Solicitation of the Proxy may be made through officers and regular employees of the Company by telephone or by oral communications with some stockholders following the original solicitation period. No additional compensation will be paid to such officers and regular employees for Proxy solicitation. VOTING MATTERS

The representation in person or by proxy of a majority of the outstanding shares of common stock of the Company, par value \$.01 per share (the "Common Stock"), entitled to a vote at the meeting is necessary to provide a quorum for the transaction of business at the meeting. Shares can only be voted if the stockholder is present in person or is represented by a properly signed proxy (a "Proxy"). Each stockholder's vote is very important. Whether or not you plan to attend the meeting in person, please sign and promptly return the enclosed Proxy card, which requires no postage if mailed in the United States. All signed and returned Proxies will be counted towards establishing a quorum for the meeting, regardless of how the shares are voted.

Edgar Filing: WATERS CORP /DE/ - Form DEF 14A

Shares represented by Proxy will be voted in accordance with your instructions. You may specify your choice by marking the appropriate box on the Proxy card. If your Proxy card is signed and returned without specifying choices, your shares will be voted in favor of the proposals made by the Board of Directors, and as the individuals named as Proxy holders on the Proxy deem advisable on all other matters as may properly come before the meeting.

Any stockholder giving the enclosed Proxy has the power to revoke such Proxy prior to its exercise either by voting by ballot at the meeting, by executing a later-dated Proxy or by delivering a signed written notice of the revocation to the office of the Secretary of the Company before the meeting begins. The Proxy will be voted at the meeting if the signer of the Proxy was a stockholder of record on March 19, 2002 (the "Record Date").

Representatives of the Company's independent accountants (or independent auditors), PricewaterhouseCoopers LLP, are expected to be present at the Annual Meeting of Stockholders. They will have the opportunity to make statements if they desire to do so and will be available to respond to appropriate questions.

This Proxy Statement is first being sent to the stockholders on or about April 2, 2002. With respect to the election of directors of the Company, the affirmative vote of a plurality of shares present in person or represented by Proxy, and entitled to vote on the matter, is necessary for the election of each of the nominees for director listed above (i.e. the nominees receiving the greatest number of votes cast will be elected). Withholding authority to vote for the election of a nominee will be treated as shares present and entitled to vote and, for purposes of determining the outcome of the vote, will not be treated as votes cast for such nominee. A broker "non-vote" occurs when a broker, dealer, voting trustee, bank, association or other entity that exercises fiduciary powers holding shares for a beneficial owner does not have discretionary voting power and does not receive voting instructions from the beneficial owner. Broker "non-votes" will not be treated as shares present and entitled to vote on the election of directors of the Company and will have no effect on the outcome of the vote. Broker "non-votes" will be counted as present for the purpose of determining whether a quorum is present.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" EACH NOMINEE FOR DIRECTOR SET FORTH ABOVE.

2. Amendment of the Company's Second Amended and Restated 1996 Long-Term Performance Incentive Plan

The Board of Directors has authorized, subject to stockholder ratification, an increase in the number of Common Shares (defined below) available under the Second Amended and Restated 1996 Long-Term Performance Incentive Plan (the "Plan") from 12,000,000 to 17,750,000. As of December 31, 2001, 1,089,680 Common Shares were available for grant pursuant to the Plan.

Purpose. The purpose of the Plan is to advance the interests of the Company and its stockholders by providing incentives to certain key employees of the Company and its subsidiaries who contribute significantly to the strategic and long-term performance objectives and growth of the Company.

Administration. The Plan is administered by the Compensation Committee of the Board of Directors (the "Committee"). Subject to the provisions of the Plan, the Committee has discretion to determine when awards are made, which individuals are granted awards, the type and number of shares subject to each award and all other relevant terms of the awards. The Committee also has broad discretion to modify the terms of any award, to determine the time when awards will be granted, to establish performance objectives, to make any adjustments necessary or desirable as a result of the granting of awards to eligible individuals located outside the United States and to prescribe the form of the instruments embodying awards. The Committee has broad authority to construe and interpret the Plan and awards granted under the Plan, to establish, amend and rescind any rules and regulations relating to the Plan, and to make any other determinations which it deems necessary or desirable for the administration of the Plan.

Edgar Filing: WATERS CORP /DE/ - Form DEF 14A

Eligibility. Awards may be granted to key employees of the Company and its subsidiaries. Eligible individuals may be selected individually or by groups or categories, as determined by the Committee in its discretion. No non-employee director of the Company is eligible to receive an award under the Plan. The maximum number of shares issuable pursuant to stock options and stock appreciation rights under the Plan may not exceed 400,000 Common Shares in any one year to any employee of the Company.

