year ended December 31, 2012 for more information concerning the Reportable Segments.

The Company’s financial condition, liquidity and cash flow continued to be strong in the third quarter of 2013 primarily due to improved operating results in our Paint Stores, Consumer, and Global Finishes Groups. Net working capital increased \$1.047 billion at September 30, 2013 compared to the end of the third quarter of 2012 due to an increase in cash and cash equivalents and a decrease in short-term borrowings, which was primarily due to the \$700.0 million of 1.35% Senior Notes due 2017 and \$300.0 million of 4.00% Senior Notes due 2042 issued on December 4, 2012. The Company has been able to arrange sufficient short-term borrowing capacity at reasonable rates, and the Company has sufficient total available borrowing capacity to fund its current operating needs. Net operating cash improved \$208.6 million in the first nine months of 2013 to a cash source of \$777.9 million from a cash source of \$569.3 million in 2012 primarily due to an increase in net income of \$73.5 million, improved working capital management, and a payment to the IRS for the 2011 ESOP settlement of \$59.1 million in the first quarter of 2012 partially offset by a payment to the ESOP for the 2012 DOL settlement of \$80.0 million in the first quarter of 2013. Consolidated net sales increased 9.4 percent in the third quarter of 2013 to \$2.847 billion from \$2.603 billion in the third quarter of 2012, and increased 5.7 percent in the first nine months of 2013 to \$7.728 billion from \$7.313 billion in the first nine months of 2012 due primarily to higher paint sales volume in our Paint Stores Group. Consolidated gross profit as a percent of consolidated net sales increased in the third quarter to 45.5 percent from 44.2 percent in 2012 and increased to 45.2 percent from 43.9 percent in the first nine months due primarily to increased paint volume, improved operating efficiency and selling price increases. Selling, general and administrative expenses (SG&A) increased as a percent of consolidated net sales to 31.2 percent from 30.7 percent in the third quarter of 2012 and was flat at 32.4 percent in the first nine months primarily due to timing of net new store openings in the quarter and acquisitions. Interest expense increased \$5.0 million in the third quarter and \$14.8 million in the first nine months of 2013 due to increased long-term debt balances. The effective income tax rate for the third quarter of 2013 was 32.1 percent compared to 31.5 percent in 2012, and the rate for the first nine months of 2013 was 32.1 percent compared to 30.8 percent in 2012. Diluted net income per common share increased to \$2.55 per share for the third quarter of 2013, including a 2013 charge of \$.13 per share resulting from government tax assessments related to our Brazilian operations, from \$2.24 per share a year ago and increased to \$6.11 per share, including 2013 charges of \$.21 per share related to the Brazil tax assessments, from \$5.37 per share in the first nine months of 2012.

**CRITICAL ACCOUNTING POLICIES AND ESTIMATES**

The preparation and fair presentation of the consolidated unaudited interim financial statements and accompanying notes included in this report are the responsibility of management. The financial statements and footnotes have been prepared in accordance with U.S. generally accepted accounting principles for interim financial statements and contain certain amounts that were based upon management’s best estimates, judgments and assumptions that were believed to be reasonable under the circumstances. Management considered the impact of the uncertain economic environment and utilized certain outside sources of economic information when developing the basis for their estimates and assumptions. The impact of the global economic conditions on the estimates and assumptions used by management was believed to be reasonable under the circumstances. Management used assumptions based on historical results, considering the current economic trends, and other assumptions to form the basis for determining appropriate carrying

values of assets and liabilities that were not readily available from other sources. Actual results could differ from those estimates. Also, materially different amounts may result under materially different conditions, materially different economic trends or from using materially different assumptions. However, management believes that any materially different amounts resulting from materially different conditions or material changes in facts or circumstances are unlikely to significantly impact the current valuation of assets and liabilities that were not readily available from other sources.

A comprehensive discussion of the Company's critical accounting policies and management estimates and significant accounting policies followed in the preparation of the financial statements is included in Management's Discussion and Analysis of Financial Condition and Results of Operations and in Note 1, on pages 48 through 51, in the Company's Annual

Report on Form 10-K for the year ended December 31, 2012. There have been no significant changes in critical accounting policies, management estimates or accounting policies followed since the year ended December 31, 2012.

**FINANCIAL CONDITION, LIQUIDITY AND CASH FLOW**

**Overview**

The Company's financial condition, liquidity and cash flow continued to be strong through the first nine months of 2013 primarily due to improving domestic architectural paint demand and improved operating results in our Paint Stores, Consumer and Global Finishes Groups. Net working capital increased \$1.047 billion at September 30, 2013 compared to the end of the third quarter of 2012 due to an increase in cash and cash equivalents and a decrease in short-term borrowings. Cash and cash equivalents increased \$980.5 million, accounts receivable increased \$85.5 million, inventories increased \$53.9 million and all other current assets increased \$41.3 million. Short-term borrowings decreased \$34.9 million while accounts payable increased \$86.1 million and all other current liabilities increased \$63.0 million from September 30, 2012. Net working capital increases were impacted primarily by cash proceeds of long-term debt acquired during the fourth quarter of 2012, acquisitions, increased sales and decreased short-term borrowing needs. The Company continues to maintain sufficient short-term borrowing capacity at reasonable rates and the Company has sufficient cash on hand and total available borrowing capacity to fund its current operating needs. In the first nine months of 2013, accounts receivable increased \$316.1 million when normal seasonal trends typically require significant growth in this category along with increases in inventories of \$97.3 million, primarily from acquisitions partially offset by lower core business inventories. Accounts payable increased \$198.0 million, primarily due to the seasonal increase in need for working capital along with increases from acquisitions, while short-term borrowings increased \$226.2 million and all other current liabilities increased \$105.6 million, primarily due to timing of accrued taxes and other accrued expense payments partially offset by a payment to the ESOP for the 2012 DOL settlement of \$80.0 million. The Company's current ratio was 1.57 at September 30, 2013 compared to 1.14 at September 30, 2012 and 1.68 at December 31, 2012. Total debt at September 30, 2013 increased \$960.2 million to \$1.930 billion from \$969.4 million at September 30, 2012 and increased as a percentage of total capitalization to 50.8 percent from 35.3 percent at the end of the third quarter last year. Total debt increased \$224.8 million from December 31, 2012 and increased as a percentage of total capitalization from 48.8 percent. At September 30, 2013, the Company had remaining borrowing ability of \$2.083 billion. Net operating cash improved \$208.6 million in the first nine months of 2013 to a cash source of \$777.9 million from a cash source of \$569.3 million in 2012. In the twelve month period from October 1, 2012 through September 30, 2013, the Company generated net operating cash of \$1.097 billion, including a payment to the ESOP for the 2012 DOL settlement of \$80.0 million in the first quarter of 2013, used \$421.3 million in investing activities, and generated \$308.7 million in financing activities. In that same period, the Company invested \$162.6 million in capital additions and improvements, invested \$145.1 million in acquisitions, had net proceeds from total debt of \$954.0 million, purchased \$616.7 million in treasury stock and paid \$194.7 million in cash dividends to its shareholders of common stock.

