The foregoing review of factors should not be construed as exhaustive.

THE COMPANY

We are a diversified energy company headquartered in Akron, Ohio. Our subsidiaries and affiliates are involved in the generation, transmission and distribution of electricity, as well as energy management and other energy-related services. Our seven electric utility operating companies comprise the nation's fifth largest investor-owned electric system, based on 4.5 million customers served within a 36,100-square-mile area of Ohio, Pennsylvania and New Jersey; and our generation subsidiaries control more than 14,000 megawatts of capacity.

We are a Ohio corporation, and our principal executive offices are located at 76 South Main Street, Akron, Ohio 44308. Our telephone number is (330) 384-5620.

RISK FACTORS

Investing in our securities involves risks. Before purchasing any securities we offer, you should carefully consider the risk factors that are incorporated by reference herein from the section captioned "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2007 and our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2008 and June 30, 2008, together with all of the other information included in this prospectus and any prospectus supplement and any other information that we have incorporated by reference, including annual, quarterly and other reports filed with the SEC subsequent to the date hereof. Any of these risks, as well as other risks and uncertainties, could harm our financial condition, results of operations or cash flows. See also "Cautionary Note Regarding Forward-Looking Statements" in this prospectus.

USE OF PROCEEDS

We intend to use the net proceeds we receive from issuance of the securities offered under this prospectus for general corporate purposes, unless otherwise specified in the prospectus supplement relating to a specific issue of securities. General corporate purposes may include, but are not limited to, financing and operating activities, capital expenditures, acquisitions, maintenance of our assets and refinancing our existing indebtedness.

RATIO OF EARNINGS TO FIXED CHARGES

The following table contains our consolidated ratio of earnings to fixed charges for the periods indicated. You should read these ratios in connection with our consolidated financial statements, including the notes to those statements, incorporated by reference in this prospectus. We have not presented a ratio of earnings to combined fixed charges and preferred stock dividends because we did not have preferred stock outstanding during any such periods. Therefore, our ratio of earnings to combined fixed charges and preferred dividends for any given period is equivalent to our ratio of earnings to fixed charges.

	Year Ended December 31,					Six Months Ended June 30,	
	2003	2004	2005	2006	2007	2007	2008
Consolidated Ratio of Earnings to Fixed Charges(1)	1.75	2.64	2.74	3.14	3.21	3.11	2.82

- (1) Earnings for purposes of the calculation of Ratio of Earnings to Fixed Charges have been computed by adding to Income before extraordinary items total interest and other charges, before reduction for amounts capitalized and deferred, provision for income taxes and the estimated interest element of rentals charged to income. Fixed charges include interest on long-term debt, other interest expense, subsidiaries preferred stock dividend requirements and the estimated interest element of rentals charged to income.

DESCRIPTION OF COMMON STOCK AND PREFERRED STOCK

Certain provisions of our Amended Articles of Incorporation and Amended Code of Regulations are summarized or referred to below. The summaries are merely an outline, do not purport to be complete, do not relate to or give effect to the provisions of statutory or common law, and are qualified in their entirety by express reference to our Amended Articles of Incorporation and Amended Code of Regulations.

We are authorized by our Amended Articles of Incorporation to issue 375,000,000 shares of common stock, par value \$.10 per share, of which 304,835,407 shares were issued and outstanding as of August 14, 2008. The common stock currently outstanding is, and the common stock offered pursuant to this prospectus will be, fully paid and non-assessable.

We are also authorized by our Amended Articles of Incorporation to issue 5,000,000 shares of preferred stock, par value \$100 per share, of which none are currently issued and outstanding. Our Amended Articles of Incorporation give our board of directors authority to issue preferred stock from time to time in one or more classes or series. Preferred stock could be issued with terms that could delay, defer or prevent a change of control of FirstEnergy.

Dividend Rights

Subject only to any prior rights and preferences of any shares of our preferred stock that may in the future be issued and outstanding, the holders of the common stock are entitled to receive dividends when, as and if declared by our board of directors out of legally available funds. There can be no assurance that funds will be legally available to pay dividends at any given time or that, if funds are available, the board of directors will declare a dividend.

Liquidation Rights

In the event of our dissolution or liquidation, the holders of our common stock will be entitled to receive, pro rata, after the prior rights of the holders of any issued and outstanding shares of our preferred stock have been satisfied, all of our assets that remain available for distribution after payment in full of all of our liabilities.

Voting Rights

The holders of our common stock are entitled to one vote on each matter submitted for their vote at any meeting of our shareholders for each share of common stock held as of the record date for the meeting. Under our Amended Articles of Incorporation, the voting rights, if any, of our preferred stock may differ from the voting rights of our common stock. The holders of our common stock are not entitled to cumulate their votes for the election of directors.

In order to amend or repeal, or adopt any provision inconsistent with, the provisions of our Amended Articles of Incorporation dealing with:

the right of
the board of
directors to
establish the
terms of
unissued
shares or to
authorize
our
acquisition

of our
outstanding
shares;

the absence
of
cumulative
voting and
preemptive
rights; or

the
requirement
that at least
80% of the
voting
power of our
outstanding
shares must
approve the
foregoing;

at least 80% of the voting power of our outstanding shares must approve. In addition, the approval of at least 80% of the voting power of our outstanding shares must be obtained to amend or repeal the provisions of our Amended Code of Regulations dealing with:

the time and
place of
shareholders
meetings, the
manner in
which special
meetings of
shareholders are
called or the
way business is
conducted at
such meetings;

the number,
election and
terms of
directors, the
manner of
filling vacancies
on the board of
directors, the
removal of
directors or the
manner in
which directors

are nominated;
or

the
indemnification
of officers or
directors.

Amendment of the provision of the Amended Code of Regulations that requires the approval of 80% of the voting power of our outstanding shares in the instances enumerated above requires the same level of approval.

Adoption of amendments to our Amended Articles of Incorporation (other than those requiring 80% approval as specified above), adoption of a plan of merger, consolidation or reorganization, authorization of a sale or other disposition of all or substantially all of our assets not made in the usual and regular course of its business or adoption of a resolution of dissolution, and any other matter which would otherwise require a two-thirds approving vote, require the approval of two-thirds of the voting power of our outstanding shares, unless our board of directors provides otherwise, in which case, these matters will require the approval of a majority of the voting power of our outstanding shares and the approval of a majority of the voting power of any shares entitled to vote as a class.

Ohio Law Anti-takeover Provisions

Chapter 1704 of the Ohio General Corporation Law applies to a broad range of business combinations between an Ohio corporation and an interested shareholder. The Ohio law definition of business combination includes mergers, consolidations, combinations or majority share acquisitions. An interested shareholder is defined as a shareholder who, directly or indirectly, exercises or directs the exercise of 10% or more of the voting power of the corporation in the election of directors.

Chapter 1704 restricts corporations from engaging in business combinations with interested shareholders, unless the articles of incorporation provide otherwise, for a period of three years following the date on which the shareholder became an interested shareholder, unless the directors of the corporation have approved the business combination or the interested shareholder's acquisition of shares of the corporation prior to the date the shareholder became an interested shareholder. After the initial three-year moratorium, Chapter 1704 prohibits such transactions absent approval by the directors of the interested shareholder's acquisition of shares of the corporation prior to the date that the shareholder became an interested shareholder, approval by disinterested shareholders of the corporation or the transaction meeting certain statutorily defined fair price provisions.

Under Section 1701.831 of the Ohio General Corporation Law, unless the articles of incorporation, the regulations adopted by the shareholders, or the regulations adopted by the directors pursuant to division (A)(1) of Section 1701.10 of the Ohio General Corporation Law provide otherwise, any control share acquisition of a corporation can only be made with the prior approval of the corporation's shareholders. A control share acquisition is defined as the acquisition, directly or indirectly, by any person of shares of a corporation that, when added to all other shares of that corporation in respect of which the person may exercise or direct the exercise of voting power, would enable that person, immediately after the acquisition, directly or indirectly, alone or with others, to exercise levels of voting power of the corporation in the election of directors in any of the following ranges: at least 20% but less than 33 $\frac{1}{3}$ %; at least 33 $\frac{1}{3}$ % but no more than 50%; or more than 50%.

Anti-takeover Effects

Some of the supermajority provisions of our Amended Articles of Incorporation and Amended Code of Regulations and the rights or the provisions of Ohio law described above, individually or collectively, may discourage, deter, delay or impede a tender offer or other attempt to acquire control of FirstEnergy even if the transaction would result in the shareholders receiving a premium for their shares over current market prices or if the shareholders otherwise believe the transaction would be in their best interests.

On November 18, 1997, we authorized and declared a dividend of a one share purchase right for each outstanding share of our common stock. Each right entitled the registered holder to purchase one share of our common stock at a purchase price of \$70 per share, if and when the

rights became exercisable in the event that we became the subject of a takeover attempt or other merger or acquisition. The rights, which could have had anti-takeover effects by causing substantial dilution to a person or group that attempted to acquire us unless redeemed by our board of directors, were not extended or redeemed by our board of directors prior to their expiration on November 28, 2007.

No Preemptive or Conversion Rights

Holders of our common stock have no preemptive or conversion rights and are not subject to further calls or assessments by us. There are no redemption or sinking fund provisions applicable to our common stock.

Listing

Shares of our common stock are traded on the New York Stock Exchange under the symbol FE.

Transfer Agent and Registrar

The Transfer Agent and Registrar for our common stock is FirstEnergy Securities Transfer Company, our wholly owned subsidiary.

Dividend Information

Cash dividends, per share of our common stock, declared in 2008 through the date of this prospectus include two quarterly payments of \$0.55 per share in 2008. Cash dividends, per share of our common stock, declared in 2007 include three quarterly payments of \$0.50 per share in 2007 and one quarterly payment of \$0.55 per share in 2008, increasing the indicated annual dividend rate from \$2.00 to \$2.20 per share. Dividends declared in 2006 include three quarterly payments of \$0.45 per share in 2006 and one quarterly payment of \$0.50 per share paid in 2007. Dividends declared in 2005 include two quarterly payments of \$0.4125 per share in 2005, one quarterly payment of \$0.43 per share in 2005 and one quarterly payment of \$0.45 per share in 2006. Dividends declared in 2004 include four quarterly dividends of \$0.375 per share paid in 2004 and a quarterly dividend of \$0.4125 per share paid in 2005. Dividends declared in 2003 include four quarterly dividends of \$0.375 per share. Dividends on our common stock are paid as declared by our board of directors and are typically paid on the first day of March, June, September and December. Future dividends will depend on our future earnings and the ability of our regulated subsidiaries to pay cash dividends to us which are subject to certain regulatory limitations and also subject to charter and indenture limitations for some of those subsidiaries that may, in general, restrict the amount of retained earnings available for these dividends. These limitations, however, do not currently materially restrict payment of these dividends.

DESCRIPTION OF DEBT SECURITIES

The debt securities that we may offer from time to time by this prospectus will be our senior unsecured debt securities and will rank equally with all of our other unsecured and unsubordinated debt. The debt securities will be issued under an indenture, dated as of November 15, 2001, between us and The Bank of New York Mellon, as trustee. The indenture gives us broad authority to set the particular terms of each series of debt securities, including the right to modify certain of the terms contained in the indenture. The particular terms of a series of debt securities and the extent, if any, to which such particular terms modify the terms of the indenture or otherwise vary from the terms and provisions set forth below will be described in the prospectus supplement relating to those debt securities.

The indenture contains the full text of the matters described in this section. Because this section is a summary, it does not describe every aspect of the debt securities or the indenture. This summary is subject to and qualified in its entirety by reference to all the provisions of the indenture,

including definitions of terms used in the indenture. You should read the indenture incorporated by reference as an exhibit to the registration statement of which this prospectus is a part. We also include references in parentheses to certain sections of the indenture. Whenever we refer to particular sections or defined terms of the indenture in this prospectus or in a prospectus supplement, these sections or defined terms are incorporated by reference herein or in the prospectus supplement. This summary also is subject to and qualified by reference to the description of the particular terms of the debt securities described in the applicable prospectus supplement or supplements.

If applicable, the prospectus supplement relating to an issue of debt securities will describe any special United States federal income tax considerations relevant to those debt securities.

There is no requirement under the indenture that future issues of our debt securities be issued under the indenture. We will be free to use other indentures or documentation, containing provisions different from those included in the indenture or applicable to one or more issues of debt securities, in connection with future issues of other debt securities. The provisions of any such other indentures or documentation will be described in the applicable prospectus supplement.

We may also offer from time to time by this prospectus hybrid securities that combine certain features of debt securities and other securities described in this prospectus.

General

The indenture does not limit the aggregate principal amount of debt securities that we may issue under the indenture. The indenture provides that the debt securities may be issued in one or more series. The debt securities may be issued at various times and may have differing maturity dates and may bear interest at differing rates. We need not issue all debt securities of one series at the same time and, unless otherwise provided, we may reopen a series, without the consent of the holders of the debt securities of that series, for issuances of additional debt securities of that series.

Prior to the issuance of each series of debt securities, the terms of the particular securities will be specified in a supplemental indenture, a board resolution or in one or more officer's certificates authorized pursuant to a board resolution. We refer you to the applicable prospectus supplement for a description of the following terms of the series of debt securities:

to the debt

Unless we otherwise indicate in the applicable prospectus supplement, the debt securities will be denominated in United States currency in minimum denominations of \$1,000 and multiples of \$1,000.

Unless we otherwise indicate in the applicable prospectus supplement, there are no provisions in the indenture or the debt securities that require us to redeem, or permit the holders to cause a redemption of, the debt securities or that otherwise protect the holders in the event that we incur substantial additional indebtedness, whether or not in connection with a change in control of our company.

Security and Ranking

We conduct our operations primarily through our subsidiaries and substantially all of our consolidated assets are held by our subsidiaries. Accordingly, our cash flow and our ability to meet our obligations under the debt securities are largely dependent upon the earnings of our subsidiaries and the distribution or other payment of these earnings to us in the form of dividends. Our subsidiaries are separate and distinct legal entities and have no obligation to pay any amounts due on our debt securities or to make any funds available for payment of amounts due on our debt securities.

Because we are a holding company, our obligations under the debt securities will be effectively subordinated to all existing and future liabilities of our subsidiaries. Therefore, our rights and the rights of our creditors, including the rights of the holders of our debt securities, to participate in the liquidation of assets of any subsidiary will be subject to the prior claims of the subsidiary's creditors. To the extent that we may be a creditor with recognized claims against any of our subsidiaries, our claims would still be effectively subordinated to any security interest in, or mortgages or other liens on, the assets of the subsidiary and would be subordinated to any indebtedness, other liabilities, and preferred securities, of the subsidiary, senior to that held by us. As of June 30, 2008, our subsidiaries had approximately \$9.7 billion aggregate principal amount of indebtedness and no preferred securities outstanding.

Payment and Paying Agents

Unless otherwise indicated in a prospectus supplement, we will pay interest on our debt securities on each interest payment date by wire transfer to an account at a banking institution in the United States that is designated in writing to the trustee by the person entitled to that payment or by check mailed to the person in whose name the debt security is registered as of the close of business on the regular record date relating to the interest payment date, except that interest payable at stated maturity, upon redemption or otherwise, will be paid to the person to whom principal is paid. However, if we default in paying interest on a debt security, we may pay defaulted interest to the registered owner of the debt security as of the close of business on a special record date selected by the trustee, which will be between 10 and 15 days before the date we propose for payment of the defaulted interest, or in any other lawful manner of payment that is consistent with the requirements of any securities exchange on which the debt securities may be listed for trading, if the trustee finds it practicable (See Section 307).

Redemption

We will set forth any terms for the redemption of debt securities in a prospectus supplement. Unless we indicate differently in a prospectus supplement, and except with respect to debt securities redeemable at the option of the registered holder, debt securities will be redeemable upon notice by mail between 30 and 60 days prior to the redemption date. If less than all of the debt securities of any series or any tranche of a series are to be redeemed, the trustee will select the debt securities to be redeemed and will choose the method of random selection it deems fair and appropriate. (See Sections 301, 403 and 404.)

Debt securities will cease to bear interest on the redemption date. We will pay the redemption price and any accrued interest to the redemption date once you surrender the debt security for redemption. (See Section 405.) If only part of a debt security is redeemed, the trustee will deliver to you a new debt security of the same series for the remaining portion without charge. (See Section 406.)

We may make any redemption conditional upon the receipt by the paying agent, on or prior to the date fixed for redemption, of money sufficient to pay the redemption price. If the paying agent has not received the money by the date fixed for redemption, we will not be required to redeem the debt securities. (See Section 404.)

Registration, Transfer and Exchange

The debt securities will be issued without interest coupons and in denominations that are even multiples of \$1,000, unless otherwise indicated in the applicable prospectus supplement. Debt securities of any series will be exchangeable for other debt securities of the same series of any authorized denominations and of a like aggregate principal amount and tenor, unless otherwise indicated in the applicable prospectus supplement. (See Section 305.)

Unless we otherwise indicate in the applicable prospectus supplement, debt securities may be presented for registration of transfer, duly endorsed or accompanied by a duly executed written instrument of transfer, at the office or agency maintained for this purpose, without service charge except for reimbursement of taxes and other governmental charges as described in the indenture. (See Section 305.)

In the event of any redemption of debt securities of any series, the trustee will not be required to exchange or register a transfer of any debt securities of the series selected, called or being called for redemption except the unredeemed portion of any debt security being redeemed in part. (See Section 305.)

Limitation on Liens

The indenture provides that, except as otherwise specified with respect to a particular series of debt securities, we will not pledge, mortgage, hypothecate or grant a security interest in, or permit any mortgage, pledge, security interest, or other lien upon, any capital stock of any subsidiary now or hereafter directly owned by us, to secure any indebtedness without also equally and ratably securing the outstanding debt securities of that series and all other indebtedness entitled to be so secured. (See Section 608.)

This restriction does not apply to, or prevent the creation or any extension, renewal or refunding of:

any
mortgage,
pledge,
security
interest, lien
or

encumbrance
upon any
capital stock
created at the
time we
acquire it or
within one
year after that
time to secure
the purchase
price for the
capital stock;

any
mortgage,
pledge,
security
interest, lien
or
encumbrance
upon any
capital stock
existing at the
time we
acquire it,
whether or
not we
assume the
secured
obligations;
or

any judgment, levy,
execution, attachment or
other similar lien arising
in connection with court
proceedings, provided
that:

the execution
or
enforcement
of the lien is
effectively
stayed within
30 days after
entry of the
corresponding
judgment, or
the
corresponding
judgment has
been
discharged
within that 30-
day period,
and the claims
secured by the
lien are being
contested in
good faith by
appropriate
proceedings
timely
commenced
and diligently
prosecuted;

the payment of
each lien is
covered in full
by insurance
and the
insurance
company has
not denied or
contested
coverage
thereof; or

so long as
each lien is
adequately
bonded, any
appropriate
and duly
initiated legal
proceedings
for the review
of the
corresponding
judgment,
decree or order
shall not have
been fully
terminated or
the period
within which
these
proceedings
may be
initiated shall
not have
expired. (See
Section 608.)

Unless we otherwise specify in the prospectus supplement for a particular series of debt securities, we may, without securing the debt securities of that series, pledge, mortgage, hypothecate or grant a security interest in, or permit any mortgage, pledge, security interest or other lien, in addition to liens expressly permitted as described in the preceding paragraphs, upon, capital stock of any subsidiary now or hereafter owned by us to secure any indebtedness, which would otherwise be subject to the foregoing restriction, in an aggregate amount which, together with all other such indebtedness, does not exceed 10% of our consolidated net tangible assets. (See Section 608.) Our consolidated net tangible assets as of June 30, 2008 were approximately \$20.8 billion.

For purposes of this covenant, consolidated net tangible assets means the amount shown as total assets on our consolidated balance sheet, less (i) intangible assets including, without limitation, such items as goodwill, trademarks, trade names, patents, and unamortized debt expense; (ii) current liabilities; and (iii) appropriate adjustments, if any, related to minority interests. These amounts will be determined in accordance with accounting principles generally accepted in the United States.

The foregoing limitation does not limit in any manner:

our ability to
place liens
on any of
our assets
other than
the capital
stock of
subsidiaries
that we

directly own;

our ability to
cause the
transfer of
our assets or
those of our
subsidiaries,
including the
capital stock
covered by
the
foregoing
restrictions;
or

the ability of
any of our
subsidiaries
to place liens
on any of
their assets.

Consolidation, Merger, Conveyance, Sale or Transfer

We have agreed not to consolidate with or merge into any other entity or convey, sell or otherwise transfer our properties and assets substantially as an entirety to any entity unless:

the successor
is an entity
organized and
existing
under the
laws of the
United States
of America or
any State or
the District of
Columbia;

the successor
expressly
assumes by a
supplemental
indenture the
due and
punctual
payment of
the principal
of, and
premium, if

any, and
interest, if
any, on all
outstanding
debt
securities
under the
indenture and
the
performance
of every
covenant of
the indenture
that we would
otherwise
have to
perform or
observe; and

immediately
after giving
effect to the
transactions,
no event of
default with
respect to any
series of debt
securities
issued under
the indenture
and no event
which after
notice or
lapse of time
or both would
become an
event of
default with
respect to any
series of debt
securities
issued under
the indenture,
will have
occurred and
be
continuing.
(See Section
1101.)

Modification of the Indenture

Under the indenture or any supplemental indenture, our rights and the rights of the holders of debt securities may be changed with the consent of the holders representing a majority in principal amount of the outstanding debt securities of all series affected by the change, voting as one class,

provided that the following changes may not be made without the consent of the holders of each outstanding debt security affected thereby:

change the
fixed date
upon which
the principal
of or the
interest on
any debt
security is
due and
payable, or
reduce the
principal
amount
thereof or the
rate of
interest
thereon or
any premium
payable upon
the
redemption
thereof, or
reduce the
amount of
the principal
of an original
issue
discount
security that
would be due
and payable
upon a
declaration
of
acceleration
of the
maturity
thereof, or
change the
coin or
currency (or
other
property) in
which any
debt security
or any
premium, if

any, or the
interest
thereon is
payable, or
impair the
right to
institute suit
for the
enforcement
of any
payment on
or after the
date that
payment is
due and
payable or,
in the case of
redemption,
on or after
the date fixed
for such
redemption;

reduce the
stated
percentage of
debt
securities,
the consent
of the
holders of
which is
required for
any
modification
of the
indenture or
for waiver by
the holders
of certain of
their rights;
or

modify
certain
provisions of
the
indenture.
(See Section
1202.)

An original issue discount security means any security authenticated and delivered under the indenture which provides for an amount less than the principal amount thereof to be due and payable upon the declaration of acceleration of the maturity thereof.

The indenture also permits us and the trustee to amend the indenture without the consent of the holders of any debt securities for any of the following purposes:

to evidence
the
assumption
by any
permitted
successor of
our
covenants in
the
indenture
and in the
debt
securities;

to add to the
covenants
with which
we must
comply or to
surrender
any of our
rights or
powers
under the
indenture;

to add
additional
events of
default;

to change,
eliminate, or
add any
provision to
the
indenture;
provided,
however, if
the change,
elimination,
or addition
will

adversely
affect the
interests of
the holders
of debt
securities of
any series,
other than
any series
the terms of
which
permit such
change,
elimination
or addition,
in any
material
respect, the
change,
elimination,
or addition
will become
effective
only:

when the
consent of
the holders
of debt
securities of
the series
has been
obtained in
accordance
with the
indenture;
or

when no
debt
securities of
the series
remain
outstanding
under the
indenture;

to provide
collateral
security for all
of the debt

securities;

to establish the
form or terms
of debt
securities of
any other series
as permitted by
the indenture;

to provide for
the
authentication
and delivery of
bearer
securities and
coupons
attached
thereto;

to evidence and
provide for the
acceptance of
appointment of
a successor
trustee;

to provide for
the procedures
required for use
of a
noncertificated
system of
registration for
all or any series
of debt
securities;

to change any
place where
principal,
premium, if
any, and
interest shall be
payable, debt
securities may
be surrendered
for registration
of transfer or
exchange and
notices to us

may be served;
or

to cure any
ambiguity or
inconsistency
or to make any
other
provisions with
respect to
matters and
questions
arising under
the indenture;
provided that
such action
shall not
adversely
affect the
interests of the
holders of debt
securities of
any series in
any material
respect. (See
Section 1201.)

Events of Default

An event of default with respect to any series of debt securities is defined in the indenture as being any one of the following:

failure to pay
interest on the
debt securities
of that series
for 30 days
after payment
is due;

failure to pay
principal of or
any premium
on the debt
securities of
that series
when due,
whether at
stated maturity
or upon earlier
acceleration or
redemption;

failure to
perform other
covenants in
the indenture
for 90 days
after we are
given written
notice from the
trustee or the
trustee receives
written notice
from the
registered
owners of at
least 33% in
principal
amount of the
debt securities
of that series;
however, the
trustee or the
trustee and the
holders of such
principal

amount of debt securities of that series can agree to an extension of the 90-day period and such an agreement to extend will be automatically deemed to occur if we are diligently pursuing action to correct the default;

certain events of bankruptcy, insolvency, reorganization, receivership or liquidation relating to us; and

any other event of default included in the supplemental indenture or officer's certificate for that series of debt securities.

(See Section 801.)

An event of default regarding a particular series of debt securities does not necessarily constitute an event of default for any other series of debt securities.

We will be required to file with the trustee annually an officer's certificate as to the absence of default in performance of all covenants in the indenture. (See Section 606.) The indenture provides that the trustee may withhold notice to the holders of the debt securities of any default, except in payment of principal of, or premium, if any, or interest on, the debt securities or in the payment of any sinking fund installment with respect to the debt securities, if the trustee in good faith determines that it is in the interest of the holders of the debt securities to do so. (See Section 902.)

The indenture provides that, if an event of default with respect to the debt securities of any series occurs and continues, either the trustee or the holders of 33% or more in aggregate principal amount of the debt securities of that series may declare the principal amount of all the debt securities to be due and payable immediately. However, if the event of default is applicable to all outstanding debt securities under the indenture, only the trustee or holders of at

least 33% in principal amount of all outstanding debt securities of all series, voting as one class, and not the holders of any one series, may make such a declaration of acceleration.

At any time after a declaration of acceleration with respect to the debt securities of any series has been made and before a judgment or decree for payment of the money due has been obtained, the event of default giving rise to such declaration of acceleration will be considered waived, and such declaration and its consequences will be considered rescinded and annulled, if:

we have
paid or
deposited
with the
trustee a
sum
sufficient
to pay:

all
overdue
interest, if
any, on all
debt
securities
of the
series,

the
principal
of and
premium,
if any, on
any debt
securities
of the
series
which
have
otherwise
become
due and
interest, if
any, that is
currently
due,
including
interest on
overdue
interest, if
any, and

all
amounts
due to the
trustee
under the
indenture;
and

any other
event of
default
with
respect to
the debt
securities
of that
series has
been cured
or waived
as
provided
in the
indenture.

There is no automatic acceleration, even in the event of our bankruptcy, insolvency or reorganization. (See Section 802.)

Subject to the provisions of the indenture relating to the duties of the trustee, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders of the debt securities, unless the holders shall have offered to the trustee reasonable indemnity. (See Section 903.)

Subject to the provision for indemnification, the holders of a majority in principal amount of the debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee with respect to the debt securities of that series. However, if the event of default relates to more than one series of debt securities, only the holders of a majority in aggregate principal amount of all affected series will have the right to give this direction. However, the trustee shall have the right to decline to follow any direction if the trustee shall determine that the action so directed conflicts with any law or the provisions of the indenture or if the trustee shall determine that the action would be prejudicial to holders not taking part in the direction. (See Section 812.)

