PROXY STATEMENT
DATED NOVEMBER [], 2008

GENERAL PROXY STATEMENT INFORMATION

This proxy statement is furnished to the shareholders of Peapack-Gladstone Financial Corporation (“Peapack-Gladstone”) in connection with the solicitation by the Board of Directors of Peapack-Gladstone of proxies for use at a Special Meeting of Shareholders to be held at the Pluckemin Branch of Peapack-Gladstone Bank, 468 Route 202/206 North, Kings Plaza, Bedminster, New Jersey 07921 on Tuesday, December 30, 2008 at 4:00 p.m. local time. This proxy statement is first being mailed to shareholders on approximately November [], 2008.

VOTING INFORMATION

Outstanding Securities and Voting Rights

The record date for determining shareholders entitled to notice of, and to vote at, the meeting is November 28, 2008. Only shareholders of record as of the record date will be entitled to notice of, and to vote at, the meeting.

On the record date 8,288,634 shares of Peapack-Gladstone’s common stock, no par value, were outstanding and eligible to be voted at the meeting. Each share of Peapack-Gladstone’s common stock is entitled to one vote.

Required Vote

The amendment of our certificate of incorporation requires the affirmative vote of a majority of Peapack-Gladstone’s common stock voted at the meeting, whether voted in person or by proxy. At the meeting, inspectors of election will tabulate both ballots cast by shareholders present and voting in person, and votes cast by proxy. Under applicable New Jersey law and Peapack-Gladstone’s certificate of incorporation and by-laws, abstentions and broker non-votes are counted for purpose of establishing a quorum but otherwise do not count.

All shares represented by valid proxies received pursuant to this solicitation will be voted FOR the amendment of our certificate of incorporation and FOR giving authority to management to adjourn, postpone or continue the Special Meeting unless the shareholder revokes the proxy prior to the time it is exercised. Should any other matter properly come before the meeting, the persons named as proxies will vote upon such matters according to their discretion.

Revocability of Proxy

Any shareholder giving a proxy has the right to attend and to vote at the meeting in person. A proxy may be revoked prior to the meeting by filing a later-dated proxy or a written revocation if it is sent to the Secretary of Peapack-Gladstone, Antoinette Rosell, at 158 Route 206 North, Gladstone, New Jersey 07934, and is received by Peapack-Gladstone in advance of the meeting. A proxy may be revoked at the meeting by filing a later-dated proxy or a written revocation with the Secretary of the meeting prior to the voting of such proxy.

Solicitation of Proxies

This proxy solicitation is being made by the Board of Peapack-Gladstone and its agent Laurel Hill Advisory Group, LLC, and the costs of the solicitation will be borne by Peapack-Gladstone. In addition to the use of the mails, proxies may be solicited personally or by telephone, e-mail or facsimile transmission by directors, officers and employees of Peapack-Gladstone and its subsidiaries or Laurel Hill who, with the exception of Laurel Hill, will not be specially compensated for such solicitation activities. The amount Peapack-Gladstone will pay Laurel Hill for its proxy solicitation services is \$6,500, plus certain out-of-pocket costs. Peapack-Gladstone will also make arrangements with brokers, dealers, nominees, custodians and fiduciaries to forward proxy soliciting materials to the beneficial owners of shares held of record by such persons, and Peapack-Gladstone may reimburse them for their reasonable expenses incurred in forwarding the materials.

