The proxy terminates upon the transfer of such shares. Of the 9,761,478 shares for which Crowell, Parsky and Roeder have shared dispositive power, 8,417,632 shares are owned by AEP and 1,343,846 shares are owned by AOEP.

As of the same date, Mr. Frederick J. Elsea, III, Chief Financial Officer of AAI and ACP, may be deemed to beneficially own 15,700 shares of Common Stock, representing less than 1% of the total outstanding shares of Common Stock. Mr. Elsea has sole dispositive power and shared voting power with respect to the 15,700 shares of Common Stock. The 15,700 shares of Common Stock for which Mr. Elsea has shared voting power are subject to an irrevocable proxy granted to AEP and AOEP.

As of the same date, GEPT and GEAM may be deemed to beneficially own 2,129,539 shares of Common Stock, representing approximately 9% of the total outstanding shares of Common Stock. GEPT and GEAM have shared voting and dispositive power with respect to 2,129,539 shares of Common Stock. GE disclaims beneficial ownership of any and all shares held by GEPT.

(d) The right to receive distributions, and proceeds from the sale of the 8,417,632 and 1,343,846 shares of Common Stock held of record by AEP and AOEP, respectively, is governed by their respective limited partnership agreements, and such distributions or proceeds may be made with respect to the general and limited partnership interests in AEP and AOEP.

(e) Not applicable.

Item 6. *Contracts, Arrangements, Understandings or Relationships With Respect to Securities of the Issuer.*

Stockholders Agreement. AEP, AOEP, GEPT and Messrs. Crowell, Parsky and Roeder are parties to that certain Stockholders Agreement, dated August 2, 1994, among Aftermarket Technology Holdings Corp. (the predecessor-in-interest to the Issuer), and certain of its stockholders, optionholders and warrant holders (as amended to date, the "Stockholders Agreement"). Under the Stockholders Agreement, certain stockholders of the Issuer have granted to the Aurora Partnerships an irrevocable proxy pursuant to which the Aurora Partnerships can vote the shares subject to the proxy in such manner as the Aurora Partnerships shall determine in their respective sole and absolute discretion. The aggregate number of shares subject to such irrevocable proxy is approximately 1.4 million shares, or 5.9% of the total outstanding shares of Common Stock. Each proxy terminates upon the earlier to occur of the transfer of the subject shares or July 31, 2004. In addition, with limited exceptions, GEPT has irrevocably agreed to vote all shares held by it in such manner as the Aurora Partnerships shall determine, to such extent as its fiduciary duties under the Employee Retirement Income Security Act of 1974 shall allow. This provision terminates upon the transfer of such shares. GEPT may be deemed to beneficially own 2,129,539 shares of Common Stock, representing 9% of the total outstanding shares of Common Stock. Finally, the parties to the Stockholders Agreement have agreed to provide the Issuer with written notice prior to any proposed transfer of their shares of Common Stock.

The Stockholders Agreement also provides that if, after the Aurora Partnerships distribute their shares of Common Stock to their limited partners, any such limited partner holds 10% or more of the outstanding Common Stock, such limited partner (the "Demand Holder") will have the right to require the Issuer to use its best efforts to file a registration statement under the Securities Act of 1933, as amended (the "Securities Act"), covering the resale of the Demand Holder's shares in an underwritten offering. If following such offering the Demand Holder still holds 10% or more of the outstanding Common Stock, the Demand Holder will have one additional "demand" registration right.

The Issuer will bear all expenses incident to any registration effected pursuant to the Stockholders Agreement, including the fees and expenses of a single counsel retained by the selling stockholders; however, each selling stockholder will be responsible for the underwriting discounts and commissions and transfer taxes in connection with shares sold by such stockholder. Each selling stockholder and the underwriters through whom shares are sold on behalf of a selling stockholder will be entitled to customary indemnification from the Issuer against certain liabilities, including liabilities under the Securities Act.