Satisfaction and Discharge

We will be discharged from our obligations on the debt securities of any series, or any portion of the principal amount of the debt securities of any series, if we

irrevocably
deposit with
the trustee
sufficient
cash or
eligible
obligations
(or a
combination
of both) to
pay the
principal, or
portion of
principal,
interest, any
premium and
any other
sums when
due on the
debt
securities at
their
maturity,
stated
maturity
date, or
redemption;
and

deliver to the
trustee:

a company
order stating
that the
money and

eligible
obligations
deposited in
accordance
with the
indenture
shall be held
in trust and
certain
opinions of
counsel and
of an
independent
public
accountant;

if such
deposit shall
have been
made prior to
the maturity
of the debt
securities of
the series, an
officer's
certificate
stating our
intention that,
upon delivery
of the officer's
certificate,
our
indebtedness
in respect of
those debt
securities, or
the portions
thereof, will
have been
satisfied and
discharged as
contemplated
in the
indenture; and

an opinion of
counsel to the
effect that, as
a result of a
change in law
or a ruling of

the United States Internal Revenue Service, the holders of the debt securities of the series, or portions thereof, will not recognize income, gain or loss for United States federal income tax purposes as a result of the satisfaction and discharge of our indebtedness and will be subject to United States federal income tax on the same amounts, at the same times and in the same manner as if we had not so satisfied and discharged our indebtedness.

For this purpose, eligible obligations include direct obligations of, or obligations unconditionally guaranteed by, the United States entitled to the benefit of the full faith and credit thereof and certificates, depositary receipts or other instruments which evidence a direct ownership interest in such obligations or in any specific interest or principal payments due in respect thereof and which do not contain provisions permitting their redemption or other prepayment at the option of the issuer thereof.

In the event that all of the conditions set forth above have been satisfied for any series of debt securities, or portions thereof, except that, for any reason, we have not delivered the officer's certificate and opinion described under the second bulleted item above, the holders of those debt securities will no longer be entitled to the benefits of certain of our covenants under the indenture, including the covenant described above in Limitation on Liens. Our indebtedness under those debt securities, however, will not be deemed to have been satisfied and discharged prior to maturity, and the holders of those debt securities may continue to look to us for payment of the indebtedness represented by those debt securities. (See Section 701.)

The indenture will be deemed satisfied and discharged when no debt securities remain outstanding and when we have paid all other sums payable by us under the indenture. (See Section 702.) All moneys we pay to the trustee or any paying agent on debt securities which remain unclaimed at the end of two years after payments have become due will be paid to us or upon our order. Thereafter, the holder of those debt securities may look only to us for payment and not the trustee or any paying agent. (See Section 603.)

Resignation or Removal of Trustee

The trustee may resign at any time by giving written notice to us specifying the day upon which the resignation is to take effect. The resignation will take effect immediately upon the later of the appointment of a successor trustee and the specified day. (See Section 910.)

The trustee may be removed at any time by an instrument or concurrent instruments in writing delivered to the trustee and us and signed by the holders, or their attorneys-in-fact, representing at least a majority in principal amount of the then outstanding debt securities. In addition, under certain circumstances, we may remove the trustee upon notice to the holder of each debt security outstanding and the trustee, and appointment of a successor trustee. (See Section 910.)

Concerning the Trustee

The Bank of New York Mellon is the trustee under the indenture. We and our affiliates maintain other banking relationships in the ordinary course of business with the trustee and its affiliates.

Governing Law

The indenture and the debt securities will be governed by and construed in accordance with the laws of the State of New York, except to the extent that the law of any other jurisdiction shall be mandatorily applicable.

DESCRIPTION OF WARRANTS

We may issue warrants to purchase our debt or equity securities, securities of third parties or other rights, including rights to receive payment in cash or securities based on the value, rate or price of one or more specified commodities, currencies, securities or indices, or any combination of the foregoing. Warrants may be issued independently or together with any other securities and may be attached to, or separate from, such securities. Each series of warrants will be issued under a separate warrant agreement to be entered into between us and a warrant agent. The terms of any warrants to be issued and a description of the material provisions of the applicable warrant agreement will be set forth in the applicable prospectus supplement.

The applicable prospectus supplement for any offering of warrants will describe the following terms of the warrants:

the title of the warrants;

the aggregate number of the warrants;

the price or prices at which the warrants will be issued;

the currency or currencies, in which the price of the

warrants will
be payable;

DESCRIPTION OF SHARE PURCHASE CONTRACTS AND SHARE PURCHASE UNITS

We may issue share purchase contracts representing contracts obligating holders to purchase from us, and us to sell to the holders, shares of our common stock at a future date or dates. The price per share of common stock and the number of shares of common stock may be fixed at the time the share purchase contracts are issued or may be determined by reference to a specific formula set forth in the share purchase contracts and described in the applicable prospectus supplement.

The share purchase contracts may be issued separately or as a part of share purchase units consisting of a share purchase contract and either our debt securities or debt obligations of third parties, including U.S. Treasury securities that are pledged to secure the holders' obligations to purchase our common stock under the share purchase contracts.

The share purchase contracts may require us to make periodic payments to the holders of the share purchase units or vice versa, and those payments may be unsecured or prefunded on some basis. The share purchase contracts may require holders to secure their obligations in a specified manner and, in certain circumstances, we may deliver newly issued prepaid share purchase contracts, often known as prepaid securities, upon release to a holder of any collateral securing such holder's obligations under the original share purchase contract.

The applicable prospectus supplement will describe the material terms of any share purchase contracts or share purchase units, and, if applicable, prepaid securities. The description in the applicable prospectus supplement will not purport to be complete and will be qualified in its entirety by reference to (a) the share purchase contracts, (b) the collateral arrangements and depositary arrangements, if applicable, relating to such share purchase contracts or share

purchase units and (c) if applicable, the prepaid securities and the document pursuant to which the prepaid securities will be issued. These documents will be filed with the SEC promptly after the offering of the share purchase contracts or the share purchase units. Material United States federal income tax considerations applicable to the share purchase contracts and the share purchase units will also be discussed in the applicable prospectus supplement.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The financial statements and management's assessment of the effectiveness of internal control over financial reporting (which is included in Management's Report on Internal Control over Financial Reporting) incorporated in this prospectus by reference to the Annual Report on Form 10-K for the year ended December 31, 2007, have been so incorporated in reliance on the report of PricewaterhouseCoopers LLP, an independent registered public accounting firm, given on the authority of said firm as experts in auditing and accounting.

With respect to the unaudited financial information of FirstEnergy Corp. for the three-month periods ended March 31, 2008 and 2007 and for the three-month and six-month periods ended June 30, 2008 and 2007, incorporated by reference in this prospectus, PricewaterhouseCoopers LLP reported that they have applied limited procedures in accordance with professional standards for a review of such information. However, their separate reports dated May 7, 2008 and August 7, 2008 for the quarter ended March 31, 2008 and for the quarter and six-month periods ended June 30, 2008, respectively, incorporated by reference herein states that they did not audit and they do not express an opinion on that unaudited financial information. Accordingly, the degree of reliance on

their reports on such information should be restricted in light of the limited nature of the review procedures applied. PricewaterhouseCoopers LLP is not subject to the liability provisions of Section 11 of the Securities Act for their reports on the unaudited financial information because those reports are not a report or a part of the registration statement prepared or certified by PricewaterhouseCoopers LLP within the meaning of Sections 7 and 11 of the Securities Act.

THE COMPANY

We are one of eight wholly-owned electric utility operating subsidiaries of FirstEnergy Corp., or FirstEnergy. We were organized under the laws of the State of Ohio in 1930 and own property and do business as an electric public utility in that state. We engage primarily in the distribution and sale of electric energy to communities in a 7,500 square mile area of central and northeastern Ohio. We also engage in the sale, purchase and interchange of electric energy with other electric companies. The area we serve has a population of approximately 2.8 million.

We own all of the outstanding common stock of Pennsylvania Power Company. Pennsylvania Power was organized under the laws of the Commonwealth of Pennsylvania in 1930 and owns property and does business as an electric public utility in that state. Pennsylvania Power furnishes electric service to communities in a 1,500 square mile area of western Pennsylvania. The area served by Pennsylvania Power has a population of approximately 0.3 million.

Our principal executive offices are located at 76 South Main Street, Akron, Ohio 44308-1890. Our telephone number is (800) 736-3402.

RISK FACTORS

Investing in our securities involves risks. Before purchasing any securities we offer, you should carefully consider the risk factors that are incorporated by reference herein from the section captioned "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2007 and our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2008 and, June 30, 2008, together with all of the other information included in this prospectus and any prospectus supplement and any other information that we have incorporated by reference, including annual, quarterly and other reports filed with the SEC subsequent to the date hereof. Any of these risks, as well as other risks and uncertainties, could harm our financial condition, results of operations or cash flows. See also "Cautionary Note Regarding Forward-Looking Statements" in this prospectus.

USE OF PROCEEDS

We intend to use the net proceeds we receive from issuance of these debt securities for general corporate purposes, unless otherwise specified in the prospectus supplement relating to a specific issue of debt securities. General corporate purposes may include, but are not limited to, financing and operating activities, capital expenditures, acquisitions, maintenance of our assets and refinancing our existing indebtedness.

RATIO OF EARNINGS TO FIXED CHARGES

The following table contains our consolidated ratio of earnings to fixed charges for the periods indicated. You should read these ratios in connection with our consolidated financial statements, including the notes to those statements, incorporated by reference in this prospectus.

	Year Ended December 31,					Six Months Ended June 30,	
	2003	2004	2005	2006	2007	2007	2008
Consolidated Ratio of Earnings to Fixed Charges	3.33	4.43	4.54	2.85	2.83	2.71	2.95

For purposes of the calculation of our consolidated ratio of earnings to fixed charges, earnings have been computed by adding to Income before extraordinary items total interest and other charges, before reduction for amounts capitalized, provision for income taxes and the estimated interest element of rentals charged to income, and fixed charges include

interest on long-term debt, other interest expense, subsidiaries preferred stock dividend requirements and the estimated interest element of rentals charged to income.

DESCRIPTION OF SENIOR UNSECURED DEBT SECURITIES

The senior unsecured debt securities that we may offer from time to time by this prospectus, and which we refer to in this section as debt securities, will be our senior unsecured debt securities and will rank equally with all of our other unsecured and unsubordinated debt. The debt securities will be issued under an indenture, dated as of April 1, 2003, between us and The Bank of New York Mellon, as trustee. The indenture gives us broad authority to set the particular terms of each series of debt securities, including the right to modify certain of the terms contained in the indenture. The particular terms of a series of debt securities and the extent, if any, to which such particular terms modify the terms of the indenture or otherwise vary from the terms and provisions set forth below will be described in the prospectus supplement relating to those debt securities.

The indenture contains the full text of the matters described in this section. Because this section is a summary, it does not describe every aspect of the debt securities or the indenture. This summary is subject to and qualified in its entirety by reference to all the provisions of the indenture, including definitions of terms used in the indenture. You should read the indenture incorporated by reference as an exhibit to the registration statement of which this prospectus is a part. Whenever we refer to particular sections or defined terms of the indenture in this prospectus or in a prospectus supplement, these sections or defined terms are incorporated by reference herein or in the prospectus supplement. This summary also is subject to and qualified by reference to the description of the particular terms of the debt securities described in the applicable prospectus supplement or supplements.

If applicable, the prospectus supplement relating to an issue of debt securities will describe any special United States federal income tax considerations relevant to those debt securities.

There is no requirement under the indenture that future issues of our debt securities be issued under the indenture. Accordingly, we will be free to use other indentures or documentation, containing provisions different from those included in the indenture or applicable to one or more issues of debt securities, in connection with future issues of other debt securities. The provisions of any such other indentures or documentation will be described in the applicable prospectus supplement.

General

The indenture does not limit the aggregate principal amount of debt securities that we may issue under the indenture. The indenture provides that the debt securities may be issued in one or more series. The debt securities may be issued at various times and may have differing maturity dates and may bear interest at differing rates. We need not issue all debt securities of one series at the same time and, unless otherwise provided, we may reopen a series, without the consent of the holders of the debt securities of that series, for issuances of additional debt securities of that series.

Prior to the issuance of each series of debt securities, the terms of the particular securities will be specified in a supplemental indenture, a board resolution or one or more officers' certificates authorized pursuant to a board resolution. We refer you to the applicable prospectus supplement for a description of the following terms of the particular series of debt securities offered thereby:

applicable
to the debt
securities.

Unless we otherwise indicate in the applicable prospectus supplement, the debt securities will be denominated in United States currency in minimum denominations of \$1,000 and multiples of \$1,000.

Unless we otherwise indicate in the applicable prospectus supplement, there are no provisions in the indenture or the debt securities that require us to redeem, or permit the holders to cause a redemption of, the debt securities or that otherwise protect the holders in the event that we incur substantial additional indebtedness, whether or not in connection with a change in control of our company.

If applicable, the prospectus supplement relating to an issue of debt securities will describe any special United States federal income tax considerations relevant to those debt securities.

Payment and Paying Agents

Unless otherwise indicated in a prospectus supplement, we will pay interest on our debt securities on each interest payment date by wire transfer to an account at a banking institution in the United States that is designated in writing to the trustee by the person entitled to that payment or by check mailed to the person in whose name the debt security is registered as of the close of business on the regular record date relating to the interest payment date, except that interest payable at stated maturity, upon redemption or otherwise, will be paid to the person to whom principal is paid. However, if we default in paying interest on a debt security, we may pay defaulted interest to the registered owner of the debt security as of the close of business on a special record date selected by the trustee, which will be between 10 and 15 days before the date we propose for payment of the defaulted interest, or in any other lawful manner of payment that is consistent with the requirements of any securities exchange on which the debt securities may be listed

for trading, if the trustee finds it practicable.

Redemption

We will set forth any terms for the redemption of debt securities in a prospectus supplement. Unless we indicate differently in a prospectus supplement, and except with respect to debt securities redeemable at the option of the registered holder, debt securities will be redeemable upon notice by mail between 30 and 60 days prior to the redemption date. If less than all of the debt securities of any series or any tranche of a series are to be redeemed, the trustee will select the debt securities to be redeemed and will choose the method of random selection it deems fair and appropriate.

Debt securities will cease to bear interest on the redemption date. We will pay the redemption price and any accrued and unpaid interest to the redemption date once you surrender the debt

security for redemption. If only part of a debt security is redeemed, the trustee will deliver to you a new debt security of the same series for the remaining portion without charge.

We may make any redemption conditional upon the receipt by the paying agent, on or prior to the date fixed for redemption, of money sufficient to pay the redemption price. In this circumstance, if the paying agent has not received the money by the date fixed for redemption, we will not be required to redeem the debt securities.

Registration, Transfer and Exchange

The debt securities will be issued without interest coupons and in denominations that are multiples of \$1,000, unless otherwise indicated in the applicable prospectus supplement. Debt securities of any series will be exchangeable for other debt securities of the same series of any authorized denominations and of a like aggregate principal amount and tenor, unless otherwise indicated in the applicable prospectus supplement.

Unless we otherwise indicate in the applicable prospectus supplement, debt securities may be presented for registration of transfer, duly endorsed or accompanied by a duly executed written instrument of transfer, at the office or agency maintained for this purpose, without service charge except for reimbursement of taxes and other governmental charges as described in the indenture.

In the event of any redemption of debt securities of any series, the trustee will not be required to exchange or register a transfer of any debt securities of the series selected, called or being called for redemption except the unredeemed portion of any debt security being redeemed in part.

Certain Covenants

Limitation on Liens

The indenture provides that, so long as any debt securities are outstanding, we may not issue, assume, guarantee or permit to exist any Debt (as defined below) that is secured by any mortgage, security interest, pledge or lien (Lien) of or upon any of our Operating Property (as defined below), whether owned at the date of the indenture or subsequently acquired, without effectively securing such debt securities (together with, if we so determine, any of our other indebtedness ranking equally with such debt securities) equally and ratably with that Debt (but only so long as that Debt is so secured).

- (d) Liens in favor of any state or any department, agency or instrumentality or political

subdivision of any state, or for the benefit of holders of securities issued by any such entity (or providers of credit enhancement with respect to those securities), to secure any Debt (including, without limitation, our obligations with respect to industrial development, pollution control or similar revenue bonds) incurred for the purpose of financing or refinancing all or any part of the purchase price or the cost of substantially repairing or altering, constructing, developing or substantially improving property which at the time of

such purchase,

or

- (j) any extension, renewal or replacement (or successive extensions, renewals or replacements), in whole or in part, of any

Lien referred to in clauses (1) through (9), provided, however, that the principal amount of Debt secured thereby and not otherwise authorized by clauses (1) through (9), must not exceed the principal amount of Debt, plus any premium or fee payable in connection with the extension, renewal or replacement, so secured at the time of the extension, renewal or replacement.

However, the foregoing restriction will not apply to our issuance, assumption or guarantee of Debt secured by a Lien which would otherwise be subject to the foregoing restriction up to an aggregate amount which, together with all of our other secured Debt then outstanding (not including secured Debt permitted under any of the foregoing exceptions) and the Value (as defined below) of Sale and Lease-Back Transactions (as defined below) existing at that time (other than Sale and Lease-Back Transactions the proceeds of which have been applied to the retirement of certain indebtedness, Sale and Lease-Back Transactions in which the property involved would have been permitted to be subjected to a Lien under any of the foregoing exceptions in clauses (1) to (10) and Sale and Lease-Back Transactions that are permitted by the first sentence of *Limitation on Sale and Lease-Back Transactions* below), does not exceed the greater of 15% of our Net Tangible Assets and 15% of Capitalization (as those terms are defined below), in each case, determined in accordance with generally accepted accounting principles (GAAP) and as of a date not more than 60 days prior to such issuance, assumption or guarantee of debt. As of June 30, 2008, our Net Tangible Assets were \$3.2 billion and our Capitalization was \$2.5 billion.

Limitation on Sale and Lease-Back Transactions

The indenture provides that so long as any debt securities are outstanding, we may not enter into or permit to exist, any Sale and Lease-Back Transaction with respect to any Operating Property (except for transactions involving leases for a term, including renewals, of not more than 48 months), if the purchasers' commitment is obtained more than 18 months after the later of the completion of the acquisition, construction or development of that Operating Property or the placing in operation of that Operating Property or of that Operating Property as constructed or developed or substantially repaired, altered or improved.

This restriction will not apply if:

provisions

in clauses
(1) to (10)
of the first
sentence of
the second
paragraph
under

Limitation

after giving effect to a Sale and Lease-Back Transaction, we could incur pursuant to the provisions described in the second sentence of the second paragraph under

Limitation on Liens, at least \$1.00 of additional Debt secured by Liens (other than Liens permitted by the preceding paragraph); or

we apply within 180 days an amount equal to, in the case of a sale or transfer for cash, the net proceeds (not exceeding the net book value), and, otherwise, an amount equal to the fair value (as determined by our Board

of Directors)
of the
Operating
Property so

The term Capitalization, as used above, means the total of all the following items appearing on, or included in, our consolidated balance sheet: (i) liabilities for indebtedness maturing more than 12 months from the date of determination; and (ii) common stock, preferred stock, premium on capital stock, capital surplus, capital in excess of par value, and retained earnings (however the foregoing may be designated), less, to the extent not otherwise deducted, the cost of shares of our capital stock held in our treasury.

The term Debt, as used above, means any outstanding debt for money borrowed evidenced by notes, debentures, bonds, or other securities.

The term Net Tangible Assets, as used above, means the amount shown as total assets on our consolidated balance sheet, less the following: (i) intangible assets including, but without limitation, such items as goodwill, trademarks, trade names, patents, and unamortized debt discount and expense and other regulatory assets carried as an asset on our consolidated balance sheet; (ii) current liabilities; and (iii) appropriate adjustments, if any, on account of minority interests. Such amounts will be determined in accordance with GAAP and practices applicable to the type of business in which we are engaged and may be determined as of a date not more than 60 days prior to the happening of the event for which such determination is made.

The term Operating Property, as used above, means (i) any interest in real property owned by us and (ii) any asset owned by us that is depreciable in accordance with GAAP.

The term Sale and Lease-Back Transaction, as used above, means any arrangement with any person providing for the leasing to us of any Operating Property (except for leases for a term, including any renewals, of not more than 48 months), which Operating Property has been or is to be sold or transferred by us to such person; provided, however, Sale and Lease-Back Transaction does not include any arrangement (i) first entered into prior to the date of the indenture and (ii) involving the exchange of any Operating Property for any property subject to an arrangement first entered into prior to the date of the indenture.

The term Value, as used above, means, with respect to a Sale and Lease-Back Transaction, as of any particular time, the amount equal to the greater of (i) the net proceeds to us from the sale or transfer of the property leased pursuant to the Sale and Lease-Back Transaction or (ii) the net book value of the property leased, as determined by us in accordance with GAAP, in either case multiplied by a fraction, the numerator of which will be equal to the number of full years of the term of the lease that is part of the Sale and Lease-Back Transaction remaining at the time of determination and the denominator of which will be equal to the number of full years of the term of the lease, without regard, in any case, to any renewal or extension options contained in the lease.

Consolidation, Merger, Conveyance, Sale or Transfer

We have agreed not to consolidate with or merge into any other entity or convey, sell or otherwise transfer our properties and assets substantially as an entirety to any entity unless:

the
successor
is an entity
organized
and
existing
under the
laws of the
United
States of
America or
any State
of the
United
States or
the District
of
Columbia;

the successor expressly assumes by a supplemental indenture the due and punctual payment of the principal of, and premium, if any, and interest, if any, on all the outstanding debt securities under the indenture and the performance of every covenant of the indenture that we would otherwise have to perform or observe; and

immediately after giving effect to the transactions, no event of default with respect to any series of debt securities and no event which after notice or lapse of time or both would become an event of default with respect to any series of debt securities will

have occurred
and be
continuing.

Modification of the Indenture

Under the indenture or any supplemental indenture, the rights of the holders of debt securities may be changed with the consent of the holders representing a majority in principal amount of the outstanding debt securities of all series affected by the change, voting as one class, provided that the following changes may not be made without the consent of the holders of each outstanding debt security affected thereby:

change the
fixed date
upon which
the principal
of or the
interest on
any debt
security is
due and
payable, or
reduce the
principal
amount
thereof or the
rate of
interest or
change the
method of
calculating
such rate of
interest or
reduce any
premium
payable upon
the
redemption
thereof, or
reduce the
amount of
the principal
of an original
issue
discount
security that
would be
payable upon
a declaration
of
acceleration
of the

maturity
thereof, or
change the
currency in
which, any
debt security
or any
premium, if
any, or the
interest
thereon is
payable, or
impair the
right to
institute suit
for the
enforcement
of any
payment on
or after the
date such
payment is
due or, in the
case of
redemption,
on or after
the date fixed
for such
redemption;

reduce the
stated
percentage of
debt
securities,
the consent
of the
holders of
which is
required for
any
modification
of the
applicable
indenture or
for waiver by
the holders
of certain of
their rights;
or

modify
certain
provisions of
the
indenture.

An original issue discount security means any security authenticated and delivered under the indenture which provides for an amount less than the principal amount thereof to be due and payable upon the declaration of acceleration of the maturity thereof.

The indenture also permits us and the trustee to amend the indenture without the consent of the holders of any debt securities for any of the following purposes:

to evidence
the
assumption
by any
permitted
successor of
our
covenants in
the
indenture
and in the
debt
securities;

to add to the
covenants
with which
we must
comply or to
surrender
any of our
rights or
powers
under the
indenture;

to add
additional
events of
default;

to change,
eliminate, or
add any
provision to
the
indenture;
provided,

however, if the change, elimination, or addition will adversely affect the interests of the holders of debt securities of any series, other than any series the terms of which permit such change, elimination or addition, in any material respect, such change, elimination, or addition will become effective with respect to such series only:

when the consent of the holders of debt securities of such series has been obtained in accordance with the indenture; or

when no debt securities of such series remain

outstanding
under the
indenture;

to provide
collateral
security
for all of
the debt
securities;

to
establish
the form
or terms of
debt
securities
of any
other
series as
permitted
by the
indenture;

to provide for
the
authentication
and delivery of
bearer
securities and
coupons
attached
thereto and for
the registration,
exchange and
replacement
thereof and for
the giving of
notice to, and
the solicitation
of the vote or
consent of the
holders of the
debt securities;

to evidence and
provide for the
acceptance of
appointment of
a successor
trustee;

to provide for
the procedures
required for use
of a
noncertificated
system of
registration for
the debt
securities of all
or any series;

to change any
place where
principal,
premium, if
any, and
interest shall be
payable, debt
securities may
be surrendered
for registration
of transfer or

exchange and
notices to us
may be served;
or

to cure any
ambiguity or
inconsistency
or to make any
other
provisions with
respect to
matters and
questions
arising under
the indenture;
provided that
such action
shall not
adversely
affect the
interests of the
holders of debt
securities of
any series in
any material
respect.

Events of Default

An event of default with respect to any series of debt securities is defined in the indenture as being any one of the following:

failure to pay
interest on the
debt securities
of that series
for 30 days
after payment
is due,
provided,
however, if
applicable to
that series, that
a valid
extension of
the interest
payment period
by us as
contemplated
in the indenture

will not
constitute a
failure to pay
interest;

failure to pay
principal of or
any premium
on the debt
securities of
that series
when due,
whether at
stated maturity
or upon earlier
acceleration or
redemption;

failure to
perform other
covenants in
the indenture
for 90 days
after we are
given written
notice from the
trustee or the
trustee receives
written notice
from the
registered
owners of at
least 33% in
principal
amount of the
debt securities
of that series;
however, the
trustee or the
trustee and the
holders of such
principal
amount of debt
securities of
that series can
agree to an
extension of
the 90-day
period and such
an agreement
to extend will

be
automatically
deemed to
occur if we are
diligently
pursuing action
to correct the
default;

certain events
of bankruptcy,
insolvency,
reorganization,
receivership or
liquidation
relating to us;
and

any other event
of default
included in the
supplemental
indenture,
board
resolution or
officer s
certificate for
that series of
debt securities.

An event of default regarding a particular series of debt securities will not necessarily constitute an event of default for any other series of debt securities.

We will be required to file with the trustee annually an officer s certificate as to the absence of default in performance of certain covenants in the indenture. The indenture provides that the trustee may withhold notice to the holders of the debt securities of any default, except in the case of default in the payment of principal of, or premium, if any, or interest, if any, on the debt securities or in the payment of any sinking fund installment with respect to the debt securities, if the trustee in good faith determines that it is in the interest of the holders of the debt securities to do so.

The indenture provides that, if an event of default with respect to the debt securities of any series occurs and continues, either the trustee or the holders of 33% or more in aggregate principal amount of the debt securities of that series may declare the principal amount of all the debt securities to be due and payable immediately. However, if the event of default is applicable to all outstanding debt securities under the indenture, or if related to certain events of bankruptcy, insolvency, reorganization, arrangement, adjustment, composition or other similar events, only the trustee or holders of at least 33% in principal amount of all outstanding debt securities of all series, voting as one class, and not the holders of any one series, may make such a declaration of acceleration.

At any time after a declaration of acceleration with respect to the debt securities of any series has been made and before a judgment or decree for payment of the money due has been obtained, the event of default giving rise to such declaration of acceleration will be considered waived, and such declaration and its consequences will be considered rescinded and annulled, if:

we have
paid or
deposited
with the
trustee a
sum
sufficient
to pay:

(a) all
overdue
interest, if
any, on all
debt
securities
of that
series,

(b) the
principal
of and
premium,
if any, on
any debt
securities
of that
series
which
have
otherwise
become
due and
interest, if
any, that is
currently
due,
including
interest on
overdue
interest, if
any, and

(c) all
amounts
due to the

trustee
under the
indenture;
and

any other
event of
default with
respect to the
debt
securities of
that series
other than
the
nonpayment
of principal
of the
securities of
such series
which shall
have become
due solely by
such
declaration
of
acceleration,
has been
cured or
waived as
provided in
the
indenture.

There is no automatic acceleration, even in the event of our bankruptcy, insolvency or reorganization.