**Net Working Capital, Debt and Other Long-Term Assets and Liabilities**

Cash and cash equivalents increased \$173.1 million during the first nine months of 2013. Cash and cash equivalents on hand funded cash requirements for increased sales and normal seasonal increases in working capital, capital expenditures of \$108.5 million, payments of cash dividends of \$154.4 million, treasury stock purchases of \$492.0 million, acquisitions of businesses of \$92.8 million and net payments made on long-term debt of \$1.1 million. At September 30, 2013, the Company's current ratio was 1.57 compared to 1.68 at December 31, 2012 and 1.14 a year ago. The increase from a year ago was primarily due to a significant increase in cash and cash equivalents resulting from proceeds received from issuance of long-term debt during the fourth quarter of 2012 and a decrease in short-term borrowings.

Goodwill and intangible assets decreased \$20.9 million from December 31, 2012 and increased \$42.8 million from September 30, 2012. The net decrease during the first nine months of 2013 was due primarily to amortization of \$21.5 million. The net increase over the twelve month period from September 30, 2012 resulted from acquisitions of \$63.7 million, capitalization of software of \$3.2 million and foreign currency translation of \$8.4 million partially offset by amortization of \$28.4 million and impairments of \$4.1 million. See Note 4, on pages 52 to 53, in the Company's Annual Report on Form 10-K for the year ended December 31, 2012 for more information concerning goodwill and

intangible assets.

Deferred pension assets increased \$2.3 million during the first nine months of 2013 and increased \$17.2 million from September 30, 2012. The increase in the last twelve months was due primarily to increases in the fair market value of equity securities held by the Company's defined benefit pension plans. See Note 6, on pages 56 to 62, in the Company's Annual Report on Form 10-K for the year ended December 31, 2012 for more information concerning the Company's benefit plan assets.

Other assets at September 30, 2013 increased \$38.9 million in the first nine months of 2013, due primarily to increased investments in affordable housing and historic renovation real estate properties along with increases in various other

investments, and increased \$7.6 million from a year ago due primarily to increases in investments in affordable housing and historic renovation real estate properties.

Net property, plant and equipment increased \$45.0 million in the first nine months of 2013 and increased \$67.3 million in the twelve months since September 30, 2012. The increase in the first nine months was primarily due capital expenditures of \$108.5 million and acquisitions of \$58.1 million partially offset by depreciation expense of \$117.7 million, sale or disposition of fixed assets of \$2.3 million and changes in currency translation rates of \$1.5 million. Since September 30, 2012, capital expenditures of \$162.6 million, acquisitions of \$60.2 million and changes in currency translation rates of \$5.9 million were partially offset by depreciation expense of \$156.6 million and dispositions or sale of assets with remaining net book value of \$4.8 million. Capital expenditures during the first nine months of 2013 primarily represented expenditures associated with improvements and normal equipment replacement in manufacturing and distribution facilities in the Consumer Group and normal equipment replacement in the Paint Stores and Global Finishes Groups.

Short-term borrowings related to the Company's domestic commercial paper program outstanding were \$200.0 million at an average rate of .32 percent at September 30, 2013. There were no borrowings under certain other short-term revolving and letter of credit agreements at September 30, 2013. Short-term borrowings outstanding under various foreign programs at September 30, 2013 were \$95.3 million with a weighted average interest rate of 6.4 percent. The Company had unused capacity of \$850.0 million at September 30, 2013 under the commercial paper program that is backed by the Company's revolving credit agreement. On March 18, 2013, Sherwin-Williams Canada, Inc., a wholly owned subsidiary of the Company, increased the aggregate amount of its existing credit facility to CAD 150.0 million. The credit facility is being used for general corporate purposes, including refinancing indebtedness and for acquisitions. There were no significant changes in long-term debt during the third quarter of 2013. See Note 7, on pages 62 through 63, in the Company's Annual Report on Form 10-K for the year ended December 31, 2012 for more information concerning the Company's debt.

Long-term liabilities for postretirement benefits other than pensions did not change significantly from December 31, 2012 and increased \$20.8 million from September 30, 2012. The increase in the liability was due to the increase in the actuarially determined postretirement benefit obligation resulting from changes in actuarial assumptions and unfavorable claims experience. See Note 6, on pages 56 to 62, in the Company's Annual Report on Form 10-K for the year ended December 31, 2012 for more information concerning the Company's benefit plan obligations.

Other long-term liabilities at September 30, 2013 increased \$79.3 million in the first nine months of 2013 and increased \$74.4 million from a year ago primarily due to acquisitions' pension liabilities.

#### Environmental-Related Liabilities

The operations of the Company, like those of other companies in the same industry, are subject to various federal, state and local environmental laws and regulations. These laws and regulations not only govern current operations and products, but also impose potential liability on the Company for past operations. Management expects environmental laws and regulations to impose increasingly stringent requirements upon the Company and the industry in the future. Management believes that the Company conducts its operations in compliance with applicable environmental laws and regulations and has implemented various programs designed to protect the environment and promote continued compliance.

Depreciation of capital expenditures and other expenses related to ongoing environmental compliance measures were included in the normal operating expenses of conducting business. The Company's capital expenditures, depreciation and other expenses related to ongoing environmental compliance measures were not material to the Company's financial condition, liquidity, cash flow or results of operations during the first nine months of 2013. Management does not expect that such capital expenditures, depreciation and other expenses will be material to the Company's financial condition, liquidity, cash flow or results of operations in 2013.

The Company is involved with environmental investigation and remediation activities at some of its currently and formerly owned sites (including sites which were previously owned and/or operated by businesses acquired by the Company). In addition, the Company, together with other parties, has been designated a potentially responsible party under federal and state environmental protection laws for the investigation and remediation of environmental contamination and hazardous waste at a number of third party sites, primarily Superfund sites. The Company may be

similarly designated with respect to additional third party sites in the future.

The Company accrues for estimated costs of investigation and remediation activities at its currently and formerly owned sites and third party sites for which commitments or clean-up plans have been developed and when such costs can be reasonably estimated based on industry standards and professional judgment. These estimated costs are based on currently available facts

regarding each site. The Company accrues a specific estimated amount when such an amount and a time frame in which the costs will be incurred can be reasonably determined. If the best estimate of costs can only be identified as a range and no

specific amount within that range can be determined more likely than any other amount within the range, the minimum of the range is accrued by the Company in accordance with applicable accounting rules and interpretations. The Company continuously assesses its potential liability for investigation and remediation activities and adjusts its environmental-related accruals as information becomes available upon which more accurate costs can be reasonably estimated. At September 30, 2013 and 2012, the Company had accruals for environmental-related activities of \$111.9 million and \$123.6 million, respectively.