Shares Subject to the Plan. The shares issued or to be issued under the Plan are shares of the Company's Common Stock, \$0.01 par value, and stock of any other class into which such shares may thereafter be changed (the "Common Shares"), which may be authorized but unissued shares, treasury shares, reacquired shares, or any combination thereof. A maximum of 12,000,000 Common Shares have been reserved for issuance pursuant to the Plan prior to approval of the proposed amendment.

Types of Awards. Awards under the Plan include Incentive Stock Options, Nonqualified Stock Options, Stock Appreciation Rights and Restricted Stock.

Nonqualified Stock Options and Incentive Stock Options (which are intended to meet the requirements of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code") (together, "Stock Options") are rights to purchase Common Shares of the Company. Each Stock Option shall be evidenced by an instrument in such form as the Committee shall prescribe and shall specify (i) the option price which shall be at least the fair market value of the Common Shares subject to the Stock Option at the time the Stock Option is granted, (ii) the number of Common Shares to be subject to the Stock Option and (iii) such other terms and conditions, including, but not limited to, restrictions upon the Stock Option or the Common Shares issuable upon exercise thereof, as the Committee, in its discretion, shall establish.

A Stock Option may be exercised during its term, at such time or times and in such installments as the Committee may establish in its grant thereof, by payment in full made in such form (including, but not limited to, cash, Common Shares held for at least six months, or a combination thereof) as the Committee may determine in its discretion. The term of a Stock Option expires (a) no later than one year following an optionee's termination of employment by reason of his or her death, disability or early, normal or deferred retirement under an approved retirement program of the Company (or such other plan or arrangement as may be approved by the Committee, in its discretion, for this purpose), (b) in the case of a Nonqualified Stock Option, no later than one year following an optionee's termination of employment for any other reason or (c) in the case of an Incentive Stock Option, three months following an optionee's termination of employment for any other reason. Notwithstanding the foregoing, no Stock Option shall be exercisable after the tenth anniversary of the date it is granted.

Incentive Stock Options may be granted only to eligible employees of the Company or any parent or subsidiary corporation, must have an exercise price of not less than 100% of the fair market value of the Company's Common Shares on the date of grant (110% for Incentive Stock Options granted to any 10% stockholder of the Company) and must have a term of not more than ten years (five years in the case of an Incentive Stock Option granted to any 10% stockholder of the Company). In the case of an Incentive Stock Option, the amount of the aggregate fair market value of Common Shares (determined at the time of grant) with respect to which Incentive Stock Options are exercisable for the first time by an employee during any calendar year (under all such plans of his employer corporation and its parent and subsidiary corporations) shall not exceed \$100,000.

Edgar Filing: WATERS CORP /DE/ - Form DEF 14A

Stock Appreciation Rights are rights to receive (without payment to the Company) cash, Common Shares, other Company securities or property, or other forms of payment, or any combination thereof, as determined by the Committee, based on the increase in the value of the number of Common Shares specified in the Stock Appreciation Right. Each award of a Stock Appreciation Right shall be evidenced by an instrument in such form as the Committee shall prescribe, which instrument will specify (i) a "hurdle" price equal to at least the fair market value of the underlying Common Shares on the date of grant, (ii) the number of Common Shares subject to such award, and (iii) such other terms and conditions as the Committee, in its discretion, shall establish.

4

A Stock Appreciation Right may be exercised in accordance with such written instrument and at such time or times and in such installments as the Committee may establish. A Stock Appreciation Right expires (a) three years following a participant's termination of employment by reason of his or her disability or early, normal or deferred retirement under an approved retirement program of the Company (or such other plan or arrangement as may be approved by the Committee, in its discretion, for this purpose), or (b) one year following a participant's termination of employment by reason of his or her death. Notwithstanding the foregoing, no Stock Appreciation Right shall be exercisable after the tenth anniversary of the date it is granted or, in the case of a Stock Appreciation Right attached to an Option, unless such Option is at the time exercisable.