Subject to the provisions of the indenture relating to the duties of the trustee, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders of the debt securities, unless the holders shall have offered to the trustee reasonable indemnity, against costs, expenses and liabilities which might be incurred by it in compliance with the request or direction.

Subject to the provision for indemnification, the holders of a majority in principal amount of the debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee with respect to the debt securities of that series. However, if the event of default relates to more than one series of debt securities, only the holders of a majority in aggregate principal amount of all affected series will have the right to give this direction. However, the trustee shall have the right to decline to follow any direction if the trustee shall determine that the action so directed conflicts with any law or the provisions of the indenture or if the trustee shall determine that the action would be prejudicial to holders not taking part in the direction.

Satisfaction and Discharge

We will be discharged from our obligations on the debt securities of any series, or any portion of the principal amount of the debt securities of any series, if we:

irrevocably
deposit with
the trustee
sufficient
cash or
eligible
obligations
(or a
combination
of both) to
pay any
principal, or
portion of
principal,
interest,
premium and
other sums
when due on
the debt
securities at
their
maturity,
stated
maturity
date, or
redemption;
and

deliver to the
trustee:

- (a) a company
order stating
that the
money and
eligible
obligations
deposited in
accordance
with the
indenture
shall be held
in trust and
certain
opinions of
counsel and
of an

independent
public
accountant;

- (b) if such deposit shall have been made prior to the maturity of the debt securities of the series, an officer's certificate stating our intention that, upon delivery of the officer's certificate, our indebtedness in respect of those debt securities, or the portions thereof, will have been satisfied and discharged as contemplated in the indenture; and
- (c) an opinion of counsel to the effect that, as a result of a change in law or a ruling of the United States Internal Revenue Service, the holders of the debt securities of the series, or portions thereof, will not recognize income, gain or loss for

United States
federal
income tax
purposes as a
result of the
satisfaction
and discharge
of our
indebtedness
and will be
subject to
United States
federal
income tax on
the same
amounts, at
the same
times and in
the same
manner as if
we had not so
satisfied and
discharged
our
indebtedness.

For this purpose, eligible obligations include direct obligations of, or obligations unconditionally guaranteed by, the United States entitled to the benefit of the full faith and credit thereof and certificates, depositary receipts or other instruments which evidence a direct ownership interest in such obligations or in any specific interest or principal payments due in respect thereof and which do not contain provisions permitting their redemption or other prepayment at the option of the issuer thereof.

In the event that all of the conditions set forth above have been satisfied for any series of debt securities, or portions thereof, except that, for any reason, we have not delivered the officer's certificate and opinion described in clauses (b) and (c) above, the holders of those debt securities will no longer be entitled to the benefits of certain of our covenants under the indenture, including the covenant described above in Limitation on Liens. Our indebtedness in respect of those debt securities, however, will not be deemed to have been satisfied and discharged prior to maturity, and the holders of those debt securities may continue to look to us for payment of the indebtedness represented thereby.

The indenture will be deemed satisfied and discharged when no debt securities remain outstanding and when we have paid all other sums payable by us under the indenture. All moneys we pay to the trustee or any paying agent on debt securities which remain unclaimed at the end of two years after payments have become due will be paid to us or upon our order. Thereafter, the holder of those debt securities may look only to us for payment and not the trustee or any paying agent.

Resignation or Removal of Trustee

The trustee may resign at any time by giving written notice to us specifying the day upon which the resignation is to take effect. The resignation will take effect immediately upon the later of the appointment of a successor trustee and the specified day.

The trustee may be removed at any time by an instrument or concurrent instruments in writing delivered to the trustee and us and signed by the holders, or their attorneys-in-fact, representing a majority in principal amount of the then outstanding debt securities. In addition, under certain circumstances, we may remove the trustee upon notice to the holder of each debt security outstanding and the trustee, and appointment of a successor trustee.

Concerning the Trustee

The Bank of New York Mellon is the trustee under the indenture. We and our affiliates maintain other banking relationships in the ordinary course of business with the trustee and its affiliates.

Governing Law

The indenture and the debt securities are governed by and construed in accordance with the laws of the State of New York, except to the extent that the law of any other jurisdiction shall be mandatorily applicable.

DESCRIPTION OF SENIOR SECURED DEBT SECURITIES

The senior secured debt securities that we may offer from time to time by this prospectus may be issued as first mortgage bonds under our General Mortgage Indenture and Deed of Trust dated as of January 1, 1998, as amended and supplemented, or the mortgage indenture, to The Bank of New York Mellon, as trustee, or the mortgage trustee. Alternatively, we may issue senior secured debt securities as senior secured notes under a separate indenture with a trustee where the trustee holds first mortgage bonds issued under our mortgage indenture that are pledged as security for the benefit of holders of the senior secured notes. The particular terms of any series of our first mortgage bonds or senior secured notes and the material provisions of our mortgage indenture and,

as applicable, any senior secured note indenture will be described in the applicable prospectus supplement.

PLAN OF DISTRIBUTION

We may sell securities to one or more underwriters or dealers for public offering and sale by them, or we may sell the securities to investors directly or through agents. The prospectus supplement relating to the securities being offered will set forth the terms of the offering and the method of distribution and will identify any firms acting as underwriters, dealers or agents in connection with the offering, including:

the name or
names of any
underwriters;

the purchase
price of the
securities and
the proceeds to
us from the
sale;

any
underwriting
discounts and
other items
constituting
underwriters
compensation;

any public
offering price;

any discounts
or concessions
allowed or
reallowed or
paid to dealers;
and

any securities
exchange or
market on
which the
securities may
be listed.

Only those underwriters identified in the prospectus supplement are deemed to be underwriters in connection with the securities offered in the prospectus supplement.

We may distribute the securities from time to time in one or more transactions at a fixed price or prices, which may be changed, or at prices determined as the prospectus supplement specifies. We may sell securities through forward contracts or similar arrangements. In connection with the sale of securities, underwriters, dealers or agents may be

deemed to have received compensation from us in the form of underwriting discounts or commissions and also may receive commissions from securities purchasers for whom they may act as agent. Underwriters may sell the securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters or commissions from the purchasers for whom they may act as agent.

We may sell the securities directly or through agents we designate from time to time. Any agent involved in the offer or sale of the securities covered by this prospectus will be named in a prospectus supplement relating to such securities. Commissions payable by us to agents will be set forth in a prospectus supplement relating to the securities being offered. Unless otherwise indicated in a prospectus supplement, any such agents will be acting on a best-efforts basis for the period of their appointment.

Some of the underwriters, dealers or agents and some of their affiliates who participate in the securities distribution may engage in other transactions with, and perform other services for, us and our subsidiaries or affiliates in the ordinary course of business.

Any underwriting or other compensation which we pay to underwriters or agents in connection with the securities offering, and any discounts, concessions or commissions which underwriters allow to dealers, will be set forth in the applicable prospectus supplement. Underwriters, dealers and agents participating in the securities distribution may be deemed to be underwriters, and any discounts and commissions they receive and any profit they realize on the resale of the securities may be deemed to be underwriting discounts and commissions under the Securities Act. Underwriters, and their controlling persons, and agents may be entitled, under agreements we enter into with them, to indemnification against certain civil liabilities, including liabilities under the Securities Act.

LEGAL MATTERS

Unless otherwise indicated in the applicable prospectus supplement, the validity of the securities offered under this prospectus will be passed upon for us by Wendy L. Stark, Esq., Associate General Counsel of our parent corporation, FirstEnergy, and Akin Gump Strauss Hauer & Feld LLP, New York, New York. As of August 31, 2008, Ms. Stark owned approximately 6,186.857 shares of common stock of FirstEnergy and 3,618.72 shares of unvested restricted stock units. Additional legal matters may be passed on for us, or any underwriters, dealers or agents, by counsel we will name in the applicable prospectus supplement.

THE COMPANY

We are one of eight wholly-owned electric utility operating subsidiaries of FirstEnergy Corp., or FirstEnergy. We were organized under the laws of the State of Ohio in 1892 and own property and do business as an electric public utility in that state. We engage primarily in the distribution and sale of electric energy to communities in a 1,700 square mile area of northeastern Ohio. The area we serve has a population of approximately 1.9 million.

Our principal executive offices are located at 76 South Main Street, Akron, Ohio 44308-1890. Our telephone number is (800) 736-3402.

RISK FACTORS

Investing in our securities involves risks. Before purchasing any securities we offer, you should carefully consider the risk factors that are incorporated by reference herein from the section captioned Risk Factors in our Annual Report on Form 10-K for the year ended December 31, 2007 and our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2008 and, June 30, 2008, together with all of the other information included in this prospectus and any prospectus supplement and any other information that we have incorporated by reference, including annual, quarterly and other reports filed with the SEC subsequent to the date hereof. Any of these risks, as well as other risks and uncertainties, could harm our financial condition, results of operations or cash flows. See also Cautionary Note Regarding Forward-Looking Statements in this prospectus.

USE OF PROCEEDS

We intend to use the net proceeds we receive from issuance of these debt securities for general corporate purposes, unless otherwise specified in the prospectus supplement relating to a specific issue of debt securities. General corporate purposes may include, but are not limited to, financing and operating activities, capital expenditures, acquisitions, maintenance of our assets and refinancing our existing indebtedness.

RATIO OF EARNINGS TO FIXED CHARGES

The following table contains our consolidated ratio of earnings to fixed charges for the periods indicated. You should read these ratios in connection with our consolidated financial statements, including the notes to those statements, incorporated by reference in this prospectus.

	Year Ended December 31,					Six Months Ended June 30,	
	2003	2004	2005	2006	2007	2007	2008
Consolidated Ratio of Earnings to Fixed Charges	2.53	3.00	3.14	3.64	3.61	3.20	3.93

For purposes of the calculation of our consolidated ratio of earnings to fixed charges, earnings have been computed by adding to Income before extraordinary items total interest and other charges, before reduction for amounts capitalized, provision for income taxes and the estimated interest element of rentals charged to income, and fixed charges include interest on long-term debt, other interest expense, subsidiaries preferred stock dividend requirements and the estimated interest element of rentals charged to income.

DESCRIPTION OF SENIOR UNSECURED DEBT SECURITIES

The senior unsecured debt securities that we may offer from time to time by this prospectus, and which we refer to in this section as "debt securities", will be our senior unsecured debt securities and will rank equally with all of our other unsecured and unsubordinated debt. The debt securities will be issued under an indenture, dated as of December 1, 2003, between us and The Bank of New York Mellon Trust Company, N.A. The indenture gives us broad authority to set the particular terms of each series of debt securities, including the right to modify certain of the terms contained in the indenture. The particular terms of a series of debt securities and the extent, if any, to which such particular terms modify the terms of the indenture or otherwise vary from the terms

and provisions set forth below will be described in the prospectus supplement relating to those debt securities.

The indenture contains the full text of the matters described in this section. Because this section is a summary, it does not describe every aspect of the debt securities or the indenture. This summary is subject to and qualified in its entirety by reference to all the provisions of the indenture, including definitions of terms used in the indenture. You should read the indenture incorporated by reference as an exhibit to the registration statement of which this prospectus is a part. Whenever we refer to particular sections or defined terms of the indenture in this prospectus or in a prospectus supplement, these sections or defined terms are incorporated by reference herein or in the prospectus supplement. This summary also is subject to and qualified by reference to the description of the particular terms of the debt securities described in the applicable prospectus supplement or supplements.

If applicable, the prospectus supplement relating to an issue of debt securities will describe any special United States federal income tax considerations relevant to those debt securities.

There is no requirement under the indenture that future issues of our debt securities be issued under the indenture. We will be free to use other indentures or documentation, containing provisions different from those included in the indenture or applicable to one or more issues of debt securities, in connection with future issues of other debt securities. The provisions of any such other indentures or documentation will be described in the applicable prospectus supplement.

General

The indenture does not limit the aggregate principal amount of debt securities that we may issue under the indenture. The indenture provides that the debt securities may be issued in one or more series. The debt securities may be issued at various times and may have differing maturity dates and may bear interest at differing rates. We need not issue all debt securities of one series at the same time and, unless otherwise provided, we may reopen a series, without the consent of the holders of the debt securities of that series, for issuances of additional debt securities of that series.

Prior to the issuance of each series of debt securities, the terms of the particular securities will be specified in a supplemental indenture, a board resolution or one or more officers' certificates authorized pursuant to a board resolution. We refer you to the applicable prospectus supplement for a description of the following terms of the particular series of debt securities offered thereby:

the

principal

to whom
any interest

the date or dates on which the principal of the debt securities will be payable or how the date or dates will be determined;

the rate or rates at which the debt securities will bear interest, if any, or how the rate or rates will be determined, and the date or dates from which interest will accrue;

the dates on which interest will be payable;

that would

to purchase
or redeem
the debt
securities;

the

100%, of
the principal

the debt
securities
that will be
payable if
the maturity

under the

any
collateral

for the debt

and

any other
specific
terms
applicable
to the debt
securities.

Unless we otherwise indicate in the applicable prospectus supplement, the debt securities will be denominated in United States currency in minimum denominations of \$1,000 and multiples of \$1,000.

Unless we otherwise indicate in the applicable prospectus supplement, there are no provisions in the indenture or the debt securities that require us to redeem, or permit the holders to cause a redemption of, the debt securities or that otherwise protect the holders in the event that we incur substantial additional indebtedness, whether or not in connection with a change in control of our company.

If applicable, the prospectus supplement relating to an issue of debt securities will describe any special United States federal income tax considerations relevant to those debt securities.

Payment and Paying Agents

Unless otherwise indicated in a prospectus supplement, we will pay interest on our debt securities on each interest payment date by wire transfer to an account at a banking institution in the United States that is designated in writing to the trustee by the person entitled to that payment or by check mailed to the person in whose name the debt security is registered as of the close of business on the regular record date relating to the interest payment date, except that interest payable at stated maturity, upon redemption or otherwise, will be paid to the person to whom principal is paid. However, if we default in paying interest on a debt security, we may pay defaulted interest to the registered owner of the debt security as of the close of business on a special record date selected by the trustee, which will be between 10 and 15 days before the date we propose for payment of the defaulted interest, or in any other lawful manner of payment that is consistent with the requirements of any securities exchange on which the debt securities may be listed for trading, if the trustee finds it practicable.

Redemption

We will set forth any terms for the redemption of debt securities in a prospectus supplement. Unless we indicate differently in a prospectus supplement, and except with respect to debt securities redeemable at the option of the registered holder, debt securities will be redeemable upon notice by mail between 30 and 60 days prior to the

redemption date. If less than all of the debt securities of any series or any tranche of a series are to be redeemed, the trustee will select the debt securities to be redeemed and will choose the method of random selection it deems fair and appropriate.

Debt securities will cease to bear interest on the redemption date. We will pay the redemption price and any accrued and unpaid interest to the redemption date once you surrender the debt security for redemption. If only part of a debt security is redeemed, the trustee will deliver to you a new debt security of the same series for the remaining portion without charge.

We may make any redemption conditional upon the receipt by the paying agent, on or prior to the date fixed for redemption, of money sufficient to pay the redemption price. In this circumstance, if the paying agent has not received the money by the date fixed for redemption, we will not be required to redeem the debt securities.

Registration, Transfer and Exchange

The debt securities will be issued without interest coupons unless otherwise indicated in the applicable prospectus supplement. Debt securities of any series will be exchangeable for other debt securities of the same series of any authorized denominations and of a like aggregate principal amount and tenor, unless otherwise indicated in the applicable prospectus supplement.

Unless we otherwise indicate in the applicable prospectus supplement, debt securities may be presented for registration of transfer, duly endorsed or accompanied by a duly executed written instrument of transfer, at the office or agency maintained for this purpose, without service charge except for reimbursement of taxes and other governmental charges as described in the indenture.

In the event of any redemption of debt securities of any series, the trustee will not be required to exchange or register a transfer of any debt securities of the series selected, called or being called for redemption except the unredeemed portion of any debt security being redeemed in part.

Certain Covenants

Limitation on Liens

The indenture provides that, so long as any debt securities are outstanding, we may not issue, assume, guarantee or permit to exist any Debt (as defined below) that is secured by any mortgage, security interest, pledge or lien (Lien) of or upon any of our Operating Property (as defined below), whether owned at the date of the indenture or subsequently acquired, without effectively securing such debt securities (together with, if we so determine, any of our other indebtedness ranking equally with such debt securities) equally and ratably with that Debt (but only so long as that Debt is so secured).

The foregoing restriction will not apply to:

- (1) Liens on any Operating Property existing at the time of its acquisition (which Liens may also extend to subsequent repairs, alterations and improvements to that Operating Property);
- (2) Liens on operating property of a corporation existing at the time such corporation is merged into or consolidated with, or at the time the corporation sells,

leases or otherwise disposes of its properties (or those of a division) as or substantially as an entirety to, us;

- (3) Liens on Operating Property to secure the costs of acquisition, construction, development or substantial repair, alteration or improvement of property or to secure Debt incurred to provide funds for any of those purposes or for reimbursement of funds previously expended for any of those purposes, provided the Liens are created or assumed contemporaneously with, or within 18 months after, the acquisition or the completion of substantial repair or alteration, construction, development or substantial improvement;
- (4) Liens in favor of any state or any department, agency or instrumentality or political subdivision of any state, or for the benefit of holders of securities issued by any such entity (or providers of credit

enhancement with respect to those securities), to secure any Debt (including, without limitation, our obligations with respect to industrial development, pollution control or similar revenue bonds) incurred for the purpose of financing or refinancing all or any part of the purchase price or the cost of substantially repairing or altering, constructing, developing or substantially improving property which at the time of such purchase, repair, alteration, construction, development or improvement was owned or operated by us;

- (5) Liens securing Debt outstanding as of the date of issuance of the debt securities as the first series of debt securities issued under the indenture;
- (6) Liens securing Debt which matures less than 12 months from its issuance or incurrence and is not extendible at our option;

- (7) Liens on Operating Property which is the subject of a lease agreement designating us as lessee and all of our right, title and interest in such Operating Property and such lease agreement, whether or not such lease agreement is intended as security;

- (8) Liens for taxes and similar levies, deposits to secure performance or obligations under certain specified circumstances and laws, mechanics and other similar Liens arising in the ordinary course of business, Liens created by or resulting from legal proceedings being contested in good faith, and certain other similar Liens arising in the ordinary course of business;

- (9) Liens related to moneys held in trust by the trustee for the benefit of the holders of the debt securities; or
- (10) any extension, renewal or replacement (or successive extensions, renewals or replacements), in whole or in part, of any Lien referred to in clauses (1) through (9), provided, however, that the principal amount of Debt secured thereby and not otherwise authorized by clauses (1) through (9), must not exceed the principal amount of Debt, plus any premium or fee payable in connection with the extension, renewal or replacement, so secured at the time of the extension, renewal or replacement.

However, the foregoing restriction will not apply to our issuance, assumption or guarantee of Debt secured by a Lien which would otherwise be subject to the foregoing restriction up to an aggregate amount which, together with all of

our other secured Debt then outstanding (not including secured Debt permitted under any of the foregoing exceptions) and the Value (as defined below) of Sale and Lease-Back Transactions (as defined below) existing at that time (other than Sale and Lease-Back Transactions the proceeds of which have been applied to the retirement of certain indebtedness, Sale and Lease-Back Transactions in which the property involved would have been permitted to be subjected to a Lien under any of the foregoing exceptions in clauses (1) to (10) and Sale and Lease-Back Transactions that are permitted by the first sentence of *Limitation on Sale and Lease-Back Transactions* below), does not exceed the greater of 15% of our Net Tangible Assets and 15% of Capitalization (as those terms are defined below), in each case, determined in accordance with generally accepted accounting principles (GAAP) and as of a date not more than 60 days prior to such issuance, assumption or guarantee of debt. As of June 30, 2008, our Net Tangible Assets were \$1.5 billion and our Capitalization was \$3.1 billion.

Limitation on Sale and Lease-Back Transactions

The indenture provides that so long as any debt securities are outstanding, we may not enter into or permit to exist, any Sale and Lease-Back Transaction with respect to any Operating Property (except for transactions involving leases for a term, including renewals, of not more than 48 months), if the purchasers' commitment is obtained more than 18 months after the later of the completion of the acquisition, construction or development of that Operating Property or the placing in operation of that Operating Property or of that Operating Property as constructed or developed or substantially repaired, altered or improved.

This restriction will not apply if:

we would be entitled pursuant to any of the provisions described in clauses (1) to (10) of the first sentence of the second paragraph under *Limitation on Liens* above to issue, assume, guarantee or permit to exist Debt secured by a Lien on that Operating Property without equally and ratably

securing the
debt
securities;

after giving
effect to a
Sale and
Lease-Back
Transaction,
we could
incur
pursuant to
the
provisions
described in
the last
paragraph
under

Limitation
on Liens
above, at
least \$1.00
of additional
Debt secured
by Liens
(other than
Liens
permitted by
the
preceding
paragraph);
or

we apply
within 180
days an
amount
equal to, in
the case of a
sale or
transfer for
cash, the net
proceeds
(not
exceeding
the net book
value), and,
otherwise,
an amount
equal to the
fair value (as

determined
by our Board
of Directors)
of the
Operating
Property so
leased, to the
retirement of
debt
securities or
other of our
Debt ranking
equally with
the debt
securities,

180-day
period

The term **Capitalization**, as used above, means the total of all the following items appearing on, or included in, our consolidated balance sheet: (i) liabilities for indebtedness maturing more than 12 months from the date of determination; and (ii) common stock, preferred stock, premium on capital stock, capital surplus, capital in excess of par value, and retained earnings (however the foregoing may be designated), less, to the extent not otherwise deducted, the cost of shares of our capital stock held in our treasury.

The term **Debt**, as used above, means any outstanding debt for money borrowed evidenced by notes, debentures, bonds, or other securities.

The term **Net Tangible Assets**, as used above, means the amount shown as total assets on our consolidated balance sheet, less the following: (i) intangible assets including, but without limitation, such items as goodwill, trademarks, trade names, patents, and unamortized debt discount and expense and other regulatory assets carried as an asset on our consolidated balance sheet; (ii) current liabilities; and (iii) appropriate adjustments, if any, related to minority interests. Such amounts shall be determined in accordance with generally accepted accounting principles and practices applicable to the type of business in which we are engaged and may be determined as a date not more than sixty (60) days prior to the happening of the event for which such determination is being made.

The term **Operating Property**, as used above, means (i) any interest in real property owned by us and (ii) any asset owned by us that is depreciable in accordance with GAAP.

The term **Sale and Lease-Back Transaction**, as used above, means any arrangement with any person providing for the leasing to us of any Operating Property (except for leases for a term, including any renewals, of not more than 48 months), which Operating Property has been or is to be sold or transferred by us to such person; provided, however, Sale and Lease-Back Transaction does not include any arrangement first entered into prior to the date of the indenture and involving the exchange of any Operating Property for any property subject to an arrangement first entered into prior to the date of the indenture.

The term **Value**, as used above, means, with respect to a Sale and Lease-Back Transaction, as of any particular time, the amount equal to the greater of (i) the net proceeds to us from the sale or transfer of the property leased pursuant to the Sale and Lease-Back Transaction or (ii) the net book value of the property leased, as determined by us in

accordance with GAAP, in either case multiplied by a fraction, the numerator of which will be equal to the number of full years of the term of the lease that is part of the Sale and Lease-Back Transaction remaining at the time of determination and the denominator of which will be equal to the number of full years of the term of the lease, without regard, in any case, to any renewal or extension options contained in the lease.

Consolidation, Merger, Conveyance, Sale or Transfer

We have agreed not to consolidate with or merge into any other entity or convey, sell or otherwise transfer our properties and assets substantially as an entirety to any entity unless:

the successor
is an entity
organized and
existing
under the
laws of the
United States
of America or
any State of
the United
States or the
District of
Columbia;

the successor
expressly
assumes by a
supplemental
indenture the
due and
punctual
payment of
the principal
of, and
premium, if
any, and
interest, if
any, on all the
outstanding
debt
securities
under the
indenture and
the
performance
of every
covenant of
the indenture
that we would
otherwise

have to
perform or
observe; and

immediately
after giving
effect to the
transactions,
no event of
default with
respect to any
series of debt
securities and
no event
which after
notice or
lapse of time
or both would
become an
event of
default with
respect to any
series of debt
securities
shall have
occurred and
be
continuing.

Modification of the Indenture

Under the indenture or any supplemental indenture, the rights of the holders of debt securities may be changed with the consent of the holders representing a majority in principal amount of the outstanding debt securities of all series affected by the change, voting as one class, provided that the following changes may not be made without the consent of the holders of each outstanding debt security affected thereby:

change the
fixed date
upon which
the principal
of or the
interest on
any debt
security is
due and
payable, or
reduce the
principal
amount
thereof or the
rate of
interest
thereon or
change the
method of
calculating
such rate of
interest or
reduce any
premium
payable upon
the
redemption
thereof, or

discount
security that
would be
payable upon
a declaration
of
acceleration
of the
maturity
thereof, or

change the
currency in
which, any
debt security
or any
premium, if
any, or the
interest
thereon is
payable, or
impair the
right to
institute suit
for the
enforcement
of any
payment on
or after the
date such
payment is
due or, in the
case of
redemption,
on or after
the date fixed
for such
redemption;

reduce the
stated
percentage of
debt
securities,
the consent
of the
holders of
which is
required for
any
modification
of the
applicable
indenture or
for waiver by
the holders
of certain of
their rights;
or

modify
certain

provisions of
the
indenture.

An original issue discount security means any security authenticated and delivered under the indenture which provides for an amount less than the principal amount thereof to be due and payable upon the declaration of acceleration of the maturity thereof.

The indenture also permits us and the trustee to amend the indenture without the consent of the holders of any debt securities for any of the following purposes:

to evidence
the
assumption
by any
permitted
successor of
our
covenants in
the
indenture
and in the
debt
securities;

to add to the
covenants
with which
we must
comply or to
surrender
any of our
rights or
powers
under the
indenture;

to add
additional
events of
default;

to change,
eliminate, or
add any
provision to
the
indenture;
provided,
however, if
the change,

elimination,
or addition
will
adversely
affect the
interests of
the holders
of debt
securities of
any series,
other than
any series
the terms of
which
permit such
change,
elimination
or addition,
in any
material
respect,
such
change,
elimination,
or addition
will become
effective
with respect
to such
series only:

- (1) when the
consent of
the holders
of debt
securities of
such series
has been
obtained in
accordance
with the
indenture;
or
- (2) when no
debt
securities of
such series
remain
outstanding
under the

indenture;

to provide
collateral
security for all
of the debt
securities;

to establish the
form or terms
of debt
securities of
any other series
as permitted by
the indenture;

to provide for
the
authentication
and delivery of
bearer
securities and
coupons
attached
thereto and for
the registration,
exchange and
replacement
thereof and for
the giving of
notice to, and
the solicitation
of the vote or
consent of the
holders of the
debt securities;

to evidence and
provide for the
acceptance of
appointment of
a successor
trustee;

to provide for
the procedures
required for use
of a
noncertificated
system of
registration for

the debt
securities of all
or any series;

to change any
place where
debt securities
may be
surrendered for
registration of
transfer or
exchange, and
notices to us
may be served;
or

to cure any ambiguity or inconsistency or to make any other provisions with respect to matters and questions arising under the indenture; provided that such action shall not adversely affect the interests of the holders of debt securities of any series in any material respect.

