SHAREHOLDER LETTER

FIRST TRUST/VALUE LINE(R) & IBBOTSON EQUITY ALLOCATION FUND (FVI)
SEMI-ANNUAL REPORT
NOVEMBER 30, 2005

Dear Shareholder:

We are pleased to inform you that your Fund, the First Trust/Value Line(R) & Ibbotson Equity Allocation Fund (AMEX: FVI), has achieved substantial gains in both market value and net asset value ("NAV") for the period ended November 30, 2005. The Fund seeks to provide capital appreciation utilizing an equity asset allocation model provided by Ibbotson Associates to determine the optimal equity allocations among the six asset classes: large-cap growth and value; mid-cap growth and value and small-cap growth and value. The portfolio is selected from those stocks ranked #1 or #2 in the Value Line(R) TimelinessTM Ranking System, Value Line(R) SafetyTM Ranking System or Value Line(R) TechnicalTM Ranking System. The top 25 ranked stocks within each of the six asset classes are then selected for the FVI portfolio, which results in approximately 150 stocks.

During the six-month period covered by this report, the U.S. stock market, as measured by the S&P 500 Index, was up 5.9% on a total return basis. Over the same period, FVI achieved a NAV total return of 11.4%, compared to a market value total return of 13.5%.

First Trust Advisors L.P. ("First Trust" or the "Advisor") serves as the Fund's Advisor and currently manages or supervises approximately \$21 billion in assets. I encourage you to read the commentary from Bob Carey, Chief Investment Officer for First Trust, found on the following pages. It includes a review of the Fund's performance and Bob's outlook for the markets.

We thank you for your confidence in First Trust and we will work diligently to keep earning it.

Sincerely,

/S/ JAMES A. BOWEN

A COMMENTARY ON THE FIRST TRUST/VALUE LINE(R) & IBBOTSON EQUITY ALLOCATION FUND

OVERVIEW

The First Trust/Value Line(R) & Ibbotson Equity Allocation Fund ("FVI" or the "Fund") posted a market price total return of 13.5% for the six-month period ended November 30, 2005. Its net asset value ("NAV") total return was 11.4%. Over the same six-month period, the S&P 500 Index and S&P 1500 Supercomposite Index, which has exposure to large-, mid- and small-cap stocks, gained 5.9% and 6.4%, respectively. The Fund distributed \$0.02 per share in ordinary income in June as well as a short-term capital gain of \$1.25 per share. FVI carried a beta of 1.03 as of December 30, 2005, according to Bloomberg, meaning that FVI's price sensitivity to broad market moves is approximately as volatile as the market. FVI traded at a 12.4% discount to its NAV on November 30, 2005. Its daily trading volume throughout the period averaged 21,784.

Following is a review of the portfolio strategy and composition, investment environment and performance results of FVI for the semi-annual period ended November 30, 2005.

INVESTMENT STRATEGY

The Fund's investment objective is to provide capital appreciation. Under normal market conditions, the Fund invests substantially all of its net assets in common stocks that are selected through the application of a top-down asset allocation strategy and a bottom-up stock selection methodology, in each case implemented by First Trust Advisors L.P. (the "Advisor"). The Advisor utilizes the Strategic Equity Asset Allocation Model of Ibbotson Associates (top-down) to determine the optimal equity allocations among the following six U.S. equity asset classes:

(1) Large-Cap Growth, (2) Large-Cap Value, (3) Mid-Cap Growth, (4) Mid-Cap Value, (5) Small-Cap Growth and (6) Small-Cap Value. To select the stocks within each of the six U.S. equity classes, the Advisor begins with the universe of stocks that Value Line(R) Publishing, Inc. gives a TimelinessTM, SafetyTM or TechnicalTM Ranking of #1 or #2 using the Value Line(R) Ranking Systems. The Advisor then applies a proprietary model to rank the stocks contained in that universe to determine which stocks will be selected for each of six different classes. The Advisor then selects the top 25 ranked stocks for each of the six asset classes for a total of approximately 150 stocks in the portfolio. The Fund does not employ leverage. The Advisor rebalances the Fund's portfolio holdings on a semi-annual basis and adjusts the portfolio to reflect changes in the Ibbotson Strategic Equity Asset Allocation Model on an annual basis. On a more frequent basis, the Advisor may sell stocks that are no longer within the Value Line(R) universe of #1 and #2 rankings and replace them with new stocks.

