References to "Brazilian GAAP" are to generally accepted accounting principles in Brazil and references to "U.S. GAAP" are to generally accepted accounting principles in the United States. All references to "American Depositary Shares" or "ADSs" are to Gafisa's American Depositary Shares, each representing two common shares.

#### PRESENTATION OF FINANCIAL AND OTHER INFORMATION

#### **Financial Information**

We maintain our books and records in reais. We prepare our financial statements in accordance with Brazilian GAAP, which are based on:

- Brazilian Law No. 6,404/76, as amended by Brazilian Law No. 9,457/97, Brazilian Law No. 10,303/01 and Brazilian Law No. 11,638/07, which we refer to hereinafter as "Brazilian corporate law;"
- the rules and regulations of the Brazilian Securities Commission (Comissão de Valores Mobiliários), or the "CVM;" and
- the accounting standards issued by the Brazilian Institute of Independent Accountants (Instituto dos Auditores Independentes do Brasil), or the "IBRACON," the Brazilian Federal Accounting Council (Conselho Federal de Contabilidade), or the "CFC" and the Accounting Standards Committee (Comitê de Pronunciamentos Contábeis), or the "CPC."

The Brazilian Central Bank and the CVM set 2010 as the deadline for adoption of International Financial Reporting Standards, or "IFRS," for the consolidated financial statements of financial institutions and publicly-held companies. On December 28, 2007, Law No. 11,638/07 was enacted, amending the Brazilian corporate law regarding the accounting practices adopted in Brazil. As of December 31, 2010, our consolidated financial statements will be prepared in accordance with the accounting practices adopted in Brazil, which correspond to the CVM Rules, and the pronouncements, interpretation and guidelines of the CPC (collectively "Brazilian GAAP"). Brazilian GAAP in effect in 2010 is generally referred to as International Financial Reporting Standards ("IFRS") applicable to real estate development entities in Brazil, as approved by the CPC, the CVM and the CFC, including OCPC Guideline 04 – Application of the Technical Interpretation ICPC 02 to the Brazilian Real Estate Development Entities – regarding revenue recognition, and the respective costs and expenses arising from real estate development operations by reference to the stage of completion (percentage of completion method). Brazilian GAAP in effect in 2010 is not consistent with IFRS as issued by the International Accounting Standards Board ("IASB") as a result of the application of the aforementioned revenue recognition policies.

Our Brazilian GAAP financial statements as of and for the years ended December 31, 2007 and 2006 reflect the changes introduced by Law 11,638/07 and the accounting standards issued by the CPC in 2008, which we retroactively applied beginning on January 1, 2006. Selected financial information presented as of and for the year ended December 31, 2005 has not been re-presented on the basis of the new accounting policies introduced in 2008, as the cost and time required to prepare such information would be prohibitive. As a result, such information is not comparable to the financial information reported herein as of and for the years ended December 31, 2009, 2008, 2007

#### and 2006.

When we present our Brazilian GAAP financial statements as of and for the years ended December 31, 2010 and 2009, we expect to restate the financial statements as of and for the year ended December 31, 2009 to conform with new Brazilian GAAP accounting standards which will be applied retroactively from January 1, 2009.

Brazilian GAAP differs in significant respects from U.S. GAAP. The notes to our consolidated financial statements included elsewhere in this annual report contain a reconciliation of shareholders' equity and net income from Brazilian GAAP to U.S. GAAP. Unless otherwise indicated, all financial information of our company included in this annual report is derived from our Brazilian GAAP consolidated financial statements.

1

Our consolidated financial statements reflect income statement and balance sheet information for all of our subsidiaries, and also separately disclose the interest of noncontrolling shareholders. With respect to our jointly-controlled entities, in accordance with the shareholders agreements, we consolidate income statement and balance sheet information relating to those entities in proportion to the equity interest we hold in the capital of such investees for Brazilian GAAP purposes.