Due to the uncertainties of the scope and magnitude of contamination and the degree of investigation and remediation activities that may be necessary at certain currently or formerly owned sites and third party sites, it is reasonably likely that further extensive investigations may be required and that extensive remedial actions may be necessary not only on such sites but on adjacent properties. Depending on the extent of the additional investigations and remedial actions necessary, the Company's ultimate liability may result in costs that are significantly higher than currently accrued. If the Company's future loss contingency is ultimately determined to be at the maximum of the range of possible outcomes for every site for which costs can be reasonably estimated, the Company's aggregate accruals for environmental-related activities would be \$81.9 million higher than the accruals at September 30, 2013.

Two of the Company's currently and formerly owned sites accounted for the majority of the accruals for environmental-related activities and the unaccrued maximum of the estimated range of possible outcomes at September 30, 2013. At September 30, 2013, \$58.2 million, or 52.0 percent, related directly to these two sites. Of the aggregate unaccrued exposure at September 30, 2013, \$56.9 million, or 69.4 percent, related to the two sites. While environmental investigations and remedial actions are in different stages at these sites, additional investigations, remedial actions and/or monitoring will likely be required at each site. A comprehensive description of the two currently and formerly owned sites that account for the majority of the accruals for environmental-related activities is included in Management's Discussion and Analysis of Financial Condition and Results of Operations in the Company's Annual Report on Form 10-K for the year ended December 31, 2012. There have been no significant changes in the investigative or remedial status of the two sites since December 31, 2012.

Management cannot presently estimate the ultimate potential loss contingencies related to these two sites or other less significant sites until such time as a substantial portion of the investigative activities at each site is completed and remedial action plans are developed.

In accordance with the Asset Retirement Obligations Topic of the ASC, the Company has identified certain conditional asset retirement obligations at various current manufacturing, distribution and store facilities. These obligations relate primarily to asbestos abatement and closures of hazardous waste containment devices. Using investigative, remediation and disposal methods that are currently available to the Company, the estimated cost of these obligations is not significant.

In the event any future loss contingency significantly exceeds the current amount accrued, the recording of the ultimate liability may result in a material impact on net income for the annual or interim period during which the additional costs are accrued. Management does not believe that any potential liability ultimately attributed to the Company for its environmental-related matters or conditional asset retirement obligations will have a material adverse effect on the Company's financial condition, liquidity, or cash flow due to the extended period of time during which environmental investigation and remediation takes place. An estimate of the potential impact on the Company's operations cannot be made due to the aforementioned uncertainties.

Management expects these contingent environmental-related liabilities and conditional asset retirement obligations to be resolved over an extended period of time. Management is unable to provide a more specific time frame due to the indefinite amount of time to conduct investigation activities at any site, the indefinite amount of time to obtain governmental agency approval, as necessary, with respect to investigation and remediation activities, and the indefinite amount of time necessary to conduct remediation activities.

**Contractual Obligations, Commercial Commitments and Warranties**

Short-term borrowings increased \$226.2 million to \$295.3 million at September 30, 2013 from \$69.0 million at December 31, 2012. Total long-term debt decreased \$1.5 million to \$1.634 billion at September 30, 2013 from \$1.636 billion at December 31, 2012 and increased \$995.1 million from \$639.3 million at September 30, 2012. See the

Financial Condition, Liquidity and Cash Flow section of this report for more information. There have been no other significant changes to the Company's contractual obligations and commercial commitments in the third quarter or the first nine months of 2013 as summarized in Management's Discussion and Analysis of Financial Condition and Results of Operations in the Company's Annual Report on Form 10-K for the year ended December 31, 2012.

Changes to the Company's accrual for product warranty claims in the first nine months of 2013 are disclosed in Note 5.

### Contingent Liabilities

Life Shield Engineered Systems, LLC (Life Shield), a wholly-owned subsidiary of the Company, ceased operations in 2012. Life Shield developed and manufactured blast and fragment mitigating systems. The blast and fragment mitigating systems create a potentially higher level of product liability for the Company (as an owner of and supplier to Life Shield) than is normally associated with coatings and related products currently manufactured, distributed and sold by the Company.

Certain of Life Shield's technology has been designated as Qualified Anti-Terrorism Technology and granted a Designation under the Support Anti-Terrorism by Fostering Effective Technologies Act of 2002 (SAFETY Act) and the regulations adopted pursuant to the SAFETY Act. Under the SAFETY Act, the potentially higher level of possible product liability for Life Shield relating to the technology granted the Designation is limited to \$6.0 million per occurrence in the event any such liability arises from an Act of Terrorism (as defined in the SAFETY Act). The limitation of liability provided for under the SAFETY Act does not apply to any technology not granted a designation or certification as a Qualified Anti-Terrorism Technology, nor in the event that any such liability arises from an act or event other than an Act of Terrorism. Life Shield maintains insurance for liabilities up to the \$6.0 million per occurrence limitation caused by failure of its products in the event of an Act of Terrorism.

Management of the Company has reviewed the potential increased liabilities associated with Life Shield's systems and determined that potential liabilities arising from an Act of Terrorism that could ultimately affect the Company will be appropriately insured or limited by current regulations. However, due to the uncertainties involved in the future development, usage and application of Life Shield's systems, the number or nature of possible future claims and legal proceedings, or the effect that any change in legislation and/or administrative regulations may have on the limitations of potential liabilities, management cannot reasonably determine the scope or amount of any potential costs and liabilities for the Company related to Life Shield or to Life Shield's systems. Any potential liability for the Company that may result from Life Shield or Life Shield's systems cannot reasonably be estimated. However, based upon, among other things, the limitation of liability under the SAFETY Act in the event of an Act of Terrorism, management does not currently believe that the costs or potential liability ultimately determined to be attributable to the Company through its ownership of Life Shield, or as a supplier to Life Shield arising from the use of Life Shield's systems will have a material adverse effect on the Company's results of operations, liquidity or financial conditions.

### Litigation

In the course of its business, the Company is subject to a variety of claims and lawsuits, including, but not limited to, litigation relating to product liability and warranty, personal injury, environmental, intellectual property, commercial, contractual and antitrust claims that are inherently subject to many uncertainties regarding the possibility of a loss to the Company. These uncertainties will ultimately be resolved when one or more future events occur or fail to occur confirming the incurrence of a liability or the reduction of a liability. In accordance with the Contingencies Topic of the ASC, the Company accrues for these contingencies by a charge to income when it is both probable that one or more future events will occur confirming the fact of a loss and the amount of the loss can be reasonably estimated. In the event that the Company's loss contingency is ultimately determined to be significantly higher than currently accrued, the recording of the additional liability may result in a material impact on the Company's results of operations, liquidity or financial condition for the annual or interim period during which such additional liability is accrued. In those cases where no accrual is recorded because it is not probable that a liability has been incurred and the amount of any such loss cannot be reasonably estimated, any potential liability ultimately determined to be attributable to the Company may result in a material impact on the Company's results of operations, liquidity or financial condition for the annual or interim period during which such liability is accrued. In those cases where no accrual is recorded or exposure to loss exists in excess of the amount accrued, the Contingencies Topic of the ASC requires disclosure of the contingency when there is a reasonable possibility that a loss or additional loss may have been incurred.

