PROXY STATEMENT

GENERAL INFORMATION

Q: HOW DO I GIVE VOTING INSTRUCTIONS?

A: You may attend the meeting and give instructions in person or give instructions by the Internet, by telephone or by mail. Information for giving instructions is on the proxy form. The Proxies, named on the enclosed proxy form, will vote all properly executed proxies that are delivered pursuant to this solicitation and not subsequently revoked in accordance with the instructions given by you.

Q: CAN I CHANGE MY VOTE?

A: Yes, you may revoke your proxy by submitting a subsequent proxy or by written request received by the Company's corporate secretary before the meeting.

Q: WHO CAN VOTE?

A: All stockholders of record on the record date of March 29, 2004. On that date, there were 737,637,807 shares of Southern Company common stock outstanding and entitled to vote.

Q: HOW MUCH DOES EACH SHARE COUNT?

A: Each share counts as one vote, except votes for directors may be cumulative. Abstentions that are marked on the proxy form are included for the purpose of determining a quorum, but shares that a broker fails to vote are not counted toward a quorum. Neither is counted for or against the matters being considered.

Q: WHAT DOES IT MEAN IF I GET MORE THAN ONE PROXY FORM?

A: You will receive a proxy form for each account that you have. Please vote proxies for all accounts to ensure that all your shares are voted. If you

Edgar Filing: SOUTHERN CO - Form DEF 14A

wish to consolidate multiple registered accounts, please contact Stockholder Services at (800) 554-7626.

Q: CAN THE COMPANY'S PROXY STATEMENT AND ANNUAL REPORT BE ACCESSED FROM THE INTERNET?

A: Yes, in addition, stockholders may view the Proxy Statement and Annual Report on the Internet instead of receiving them by U.S. mail, each year. If you choose to access future Proxy Statements and Annual Reports online, you will continue to receive a proxy form in the mail. Future proxy forms will contain the website address and other necessary information to view the proxy materials and to submit your vote. Whether you receive your proxy materials in the mail or view them on the Internet, you will continue to have the option to vote on the Internet, by telephone, by mail or in person at the Annual Meeting.

Q: WHAT IS "HOUSEHOLDING"?

A: Certain beneficial owners of the Company's common stock, sharing a single address, may receive only one copy of the Proxy Statement and Annual Report unless the broker, bank or nominee has received contrary instructions from any beneficial owner at that address. This practice -- known as householding -- is designed to reduce printing and mailing costs. If a beneficial owner does not wish to participate in householding, this year or in the future, he or she may contact Stockholder Services at (800) 554-7626 or at 270 Peachtree Street NW, Atlanta, Georgia 30303 and ask to receive a Proxy Statement or Annual Report. As noted earlier, beneficial owners may view the Proxy Statement and Annual Report on the Internet.

Q: WHEN ARE STOCKHOLDER PROPOSALS DUE FOR THE 2005 ANNUAL MEETING OF STOCKHOLDERS?

A: The deadline for the receipt of stockholder proposals to be considered for inclusion in the Company's proxy materials for the 2005 Annual Meeting of Stockholders is December 22, 2004. Proposals must be submitted in writing to Tommy Chisholm, Corporate Secretary, Bin 912, Southern Company, 270 Peachtree Street NW, Atlanta, Georgia 30303. Additionally, the proxy solicited by the Board of Directors for next year's meeting will confer discretionary

1

authority to vote on any stockholder proposal presented at that meeting that is not included in the Company's proxy materials unless the Company is provided written notice of such proposal no later than March 7, 2005.

Q: WHO PAYS THE EXPENSE OF SOLICITING PROXIES?

A: The Company pays the cost of soliciting proxies. The officers or other employees of the Company or its subsidiaries may solicit proxies to have a larger representation at the meeting. The Company has engaged Georgeson Shareholder Communications, Inc. to assist with the solicitation of proxies for a fee of \$10,000 plus expenses.

The Company's 2003 Annual Report to the Securities and Exchange Commission on Form 10-K will be provided without charge upon written request to Tommy

Edgar Filing: SOUTHERN CO - Form DEF 14A

Chisholm, Corporate Secretary, Bin 912, Southern Company, 270 Peachtree Street NW, Atlanta, Georgia 30303.

