Item 2.03. Creation Of A Direct Financial Obligation Or An Obligation Under An Off-Balance Sheet Arrangement Of A Registrant

Genco Shipping & Trading Limited (the “Company”) entered into two interest rate swap transactions on August 16, 2007 with DnB NOR Bank ASA, New York Branch (the “Counterparty”). The Counterparty has underwritten the Company’s current \$1.4 billion credit facility entered into on July 20, 2007 and is also acting as Lead Arranger, Bookrunner, and Administrative Agent. The Company and the Counterparty are also parties to five interest rate swap transactions for an aggregate notional amount of \$406,233,000 of which \$200,000,000 is described in the Company’s current reports on Form 8-K filed on August 6 and 9, 2007 and the remainder of which is described in the Company’s quarterly report on Form 10-Q filed on August 9, 2007. The Company entered into the current interest rate swap transactions to mitigate the Company’s floating rate interest risk on an aggregate of \$150,000,000 of the Company’s debt that is currently or is expected to be outstanding under its \$1.4 billion credit facility. Each of these interest rate swaps has an effective date of March 31, 2008 and a termination date of March 31, 2012. The Company is required to make certain quarterly fixed rate payments to the Counterparty calculated on a notional amount of \$100,000,000 for the first swap and \$50,000,000 for the second swap, while the Counterparty is obligated to make certain quarterly floating rate payments to the Company referencing the same notional amounts. The two interest rate swap transactions effectively fix the annual interest rate payable on \$100,000,000 of the Company’s debt which may exist to 5.04% plus the applicable margin under the \$1.4 billion credit facility and on \$50,000,000 of the Company’s debt which may exist to 4.985% plus the applicable margin under the credit facility. Notwithstanding the terms of the interest rate swap transactions, the Company is ultimately obligated for all amounts due and payable under the credit facility. The Company may enter into additional swap transactions in the future from time to time.