QUESTIONS AND ANSWERS ABOUT THE SPECIAL MEETING

Q. Why is Peapack-Gladstone holding a Special Meeting?

A. On October 14, 2008, the U.S. Government announced a series of initiatives intended to strengthen market stability, improve the strength of financial institutions, and enhance market liquidity. According to federal banking regulators, these programs are intended to provide fresh capital and liquidity to, among other things, foster new lending. As part of this overall initiative, the U.S. Department of Treasury announced a voluntary Capital Purchase Program to encourage U.S. financial institutions to build capital to increase the flow of financing to U.S. businesses and consumers and support the U.S. economy. Under Treasury's Capital Purchase Program, eligible financial institutions, such as Peapack-Gladstone, will be able to sell equity interests in the form of preferred stock to the U.S. Treasury on attractive financial terms in amounts equal to one percent to three percent of the institution's risk-weighted assets. The preferred stock will constitute Tier 1 capital for the eligible institution. Management believes it is advisable to take advantage of the opportunities offered by the Treasury Capital Purchase Program. On November 4, 2008, Peapack-Gladstone applied for approval to sell senior preferred stock and warrants to the Treasury Department in the Capital Purchase Program. On November 18, 2008, the Treasury informed Peapack-Gladstone that its application was approved for \$28,685,000. Because Peapack-Gladstone does not presently have preferred stock authorized in its charter, it is necessary for Peapack-Gladstone to amend its certificate of incorporation to add the authorization for preferred stock. For additional information, see: "Proposal No. 1—Amendment to Certificate of Incorporation to Authorize 500,000 Shares of Preferred Stock." The Treasury approval required that we close within 30 days of its approval. Because of the periods needed to allow the Securities and Exchange Commission to review and comment on this proxy statement and thereafter to hold a shareholders meeting, it will take us longer than 30 days to be able to close. Although we believe the Treasury will allow us additional time to close, there can be no assurance that it will.

Q. What am I voting on?

A. You are voting to approve an amendment to our certificate of incorporation authorizing the issuance of up to 500,000 shares of preferred stock.

Q. How does the Board of Directors recommend that I vote my shares?

A. The Board of Directors recommends that you vote your shares "FOR" ratification of the amendment to Peapack-Gladstone's certificate of incorporation authorizing the issuance of up to 500,000 shares of preferred stock.

Q. Who is entitled to vote?

A. Shareholders of record as of the close of business on the Record Date.

Q. How many votes do I have?

A. Each share of common stock held by you as of the Record Date entitles you to one vote.

Q. How do I vote?

A. You may vote by completing and returning the enclosed proxy card or by voting in person at the meeting.

Voting by Proxy. You may vote by completing and returning the enclosed proxy card. Your proxy will be voted in accordance with your instructions. If you do not specify a choice on your proxy card, your proxy will be voted in favor of the amendment of our certificate of incorporation.

Voting in person. If you attend the meeting, you may deliver your completed proxy card in person or may vote by completing a ballot which will be available at the meeting.

Q. Can I revoke my proxy and change my vote after I have returned my proxy card?

A. You may revoke your proxy at any time before it is exercised by either:

Submitting to the Secretary a written notice of revocation or a subsequently executed proxy card; or

Attending the meeting and voting in person.

Q. What does it mean if I get more than one proxy card?

A. Your shares are probably registered differently or are in more than one account. Sign and return all proxy cards to ensure that all shares are voted. If you would like to inquire about

having all of your accounts registered in the same name and address, please contact Registrar and Transfer Company, 10 Commerce Drive, Cranford, New Jersey 07016-3572.

Q. What constitutes a quorum for a special meeting?

A. As of the Record Date, 8,288,634 shares of Peapack-Gladstone common stock were issued and outstanding, each of which will be entitled to one vote at the meeting. A majority of the outstanding shares, present or represented by proxy, constitutes a quorum. If you vote by proxy, your shares will be included for determining the presence of a quorum. Both abstentions and “broker non-votes” are also included for purposes of determining the presence of a quorum. Generally, broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because the broker has not received voting instructions from the beneficial owner and the broker lacks discretionary voting power to vote such shares.

Q. Assuming the presence of a quorum, what is the vote required to approve the matters to be considered at the meeting?

A. The affirmative vote of a majority of votes cast, in person and by proxy, at the meeting is required to approve both of the matters to be considered at the meeting. Under New Jersey law, abstentions and broker non-votes are not considered votes cast and, accordingly, will not affect the outcome of any of the matters being voted on at the meeting.

Q. Who will count the vote?

A. A representative of Registrar and Transfer Company, Peapack-Gladstone’s transfer agent, will tabulate the votes and act as the inspector of the election.

PROPOSAL NO. 1
AMENDMENT TO CERTIFICATE OF INCORPORATION
TO AUTHORIZE 500,000 SHARES OF PREFERRED STOCK

Our certificate of incorporation, as currently in effect, provides that we are authorized to issue up to 20,000,000 shares of common stock, no par value. At September 30, 2008, we had 8,288,368 shares of common stock outstanding.