CORPORATE GOVERNANCE

COMPANY ORGANIZATION

Southern Company is a holding company managed by a core group of officers and governed by a Board of Directors that is currently comprised of 10 members. The number of Directors to be elected at this Annual Meeting of Stockholders has been set at 11.

DIRECTOR INDEPENDENCE

No Director will be deemed to be independent unless the Board affirmatively determines that the Director is independent of the Company's management. The Board affirmatively determined that each current member of the Board and each nominee for election as a Director, except Mr. Franklin, Chairman and Chief Executive Officer of the Company, and Mr. Ratcliffe, President of the Company, are independent under the Director Independence Requirements of the Company's Corporate Governance Guidelines. The Guideline's Independence Requirements include the independence standards in the New York Stock Exchange corporate governance rules.

In making the independence determination, the Board reviews and considers all commercial, consulting, legal, accounting, charitable or other business relationships that a director or his or her immediate family members have with the Company.

The Corporate Governance Guidelines are available on the Company's website at www.southerncompany.com under Investor Relations.

COMMUNICATING WITH THE BOARD

Stockholders may send communications to the Company's Board or to specified Directors by regular mail or electronic mail. Regular mail should be sent to the attention of Mr. Tommy Chisholm, Corporate Secretary, Southern Company, Bin 912, 270 Peachtree Street, Atlanta, Georgia 30303. The electronic mail address is CORPGOV@southernco.com. The electronic mail address also can be accessed from the Corporate Governance web page located under Investor Relations on the Southern Company website at www.southerncompany.com, under the link entitled "Contact Corporate Governance." With the exception of commercial solicitations, all stockholder communications directed to the Board or to specified Directors will be relayed to them.

The Governance Committee, comprised entirely of independent Directors, is responsible for identifying, evaluating and recommending nominees for election to the Board of Directors. The Committee solicits recommendations for candidates for consideration from its current Directors and is authorized to engage third party advisers to assist in the identification and evaluation of candidates for consideration. Any stockholder may make recommendations to the Governance Committee by sending a written statement setting forth the candidate's qualifications, relevant biographical information and signed consent to serve. These materials should be submitted in writing to the Company's corporate secretary and received by that office by December 22, 2004 for consideration by this Committee as a nominee for election at the Annual Meeting of Stockholders to be held in 2005. Any stockholder recommendation is reviewed in the same manner as candidates identified by the Committee.

The Governance Committee only considers candidates with the highest degree of integrity and ethical standards. The Committee evaluates a candidate's independence from management, ability to provide sound and informed judgment, history of achievement reflecting superior standards, willingness to commit sufficient time, financial literacy and number of other board memberships. The Board as a whole should be diverse and have collective knowledge and experience in accounting, finance, leadership, business operations, risk management, corporate governance and the Company's industry. ITEM NO. 3 -- APPROVAL OF THE COMPANY'S OUTSIDE DIRECTORS STOCK PLAN

The Board of Directors has adopted effective May 26, 2004, subject to stockholder approval, the Outside Directors Stock Plan for Directors of The Southern Company and its Subsidiaries (the "Plan"). The Plan is a consolidation of the Outside Directors Stock Plan for The Southern Company that was approved by the Company's stockholders in 1994 and the Outside Directors Stock Plan for Subsidiaries of The Southern Company that was approved by the Company's stockholders in 1995 (collectively, the "Prior Plans"). The purpose of the Plan is to provide a mechanism for non-employee directors to increase their ownership of Company common stock and thereby further align their interests with those of the stockholders.

Edgar Filing: SOUTHERN CO - Form DEF 14A

The Plan will be administered by the Board's Governance Committee.

The Plan provides for the payment to non-employee directors of a portion of their annual retainer fee in unrestricted shares of common stock of the Company, par value \$5 per share. See "Director Compensation" on page 3 of this Proxy Statement for a description of the stock retainer paid to Company Directors. For the subsidiary company participants the stock retainer presently being paid under the Plan ranges from 340 to 520 shares per year. The Plan permits participants to elect to receive a greater portion -- up to all -- of their compensation in shares of Company common stock. For Company Directors, the receipt of all shares under the Plan will be deferred until termination from the Board. Subsidiary participants may elect to defer receipt of all or a portion of the stock paid under the Plan until termination from their respective board of directors. The Company expects that there will be approximately 50 directors initially participating in the Plan.