Events of Default

An event of default with respect to any series of debt securities is defined in the indenture as being any one of the following:

failure to pay interest on the debt securities of that series for 30 days after payment is due, provided, however, if applicable to that series, that a valid extension of the interest payment period by us as contemplated in the indenture will not constitute a failure to pay

interest;

failure to pay principal of or any premium on the debt securities of that series when due, whether at stated maturity or upon earlier acceleration or redemption;

failure to perform or breach of any covenant or warranty in the indenture for 90 days after we are given written notice from the trustee or the trustee receives written notice from the registered owners of at least 33% in principal amount of the debt securities of that series; however, the trustee or the trustee and the holders of such principal amount of debt securities of that series can agree to an extension of the 90-day period and such an agreement to extend will automatically be deemed to

occur if we are
diligently
pursuing action
to correct the
default;

certain events
of bankruptcy,
insolvency,
reorganization,
receivership or
liquidation
relating to us;
and

any other event
of default
included in the
supplemental
indenture,
board
resolution or
officer s
certificate for
that series of
debt securities.

An event of default regarding a particular series of debt securities will not necessarily constitute an event of default for any other series of debt securities.

We will be required to file annually with the trustee an officer s certificate as to the absence of default in performance of certain covenants in the indenture. The indenture provides that the trustee may withhold notice to the holders of the debt securities of any default, except in the case of default in the payment of principal of, or premium, if any, or interest, if any, on the debt securities or in the payment of any sinking fund installment with respect to the debt securities, if the trustee in good faith determines that it is in the interest of the holders of the debt securities to do so.

The indenture provides that, if an event of default with respect to the debt securities of any series occurs and continues, either the trustee or the holders of 33% or more in aggregate principal amount of the debt securities of that series may declare the principal amount of all the debt securities to be due and payable immediately. However, if the event of default is applicable to all outstanding debt securities under the indenture, or if related to certain events of bankruptcy, insolvency, reorganization, arrangement, adjustment, composition or other similar events, only the trustee or holders of at least 33% in principal amount of all outstanding debt securities of all series, voting as one class, and not the holders of any one series, may make such a declaration of acceleration.

At any time after a declaration of acceleration with respect to the debt securities of any series has been made and before a judgment or decree for payment of the money due has been obtained, the event of default giving rise to such declaration of acceleration will be considered waived, and such declaration and its consequences will be considered rescinded and annulled, if:

we have
paid or

deposited
with the
trustee a
sum
sufficient
to pay:

- (1) all
overdue
interest, if
any, on all
debt
securities
of that
series,

- (2) the
principal
of and
premium,
if any, on
any debt
securities
of that
series
which
have
otherwise
become
due and
interest, if
any, that
is
currently
due,
including
interest on
overdue
interest, if
any, and

(3) all
amounts
due to the
trustee
under the
indenture;
and

any other
event of
default with
respect to the
debt
securities of
that series
other than
the
nonpayment
of principal
of the
securities of
such series
which shall
have become
due solely by
such
declaration
of
acceleration,
has been
cured or
waived as
provided in
the
indenture.

There is no automatic acceleration, even in the event of our bankruptcy, insolvency or reorganization.

Subject to the provisions of the indenture relating to the duties of the trustee, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders of the debt securities, unless the holders shall have offered to the trustee reasonable indemnity, against costs, expenses and liabilities which might be incurred by it in compliance with the request or direction.

Subject to the provision for indemnification, the holders of a majority in principal amount of the debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee with respect to the debt securities of that series. However, if the event of default relates to more than one series of debt securities, only the holders of a majority in aggregate principal amount of all affected series will have the right to give this direction. However, the trustee shall have the right to decline to follow any direction if the trustee shall determine that the action so directed conflicts with any law or the provisions of the indenture or if the trustee shall determine that the action would be prejudicial to holders not taking part in the direction.

Satisfaction and Discharge

We will be discharged from our obligations on the debt securities of any series, or any portion of the principal amount of the debt securities of any series, if we:

- (1) irrevocably deposit with the trustee sufficient cash or eligible obligations (or a combination of both) to pay any principal, or portion of principal, interest, premium and other sums when due on the debt securities at their maturity, stated maturity date, or redemption; and
- (2) deliver to the trustee:
 - (a) a company order stating that the money and eligible obligations deposited in accordance with the indenture shall be held in trust and certain opinions of

counsel and
of an
independent
public
accountant;

- (b) if such
deposit shall
have been
made prior to
the maturity
of the debt
securities of
the series, an
officer's
certificate
stating our
intention that,
upon delivery
of the officer's
certificate,
our
indebtedness
in respect of
those debt
securities, or
the portions
thereof, will
have been
satisfied and
discharged as
contemplated
in the
indenture; and

- (c) an opinion of
counsel to the
effect that, as
a result of a
change in law
or a ruling of
the United
States Internal
Revenue
Service, the
holders of the
debt securities
of the series,
or portions
thereof, will
not recognize

income, gain
or loss for
United States
federal
income tax
purposes as a
result of the
satisfaction
and discharge
of our
indebtedness
and will be
subject to
United States
federal
income tax on
the same
amounts, at
the same
times and in
the same
manner as if
we had not so
satisfied and
discharged
our
indebtedness.

For this purpose, eligible obligations include direct obligations of, or obligations unconditionally guaranteed by, the United States entitled to the benefit of the full faith and credit thereof and certificates, depositary receipts or other instruments which evidence a direct ownership interest in such obligations or in any specific interest or principal payments due in respect thereof and which do not contain provisions permitting their redemption or other prepayment at the option of the issuer thereof.

In the event that all of the conditions set forth above have been satisfied for any series of debt securities, or portions thereof, except that, for any reason, we have not delivered the officer's certificate and opinion described in clauses (b) and (c) above, the holders of those debt securities

will no longer be entitled to the benefits of certain of our covenants under the indenture, including the covenant described above in Limitation on Liens. Our indebtedness in respect of those debt securities, however, will not be deemed to have been satisfied and discharged prior to maturity, and the holders of those debt securities may continue to look to us for payment of the indebtedness represented thereby.

The indenture will be deemed satisfied and discharged when no debt securities remain outstanding and when we have paid all other sums payable by us under the indenture. All moneys we pay to the trustee or any paying agent on debt securities which remain unclaimed at the end of two years after payments have become due will be paid to us or upon our order. Thereafter, the holder of those debt securities may look only to us for payment and not the trustee or any paying agent.

Resignation or Removal of Trustee

The trustee may resign at any time by giving written notice to us specifying the day upon which the resignation is to take effect. The resignation will take effect immediately upon the later of the appointment of a successor trustee and the specified day.

The trustee may be removed at any time by an instrument or concurrent instruments in writing delivered to the trustee and us and signed by the holders, or their attorneys-in-fact, representing a majority in principal amount of the then outstanding debt securities. In addition, under certain circumstances, we may remove the trustee upon notice to the holder of each debt security outstanding and the trustee, and appointment of a successor trustee.

Concerning the Trustee

The Bank of New York Mellon Trust Company, N.A. is the successor trustee under the indenture. We and our affiliates maintain other banking relationships in the ordinary course of business with the trustee and its affiliates.

Governing Law

The indenture and the debt securities are governed by and construed in accordance with the laws of the State of New York, except to the extent that the law of any other jurisdiction shall be mandatorily applicable.

DESCRIPTION OF SENIOR SECURED DEBT SECURITIES

The senior secured debt securities that we may offer from time to time by this prospectus may be issued as first mortgage bonds under our Mortgage and Deed of Trust dated July 1, 1940, as amended and supplemented, or the mortgage indenture, to JPMorgan Chase Bank, N.A., as trustee, or the mortgage trustee. Alternatively, we may issue senior secured debt securities as senior secured notes under a separate indenture with a trustee where the trustee holds first mortgage bonds issued under our mortgage indenture that are pledged as security for the benefit of holders of the senior secured notes. The particular terms of any series of our first mortgage bonds or senior secured notes and the material provisions of our mortgage indenture and, as applicable, any senior secured note indenture will be described in the applicable prospectus supplement.

PLAN OF DISTRIBUTION

We may sell securities to one or more underwriters or dealers for public offering and sale by them, or we may sell the securities to investors directly or through agents. The prospectus supplement relating to the securities being offered will set forth the terms of the offering and the method of distribution and will identify any firms acting as underwriters, dealers or agents in connection with the offering, including:

the name or
names of any
underwriters;

the purchase

which the

be listed.

Only those underwriters identified in the prospectus supplement are deemed to be underwriters in connection with the securities offered in the prospectus supplement.

We may distribute the securities from time to time in one or more transactions at a fixed price or prices, which may be changed, or at prices determined as the prospectus supplement specifies. We may sell securities through forward contracts or similar arrangements. In connection with the sale of securities, underwriters, dealers or agents may be deemed to have received compensation from us in the form of underwriting discounts or commissions and also may receive commissions from securities purchasers for whom they may act as agent. Underwriters may sell the securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters or commissions from the purchasers for whom they may act as agent.

We may sell the securities directly or through agents we designate from time to time. Any agent involved in the offer or sale of the securities covered by this prospectus will be named in a prospectus supplement relating to such securities. Commissions payable by us to agents will be set forth in a prospectus supplement relating to the securities being offered. Unless otherwise indicated in a prospectus supplement, any such agents will be acting on a best-efforts basis for the period of their appointment.

Some of the underwriters, dealers or agents and some of their affiliates who participate in the securities distribution may engage in other transactions with, and perform other services for, us and our subsidiaries or affiliates in the

ordinary course of business.

Any underwriting or other compensation which we pay to underwriters or agents in connection with the securities offering, and any discounts, concessions or commissions which underwriters allow to dealers, will be set forth in the applicable prospectus supplement. Underwriters, dealers and agents participating in the securities distribution may be deemed to be underwriters, and any discounts and commissions they receive and any profit they realize on the resale of the securities may be deemed to be underwriting discounts and commissions under the Securities Act.

Underwriters, and their controlling persons, and agents may be entitled, under agreements we enter into with them, to indemnification against certain civil liabilities, including liabilities under the Securities Act.

LEGAL MATTERS

Unless otherwise indicated in the applicable prospectus supplement, the validity of the securities offered under this prospectus will be passed upon for us by Wendy L. Additional legal matters may be passed on for us, or any underwriters, dealers or agents, by counsel we will name in the applicable prospectus supplement.

THE COMPANY

We are one of eight wholly-owned electric utility operating subsidiaries of FirstEnergy Corp., or FirstEnergy. We were organized under the laws of the State of Ohio in 1901 and own property and do business as an electric public utility in that state. We engage primarily in the distribution and sale of electric energy in an area of approximately 2,500 square miles in northwestern Ohio. The area we serve has a population of approximately 0.8 million.

Our principal executive offices are located at 76 South Main Street, Akron, Ohio 44308-1890. Our telephone number is (800) 736-3402.

RISK FACTORS

Investing in our securities involves risks. Before purchasing any securities we offer, you should carefully consider the risk factors that are incorporated by reference herein from the section captioned Risk Factors in our Annual Report on Form 10-K for the year ended December 31, 2007 and our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2008 and June 30, 2008, together with all of the other information included in this prospectus and any prospectus supplement and any other information that we have incorporated by reference, including annual, quarterly and other reports filed with the SEC subsequent to the date hereof. Any of these risks, as well as other risks and uncertainties, could harm our financial condition, results of operations or cash flows. See also Cautionary Note Regarding Forward-Looking Statements in this prospectus.

USE OF PROCEEDS

We intend to use the net proceeds we receive from issuance of these debt securities for general corporate purposes, unless otherwise specified in the prospectus supplement relating to a specific issue of debt securities. General corporate purposes may include, but are not limited to, financing and operating activities, capital expenditures, acquisitions, maintenance of our assets and refinancing our existing indebtedness.

RATIO OF EARNINGS TO FIXED CHARGES

The following table contains our consolidated ratio of earnings to fixed charges for the periods indicated. You should read these ratios in connection with our consolidated financial statements, including the notes to those statements, incorporated by reference in this prospectus.

	Year Ended December 31,					Six Months Ended June 30,	
	2003	2004	2005	2006	2007	2007	2008
Consolidated Ratio of Earnings to Fixed Charges	1.20	2.19	2.48	2.59	2.58	2.38	2.76

For purposes of the calculation of ratio of earnings to fixed charges, earnings have been computed by adding to Income before extraordinary items total interest and other charges, before reduction for amounts capitalized, provision for income taxes and the estimated interest element of rentals charged to income, and. fixed charges include interest on long-term debt, other interest expense, subsidiaries preferred stock dividend requirements and the estimated interest element of rentals charged to income.

DESCRIPTION OF SENIOR UNSECURED DEBT SECURITIES

The senior unsecured debt securities that we may offer from time to time by this prospectus, and which we refer to in this section as "debt securities", will be our senior unsecured debt securities and will rank equally with all of our other unsecured and unsubordinated debt. The debt securities will be issued under an indenture, dated as of November 1, 2006, between us and The Bank of New York Mellon Trust Company, N.A., as trustee. The indenture gives us broad authority to set the particular terms of each series of debt securities, including the right to modify certain of the terms contained in the indenture. The particular terms of a series of debt securities and the extent, if any, to which such particular terms modify the terms of the indenture or otherwise vary

from the terms and provisions set forth below will be described in the prospectus supplement relating to those debt securities.

The indenture contains the full text of the matters described in this section. Because this section is a summary, it does not describe every aspect of the debt securities or the indenture. This summary is subject to and qualified in its entirety by reference to all the provisions of the indenture, including definitions of terms used in the indenture. You should read the indenture incorporated by reference as an exhibit to the registration statement of which this prospectus is a part. Whenever we refer to particular sections or defined terms of the indenture in this prospectus or in a prospectus supplement, these sections or defined terms are incorporated by reference herein or in the prospectus supplement. This summary also is subject to and qualified by reference to the description of the particular terms of the debt securities described in the applicable prospectus supplement or supplements. Certain capitalized terms used in this prospectus are defined in the indenture.

If applicable, the prospectus supplement relating to an issue of debt securities will describe any special United States federal income tax considerations relevant to those debt securities.

There is no requirement under the indenture that future issues of our debt securities be issued under the indenture. We will be free to use other indentures or documentation, containing provisions different from those included in the indenture or applicable to one or more issues of debt securities, in connection with future issues of other debt securities. The provisions of any such other indentures or documentation will be described in the applicable prospectus supplement.

General

The indenture does not limit the aggregate principal amount of debt securities that we may issue under the indenture. The indenture provides that the debt securities may be issued in one or more series. The debt securities may be issued at various times and may have differing maturity dates and may bear interest at differing rates. We need not issue all debt securities of one series at the same time and, unless otherwise provided, we may reopen a series, without the consent of the holders of the debt securities of that series, for issuances of additional debt securities of that series.

Prior to the issuance of each series of debt securities, the terms of the particular securities will be specified in a supplemental indenture, a board resolution or one or more officers' certificates authorized pursuant to a board resolution. We refer you to the applicable prospectus supplement for a description of the following terms of the particular series of debt securities offered thereby:

securities.

Unless we otherwise indicate in the applicable prospectus supplement, the debt securities will be denominated in United States currency in minimum denominations of \$1,000 and multiples of \$1,000.

Unless we otherwise indicate in the applicable prospectus supplement, there are no provisions in the indenture or the debt securities that require us to redeem, or permit the holders to cause a redemption of, the debt securities or that otherwise protect the holders in the event that we incur substantial additional indebtedness, whether or not in connection with a change in control of our company.

If applicable, the prospectus supplement relating to an issue of debt securities will describe any special United States federal income tax considerations relevant to those debt securities.

Payment and Paying Agents

Unless otherwise indicated in a prospectus supplement, we will pay interest on our debt securities on each interest payment date by wire transfer to an account at a banking institution in the United States that is designated in writing to the trustee by the person entitled to that payment or by check mailed to the person in whose name the debt security is registered as of the close of business on the regular record date relating to the interest payment date, except that interest payable at stated maturity, upon redemption or otherwise, will be paid to the person to whom principal is paid. However, if we default in paying interest on a debt security, we may pay defaulted interest to the registered owner of the debt security as of the close of business on a special record date selected by the trustee, which will be between 10 and 15 days before the date we propose for payment of the defaulted interest, or in any other lawful manner of payment that is consistent with the requirements of any securities exchange on which the debt securities may be listed for trading, if the trustee finds it practicable.

Redemption

We will set forth any terms for the redemption of debt securities in a prospectus supplement. Unless we indicate differently in a prospectus supplement, and except with respect to debt securities redeemable at the option of the registered holder, debt securities will be redeemable upon notice by mail between 30 and 60 days prior to the

redemption date. If less than all of the debt securities of any series or any tranche of a series are to be redeemed, the trustee will select the debt securities to be redeemed and will choose the method of random selection it deems fair and appropriate.

Debt securities will cease to bear interest on the redemption date. We will pay the redemption price and any accrued and unpaid interest to the redemption date once you surrender the debt security for redemption. If only part of a debt security is redeemed, the trustee will deliver to you a new debt security of the same series for the remaining portion without charge.

We may make any redemption conditional upon the receipt by the paying agent, on or prior to the date fixed for redemption, of money sufficient to pay the redemption price. In this circumstance, if the paying agent has not received the money by the date fixed for redemption, we will not be required to redeem the debt securities.

Registration, Transfer and Exchange

The debt securities will be issued without interest coupons unless otherwise indicated in the applicable prospectus supplement. Debt securities of any series will be exchangeable for other debt securities of the same series of any authorized denominations and of a like aggregate principal amount and tenor, unless otherwise indicated in the applicable prospectus supplement.

Unless we otherwise indicate in the applicable prospectus supplement, debt securities may be presented for registration of transfer, duly endorsed or accompanied by a duly executed written instrument of transfer, at the office or agency maintained for this purpose, without service charge except for reimbursement of taxes and other governmental charges as described in the indenture.

In the event of any redemption of debt securities of any series, the trustee will not be required to exchange or register a transfer of any debt securities of the series selected, called or being called for redemption except the unredeemed portion of any debt security being redeemed in part.

Certain Covenants

Limitation on Liens

The indenture provides that, so long as any debt securities are outstanding, we may not issue, assume, guarantee or permit to exist any Debt (as defined below) that is secured by any mortgage, security interest, pledge or lien (*Lien*) of or upon any of our Operating Property (as defined below), whether owned at the date of the indenture or subsequently acquired, without effectively securing such debt securities (together with, if we so determine, any of our other indebtedness ranking equally with such debt securities) equally and ratably with that Debt (but only so long as that Debt is so secured).

The foregoing restriction will not apply to:

- (1) Liens on any Operating Property existing at the time of its acquisition (which Liens may also extend to subsequent repairs, alterations and improvements to that Operating Property);
- (2) Liens on Operating Property of a corporation existing at the time the corporation is merged into or consolidated with, or at the time the corporation

disposes of its properties (or those of a division) as or substantially as an entirety to, us;

- (3) Liens on Operating Property to secure the costs of acquisition, construction, development or substantial repair, alteration or improvement of property or to secure Debt incurred to provide funds for any of those purposes or for reimbursement of funds previously expended for any of those purposes, provided the Liens are created or assumed contemporaneously with, or within 18 months after, the acquisition or the completion of substantial repair or alteration, construction, development or substantial improvement;
- (4) Liens in favor of any state or any department, agency or instrumentality or political subdivision of any state, or for the benefit of holders of securities issued by any such entity (or providers of credit enhancement with

respect to those securities), to secure any Debt (including, without limitation, our obligations with respect to industrial development, pollution control or similar revenue bonds) incurred for the purpose of financing or refinancing all or any part of the purchase price or the cost of substantially repairing or altering, constructing, developing or substantially improving property which at the time of such purchase, repair, alteration, construction, development or improvement was owned or operated by us;

- (5) Liens securing Debt outstanding as of the date of issuance of the debt securities as the first series of debt securities issued under the indenture;
- (6) Liens securing Debt which matures less than 12 months from its issuance or incurrence and is not extendible at our option;

- (7) Liens on Operating Property which is the subject of a lease agreement designating us as lessee and all of our right, title and interest in such Operating Property and such lease agreement, whether or not such lease agreement is intended as security;
- (8) Liens for taxes and similar levies, deposits to secure performance or obligations under certain specified circumstances and laws, mechanics and other similar Liens arising in the ordinary course of business, Liens created by or resulting from legal proceedings being contested in good faith, and certain other similar Liens arising in the ordinary course of business;

- (9) Liens related to moneys held in trust by the trustee for the benefit of the holders of the debt securities; or
- (10) any extension, renewal or replacement (or successive extensions, renewals or replacements), in whole or in part, of any Lien referred to in clauses (1) through (9), provided, however, that the principal amount of Debt secured thereby and not otherwise authorized by clauses (1) through (9), must not exceed the principal amount of Debt, plus any premium or fee payable in connection with the extension, renewal or replacement, so secured at the time of the extension, renewal or replacement.

However, the foregoing restriction will not apply to our issuance, assumption or guarantee of Debt secured by a Lien which would otherwise be subject to the foregoing restriction up to an aggregate amount which, together with all of

our other secured Debt then outstanding (not including secured Debt permitted under any of the foregoing exceptions) and the Value (as defined below) of Sale and Lease-Back Transactions (as defined below) existing at that time (other than Sale and Lease-Back Transactions the proceeds of which have been applied to the retirement of certain indebtedness, Sale and Lease-Back Transactions in which the property involved would have been permitted to be subjected to a Lien under any of the foregoing exceptions in clauses (1) to (10) and Sale and Lease-Back Transactions that are permitted by the first sentence of *Limitation on Sale and Lease-Back Transactions* below), does not exceed the greater of 15% of our Net Tangible Assets and 15% of Capitalization (as those terms are defined below), in each case, determined in accordance with generally accepted accounting principles (GAAP) and as of a date not more than 60 days prior to such issuance, assumption or guarantee of debt. As of June 30, 2008, our Net Tangible Assets were \$747 million and our Capitalization was \$826 million.

Limitation on Sale and Lease-Back Transactions

The indenture provides that so long as any debt securities are outstanding, we may not enter into or permit to exist, any Sale and Lease-Back Transaction with respect to any Operating Property (except for transactions involving leases for a term, including renewals, of not more than 48 months), if the purchasers' commitment is obtained more than 18 months after the later of the completion of the acquisition, construction or development of that Operating Property or the placing in operation of that Operating Property or of that Operating Property as constructed or developed or substantially repaired, altered or improved.

This restriction will not apply if:

we would be entitled pursuant to any of the provisions described in clauses (1) to (10) of the first sentence of the second paragraph under *Limitation on Liens* above to issue, assume, guarantee or permit to exist Debt secured by a Lien on that Operating Property without equally and ratably

securing the
debt
securities;

Sale and

The term **Capitalization**, as used above, means the total of all the following items appearing on, or included in, our consolidated balance sheet: (i) liabilities for indebtedness maturing more than 12 months from the date of determination; and (ii) common stock, preferred stock, premium on capital stock, capital surplus, capital in excess of par value, and retained earnings (however the foregoing may be designated), less, to the extent not otherwise deducted, the cost of shares of our capital stock held in our treasury.

The term **Debt**, as used above, means any outstanding debt for money borrowed evidenced by notes, debentures, bonds, or other securities.

The term **Net Tangible Assets**, as used above, means the amount shown as total assets on our consolidated balance sheet, less the following: (i) intangible assets including, but without limitation, such items as goodwill, trademarks, trade names, patents, and unamortized debt discount and expense and other regulatory assets carried as an asset on our consolidated balance sheet; (ii) current liabilities; and (iii) appropriate adjustments, if any, on account of minority interests. Such amounts will be determined in accordance with GAAP and practices applicable to the type of business in which we are engaged and may be determined as of a date not more than 60 days prior to the happening of the event for which such determination is being made.

The term **Operating Property**, as used above, means (i) any interest in real property owned by us and (ii) any asset owned by us that is depreciable in accordance with GAAP.

The term **Sale and Lease-Back Transaction**, as used above, means any arrangement with any person providing for the leasing to us of any Operating Property (except for leases for a term, including any renewals, of not more than 48 months), which Operating Property has been or is to be sold or transferred by us to such person; provided, however, Sale and Lease-Back Transaction does not include any arrangement (i) first entered into prior to the date of the indenture and (ii) involving the exchange of any Operating Property for any property subject to an arrangement first entered into prior to the date of the indenture.

The term **Value**, as used above, means, with respect to a Sale and Lease-Back Transaction, as of any particular time, the amount equal to the greater of (i) the net proceeds to us from the sale or transfer of the property leased pursuant to the Sale and Lease-Back Transaction or (ii) the net book value of the property leased, as determined by us in

accordance with GAAP, in either case multiplied by a fraction, the numerator of which will be equal to the number of full years of the term of the lease that is part of the Sale and Lease-Back Transaction remaining at the time of determination and the denominator of which will be equal to the number of full years of the term of the lease, without regard, in any case, to any renewal or extension options contained in the lease.

Consolidation, Merger, Conveyance, Sale or Transfer

We have agreed not to consolidate with or merge into any other entity or convey, sell or otherwise transfer our properties and assets substantially as an entirety to any entity unless:

the successor
is an entity
organized and
existing
under the
laws of the
United States
of America or
any State of
the United
States or the
District of
Columbia;

the successor
expressly
assumes by a
supplemental
indenture the
due and
punctual
payment of
the principal
of, and
premium, if
any, and
interest, if
any, on all the
outstanding
debt
securities
under the
indenture and
the
performance
of every
covenant of
the indenture
that we would
otherwise

have to
perform or
observe; and

immediately
after giving
effect to the
transactions,
no event of
default with
respect to any
series of debt
securities and
no event
which after
notice or
lapse of time
or both would
become an
event of
default with
respect to any
series of debt
securities will
have occurred
and be
continuing.

Modification of the Indenture

Under the indenture or any supplemental indenture, the rights of the holders of debt securities may be changed with the consent of the holders representing a majority in principal amount of the outstanding debt securities of all series affected by the change, voting as one class, provided that the following changes may not be made without the consent of the holders of each outstanding debt security affected thereby:

change the
fixed date
upon which
the principal
of or the
interest on
any debt
security is
due and
payable, or
reduce the
principal
amount
thereof or the
rate of
interest or
change the
method of
calculating
such rate of
interest or
reduce any
premium
payable upon
the
redemption
thereof, or
reduce the
amount of
the principal
of an original
issue
discount
security that
would be
payable upon
a declaration
of
acceleration
of the
maturity
thereof, or
change the

currency in
which, any
debt security
or any
premium, if
any, or the
interest
thereon is
payable, or
impair the
right to
institute suit
for the
enforcement
of any
payment on
or after the
date such
payment is
due or, in the
case of
redemption,
on or after
the date fixed
for such
redemption;

reduce the
stated
percentage of
debt
securities,
the consent
of the
holders of
which is
required for
any
modification
of the
applicable
indenture or
for waiver by
the holders
of certain of
their rights;
or

modify
certain
provisions of

the
indenture.

An original issue discount security means any security authenticated and delivered under the indenture which provides for an amount less than the principal amount thereof to be due and payable upon the declaration of acceleration of the maturity thereof.

The indenture also permits us and the trustee to amend the indenture without the consent of the holders of any debt securities for any of the following purposes:

to evidence
the
assumption
by any
permitted
successor of
our
covenants in
the
indenture
and in the
debt
securities;

to add to the
covenants
with which
we must
comply or to
surrender
any of our
rights or
powers
under the
indenture;

to add
additional
events of
default;

to change,
eliminate, or
add any
provision to
the
indenture;
provided,
however, if
the change,
elimination,

or addition
will
adversely
affect the
interests of
the holders
of debt
securities of
any series,
other than
any series
the terms of
which
permit such
change,
elimination
or addition,
in any
material
respect,
such
change,
elimination,
or addition
will become
effective
with respect
to such
series only:

- (1) when the
consent of
the holders
of debt
securities of
such series
has been
obtained in
accordance
with the
indenture;
or
- (2) when no
debt
securities of
such series
remain
outstanding
under the
indenture;

to provide
collateral
security for all
of the debt
securities;

to establish the
form or terms
of debt
securities of
any other series
as permitted by
the indenture;

to provide for
the
authentication
and delivery of
bearer
securities and
coupons
attached
thereto and for
the registration,
exchange and
replacement
thereof and for
the giving of
notice to, and
the solicitation
of the vote or
consent of the
holders of the
debt securities;

to evidence and
provide for the
acceptance of
appointment of
a successor
trustee;

to provide for
the procedures
required for use
of a
noncertificated
system of
registration for
the debt

securities of all
or any series;

to change any
place where
principal,
premium, if
any, and
interest shall be
payable, debt
securities may
be surrendered
for registration
of transfer or
exchange and
notices to us
may be served;
or

to cure any ambiguity or inconsistency or to make any other provisions with respect to matters and questions arising under the indenture; provided that such action shall not adversely affect the interests of the holders of debt securities of any series in any material respect.