Lead pigment and lead-based paint litigation. The Company's past operations included the manufacture and sale of lead pigments and lead-based paints. The Company, along with other companies, is and has been a defendant in a number of legal proceedings, including individual personal injury actions, purported class actions, and actions brought

by various counties, cities, school districts and other government-related entities, arising from the manufacture and sale of lead pigments and lead-based paints. The plaintiffs' claims have been based upon various legal theories, including negligence, strict liability, breach of warranty, negligent misrepresentations and omissions, fraudulent misrepresentations and omissions, concert of action, civil conspiracy, violations of unfair trade practice and consumer protection laws, enterprise liability, market share liability, public nuisance, unjust enrichment and other theories. The plaintiffs seek various damages and relief, including personal injury and property damage, costs relating to the detection and abatement of lead-based paint from buildings, costs associated with a public education campaign, medical monitoring costs and others. The Company is also a defendant in legal proceedings arising from the manufacture and sale of non-lead-based paints that seek recovery based upon various legal theories, including the failure to adequately warn of potential exposure to lead during surface preparation when using non-lead-based paint on surfaces previously painted with lead-based paint. The Company believes that the litigation brought to date is without merit or subject to

meritorious defenses and is vigorously defending such litigation. The Company has not settled any lead pigment or lead-based paint litigation. The Company expects that additional lead pigment and lead-based paint litigation may be filed against the Company in the future asserting similar or different legal theories and seeking similar or different types of damages and relief.

Notwithstanding the Company's views on the merits, litigation is inherently subject to many uncertainties, and the Company ultimately may not prevail. Adverse court rulings or determinations of liability, among other factors, could affect the lead pigment and lead-based paint litigation against the Company and encourage an increase in the number and nature of future claims and proceedings. In addition, from time to time, various legislation and administrative regulations have been enacted, promulgated or proposed to impose obligations on present and former manufacturers of lead pigments and lead-based paints respecting asserted health concerns associated with such products or to overturn the effect of court decisions in which the Company and other manufacturers have been successful.

Due to the uncertainties involved, management is unable to predict the outcome of the lead pigment and lead-based paint litigation, the number or nature of possible future claims and proceedings, or the effect that any legislation and/or administrative regulations may have on the litigation or against the Company. In addition, management cannot reasonably determine the scope or amount of the potential costs and liabilities related to such litigation, or resulting from any such legislation and regulations. The Company has not accrued any amounts for such litigation. With respect to such litigation, including the public nuisance litigation, the Company does not believe that it is probable that a loss has occurred, and it is not possible to estimate the range of potential losses as there is no prior history of a loss of this nature and there is no substantive information upon which an estimate could be based. In addition, any potential liability that may result from any changes to legislation and regulations cannot reasonably be estimated. In the event any significant liability is determined to be attributable to the Company relating to such litigation, the recording of the liability may result in a material impact on net income for the annual or interim period during which such liability is accrued. Additionally, due to the uncertainties associated with the amount of any such liability and/or the nature of any other remedy which may be imposed in such litigation, any potential liability determined to be attributable to the Company arising out of such litigation may have a material adverse effect on the Company's results of operations, liquidity or financial condition. An estimate of the potential impact on the Company's results of operations, liquidity or financial condition cannot be made due to the aforementioned uncertainties.

Public nuisance claim litigation. The Company and other companies are or were defendants in legal proceedings seeking recovery based on public nuisance liability theories, among other theories, brought by the State of Rhode Island, the City of St. Louis, Missouri, various cities and counties in the State of New Jersey, various cities in the State of Ohio and the State of Ohio, the City of Chicago, Illinois, the City of Milwaukee, Wisconsin and the County of Santa Clara, California and other public entities in the State of California. Except for the Santa Clara County, California proceeding, all of these legal proceedings have been concluded in favor of the Company and other defendants at various stages in the proceedings.

The proceedings initiated by the State of Rhode Island included two jury trials. At the conclusion of the second trial, the jury returned a verdict finding that (i) the cumulative presence of lead pigment in paints and coatings on buildings in the State of Rhode Island constitutes a public nuisance, (ii) the Company, along with two other defendants, caused or substantially contributed to the creation of the public nuisance, and (iii) the Company and two other defendants should be ordered to abate the public nuisance. The Company and two other defendants appealed and, on July 1, 2008, the Rhode Island Supreme Court, among other determinations, reversed the judgment of abatement with respect to the Company and two other defendants. The Rhode Island Supreme Court's decision reversed the public nuisance liability judgment against the Company on the basis that the complaint failed to state a public nuisance claim as a matter of law.

The Santa Clara County, California proceeding was initiated in March 2000 in the Superior Court of the State of California, County of Santa Clara. In the original complaint, the plaintiffs asserted various claims including fraud and concealment, strict product liability/failure to warn, strict product liability/design defect, negligence, negligent breach of a special duty, public nuisance, private nuisance, and violations of California's Business and Professions Code. A number of the asserted claims were resolved in favor of the defendants through pre-trial proceedings. The named plaintiffs in the Fourth Amended Complaint, filed on March 16, 2011, are the Counties of Santa Clara, Alameda, Los

Angeles, Monterey, San Mateo, Solano and Ventura, and the Cities of Oakland, San Diego and San Francisco. The Fourth Amended Complaint asserts a sole claim for public nuisance, alleging that the presence of lead products for use in paint and coatings in, on and around buildings in the plaintiffs' jurisdictions constitutes a public nuisance. The plaintiffs seek the abatement of the alleged public nuisance that exists within the plaintiffs' jurisdictions. A trial commenced on July 15, 2013 and ended on August 22, 2013. Closing arguments were heard on September 23, 2013. The trial court is expected to issue its decision by December 31, 2013.

Litigation seeking damages from alleged personal injury. The Company and other companies are defendants in a number of legal proceedings seeking monetary damages and other relief from alleged personal injuries. These proceedings include claims by children allegedly injured from ingestion of lead pigment or lead-containing paint, claims for damages allegedly incurred by the children's parents or guardians, and claims for damages allegedly incurred by professional painting contractors. These

proceedings generally seek compensatory and punitive damages, and seek other relief including medical monitoring costs. These proceedings include purported claims by individuals, groups of individuals and class actions.

