The Annual Meeting will be held at the Company's principal executive offices at 11500 North Mopac Expressway, Building C, Austin, Texas 78759. The Company's telephone number is (512) 338-9119.

These proxy solicitation materials were mailed on or about April 3, 2006 to all stockholders entitled to vote at the Annual Meeting.

Voting and Solicitation

Every stockholder of record on the Record Date is entitled, for each share held, to one vote on each proposal that comes before the Annual Meeting. In the election of directors, each stockholder will be entitled to vote for three nominees and the three nominees with the greatest number of votes will be elected.

Whether you hold shares directly as the stockholder of record or beneficially in street name, you may vote on the Internet, by telephone or by completing, signing and mailing the enclosed proxy card in the postage-prepaid envelope enclosed for that purpose. Proxies may be solicited by certain of the Company's directors, officers and other employees, without additional compensation, personally, by telephone or by email.

Treatment of Abstentions and Broker Non-Votes

Abstentions will be counted for purposes of determining both (i) the presence or absence of a quorum for the transaction of business and (ii) the total number of votes cast with respect to a proposal (other than the election of directors).

While broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business, broker non-votes will not be counted for purposes of determining the number of votes cast with respect to the particular proposal on which the broker has expressly not voted. A broker non-vote will not affect the outcome of the voting on Proposal One.

Revocability of Proxies

Proxies given pursuant to this solicitation may be revoked at any time before they have been used. You may change or revoke your proxy by entering a new vote by Internet or by telephone or by delivering a written notice of revocation to the Secretary of the Company or by completing a new proxy card bearing a later date (which automatically revokes the earlier proxy instructions). Attendance at the Annual Meeting

Edgar Filing: NATIONAL INSTRUMENTS CORP /DE/ - Form DEF 14A

Deadline for Receipt of Stockholder Proposals

Stockholders of the Company may submit proper proposals for inclusion in the Company's proxy statement and for consideration at the annual meeting of stockholders to be held in 2007 by submitting their proposals in writing to the Secretary of the Company in a timely manner. In addition, the Company's bylaws establish an advance notice procedure with regard to business to be brought before an annual meeting, including stockholder proposals not included in the Company's proxy statement. For director nominations or other business to be properly brought before the Company's 2007 annual meeting by a stockholder, such stockholder must deliver written notice to the Secretary of the Company at the Company's principal executive office no later than February 2, 2007 and no earlier than January 3, 2007. If the date of the Company's 2007 annual meeting is advanced or delayed by more than 30 calendar days from the first anniversary date of the 2006 Annual Meeting, your notice of a proposal will be timely if it is received by the Company by the close of business on the tenth day following the day the Company publicly announces the date of the 2007 annual meeting.

The proxy grants the proxy holders discretionary authority to vote on any matter raised at the Annual Meeting. If such a stockholder fails to comply with the foregoing notice provisions, proxy holders will be allowed to use their discretionary voting authority on such matter should the stockholder proposal come before the 2007 annual meeting.

A copy of the full text of the bylaw provisions governing the notice requirements set forth above may be obtained by writing to the Secretary of the Company. Long-Term Incentive Plan Awards in Last Fiscal Year. Effective January 1, 2004, the Compensation Committee established the Long-Term Incentive Program (LTIP). The objectives of the LTIP are to motivate and reward the Company's key executives to produce results that increase stockholder value. The incentive cash bonuses awarded under this program are calculated based upon (i) a percentage of a participant's annualized salary on the effective date of the participant's participation in the program and (ii) the compound annual revenue growth rate (CAGR) and average operating profit of the Company during the performance period. At the end of the performance period, the exact percentage of a participant's annualized salary to be applied for determining each participant's targeted cash bonus will range from 0% to 333% based upon the extent to which performance goals are achieved. No incentive cash bonus will be paid at the end of the five-year performance period if the CAGR or operating profit of the Company during the performance period is less than 10%.