Awards of Restricted Stock are Common Shares which are issued subject to certain restrictions. Each award of Restricted Stock shall be evidenced by an instrument in such form as the Committee shall prescribe, which instrument will specify (i) the number of Common Shares to be issued to a participant pursuant to the award and the extent, if any, to which they shall be issued in exchange for cash, other consideration, or both, and (ii) such other terms and conditions as the Committee, in its discretion, shall establish. Except as may be recommended by the Committee and approved by the Board, no award of Restricted Stock shall have a Restricted Period of less than 3 years. However, the Committee may, in its discretion under specified circumstances, cancel any and all restrictions on any or all of the Common Shares subject to an award of Restricted Stock if a participant who has been in continuous employment with the Company since the date on which a Restricted Stock award was granted to him or her shall, while in such employment, die, or terminate such employment by reason of disability or by reason of early, normal or deferred retirement under an approved retirement program of the Company (or such other plan or arrangement as may be approved by the Committee in its discretion, for this purpose). In no event shall more than 200,000 common shares be awarded as Restricted Stock.

Transferability. No Stock Option may be sold, assigned, transferred, pledged, hypothecated or otherwise disposed of, except by will or the laws of descent and distribution, and shall be exercisable during the grantee's lifetime only by him or her; provided, however, that the Committee, in its sole discretion, may establish, as permitted by applicable law, rules and conditions under which a grantee may transfer a Nonqualified Stock Option to such individuals or types of trusts that the Committee may determine to be eligible for transfer. An award of Stock Appreciation Rights may not be sold, assigned, transferred, pledged, hypothecated or otherwise disposed of, except by will or the laws of descent and distribution, and shall be exercisable during the grantee's lifetime only by him or her.

Effect of Significant Corporate Event. In the event any change in the outstanding Common Shares of the Company by reason of any stock split,

Edgar Filing: WATERS CORP /DE/ - Form DEF 14A

dividend, split-up, split-off, spin-off, recapitalization, merger, consolidation, rights offering, reorganization, combination or exchange of Common Shares, a sale by the Company of all of its assets, any distribution to stockholders other than a normal cash dividend, or other extraordinary or unusual event, in each such case occurring after June 10, 1999, if the Committee shall determine, in its discretion, that such change equitably requires an adjustment in the terms of any award or the number of Common Shares available for awards, such adjustment may be made by the Committee and shall be final, conclusive and binding for all purposes of the Plan. In the event of the proposed dissolution or liquidation of the Company, all outstanding awards shall terminate immediately prior to the consummation of such proposed action, unless otherwise provided by the Committee. In the event of a proposed sale of all or substantially all of the assets of the Company, or the merger of the Company with or into another corporation, all restrictions on any outstanding awards shall lapse and participants shall be entitled to the full benefit of all such awards immediately prior to the closing date of such sale or merger, unless otherwise provided by the Committee.

Amendments to the Plan. The Board of Directors may amend or modify the Plan at any time subject to the rights of holders of outstanding awards on the date of amendment or modification, except where stockholder approval is required under the Plan. No award of options may be amended to allow the exchange or repricing of such options without stockholder approval.

Summary of Tax Consequences. The following is a brief and general discussion of the Federal income tax rules applicable to awards granted under the Plan.

5

Nonqualified Stock Options. There are no Federal income tax consequences to the Company or the participants upon grant of Nonqualified Stock Options. Upon the exercise of such an option, (i) the participant will recognize ordinary income in an amount equal to the amount by which the fair market value of the Common Shares acquired upon the exercise of such option exceeds the exercise price, if any, and (ii) the Company will receive a corresponding deduction. A sale of Common Shares so acquired will give rise to a capital gain or loss equal to the difference between the fair market value of the Common Shares on the exercise and sale dates.

Incentive Stock Options. Except as noted at the end of this paragraph, there are no Federal income tax consequences to the Company or the participant upon grant or exercise of an Incentive Stock Option. If the participant holds shares of Common Shares purchased pursuant to the exercise of an Incentive Stock Option for at least two years after the date the option was granted and at least one year after the exercise of the option, the subsequent sale of Common Shares will give rise to a long-term capital gain or loss to the participant and no deduction will be available to the Company. If the participant sells the shares of Common Shares within two years after the date an Incentive Stock Option is granted or within one year after the exercise of an option, the participant will recognize ordinary income in an amount equal to the difference between the fair market value at the exercise date and the option exercise price, and the Company will be entitled to an equivalent deduction, and any additional gain or loss will be a capital gain or loss. Some participants may have to pay alternative minimum tax in connection with exercise of an Incentive Stock Option.

Stock Appreciation Rights. A participant will generally recognize ordinary income on receipt of cash, Common Shares or other property pursuant to an award of Stock Appreciation Rights.