The plaintiff in *Thomas v. Lead Industries Association, et al.*, initiated an action in state court against the Company, other alleged former lead pigment manufacturers and the Lead Industries Association in September 1999. The claims against the Company and the other defendants included strict liability, negligence, negligent misrepresentation and omissions, fraudulent misrepresentation and omissions, concert of action, civil conspiracy and enterprise liability. Implicit within these claims is the theory of “risk contribution” liability (Wisconsin’s theory which is similar to market share liability) due to the plaintiff’s inability to identify the manufacturer of any product that allegedly injured the plaintiff. The case ultimately proceeded to trial and, on November 5, 2007, the jury returned a defense verdict, finding that the plaintiff had ingested white lead carbonate, but was not brain damaged or injured as a result. The plaintiff appealed and, on December 16, 2010, the Wisconsin Court of Appeals affirmed the final judgment in favor of the Company and other defendants.

Wisconsin is the only jurisdiction to date to apply a theory of liability with respect to alleged personal injury (i.e., risk contribution/market share liability) that does not require the plaintiff to identify the manufacturer of the product that allegedly injured the plaintiff in the lead pigment and lead-based paint litigation. Although the risk contribution liability theory was applied during the *Thomas* trial, the constitutionality of this theory as applied to the lead pigment cases has not been judicially determined by the Wisconsin state courts. However, in an unrelated action filed in the United States District Court for the Eastern District of Wisconsin, *Gibson v. American Cyanamid, et al.*, on November 15, 2010, the District Court held that Wisconsin’s risk contribution theory as applied in that case violated the defendants’ right to substantive due process and is unconstitutionally retroactive. The District Court’s decision in *Gibson v. American Cyanamid, et al.*, has been appealed by the plaintiff.

**Insurance coverage litigation.** The Company and its liability insurers, including certain underwriters at Lloyd’s of London, initiated legal proceedings against each other to primarily determine, among other things, whether the costs and liabilities associated with the abatement of lead pigment are covered under certain insurance policies issued to the Company. The Company’s action, filed on March 3, 2006 in the Common Pleas Court, Cuyahoga County, Ohio, is currently stayed and inactive. The liability insurers’ action, which was filed on February 23, 2006 in the Supreme Court of the State of New York, County of New York, has been dismissed. An ultimate loss in the insurance coverage litigation would mean that insurance proceeds could be unavailable under the policies at issue to mitigate any ultimate abatement related costs and liabilities. The Company has not recorded any assets related to these insurance policies or otherwise assumed that proceeds from these insurance policies would be received in estimating any contingent liability accrual. Therefore, an ultimate loss in the insurance coverage litigation without a determination of liability against the Company in the lead pigment or lead-based paint litigation will have no impact on the Company’s results of operation, liquidity or financial condition. As previously stated, however, the Company has not accrued any amounts for the lead pigment or lead-based paint litigation and any significant liability ultimately determined to be attributable to the Company relating to such litigation may result in a material impact on the Company’s results of operations, liquidity or financial condition for the annual or interim period during which such liability is accrued.

**Department of Labor (DOL) leveraged ESOP settlement.** As previously disclosed in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2012, on February 20, 2013, the Company reached a settlement with the DOL of the DOL’s investigation of transactions related to the Company’s ESOP that were implemented on August 1, 2006 and August 27, 2003. The DOL had notified the Company, among others, of potential enforcement claims asserting breaches of fiduciary obligations and sought compensatory and equitable remedies. The Company resolved all ESOP related claims with the DOL by agreeing, in part, to make a one-time payment of \$80.0 million to the ESOP, resulting in a \$49.2 million after tax charge to earnings in the fourth quarter of 2012. The Company made this required \$80.0 million payment to the ESOP during the first quarter of 2013.

**Government tax assessment settlements related to Brazilian operations.** Charges of \$16.9 million and \$28.7 million were recorded to cost of goods sold in the quarter and nine months, respectively, and \$2.9 million to SG&A in the quarter and nine months. The charges in the quarter and nine months were primarily related to import duty taxes paid

to the Brazilian government related to the handling of import duties on products brought into the country for the years 2006 through 2012. The Company elected to pay the taxes through an existing voluntary amnesty program offered by the government to resolve these issues rather than contest them in court. The after-tax charges were \$13.5 million and \$21.9 million, respectively, for the quarter and nine months. The Company's import duty process in Brazil was changed to reach a final resolution of this matter with the Brazilian government.

### Shareholders' Equity

Shareholders' equity increased \$77.8 million to \$1.870 billion at September 30, 2013 from \$1.792 billion at December 31, 2012 and increased \$90.2 million from \$1.779 billion at September 30, 2012. The increase in Shareholders' equity for the first nine months of 2013 resulted primarily from net income of \$636.4 million and an increase in Other capital of \$125.0 million, resulting primarily from stock option exercises, partially offset by purchases of treasury stock of \$492.0 million, cash dividends paid on common stock of \$154.4 million, and an increase in Cumulative other comprehensive loss of \$18.7 million. Since September 30, 2012, net income of \$704.5 million and an increase in Other capital of \$246.6 million more than offset purchases of treasury stock for \$616.7 million, cash dividends paid on common stock of \$194.7 million and an increase in Cumulative other comprehensive loss of \$31.7 million in twelve months. During the first nine months of 2013, the Company purchased 2.80 million shares of its common stock for treasury purposes through open market purchases. The Company purchased 3.60 million shares of its common stock since September 30, 2012 for treasury. The Company acquires its common stock for general corporate purposes, and depending on its cash position and market conditions, it may acquire additional shares in the future. The Company had remaining authorization at September 30, 2013 to purchase 13.65 million shares of its common stock. At a meeting held on February 13, 2013, the Board of Directors increased the quarterly cash dividend from \$.39 per common share to \$.50 per common share. This quarterly dividend will result in an annual dividend for 2013 of \$2.00 per common share or a 33.2 percent payout of 2012 diluted net income per common share.

### Cash Flow

Net operating cash improved \$208.6 million in the first nine months of 2013 to a cash source of \$777.9 million from a cash source of \$569.3 million in 2012 primarily due to an increase in net income of \$73.5 million, improved working capital management, and a payment to the IRS for the 2011 ESOP settlement of \$59.1 million in the first quarter of 2012 partially offset by a payment to the ESOP for the 2012 DOL settlement of \$80.0 million in the first quarter of 2013. Net investing cash usage increased \$78.8 million in the first nine months of 2013 to a usage of \$253.9 million from a usage of \$175.0 million in 2012 primarily due to acquisitions of businesses and increased cash used in other investments. Net financing cash usage decreased \$22.1 million to a usage of \$347.5 million in the first nine months of 2013 from a usage of \$369.6 million in 2012 primarily due to net increases in short-term borrowings of \$243.5 million in the first nine months of 2013 partially offset by decreased proceeds from stock options exercised of \$113.4 million and increases in treasury stock purchases of \$59.0 million. In the twelve month period from October 1, 2012 through September 30, 2013, the Company generated net operating cash of \$1.097 billion, including a payment to the ESOP for the 2012 DOL settlement of \$80.0 million in the first quarter of 2013, used \$421.3 million in investing activities, and generated \$308.7 million in financing activities. In that same period, the Company invested \$162.6 million in capital additions and improvements and \$145.1 million in acquisitions, received net proceeds from total debt of \$954.0 million, purchased \$616.7 million in treasury stock and paid \$194.7 million in cash dividends to its shareholders of common stock.