DISTRIBUTIONS

The Fund distributed \$1.27 per share in June, which represented \$0.02 per share in ordinary income and \$1.25 per share short-term capital gain for the six-month period ended November 30, 2005.

COMPOSITION OF THE FUND

The Fund is usually comprised of 150 equity holdings. Over the past six months, 135 stocks were sold and 135 were bought. As of November 30, 2005, the weighted average market capitalization of the stocks in the portfolio was \$21.8 billion, down from \$26.7 billion six months ago. The average market capitalization was \$13.0 billion, down from \$15.7 billion six months ago. The largest market capitalization holding in the portfolio was \$365.9 billion, up from \$358.9 billion six months ago. The smallest was \$588.0 million, up from \$407.0 million six months ago.

As of November 30, 2005, the Strategic Equity Asset Allocation Model of Ibbotson Associates, Inc. set the allocations among the six U.S. equity asset classes as follows: Large-Cap Growth (30%), Large-Cap Value (34%), Mid-Cap Growth (7%), Mid-Cap Value (11%), Small-Cap Growth (9%) and Small-Cap Value (9%).

For the six-month period ended November 30, 2005, these six major U.S. equity asset classes posted the following returns (as measured by Standard & Poor's & Russell): S&P Barra Growth Index (+4.73%), S&P Barra Value Index (+7.05%), S&P 400 Barra (Mid-Cap) Growth Index (+10.62%), S&P 400 Barra (Mid-Cap) Value Index (+9.63%), Russell 2000 (Small-Cap) Growth Index (+10.69%) and Russell 2000 (Small-Cap) Value Index (+9.90%).

SECTOR DIVERSIFICATION

The following breakdown illustrates the major economic sector weightings according to S&P's Global Industry Classification Standard for FVI as of May 31, 2005 and NOVEMBER 30, 2005: Basic Materials (5.8%; 5.2%); Consumer Discretionary (16.1%; 14.5%); Consumer Staples (10.4%; 1.5%); Energy (19.2%; 35.6%); Financial Services (10.3%; 10.2%); Health Care (9.0%; 2.2%); Industrials (7.5%; 12.7%); Information Technology (13.2%; 16.0%); REITs (0.4%; 0.0%); Telecommunications (2.4%; 0.0%); Utilities (5.0%; 1.6%); and Cash & Equivalents (0.7%; 0.5%).

PERFORMANCE OF THE FUND

The Fund posted some impressive returns for the semi-annual period. Based on market price, the Fund's total return was 13.5% for the six-month period ended November 30, 2005. Its NAV total return was 11.4%. Over the same period, the S&P 500 Index and S&P 1500 Supercomposite Index, which has exposure to large-, mid- and small-cap stocks, gained 5.9% and 6.4%, respectively.

Page 2

A COMMENTARY ON THE FIRST TRUST/VALUE LINE(R) & IBBOTSON EQUITY
ALLOCATION FUND - (CONTINUED)

Over the six-month period ended November 30, 2005, an overweight position in energy shares, relative to the benchmarks, contributed to the positive performance of the Fund. Over the period, energy shares returned 15.3% and 17.0% in the S&P 500 Index and S&P 1500 Supercomposite Index, respectively. An underweight position in health care stocks, the worst performing sector of the benchmarks, contributed to the positive performance of the Fund over the six-month period. Fund performance was hindered by an underweight position, relative to the benchmarks, in financial shares. Financial shares were among the best performers in the benchmarks, returning 10.2% and 10.5% for the S&P 500 Index and S&P 1500 Supercomposite Index, respectively.