Because the amount of an executive's LTIP cash bonus is dependent upon the satisfaction of CAGR and operating profit over a five-year period, the exact amount of the payout (if any) to an executive under the program cannot be determined at this time. The following table sets forth the hypothetical amounts that would be payable to each of the Named Executive Officers under the LTIP.

Name	Performances or Other Period Until Maturation or Payout	Estimated Future Payouts under Non-Stock Price-Based Plans		
		Threshold(1)	Target(2)	Maximum(3)
Dr. James J. Truchard	5 years (ending 12/31/2008)	\$ 56,000	1-3x base salary	\$666,000
Alexander M. Davern	5 years (ending 12/31/2008)	\$ 67,200	1-3x base salary	\$799,200
Timothy R. Dehne	5 years (ending 12/31/2008)	\$ 63,000	1-3x base salary	\$749,250
Peter Zogas, Jr	5 years (ending 12/31/2008)	\$ 64,400	1-3x base salary + targeted commission	\$765,900
John M. Graff	5 years (ending 12/31/2008)	\$ 54,600	1-3x base salary	\$649,350

- (1) If the Company achieves at least 10% CAGR and 10% average operating profit over the term of the performance period, then LTIP participants will earn a cash bonus equal to approximately 28% of participant's annualized salary on the effective date of the participant's participation in the program. As of the effective date of the LTIP, the annualized salary of Dr. Truchard, Messrs. Davern, Dehne, Zogas and Graff were respectively, \$200,000, \$240,000, \$225,000, \$230,000 and \$195,000.
- (2) If the Company achieves a 20% CAGR and 18% average operating profit during the performance period, then a cash bonus equal to the participant's base salary is earned. If the Company achieves a 30% CAGR and 18% average operating profit during the performance period, then a cash bonus equal to twice the participant's base salary is earned. If the Company achieves 40% CAGR and 18% average operating profit during the performance period, then a cash bonus equal to three times the participant's base salary is earned.
- (3)

Edgar Filing: NATIONAL INSTRUMENTS CORP /DE/ - Form DEF 14A

If the Company achieves 40% CAGR and 20% average operating profit during the performance period, then a cash bonus equal to 333% of the participant's base salary is earned, which is the maximum amount that may be earned under the LTIP.

Such officers, directors and 10% stockholders are also required by SEC rules to furnish the Company with copies of all Section 16(a) forms they file. Based solely on its review of the copies of such forms received by it, the Company believes that, during the fiscal year ended December 31, 2005, all Section 16(a) filing requirements applicable to its officers, directors and 10% stockholders were satisfied except that:

Report of the Compensation Committee Regarding Executive Compensation*

The Compensation Committee, composed of directors R. Gary Daniels, Ben G. Streetman, Charles J. Roesslein and Duy-Loan T. Le, is responsible for determining the compensation programs and levels of pay for the Company's executive officers. The Compensation Committee also advises management on pay programs and levels for other employees. The Compensation Committee utilizes independent survey data for analyses of competitive industry pay levels and practices, and to guide the Compensation Committee on appropriate pay levels for the Company.

Compensation Philosophy and Objectives. The Company's basic philosophy is to align executive compensation with increases in stockholder value through growth in sales and operating profits. Primarily, this is accomplished through the use of equity compensation, which provides long-term compensation related to changes in stockholder value, and profit sharing. In addition, the Company believes it is important to emphasize teamwork, entrepreneurship and active participation by all employees. This is accomplished through providing equity awards to a broad base of full-time, exempt domestic employees and international employees, and through cash incentives, through which both executive and other employees receive cash bonuses based on company-wide financial goals.

Executive Compensation Programs. The Company's executive compensation programs consist of three principal elements: base salary, cash bonus and equity compensation. The Company emphasizes incentive compensation in the form of equity incentives and bonuses, rather than base salary. The Compensation Committee has adopted a guideline that executives should be paid competitive base salaries. The Committee sets the annual base salary for executives. Prior to making its determination, the Compensation Committee reviews historical compensation levels of the executives, evaluations of past performance, assessments of expected future contributions of the executives, competitive pay levels and programs provided by other comparable companies, and general industry pay practices. In making its determinations, the Committee does not utilize any particular indices or formulae to arrive at each executive's recommended pay level.