### Market Risk

The Company is exposed to market risk associated with interest rate, foreign currency and commodity fluctuations. The Company occasionally utilizes derivative instruments as part of its overall financial risk management policy, but does not use derivative instruments for speculative or trading purposes. In the first nine months of 2013, the Company entered into forward currency exchange contracts with maturity dates of less than twelve months to hedge against value changes in foreign currency. The Company believes it may be exposed to continuing market risk from foreign currency exchange rate and commodity price fluctuations. However, the Company does not expect that foreign currency exchange rate and commodity price fluctuations or hedging contract losses will have a material adverse effect on the Company's financial condition, results of operations or cash flows.

### Financial Covenant

Certain borrowings contain a consolidated leverage covenant. The covenant states the Company's leverage ratio is not to exceed 3.00 to 1.00. In connection with the new credit facility entered into on July 8, 2011, the leverage ratio for that facility was increased to 3.25 to 1.00. The leverage ratio is defined as the ratio of total indebtedness (the sum of Short-term borrowings, Current portion of long-term debt and Long-term debt) at the reporting date to consolidated "Earnings Before Interest, Taxes, Depreciation, and Amortization" (EBITDA) for the twelve month period ended on the

same date. Refer to the “Results of Operations” caption below for a reconciliation of EBITDA to Net income. At September 30, 2013, the Company was in compliance with the covenant. The Company’s Notes, Debentures and revolving credit agreements contain various default and cross-default provisions. In the event of default under any one of these arrangements, acceleration of the maturity of any one or more of these borrowings may result. See Note 7, on page 62 and 63, in the Company’s Annual Report on Form 10-K for the year ended December 31, 2012 for more information concerning the Company’s debt and related covenant.

## RESULTS OF OPERATIONS

Shown below are net sales and income before taxes by segment for the third quarter and first nine months:

(Thousands of dollars)	Three Months Ended September 30,				Nine Months Ended September 30,			
	2013	2012	Change		2013	2012	Change	
Net Sales:								
Paint Stores Group	\$1,763,404	\$1,553,461	13.5	%	\$4,537,849	\$4,164,648	9.0	%
Consumer Group	366,845	348,001	5.4	%	1,069,085	1,066,123	0.3	%
Global Finishes Group	507,284	491,816	3.1	%	1,507,626	1,473,584	2.3	%
Latin America Coatings Group	208,645	208,726	0.0	%	610,271	604,600	0.9	%
Administrative	1,239	1,222	1.4	%	3,643	3,637	0.2	%
Total	\$2,847,417	\$2,603,226	9.4	%	\$7,728,474	\$7,312,592	5.7	%

(Thousands of dollars)	Three Months Ended September 30,				Nine Months Ended September 30,			
	2013	2012	Change		2013	2012	Change	
Income Before Income Taxes:								
Paint Stores Group	\$359,352	\$300,563	19.6	%	\$822,037	\$680,257	20.8	%
Consumer Group	73,065	57,054	28.1	%	206,079	193,117	6.7	%
Global Finishes Group	44,536	36,415	22.3	%	132,929	113,084	17.5	%
Latin America Coatings Group	(983 )	21,931	-104.5	%	20,712	51,099	-59.5	%
Administrative	(88,508 )	(72,965 )	-21.3	%	(245,027 )	(224,441 )	-9.2	%
Total	\$387,462	\$342,998	13.0	%	\$936,730	\$813,116	15.2	%

Consolidated net sales increased in the third quarter and first nine months of 2013 due primarily to higher paint sales volume in our Paint Stores Group. Acquisitions increased consolidated net sales 1.1 percent and 0.9 percent in the quarter and nine months, respectively, while unfavorable currency translation rate changes decreased consolidated net sales 0.8 percent and 0.7 percent in the quarter and nine months, respectively.

Net sales of all consolidated foreign subsidiaries were up 5.3 percent to \$523.7 million in the quarter and up 5.4 percent to \$1.572 billion in the first nine months versus \$497.6 million and \$1.491 billion in the same periods last year. The increase in net sales for all consolidated foreign subsidiaries in the quarter was due primarily to acquisitions, which increased net sales 5.9 percent in the quarter, and selling price increases partially offset by a 4.0 percent negative impact of foreign currency translation rate changes. The increase in the first nine months was due primarily to acquisitions, which increased net sales 4.6 percent in the first nine months, and selling price increases partially offset by a 3.0 percent negative impact of foreign currency translation rate changes. Net sales of all operations other than consolidated foreign subsidiaries were up 10.4 percent to \$2.324 billion in the quarter and up 5.8 percent to \$6.156 billion in the first nine months as compared to \$2.106 billion and \$5.821 billion in the same periods last year. Net sales in the Paint Stores Group increased in the third quarter and first nine months due primarily to higher architectural paint sales volume and acquisitions. Net sales from stores open for more than twelve calendar months increased 10.9 percent in the quarter and increased 7.4 percent in the first nine months compared to last year's comparable periods. Total paint sales volume percentage increases exceeded 10.0 percent for the quarter and first nine months as compared to last year's comparable periods. Sales of non-paint products increased by 13.7 percent over last year's third quarter and increased by 10.2 percent over last year's first nine months. A discussion of changes in volume versus pricing for sales of products other than paint is not pertinent due to the wide assortment of general merchandise sold. Net sales of the Consumer Group increased in the third quarter due primarily to timing of seasonal shipments to some customers and acquisitions, and was nearly flat in the first nine months, primarily due to acquisitions partially offset by the previously disclosed elimination of a portion of a paint program with a large retail customer.

Acquisitions increased net sales 0.2 percent and 2.7 percent in the quarter and first nine months, respectively. Net sales in the Global Finishes Group stated in U.S. dollars increased in the third quarter and first nine months, due primarily to selling price increases and acquisitions. Acquisitions increased net sales in U.S. dollars by 1.3 percent and

1.2 percent for the third quarter and first nine months, respectively, which offset the slight impacts of unfavorable currency translation rate changes in the quarter and first nine months. Net sales in the Latin America Coatings Group stated in U.S.

dollars decreased slightly in the third quarter and first nine months, which can primarily be attributed to selling price increases and higher paint sales volume partially offset by unfavorable currency translation rate changes. Currency translation rate changes decreased net sales by 8.9 percent in the quarter and 6.2 percent in the first nine months. Net sales in the Administrative segment, which primarily consist of external leasing revenue of excess headquarters space and leasing of facilities no longer used by the Company in its primary business, were essentially flat in the third quarter and first nine months.