The maximum number of shares that may be granted under the Plan is 1,000,000 shares of the Company's common stock in addition to the shares of the Company's common stock that have not yet been granted under the Prior Plans which is approximately 1,700,000 shares. The Plan will expire on May 26, 2014.

The Board of Directors of the Company may amend or terminate the Plan at any time, subject to stockholder approval when required by law or regulation.

The following table sets forth estimated amounts to be paid under the Plan in 2004 to non-employee directors. Officers and other employees are not eligible to participate in this Plan.

POSITION	DOLLAR VALUE (\$)	NUMBER OF SHARES

Non-executive directors as a group.....	1,800,000	60,000

The vote needed to approve the Plan is a majority of the shares of the Company's common stock represented at the meeting and entitled to vote.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" ITEM NO. 3.

 INFORMATION ON A STOCKHOLDER PROPOSAL

Edgar Filing: SOUTHERN CO - Form DEF 14A

The Company received a proposal from the Sisters of St. Dominic of Caldwell New Jersey and other stockholders requesting that an independent committee of the Board of Directors assess how the Company is responding to rising regulatory, competitive, and public pressure to significantly reduce carbon dioxide and other emissions. In support of their position, the proponents set forth the following:

- M Southern Company's 2003 Environmental Progress Report acknowledges that climate change is a significant issue and that the company's CO(2) emissions are expected to increase over the next decade.
- M Southern Company's 2002 Form 10-K states, "Compliance with possible additional federal or state legislation related to global climate change . . . could significantly affect Southern Company."
- M Commitments to reduce carbon dioxide emissions and other air pollutants are emerging. Massachusetts and New Hampshire have enacted legislation capping power plants' greenhouse gas emissions. Governors of 11 states pledged to reduce carbon dioxide emissions significantly. Renewable energy standards exist in 13 states, indicating increasing support for non-polluting electricity sources.
- M In October 2003, 43 U.S. Senators voted in favor of legislation that would cap greenhouse gas emissions from a range of industrial sectors.
- M At the Company's 2003 Annual Meeting of Stockholders, a stockholder resolution requesting a report on the economic risks associated with the Company's past, present and future carbon dioxide and other emissions, and the public stance of the Company regarding efforts to reduce those emissions, received 23.7% of the shares voted.
- M In response to the 2003 resolution, the Company told stockholders in the Proxy Statement that the Company currently provides details regarding its risk factors including historic and anticipated environmental costs and known future contingencies. This information was included in the Company's Annual Report on Form 10-K for the year ended December 31, 2002, as well as in other documents, including the Environmental Progress Report. The Company also stated that the detailed information requested on future costs and risks would require knowledge of future governmental or other legal action and was "too speculative to report and quantify" beyond what is already reported.

We believe management and the Board have a fiduciary duty to carefully assess and disclose to shareholders all pertinent information on its climate change responses.

Stockholders therefore request that "a committee of independent directors of the Board assess how the company is responding to rising regulatory, competitive, and public pressures to significantly reduce carbon dioxide and other emissions, and issue a report to shareholders (at reasonable cost and omitting proprietary information) by September 1, 2004."

The stockholder proponents withdrew the resolution as a result of the Company's commitment to conduct further assessments of how the Company is responding to rising regulatory, competitive, and public pressure to significantly reduce carbon dioxide and other emissions and develop the requested report, using internal and external resources as appropriate, as well as soliciting input from interested stakeholders. The full Board will actively participate in and review the results of the assessment. A summary of the results will be included in the Company's next Environmental Progress Report, to be published by spring 2005. The contents of the report will include:

Edgar Filing: SOUTHERN CO - Form DEF 14A

- M A discussion of the environmental requirements that the Company currently faces and may face in the future, with particular attention to an assessment of current proposals for mandatory restraints on carbon dioxide emissions;
- M An assessment of the strategic options the Company could take to respond to these requirements, with emphasis on their impacts on shareholder value and the competitive position of the Company; and
- M An evaluation of the actions the Company is taking and proposes to take to respond to current and future requirements and an assessment of these current and proposed actions on shareholder value; this will include how these actions affect and will affect the Company's total annual emissions of CO(2), SO(2), NOx and mercury and the net emissions of CO(2) after accounting for offsets, for the time frame 2000-2020.