On November 20, 2008, our Board of Directors authorized an amendment to ARTICLE III of the certificate of incorporation to authorize the issuance of up to 500,000 shares of preferred stock (the "Preferred Stock Amendment") and has recommended that Peapack-Gladstone's shareholders approve the Preferred Stock Amendment. Shareholders are being asked to approve at the Special Meeting such amendment to the certificate of incorporation.

Purpose and Background

Our certificate of incorporation does not presently authorize the issuance of shares other than common stock. Our Board of Directors has unanimously approved a resolution amending the certificate of incorporation to authorize the issuance of up to 500,000 shares of preferred stock, commonly referred to as "blank check" preferred because the Board of Directors has discretion to designate one or more series of the preferred stock with the rights, privileges and preferences of each series to be fixed by the Board of Directors from time to time.

The Board's objective in establishing a class of "blank check" preferred stock is to provide maximum flexibility with respect to future financing transactions, including being able to participate in the Capital Purchase Program recently established by the Treasury. Under this program, the Treasury will purchase senior preferred stock, with a liquidation preference of \$1,000 per share. We have applied for and received a phone call, on November 18, 2008, informing us that we were approved to participate in this program in the amount of \$28,685,000. We expect to use the proceeds of the proposed sale of securities to the Treasury to supplement our capital and thereby continue to increase our lending to creditworthy borrowers. The Treasury approval required that we close within 30 days of its approval. Because of the periods needed to allow the SEC to review and comment on this proxy statement and thereafter to hold a shareholders meeting, it will take us longer than 30 days to be able to close. Although we believe the Treasury will allow us additional time to close, there can be no assurance that it will.

Also, "blank check" preferred stock is commonly authorized by publicly traded companies and is frequently used as a means of raising capital and making acquisitions. In some circumstances, companies have been required to utilize senior classes of securities to raise capital, with the terms of those securities being highly negotiated and tailored to meet the needs of both investors and issuing companies. Such senior securities typically include liquidation and dividend preferences, protections, conversion privileges and other rights not found in common stock.

We presently lack the authority to issue preferred stock and we will not be eligible to participate in the Treasury's Capital Purchase Program if our shareholders fail to approve this amendment to our certificate of incorporation. We would thus continue to be limited to issuing common stock or debt securities to raise capital. By authorizing a class of "blank check" preferred stock, we would increase our flexibility.

If the certificate of incorporation is amended to authorize the issuance of “blank check” preferred stock, the Board would have discretion to establish various series of preferred stock and the rights and privileges of each series so established, and the holders of our common stock would have no input or right to approve the terms of any such series. This includes the issuance of senior preferred stock to the Treasury.

Peapack-Gladstone has no present agreement to issue any “blank check” preferred stock and, other than the preferred stock contemplated under the Treasury’s Capital Purchase Program, has no present intention to do so.

Senior Cumulative Preferred Stock Under the Treasury Program

Peapack-Gladstone has been approved to sell to the Treasury \$28,685,000 in senior preferred stock in the Treasury’s Capital Purchase Program. If our shareholders approve the amendment to our certificate of incorporation and we complete the sale, these shares would be senior to our common stock and would pay cumulative dividends at a rate of 5% per annum until the fifth anniversary of the date of the original investment and thereafter at a rate of 9% per annum. Dividends would be payable quarterly in arrears on the fifteenth day of February, May, August, and November of each year. Unpaid dividends are compounded (i.e. dividends are paid on the amount of unpaid dividends).

Under the Capital Purchase Program, the senior preferred shares would be non-voting shares, other than class voting rights granted under New Jersey law and class voting rights on (i) any authorization or issuance of shares ranking senior to the senior preferred shares; (ii) any amendment to the rights of the senior preferred shares, or (iii) any merger, exchange or similar transaction which would adversely affect the rights of the senior preferred shares. If the dividends described above were not paid in full for six dividend periods, whether or not consecutive, the senior preferred shareholders would have the right to elect two directors. The right to elect directors would cease when all unpaid dividends (including compounded dividends) have been paid in full.

As long as the senior preferred shares are outstanding, Peapack-Gladstone would not be able to pay dividends on any common stock shares or any preferred shares ranking pari passu with the senior preferred shares, unless all dividends on the senior preferred shares have been paid in full.

Furthermore, until the earlier of the third anniversary of the Treasury’s investment or the date the Treasury ceases to hold any senior preferred stock or such stock is redeemed in full, Peapack-Gladstone may not, without the consent of the Treasury, increase the dividend on its common stock or repurchase its common stock or any trust preferred securities, if we were to issue such securities.