Consolidated gross profit increased \$145.7 million in the third quarter and increased \$281.7 million in the first nine months of 2013 compared to the same periods in 2012. As a percent of sales, consolidated gross profit increased to 45.5 percent in the quarter from 44.2 percent in the third quarter of 2012 and improved to 45.2 percent in the first nine months of 2013 from 43.9 percent last year. The percent to sales and dollar increases were primarily due to increased paint sales volume and selling price increases.

The Paint Stores Group's gross profit was higher than last year by \$129.4 million in the third quarter and was higher than last year by \$250.0 million in the first nine months due to increased paint sales volume. The Paint Stores Group's gross profit margins were higher in the quarter and first nine months compared to the same periods last year. The Consumer Group's gross profit increased by \$17.5 million in the quarter and increased by \$20.0 million in the first nine months and gross profit margins increased as a percent of sales for the third quarter and first nine months compared to the same periods last year primarily due to improved operating efficiencies. The Global Finishes Group's gross profit increased \$12.7 million in the third quarter and increased \$35.0 million in the first nine months compared to the same periods last year, when stated in U.S. dollars, due primarily to selling price increases, acquisitions and improved operating efficiencies partially offset by unfavorable currency translation rate changes. The Global Finishes Group's gross profit margins were up as a percent of sales in the quarter and first nine months compared to last year primarily due to selling price increases and improved operating efficiencies. The Latin America Coatings Group's gross profit decreased by \$12.3 million in the third quarter and \$22.4 million in the first nine months from the same periods in the prior year, when stated in U.S. dollars, primarily due to a government import duty assessments related to our Brazilian operations and unfavorable currency translation rate changes partially offset by selling price increases. Charges of \$16.9 million and \$28.7 million were recorded to cost of goods sold in the quarter and nine months, respectively. The charges in the quarter and nine months were primarily related to import duty taxes paid to the Brazilian government related to the handling of import duties on products brought into the country for the years 2006 through 2012. The Company elected to pay the taxes through an existing voluntary amnesty program offered by the government to resolve these issues rather than contest them in court. The Latin America Coatings Group's gross profit margins were down as a percent of sales for the third quarter and first nine months as compared to the same periods last year for these same reasons. The Administrative segment's gross profit decreased by an insignificant amount in the third quarter and first nine months compared to the same periods last year.

Selling, general and administrative expenses (SG&A) increased \$89.9 million in the third quarter and increased \$137.8 million in the first nine months of 2013 versus last year due primarily to increased expenses to support higher sales levels and net new store openings. As a percent of sales, consolidated SG&A increased to 31.2 percent in the quarter from 30.7 percent in the third quarter of 2012 and was flat at 32.4 percent in the first nine months primarily due to timing of net new store openings in the quarter and acquisitions.

The Paint Stores Group's SG&A increased \$70.6 million in the third quarter and increased \$107.1 million in the first nine months due primarily to net new store openings and general comparable store expenses to support higher sales levels. The Consumer Group's SG&A was up \$1.2 million in the quarter and increased \$6.2 million in the first nine months compared to the same periods last year primarily due to acquisitions. The Global Finishes Group's SG&A increased \$3.4 million in the quarter and increased \$4.5 million in the first nine months primarily due to acquisitions. The Latin America Coatings Group's SG&A increased \$5.5 million in the third quarter and increased \$5.8 million in the first nine months due primarily government tax assessment settlements related to Brazilian operations of \$2.9 million and timing of spending partially offset by currency translation rate changes. The Administrative segment's SG&A increased \$9.2 million in the third quarter and increased \$14.2 million in the first nine months primarily due to acquisition due diligence efforts and information systems costs.

Other general expense—net decreased \$0.3 million in the third quarter and decreased \$4.0 million in the first nine months. The decrease in the first nine months was primarily due to decreased provisions for environmental expenses and a current period loss on disposal of assets versus prior period gain on disposal of assets both in the Administrative segment.

Other income—net decreased \$6.7 million in the third quarter and decreased \$9.8 million in the first nine months primarily due to 2013 foreign currency losses versus 2012 gains for both time periods partially offset by increased miscellaneous income both primarily impacting the Global Finishes and Latin America Coatings Groups.

Consolidated income before income taxes increased \$44.5 million in the third quarter and increased \$123.6 million in the first nine months of 2013 due to higher segment profits in Paint Stores, Consumer and Global Finishes Groups partially offset by lower segment profits in the Latin America Coatings Groups and increased expenses in the Administrative segment.

The effective income tax rate of 32.1 percent for the third quarter of 2013 was higher than the 31.5 percent effective income tax rate for the third quarter of 2012 due primarily to the timing of discrete items. The effective income tax rate of 32.1 percent for the first nine months of 2013 was higher than the 30.8 percent effective income tax rate for the first nine months of 2012 due primarily to the timing of discrete items.

Net income for the quarter increased \$28.0 million to \$263.0 million from \$235.0 million in the third quarter of 2012 and increased \$73.5 million to \$636.4 million from \$563.0 million in the first nine months of 2012. Diluted net income per common share increased 13.8 percent from \$2.24 per share in the third quarter of 2012 to \$2.55 per share in the third quarter of 2013, including after tax charges of \$.13 per share resulting from government tax assessments related to our Brazilian operations. Diluted net income per common share increased 13.8 percent from \$5.37 in the first nine months of 2012 to \$6.11 in the first nine months of 2013, including after tax charges of \$.21 per share resulting from government tax assessments related to our Brazilian operations.

Management considers a measurement that is not in accordance with U.S. generally accepted accounting principles a useful measurement of the operational profitability of the Company. Some investment professionals also utilize such a measurement as an indicator of the value of profits and cash that are generated strictly from operating activities, putting aside working capital and certain other balance sheet changes. For this measurement, management increases net income for significant non-operating and non-cash expense items to arrive at an amount known as “Earnings Before Interest, Taxes, Depreciation and Amortization” (EBITDA). The reader is cautioned that the following value for EBITDA should not be compared to other entities unknowingly. EBITDA should not be considered an alternative to net income or cash flows from operating activities as an indicator of operating performance or as a measure of liquidity. The reader should refer to the determination of net income and cash flows from operating activities in accordance with U. S. generally accepted accounting principles disclosed in the Statements of Consolidated Income and Statements of Consolidated Cash Flows. EBITDA as used by management is calculated as follows:

(Thousands of dollars)	Three Months Ended		Nine Months Ended	
	September 30,		September 30,	
	2013	2012	2013	2012
Net income	\$262,966	\$234,953	\$636,438	\$562,982
Interest expense	15,394	10,358	45,774	30,925
Income taxes	124,496	108,045	300,292	250,134
Depreciation	39,392	37,829	117,693	113,336
Amortization	7,346	7,136	21,473	20,099
EBITDA	\$449,594	\$398,321	\$1,121,670	\$977,476

## CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING INFORMATION

Certain statements contained in “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and elsewhere in this report constitute “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These forward-looking statements are based upon management’s current expectations, estimates, assumptions and beliefs concerning future events and conditions and may discuss, among other things, anticipated future performance (including sales and earnings), expected growth, future business plans and the costs and potential liability for environmental-related matters and the lead pigment and lead-based paint litigation. Any statement that is not historical in nature is a forward-looking statement and may be identified by the use of words and phrases such as “expects,” “anticipates,” “believes,” “will,” “will likely result,” “will continue,” “plans to” and similar expressions.