The stockholder proponents have expressed their appreciation to the Company for including in the Proxy Statement a discussion of the proposal and the basis on which the proponents agreed to its withdrawal.

AUDIT COMMITTEE REPORT

The Audit Committee (the "Committee") oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the audited consolidated financial statements of the Company and its subsidiaries in the Annual Report to stockholders with management. The Committee also reviews the Company's quarterly and annual reporting on Forms 10-Q and 10-K prior to filing with the Securities and Exchange Commission ("SEC"). The Committee's review process included discussions of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and estimates and the clarity of disclosures in the financial statements.

The independent auditors are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States. The Committee reviewed with the independent auditors their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards, rules and regulations of the SEC and the New York Stock Exchange corporate governance rules. In addition, the Committee has discussed with the independent auditors their independence from management and the Company including the matters in the written disclosures made under Rule 3600T of the Public Company Accounting Oversight Board, which, on an interim basis, has adopted Independence Standards Board No. 1, "Independence Discussions with Audit Committees." The Committee also has considered whether the independent auditors' provision of non-audit services to the Company is compatible with maintaining their independence.

The Committee discussed the overall scopes and plans with the Company's internal

Edgar Filing: SOUTHERN CO - Form DEF 14A

and independent auditors for their respective audits. The Committee meets with the internal and independent auditors with and without management present, to discuss the results of their audits, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting. The Committee also meets privately with the Company's compliance officer. The Committee held 12 meetings during 2003.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board approved) that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2003 and filed with the SEC. The Committee also reappointed Deloitte & Touche LLP as the Company's independent auditors for 2004. At the annual meeting of the Company's stockholders, the stockholders will be asked to ratify the Committee's selection of the independent auditors.

Members of the Committee:

- J. Neal Purcell, Chair
- Dorrit J. Bern
- Donald M. James

The Audit Committee has adopted a Policy on Engagement of the Independent Auditor for Audit and Non-Audit Services (see Appendix B) that includes requirements for the Audit Committee to pre-approve audit and non-audit services provided by Deloitte & Touche. This policy was initially adopted in July 2002 and since that time, all audit-related, tax and other non-audit services included in the chart above have been pre-approved by the Audit Committee.

CHANGE IN PRINCIPAL PUBLIC ACCOUNTING FIRM

On March 28, 2002, the Board of Directors of the Company, upon recommendation of the Committee, decided not to engage Arthur Andersen LLP ("Arthur Andersen") as the Company's principal public accountants for fiscal year 2002 and engaged Deloitte & Touche to serve as the Company's principal public accountant.

Arthur Andersen's report on the consolidated financial statements of the Company and its subsidiaries for the fiscal year ended December 31, 2001 did not contain any adverse opinion or disclaimer of opinion, nor was it qualified or modified as to uncertainty, audit scope or accounting principles. Such report has not been re-issued in connection with the Company's financial statements included in the Annual Report on Form 10-K for the year ended December 31, 2003.

During the Company's two fiscal years ended December 31, 2001, and the subsequent interim period through March 28, 2002:

- M there were no disagreements between the Company and Arthur Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to Arthur Andersen's satisfaction, would have caused them to make reference to the subject matter of the disagreement in connection with their reports;
- M there were no reportable events as described in Item 304(a)(1)(v) of Regulation S-K; and
- M the Company did not consult Deloitte & Touche with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, or any other matters or reportable events as set forth in Items 304(a)(2)(i) and (ii) of Regulation S-K.

COMPENSATION AND MANAGEMENT SUCCESSION COMMITTEE REPORT

The Compensation and Management Succession Committee of the Board is responsible for the oversight and administration of the Company's executive compensation

Edgar Filing: SOUTHERN CO - Form DEF 14A

program. The Committee is composed entirely of independent directors and operates pursuant to a written charter.

TOTAL EXECUTIVE COMPENSATION

EXECUTIVE COMPENSATION PHILOSOPHY

The Company's executive compensation program is based on a philosophy that total executive compensation must be competitive and must be tied to the Company's short- and long-term performance. With the objective of maximizing stockholder value over time, our program aligns the interests of our executives and stockholders.