For many years, the Company has maintained a cash bonus plan under which executive officers participate. In recent years, this plan provided for a target incentive to be paid based on achieving pre-determined levels of revenue growth and profitability. For fiscal 2005, 2004 and 2003, these goals were 40% revenue growth and 18% operating profit as a percent of revenue, the same goals as for all other employees. At the end of each year, actual results for the Company are compared to these targets and executive bonuses are based on actual Company performance in relation to these factors. If there is no growth or no profitability, no cash bonuses are payable to executive officers under this cash bonus plan. Individual performance is not considered in determining the bonus of individual officers for the cash bonus program.

In 1999, the Company authorized a discretionary cash bonus program for executives and other employees. As a result, Company employees (including executives) are eligible to receive the discretionary cash bonus based upon individual performance. In addition, the Senior Vice President, Sales and Marketing is eligible for a separate company sales commission program based upon growth and profitability performance measures approved by the Compensation Committee.

In addition, in 2004 the Company established a long-term incentive program for officers and business and technology fellows. The incentive bonuses under this program are defined as a percentage of a participant's annualized salary (and, in the case of the Company's Senior Vice President, Sales and Marketing, targeted commission) on the effective date of the participant's participation in the program based upon the

Edgar Filing: NATIONAL INSTRUMENTS CORP /DE/ - Form DEF 14A

compound annual revenue growth rate (CAGR) and average operating profit of the Company during the performance period. However, no bonus will be paid out under the program if either the CAGR or operating profit of the Company during the performance period is less than 10%. The performance period of the program is five years through December 31, 2008.

In 2005, the Company established the Annual Incentive Program (AIP). The AIP provides for the payment of cash bonuses to Company s executive officers (excluding the Chief Executive Officer) based upon the attainment of certain performance criteria established by the Compensation Committee. The objectives of the AIP are to motivate and reward the Company s key executives to produce results that increase stockholder value. The incentive cash bonuses awarded under this program are calculated based upon the objectives set for each participant with a maximum of 30% of the Participant s salary (or, in the case of the Senior Vice President of Sales, salary plus targeted commission) for Senior Vice Presidents and a maximum 20% for Vice Presidents and Business and Technology Fellows of the Participant s salary. At the end of the calendar year, the Compensation Committee in consultation with the Chief Executive Officer will determine whether the objectives of each individual participant were met and thereafter will determine the amount of the payment (if any) to made to each participant under the plan.

Total compensation for executive officers also includes long-term incentives in the form of equity compensation. Beginning in 2005, the Company utilized restricted stock units as the principal equity compensation incentive. Restricted stock units to executive officers and other employees vest over a period of five years or ten years, subject to acceleration based on Company performance. The Compensation Committee believes that equity compensation is instrumental in promoting the alignment of long-term interests between the Company s executive officers and stockholders. In determining the amount of equity awards, the Compensation Committee evaluates the job level of the executive, responsibilities of the executive, and competitive practices in the industry. The long-term value realized by executives through equity awards can be directly linked to the enhancement of stockholder value.

Chief Executive Officer Compensation. While the Compensation Committee was highly pleased with Dr. Truchard s performance in 2005, the Chief Executive Officer s base salary was not changed in 2005. During 2005, Dr. Truchard received no restricted stock units. Based on the same formula applied to other executive officers, Dr. Truchard received a bonus for 2005. Dr. Truchard is the Company s largest stockholder with an ownership of approximately 23% of the Company s stock.

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), imposes a limit on tax deductions for annual compensation in excess of one million dollars paid by a corporation to its chief executive officer and the other four most highly compensated executive officers of a corporation. None of the compensation paid by the Company in fiscal 2005 was subject to the limitation on deductibility. The Compensation Committee will continue to assess the impact of Section 162(m) of the Code on its compensation practices and determine what further action, if any, is appropriate.