We are pleased that our strategy continues to outperform the Fund's benchmark

indexes - returning substantially more than the two benchmarks mentioned based on the market price and NAV. The market price of FVI closed at \$21.96 per share on November 30, 2005, above its \$20.00 IPO price. Despite the strong NAV performance of FVI, the Fund traded at a 12.4% discount to its NAV on November 30, 2005.

MARKET AND ECONOMIC OVERVIEW

The companies in the S&P 500, S&P 500/Citigroup Growth and S&P 500/Citigroup Value indexes finished with moderate gains, including dividends, of 5.85%, 4.73% and 7.06%, respectively, for the six-month period ended November 30, 2005. Moderate economic growth, continued strong profit growth and mergers and acquisitions ("M&A") activity helped to boost market returns. At the same time, the trend toward rising short-term interest rates continued, a factor that may limit market performance. The Federal Reserve raised its target for short-term interest rates four times during the six-month period and has since raised rates in December 2005, bringing it to the current 4.25% rate.

Despite natural disasters and energy prices, and interest rates that are sharply higher than one year ago, the economy continues to grow. The economy turned in a strong performance in the summer (July - September) with the fastest growth pace in one and a half years, according to the Commerce Department. Real Gross Domestic Product, the output of goods and services produced by labor and property located in the United States, increased at an annual rate of 4.1% in the third quarter of 2005, according to final estimates released by the Bureau of Economic Analysis.

Mergers, acquisitions and restructurings also supported equities. M&A activity surpassed \$1 trillion for the year, according to Thomson Financial. Companies have announced 8,489 M&A deals valued at roughly \$1.1 trillion, a level not seen since 2000. Two of the most active sectors have been telecommunications and technology. Deal volume should finish the year about 30% higher than the volume registered in 2004.

Though oil prices have dropped from post-hurricane peaks, the threat of higher inflation lingers. In September, inflation numbers, as measured by the Consumer Price Index and the Producer Price Index, were at levels not experienced in the past 15-25 years. Obviously, the financial fallout from the hurricanes in the Gulf Coast region was reflected in the numbers. Investors, however, should not lose sight of the fact that the U.S. has enjoyed a prolonged period of high productivity aided by new technologies. High productivity has helped manufacturers absorb higher commodity and materials prices over the past couple of years without having to raise prices much, if at all. High productivity is also one of the main reasons why corporate profits have surged. While price stability may not be as feasible a goal moving forward as it once was, stocks have shown that they are capable of rallying even when higher interest rates are creating headwind.

IN CLOSING

The S&P 500 Index set records in 2005 including both earnings per share and dividend payouts. It will be interesting to monitor the progress and see whether this positive momentum will continue into 2006.

NOTES TO FINANCIAL STATEMENTS

FIRST TRUST/VALUE LINE(R) & IBBOTSON EQUITY ALLOCATION FUND
NOVEMBER 30, 2005 (UNAUDITED)

1. FUND DESCRIPTION

First Trust/Value Line(R) & Ibbotson Equity Allocation Fund (the "Fund") is a diversified, closed-end management investment company organized as a Massachusetts business trust on February 20, 2004, and is registered with the Securities and Exchange Commission ("SEC") under the Investment Company Act of 1940, as amended (the "1940 Act"). The Fund trades under the ticker symbol FVI on the American Stock Exchange.

The Fund's investment objective is to provide capital appreciation. The Fund seeks to outperform the Standard & Poor's 500 Composite Stock Price Index (the "S&P 500 Index") by investing in a diversified portfolio of the common stocks selected through the application of a disciplined investment strategy implemented by the Fund's investment advisor, First Trust Advisors L.P. ("First Trust"). There can be no assurance that the Fund's investment objective will be achieved.

2. SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies consistently followed by the Fund in the preparation of its financial statements. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

A. PORTFOLIO VALUATION:

The Fund determines the net asset value ("NAV") of its shares daily, as of the close of regular session trading on the New York Stock Exchange ("NYSE"), normally 4:00 p.m. Eastern time, on each day the NYSE is open for trading. The NAV is computed by dividing the value of all assets of the Fund (including accrued interest and dividends), less all liabilities (including accrued expenses and dividends declared but unpaid), by the total number of shares outstanding.

The Fund's investments are valued at market value or, in the absence of market value with respect to any portfolio securities, at fair value according to procedures adopted by the Fund's Board of Trustees. Portfolio securities listed on any exchange other than the NASDAQ National Market ("NASDAQ") are valued at the last sale price on the business day as of which such value is being determined. If there has been no sale on such day, the securities are valued at the mean of the most recent bid and asked prices on such day. Securities traded on the NASDAQ are valued at the NASDAQ Official Closing Price as determined by NASDAQ. Portfolio securities traded on more than one securities exchange are valued at the last sale price on the business day as of which such value is being determined at the close of the exchange representing the principal market for such securities. Portfolio securities traded in the over-the-counter market, but excluding securities trading on the NASDAQ, are valued at the closing bid prices. Short-term investments that mature in less than 60 days are valued at amortized cost.

Foreign securities traded outside the United States are generally valued as of the time their trading is complete, which is usually different from the close of the NYSE. Occasionally, events affecting the value of such securities may occur between such times and the close of the NYSE that will not always be reflected in such securities' value. If events materially affecting the value of such securities occur during such period, these securities will be valued at their fair value according to procedures adopted by the Fund's Board of Trustees. All securities and other assets of the Fund denominated in foreign currencies will be converted to U.S. dollars using exchange rates in effect at the time of valuation.

B. SECURITIES TRANSACTIONS AND INVESTMENT INCOME:

Securities transactions are recorded as of the trade date. Realized gains and losses from securities transactions are recorded on the identified cost basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Securities purchased or sold on a when-issued or delayed-delivery basis may be settled a month or more after the trade date; interest income on such securities is not accrued until settlement date. The Fund instructs the custodian to segregate assets of the Fund with a current value at least equal to the amount of its when-issued purchase commitments.

C. FOREIGN CURRENCY:

The books and records of the Fund are maintained in U.S. dollars. Foreign currencies, investments and other assets and liabilities are translated into U.S. dollars at the exchange rates prevailing at the end of the period. Purchases and sales of investment securities and items of income and expense are translated on the respective dates of such transactions. Unrealized gains and losses which result from changes in foreign currency exchange rates have been included in the "Net change in unrealized appreciation/(depreciation) of foreign currencies

Page 15

NOTES TO FINANCIAL STATEMENTS - (CONTINUED)

and net other assets" in the Statement of Operations. Net realized foreign currency gains and losses include the effect of changes in exchange rates between trade date and settlement date on investment security transactions, foreign currency transactions and interest and dividends received. The portion of foreign currency gains and losses related to fluctuation in exchange rates between the initial purchase trade date and subsequent sale trade date is included in the "Net realized gains on foreign currencies and net other assets" in the Statement of Operations.

D. DIVIDENDS AND DISTRIBUTIONS TO SHAREHOLDERS:

Dividends from net investment income, if any, of the Fund are declared and paid semi-annually or as the Board of Trustees may determine from time to time. Distributions of any net capital gains earned by the Fund are distributed at least annually. Distributions will automatically be reinvested into additional Common Shares pursuant to the Fund's Dividend Reinvestment Plan unless cash distributions are elected by the shareholder.

Distributions from income and capital gains are determined in accordance with income tax regulations, which may differ from accounting principles generally accepted in the United States of America. These differences are primarily due to differing treatments of income and gains on various investment securities held by the Fund, timing differences and differing characterization of distributions made by the Fund.