17

In connection with a December 1996 private placement to GEPT, the Issuer granted a "demand" registration right to GEPT. Such registration right covers the 955,794 shares issued in the private placement as well as 300,000 shares of Common Stock owned by GEPT prior to the private placement. Pursuant to this registration right, GEPT may, subject to certain limitations, require the Issuer to use its best efforts to file a registration statement under the Securities Act covering the resale of such shares of Common Stock. In addition, GEPT was granted a "piggyback" registration right to include such shares on a pro rata basis in any registration effected for the account of any person exercising a contractual "demand" registration right granted by the Issuer in the future. All fees, costs and expenses of such registration (other than underwriting discounts and commissions) will be borne by the Issuer. GEPT and any underwriters through whom shares are sold on behalf of GEPT will be entitled to customary indemnification from the Issuer against certain liabilities, including liabilities under the Securities Act. GEPT's registration rights may not be exercised until after December 20, 1999.

The foregoing summary of the Stockholders Agreement is qualified in its entirety by reference to the Stockholders Agreement, a copy of which is included as an exhibit hereto and incorporated herein by reference.

Management Services Agreement. The Issuer also pays to ACP a base annual management fee of approximately \$550,000 for advisory and consulting services pursuant to a written management services agreement (the "Management Services Agreement"). ACP is also entitled to reimbursements from the Issuer for all of its reasonable out-of-pocket costs and expenses incurred in connection with the performance of its obligations under the Management Services Agreement. The base annual management fee is subject to increase, at the discretion of the disinterested members of the Issuer's Board of Directors, by up to an aggregate of \$250,000 in the event the Issuer consummates one or more

Edgar Filing: AFTERMARKET TECHNOLOGY CORP - Form SC 13D/A

significant corporate transactions. The base annual management fee has not been increased as a result of any of the Issuer's acquisitions. The base annual management fee is also subject to increase for specified cost of living increases pursuant to which the base annual management fee was most recently increased in January 1999 from \$540,000. If the Issuer's EBITDA in any year exceeds management's budgeted EBITDA by 15.0% or more for that year, ACP will be entitled to receive an additional management fee equal to one half of its base annual management fee for such year. Because the Issuer's EBITDA did not exceed management's budgeted EBITDA by 15.0% in 2001, ACP did not receive this additional management fee in 2001. In the event the Issuer consummates any significant acquisitions or dispositions, ACP will be entitled to receive a closing fee from the Issuer equal to 2.0% of the first \$75.0 million of the acquisition consideration (including debt assumed and current assets retained) and 1.0% of acquisition consideration (including debt assumed and current assets retained) in excess of \$75.0 million. In January 2001, the Issuer paid to Aurora Management Partners LLC a \$750,000 fee for services in connection with the October 2000 sale of the Issuer's Distribution Group.

Notwithstanding the foregoing, no payment will be made to ACP pursuant to the Management Services Agreement at any time that certain events of default shall have occurred and be then continuing under any of the Indentures governing the Issuer's 12% Senior Subordinated Notes due 2004 or the Issuer's bank credit facility. The Management Services Agreement also provides that the Issuer shall provide ACP and its directors, employees, partners and affiliates with customary indemnification against all actions not involving gross negligence or willful misconduct.

The base annual management fee payable to ACP will be reduced as the collective beneficial ownership of Common Stock by the Aurora Partnerships declines below 50% as follows: for any period during which the collective beneficial ownership of the Aurora Partnerships is less than 50% but at least 40%, the base annual management fee payable for the period will be 80% of the original base annual management fee (as such original base annual management fee may previously have been adjusted due to discretionary increases by the Board of Directors or cost of living increases as described above, the "Original Fee"); for any period during which the Aurora Partnerships' collective beneficial ownership is less than 40% but at least 30%, the base annual management fee payable for

18

the period will be 60% of the Original Fee; and for any period during which the collective beneficial ownership of the Aurora Partnerships is less than 30% but at least 20%, the base annual management fee payable for the period will be 40% of the Original Fee. If the Aurora Partnerships' collective beneficial ownership declines below 20%, the Management Services Agreement will terminate. Effective May 1, 1998, the Management Services Agreement was assigned by ACP to Aurora Management Partners LLC, a Delaware limited liability company.
