STEREO VISION ENTERTAINMENT, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of accounting policies for Stereo Vision Entertainment, Inc. is presented to assist in understanding the Company's financial statements. The accounting policies conform to generally accepted accounting principles and have been consistently applied in the preparation of the financial statements.

The unaudited financial statements as of December 31, 2009 and for the three and six months then ended reflect, in the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to fairly state the financial position and results of operations for the three and six months. Operating results for interim periods are not necessarily indicative of the results which can be expected for full years.

Nature of Operations and Going Concern

The accompanying financial statements have been prepared on the basis of accounting principles applicable to a "going concern", which assumes that the Company will continue in operation for at least one year and will be able to realize its assets and discharge its liabilities in the normal course of operations.

Several conditions and events cast doubt about the Company's ability to continue as a "going concern". The Company has incurred net losses of approximately \$17,326,567 for the period from May 5, 1999 (inception) to December 31, 2009, has a liquidity problem, and requires additional financing in order to finance its business activities on an ongoing basis. The Company is actively pursuing alternative financing and has had discussions with various third parties, although no firm commitments have been obtained. In the interim, shareholders of the Company have continued to meet its minimal operating expenses as they have done in the past.

The Company's future capital requirements will depend on numerous factors including, but not limited to, continued progress developing its products and market penetration and profitable operations.

These financial statements do not reflect adjustments that would be necessary if the Company were unable to continue as a "going concern". While management believes that the actions already taken or planned, will mitigate the adverse conditions and events which raise doubt about the validity of the "going concern" assumption used in preparing these financial statements, there can be no assurance that these actions will be successful.

If the Company were unable to continue as a "going concern", then substantial adjustments would be necessary to the carrying values of assets, the reported amounts of its liabilities, the reported expenses, and the balance sheet classifications used.

Principles of Consolidation

The consolidated financial statements for the six months ended December 31, 2009 include the accounts of the parent entity and its wholly-owned subsidiary TDOJ LLC. TDOJ LLC was formed on March 17, 2009 and has no operations as of December 31, 2009.

All significant intercompany balances and transactions have been eliminated.

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Organization and Basis of Presentation

The Company was incorporated under the laws of the State of Nevada on May 5, 1999. As of December 31, 2009, the Company is in the development stage, and has not commenced planned principal operations.

Nature of Business

The Company intends to position itself to evolve into a vertically integrated, diversified media entertainment company. The Company anticipates generating revenues from several sources, including production of new feature films in both 3-D and 2-D format for theatrical and direct to DVD release, as well as expanding into other areas of the entertainment industry including the licensing of its film rights to the video gaming industry.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents to the extent the funds are not being held for investment purposes.

Pervasiveness of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles required management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value of Financial Instruments

The carrying value of the Company's financial instruments, including accounts payable and accrued liabilities at December 31, 2009 and June 30, 2009 approximates their fair values due to the short-term nature of these financial instruments.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property and Equipment

Property and equipment are stated at cost. Depreciation is provided for in amounts sufficient to relate the cost of depreciable assets to operations over their estimated service lives, principally on a straight-line basis from 3 to 5 years.

Upon sale or other disposition of property and equipment, the cost and related accumulated depreciation or amortization are removed from the accounts and any gain or loss is included in the determination of income or loss.

Expenditures for maintenance and repairs are charged to expense as incurred. Major overhauls and betterments are capitalized and depreciated over their useful lives.

The Company identifies and records impairment losses on long-lived assets such as property and equipment when events and circumstances indicate that such assets might be impaired. The Company considers factors such as significant changes in the regulatory or business climate and projected future cash flows from the respective asset. Impairment losses are measured as the amount by which the carrying amount of intangible asset exceeds its fair value.

Advertising Costs

Advertising costs are expensed as incurred. For the six months ended December 31, 2009 and 2008, advertising expense was \$0 and \$0, respectively.

Concentration of Credit Risk

The Company has no significant off-balance-sheet concentrations of credit risk such as foreign exchange contracts, options contracts or other foreign hedging arrangements. The Company maintains the majority of its cash balances with one financial institution, in the form of demand deposits.

STEREO VISION ENTERTAINMENT, INC.
(A Development Stage Company)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Continued)

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Loss per Share

Basic loss per share has been computed by dividing the loss for the year applicable to the common stockholders by the weighted average number of common shares outstanding during the year. The effect of outstanding common stock equivalents would be anti-dilutive for December 31, 2009 and 2008 and are thus not considered. At December 31, 2009 and 2008, there were no outstanding common stock equivalents.

Reclassification

Certain reclassifications have been made in the 2008 financial statements to conform with the 2009 presentation.

Intangible Assets

Intangible assets consist of movie and music licensing rights and production costs and are valued at cost. As of December 31, 2009 and June 30, 2009, the Company had \$430,078 and \$430,078 in film costs that are in the development stage or pre-production stage.

The Company identifies and records impairment losses on intangible assets when events and circumstances indicate that such assets might be impaired or when the property is not set for production within three years of acquisition. The Company considers factors such as significant changes in the regulatory or business climate and projected future cash flows from the respective asset. Impairment losses are measured as the amount by which the carrying amount of intangible asset exceeds its fair value.

NOTE 2 - INCOME TAXES

As of June 30, 2009, the Company had a net operating loss carry forward for income tax reporting purposes of approximately \$17,305,907 that may be offset against future taxable income through 2029. Current tax laws limit the amount of loss available to be offset against future taxable income when a substantial change in ownership occurs. Therefore, the amount available to offset future taxable income may be limited. No tax benefit has been reported in the financial statements, because the Company believes there is a 50% or greater chance the carry-forwards will expire unused. Accordingly, the potential tax benefits of the loss carry-forwards are offset by a valuation allowance of the same amount.

NOTE 2 - INCOME TAXES (continued)

The Company evaluates its valuation allowance requirements based on projected future operations. When circumstances change and causes a change in management's judgment about the recoverability of deferred tax assets, the impact of the change on the valuation is reflected in current income.

NOTE 3 - DEVELOPMENT STAGE COMPANY/ GOING CONCERN

The Company has not begun principal operations and as is common with a development stage company, the Company has had recurring losses during its development stage. Continuation of the Company as a going concern is dependent upon obtaining the additional working capital necessary to be successful in its planned activity. The management of the Company has developed a strategy, which it believes will accomplish this objective through additional equity funding and long term financing, which will enable the Company to operate for the coming year.

NOTE 4 - RENT EXPENSE

The Company's principal executive offices are located at 15452 Cabrito Road, Suite 204, Van Nuys, CA 91406 and consist of approximately 2,500 square feet of furnished executive suite offices and reception and conference room arrangements. The lease expired in June 2005. Since the lease expired, the Company is on a month to month lease. The monthly rent for the property is \$2,500. For the six months ended December 31, 2009 and 2008, rent expense was \$15,000 and \$15,000, respectively.