Edgar Filing: FIRST TRUST VALUE LINE R & IBBOTSON EQUITY ALLOCATION FUND - Form N-CSRS

The tax character of distributions paid during the fiscal year ended May 31, 2005 was as follows:

Distributions paid from:

	2005
Ordinary Income.....	\$ 130,104

As of May 31, 2005, the components of distributable earnings on a tax basis were as follows:

Undistributed Ordinary Income.....	\$ 16,594,461
Undistributed Long-term Gain.....	\$ 1,712
Net Unrealized Appreciation.....	\$ 14,835,804

E. INCOME TAXES:

The Fund intends to continue to qualify as a regulated investment company by complying with the requirements under Subchapter M of the Internal Revenue Code of 1986, as amended, and by distributing substantially all of its net investment income and net realized gains to shareholders. Accordingly, no provision has been made for federal or state income taxes.

F. EXPENSES:

The Fund pays all expenses directly related to its operations. First Trust has entered into a non-exclusive license agreement with Value Line(R) Publishing, Inc. which allows for the use by First Trust of the Value Line(R) Timeliness(TM), Safety(TM) and Technical(TM) Ranking Systems and certain trademarks and trade names of Value Line(R) Publishing, Inc. The Fund is a sub-licensee to this license agreement. In exchange, Value Line(R) Publishing, Inc. receives an annual fee, payable on a quarterly basis, equal to 0.15% of the Fund's gross daily assets during such calendar quarter. This license fee is paid by the Fund to First Trust, which in turn pays Value Line(R) Publishing, Inc. The terms of the license agreement provide that it shall continue in effect for a term of one year and will be automatically renewed for successive one-year terms unless either party elects not to renew the agreement.

First Trust has entered into a non-exclusive licensing and services agreement and a related work order with Ibbotson Associates, Inc. ("Ibbotson") which allows for the use by First Trust of the Ibbotson name for inclusion in the name of the Fund and in connection with the promotion, offering, operation and marketing of the Fund. In addition, Ibbotson performs certain other services for First Trust under the terms of the agreement. In exchange, Ibbotson receives an annual fee, payable quarterly, based upon the aggregate assets under management in the Fund. The annual fee is 0.05% of all assets under management of the Fund, with a minimum annual fee of \$50,000 for services rendered. The annual fee is paid by the Fund to First Trust, which in turn pays Ibbotson. The terms of the agreement provide that it shall remain in effect for a minimum of twenty-four (24) months from the date of execution of the agreement unless terminated earlier in accordance with the terms of the agreement.

3. INVESTMENT ADVISORY FEE AND OTHER AFFILIATED TRANSACTIONS

First Trust is a limited partnership with one limited partner, Grace Partners of DuPage L.P., and one general partner, The Charger Corporation. First Trust serves as investment advisor to the Fund pursuant to an Investment Management Agreement. First Trust is responsible for the ongoing monitoring of the Fund's investment portfolio, managing the Fund's business affairs and certain administrative services necessary for the management of the Fund. For these services, First Trust is entitled to a monthly fee calculated at an annual rate of 0.65% of the Fund's average daily net assets.

First Trust has agreed to waive fees and reimburse the Fund for expenses in an amount equal to 0.07% of the average daily net assets of the Fund through April 27, 2006. Waivers and reimbursements are reported as "fees waived by the investment advisor" in the Statement of Operations.

PFPC Inc. ("PFPC"), an indirect, majority-owned subsidiary of The PNC Financial Services Group, Inc., serves as the Fund's Administrator and Transfer Agent in accordance with certain fee arrangements. PFPC Trust Company, an indirect, majority-owned subsidiary of The PNC Financial Services Group, Inc., serves as the Fund's Custodian in accordance with certain fee arrangements.

The Fund pays each Trustee who is not an officer or employee of First Trust or any of its affiliates an annual retainer of \$10,000 which includes compensation for all regular quarterly board meetings and regular committee meetings. No additional meeting fees are paid in connection with regular quarterly board meetings or regular committee meetings. Additional fees of \$1,000 and \$500 are paid to non-interested Trustees for special board meetings and non-regular committee meetings, respectively. These additional fees are shared by the funds in the First Trust fund complex that participate in the particular meeting and are not per fund fees. Trustees are also reimbursed for travel and out-of-pocket expenses in connection with all meetings.