Events of Default

An event of default with respect to any series of debt securities is defined in the indenture as being any one of the following:

failure to pay interest on the debt securities of that series for 30 days after payment is due, provided, however, if applicable to that series, that a valid extension of the interest payment period by us as contemplated in the indenture will not constitute a failure to pay

interest;

failure to pay
principal of or
any premium
on the debt
securities of
that series
when due,
whether at
stated maturity
or upon earlier
acceleration or
redemption;

failure to
perform other
covenants in
the indenture
for 90 days
after we are
given written
notice from the
trustee or the
trustee receives
written notice
from the
registered
owners of at
least 33% in
principal
amount of the
debt securities
of that series;
however, the
trustee or the
trustee and the
holders of such
principal
amount of debt
securities of
that series can
agree to an
extension of
the 90-day
period and such
an agreement
to extend will
be
automatically
deemed to

occur if we are
diligently
pursuing action
to correct the
default;

certain events
of bankruptcy,
insolvency,
reorganization,
receivership or
liquidation
relating to us;
and

any other event
of default
included in the
supplemental
indenture,
board
resolution or
officer's
certificate for
that series of
debt securities.

An event of default regarding a particular series of debt securities will not necessarily constitute an event of default for any other series of debt securities.

We will be required to file with the trustee annually an officer's certificate as to the absence of default in performance of certain covenants in the indenture. The indenture provides that the trustee may withhold notice to the holders of the debt securities of any default, except in the case of default in the payment of principal of, or premium, if any, or interest, if any, on the debt securities or in the payment of any sinking fund installment with respect to the debt securities, if the trustee in good faith determines that it is in the interest of the holders of the debt securities to do so.

The indenture provides that, if an event of default with respect to the debt securities of any series occurs and continues, either the trustee or the holders of 33% or more in aggregate principal amount of the debt securities of that series may declare the principal amount of all the debt securities to be due and payable immediately. However, if the event of default is applicable to all outstanding debt securities under the indenture, or if related to certain events of bankruptcy, insolvency, reorganization, arrangement, adjustment, composition or other similar events, only the trustee or holders of at least 33% in principal amount of all outstanding debt securities of all series, voting as one class, and not the holders of any one series, may make such a declaration of acceleration.

At any time after a declaration of acceleration with respect to the debt securities of any series has been made and before a judgment or decree for payment of the money due has been obtained, the event of default giving rise to such declaration of acceleration will be considered waived, and such declaration and its consequences will be considered rescinded and annulled, if:

we have
paid or

deposited
with the
trustee a
sum
sufficient
to pay:

- (1) all
overdue
interest, if
any, on all
debt
securities
of that
series,
- (2) the
principal
of and
premium,
if any, on
any debt
securities
of that
series
which
have
otherwise
become
due and
interest, if
any, that is
currently
due,
including
interest on
overdue
interest, if
any, and
- (3) all
amounts
due to the
trustee
under the
indenture;
and

any other
event of
default with
respect to the
debt
securities of
that series
other than
the
nonpayment
of principal
of the
securities of
such series
which shall
have become
due solely by
such
declaration
of
acceleration,
has been
cured or
waived as
provided in
the
indenture.

There is no automatic acceleration, even in the event of our bankruptcy, insolvency or reorganization.

Subject to the provisions of the indenture relating to the duties of the trustee, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders of the debt securities, unless the holders shall have offered to the trustee reasonable indemnity, against costs, expenses and liabilities which might be incurred by it in compliance with the request or direction.

Subject to the provision for indemnification, the holders of a majority in principal amount of the debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee with respect to the debt securities of that series. However, if the event of default relates to more than one series of debt securities, only the holders of a majority in aggregate principal amount of all affected series will have the right to give this direction. However, the trustee shall have the right to decline to follow any direction if the trustee shall determine that the action so directed conflicts with any law or the provisions of the indenture or if the trustee shall determine that the action would be prejudicial to holders not taking part in the direction.

Satisfaction and Discharge

We will be discharged from our obligations on the debt securities of any series, or any portion of the principal amount of the debt securities of any series, if we:

(1)

irrevocably
deposit with
the trustee
sufficient
cash or
eligible
obligations
(or a
combination
of both) to
pay any
principal, or
portion of
principal,
interest,
premium and
other sums
when due on
the debt
securities at
their
maturity,
stated
maturity
date, or
redemption;
and

(2) deliver to the
trustee:

(a) a company
order stating
that the
money and
eligible
obligations
deposited in
accordance
with the
indenture
shall be held
in trust and
certain
opinions of
counsel and
of an
independent
public
accountant;

- (b) if such deposit shall have been made prior to the maturity of the debt securities of the series, an officer's certificate stating our intention that, upon delivery of the officer's certificate, our indebtedness in respect of those debt securities, or the portions thereof, will have been satisfied and discharged as contemplated in the indenture; and

- (c) an opinion of counsel to the effect that, as a result of a change in law or a ruling of the United States Internal Revenue Service, the holders of the debt securities of the series, or portions thereof, will not recognize income, gain or loss for United States federal income tax purposes as a

result of the
satisfaction
and discharge
of our
indebtedness
and will be
subject to
United States
federal
income tax on
the same
amounts, at
the same
times and in
the same
manner as if
we had not so
satisfied and
discharged
our
indebtedness.

For this purpose, eligible obligations include direct obligations of, or obligations unconditionally guaranteed by, the United States entitled to the benefit of the full faith and credit thereof and certificates, depositary receipts or other instruments which evidence a direct ownership interest in such obligations or in any specific interest or principal payments due in respect thereof and which do not contain provisions permitting their redemption or other prepayment at the option of the issuer thereof.

In the event that all of the conditions set forth above have been satisfied for any series of debt securities, or portions thereof, except that, for any reason, we have not delivered the officer's certificate and opinion described in clauses (b) and (c) above, the holders of those debt securities will no longer be entitled to the benefits of certain of our covenants under the indenture, including

the covenant described above in Limitation on Liens. Our indebtedness in respect of those debt securities, however, will not be deemed to have been satisfied and discharged prior to maturity, and the holders of those debt securities may continue to look to us for payment of the indebtedness represented thereby.

The indenture will be deemed satisfied and discharged when no debt securities remain outstanding and when we have paid all other sums payable by us under the indenture. All moneys we pay to the trustee or any paying agent on debt securities which remain unclaimed at the end of two years after payments have become due will be paid to us or upon our order. Thereafter, the holder of those debt securities may look only to us for payment and not the trustee or any paying agent.

Resignation or Removal of Trustee

The trustee may resign at any time by giving written notice to us specifying the day upon which the resignation is to take effect. The resignation will take effect immediately upon the later of the appointment of a successor trustee and the specified day.

The trustee may be removed at any time by an instrument or concurrent instruments in writing delivered to the trustee and us and signed by the holders, or their attorneys-in-fact, representing a majority in principal amount of the then outstanding debt securities. In addition, under certain circumstances, we may remove the trustee upon notice to the holder of each debt security outstanding and the trustee, and appointment of a successor trustee.

Concerning the Trustee

The Bank of New York Mellon Trust Company, N.A., is the trustee under the indenture. We and our affiliates maintain other banking relationships in the ordinary course of business with the trustee and its affiliates.

Governing Law

The indenture and the debt securities are governed by and construed in accordance with the laws of the State of New York, except to the extent that the law of any other jurisdiction shall be mandatorily applicable.

DESCRIPTION OF SENIOR SECURED DEBT SECURITIES

The senior secured debt securities that we may offer from time to time by this prospectus may be issued as first mortgage bonds under our Indenture dated as of April 1, 1947, as amended and supplemented, or the mortgage indenture, to JPMorgan Chase Bank N.A., as trustee, or the mortgage trustee. Alternatively, we may issue senior secured debt securities as senior secured notes under a separate indenture with a trustee where the trustee holds first mortgage bonds issued under our mortgage indenture that are pledged as security for the benefit of holders of the senior secured notes. The particular terms of any series of our first mortgage bonds or senior secured notes and the material provisions of our mortgage indenture and, as applicable, any senior secured note indenture will be described in the applicable prospectus supplement.

PLAN OF DISTRIBUTION

We may sell securities to one or more underwriters or dealers for public offering and sale by them, or we may sell the securities to investors directly or through agents. The prospectus supplement relating to the securities being offered will set forth the terms of the offering and the method of distribution and will identify any firms acting as underwriters, dealers or agents in connection with the offering, including:

the name or
names of any
underwriters;

the purchase
price of the
securities and
the proceeds
to us from the
sale;

any
underwriting
discounts and
other items
constituting
underwriters
compensation;

any public
offering price;

any discounts
or concessions
allowed or
reallowed or
paid to dealers;
and

any securities
exchange or
market on
which the
securities may
be listed.

Only those underwriters identified in the prospectus supplement are deemed to be underwriters in connection with the securities offered in the prospectus supplement.

We may distribute the securities from time to time in one or more transactions at a fixed price or prices, which may be changed, or at prices determined as the prospectus supplement specifies. We may sell securities through forward contracts or similar arrangements. In connection with the sale of securities, underwriters, dealers or agents may be deemed to have received compensation from us in the form of underwriting discounts or commissions and also may receive commissions from securities purchasers for whom they may act as agent. Underwriters may sell the securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters or commissions from the purchasers for whom they may act as agent.

We may sell the securities directly or through agents we designate from time to time. Any agent involved in the offer or sale of the securities covered by this prospectus will be named in a prospectus supplement relating to such securities. Commissions payable by us to agents will be set forth in a prospectus supplement relating to the securities being offered. Unless otherwise indicated in a prospectus supplement, any such agents will be acting on a best-efforts basis for the period of their appointment.

Some of the underwriters, dealers or agents and some of their affiliates who participate in the securities distribution may engage in other transactions with, and perform other services for, us and our subsidiaries or affiliates in the ordinary course of business.

Any underwriting or other compensation which we pay to underwriters or agents in connection with the securities offering, and any discounts, concessions or commissions which underwriters allow to dealers, will be set forth in the applicable prospectus supplement. Underwriters, dealers and agents participating in the securities distribution may be deemed to be underwriters, and any discounts and commissions they receive and any profit they realize on the resale of the securities may be deemed to be underwriting discounts and commissions under the Securities Act.

Underwriters, and their controlling persons, and agents may be entitled, under agreements we enter into with them, to indemnification against certain civil liabilities, including liabilities under the Securities Act.

LEGAL MATTERS

Unless otherwise indicated in the applicable prospectus supplement, the validity of the securities offered under this prospectus will be passed upon for us by Wendy L. Stark, Esq., Associate General Counsel of our parent corporation, FirstEnergy, and Akin Gump Strauss Hauer & Feld LLP, New York, New York. As of August 31, 2008, Ms. Stark owned approximately 6,186.857 shares of common stock of FirstEnergy and 3,618.72 shares of unvested restricted stock units. Additional legal matters may be passed on for us, or any underwriters, dealers or agents, by counsel we will name in the applicable prospectus supplement.

Accordingly, the degree of reliance on their reports on such information should be restricted in light of the limited nature of the review procedures applied. PricewaterhouseCoopers LLP is not subject to the liability provisions of Section 11 of the Securities Act for their reports on the unaudited financial information because those reports are not a report or a part of the registration statement prepared or certified by PricewaterhouseCoopers LLP within the meaning of Sections 7 and 11 of the Securities Act.

Any forward-looking statements speak only as of the date of this prospectus, and we undertake no obligation to update any forward-looking statements to reflect events or circumstances after the date on which such statements are made or to reflect the occurrence of unanticipated events. The foregoing review of factors should not be construed as exhaustive.

THE COMPANY

We are one of eight wholly-owned electric utility operating subsidiaries of FirstEnergy Corp., or FirstEnergy. We were organized under the laws of the State of New Jersey in 1925 and own property and do business as an electric public utility in that state. We engage in the transmission, distribution and sale of electric energy in an area of approximately 3,200 square miles in northern, western and east central New Jersey. We also engage in the sale, purchase and interchange of electric energy with other electric companies. The area we serve has a population of approximately 2.6 million.

Our principal executive offices are located at 76 South Main Street, Akron, Ohio 44308-1890. Our telephone number is (800) 736-3402.

RISK FACTORS

Investing in our securities involves risks. Before purchasing any securities we offer, you should carefully consider the risk factors that are incorporated by reference herein from the section captioned "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2007 and our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2008 and June 30, 2008, together with all of the other information included in this prospectus and any prospectus supplement and any other information that we have incorporated by reference, including annual, quarterly and other reports filed with the SEC subsequent to the date hereof. Any of these risks, as well as other risks and uncertainties, could harm our financial condition, results of operations or cash flows. See also "Cautionary Note Regarding Forward-Looking Statements" in this prospectus.

USE OF PROCEEDS

We intend to use the net proceeds we receive from issuance of these debt securities for general corporate purposes, unless otherwise specified in the prospectus supplement relating to a specific issue of debt securities. General corporate purposes may include, but are not limited to, financing and operating activities, capital expenditures, acquisitions, maintenance of our assets and refinancing our existing indebtedness.

RATIO OF EARNINGS TO FIXED CHARGES

The following table contains our consolidated ratio of earnings to fixed charges for the periods indicated. You should read these ratios in connection with our consolidated financial statements, including the notes to those statements, incorporated by reference in this prospectus.

	Year Ended December 31,					Six Months Ended June 30,	
	2003	2004	2005	2006	2007	2007	2008
Consolidated Ratio of Earnings to Fixed Charges	2.11	3.19	4.44	4.28	3.91	3.84	3.40

For purposes of the calculation of our consolidated ratio of earnings to fixed charges, earnings have been computed by adding to Income before extraordinary items total interest and other charges, before reduction for amounts capitalized and deferred, provision for income taxes and the estimated interest element of rentals charged to income, and fixed charges include interest on long-term debt, other interest expense, subsidiaries preferred stock dividend requirements and the estimated interest element of rentals charged to income.

DESCRIPTION OF DEBT SECURITIES

The debt securities that we may offer from time to time by this prospectus will be our senior unsecured debt securities and will rank equally with all of our other unsecured and unsubordinated debt under an indenture, dated as of July 1, 1999, as supplemented, between us and The Bank of New York Mellon Trust Company, N.A., as successor trustee. The indenture gives us broad authority to set the particular terms of each series of debt securities, including the right to modify certain of the terms contained in the indenture. The particular terms of a series of debt securities

and the extent, if any, to which the particular terms of a series of debt securities and the extent, if any, to which such particular terms modify the terms of the indenture or otherwise vary from the terms and provisions set forth below will be described in the prospectus supplement relating to those debt securities.

The indenture contains the full text of the matters described in this section. Because this section is a summary, it does not describe every aspect of the debt securities or the indenture. This summary is subject to and qualified in its entirety by reference to all the provisions of the indenture, including definitions of terms used in the indenture. You should read the indenture incorporated by reference as an exhibit to the registration statement of which this prospectus is a part. Whenever we refer to particular sections or defined terms of the indenture in this prospectus or in a prospectus supplement, these sections or defined terms are incorporated by reference herein or in the prospectus supplement. This summary also is subject to and qualified by reference to the description of the particular terms of the debt securities described in the applicable prospectus supplement or supplements. Certain capitalized terms used in this prospectus are defined in the indenture.

If applicable, the prospectus supplement relating to an issue of debt securities will describe any special United States federal income tax considerations relevant to those debt securities.

There is no requirement under the indenture that future issues of our debt securities be issued under the indenture. We will be free to use other indentures or documentation, containing provisions different from those included in the indenture or applicable to one or more issues of debt securities, in connection with future issues of other debt securities. The provisions of any such other indentures or documentation will be described in the applicable prospectus supplement.

General

The indenture does not limit the aggregate principal amount of debt securities that we may issue under the indenture. The Senior Note Indenture provides that the debt securities may be issued in one or more series. The debt securities may be issued at various times and may have differing maturity dates and may bear interest at differing rates. We need not issue all debt securities of one series at the same time and, unless otherwise provided, we may reopen a series, without the consent of the holders of the debt securities of that series, for issuances of additional debt securities of that series.

Prior to the issuance of each series of debt securities, the terms of the particular securities will be specified in a supplemental indenture, a board resolution or one or more officer's certificates authorized pursuant to a board resolution. We refer you to the applicable prospectus supplement for a description of the following terms of the particular series of debt securities offered thereby:

the title of the
debt securities;

any limit on
the aggregate
principal
amount of the
debt securities;

the date or
dates on which
the principal of
and any

premium on
the debt
securities will
be payable;

the rate or rates
at which the
debt securities
will bear
interest, if any;

the currency or
currency unit
of payment if
other than
United States
dollars;

the date from
which interest,
if any, on the
debt securities
will accrue, the
dates on which
interest, if any,
will be
payable, the
date on which
payment of
interest, if any,
will
commence,
and the record
dates for any
interest
payments;

our right, if
any, to extend
interest
payment
periods and the
duration of any
extension;

any
redemption,
repayment or
sinking fund
provisions;

the place or
places where
the principal of
and any
premium and
interest on the
debt securities
will be
payable;

the
denominations
in which the
debt securities
will be
issuable;

the index, if any, with reference to which the amount of principal of or any premium or interest on the debt securities will be determined;

any addition to or change in the events of default set forth in the Senior Note Indenture applicable to the debt securities and any change in the right of the trustee or the holders to declare the principal amount of the debt securities due and payable;

any addition to or change in the covenants set forth in the Senior Note Indenture; and

any other
terms of the
debt
securities
not
inconsistent
with the
provisions
of the
Senior Note
Indenture.

Events of Default

The following constitute events of default under the indenture:

default in the
payment of
principal of and
premium, if
any, on any
senior note
when due and
payable;

default in the
payment of
interest on any
senior note
when due
which
continues for
60 days;

default in the
performance or
breach of any
of our other
covenants or
agreements in
the senior notes
or in the
indenture and
the
continuation of
the default for
90 days after
we have
received
written notice
of the default

either from the trustee or from the holders of at least 33% in aggregate principal amount of the outstanding senior notes; and

certain events of bankruptcy, insolvency, reorganization, assignment or receivership relating to us.

If an event of default occurs and is continuing, either the trustee or the holders of a majority in aggregate principal amount of the outstanding senior notes may declare the principal amount of and interest on all of the senior notes to be due and payable immediately. At any time after an acceleration of the senior notes has been declared, if we pay or deposit with the trustee a sum sufficient to pay all matured installments of interest and the principal and any premium which has become due on the senior notes otherwise than by acceleration and all defaults have been cured or waived, then our payment or deposit will cause an automatic rescission and annulment of the acceleration of the senior notes.

The indenture provides that the trustee generally will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders of the senior notes unless those holders have offered to the trustee security or indemnity reasonably satisfactory to it. Subject to the provisions for indemnity and certain other limitations contained in the indenture, the holders of a majority in aggregate principal amount of the outstanding senior notes generally will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or of exercising any trust or power conferred on the trustee. The holders of a majority in aggregate principal amount of the outstanding senior notes generally will have the right to waive any past default or event of default (other than a payment default) on behalf of all holders of the senior notes. The indenture provides that no holder of the senior notes may institute any action against us under the indenture unless it has previously given to the trustee written notice of the occurrence and continuance of an event of default and unless the holders of a majority in aggregate principal amount of the senior notes then outstanding affected by the event of default have requested the trustee to institute the action and have offered the trustee reasonable indemnity, and the trustee has not instituted the action within 60 days of the request. Furthermore, no holder of the senior notes will be entitled to institute any action if and to the extent that the action would disturb or prejudice the rights of other holders of the senior notes. Notwithstanding that the right of a holder of the senior notes to institute a proceeding with respect to the Senior Note Indenture is subject to certain conditions precedent, each holder of a senior note has the right, which is absolute and unconditional, to receive payment of the principal of, and premium, if any, and interest on the senior note when due and to institute suit for the enforcement of such payment, and those rights may not be impaired without the consent of the affected holders of senior notes.

The indenture provides that the trustee, within 90 days after the occurrence of a default with respect to the senior notes, is required to give holders of the senior notes notice of any default known to the trustee, unless cured or waived, but, except in the case of default in the payment of principal of, or premium, if any, or interest on, any senior notes, the trustee may withhold notice if it determines in good faith that it is in the interest of holders of those senior notes to do so. We are required to deliver to the trustee each year an officer's certificate as to whether or not we are in compliance with the conditions and covenants under the indenture.

Modification with Consent of Holders

Modification and amendment of the indenture may be effected by us and the trustee with the consent of the holders of a majority in aggregate principal amount of the outstanding senior notes, provided that no modification or amendment may, without the consent of the holder of each outstanding senior note affected by such modification or amendment,

change the
maturity date
of such
senior notes;

reduce the
rate or extend
the time of
payment of
interest on
such senior
notes;

reduce the
principal
amount of, or
premium
payable on,
such senior
notes;

change the
coin or
currency of
any payment
of principal
of, or
premium, if
any, or
interest on,
such senior
notes;

change the
date on
which such
senior notes

may be redeemed or repaid at the option of their holders or adversely affect the rights of a holder to institute suit for the enforcement of any payment on or with respect to such senior notes; or

modify the foregoing requirements or reduce the percentage of outstanding senior notes necessary to modify or amend the Senior Note Indenture or to waive any past default to less than a majority.

Modification without Consent of Holders

Modification and amendment of the Senior Note Indenture may be effected by us and the trustee without the consent of the holders of any senior notes:

to add to our covenants for the benefit of the holders or to surrender a right conferred

on us in the
Senior Note
Indenture;

to add
further
security for
the senior
notes;

to supply
omissions,
cure
ambiguities
or correct
defects,
which
actions, in
each case,
are not
prejudicial
to the
interest of
the holders
in any
material
respect; or

to make any
other
change that
is not
prejudicial
to the
holders of
the senior
notes in any
material
respect.

A supplemental indenture which changes or eliminates any covenants or other provision of the Indenture (or any supplemental indenture) which has expressly been included solely for the benefit of one or more series of the senior notes, or which modifies the rights of the holders of the senior notes of one or more series with respect to that covenant or provision, will be deemed not to affect the rights under the Indenture of the holders of the senior notes of any other series.

Defeasance and Discharge

The indenture provides that we will be discharged from any and all obligations in respect to the senior notes and the indenture (except for certain obligations such as obligations to register the transfer or exchange of the senior notes, replace stolen, lost or mutilated senior notes and maintain paying agencies) if, among other things, we irrevocably deposit with the trustee, in trust for the benefit of the holders of senior notes, money or certain United States

government obligations, or any combination of money and certain United States government obligations, which will provide money in an amount sufficient, without reinvestment, to make all payments of principal of, premium,

if any, and interest on, the senior notes on the dates payments are due in accordance with the terms of the indenture and the senior notes; provided that unless all of the senior notes mature within 90 days of the deposit by redemption or otherwise, we will also have delivered to the trustee an opinion of counsel to the effect that the holders of the senior notes will not recognize income, gain or loss for federal income tax purposes as a result of the defeasance or discharge of the indenture. After we have been discharged from our obligations under the indenture, the holders of the senior notes may look only to the deposit for payment of the principal of, and interest and any premium on, the senior notes.

Consolidation, Merger and Sale or Disposition of Assets

We may not consolidate with or merge into any other corporation or entity or sell or otherwise dispose of our properties as or substantially as an entirety unless:

the successor
or transferee
corporation is
a corporation
or other entity
organized and
existing
under the
laws of the
United States
or any state
of the United
States or the
District of
Columbia;
and

the successor
or transferee
corporation
or other entity
assumes by
supplemental
indenture the
due and
punctual
payment of
the principal
of and
premium, if
any, and
interest on the
senior notes
and the
performance
of every
covenant of
the Senior

Note
Indenture to
be performed
or observed
by us.

Upon any consolidation, merger, sale, transfer or other disposition of our properties substantially as an entirety, permissible under the provision described in the immediately preceding paragraph, the successor corporation formed by the consolidation or into which we are merged or to which the transfer is made will succeed to us, and be substituted for us, and may exercise every right and power of ours, under the indenture with the same effect as if the successor corporation had been named as Jersey Central Power & Light Company in the indenture, and we will be released from all obligations under the Senior Note Indenture. For purposes of the indenture, the conveyance or other transfer by us of (i) all or any portion of our facilities for the generation of electric energy or (ii) all of our facilities for the transmission of electric energy, in each case considered alone or in any combination with properties described in the other clause, will in no event be deemed to constitute a conveyance or other transfer of all our properties, as or substantially as an entirety.

Certain Covenants

Limitation on Liens

The indenture provides that, so long as any senior notes are outstanding, we may not issue, assume, guarantee or permit to exist any Debt (as defined below) that is secured by any mortgage, security interest, pledge or lien, or Lien, of or upon any of our Operating Property (as defined below), whether owned at the date of the indenture or subsequently acquired, without effectively securing such senior notes (together with, if we so determine, any of our other indebtedness ranking equally with such senior notes) equally and ratably with that Debt (but only so long as that Debt is so secured).

The foregoing restriction will not apply to:

- (a) Liens on any Operating Property existing at the time of its acquisition (which Liens may also extend to subsequent repairs, alterations and improvements to that Operating Property);
- (b) Liens on Operating Property of a corporation

existing at the
time the
corporation is
merged into or
consolidated
with, or at the
time the
corporation
disposes of its
properties (or
those of a
division) as or
substantially
as an entirety
to, us;

- (c) Liens on
Operating
Property to
secure the
costs of
acquisition,
construction,
development
or substantial
repair,
alteration or
improvement
of property or
to secure Debt
incurred to

provide funds for any of those purposes or for reimbursement of funds previously expended for any of those purposes, provided the Liens are created or assumed contemporaneously with, or within 18 months after, the acquisition or the completion of substantial repair or alteration, construction, development or substantial improvement;

- (d) Liens in favor of any state or any department, agency or instrumentality or political subdivision of any state, or for the benefit of holders of securities issued by any such entity (or providers of credit enhancement with respect to those securities), to secure any Debt (including, without limitation, our obligations with respect to industrial development, pollution control or similar revenue bonds) incurred for the purpose of financing or refinancing all or any part of the purchase price or the cost of

substantially
repairing or
altering,
constructing,
developing or
substantially
improving our
Operating Property;

- (e) Liens to
compensate the
trustee as provided
in the Senior Note
Indenture; or
- (f) any extension,
renewal or
replacement (or
successive
extensions,
renewals or
replacements), in
whole or in part, of
any Lien referred to
in clauses (1)
through (5);
provided, however,
that the principal
amount of Debt
secured thereby and
not otherwise
authorized by
clauses (1) through
(5), must not exceed
the principal
amount of Debt,
plus any premium
or fee payable in
connection with the
extension, renewal
or replacement, so
secured at the time
of the extension,
renewal or
replacement.

However, the foregoing restriction will not apply to our issuance, assumption or guarantee of Debt secured by a Lien which would otherwise be subject to the foregoing restriction up to an aggregate amount which, together with all other of our secured Debt (not including secured Debt permitted under any of the foregoing exceptions) and the Value (as defined below) of Sale and Lease-Back Transactions (as defined below) existing at that time (other than Sale and Lease-Back Transactions the proceeds of which have been applied to the retirement of certain indebtedness, Sale and Lease-Back Transactions in which the property involved would have been permitted to be subjected to a Lien under

any of the foregoing exceptions in clauses (a) to (f) and Sale and Lease- Back Transactions that are permitted by the first sentence of Limitation on Sale and Lease-Back Transactions below), does not exceed the greater of 15% of Tangible Assets and 15% of Capitalization (as those terms are defined below), in each case, determined in accordance with GAAP and as of a date not more than 60 days prior to such issuance, assumption or guarantee of debt. As of June 30, 2008, our Tangible Assets were approximately \$5.3 billion and our Capitalization was approximately \$4.5 billion.