Edgar Filing: WATERS CORP /DE/ - Form DEF 14A

Restricted Stock. A participant will generally recognize ordinary income on receipt of an award of Restricted Stock when his or her rights in that award become substantially vested, in an amount equal to the amount by which the then fair market value of the Common Shares acquired exceeds the price he or she has paid for it, if any. Recipients of Restricted Stock may, however, within 30 days of receiving an award of Restricted Stock, choose to have any applicable risk of forfeiture disregarded for tax purposes by making an "83(b) election." If the participant makes an 83(b) election, he or she will have to report compensation income equal to the difference between the value of the shares and the price paid for the shares, if any, at the time of the transfer of the Restricted Stock.

Although the foregoing summarizes the essential features of the Plan, it is qualified in its entirety by reference to the full text of the Plan as approved.

The benefits or amounts received by or allocated to each of (i) the officers listed in the Summary Compensation Table, (ii) each of the nominees for election as a director, (iii) all directors of the Company who are not executive officers of the Company as a group, (iv) all present executive officers of the Company as a group, and (v) all employees of the Company, including all other current officers, as a group are not determinable.

Required Vote; Recommendation of the Board of Directors

The proposal to approve the adoption of the Second Amended and Restated 1996 Long-Term Performance Incentive Plan (the "Plan") will require approval by a majority of the votes cast by the holders of the shares of Common Stock voting in person or by proxy at the meeting. Withholding authority to vote for the adoption of the Plan will be treated as shares present and entitled to vote and, for purposes of determining the outcome of the vote, will not be treated as votes cast for the adoption of the Plan. Broker "non-votes" will not be treated as shares present and entitled to vote on the adoption of the Plan and will have no effect on the outcome of the vote. Broker "non-votes" will be counted as present for the purpose of determining whether a quorum is present.

6

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THIS PROPOSAL.

3. Other Business

The Board of Directors does not know of any other business to be presented at the Annual Meeting of Stockholders. If any other matters properly come before the meeting, however, it is intended that the persons named in the enclosed form of Proxy will vote said Proxy in accordance with their best judgment.

Waters Corporation Retirement Plans

Substantially all full-time United States employees of Waters participate in the Waters Corporation Retirement Plan (the "Retirement Plan"), a defined benefit pension plan intended to qualify under Section 401(a) of the Internal Revenue Code (the "Code"). The Retirement Plan is a cash balance plan whereby each participant's benefit is determined based on annual pay credits and interest credits made to each participant's notional account. In general, a participant becomes vested under the Retirement Plan upon completion of five years of service. The normal retirement age under the plan is age 65.

Pay credits range from 4% to 9.5% of compensation, depending on the participant's amount of compensation and length of service with the Company. Compensation refers to pension eligible earnings of the participant (limited to \$170,000 for 2001), which includes base pay, overtime, certain incentive bonuses, commissions and pre-tax deferrals, but excludes special items such as stock awards, moving expense reimbursements and employer contributions to retirement plans. Interest credits are based on the one year constant maturity

Edgar Filing: WATERS CORP /DE/ - Form DEF 14A

Treasury bill rate on the last day in November of the preceding plan year plus 0.5%, subject to a 5% minimum and a 10% maximum rate.

The Company also maintains a non-qualified, supplemental plan which provides benefits that would be paid by the Retirement Plan except for limitations on pensionable pay and benefit amounts currently imposed by the Code.

10

The aggregate estimated annual benefit payable from the Retirement Plan and supplemental plan combined to Messrs. Berthiaume, Caputo, Nelson, Taymor and Ms. Russo upon normal retirement is \$208,000, \$121,000, \$80,000, \$94,000 and \$75,000, respectively. As of December 31, 2001, Messrs. Berthiaume, Caputo, Nelson, Taymor and Ms. Russo had approximately 21, 24, 25, 21 and 29 years of credited service, respectively, under the Retirement Plan.

The aggregate estimated annual normal retirement benefits are based on actual 2001 eligible compensation, including bonus paid in 2001. Future eligible compensation is assumed to equal January 2002 rate of pay and future interest credits are assumed to be 5%.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee currently consists of Mr. Edward Conard, Mr. Thomas Salice and Mr. William Miller. Prior to the Company's initial public offering in 1995, each of Mr. Conard and Mr. Salice also served as an officer of the Company.

Compensation Committee Report

The Compensation Committee of the Board of Directors is responsible for administering the compensation of senior executives of the Company and is comprised of three independent non-employee directors.