DETERMINATION OF TOTAL EXECUTIVE COMPENSATION

We retain an independent executive compensation consultant who provides information on total executive compensation paid at other large companies in the electric and gas utility industries. Twelve of these companies are included in the 22 companies that comprise the S&P Electric Utility Index -- the peer group used in the five-year performance graph. Based on the market data, total executive compensation targets are set at an appropriate size-adjusted level. This means that for target level performance, our program is designed to pay executives an amount that is at or near the median of the market. Total executive compensation is paid through an appropriate mix of both fixed and performance-based (incentive) compensation. Because our program focuses on incentive compensation, actual total compensation paid can be above or below the targets based on actual corporate performance.

COMPONENTS OF TOTAL EXECUTIVE COMPENSATION

The primary components of our executive compensation program are:

- M Base pay (salary);
- M Short-term incentives (annual performance bonuses); and
- M Long-term incentives.

The Company also provides certain perquisites that we review periodically to determine if they are reasonable and appropriate. The primary perquisites provided by the Company are financial planning services, club memberships (for business use) and home security.

BASE PAY

A range for base pay is determined for each named executive officer, including Mr. Franklin, by comparing the base pay at the appropriate peer group of companies described previously. Base pay is generally set at a level that is at or below the size-adjusted median paid at those companies because of our emphasis on incentive compensation in our executive compensation program. The 2003 base pay level did not exceed the median by more than five percent for any of the named executive officers. The base pay level for Mr. Franklin was below the size-adjusted median.

ANNUAL PERFORMANCE BONUSES

Annual bonuses are paid through the Omnibus Incentive Compensation Plan. All named executive officers participated in this plan in 2003.

PERFORMANCE GOALS

Annual performance bonuses are based on the attainment of corporate performance goals and attainment of the respective business unit's adjusting goals. All performance goals were set in the first quarter of the year.

For 2003, the corporate performance goals included specific targets for:

M Company earnings -- earnings per share ("EPS") and

M Subsidiary companies' net income or return on equity ("ROE")

We believe that accomplishing the corporate goals is essential for the Company's continued success and sustained financial performance. A target performance level is set for each corporate performance goal. Performance above or below the targets results in proportionately higher or lower bonus payments. The bonus amount is then adjusted, up or down, based on the degree of achievement of the respective business unit's adjusting goals related to such measures as capital expenditures, cash flow, customer service, plant availability and diversity.

A target percentage of base pay is established for each named executive officer based on his or her position level for target-level performance. Annual performance bonuses may range from zero percent of the target to 230 percent based on actual corporate and individual performance.

No bonuses are paid if performance is below a threshold level or if a minimum earnings level is not reached. Also, no bonuses are paid if the Company's current earnings are not sufficient to fund the Company's common stock dividend at the same level as the prior year. We also capped the maximum amount for the annual performance bonus for each named executive officer at 0.6 percent of the Company's net income.

ANNUAL BONUS PAYMENTS

Performance met or exceeded the target levels in all areas in 2003, resulting in bonuses that exceeded the target levels.

Mr. Franklin's annual performance bonus under the Plan for target-level performance was 100 percent of his base pay. His bonus for 2003 performance was based on the degree of achievement of the Company's EPS goal. The bonus amount was adjusted as described above. Based on the Company's performance his bonus exceeded the target.

The target percentage of base pay for the other named executive officers ranged from 60 to 75 percent and, based on corporate performance, the resulting payout exceeded the named executive officers' respective targets.

LONG-TERM INCENTIVES

We base a significant portion of our total compensation program on long-term incentives including Company stock options and performance dividend equivalents.

STOCK OPTIONS

The named executive officers are granted options with ten-year terms to purchase the Company's common stock at the market price on the date of the grant under

Edgar Filing: SOUTHERN CO - Form DEF 14A

the terms of the Omnibus Incentive Compensation Plan. The estimated annualized value represented approximately 58 percent of Mr. Franklin's total target compensation, and 19 to 25 percent for the other named executive officers. The size of prior grants was not considered in determining the size of the grants made in 2003. These options vest over a three-year period.