Limitation on Sale and Lease-Back Transactions

The indenture provides that so long as any senior notes are outstanding, we may not enter into or permit to exist any Sale and Lease-Back Transaction with respect to any Operating Property (except for transactions involving leases for a term, including renewals, of not more than 48 months), if the purchasers' commitment is obtained more than 18 months after the later of the completion of the acquisition, construction or development of that Operating Property or the placing in operation of that Operating Property or of that Operating Property as constructed or developed or substantially repaired, altered or improved.

This restriction will not apply if:

we would be entitled pursuant to any of the provisions described in clauses (1) to (6) of the first sentence of the second paragraph under Limitation on Liens above, to issue, assume, guarantee or permit to exist Debt secured by a Lien on that Operating Property without equally and ratably securing the senior notes;

after giving effect to a

Certain Definitions

Capitalization means the total of all the following items appearing on, or included in, our consolidated balance sheet: (i) liabilities for indebtedness maturing more than 12 months from the date of determination; and (ii) common stock, preferred stock, Hybrid Preferred Securities, premium on capital stock, capital surplus, capital in excess of par value, and retained earnings (however the foregoing may be designated), less, to the extent not otherwise deducted, the cost of shares of capital stock reacquired by us.

Debt means any outstanding debt for money borrowed evidenced by notes, debentures, bonds, or other securities, or guarantees of any thereof.

Operating Property means (i) any interest in real property owned by us and (ii) any asset owned by us that is depreciable in accordance with GAAP excluding, in either case, any interest of ours as lessee under any lease (except for a lease that results from a Sale and Lease-Back Transaction) which has been or would be capitalized on our books in accordance with GAAP.

Sale and Lease-Back Transaction means any arrangement with any person providing for the leasing to us of any Operating Property (except for leases for a term, including any renewals, of not more than 48 months), which Operating Property has been or is to be sold or transferred by us to such person; provided, however, Sale and Lease-Back Transaction does not include any arrangement first entered into prior to the date of the Senior Note Indenture.

Tangible Assets means the amount shown as total assets on our consolidated balance sheet, less the following: (i) intangible assets including, but without limitation, goodwill, trademarks, trade names, patents, and unamortized debt discount and expense and (ii) appropriate adjustments, if any, on account of minority interests. Tangible Assets will be determined in accordance with GAAP and practices applicable to the type of business in which we are engaged and that are approved by the independent accountants we regularly retain, and may be determined as of a date not more than 60 days prior to the happening of the event for which the determination is being made.

Value means, with respect to a Sale and Lease-Back Transaction, as of any particular time, the amount equal to the greater of (i) the net proceeds to us from the sale or transfer of the property leased pursuant to the Sale and Lease-Back Transaction and (ii) the net book value of the property leased, as determined by us in accordance with GAAP, in either case multiplied by a fraction, the numerator of which will be equal to the number of full years of the term of the lease that is part of the Sale and Lease-Back Transaction remaining at the time of determination and the denominator of which will be equal to the number of full years of the term of the lease, without regard, in any case, to any renewal or extension options contained in the lease.

Resignation or Removal of Trustee

The trustee may resign at any time by giving written notice to us specifying the day upon which the resignation is to take effect and that resignation will take effect immediately upon the later of the appointment of a successor trustee and the day specified by the trustee.

The trustee may be removed at any time by an instrument or concurrent instruments in writing delivered to the trustee and signed by the holders, or their attorneys in fact, representing a majority in principal amount of the then outstanding senior notes. In addition, so long as no event of default under the indenture or event which, with the giving of notice or lapse of time or both, would become an event of default has occurred and is continuing, we may remove the trustee upon written notice to the holder of each senior note outstanding and the trustee, and upon the appointment of a successor trustee.

Concerning the Trustee

The Bank of New York Mellon Trust Company, N.A., is the successor trustee under the indenture. The indenture provides that our obligations to compensate the trustee and reimburse the trustee for expenses, disbursements and advances will constitute indebtedness which will be secured by a lien generally prior to that of the debt securities upon all property and funds held or collected by the trustee as such.

The indenture provides that the trustee shall be subject to and shall comply with the provisions of Section 310(b) of the Trust Indenture Act of 1939, and that nothing in the indenture shall be deemed to prohibit the trustee or us from making any application permitted pursuant to such section. The trustee is also a depository of ours and certain of our affiliates and has in the past made, and may in the future make, periodic loans to us and certain of our affiliates.

Governing Law

The indenture is, and the debt securities will be, governed by New York law.

Depository Arrangements

We will describe the specific terms of the depository arrangement with respect to any portion of a series of debt securities to be represented by a book-entry note in the prospectus supplement relating to such series. We anticipate that the following provisions will apply to all depository arrangements.

The certificates representing the debt securities, or Global Certificates, will be issued in fully registered form, without coupons. The debt securities will be deposited with, or on behalf of, DTC, and registered in the name of Cede & Co., as DTC's nominee in the form of one or more Global Certificates or will remain in the custody of the trustee pursuant to a FAST Balance Certificate Agreement between DTC and the trustee. Upon the issuance of the Global Certificate, DTC or its nominee will credit, on its internal system, the principal amount of the individual beneficial interests represented by such Global Certificate to the accounts of persons who have accounts with such depository. Ownership of beneficial interests in a Global Certificate will be limited to persons who have accounts with DTC, or participants, or persons who hold interests through participants. Ownership of beneficial interests in a Global Certificate will be shown on, and the transfer of that ownership will be effected only through, records maintained by DTC or its nominee (with respect to interests of participants) and the records of participants (with respect to interests of persons other than participants).

So long as DTC, or its nominee, is the registered owner or holder of a Global Certificate, DTC or such nominee, as the case may be, will be considered the sole owner or holder of the debt securities represented by such Global Certificate for all purposes under the Senior Note Indenture and the debt securities. No beneficial owner of an interest in a Global Certificate will be able to transfer the interest except in accordance with DTC's applicable procedures, in addition to those provided for under the Senior Note Indenture.

Payments of the principal of, and interest on, a Global Certificate will be made to DTC or its nominee, as the case may be, as the registered owner thereof. Neither we, the trustee nor any paying agent will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in a Global Certificate or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests. DTC or its nominee, upon receipt of any payment of principal or interest in respect of a Global Certificate, will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of such Global Certificate as shown on the records of DTC or its nominee. We also expect that payments by participants to owners of beneficial interests in such Global Certificate held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in the names of nominees for such customers. Such payments will be the

responsibility of such participants and neither we, the trustee or any paying agent will have any responsibility therefor.

Transfers between participants in DTC will be effected in the ordinary way in accordance with DTC rules. If a holder requires physical delivery of a certificated Senior Note for any reason, including to sell debt securities to persons in jurisdictions which require such delivery of such debt securities or to pledge such debt securities, such holder must transfer its interest in a Global Certificate in accordance with DTC's applicable procedures, or the procedures set forth in the Senior Note Indenture.

DTC will take any action permitted to be taken by a holder of debt securities (including the presentation of debt securities for exchange as described below) only at the direction of one or more participants to whose account the DTC interests in a Global Certificate is credited and only in respect of such portion of the aggregate principal amount of the debt securities as to which such participant or participants has or have given such direction. However, if there is an Event of Default under the debt securities, DTC will exchange a Global Certificate for certificated debt securities, which it will distribute to its participants.

DTC has advised us that it is a limited purpose trust company organized under the laws of the State of New York, a member of the Federal Reserve System, a clearing corporation within the meaning of the Uniform Commercial Code and a Clearing Agency registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities for its participants and facilitate the clearance and settlement of securities transactions between participants through electronic book-entry changes in accounts of its participants, thereby eliminating the need for physical movement of certificates. Participants include securities brokers and dealers, banks, trust companies and clearing corporations and may include certain other organizations. Indirect access to the DTC system is available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly (indirect participants). The rules applicable to DTC and its participants are on file with the SEC.

Although DTC is expected to follow the foregoing procedures in order to facilitate transfers of interests in the debt securities represented by a Global Certificate among its participants, it is under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. Neither we nor the trustee will have any responsibility for the performance by DTC or its respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

If DTC is at any time unwilling or unable to continue as a depository for a Global Certificate and a successor depository is not appointed by us within 90 days, we will issue certificated debt securities in exchange for a Global Certificate.

All payments of principal and interest will be made by us in immediately available funds.

Secondary trading in long-term bonds and notes of corporate issuers is generally settled in clearing-house or next-day funds. In contrast, beneficial interests in the debt securities that are not certificated debt securities will trade in DTC's Same-Day Funds Settlement System until maturity. Therefore, the secondary market trading activity in such interests will settle in immediately available funds. No assurance can be given as to the effect, if any, of settlement in immediately available funds on trading activity in the debt securities.

The information under this caption—Depository Arrangements—concerning DTC and DTC's book-entry system has been obtained from information provided by DTC. We have provided the foregoing descriptions of the operations and procedures of DTC solely as a matter of convenience. The operations and procedures are solely within the control of DTC and are subject to change by DTC from time to time. You are urged to contact DTC or its participants directly to discuss these matters.

We may distribute the securities from time to time in one or more transactions at a fixed price or prices, which may be changed, or at prices determined as the prospectus supplement specifies. We may sell securities through forward contracts or similar arrangements. Any agent involved in the offer or sale of the securities covered by this prospectus will be named in a prospectus supplement relating to such securities. Any underwriting or other compensation which we pay to underwriters or agents in connection with the securities offering, and any discounts, concessions or commissions which underwriters allow to dealers, will be set forth in the applicable prospectus supplement. Underwriters, dealers and agents participating in the securities distribution may be deemed to be underwriters, and any discounts and commissions they receive and any profit they realize on the resale of the securities may be deemed to be underwriting discounts and commissions under the Securities Act. Underwriters, and their controlling persons, and agents may be entitled, under agreements we enter into with them, to indemnification against certain civil liabilities, including liabilities under the Securities Act.

LEGAL MATTERS

Unless otherwise indicated in the applicable prospectus supplement, the validity of the securities offered under this prospectus will be passed upon for us by Akin Gump Strauss Hauer & Feld LLP, New York, New York and Thelen LLP, Florham Park, New Jersey. Additional legal matters may be passed on for us, or any underwriters, dealers or agents, by counsel we will name in the applicable prospectus supplement.

THE COMPANY

We are a wholly owned electric utility operating subsidiary of FirstEnergy Corp., or FirstEnergy. FirstEnergy is a diversified energy company headquartered in Akron, Ohio. We engage in the transmission, distribution and sale of electric energy in an area of approximately 3,300 square miles in eastern and south central Pennsylvania. We also engage in the sale, purchase and interchange of electric energy with other electric companies. The area we serve has a population of approximately 1.2 million.

We are a Pennsylvania corporation, and our principal executive offices are located at 76 South Main Street, Akron, Ohio 44308-1890. Our telephone number is (800) 736-3402.

RISK FACTORS

Investing in our securities involves risks. Before purchasing any securities we offer, you should carefully consider the risk factors that are incorporated by reference herein from the section captioned "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2007 and our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2008 and June 30, 2008, together with all of the other information included in this prospectus and any prospectus supplement and any other information that we have incorporated by reference, including annual, quarterly and other reports filed with the SEC subsequent to the date hereof. Any of these risks, as well as other risks and uncertainties, could harm our financial condition, results of operations or cash flows. See also "Cautionary Note Regarding Forward-Looking Statements" in this prospectus.

USE OF PROCEEDS

We intend to use the net proceeds we receive from issuance of these debt securities for general corporate purposes, unless otherwise specified in the prospectus supplement relating to a specific issue of debt securities. General corporate purposes may include, but are not limited to, financing and operating activities, capital expenditures, acquisitions, maintenance of our assets and refinancing our existing indebtedness.

RATIO OF EARNINGS TO FIXED CHARGES

The following table contains our consolidated ratio of earnings to fixed charges for the periods indicated. You should read these ratios in connection with our consolidated financial statements, including the notes to those statements, incorporated by reference in this prospectus.

	Year Ended December 31,					Six Months Ended June 30,	
	2003	2004	2005	2006	2007	2007	2008
Consolidated Ratio of Earnings to Fixed Charges	3.25	3.26	2.64	(2.32)(1)	4.08	4.42	4.02

- (1) The earnings as defined in 2006 would have needed

to increase
\$162,869,000
for the fixed
charge ratio to
be 1.0.

For purposes of the calculation of our consolidated ratio of earnings to fixed charges, earnings have been computed by adding to Income before extraordinary items total interest and other charges, before reduction for amounts capitalized, provision for income taxes and the estimated interest element of rentals charged to income, and fixed charges include interest on long-term debt, other interest expense, subsidiaries preferred stock dividend requirements and the estimated interest element of rentals charged to income.

DESCRIPTION OF DEBT SECURITIES

The debt securities that we may offer from time to time by this prospectus will be our senior unsecured debt securities and will rank equally with all of our other unsecured and unsubordinated debt under an indenture, dated as of July 1, 1999, as supplemented, between us and The Bank of

New York Mellon, as successor trustee. The indenture gives us broad authority to set the particular terms of each series of debt securities, including the right to modify certain of the terms contained in the indenture. The particular terms of a series of debt securities and the extent, if any, to which the particular terms of a series of debt securities and the extent, if any, to which such particular terms modify the terms of the indenture or otherwise vary from the terms and provisions set forth below will be described in the prospectus supplement relating to those debt securities..

The indenture contains the full text of the matters described in this section. Because this section is a summary, it does not describe every aspect of the debt securities or the indenture. This summary is subject to and qualified in its entirety by reference to all the provisions of the indenture, including definitions of terms used in the indenture. You should read the indenture incorporated by reference as an exhibit to the registration statement of which this prospectus is a part. Whenever we refer to particular sections or defined terms of the indenture in this prospectus or in a prospectus supplement, these sections or defined terms are incorporated by reference herein or in the prospectus supplement. This summary also is subject to and qualified by reference to the description of the particular terms of the debt securities described in the applicable prospectus supplement or supplements. Certain capitalized terms used in this prospectus are defined in the indenture.

If applicable, the prospectus supplement relating to an issue of debt securities will describe any special United States federal income tax considerations relevant to those debt securities.

There is no requirement under the indenture that future issues of our debt securities be issued under the indenture. We will be free to use other indentures or documentation, containing provisions different from those included in the indenture or applicable to one or more issues of debt securities, in connection with future issues of other debt securities. The provisions of any such other indentures or documentation will be described in the applicable prospectus supplement.

General

The indenture does not limit the aggregate principal amount of debt securities that we may issue under the indenture. The indenture provides that the debt securities may be issued in one or more series. The debt securities may be issued at various times and may have differing maturity dates and may bear interest at differing rates. We need not issue all debt securities of one series at the same time and, unless otherwise provided, we may reopen a series, without the consent of the holders of the debt securities of that series, for issuances of additional debt securities of that series.

Prior to the issuance of each series of debt securities, the terms of the particular securities will be specified in a supplemental indenture, a board resolution or one or more officer's certificates authorized pursuant to a board resolution. We refer you to the applicable prospectus supplement for a description of the following terms of the particular series of debt securities offered thereby:

the title of the
debt securities;

any limit on
the aggregate
principal
amount of the
debt securities;

Events of Default

The following constitute events of default under the indenture:

default in the
payment of
principal of and
premium, if
any, on any
senior note
when due and
payable;

default in the
payment of
interest on any
senior note
when due,
which default
continues for
60 days;

default in the
performance or
breach of any
of our other
covenants or
agreements in
the senior notes
or in the
indenture and
the
continuation of
the default for
90 days after
we have
received
written notice
of the default
either from the
trustee or from
the holders of
at least 33% in

aggregate
principal
amount of the
outstanding
senior notes;
and

certain events
of bankruptcy,
insolvency,
reorganization,
assignment or
receivership
relating to us.

If an event of default occurs and is continuing, either the trustee or the holders of a majority in aggregate principal amount of the outstanding senior notes may declare the principal amount of and interest on all of the senior notes to be due and payable immediately. At any time after an acceleration of the senior notes has been declared, and before any judgment or decree for the payment of the monies due has been obtained or entered, if we pay or deposit with the trustee a sum sufficient to pay all matured installments of interest and the principal and any premium which has become due on the senior notes otherwise than by acceleration and all amounts due to the trustee and all defaults have been cured or waived, then our payment or deposit will cause an automatic waiver of the event of default and its consequences and will cause an automatic rescission and annulment of the acceleration of the senior notes.

The indenture provides that the trustee generally will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders of the senior notes unless those holders have offered to the trustee security or indemnity reasonably satisfactory to it. Subject to the provisions for indemnity and certain other limitations contained in the indenture, the holders of a majority in aggregate principal amount of the outstanding senior notes generally will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or of exercising any trust or power conferred on the trustee. The holders of a majority in aggregate principal amount of the outstanding senior notes generally will have the right to waive any past default or event of default (other than a default in the payment of principal or any premium or interest on the senior notes) on behalf of all holders of the senior notes. The indenture provides that no holder of the senior notes may institute any action against us under the indenture unless it has previously given to the trustee written notice of the occurrence and continuance of an event of default and unless the holders of a majority in aggregate principal amount of the senior notes then outstanding affected by the event of default have requested the trustee to institute the action and have offered the trustee reasonable indemnity, and the trustee has not instituted the action within 60 days of the request. Furthermore, no holder of the senior notes will be entitled to institute any action if and to the extent that the action would affect, disturb or prejudice the rights of other holders of the senior notes. Notwithstanding that the right of a holder of the senior notes to institute a proceeding with respect to the indenture is subject to certain conditions precedent, each holder of a senior note has the right, which is absolute and unconditional, to receive payment of the principal of, and premium, if any, and interest on the

senior note when due and to institute suit for the enforcement of such payment, and those rights may not be impaired without the consent of such holders.

The indenture provides that the trustee, within 90 days after the occurrence of a default with respect to the senior notes, is required to give holders of the senior notes notice of any default known to the trustee, unless cured or waived, but, except in the case of default in the payment of principal of, or premium, if any, or interest on, any senior notes, the trustee may withhold notice if it determines in good faith that it is in the interest of holders of those senior notes to do so. We are required to deliver to the trustee each year an officer's certificate as to whether or not we are in compliance with the conditions and covenants under the indenture.

Modification with Consent of Holders

Modification and amendment of the indenture by an indenture or indentures supplemental thereto may be effected by us and the trustee with the consent of the holders of a majority in aggregate principal amount of the outstanding senior notes, provided that no modification or amendment may, without the consent of the holder of each outstanding senior note affected by such modification or amendment,

change the
maturity date
of such
senior notes;

reduce the
rate or extend
the time of
payment of
interest on
such senior
notes;

reduce the
principal
amount of, or
premium
payable on,
such senior
notes;

change the
coin or
currency of
any payment
of principal
of, or
premium, if
any, or
interest on,
such senior
notes;

change the date on which such senior notes may be redeemed or repaid at the option of their holders or adversely affect the rights of a holder to institute suit for the enforcement of any payment on or with respect to such senior notes; or

modify the foregoing requirements or reduce the percentage of outstanding senior notes necessary to modify or amend the indenture or to waive any past default to less than a majority.

Modification without Consent of Holders

Modification and amendment of the indenture by an indenture or indentures supplemental thereto may be effected by us and the trustee without the consent of the holders of any senior notes:

to change or eliminate any provisions of the indenture, provided that any such change or

elimination shall become effective only when there is no senior note outstanding created prior to the execution of such supplemental indenture effecting the change or elimination which such senior note is entitled to the benefit of the applicable provision, or such change or elimination is applicable only to senior notes issued after the effective date of the change or elimination;

to establish the form of senior notes as permitted by the indenture or to establish or reflect any terms of any senior note determined pursuant to a company order;

to evidence the succession of another corporation to us as permitted by the indenture, and the assumption by any

successor of
our covenants
in the indenture
and the senior
notes;

to specify
further the
duties and
responsibilities
of, and to
define further
the relationship
among the
trustee, any
Authenticating
Agent and any
paying agent;

to grant to or
confer upon the
trustee for the
benefit of the
holders of
senior notes
any additional
rights,
remedies,
powers or
authority;

to permit the
trustee to
comply with
any duties
imposed upon
it by law;

to add to
our
covenants
for the
benefit of
the holders
of senior
notes, to
add to the
security for
the senior
notes, to
surrender a
right or
power
conferred
on us in the
indenture or
to add any
event of
default;

to comply
with our
obligations
related to
the
limitations
on liens;

to supply
omissions,
cure
ambiguities
or correct
defects,
which
actions, in
each case,
are not
prejudicial
to the
interest of
the holders
of senior
notes in any
material
respect; or

to make any
other
change that
is not
prejudicial
to the
holders of
the senior
notes in any
material
respect.

A supplemental indenture which changes or eliminates any covenant or other provision of the indenture (or any supplemental indenture) which has expressly been included solely for the benefit of one or more series of the senior notes, or which modifies the rights of the holders of the senior notes of one or more series with respect to that covenant or provision, will be deemed not to affect the rights under the indenture of the holders of the senior notes of any other series.

Defeasance and Discharge

The indenture provides that we will be discharged from any and all obligations in respect to the senior notes and the indenture (except for certain obligations such as obligations to register the transfer or exchange of the senior notes, replace stolen, lost or mutilated senior notes and maintain paying agencies) if, among other things, we paid or caused to be paid the principal of and premium, if any, and interest on all outstanding senior notes, as and when the same shall have become due and payable, we shall have delivered to the trustee for cancellation the outstanding senior notes, or we have irrevocably deposited with the trustee, in trust for the benefit of the holders of senior notes, money or certain United States government obligations, or any combination of money and certain United States government obligations, which will provide money in an amount sufficient, without reinvestment, to make all payments of principal of, premium, if any, and interest on, the senior notes on the dates payments are due in accordance with the terms of the indenture and the senior notes; provided that unless all of the senior notes mature within 90 days of the deposit by redemption or otherwise, we will also have delivered to the trustee an opinion of counsel to the effect that the holders of the senior notes will not recognize income, gain or loss for federal income tax purposes as a result of the defeasance or discharge of the indenture. After we have been discharged from our obligations under the indenture, the holders of the senior notes may look only to the deposit for payment of the principal of, and interest and any premium on, the senior notes.

Consolidation, Merger and Sale or Disposition of Assets

We may not consolidate with or merge into any other corporation or entity or sell or otherwise dispose of our properties as or substantially as an entirety to any person unless, among other things:

the successor
or transferee
is a
corporation
or other entity
organized and
existing
under the
laws of the
United States

or any state
of the United
States or the
District of
Columbia;
and

the successor
or transferee
expressly
assumes by
supplemental
indenture the
due and
punctual
payment of
the principal
of and
premium, if
any, and
interest on all
of the senior
notes and the
performance
of every
covenant of
the indenture
to be
performed or
observed by
us.

Upon any consolidation, merger, sale, transfer or other disposition of our properties substantially as an entirety, permissible under the provision described in the immediately preceding paragraph, the successor corporation formed by the consolidation or into which we are merged or to which the transfer is made will succeed to us, and be substituted for us, and may exercise every right and power of ours, under the indenture with the same effect as if the successor corporation had been named as Metropolitan Edison Company in the indenture, and we will be released from all obligations under the indenture. For purposes of the indenture, the conveyance or other transfer by us of (i) all or any portion of our facilities for the generation of electric energy or (ii) all of our facilities for the transmission of electric energy, in each case considered alone or in any combination

with properties described in any other clause of the indenture, will in no event be deemed to constitute a conveyance or other transfer of all our properties, as or substantially as an entirety.

Certain Covenants

Limitation on Liens

The indenture provides that, so long as any senior notes are outstanding, we may not issue, assume, guarantee or permit to exist any Debt (as defined below) that is secured by any mortgage, security interest, pledge or lien, or Lien, of or upon any of our Operating Property (as defined below), whether owned at the date of the indenture or subsequently acquired, without effectively securing such senior notes (together with, if we so determine, any of our other indebtedness ranking equally with such senior notes) equally and ratably with that Debt (but only so long as that Debt is so secured).

The foregoing restriction will not apply to:

- (1) Liens on any Operating Property existing at the time of its acquisition (which Liens may also extend to subsequent repairs, alterations and improvements to that Operating Property);
- (2) Liens on operating property of a corporation existing at the time the corporation is merged into or consolidated with, or at the time the corporation disposes of its properties (or those of a division) as or substantially as an entirety to, us;
- (3) Liens on Operating Property to secure all or part of the costs of acquisition, construction, development or substantial repair,

alteration or improvement of such property or to secure indebtedness incurred to provide funds for any of those purposes or for reimbursement of funds previously expended for any of those purposes, provided the Liens are created or assumed contemporaneously with, or within 18 months after, the acquisition or the completion of the substantial repair or alteration, construction, development or substantial improvement of such property;

- (4) Liens in favor of any state or any department, agency or instrumentality or political subdivision of any state, or for the benefit of holders of securities issued by any such entity (or providers of credit enhancement with respect to those securities), to secure any Debt (including, without limitation, our obligations with respect to industrial development, pollution control or similar revenue bonds) incurred for the purpose of

financing all or any part of the purchase price or the cost of constructing, developing, or substantially repairing, altering, or improving our Operating Property;

- (5) Liens under our first mortgage bond indenture with respect to currently outstanding first mortgage bonds;
- (6) Liens to compensate the trustee as provided in the indenture; or
- (7) any extension, renewal or replacement (or successive extensions, renewals or replacements), in whole or in part, of any Lien referred to in clauses (1) through (6), provided, however, that the principal amount of Debt secured thereby and not otherwise authorized by clauses (1) through (6), must not exceed the principal amount of Debt, plus any premium or fee payable in connection with the extension, renewal or replacement, so secured at the time of the extension, renewal or

replacement.

However, the foregoing restriction will not apply to our issuance, assumption or guarantee, or permission to exist, of Debt secured by a Lien which would otherwise be subject to the foregoing restrictions up to an aggregate amount which, together with the principal amount of all of our other secured Debt then outstanding (not including secured Debt permitted under any of the foregoing exceptions) and the Value (as defined below) of all Sale and Lease-Back Transactions (as defined below) existing at that time (other than any Sale and Lease-Back Transactions the proceeds of which have been applied to the retirement of certain indebtedness, Sale and Lease-Back Transactions in which the property involved would have been permitted to be subjected to a Lien

under any of the foregoing exceptions in clauses (1) to (7) and Sale and Lease-Back Transactions that are permitted by the first sentence of *Limitation on Sale and Lease-Back Transactions* below), does not exceed the greater of 15% of Tangible Assets and 15% of Capitalization (as those terms are defined below). As of June 30, 2008, our Tangible Assets were \$2.5 billion and our Capitalization was \$1.6 billion.

Limitation on Sale and Lease-Back Transactions

The indenture provides that, so long as any senior notes are outstanding, we may not enter into or permit to exist any Sale and Lease-Back Transaction with respect to any Operating Property, if the purchasers' commitment is obtained more than 18 months after the later of the completion of the acquisition, construction or development of that Operating Property or the placing in operation of that Operating Property or of that Operating Property as constructed or developed or substantially repaired, altered or improved.

This restriction will not apply if:

we would be entitled pursuant to any of the provisions described in clauses (1) to (7) of the second paragraph under *Limitation on Liens* above to issue, assume, guarantee or permit to exist Debt secured by a Lien on that Operating Property without equally and ratably securing the senior notes;

after giving effect to a Sale and Lease-Back Transaction, we could

incur,
pursuant to
the
provisions
described in
the third
paragraph
under

Limitation
on Liens, at
least \$1.00

by Liens
(other than

provisions
described in
clauses (1)
to (7) of the
second
paragraph
under

Limitation
on Liens); or

Certain Definitions

Set forth below is a summary of certain defined terms used in the indenture. Reference is made to the indenture for the full description of all such terms, as well as any other terms used herein for which no definition is provided.