#### Market Information

Certain industry, demographic, market and competitive data, including market forecasts, used in this annual report were obtained from internal surveys, market research, publicly available information and industry publications. We have made these statements on the basis of information from third-party sources that we believe are reliable, such as the Brazilian Property Studies Company (Empresa Brasileira de Estudos de Patrimônio), or the "EMBRAESP," the Association of Managers of Real Estate Companies (Associação de Dirigentes de Empresas do Mercado Imobiliário), or the "ADEMI," the Brazilian Association of Real Estate Credit and Savings Entities (Associação Brasileira das Entidades de Crédito Imobiliário e Poupança), or the "ABECIP," the Real Estate Companies' Union (Sindicato das Empresas de Compra, Venda, Locação e Adminsitração de Imóveis Residenciais e Comerciais), or the "IBGE" and the Brazilian Central Bank (Banco Central do Brasil), or the "Central Bank," among others. Industry and government publications, including those referenced here, generally state that the information presented therein has been obtained from sources believed to be reliable, but that the accuracy and completeness of such information is not guaranteed. Although we have no reason to believe that any of this information or these reports are inaccurate in any material respect, such information has not been independently verified by us. Accordingly, we do not make any representation as to the accuracy of such information.

#### Rounding and Other Information

Some percentages and certain figures included in this annual report have been subject to rounding adjustments. Accordingly, figures shown as totals in certain tables in this annual report may not be an arithmetic aggregation of the figures that precede them.

In this annual report, all references to "contracted sales" are to the aggregate amount of sales resulting from all agreements for the sale of units (including residential communities and land subdivisions) entered into during a certain period, including new units and units in inventory. Further, in this annual report we use the term "value of launches" as a measure of our performance. Value of launches is not a Brazilian GAAP measurement. Value of launches, as used in this annual report, is calculated by multiplying the total numbers of units in a real estate development by the unit sales price.

In addition, we present information in square meters in this annual report. One square meter is equal to approximately 10.76 square feet.

#### CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

The statements contained in this annual report in relation to our plans, forecasts, expectations regarding future events, strategies, and projections, are forward-looking statements which involve risks and uncertainties and which are therefore not guarantees of future results. Our estimates and forward-looking statements are mainly based on our current expectations and estimates on projections of future events and trends, which affect or may affect our businesses and results of operations. Although we believe that these estimates and forward-looking statements are based upon reasonable assumptions, they are subject to several uncertainties and are made in light of information

currently available to us. Our estimates and forward-looking statements may be influenced by the following factors, among others:

- government interventions, resulting in changes in the economy, taxes, rates or regulatory environment;
- changes in the overall economic conditions, including employment levels, population growth and consumer confidence;
- changes in real estate market prices and demand, estimated budgeted costs and the preferences and financial condition of our customers;

2

.

	• demographic factors and available income;
	our ability to repay our indebtedness and comply with our financial obligations;
•	our ability to arrange financing and implement our expansion plan;
•	our ability to compete and conduct our businesses in the future;
	• changes in our business;
	• inflation and interest rate fluctuations;

- changes in the laws and regulations applicable to the real estate market;
- government interventions, resulting in changes in the economy, taxes, rates or regulatory environment;
  - other factors that may affect our financial condition, liquidity and results of our operations; and
    - other risk factors discussed under "Item 3. Key Information-D. Risk Factors."

The words "believe," "may," "will," "estimate," "continue," "anticipate," "intend," "expect" and similar words are intended to estimates and forward-looking statements. Estimates and forward-looking statements speak only as of the date they were made, and we undertake no obligation to update or to review any estimate and/or forward-looking statement because of new information, future events or other factors. Estimates and forward-looking statements involve risks and uncertainties and are not guarantees of future performance. Our future results may differ materially from those expressed in these estimates and forward-looking statements. In light of the risks and uncertainties described above, the estimates and forward-looking statements discussed in this annual report might not occur and our future results and our performance may differ materially from those expressed in these forward-looking statements due to, inclusive of, but not limited to, the factors mentioned above.