Peapack-Gladstone may redeem the senior preferred shares after three years, or earlier if it raises in an equity offering net proceeds equal to the amount of the senior preferred shares

redeemed and it must raise proceeds equal to at least 25% of the issue price of the senior preferred shares to redeem any senior preferred shares prior to the end of the third year.

If Peapack-Gladstone completes the sale of senior preferred stock in the Treasury's Capital Purchase Program, Peapack-Gladstone must adopt the Treasury Department's standards for executive compensation and corporate governance, for the period during which Treasury holds any equity issued under the Program. These standards generally apply to the chief executive officer, chief financial officer, plus the next three most highly compensated executive officers. We would also be required to meet certain standards, including: (1) ensuring that incentive compensation for senior executives does not encourage unnecessary and excessive risks; (2) requiring a clawback of any bonus or incentive compensation paid to a senior executive based on statements of earnings, gains or other criteria that are later proven to be materially inaccurate; (3) prohibiting certain severance payments to a senior executive, generally referred to as "golden parachute" payments, above specified amounts; and (4) agreeing not to deduct for tax purposes executive compensation in excess of \$500,000 for each senior executive. We expect that each senior executive will agree in writing to be bound by the applicable restrictions on compensation during any period that he or she is a senior executive and the Treasury holds an equity or debt position acquired through the Capital Purchase Program.

We will also be required to grant stock purchase warrants to Treasury to purchase a number of shares of common stock having a market price equal to 15% of aggregate amount of the preferred stock investment. The initial exercise price for the warrants, and the market price for determining the number of shares of common stock subject to the warrants, will be determined by reference to the market price of the common stock on the date of the approval by the Treasury of our application to sell to the Treasury the preferred stock (calculated on a 20-day trailing average). Based on the market price of \$30.06 of the Peapack-Gladstone common stock (calculated on a 20-day trailing average), we anticipate we would be required to issue 143,158 common stock warrants to the Treasury, which is 1.7% of our outstanding shares of common stock. Without our consent and that of the holder, the warrants may be exercised only on a net basis – that is, the holder does not pay the exercise price but instead authorizes us to reduce the shares receivable on exercise of the warrants by the number of shares with a then current market value equal to the exercise price. Consequently we expect to issue significantly fewer than 143,158 shares. Furthermore, if before December 31, 2009, we realize gross proceeds from the sale of equity securities to third parties equal to or greater than the issue price of the senior preferred shares, the number of warrants will be reduced by 50 percent. Moreover, if Peapack-Gladstone redeems all of the senior preferred shares or if the Treasury no longer owns any such shares, the company will have the right to repurchase the warrants from the Treasury at fair market value.

We expect that the issuance of the senior preferred shares and the warrants will have an immaterial impact on earnings based on the company's history of earnings.

Within 30 days following closing of the Treasury's investment, Peapack-Gladstone must file with the SEC a shelf registration statement registering the possible resale of all of the senior preferred shares, the warrants and the shares to be received on exercise of the warrants. We must also use reasonable best efforts to cause the registration statement to be continuously effective until there are no registrable securities remaining.

To the extent that a shelf registration statement is not available and Peapack-Gladstone proposes to file a registration statement for an equity offering, holders of the senior preferred shares, the warrants and warrant exercise shares will have piggyback rights to include their securities in such registration statement.

We must apply for listing with the exchange on which our common stock is listed (i.e. Nasdaq) for the listing of the shares issuable pursuant to the warrants. If requested by the Treasury, we must also use our reasonable best efforts to list the senior preferred stock.

Potential Anti-Takeover Effect

The amendment to the certificate of incorporation to authorize preferred stock as proposed could adversely affect the ability of third parties to take over or change the control of Peapack-Gladstone by, for example, permitting issuances that would dilute the stock ownership of a person seeking to effect a change in the composition of our Board of Directors or contemplating a tender offer or other transaction for the combination of Peapack-Gladstone with another company.