PERFORMANCE DIVIDENDS

The named executive officers also are paid performance-based dividend equivalents on most stock options held at the end of the year. Dividend equivalents can range from 25 percent of the Company's common stock dividend paid during the year if total stockholder return over a four-year period, compared to a group of other utility companies, is at the 30th percentile to 100 percent of the dividend paid if it reaches the 90th percentile. No dividend equivalents are paid if total stockholder return over the period is below the 30th percentile or if the Company's earnings are not sufficient to fund the current common stock dividend. For eligible stock options held on December 31, 2003, all executives received a payout of \$1.385 per option for maximum performance under the Omnibus Incentive Compensation Plan.

30

POLICY ON INCOME TAX DEDUCTIBILITY OF EXECUTIVE COMPENSATION

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code") limits the deductibility of certain executives' compensation that exceeds \$1 million per year unless the compensation is paid under a performance-based plan as defined in the Code and that has been approved by stockholders. The Company has obtained stockholder approval of the Omnibus Incentive Compensation Plan. However, because our policy is to maximize long-term stockholder value, tax deductibility is only one factor considered in setting compensation.

SUMMARY

We believe that the policies and programs described in this report link pay and corporate performance and serve the best interest of stockholders. We frequently review the various pay plans and policies and modify them as we deem necessary to continue to attract, retain and motivate talented executives.

 FIVE-YEAR PERFORMANCE GRAPH

This performance graph compares the cumulative total stockholder return on the Company's common stock with the Standard & Poor's Electric Utility Index and the Standard & Poor's 500 Index for the past five years. The graph assumes that \$100 was invested on December 31, 1998, in the Company's common stock and each of the above indices, and that all dividends are reinvested. The distribution of shares of Mirant Corporation stock to Company stockholders effective April 2, 2001, is treated as a special dividend for purposes of calculating stockholder return. The stockholder return shown below for the five-year historical period may not be indicative of future performance.

LEGAL PROCEEDINGS

In November 2002, the Company and certain current and former directors of Mirant Corporation ("Mirant"), including Allen Franklin, chairman and chief executive officer of the Company, were added as defendants in a class action lawsuit (In re: Mirant Corporation Securities Litigation, United States District Court for the North District of Georgia) originally filed by certain Mirant shareholders against Mirant and certain Mirant officers. On July 14, 2003, the court dismissed the claims in the lawsuit that were based on Mirant's alleged improper energy trading and marketing activities involving the California energy market. The remaining claims are based on alleged false statements and omissions in Mirant's prospectus for its initial public offering and accounting-related issues previously disclosed by Mirant. Such claims allege that the Company was a control person, as defined in Section 20(a) of the Securities Exchange Act of 1934 and Section 15 of the Securities Act of 1933, as to Mirant, based on the Company's majority ownership of Mirant prior to the April 2, 2001 Mirant spin-off and allegations of knowledge of and involvement in Mirant's activities thereafter. The claims against Mr. Franklin and the other current and former Mirant directors are based on alleged misstatements and omissions in Mirant's initial public offering prospectus. The Company does not believe that Mr. Franklin's interest in this litigation is adverse to the Company, and the Company has filed an answer to the consolidated amended class action complaint. Plaintiffs also have filed a motion for class certification. The final outcome of this matter cannot now be determined.

On July 14, 2003, Mirant filed for voluntary reorganization under Chapter 11 with the U.S. Bankruptcy Court. With the exception of document discovery, litigation in the above matter has been stayed until further order of the bankruptcy court.

For more information concerning this litigation, please see the Company's financial statements, including particularly note 3 and Management's Discussion and Analysis of Results of Operation and Financial Condition which are included in the Company's 2003 Annual Report.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During 2003, subsidiaries of the Company paid Vulcan Materials Company \$260,573 for products and services. These amounts are less than one-tenth of one percent of the 2003 revenues of Vulcan Materials Company and less than one-one hundredth of one percent of the Company's 2003 revenues. Donald M. James, a director of the Company, is chairman and chief executive officer of Vulcan Materials Company.

During 2003, subsidiaries of the Company paid The Home Depot \$491,329 for products and services. These amounts are less than one-tenth of one percent of the 2003 revenues of The Home Depot and the Company. Francis S. Blake, a nominee for election as a director of the Company, is executive vice president of The Home Depot.

