**FIRST EQUITY PROPERTIES, INC.**  
**NOTES TO FINANCIAL STATEMENTS**

**NOTE A. - BASIS OF PRESENTATION**

The accompanying unaudited condensed financial statements have been prepared by First Equity Properties, Inc. (the "Company") pursuant to the rules and regulations of the Securities and Exchange Commission. The financial statements reflect all adjustments that are, in the opinion of management, necessary to fairly present such information. All such adjustments are of a normal recurring nature. Although the Company believes that the disclosures are adequate to make the information presented not misleading, certain information and footnote disclosures, including a description of significant accounting policies normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America, have been condensed or omitted pursuant to such rules and regulations.

These financial statements should be read in conjunction with the financial statements and notes thereto included in the Company's 2005 Annual Report on Form 10-K filed with the Securities and Exchange Commission. The results of operations for interim periods are not necessarily indicative of the results for any subsequent quarter or the entire fiscal year ending December 31, 2006.

**NOTE B. FEDERAL INCOME TAXES**

The accompanying unaudited 2006 financial statements contain an accrual for current federal income taxes calculated using annualized net income of approximately of \$200,000. Using an estimated tax rate of 34%, the estimated tax liability for the year would be approximately \$68,000. The \$34,200 included as current income tax expense in the accompanying unaudited 2006 financial statements represents one half of the estimated tax liability for the year. There are no significant differences between the Company's net income for financial and income tax reporting.

The Company reduced the valuation allowance on the deferred tax asset related to the net operating loss carryforward of approximately \$40,000 resulting in a deferred tax benefit of approximately \$13,500 as reflected in the accompanying unaudited 2006 financial statements. The Company reduced the allowance because management has determined that they will more likely than not be able to utilize the net operating loss carryforward

## **ITEM 2. MANagements DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

### ***Results of Operations***

Three months ended June 30, 2006 compared to three months ended June 30, 2005.

Currently the Company's primary assets are interest bearing securities. Revenues from operations remained at \$60,023 due to no change in the principal balance of the notes receivable. Total operating expenses remained relatively the same at \$6,124 in 2006 compared to \$5,798 in 2005. Estimated tax expense increased by \$18,450 in 2006 compared to the same period in 2005 due to using all but \$40,000 of the operating loss carryforward, therefore the company is anticipating paying taxes on its earnings for 2006.

Six months ended June 30, 2006 compared to six months ended June 30, 2005.

Revenues from operations remained at \$119,387 from prior year of \$119,388 due to no change in the principal balance of the notes receivable. Total operating expenses increased to \$18,861 in 2006 from \$11,309 in 2005. The increase in operating expenses was due to an increase in legal and professional fees in 2006. Estimated tax expense increased by \$34,200 in 2006 compared to the same period in 2005 due to using all but \$40,000 of the operating loss carryforward, therefore the company is anticipating paying taxes on its earnings for 2006.

### ***Financial Condition and Liquidity***

At June 30, 2006, the Company had total assets of \$2,418,992 compared to \$2,472,253 at December 31, 2005. Cash and cash equivalents were \$4,652 at June 30, 2006 up marginally from \$4,029 at December 31, 2005. Assets were down due to the collection of interest receivable and use of that cash to pay accounts payable - affiliate.

Total liabilities were \$1,928,113 versus \$2,061,300 at December 31, 2005. The decrease in liabilities results from the collection of interest receivable which was in turn used to pay liabilities.

## **ITEM 4. CONTROLS AND PROCEDURES**

- (a) As of the end of the period covered by this report, the Company carried out an evaluation, under the supervision and with the participation of the Company's management, including the Company's Vice President, Treasurer and Chief Accounting Officer, of the Company's disclosure controls and procedures pursuant to Exchange Act Rules 13a-15 and 15d-15. Based upon that evaluation, the Company's Vice President, Treasurer and Chief Accounting Officer concluded that the Company's disclosure controls and procedures are effective in timely alerting him to material information relating to the Company (including its consolidated subsidiaries) required to be included in the Company's periodic SEC filings.
- (b) There have been no changes in the Company's internal controls over financial reporting during the quarter ended June 30, 2006, that have materially affected or are reasonably likely to materially affect the Company's internal controls over financial reporting.