The ability of our Board of Directors to establish the rights of, and to cause Peapack-Gladstone to issue, substantial amounts of preferred stock without the need for shareholder approval, upon such terms and conditions, and having such rights, privileges and preferences, as our Board of Directors may determine from time to time in the exercise of its business judgment, may, among other things, be used to create voting impediments with respect to changes in control of Peapack-Gladstone or to dilute the stock ownership of holders of common stock seeking to obtain control of Peapack-Gladstone. The rights of the holders of common stock will be subject to, and may be adversely affected by, any preferred stock that may be issued in the future. The issuance of preferred stock, while providing desirable flexibility in connection with possible acquisitions, financings and other corporate transactions, may have the effect of discouraging, delaying or preventing a change in control of Peapack-Gladstone.

The amendment to the certificate of incorporation authorizes 500,000 shares of preferred stock. The Board in seeking authorization for this number of shares considered, among other things, the need to provide for the flexibility to issue additional preferred stock to redeem the preferred stock issued to the Treasury and thereby lower the number of warrants and for the possibility that the Treasury in the future may provide additional funding programs using preferred stock.

Other than our participation in the Treasury's Capital Purchase Program for 28,685 shares of preferred stock, we have no present plans to issue any shares of preferred stock.

Proposed Amendment

Therefore, in order to participate in the Treasury's Capital Purchase Program, we propose that the text of ARTICLE III of our certificate of incorporation be deleted and replaced in its entirety with the following:

ARTICLE III
CAPITAL STOCK

(A) The total authorized capital stock of the corporation shall be 20,500,000 shares, consisting of 20,000,000 shares of common stock and 500,000 shares of preferred stock which may be issued in one or more classes or series. The shares of common stock shall constitute a single class and shall be without nominal or par value. The shares of preferred stock of each class or series shall be without nominal or par value, except that the amendment authorizing the initial issuance of any class or series, adopted by the Board of Directors as provided herein, may provide that shares of any class or series shall have a specified par value per share, in which event all of the shares of such class or series shall have the par value per share so specified.

(B) The Board of Directors of the corporation is expressly authorized from time to time to adopt and to cause to be executed and filed without further approval of the shareholders amendments to this Certificate of Incorporation authorizing the issuance of one or more classes or series of preferred stock for such consideration as the Board of Directors may fix. In an amendment authorizing any class or series of preferred stock, the Board of Directors is expressly authorized to determine:

(a) The distinctive designation of the class or series and the number of shares which will constitute the class or series, which number may be increased or decreased (but not below the number of shares then outstanding in that class or above the total shares authorized herein) from time to time by action of the Board of Directors;

(b) The dividend rate on the shares of the class or series, whether dividends will be cumulative, and, if so, from what date or dates;

(c) The price or prices at which, and the terms and conditions on which, the shares of the class or series may be redeemed at the option of the corporation;

(d) Whether or not the shares of the class or series will be entitled to the benefit of a retirement or sinking fund to be applied to the purchase or redemption of such shares and, if so entitled, the amount of such fund and the terms and provisions relative to the operation thereof;

(e) Whether or not the shares of the class or series will be convertible into, or exchangeable for, any other shares of stock of the corporation or other securities, and if so convertible or exchangeable, the conversion price or prices, or the rates of exchange, and any adjustments thereof, at which such conversion or exchange may be made, and any other terms and conditions of such conversion or exchange;

(f) The rights of the shares of the class or series in the event of voluntary or involuntary liquidation, dissolution or winding up of the corporation;

(g) Whether or not the shares of the class or series will have priority over, parity with, or be junior to the shares of any other class or series in any respect, whether or not the shares of the class or series will be entitled to the benefit of limitations restricting the issuance of shares of any other class or series having priority over or on parity with the shares of such class or series and whether or not the shares of the class or series are entitled to restrictions on the payment of dividends on, the making of other distributions in respect of, and the purchase or redemption of shares of any other class or series of preferred stock or common stock ranking junior to the shares of the class or series;

(h) Whether the class or series will have voting rights, in addition to any voting rights provided by law, and if so, the terms of such voting rights; and

(i) Any other preferences, qualifications, privileges, options and other relative or special rights and limitations of that class or series.

Vote Required and Board of Director's Recommendation

The affirmative vote of a majority of all votes cast, in person or by proxy, is required for approval of this proposal. Under New Jersey law, abstentions and broker non-votes, if any, will have no effect on determining whether the Proposal has received the requisite number of affirmative votes.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE APPROVAL OF THE PROPOSED AMENDMENT TO THE CERTIFICATE OF INCORPORATION.