During 2003, Mr. Jeffrey G. Franklin, son of Allen Franklin, a director and executive officer of the Company, and Ms. Iris Franklin, daughter-in-law of Allen Franklin, were employed by subsidiaries of the Company. Mr. Franklin was employed by Southern Company Services, Inc. as a Project Manager through March 2003 and by Alabama Power Company, thereafter, as an Assistant to Executive Vice President. His aggregate compensation in 2003 was \$127,077. Ms. Franklin was employed by Alabama Power Company as a Market Specialist and received compensation in 2003 of \$61,398.

 EXECUTIVE COMPENSATION

EMPLOYMENT, CHANGE IN CONTROL AND SEPARATION AGREEMENTS

The Company has Change in Control Agreements with each of its executive officers shown on the Summary Compensation Table on page 22. If an executive is involuntarily terminated, other than for cause, within two years following a change in control of the Company, the Agreements provide for:

- M lump sum payment of three times annual compensation,
- M up to five years' coverage under group health and life insurance plans,
- M immediate vesting of all stock options previously granted,
- M payment of any accrued long-term and short-term bonuses and dividend equivalents, and
- M payment of any excise tax liability incurred as a result of payments made under the Agreement.

A change in control is defined under the Agreements as:

- M acquisition of at least 20 percent of the Company's stock,
- M a change in the majority of the members of the Company's Board of Directors in connection with an actual or threatened change in control,
- M a merger or other business combination that results in the Company's stockholders immediately before the merger owning less than 65 percent of the voting power after the merger, or
- M a sale of substantially all the assets of the Company.

If a change in control affects only a subsidiary of the Company, these payments would only be made to executives of the affected subsidiary who are involuntarily terminated as a result of that change in control.

The Company's Omnibus Incentive Compensation Plan provides for pro-rata payments at not less than target-level performance if a change in control occurs and the plan is not continued or replaced with a comparable plan or plans.

On February 23, 1998, the Company and Southern Nuclear Operating Company entered into a Deferred Compensation Agreement with Mr. Hairston which provided that on the fifth anniversary of the Agreement, if still employed by the Company or one of its subsidiaries, Mr. Hairston would receive the cash value of the number of shares of common stock that could have been purchased for \$250,000 on February 23, 1998, and on which dividends were reinvested throughout the five-year period. If certain performance goals are met, Mr. Hairston also will receive the estimated income tax expense on the compensation. This Agreement expired by its terms on February 23, 2003, and the cash value of the shares on that date

Edgar Filing: SOUTHERN CO - Form DEF 14A

(\$601,058) was paid to Mr. Hairston along with the estimated income tax expense on the compensation (\$464,647) for a total payment of \$1,065,705.

ARTICLE VI - MISCELLANEOUS

Edgar Filing: SOUTHERN CO - Form DEF 14A

6.1 Assignment. Neither the Participant nor his legal representative shall have any rights to sell, assign, transfer or otherwise convey the right to receive the payment of any benefit due hereunder, which payment and the right thereto are expressly declared to be nonassignable and nontransferable. Any attempt to assign or transfer the right to payment under the Plan shall be null and void and of no effect.

6.2 Amendment and Termination. The Plan may be wholly or partially amended or otherwise modified, suspended or terminated at any time by the Southern Board

or by the Governance Committee with the approval of the Southern Board, upon execution of a duly authorized written document; provided, however, that, without the approval of the shareholders of the Company entitled to vote thereon, no amendment may be made which would, absent such shareholder approval, disqualify the Plan for coverage under Rule 16b-3, as promulgated by the Commission under the Exchange Act, as that rule may be amended from time to time; and provided further that the Plan may not be amended more than once every six (6) months unless such amendment is made in order to comply with changes to either the Internal Revenue Code of 1986, as amended, or the Employee Retirement Income Security Act of 1974, as amended, and the rules thereunder. Notwithstanding the foregoing, no such amendment or termination shall impair any rights to payments to which a Participant may be entitled prior to the effective date of such amendment or termination.

6.3 No Guarantee of Continued or Future Service on a Board of Directors. Participation hereunder shall not be construed as creating a right in any Director to continued service or future service on the Board of Directors. Participation hereunder does not constitute an employment contract between any Director and any System Company or the Company as the case may be.

6.4 Construction. This Plan shall be construed in accordance with and governed by the laws of the State of Georgia, to the extent such laws are not otherwise superseded by the laws of the United States.