Capitalization means the total of all the following items appearing on, or included in, our consolidated balance sheet: (i) liabilities for indebtedness maturing more than 12 months from the date of determination; and (ii) common stock, preferred stock, Hybrid Preferred Securities, premium on capital stock, capital surplus, capital in excess of par value and retained earnings (however the foregoing may be designated), less, to the extent not otherwise deducted, the cost of shares of our capital stock held in our treasury. Capitalization will be determined in accordance with GAAP, and may be determined as of a date not more than 60 days prior to the happening of the event for which such determination is being made.

Debt means any outstanding debt for money borrowed evidenced by notes, debentures, bonds, or other securities or any guarantees thereof.

GAAP means generally accepted accounting principles in the United States of America, applied on a basis consistent with those used in the preparation of our financial statements.

Operating Property means (i) any interest in real property owned by us; and (ii) any asset owned by us that is depreciable in accordance with GAAP excluding, in either case, any interest of

ours as lessee under any lease (except for a lease that results from a Sale and Lease-Back Transaction) which has been or would be capitalized on our books in accordance with GAAP.

Sale and Lease-Back Transaction means any arrangement with any person or entity providing for the leasing to us of any Operating Property (except for leases for a term, including any renewals, of not more than 48 months), which Operating Property has been or is to be sold or transferred by us to such person; provided, however, Sale and Lease-Back Transaction does not include any arrangement first entered into prior to the date of the indenture.

Tangible Assets means the amount shown as total assets on our consolidated balance sheet, less the following: (i) intangible assets including, but without limitation, goodwill, trademarks, trade names, patents, and unamortized debt discount and expense and (ii) appropriate adjustments, if any, on account of minority interests. Tangible Assets will be determined in accordance with GAAP and practices applicable to the type of business in which we are engaged and that are approved by the independent accountants regularly retained by us, and may be determined as of a date not more than 60 days prior to the happening of the event for which the determination is being made.

Value means, with respect to a Sale and Lease-Back Transaction, as of any particular time, the amount equal to the greater of (i) the net proceeds to us from the sale or transfer of the property leased pursuant to the Sale and Lease-Back Transaction and (ii) the net book value of the property leased, as determined by us in accordance with GAAP, in either case multiplied by a fraction, the numerator of which will be equal to the number of full years of the term of the lease that is part of the Sale and Lease-Back Transaction remaining at the time of determination and the denominator of which will be equal to the number of full years of the term of the lease, without regard, in any case, to any renewal or extension options contained in the lease.

Resignation or Removal of the Senior Note Trustee

The trustee may resign at any time upon at least 30 days prior written notice to us specifying the day upon which the resignation is to take effect and that resignation will take effect immediately upon the later of the appointment of a successor trustee and the day specified by the trustee.

The trustee may be removed at any time by an instrument or concurrent instruments in writing delivered to the trustee and signed by the holders, or their attorneys-in-fact, of a majority in aggregate principal amount of the then outstanding senior notes. In addition, so long as no event of default under the indenture or event which, with the giving of notice or lapse of time or both, would become an event of default has occurred and is continuing, we may remove the trustee upon written notice to the holder of each senior note outstanding and the trustee, and upon the appointment of a successor trustee.

Concerning the Senior Note Trustee

The Bank of New York Mellon is the trustee under the indenture. The indenture provides that our obligations to compensate the trustee and reimburse the trustee for expenses, disbursements and advances will constitute indebtedness which will be secured by a lien generally prior to that of the senior notes upon all property and funds held or collected by the trustee as such.

The trustee is also a depository of ours and certain of our affiliates and has in the past made, and may in the future make, periodic loans to us and certain of our affiliates.

Governing Law

The indenture is, and the debt securities will be, governed by New York state law.

Depository Arrangements

We will describe the specific terms of the depositary arrangement with respect to any portion of a series of debt securities to be represented by a book-entry note in the prospectus supplement relating to such series. We anticipate that the following provisions will apply to all depositary arrangements.

The certificates representing the debt securities, or Global Certificates, will be issued in fully registered form, without coupons. The debt securities will be deposited with, or on behalf of, DTC and registered in the name of Cede & Co., as DTC's nominee in the form of one or more Global Certificates or will remain in the custody of the trustee pursuant to a FAST Balance Certificate Agreement between DTC and the trustee. Upon the issuance of the Global Certificate, DTC or its nominee will credit, on its internal system, the principal amount of the individual beneficial interests represented by such Global Certificate to the accounts of persons who have accounts with such depository. Such accounts initially will be designated by or on behalf of the initial purchasers. Ownership of beneficial interests in a Global Certificate will be limited to persons who have accounts with DTC, or participants, or persons who hold interests through participants. Ownership of beneficial interests in a Global Certificate will be shown on, and the transfer of that ownership will be effected only through, records maintained by DTC or its nominee (with respect to interests of participants) and the records of participants (with respect to interests of persons other than participants). Qualified Institutional Buyers may hold their interests in a Global Certificate directly through DTC if they are participants in such system or indirectly through organizations which are participants in such system.

Investors that have purchased debt securities pursuant to Regulation S may hold their interests directly through Clearstream Banking or Euroclear, if they are participants in such systems, or indirectly through organizations that are participants in such systems. Beginning 40 days after the date of original issuance of the debt securities but not earlier, investors may also hold such interests through organizations other than Clearstream Banking or Euroclear that are participants in the DTC system. Clearstream Banking and Euroclear will hold interests in the Global Certificate representing debt securities purchased pursuant to Regulations S on behalf of their participants through DTC.

So long as DTC, or its nominee, is the registered owner or holder of a Global Certificate, DTC or such nominee, as the case may be, will be considered the sole owner or holder of the debt securities represented by such Global Certificate for all purposes under the indenture and the debt securities. No beneficial owner of an interest in a Global Certificate will be able to transfer the interest except in accordance with DTC's applicable procedures, in addition to those provided for under the indenture and, if applicable, those of Euroclear and Clearstream Banking. Payments of the principal of, premium, if any, and interest on, a Global Certificate will be made to DTC or its nominee, as the case may be, as the registered owner thereof. Neither we, the trustee nor any paying agent will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in a Global Certificate or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests. DTC or its nominee, upon receipt of any payment of principal or interest in respect of a Global Certificate, will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of such Global Certificate as shown on the records of DTC or its nominee. We also expect that payments by participants to owners of beneficial interests in such Global Certificate held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in the names of nominees for such customers. Such payments will be the responsibility of such participants and neither we, the trustee nor any paying agent will have any responsibility therefor.

Transfers between participants in DTC will be effected in the ordinary way in accordance with DTC rules. If a holder requires physical delivery of a certificated Senior Note for any reason, including to sell debt securities to persons in jurisdictions which require such delivery of such debt securities or to pledge such debt securities, such holder must transfer its interest in a Global Certificate in accordance with the procedures described under "Transfer Restrictions" in this prospectus, as well as DTC's applicable procedures, or the procedures set forth in the indenture, and if applicable, those of Euroclear and Clearstream Banking.

DTC will take any action permitted to be taken by a holder of debt securities (including the presentation of debt securities for exchange as described below) only at the direction of one or more participants to whose account the DTC interests in a Global Certificate is credited and only in respect of such portion of the aggregate principal amount of the debt securities as to which such

participant or participants has or have given such direction. However, if there is an Event of Default under the debt securities, DTC will exchange a Global Certificate for certificated debt securities, which it will distribute to its participants and which may be legended as set forth under Transfer Restrictions.

DTC has advised us that it is a limited purpose trust company organized under the laws of the State of New York, a member of the Federal Reserve System, a clearing corporation within the meaning of the Uniform Commercial Code and a Clearing Agency registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities for its participants and facilitate the clearance and settlement of securities transactions between participants through electronic book-entry changes in accounts of its participants, thereby eliminating the need for physical movement of certificates. Participants include securities brokers and dealers, banks, trust companies and clearing corporations and may include certain other organizations. Indirect access to the DTC system is available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly (indirect participants). The rules applicable to DTC and its participants are on file with the SEC.

Although DTC, Euroclear and Clearstream Banking are expected to follow the foregoing procedures in order to facilitate transfers of interests in the debt securities represented by a Global Certificate among their respective participants, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. Neither we nor the trustee will have any responsibility for the performance by DTC, Euroclear or Clearstream Banking or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

If DTC is at any time unwilling or unable to continue as a depository for a Global Certificate and a successor depository is not appointed by us within 90 days, we will issue certificated debt securities in exchange for a Global Certificate which will bear the restrictive legend referred to under Transfer Restrictions, subject to the provisions of such legend.

Settlement for the debt securities will be made by the initial purchasers in immediately available funds. All payments of principal and interest will be made by us in immediately available funds.

Secondary trading in long-term bonds and notes of corporate issuers is generally settled in clearing-house or next-day funds. In contrast, beneficial interests in the debt securities that are not certificated debt securities will trade in DTC's Same-Day Funds Settlement System until maturity. Therefore, the secondary market trading activity in such interests will settle in immediately available funds. No assurance can be given as to the effect, if any, of settlement in immediately available funds on trading activity in the debt securities.

The information under this caption Depository Arrangements concerning DTC and DTC's book-entry system has been obtained from information provided by DTC. We have provided the foregoing descriptions of the operations and procedures of DTC solely as a matter of convenience. The operations and procedures are solely within the control of DTC and are subject to change by DTC from time to time. You are urged to contact DTC or its participants directly to discuss these matters.

PLAN OF DISTRIBUTION

We may sell securities to one or more underwriters or dealers for public offering and sale by them, or we may sell the securities to investors directly or through agents. other items
constituting
underwriters

Only those underwriters identified in the prospectus supplement are deemed to be underwriters in connection with the securities offered in the prospectus supplement.

We may distribute the securities from time to time in one or more transactions at a fixed price or prices, which may be changed, or at prices determined as the prospectus supplement specifies. We may sell securities through forward contracts or similar arrangements. In connection with the sale of securities, underwriters, dealers or agents may be deemed to have received compensation from us in the form of underwriting discounts or commissions and also may receive commissions from securities purchasers for whom they may act as agent. Underwriters may sell the securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters or commissions from the purchasers for whom they may act as agent.

We may sell the securities directly or through agents we designate from time to time. Any agent involved in the offer or sale of the securities covered by this prospectus will be named in a prospectus supplement relating to such securities. Commissions payable by us to agents will be set forth in a prospectus supplement relating to the securities being offered. Unless otherwise indicated in a prospectus supplement, any such agents will be acting on a best-efforts basis for the period of their appointment.

Some of the underwriters, dealers or agents and some of their affiliates who participate in the securities distribution may engage in other transactions with, and perform other services for, us and our subsidiaries or affiliates in the ordinary course of business.

Any underwriting or other compensation which we pay to underwriters or agents in connection with the securities offering, and any discounts, concessions or commissions which underwriters allow to dealers, will be set forth in the applicable prospectus supplement. Underwriters, dealers and agents participating in the securities distribution may be deemed to be underwriters, and any discounts and commissions they receive and any profit they realize on the resale of the securities may be deemed to be underwriting discounts and commissions under the Securities Act. Underwriters, and their controlling persons, and agents may be entitled, under agreements we enter into with them, to indemnification against certain civil liabilities, including liabilities under the Securities Act.

LEGAL MATTERS

Unless otherwise indicated in the applicable prospectus supplement, the validity of the securities offered under this prospectus will be passed upon for us by Wendy L. Stark, Esq., Associate General Counsel of our parent corporation, FirstEnergy, and Akin Gump Strauss Hauer & Feld LLP, New York, New York. As of August 31, 2008, Ms. Stark

owned approximately 6,186.857 shares of common stock of FirstEnergy and 3,618.72 shares of unvested restricted stock units. Additional legal matters may be passed on for us, or any underwriters, dealers or agents, by counsel we will name in the applicable prospectus supplement.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The financial statements incorporated in this prospectus by reference to our Annual Report on Form 10-K for the year ended December 31, 2007, have been so incorporated in reliance on the report of PricewaterhouseCoopers LLP, an independent registered public accounting firm, given on the authority of said firm as experts in auditing and accounting.

With respect to our unaudited financial information for the three-month periods ended March 31, 2008 and 2007 and for the three-month and six-month periods ended June 30, 2008 and 2007, incorporated by reference in this prospectus, PricewaterhouseCoopers LLP reported that they have applied limited procedures in accordance with professional standards for a review of such information. However, their separate reports dated May 7, 2008 and August 7, 2008 for the quarter

ended March 31, 2008 and for the quarter and six-month periods ended June 30, 2008, respectively, incorporated by reference herein states that they did not audit and they do not express an opinion on that unaudited financial information. Accordingly, the degree of reliance on their reports on such information should be restricted in light of the limited nature of the review procedures applied. THE COMPANY

We are a wholly-owned electric utility operating subsidiary of FirstEnergy Corp., or FirstEnergy. FirstEnergy is a diversified energy company headquartered in Akron, Ohio. We engage in the distribution and sale of electric energy in an area of approximately 17,600 square miles in northern and central Pennsylvania. We also engage in the sale, purchase and interchange of electric energy with other electric companies. The area we serve has a population of approximately 1.7 million. As lessee of the property of our subsidiary, the Waverly Electric Light & Power Company, we also serve a population of approximately 8,400 in Waverly, New York and its vicinity.

We are a Pennsylvania corporation, and our principal executive offices are located at 76 South Main Street, Akron, Ohio 44308-1890. Our telephone number is (800) 736-3402.

RISK FACTORS

Investing in our securities involves risks. Before purchasing any securities we offer, you should carefully consider the risk factors that are incorporated by reference herein from the section captioned "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2007 and our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2008 and June 30, 2008, together with all of the other information included in this prospectus and any prospectus supplement and any other information that we have incorporated by reference, including annual, quarterly and other reports filed with the SEC subsequent to the date hereof. Any of these risks, as well as other risks and uncertainties, could harm our financial condition, results of operations or cash flows. See also "Cautionary Note Regarding Forward-Looking Statements" in this prospectus.

USE OF PROCEEDS

We intend to use the net proceeds we receive from issuance of these debt securities for general corporate purposes, unless otherwise specified in the prospectus supplement relating to a specific issue of debt securities. General corporate purposes may include, but are not limited to, financing and operating activities, capital expenditures, acquisitions, maintenance of our assets and refinancing our existing indebtedness.

RATIO OF EARNINGS TO FIXED CHARGES

The following table contains our consolidated ratio of earnings to fixed charges for the periods indicated. You should read these ratios in connection with our consolidated financial statements, including the notes to those statements, incorporated by reference in this prospectus.

Other Data	Year Ended December 31,					Six Months Ended June 30,	
	2003	2004	2005	2006	2007	2007	2008
Consolidated Ratio of Earnings to Fixed Charges	2.11	2.53	2.02	3.90	3.70	4.46	3.20

For purposes of the calculation of our consolidated ratio of earnings to fixed charges, earnings have been computed by adding to Income before extraordinary items total interest and other charges, before reduction for amounts capitalized, provision for income taxes and the estimated interest element of rentals charged to income, and fixed charges include interest on long-term debt, other interest expense, subsidiaries preferred stock dividend requirements and the estimated interest element of rentals charged to income.

DESCRIPTION OF DEBT SECURITIES

The debt securities that we may offer from time to time by this prospectus will be our senior unsecured debt securities and will rank equally with all of our other unsecured and unsubordinated debt under an indenture, dated as of April 1, 1999, as supplemented, between us and The Bank of New York Mellon as successor trustee. The indenture gives us broad authority to set the particular terms of each series of debt securities, including the right to modify certain of the terms contained in the indenture. The particular terms of a series of debt securities and the extent, if any, to which

the particular terms of a series of debt securities and the extent, if any, to which such particular terms modify the terms of the indenture or otherwise vary from the terms and provisions set forth below will be described in the prospectus supplement relating to those debt securities.

The indenture contains the full text of the matters described in this section. Because this section is a summary, it does not describe every aspect of the debt securities or the indenture. This summary is subject to and qualified in its entirety by reference to all the provisions of the indenture, including definitions of terms used in the indenture. You should read the indenture incorporated by reference as an exhibit to the registration statement of which this prospectus is a part. Whenever we refer to particular sections or defined terms of the indenture in this prospectus or in a prospectus supplement, these sections or defined terms are incorporated by reference herein or in the prospectus supplement. This summary also is subject to and qualified by reference to the description of the particular terms of the debt securities described in the applicable prospectus supplement or supplements. Certain capitalized terms used in this prospectus are defined in the indenture.

If applicable, the prospectus supplement relating to an issue of debt securities will describe any special United States federal income tax considerations relevant to those debt securities.

There is no requirement under the indenture that future issues of our debt securities be issued under the indenture. We will be free to use other indentures or documentation, containing provisions different from those included in the indenture or applicable to one or more issues of debt securities, in connection with future issues of other debt securities. The provisions of any such other indentures or documentation will be described in the applicable prospectus supplement.

General

The indenture does not limit the aggregate principal amount of debt securities that we may issue under the indenture. The indenture provides that the debt securities may be issued in one or more series. The debt securities may be issued at various times and may have differing maturity dates and may bear interest at differing rates. We need not issue all debt securities of one series at the same time and, unless otherwise provided, we may reopen a series, without the consent of the holders of the debt securities of that series, for issuances of additional debt securities of that series.

Prior to the issuance of each series of debt securities, the terms of the particular securities will be specified in a supplemental indenture, a board resolution or one or more officers' certificates authorized pursuant to a board resolution. We refer you to the applicable prospectus supplement for a description of the following terms of the particular series of debt securities offered thereby:

the title of the
debt securities;

any limit on
the aggregate
principal
amount of the
debt securities;

the date or
dates on which
the principal of
and any
premium on

the debt securities will be payable;

the rate or rates at which the debt securities will bear interest, if any;

the currency or currency unit of payment if other than United States dollars;

the date from which interest, if any, on the debt securities will accrue, the dates on which interest, if any, will be payable, the date on which payment of interest, if any, will commence, and the record dates for any interest payments;

our right, if any, to extend interest payment periods and the duration of any extension;

any redemption, repayment or sinking fund provisions;

the place or
places where
the principal of
and any
premium and
interest on the
debt securities
will be
payable;

the
denominations
in which the
debt securities
will be
issuable;

the index, if
any, with
reference to
which the
amount of
principal of or
any premium
or interest on
the debt
securities will
be determined;

any addition
to or change
in the events
of default
set forth in
the
indenture
applicable
to the debt
securities
and any
change in
the right of
the trustee
or the
holders to
declare the
principal
amount of
the debt
securities
due and
payable;

any addition
to or change
in the
covenants
set forth in
the
indenture;
and

any other
terms of the
debt
securities
not
inconsistent
with the
provisions
of the
indenture.

Events of Default

The following constitute events of default under the indenture:

default in the
payment of

principal of and
premium, if
any, on any
senior note
when due and
payable;

default in the
payment of
interest on any
senior note
when due,
which
continues for
60 days;

default in the
performance or
breach of any
of our other
covenants or
agreements in
the senior notes
or in the
indenture and
the
continuation of
the default for
90 days after
we have
received
written notice
of the default
either from the
trustee or from
the holders of
at least 33% in
aggregate
principal
amount of the
outstanding
senior notes;
and

certain events
of bankruptcy,
insolvency,
reorganization,
assignment or
receivership
relating to us.

If an event of default occurs and is continuing, either the trustee or the holders of a majority in aggregate principal amount of the outstanding senior notes may declare the principal amount of and interest on all of the senior notes to be due and payable immediately. At any time after an acceleration of the senior notes has been declared, and before any judgment or decree for the payment of the monies due has been obtained or entered, if we pay or deposit with the trustee a sum sufficient to pay all matured installments of interest and the principal and any premium which has become due on the senior notes otherwise than by acceleration and all amounts due to the trustee and all defaults have been cured or waived, then our payment or deposit will cause an automatic waiver of the event of default and its consequences and will cause an automatic rescission and annulment of the acceleration of the senior notes.

The indenture provides that the trustee generally will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders of the senior notes unless those holders have offered to the trustee security or indemnity reasonably satisfactory to it. Subject to the provisions for indemnity and certain other limitations contained in the indenture, the holders of a majority in aggregate principal amount of the outstanding senior notes generally will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or of exercising any trust or power conferred on the trustee. The holders of a majority in aggregate principal amount of the outstanding senior notes generally will have the right to waive any past default or event of default (other than a default in the payment of principal or any premium or interest on the senior notes) on behalf of all holders of the senior notes. The indenture provides that no holder of the senior notes may institute any action against us under the indenture unless it has previously given to the trustee written notice of the occurrence and continuance of an event of default and unless the holders of a majority in aggregate principal amount of the senior notes then outstanding affected by the event of default have requested the trustee to institute the action and have offered the trustee reasonable indemnity, and the trustee has not instituted the action within 60 days of the request. Furthermore, no holder of the senior notes will be entitled to institute any action if and to the extent that the action would affect, disturb or prejudice the rights of other holders of the senior notes. Notwithstanding that the right of a holder of the senior notes to institute a proceeding with respect to the indenture is subject to certain conditions precedent, each holder of a senior note has the right, which is absolute and unconditional, to receive payment of the principal of, and premium, if any, and interest on the senior note when due and to institute suit for the enforcement of such payment, and those rights may not be impaired without the consent of such holders.

The indenture provides that the trustee, within 90 days after the occurrence of a default with respect to the senior notes, is required to give holders of the senior notes notice of any default known to the trustee, unless cured or waived, but, except in the case of default in the payment of principal of, or premium, if any, or interest on, any senior notes, the trustee may withhold notice if it determines in good faith that it is in the interest of holders of those senior notes to do so. We are required to deliver to the trustee each year an officer's certificate as to whether or not we are in compliance with the conditions and covenants under the indenture.

Modification with Consent of Holders

Modification and amendment of the indenture by an indenture or indentures supplemental thereto may be effected by us and the trustee with the consent of the holders of a majority in aggregate principal amount of the outstanding senior notes, provided that no modification or amendment may, without the consent of the holder of each outstanding senior note affected by such modification or amendment,

change the
maturity date
of such
senior notes;

reduce the
rate or extend
the time of
payment of
interest on
such senior
notes;

reduce the
principal
amount of, or
premium
payable on,
such senior
notes;

change the
coin or
currency of
any payment
of principal
of, or
premium, if
any, or
interest on,
such senior
notes;

change the
date on
which such

senior notes
may be
redeemed or
repaid at the
option of
their holders
or adversely
affect the
rights of a
holder to
institute suit
for the
enforcement
of any
payment on
or with
respect to
such senior
notes; or

modify the
foregoing
requirements
or reduce the
percentage of
outstanding
senior notes
necessary to
modify or
amend the
indenture or
to waive any
past default
to less than a
majority.

Modification without Consent of Holders

Modification and amendment of the indenture by an indenture or indentures supplemental thereto may be effected by us and the trustee without the consent of the holders of any senior notes:

to change or
eliminate any
provisions of
the indenture,
provided that
any such
change or
elimination
shall become
effective only

when there is
no senior note
outstanding
created prior to
the execution
of such
supplemental
indenture
effecting the
change or
elimination
which senior
note is entitled
to the benefit of
the applicable
provision or
such change or
elimination is
applicable only
to senior notes
issued after the
effective date
of the change
or elimination;

to establish the
form of senior
notes as
permitted by
the indenture or
to establish or
reflect any
terms of any
senior note
determined
pursuant to a
company order;

to evidence the
succession of
another
corporation to
us as permitted
by the
indenture, and
the assumption
by any
successor of
our covenants
in the indenture
and the senior

notes;

to specify further the duties and responsibilities of, and to define further the relationship among the trustee, any Authenticating Agent and any paying agent;

to grant to or confer upon the trustee for the benefit of the holders of senior notes any additional rights, remedies, powers or authority;

to permit the trustee to comply with any duties imposed upon it by law;

to add to our covenants for the benefit of the holders of senior notes, to add to the security for the senior notes, to surrender a right or power conferred on us in the indenture or to add any event of default;

to comply with
our obligations
related to the
limitations on
liens;

to supply
omissions,
cure
ambiguities
or correct
defects,
which
actions, in
each case,
are not
prejudicial
to the
interest of
the holders
of senior
notes in any
material
respect; or

to make any
other
change that
is not
prejudicial
to the
holders of
the senior
notes in any
material
respect.

A supplemental indenture which changes or eliminates any covenant or other provision of the indenture (or any supplemental indenture) which has expressly been included solely for the benefit of one or more series of the senior notes, or which modifies the rights of the holders of the senior notes of one or more series with respect to that covenant or provision, will be deemed not to affect the rights under the indenture of the holders of the senior notes of any other series.

Defeasance and Discharge

The indenture provides that we will be discharged from any and all obligations in respect to the senior notes and the indenture (except for certain obligations such as obligations to register the transfer or exchange of the senior notes, replace stolen, lost or mutilated senior notes and maintain paying agencies) if, among other things, we paid or caused to be paid the principal of and premium, if any, and interest on all outstanding senior notes, as and when the same shall have become due and payable, we shall have delivered to the trustee for cancellation the outstanding senior notes, or we have irrevocably deposited with the trustee, in trust for the benefit of the holders of senior notes, money or certain United States government obligations, or any combination of money and certain United States government obligations, which will provide money in an amount sufficient, without reinvestment, to make all payments of principal of, premium, if any, and interest on, the senior notes on the dates payments are due in accordance with the terms of the indenture and the senior notes; provided that unless all of the senior notes mature within 90 days of the deposit by redemption or otherwise, we will also have delivered to the trustee an opinion of counsel to the effect that the holders of the senior notes will not recognize income, gain or loss for federal income tax purposes as a result of the

defeasance or discharge of the indenture. After we have been discharged from our obligations under the indenture, the holders of the senior notes may look only to the deposit for payment of the principal of, and interest and any premium on, the senior notes.

Consolidation, Merger and Sale or Disposition of Assets

We may not consolidate with or merge into any other corporation or entity or sell or otherwise dispose of our properties as or substantially as an entirety to any person unless, among other things,

the successor
or transferee
corporation is
a corporation
or other entity
organized and
existing
under the
laws of the
United States
or any state
of the United
States or the
District of
Columbia;
and

the successor
or transferee
corporation
or other entity
assumes by
supplemental
indenture the
due and
punctual
payment of
the principal
of and
premium, if
any, and
interest on the
senior notes
and the
performance
of every
covenant of
the indenture
to be
performed or
observed by

us.

Upon any consolidation, merger, sale, transfer or other disposition of our properties substantially as an entirety, permissible under the provision described in the immediately preceding paragraph, the successor corporation formed by the consolidation or into which we are merged or to which the transfer is made will succeed to us, and be substituted for us, and may exercise every right and power of ours, under the indenture with the same effect as if the successor corporation had been named as Pennsylvania Electric Company in the indenture, and we will be released from all obligations under the indenture. For purposes of the indenture, the conveyance or other transfer by us of (i) all or any portion of our facilities for the generation of electric energy or (ii) all of our facilities for the transmission of electric energy, in each case considered alone or in any combination with properties described in the other clause, will in no event be deemed to constitute a conveyance or other transfer of all our properties, as or substantially as an entirety.

Certain Covenants

Limitation on Liens

The indenture provides that, so long as any senior notes are outstanding, we may not issue, assume, guarantee or permit to exist any Debt (as defined below) that is secured by any mortgage, security interest, pledge or lien, or Lien, of or upon any of our Operating Property (as defined below), whether owned at the date of the indenture or subsequently acquired, without effectively securing such senior notes (together with, if we so determine, any of our other indebtedness ranking equally with such senior notes) equally and ratably with that Debt (but only so long as that Debt is so secured).