Respectfully Submitted,

R. Gary Daniels
Ben G. Streetman
Charles J. Roesslein

Independent Public Accountants

In June 2005, Ernst & Young LLP (E&Y) was appointed as the Company's independent registered public accounting firm. A representative of E&Y is expected to be available at the Annual Meeting to make a statement if such representative desires to do so and to respond to appropriate questions.

On June 9, 2005, the Company dismissed PricewaterhouseCoopers, LLP (PWC) as the Company's independent registered public accounting firm. The decision to dismiss PWC was approved by the Audit Committee of the Board of Directors of the Company. The reports of PWC on the financial statements of the Company for the years ended December 31, 2004 and 2003 contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principle. During the years ended December 31, 2004 and 2003 and through June 9, 2005, there had been no disagreements with PWC on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of PWC, would have caused PWC to make reference thereto in its reports on the financial statements of the Company for such years. During the years ended December 31, 2004 and 2003 and through June 9, 2005, there had been no reportable events (as defined in Item 304(a)(1)(v) of Regulation S-K). The Company furnished a copy of the above disclosures to PWC and requested that PWC furnish the Company with a letter addressed to the Securities and Exchange Commission stating whether or not it agreed with the above disclosures. A copy of such letter was attached as Exhibit 16.1 to the Current Report on Form 8-K filed on June 15, 2005 and is incorporated herein by reference.

On June 15, 2005, the Company engaged E&Y as its new independent registered public accounting firm to audit the Company's financial statements for the year ending December 31, 2005 and to review the financial statements to be included in the Company's quarterly reports on Form 10-Q for the quarters ending June 30, 2005 and September 30, 2005. Prior to the engagement of E&Y, neither the Company nor anyone on behalf of the Company consulted with E&Y during the Company's two most recent fiscal years and through June 9, 2005, in any manner regarding either: (A) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements; or (B) any matter that was the subject of either a disagreement or a reportable event (as defined in Item 304(a)(1)(iv) and (v), respectively, of Regulation S-K).

Audit Fees

The aggregate fees billed for professional services rendered for the integrated audits of the Company's annual financial statements for the fiscal years ended December 31, 2005 and 2004, for the reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q for those fiscal years, for the testing of the Company's internal control over financial reporting pursuant to Section 404(a) of the Sarbanes-Oxley Act of 2002 for those fiscal years, and for statutory audits in various countries were approximately \$754,000 and \$1,247,000, respectively.

Audit-Related Fees

The aggregate fees billed for other audit-related services were \$20,000 and \$32,000 in 2005 and 2004, respectively. The services rendered related to the audit of the Company's benefit plans. \$20,000 of the 2004 year audit-related fees were attributable to services relating to a reply to a SEC comment letter.

Tax Fees

The aggregate fees billed for professional tax services rendered for 2005 and 2004 were approximately \$125,000 and \$70,000, respectively. Included in the foregoing tax fees are such services as tax compliance, tax advice and tax planning.

All Other Fees

The aggregate fees billed for all other services rendered for 2005 and 2004 were approximately \$0 and \$32,000, respectively. Included in the fees for 2004 are services relating to the divestiture of certain assets of one of the Company's German subsidiaries.

The charter of the Audit Committee provides that the Audit Committee shall appoint, compensate, retain and oversee the Company's independent registered public accounting firm. The Audit Committee has not yet undertaken its process of selecting an independent registered public accounting firm for the Company's fiscal year ending December 31, 2006. The Audit Committee has determined that until such process is completed, E&Y will continue to serve as the Company's principal independent registered public accounting firm.

Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

The Audit Committee's policy is to pre-approve all audit and audit-related services provided by the Company's independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. The Audit Committee may also pre-approve particular services on a case-by-case basis. The independent registered public accounting firm is required to periodically report to the Audit Committee regarding the extent of services provided by such firm in accordance with such pre-approval. The Audit Committee may also delegate pre-approval authority to one of its members. Such members(s) must report any decisions to the Audit Committee at the next scheduled meeting.

During 2005, the Audit Committee approved in advance all audit and non-audit services to be provided by PWC and E&Y.