4. PURCHASES AND SALES OF SECURITIES

Cost of purchases and proceeds from sales of investment securities, excluding short-term investments, for the six months ended November 30, 2005, were \$128,464,873 and \$136,333,990, respectively.

As of November 30, 2005, the aggregate gross unrealized appreciation for all securities in which there was an excess of value over tax cost was \$22,165,666, and the aggregate gross unrealized depreciation for all securities in which there was an excess of tax cost over value was \$3,781,818.

5. SUBSEQUENT EVENT

On December 9, 2005, the Fund declared distributions totaling \$3.20 per share, which represents a dividend from net investment income of \$0.02, short-term capital gains of \$2.55 and long-term capital gains of \$0.63, to Common Shareholders of record December 21, 2005, payable December 30, 2005.

ADDITIONAL INFORMATION

FIRST TRUST/VALUE LINE(R) & IBBOTSON EQUITY ALLOCATION FUND
NOVEMBER 30, 2005 (UNAUDITED)

DIVIDEND REINVESTMENT PLAN

If your Common Shares are registered directly with the Fund or if you hold your Common Shares with a brokerage firm that participates in the Fund's Dividend Reinvestment Plan (the "Plan"), unless you elect, by written notice to the Fund, to receive cash distributions, all dividends, including any capital gain distributions, on your Common Shares will be automatically reinvested by PFPC Inc. (the "Plan Agent"), in additional Common Shares under the Plan. If you elect to receive cash distributions, you will receive all distributions in cash paid by check mailed directly to you by PFPC Inc., as the dividend paying agent.

If you decide to participate in the Plan, the number of Common Shares you will receive will be determined as follows:

- (1) If the Common Shares are trading at or above net asset value ("NAV") at the time of valuation, the Fund will issue new shares at a price equal to the greater of (i) NAV per Common Share on that date or (ii) 95% of the market price on that date.
- (2) If the Common Shares are trading below NAV at the time of valuation, the Plan Agent will receive the dividend or distribution in cash and will purchase Common Shares in the open market, on the American Stock Exchange or elsewhere, for the participants' accounts. It is possible that the market price for the Common Shares may increase before the Plan Agent has completed its purchases. Therefore, the average purchase price per share paid by the Plan Agent may exceed the market price at the time of valuation, resulting in the purchase of fewer shares than if the dividend or distribution had been paid in Common Shares issued by the Fund. The Plan Agent will use all dividends and distributions received in cash to purchase Common Shares in the open market within 30 days of the valuation date except where temporary curtailment or suspension of purchases is necessary to comply with federal securities laws. Interest will not be paid on any uninvested cash payments.

You may elect to opt-out of or withdraw from the Plan at any time by giving written notice to the Plan Agent, or by telephone at (800) 331-1710, in accordance with such reasonable requirements as the Plan Agent and Fund may agree upon. If you withdraw or the Plan is terminated, you will receive a certificate for each whole share in your account under the Plan, and you will receive a cash payment for any fraction of a share in your account. If you wish, the Plan Agent will sell your shares and send you the proceeds, minus brokerage commissions.

The Plan Agent maintains all Common Shareholders' accounts in the Plan and gives written confirmation of all transactions in the accounts, including information you may need for tax records. Common Shares in your account will be held by the Plan Agent in non-certificated form. The Plan Agent will forward to each participant any proxy solicitation material and will vote any shares so held only in accordance with proxies returned to the Fund. Any proxy you receive will include all Common Shares you have received under the Plan.

There is no brokerage charge for reinvestment of your dividends or distributions in Common Shares. However, all participants will pay a pro rata share of brokerage commissions incurred by the Plan Agent when it makes open market purchases.

Automatically reinvesting dividends and distributions does not mean that you do not have to pay income taxes due upon receiving dividends and distributions. Capital gains and income are realized, although cash is not received by you. Consult your financial advisor for more information.