The Compensation Committee's compensation philosophy is to focus management on achieving financial and operating objectives which provide long-term stockholder value. The Company's executive compensation programs are designed to align the interest of senior management with those of the Company's stockholders. There are three key components of executive compensation: base salary, senior management incentive bonus (annual incentive), and long-term performance incentive. It is the intent of these programs to attract, motivate and retain senior executives. It is the philosophy of the Compensation Committee to allocate a significant portion of cash compensation to variable performance-based compensation in order to reward executives for high achievement.

Base Salary

The base salaries for senior executives are reviewed annually by the Compensation Committee. Salaries are based upon a combination of factors including past individual performance, competitive salary levels and an individual's potential for making significant contributions to future Company performance. Increases to senior executives' base salaries in fiscal year 2001 were determined by the Compensation Committee after subjective consideration of the Company's financial performance in fiscal year 2000, individual position and responsibilities, and general and industry market surveys for comparable positions.

Annual Incentive

Edgar Filing: WATERS CORP /DE/ - Form DEF 14A

The Management Incentive Plan is the variable pay program for officers and other senior executives of the Company. The purpose of the Management Incentive Plan is to provide added motivation and incentive to senior executives to achieve operating results based on operating budgets established at the beginning of the fiscal year. The Compensation Committee evaluates the audited results of the Company's performance against previously established performance targets in order to determine the individual bonuses under the Management Incentive Plan. The Company achieved a level of performance required to pay bonuses for fiscal year 2001 based upon overall Company performance.

1996 Long-Term Performance Incentive Plan

Stock options are an important component of senior executive compensation and the 1996 Long-Term Performance Incentive Plan has been designed to motivate senior executives and other key employees to

11

contribute to the long-term growth of stockholder value. Under the 1996 Long-Term Performance Incentive Plan and the 1994 Amended and Restated Stock Option Plan, stock options were granted to the Company's senior executives and other key individuals. The Compensation Committee authorizes awards under the plan based upon recommendations from the Company's Chief Executive Officer.

Other Compensation

The Company's senior executives are also eligible to participate in other compensation plans that are generally offered to other employees, such as the Company's investment and savings plan, retirement plan, the employee stock purchase plan and the supplemental employee retirement plan.

Chief Executive Compensation

Mr. Berthiaume's 2001 annual base salary was based on the Compensation Committee's evaluation of the Company's overall performance and the salaries and compensation practices of peer companies of comparable size. After considering these factors, the Compensation Committee elected to increase Mr. Berthiaume's annual base salary for fiscal year 2001 to \$560,000. Under the Management Incentive Plan, the Compensation Committee awarded Mr. Berthiaume a bonus of \$295,551 for fiscal year 2001 based upon the Company's performance as compared to pre-established criteria and targets. Mr. Berthiaume received a stock option grant of 150,000 shares based on the subjective consideration described under the 1996 Long Term Performance Incentive Plan.

Limit on Deductible Compensation

The Compensation Committee has considered the application of Section 162(m) of the Internal Revenue Code to the Company's compensation practices. Section 162(m) generally limits the tax deduction available to public companies for annual compensation paid to senior executives in excess of \$1 million unless the compensation qualifies as performance-based compensation. The annual cash compensation paid to individual executives during fiscal year 2001 (excluding exempt performance-based compensation) did not reach the \$1 million threshold. It is believed that payments under the Management Incentive Plan and the stock incentive plans of the Company qualify as performance-based compensation. The Compensation Committee does not believe any further action is necessary in order to comply with Section 162(m). From time to time, the Compensation Committee will reexamine the Company's compensation practices and the effect of Section 162(m).

Composition

The Committee shall consist of no fewer than three members of the Board of Directors independent of management and free from any relationship that, in the opinion of the Board of Directors, would interfere with the members' exercise of independent judgment, as prescribed by the applicable laws, regulations and rules of the Securities and Exchange Commission (SEC) and New York Stock Exchange (NYSE). All members of the Committee shall have a working familiarity with basic finance and accounting practices and a least one member of the Audit Committee shall have accounting or related financial management expertise, as in conformity with the applicable SEC and NYSE laws, regulations and rules. The chairperson and members shall be appointed by the Board of Directors and shall serve an annual term.

Audit Committee Authority and Specific Duties

The external auditors for the Corporation are ultimately accountable to the Board of Directors of the Corporation and the Committee.

A. External Audit

2. Consider changes in accounting standards that may significantly affect financial reporting practices.
3. Review, with financial management and the independent auditors, the Corporation's quarterly financial results prior to the release of earnings and/or the filing or distribution of the Corporation's quarterly financial statements.