The foregoing restriction will not apply to:

- (a) Liens on any Operating Property existing at the time of its acquisition (which Liens may also extend to subsequent repairs, alterations and improvements to that Operating Property);
- (b) Liens on operating property of a corporation existing at the time the corporation is merged into or consolidated with, or at the time the corporation disposes of its properties (or those of a division) as or substantially as an entirety to, us;
- (c) Liens on Operating Property to secure the costs of acquisition, construction, development or substantial repair, alteration or improvement of property or to

secure indebtedness incurred to provide funds for any of those purposes or for reimbursement of funds previously expended for any of those purposes, provided the Liens are created or assumed contemporaneously with, or within 18 months after, the acquisition or the completion of substantial repair or alteration, construction, development or substantial improvement;

- (d) Liens in favor of any state or any department, agency or instrumentality or political subdivision of any state, or for the benefit of holders of securities issued by any such entity (or providers of credit enhancement with respect to those securities), to secure any Debt (including, without limitation, our obligations with respect to industrial development, pollution control or similar revenue bonds) incurred for the purpose of financing all or any part of the purchase price or the cost of substantially

repairing or
altering,
constructing,
developing or
substantially
improving our
Operating Property;

- (e) Liens under the Mortgage, where such Debt has been issued for the purposes of any transaction described in clause (4) above;
- (f) Liens to compensate the trustee as provided in the indenture; or
- (g) any extension, renewal or replacement (or successive extensions, renewals or replacements), in whole or in part, of any Lien referred to in clauses (1) through (6), provided, however, that the principal amount of Debt secured thereby and not otherwise authorized by clauses (1) through (6), must not exceed the principal amount of Debt, plus any premium or fee payable in connection with the extension, renewal or replacement, so secured at the time of the extension, renewal or

replacement.

However, the foregoing restriction will not apply to our issuance, assumption or guarantee of Debt secured by a Lien which would otherwise be subject to the foregoing restriction up to an aggregate amount which, together with the principal amount of all other of our secured Debt (not including secured Debt permitted under any of the foregoing restrictions) and the Value (as defined below) of all Sale and Lease-Back Transactions (as defined below) existing at that time (other than Sale and Lease-Back Transactions the proceeds of which have been applied to the retirement of certain indebtedness, Sale and Lease-Back Transactions that, if such Sale and Lease-Back Transaction had been a Lien, would have been permitted under any of the foregoing restrictions and Sale and Lease-Back Transactions that are permitted by the first sentence of Limitation on Sale and Lease-Back Transactions below), does not exceed the greater of 15% of Tangible Assets and 15% of Capitalization (as those terms are defined below). As of June 30, 2008, our Tangible Assets were \$2.0 billion and our Capitalization was \$1.7 billion.

Limitation on Sale and Lease-Back Transactions

The indenture provides that so long as any senior notes are outstanding, we may not enter into or permit to exist any Sale and Lease-Back Transaction with respect to any Operating Property, if the purchasers' commitment is obtained more than 18 months after the later of the completion of the acquisition, construction or development of that Operating Property or the placing in operation of that Operating Property or of that Operating Property as constructed or developed or substantially repaired, altered or improved.

This restriction will not apply if:

we would be entitled pursuant to any of the provisions described in clauses (1) to (7) of the second paragraph under

Limitation on Liens above to issue, assume, guarantee or permit to exist Debt secured by a Lien on that Operating Property without equally and ratably securing the senior notes; or

Certain Definitions

Set forth below is a summary of certain defined terms used in the indenture. Reference is made to the indenture for the full description of all such terms, as well as any other terms used herein for which no definition is provided.

Capitalization means the total of all the following items appearing on, or included in, our consolidated balance sheet: (i) liabilities for indebtedness maturing more than 12 months from the date of determination; and (ii) common stock,

preferred stock, Hybrid Preferred Securities, premium on capital stock, capital surplus, capital in excess of par value, and retained earnings (however the foregoing may be designated), less, to the extent not otherwise deducted, the cost of shares of capital stock held in our treasury. Capitalization will be determined in accordance with GAAP, and may be determined as of a date not more than 60 days prior to the happening of the event for which the determination is being made.

Debt means any outstanding debt for money borrowed evidenced by notes, debentures, bonds, or other securities, or guarantees of any thereof.

GAAP means generally accepted accounting principles in the United States of America, applied on a basis consistent with those used in the preparation of our financial statements.

Operating Property means (i) any interest in real property owned by us and (ii) any asset owned by us that is depreciable in accordance with GAAP excluding, in either case, any interest of ours as lessee under any lease (except for a lease that results from a Sale and Lease-Back Transaction) which has been or would be capitalized on our books in accordance with GAAP.

Sale and Lease-Back Transaction means any arrangement with any person providing for the leasing to us of any Operating Property (except for leases for a term, including any renewals, of not more than 48 months), which Operating Property has been or is to be sold or transferred by us to such person; provided, however, Sale and Lease-Back Transaction does not include any arrangement first entered into prior to the date of the indenture.

Tangible Assets means the amount shown as total assets on our consolidated balance sheet, less the following: (i) intangible assets including, but without limitation, goodwill, trademarks, trade names, patents, and unamortized debt discount and expense and (ii) appropriate adjustments, if any, on account of minority interests. Tangible Assets will be determined in accordance with GAAP and practices applicable to the type of business in which we are engaged and that are approved by the independent accountants regularly retained by us, and may be determined as of a date not more than 60 days prior to the happening of the event for which the determination is being made.

Value means, with respect to a Sale and Lease-Back Transaction, as of any particular time, the amount equal to the greater of (i) the net proceeds to us from the sale or transfer of the property leased pursuant to the Sale and Lease-Back Transaction and (ii) the net book value of the property leased, as determined by us in accordance with GAAP, in either case multiplied by a fraction, the numerator of which will be equal to the number of full years of the term of the lease that is part of the Sale and Lease-Back Transaction remaining at the time of determination and the denominator of which will be equal to the number of full years of the term of the lease, without regard, in any case, to any renewal or extension options contained in the lease.

Resignation or Removal of Senior Note Trustee

The trustee may resign at any time upon written notice to us specifying the day upon which the resignation is to take effect and that resignation will take effect immediately upon the later of the appointment of a successor trustee and the day specified by the trustee.

The trustee may be removed at any time by an instrument or concurrent instruments in writing delivered to the trustee and signed by the holders, or their attorneys-in-fact, of a majority in aggregate principal amount of the then outstanding senior notes. In addition, so long as no event of default under the indenture or event which, with the giving of notice or lapse of time or both, would become an event of default has occurred and is continuing, we may remove the trustee upon written notice to the holder of each senior note outstanding and the trustee, and upon the appointment of a successor trustee.

Concerning the Senior Note Trustee

The Bank of New York Mellon is the trustee under the indenture. The indenture provides that our obligations to compensate the trustee and reimburse the trustee for expenses, disbursements and advances will constitute indebtedness which will be secured by a lien generally prior to that of the senior notes upon all property and funds held or collected by the trustee as such. The trustee is also a depository of ours and certain of our affiliates and has in the past made, and may in the future make, periodic loans to us and certain of our affiliates.

Governing Law

The indenture is, and the debt securities will be, governed by, and construed in accordance with, the laws of the State of New York.

Depository Arrangements

We will describe the specific terms of the depository arrangement with respect to any portion of a series of debt securities to be represented by a book-entry note in the prospectus supplement relating to such series. We anticipate that the following provisions will apply to all depository arrangements.

The certificates representing the debt securities, or Global Certificates, will be issued in fully registered form, without coupons. The debt securities will be deposited with, or on behalf of, DTC, and registered in the name of Cede & Co., as DTC's nominee in the form of one or more Global Certificates or will remain in the custody of the trustee pursuant to a FAST Balance Certificate Agreement between DTC and the trustee. Upon the issuance of the Global Certificate,

DTC or its nominee will credit, on its internal system, the principal amount of the individual beneficial interests

represented by such Global Certificate to the accounts of persons who have accounts with such depository. Ownership of beneficial interests in a Global Certificate will be limited to persons who have accounts with DTC, or participants, or persons who hold interests through participants. Ownership of beneficial interests in a Global Certificate will be shown on, and the transfer of that ownership will be effected only through, records maintained by DTC or its nominee (with respect to interests of participants) and the records of participants (with respect to interests of persons other than participants).

So long as DTC, or its nominee, is the registered owner or holder of a Global Certificate, DTC or such nominee, as the case may be, will be considered the sole owner or holder of the debt securities represented by such Global Certificate for all purposes under the indenture and the debt securities. No beneficial owner of an interest in a Global Certificate will be able to transfer the interest except in accordance with DTC's applicable procedures, in addition to those provided for under the indenture.

Payments of the principal of, premium, if any, and interest on, a Global Certificate will be made to DTC or its nominee, as the case may be, as the registered owner thereof. Neither we, the trustee nor any paying agent will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in a Global Certificate or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests. DTC or its nominee, upon receipt of any payment of principal or interest in respect of a Global Certificate, will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of such Global Certificate as shown on the records of DTC or its nominee. We also expect that payments by participants to owners of beneficial interests in such Global Certificate held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in the names of nominees for such customers. Such payments will be the responsibility of such participants and neither we, the trustee or any paying agent will have any responsibility therefor.

Transfers between participants in DTC will be effected in the ordinary way in accordance with DTC rules. If a holder requires physical delivery of a certificated Senior Note for any reason, including to sell debt securities to persons in jurisdictions which require such delivery of such debt securities or to pledge such debt securities, such holder must transfer its interest in a Global Certificate in accordance with DTC's applicable procedures, or the procedures set forth in the indenture.

DTC will take any action permitted to be taken by a holder of debt securities (including the presentation of debt securities for exchange as described below) only at the direction of one or more participants to whose account the DTC interests in a Global Certificate is credited and only in respect of such portion of the aggregate principal amount of the debt securities as to which such participant or participants has or have given such direction. However, if there is an Event of Default under the debt securities, DTC will exchange a Global Certificate for certificated debt securities, which it will distribute to its participants.

DTC has advised us that it is a limited purpose trust company organized under the laws of the State of New York, a member of the Federal Reserve System, a clearing corporation within the meaning of the Uniform Commercial Code and a Clearing Agency registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities for its participants and facilitate the clearance and settlement of securities transactions between participants through electronic book-entry changes in accounts of its participants, thereby eliminating the need for physical movement of certificates. Participants include securities brokers and dealers, banks, trust companies and clearing corporations and may include certain other organizations. Indirect access to the DTC system is available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly (indirect participants). The rules applicable to DTC and its participants are on file with the SEC.

Although DTC is expected to follow the foregoing procedures in order to facilitate transfers of interests in the debt securities represented by a Global Certificate among its participants, it is under

no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. Neither we nor the trustee will have any responsibility for the performance by DTC or its respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

If DTC is at any time unwilling or unable to continue as a depository for a Global Certificate and a successor depository is not appointed by us within 90 days, we will issue certificated debt securities in exchange for a Global Certificate.

All payments of principal and interest will be made by us in immediately available funds.

Secondary trading in long-term bonds and notes of corporate issuers is generally settled in clearing-house or next-day funds. In contrast, beneficial interests in the debt securities that are not certificated debt securities will trade in DTC's Same-Day Funds Settlement System until maturity. Therefore, the secondary market trading activity in such interests will settle in immediately available funds. No assurance can be given as to the effect, if any, of settlement in immediately available funds on trading activity in the debt securities.

The information under this caption **Depository Arrangements** concerning DTC and DTC's book-entry system has been obtained from information provided by DTC. We have provided the foregoing descriptions of the operations and procedures of DTC solely as a matter of convenience. The operations and procedures are solely within the control of DTC and are subject to change by DTC from time to time. You are urged to contact DTC or its participants directly to discuss these matters.

Item 15. Indemnification of Directors and OfficersFirstEnergy, OE, CEI and TE

Section 1701.13(E) of Title 17 of Page's Ohio Revised Code Annotated gives a corporation incorporated under the laws of Ohio power to indemnify any person who is or has been a director, officer or employee of that corporation, or of another corporation at the request of that corporation, against expenses, judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with any threatened, pending or completed action, suit or proceeding, criminal or civil, to which he is or may be made a party because of being or having been such director, officer or employee, provided that in connection therewith, such person is determined to have acted in good faith in what he reasonably believed to be in or not opposed to the best interest of the corporation of which he is a director, officer or employee, and without reasonable cause, in the case of a criminal matter, to believe that his conduct was unlawful. The determination as to the conditions precedent to the permitted indemnification of such person is made by the directors of the indemnifying corporation acting at a meeting at which, for the purpose, any director who is a party to or threatened with any such action, suit or proceeding may not be counted in determining the existence of a quorum and may not vote. If, because of the foregoing limitations, the directors are unable to act in this regard, such determination may be made by the majority vote of the corporation's voting shareholders (or without a meeting upon two-thirds written consent of such shareholders), by judicial proceeding or by written opinion of independent legal counsel other than an attorney, or a firm having associated with it an attorney, who has been retained by or who has performed services for the corporation or any person to be indemnified during the five years preceding the date of determination.

Section 1701.13(E) of Title 17 of Page's Ohio Revised Code Annotated provides that the indemnification thereby permitted shall not be exclusive of any other rights that directors, officers or employees may have,

including

II-1

rights under insurance purchased by the corporation.

FirstEnergy

Regulation 31 of FirstEnergy's Amended Code of Regulations provides as follows:

□The Corporation shall indemnify, to the full extent then permitted by law, any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he or she is or was a member of the Board of Directors or an officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation as a director, trustee, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise. The Corporation shall pay, to the full extent then required by law, expenses, including attorney's fees, incurred by a member of the Board of Directors in defending any such action, suit or proceeding as they are incurred, in advance of the final disposition thereof, and may pay, in the same manner and to the full extent then permitted by law, such expenses incurred by any other person. Section 38 of TE[]s Amended and Restated Code of Regulations provides as follows:

□The Corporation shall indemnify any person who was or is a party, or is threatened to be made a party, to any threatened, pending, or completed action, suit, or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he or she is or was a director, officer, employee, or agent of the Corporation, or is or was serving at the request of the Corporation as a director, trustee, officer, employee, member, manager, or agent of another corporation, limited liability company, partnership, joint venture, trust or other enterprise, against expenses, including attorney's fees, judgments, fines and amounts paid in settlement, actually and reasonably incurred by him or her in connection with such action, suit, or proceeding, if he or she acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation, and with respect to any criminal action or proceeding, if he or she had no reasonable cause to believe his or her conduct was unlawful, to the full extent and according to the procedures and requirements set forth in the Ohio General Corporation Law as now in effect or as amended from time to time. The Corporation shall pay, to the full extent then permitted by law, expenses, including attorney's fees, incurred by a member of the Board of Directors in defending any such action, suit or proceeding as they are incurred, in advance of the final disposition thereof, and may pay, in the same manner and to the full extent then permitted by law, such expenses incurred by any other person.

The indemnification and payment of expenses provided hereby shall not be exclusive of, and shall be in addition to, any other rights granted to those seeking indemnification under any law, the Articles of Incorporation, any agreement, vote of shareholders or disinterested members of the Board of Directors, or otherwise, both as to action in official capacities and as to action in another capacity while he or she is a member of the Board of Directors, or an officer, employee or agent of the Corporation, and shall continue as to a person who has ceased to be a member of the Board of Directors, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.□

Section 39 of TE's Amended and Restated Code of Regulations provides as follows:

□The Corporation may, to the full extent then permitted by law and authorized by the Board of Directors, purchase and maintain insurance or furnish similar protection, including but not limited to trust funds, letters of credit or self-insurance, on behalf of or for any persons described in Section 38 against any liability asserted against and incurred by any such person in any such capacity, or arising out of his status as such, whether or not the Corporation would have the power to indemnify such person against such liability. Insurance may be purchased from or maintained with a person in which the Corporation has a financial interest.□

JCP&L

Statutory Indemnification. We refer you to Section 14A:3-5 of the New Jersey Business Corporation Act, as amended, or NJBCA, which sets forth the extent to which a corporation is authorized or required to indemnify its directors, officers and other corporate agents in various proceedings. For purposes of such law, a □corporate agent□ is any person who is or was a director, officer, employee or agent of the indemnifying corporation or of any constituent corporation absorbed by the indemnifying corporation in a consolidation or merger and any person who is or was a director, officer, trustee, employee or agent of any other enterprise, serving as such at the request of the indemnifying corporation, or of any such constituent corporation, or the legal representative of any such director, officer, trustee, employee or agent. A □proceeding□ is any pending, threatened or completed civil, criminal, administrative or arbitrative action, suit, or proceeding, any appeal, and any inquiry or investigation which could lead to such action, suit or proceeding.

Under Section 14A: 3-5(2) of the NJBCA, any corporation organized for any purpose under any general or special law of the State of New Jersey has the power to indemnify any person who is or was a director, officer, employee or agent of that corporation, or of another corporation at the request of that corporation, against expenses and liabilities in connection with any proceeding involving the corporate agent by reason of his being or having been such a corporate agent, other than a proceeding by or in the right of the corporation, if: (a) such corporate agent acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation; and (b) with respect to any criminal proceeding, such corporate agent had no reasonable cause to believe his conduct was unlawful. The termination of any proceeding by judgment, order, settlement, conviction or upon a plea of nolo contendere or its equivalent, shall not of itself create a presumption that such corporate agent did not meet the applicable standards of conduct set forth in paragraphs (a) and (b) above.

Edgar Filing: CLEVELAND ELECTRIC ILLUMINATING CO - Form S-3ASR

Under Section 14A: 3-5(3) of the NJBCA, any corporation organized for any purpose under any general or special law of the State of New Jersey has the power to indemnify a corporate agent against his expenses in connection with any proceeding by or in the right of the corporation to procure a judgment in its favor which involves the corporate agent by reason of his being or having been such corporate agent, if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation. However, in such proceeding, no indemnification shall be provided in respect of any claim, issue or matter as to which such corporate agent shall have been adjudged to be liable to the corporation, unless and only to the extent that the Superior Court or the court in which such proceeding was brought shall determine upon application that despite the adjudication of liability, but in view of all circumstances of the case, such corporate agent is fairly and reasonably entitled to indemnity for such expenses as the Superior Court or such other court shall deem proper.

Pursuant to Section 14A: 3-5(4) of the NJBCA, any corporation organized for any purpose under any general or special law of the State of New Jersey shall indemnify a corporate agent against expenses to the extent that such corporate agent has been successful on the merits or otherwise in any proceeding, including any proceeding by or in the right of the corporation, involving the corporate agent by reason of his being or having been such a corporate agent or in defense of any claim, issue or matter therein.

Section 14A: 3-5(5) of the NJBCA provides that the determination as to the conditions precedent to the permitted indemnification of such corporate agent is made by: (a) the Board of Directors or a committee thereof, acting by a majority vote of a quorum consisting of directors who were not parties to or otherwise involved in the proceeding; or (b) if such a quorum is not obtainable, or, even if obtainable and such quorum of the Board of Directors or committee by a majority vote of the disinterested directors so directs, by independent legal counsel, in a written opinion, such counsel to be designated by the Board of Directors; or (c) by the shareholders if the certificate of incorporation or by-laws or a resolution of the Board of Directors or of the shareholders so directs.

Section 14A: 3-5(6) of the NJBCA provides that expenses incurred by a corporate agent in connection with a proceeding may be paid by the corporation in advance of the final disposition of the proceeding as authorized by the Board of Directors upon receipt of an undertaking by or on behalf of the corporate agent to repay such amount if it shall ultimately be determined that he is not entitled to be indemnified.

Section 14A: 3-5(7) of the NJBCA provides that if a corporation upon application of a corporate agent has failed or refused to provide indemnification as required under Section 14A:3-5(4) or permitted under Sections 14A:3-5(2), 14A:3-5(3) and 14A:3-5(6), a corporate agent may apply to a court for an award of indemnification by the corporation, and such court may award indemnification to the extent authorized under Sections 14A:3-5(2) and 14A:3-5(3) and shall award indemnification to the extent required under Section 14A:3-5(4), notwithstanding any contrary determination which may have been made under Section 14A:3-5(5); and (ii) may allow reasonable expenses to the extent authorized by, and subject to the provisions of, Section 14A:3-5(6), if the court shall find that the corporate agent has by his pleadings or during the course of the proceeding raised genuine issues of fact or law.

Section 14A: 3-5(8) of the NJBCA provides that the indemnification and advancement of expenses provided by or granted pursuant to the statutory sections above shall not exclude any other rights, including the right to be indemnified against liabilities and expenses incurred in proceedings by or in the right of the corporation, to which a corporate agent may be entitled under a certificate of incorporation, by-law, agreement, vote of shareholders, or otherwise; provided that no indemnification shall be made to or on behalf of a corporate agent if a judgment or other final adjudication adverse to the corporate agent establishes that his acts or omissions (a) were in breach of his duty of loyalty to the corporation or its shareholders, as defined in Section 14A:2-7(3) of the NJBCA; (b) were not in good faith or involved a knowing violation of law; or (c) resulted in receipt by the corporate agent of an improper personal benefit.

□The Corporation shall indemnify any person who was or is a party, or is threatened to be made a party, to any threatened, pending, or completed action, suit, or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he or she is or was a director, officer, employee, or agent of the

or is or was serving at the request of the Corporation as a director, trustee, officer, employee, member, manager, or agent of another corporation, limited liability company, partnership, joint venture, trust or other enterprise, against expenses, including attorney's fees, judgments, fines and amounts paid in settlement, actually and reasonably incurred by him or her in connection with such action, suit, or proceeding, if he or she acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, if he or she had no reasonable cause to believe his or her conduct was unlawful, to the full extent and according to the procedures and requirements set forth in the New Jersey General Corporation Law as now in effect or as amended from time to time. The Corporation shall pay, to the full extent then permitted by law, expenses, including attorney's fees, incurred by a member of the Board of Directors in defending any such action, suit or proceeding as they are incurred, in advance of the final disposition thereof, and may pay, in the same manner and to the full extent then permitted by law, such expenses incurred by any other person.

The indemnification and payment of expenses provided hereby shall not be exclusive of, and shall be in addition to, any other rights granted to those seeking indemnification under any law, the Certificate of Incorporation, any agreement, vote of shareholders or disinterested members of the Board of Directors, or otherwise, both as to action in official capacities and as to action in another capacity while he or she is a member of the Board of Directors, or an officer, employee or agent of the Corporation, and shall continue as to a person who has ceased to be a member of the Board of Directors, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

Section 39 of JCP&L's Amended and Restated Bylaws provides as follows:

The Corporation may, to the full extent then permitted by law and authorized by the Board of Directors, purchase and maintain insurance or furnish similar protection, including but not limited to trust funds, letters of credit or self-insurance, on behalf of or for any persons described in Section 38 against any liability asserted against and incurred by any such person in any such capacity, or arising out of his status as such, whether or not the Corporation would have the power to indemnify such person against such liability. Insurance may be purchased from or maintained with a person in which the Corporation has a financial interest.

Met-Ed and Penelec

Section 1746 of the Pennsylvania Business Corporation Law, or PBCL, and our By-laws provide for increased indemnification protections for directors, officers and others. Indemnification may be provided by Pennsylvania corporations in any case except where the act or failure to act giving rise to the claim for indemnification is determined by a court to have constituted willful misconduct or recklessness.

Section 1713 of the PBCL also sets forth a framework whereby Pennsylvania corporations, with the approval of the shareholders, may limit the personal liability of directors for monetary damages except where the director has breached or failed to perform his or her duties, and the breach or failure to perform constitutes self-dealing, willful misconduct or recklessness. The section does not apply to a director's responsibility or liability under a criminal or tax statute and may not apply to liability under Federal statutes, such as the Federal securities laws.

Met-Ed

Section 38 of Met-Ed's Amended and Restated Bylaws provides as follows:

The Corporation shall indemnify any person who was or is a party, or is threatened to be made a party, to any threatened, pending, or completed action, suit, or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he or she is or was a director, officer, employee, or agent of the Corporation, or is or was serving at the request of the Corporation as a director, trustee, officer, employee, member, manager, or agent of another corporation, limited liability company, partnership, joint venture, trust or other enterprise, against expenses, including attorney's fees, judgments, fines and amounts paid in settlement, actually and reasonably incurred by him or her in connection with such action, suit, or proceeding, if he or she acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation, and, with

respect to any criminal action or proceeding, if he or she had no reasonable cause to believe his or her conduct was unlawful, to the full extent and according to the procedures and requirements set forth in the Pennsylvania General Corporation Law as now in effect or as amended from time to time. The Corporation shall pay, to the full extent then permitted by law, expenses, including attorney's fees, incurred by a member of the Board of Directors in defending any such action, suit or proceeding as they are incurred, in advance of the final disposition thereof, and may pay, in the same manner and to the full extent then permitted by law, such expenses incurred by any other person.

The indemnification and payment of expenses provided hereby shall not be exclusive of, and shall be in addition to, any other rights granted to those seeking indemnification under any law, the Articles of Incorporation, any agreement, vote of shareholders or disinterested members of the Board of Directors, or otherwise, both as to action in official capacities and as to action in another capacity while he or she is a member of the Board of Directors, or an officer, employee or agent of the Corporation, and shall continue as to a person who has ceased to be a member of the Board of Directors, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

Section 39 of Met-Ed's Amended and Restated Bylaws provides as follows:

The Corporation may, to the full extent then permitted by law and authorized by the Board of Directors, purchase and maintain insurance or furnish similar protection, including but not limited to trust funds, letters of credit or self-insurance, on behalf of or for any persons described in Section 38 against any liability asserted against and incurred by any such person in any such capacity, or arising out of his status as such, whether or not the Corporation would have the power to indemnify such person against such liability. Insurance may be purchased from or maintained with a person in which the Corporation has a financial interest.

The Corporation shall pay, to the full extent then permitted by law, expenses, including attorney's fees, incurred by a member of the Board of Directors in defending any such action, suit or proceeding as they are incurred, in advance of the final disposition thereof, and may pay, in the same manner and to the full extent then permitted by law, such expenses incurred by any other person.

The indemnification and payment of expenses provided hereby shall not be exclusive of, and shall be in addition to, any other rights granted to those seeking indemnification under any law, the Articles of Incorporation, any agreement, vote of shareholders or disinterested members of the Board of Directors, or otherwise, both as to action in official capacities and as to action in another capacity while he or she is a member of the Board of Directors, or an officer, employee or agent of the Corporation, and shall continue as to a person who has ceased to be a member of the Board of Directors, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

Insurance may be purchased from or maintained with a person in which the Corporation has a financial interest.□

** Incorporated by reference herein as indicated.

Item 17. Undertakings

Each of the undersigned registrants hereby undertakes:

(a) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the □Calculation of Registration Fee□ table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (i), (ii) and (ii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by such registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(b) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(c) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(d) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(A) Each prospectus filed by a registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed par of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as par of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be par of and included in the registration statement as of the earlier of the date

such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of an issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which the prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(e) That, for the purpose of determining liability of such registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, each undersigned registrant undertakes that in a primary offering of securities of an undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, such undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of an undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of an undersigned registrant or used or referred to by an undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about an undersigned registrant or its securities provided by or on behalf of an undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by an undersigned registrant to the purchaser.

(f) That, for purposes of determining any liability under the Securities Act of 1933, each filing of such registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(g) To file an application for the purpose of determining the eligibility of any trustee to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Trust Indenture Act.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of each registrant pursuant to the foregoing provisions, or otherwise, each registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by a registrant of expenses incurred or paid by a director, officer or controlling person of a registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, that registrant will, unless in the opinion of its counsel the has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

SIGNATURES

Pursuant to the requirements of the Securities Act of 1933, the registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form S-3 and has duly caused this registration statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of Akron, State of Ohio, on the 19th day of September, 2008.