If you hold your Common Shares with a brokerage firm that does not participate in the Plan, you will not be able to participate in the Plan and any dividend reinvestment may be effected on different terms than those described above.

The Fund reserves the right to amend or terminate the Plan if in the judgment of the Board of Trustees the change is warranted. There is no direct service charge to participants in the Plan; however, the Fund reserves the right to amend the Plan to include a service charge payable by the participants. Additional information about the Plan may be obtained by writing PFPC Inc., 301 Bellevue Parkway, Wilmington, Delaware 19809.

Any proposal to elect any person nominated by shareholders for election as trustee may only be brought before an annual meeting of the Registrant if timely written notice (the "Shareholder Notice") is provided to the secretary of the Registrant. Unless a greater or lesser period is required under applicable law, to be timely, the Shareholder Notice must be delivered to or mailed and received at Registrant's address, 1001 Warrenville Road, Suite 300, Lisle, Illinois 60532, Attn: W. Scott Jardine, not less than forty-five (45) days nor more than sixty (60) days prior to the first anniversary date of the date of the Registrant's proxy statement released to shareholders for the prior year's annual meeting; provided, however, if and only if the annual meeting is not scheduled to be held within a period that commences thirty (30) days before the first anniversary date of the annual meeting for the preceding year and ends thirty (30) days after such anniversary date (an annual meeting date outside such period being referred to herein as an "Other Annual Meeting Date"), such Shareholder Notice must be given in the manner provided herein by the later of the close of business on (i) the date forty-five (45) days prior to such Other Annual Meeting Date or (ii) the tenth (10th) business day following the date such Other Annual Meeting Date is first publicly announced or disclosed.

Any shareholder submitting a nomination of any person or persons (as the case may be) for election as a trustee or trustees of the Registrant shall deliver, as part of such Shareholder Notice: (i) a statement in writing setting forth (A) the name, age, date of birth, business address, residence address and nationality of the person or persons to be nominated; (B) the class or series and number of all shares of the Registrant owned of record or beneficially by each such person or persons, as reported to such shareholder by such nominee(s); (C) any other information regarding each such person required by paragraphs (a), (d), (e) and (f) of Item 401 of Regulation S-K or paragraph (b) of Item 22 of Rule 14a-101 (Schedule 14A) under the Securities Exchange

In addition, the trustees may require any proposed nominee to furnish such other information as they may reasonably require or deem necessary to determine the eligibility of such proposed nominee to serve as a

trustee.

Without limiting the foregoing, any shareholder who gives a Shareholder Notice of any matter proposed to be brought before a shareholder meeting (whether or not involving nominees for trustees) shall deliver, as part of such Shareholder Notice: (i) the description of and text of the proposal to be presented; (ii) a brief written statement of the reasons why such shareholder favors the proposal; (iii) such shareholder's name and address as they appear on the Registrant's books; (iv) any other information relating to the shareholder that would be required to be disclosed in a proxy statement or other filings required to be made in connection with the solicitation of proxies with respect to the matter(s) proposed pursuant to Section 14 of the Exchange Act; (v) the class or series and number of all shares of the Registrant owned beneficially and of record by such shareholder; (vi) any material interest of such shareholder in the matter proposed (other than as a shareholder); (vii) a representation that the shareholder intends to appear in person or by proxy at the shareholder meeting to act on the matter(s) proposed; (viii) if the proposal involves nominee(s) for trustees, a description of all arrangements or understandings between the shareholder and each proposed nominee and any other person or persons (including their names) pursuant to which the nomination(s) are to be made by the shareholder; and (ix) in the case of a shareholder (a "BENEFICIAL OWNER") that holds shares entitled to vote at the meeting through a nominee or "street name" holder of record, evidence establishing such Beneficial Owner's indirect ownership of, and entitlement to vote, shares at the meeting of shareholders. As used herein, shares "beneficially owned" shall mean all shares which such person is deemed to beneficially own pursuant to Rules 13d-3 and 13d-5 under the Exchange Act.
