## Edgar Filing: CRYPTOLOGIC INC - Form 6-K

Silver Surfer, and the debut of the Internet's first-of-its-kind version of Texas Hold'em Bonus Poker – where casino meets poker.

CryptoLogic's new Texas Hold'em Bonus Poker is the first-ever online version of the widely popular land-based casino game – combining the huge popularity of poker with the excitement of a casino card game. Players can take complete control, upping the ante to see the flop, turn and river or if they don't like their cards, fold after one bet. Players are able to beat the odds in single or multi-player mode while enjoying realistic and immersive table action.

Action hero fans are in for more online thrills with the addition of online slots featuring Marvel greats, Thor and Silver Surfer. These new 9-line, three-level progressive jackpot slots complement other Marvel-themed games – The Hulk, Daredevil, The X-Men, Blade and The Punisher brought to life by CryptoLogic-developed software at some of the world's top Internet casinos. The new Thor slot incorporates impactful animation that summons the thunder god's mighty hammer to trigger a bonus round. Silver Surfer's stunning visuals enable players to fly through galaxies of bonus free spins and embark on an astro journey for as little as five cents.

Bonus Pack 9 also adds a dynamic range of new online slot titles including: **Sweet Thing, Desert Dream, Diamond Cave, Monkey Mania, Platinum Pyramid**, as well as a 20-line version of **Rags to Riches** and more Rapid Fire Jackpot slots, **Hot Summer Nights** and **Mad Professor**. From frequent low level jackpots to mega jackpot online offerings like **Millionaires Club** – now exceeding \$3 million and the largest jackpot in the history of Internet gaming – WagerLogic's expanding Internet casino suite offers something for every casino player.

The innovation and unique features of our new Bonus Pack 9 games prove we are ahead of the curve in delivering amazing online entertainment that meets the heart of the online gamer, added A.J. Slivinski, WagerLogic's Managing Director.