Readers are cautioned not to place undue reliance on any forward-looking statements. Forward-looking statements are necessarily subject to risks, uncertainties and other factors, many of which are outside the control of the Company, that could cause actual results to differ materially from such statements and from the Company’s historical results and experience. These risks, uncertainties and other factors include such things as: (a) the duration and severity of the current negative global economic and financial conditions; (b) general business conditions, strengths of retail and manufacturing economies and the growth in the coatings industry; (c) competitive factors, including pricing pressures and product innovation and quality; (d) changes in raw material and energy supplies and pricing; (e) changes in the Company’s relationships with customers and suppliers; (f) the Company’s ability to attain cost savings from productivity initiatives; (g) the Company’s ability to successfully integrate past and future acquisitions into its existing operations, including the planned acquisition of the Comex business in Mexico and the recent acquisitions of the Comex business in the United States and Canada, Leighs Paints, Geocel and Jiangsu Pulanna, as well as the performance of the businesses acquired; (h) risks and uncertainties associated with the Company’s ownership of Life Shield Engineered Systems LLC; (i) changes in general domestic economic conditions such as inflation rates, interest rates, tax rates, unemployment rates, higher labor and healthcare costs, recessions, and changing government policies, laws and regulations; (j) risks and uncertainties associated with the Company’s expansion into and its operations in Asia, Europe, Mexico, South America and other foreign markets, including general economic conditions, inflation rates, recessions, foreign currency exchange rates, foreign investment and repatriation restrictions, legal and regulatory constraints, civil unrest and other external economic and political factors; (k) the achievement of growth in foreign markets, such as Asia, Europe, Mexico and South America; (l) increasingly stringent domestic and foreign governmental regulations including those affecting health, safety and the environment; (m) inherent uncertainties involved in assessing the Company’s potential liability for environmental-related activities; (n) other changes in governmental policies, laws and regulations, including changes in accounting policies and standards and taxation requirements (such as new tax laws and new or revised tax law interpretations); (o) the nature, cost, quantity and outcome of pending and future litigation and other claims, including the lead pigment and lead-based paint litigation, and the effect of any legislation and administrative regulations relating thereto; and (p) unusual weather conditions. Readers are cautioned that it is not possible to predict or identify all of the risks, uncertainties and other factors that may affect future results and that the above list should not be considered to be a complete list. Any forward-looking statement speaks only as of the date on which such statement is made, and the Company undertakes no obligation to update or revise any forward-looking statement, whether as a result of new information, future events or otherwise.

**Item 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

The Company is exposed to market risk associated with interest rate, foreign currency and commodity fluctuations. The Company occasionally utilizes derivative instruments as part of its overall financial risk management policy, but does not use derivative instruments for speculative or trading purposes. The Company enters into option and forward currency exchange contracts and commodity swaps to hedge against value changes in foreign currency and commodities. The Company believes it may experience continuing losses from foreign currency translation and commodity price fluctuations. However, the Company does not expect currency translation, transaction, commodity price fluctuations or hedging contract losses to have a material adverse effect on the Company's financial condition, results of operations or cash flows. There were no material changes in the Company's exposure to market risk since the disclosure included in Management's Discussion and Analysis of Financial Condition and Results of Operations in the Company's Annual Report on Form 10-K for the year ended December 31, 2012.

Item 4. CONTROLS AND PROCEDURES

As of the end of the period covered by this report, we carried out an evaluation, under the supervision and with the participation of our Chairman and Chief Executive Officer and our Senior Vice President—Finance and Chief Financial Officer, of the effectiveness of our disclosure controls and procedures pursuant to Rule 13a-15 and Rule 15d-15 of the Securities Exchange Act of 1934, as amended (“Exchange Act”). Based upon that evaluation, our Chairman and Chief Executive Officer and our Senior Vice President—Finance and Chief Financial Officer concluded that as of the end of the period covered by this report our disclosure controls and procedures were effective to ensure that information required to be disclosed by us in reports we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms, and accumulated and communicated to our management including our Chairman and Chief Executive Officer and our Senior Vice President—Finance and Chief Financial Officer, to allow timely decisions regarding required disclosure. There were no changes in our internal control over financial reporting identified in connection with the evaluation that occurred during the period covered by this report that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings.

For information with respect to certain environmental-related matters and legal proceedings, see the information included under the captions entitled “Environmental-Related Liabilities” and “Litigation” of “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and Notes 8 and 9 of the “Notes to Condensed Consolidated Financial Statements,” which is incorporated herein by reference.

## Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

A summary of the repurchase activity for the Company's third quarter is as follows:

Period	Total Number of Shares Purchased	Average Price Paid Per Share	Number of Shares Purchased as Part of a Publicly Announced Plan	Number of Shares That May Yet Be Purchased Under the Plan
July 1 - July 31				
Share repurchase program <sup>(1)</sup>	500,000	\$ 172.63	500,000	14,650,000
August 1 - August 31				
Share repurchase program <sup>(1)</sup>	750,000	\$ 170.81	750,000	13,900,000
Employee transactions <sup>(2)</sup>	584	171.11		NA
September 1 - September 30				
Share repurchase program <sup>(1)</sup>	250,000	\$ 180.30	250,000	13,650,000
Total				
Share repurchase program <sup>(1)</sup>	1,500,000	\$ 173.00	1,500,000	13,650,000
Employee transactions <sup>(2)</sup>	584	171.11		NA

All shares were purchased through the Company's publicly announced share repurchase program. The Company

<sup>(1)</sup> had remaining authorization at September 30, 2013 to purchase 13,650,000 shares. There is no expiration date specified for the program. The Company intends to repurchase stock under the program in the future.

<sup>(2)</sup> All shares were delivered to satisfy the exercise price and/or tax withholding obligations by employees who exercised stock options or had shares of restricted stock vest.

Item 5. Other Information.

During the fiscal quarter ended September 30, 2013, the Audit Committee of the Board of Directors of the Company approved permitted non-audit services to be performed by Ernst & Young LLP, the Company's independent registered public accounting firm. These non-audit services were approved within categories related to domestic advisory tax and tax compliance services and international tax compliance.

Item 6. Exhibits.
