Item 1.01 Entry Into a Material Definitive Agreement.

The information set forth under Item 2.03 is incorporated herein by reference.

Item 2.01 Completion of Acquisition or Disposition of Assets.

On April 16, 2018, SS&C Technologies Holdings, Inc. (the “Company”) completed the merger contemplated by the Agreement and Plan of Merger (the “Merger Agreement”) dated as of January 11, 2018, by and among DST Systems, Inc. (“DST”), the Company and Diamond Merger Sub, Inc., an indirect wholly owned subsidiary of the Company (“Merger Sub”). Pursuant to the Merger Agreement, DST was acquired by the Company through a merger of Merger Sub with and into DST (the “Merger”), with DST surviving the Merger as an indirect wholly owned subsidiary of the Company.

Upon the consummation of the Merger, (i) each outstanding share of DST common stock (“DST Stock”), other than certain excluded shares, was converted into the right to receive \$84.00 in cash, without interest (the “Merger Consideration”), (ii) each outstanding vested DST equity award was cancelled and converted into the right to receive a cash payment equal to the product of (a) (1) for each DST equity award of options to purchase shares of DST Stock (“Option”), the excess, if any, of the Merger Consideration over the exercise price per share of DST Stock represented by such Option and (2) for each other DST equity award, the Merger Consideration, multiplied by (b) the number of shares of DST Stock subject to such DST equity award, (iii) each outstanding unvested Option and outstanding unvested award of restricted stock units was converted into an equivalent equity award with respect to the Company’s common stock, subject to the same terms and conditions applicable to the converted DST equity award and (iv) each outstanding unvested award of performance stock units was, according to its terms, converted into an award of time-vesting restricted stock units with respect to the Company’s common stock (based on actual performance for the applicable performance period), subject to the same terms and conditions as generally applicable to the converted DST equity award.

The funds necessary to consummate the Merger were financed from approximately \$6,846 million of borrowings under the Credit Agreement described under Item 2.03 (\$2,217 million of which were used to refinance existing indebtedness of the Company and DST), and \$728 million of proceeds from the sale of 15.7 million shares of the Company’s common stock on April 3, 2018 (out of an aggregate of 30.3 million shares sold in the related offering).

The foregoing description of the Merger and the Merger Agreement does not purport to be complete and is qualified in its entirety by reference to the full text of the Merger Agreement, which was filed as Exhibit 2.1 to the Company’s Current Report on Form 8-K filed with the Securities and Exchange Commission (the “SEC”) on January 11, 2018, and is incorporated herein by reference.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation Under an Off-Balance Sheet Arrangement of a Registrant.

On April 16, 2018, the Company, SS&C Technologies, Inc., SS&C European Holdings S.a R.L., SS&C Technologies Holdings Europe S.a R.L., and certain of the Company's subsidiaries, entered into an amended and restated credit agreement (the "Credit Agreement"), with Credit Suisse AG, Cayman Islands Branch acting as administrative agent, and certain lenders and L/C issuers party thereto.

The Credit Agreement includes (i) a new \$5.046 billion senior secured term loan B facility made available to SS&C Technologies, Inc., (ii) a new \$1.8 billion senior secured term loan B facility made available to the Company's wholly-owned subsidiary, SS&C European Holdings S.a R.L., (iii) approximately \$525 million in aggregate principal amount of the Company's existing term loan B-1 and B-2 facilities and (iv) a \$250 million senior secured revolving credit facility made available to SS&C Technologies, Inc., \$25 million of which is available for letters of credit.

The Credit Agreement contains covenants that, among other things, limit the Company's ability and the ability of certain of its subsidiaries to incur additional indebtedness, declare or pay dividends, repurchase or redeem

stock, make certain investments, sell assets, consolidate, merge, liquidate or dissolve, enter into transactions with affiliates and incur liens. The Credit Agreement also contains customary events of default. Indebtedness under the Credit Agreement may be accelerated in certain circumstances upon an event of default.

The foregoing description of the Credit Agreement does not purport to be complete and is qualified in its entirety by reference to the full text of the Credit Agreement, which is filed herewith as Exhibit 10.1 and incorporated herein by reference.

Item 2.04 Triggering Events That Accelerate or Increase a Direct Financial Obligation or an Obligation Under an Off-Balance Sheet Arrangement.

On April 16, 2018, approximately \$575.0 million aggregate principal amount of outstanding DST indebtedness became subject to repayment at the election of the holders thereof as a result of the closing of the Merger. At closing, the Company called such indebtedness for repayment and deposited an amount sufficient to repay such indebtedness at the repayment price described below with an escrow agent along with instructions for such repayment. The repayment price will be equal to 100% of the principal amount of such indebtedness plus a premium calculated in accordance with the agreements governing such indebtedness and accrued and unpaid interest, if any, to, but excluding, the date of repayment.
