### Third Quarter Results

Net income for the third quarter ended September 30, 2003 was \$34,924,000, or \$1.79 per share, on 19,488,000 weighted average shares of beneficial interest outstanding, compared with \$8,178,000, or \$0.49 per share, on 16,566,000 weighted average shares of beneficial interest outstanding for the 2002 third quarter. Net income for the third quarter of 2003 included gains on sale of \$33,955,000, including \$27,726,000 from the sale of two wholly-owned multifamily properties to affiliates of Morgan Properties and \$6,229,000 from the sale of the Company's interests in two joint venture multifamily properties. A substantial portion of the gain on sale met the requirements for a tax-deferred exchange with the Rouse shopping malls acquisition.

For the third quarter ended September 30, 2003, the Company's total FFO increased 17.9% to \$14,502,000 from \$12,297,000 for the comparable three-month period in 2002. This increase is a result of the acquisition of six shopping malls from The Rouse Company and the acquisition of the remaining 70% interest in Willow Grove Park, Willow Grove, PA. This increase was partially offset by the disposition of the last two wholly-owned multifamily properties and two joint-venture multifamily properties; termination fees of approximately \$1,236,000 on the two interest rate swap agreements which had a maturity date of December 15, 2003 and approximately \$500,000 in costs associated with the acquisition of the six shopping malls from The Rouse Company and the previously announced proposed merger with Crown American Realty Trust ("Crown") (NYSE:CWN). Such costs may not be capitalized under GAAP. A reconciliation of net income to FFO can be found on page 10.

FFO per share was \$0.67 in the third quarter of 2003 unchanged from \$0.67 in the third quarter of 2002. FFO increased as a result of the acquisition of six shopping malls from The Rouse Company and the acquisition of the remaining 70% interest in Willow Grove Park. However, the income per share related to these acquisitions was offset by the weighted average effect of the 6,325,000 common shares issued in the Company's public offering in August 2003; the disposition of the last two wholly-owned multifamily properties and two joint-venture multifamily properties; termination fees of approximately \$1,236,000 on the two interest rate swap agreements which had a maturity date of December 15, 2003 and approximately \$500,000 in costs associated with the acquisition of the six shopping malls from The Rouse Company and the previously announced proposed merger with Crown. Such costs may not be capitalized under GAAP. A reconciliation of net income to FFO can be found on page 10.

## Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 425

Weighted average shares of beneficial interest/Operating Partnership units outstanding (collectively, shares) increased by 17.7% to 21,537,000 for the quarter ended September 30, 2003 from 18,305,000 for the quarter ended September 30, 2002. This increase is a result of the 5,500,000 common share offering underwritten by Lehman Brothers Inc. which occurred on August 21, 2003 and the purchase of an additional 825,000 shares by Lehman Brothers under the over-allotment option granted in connection with the public offering.

NOI from wholly-owned properties and the Company's proportionate share of partnerships and joint venture properties increased 65.1% to \$31,664,000 for the third quarter of 2003 from \$19,178,000 for the third quarter of 2002. This increase is a result of the acquisition of six shopping malls from The Rouse Company and the acquisition of the remaining 70% interest in Willow Grove Park. The NOI increase was partially offset by the disposition of the last two wholly-owned multifamily properties and two joint-venture multifamily properties. A reconciliation of net income to net operating income can be found on page 11.

### Nine Month Results

Net income for the nine months ended September 30, 2003 was \$184,538,000, or \$10.51 per share, on 17,560,000 weighted average shares of beneficial interest outstanding compared to \$16,347,000, or \$1.01 per share, on 16,239,000 weighted average shares of beneficial interest outstanding for the nine months ended September 30, 2002. Net income for the nine months ended September 30, 2003 included gains on sale of \$189,668,000 consisting of \$177,926,000 from the sale of fifteen wholly-owned multifamily properties, \$10,630,000 from the sale of Company's interest in four joint venture multifamily properties and \$1,112,000 from the sale of land at Crest Plaza Shopping Center, Allentown, PA to Target. A substantial portion of the gain on sale from the multifamily portfolio met the requirements for a tax-deferred exchange as a result of the Rouse shopping malls acquisition.

FFO for the nine months ended September 30, 2003 totaled \$40,877,000, an increase of 14.8% over \$35,615,000 for the comparable nine-month period in 2002. This increase is a result of the acquisition of six shopping malls from The Rouse Company and the acquisition of the remaining 70% interest in Willow Grove Park. The increase was partially offset by the disposition of the 19 multifamily properties; termination fees of approximately \$1,236,000 on the interest rate swap agreements which had a maturity date of December 15, 2003 and approximately \$500,000 in costs associated with the acquisition of the six shopping malls from The Rouse Company and the previously announced proposed merger with Crown. A reconciliation of net income to FFO can be found on page 10.

FFO per share for the nine-month period was \$2.10 on 19,498,000 weighted average shares outstanding, compared to \$1.97 per share on 18,059,000 weighted average shares outstanding for the nine months ended September 30, 2002. This increase is a result of the acquisition of six shopping malls from The Rouse Company and the acquisition of the remaining 70% interest in Willow Grove Park. The increase was partially offset by the weighted average effect of the 6,325,000 common shares issued in connection with the Company's public offering in August 2003; the disposition of the remaining two wholly-owned multifamily properties and two joint-venture multifamily properties; termination fees of approximately \$1,236,000 on the interest rate swap agreements which had a maturity date of December 15, 2003 and approximately \$500,000 in costs associated with the acquisition of the six shopping malls from The Rouse Company and the previously announced proposed merger with Crown. A reconciliation of net income to FFO can be found on page 10.

## Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 425

NOI from wholly-owned properties and the Company's proportionate share of partnerships and joint venture properties totaled \$77,391,000 for the nine months ended September 30, 2003, an increase of 41.0% compared with \$54,890,000 for the nine months ended September 30, 2002. A reconciliation of net income to net operating income can be found on page 11.

### Retail Performance & Occupancy Levels

In the third quarter of 2003, same store NOI for the Company's retail portfolio decreased 2.2% or \$312,000 compared to the third quarter of 2002. Lease termination payments of \$15,000 were included in same store NOI for the third quarter of 2003, while lease termination payments included in same store NOI for the third quarter of 2002 were \$341,000.

Occupancy in the Company's same store retail portfolio decreased to 95.0%, 166 basis points lower than the 96.6% occupancy rate in the third quarter of 2002. The closing of the Ames store at Dartmouth Mall, Dartmouth, MA was the primary cause of the decrease in the Company's same store occupancy level and same store NOI during the third quarter of 2003. The Company has executed a non-binding letter of intent for the sale of a pad site including the former Ames store at Dartmouth Mall to the May Company for the addition of a 140,000 square foot Filene's Department Store.

The Company's power centers and enclosed malls were 97.7% and 86.3% occupied, respectively, as of September 30, 2003. The Company's same store mall properties reported sales of \$377 per square foot in the trailing twelve months ended September 30, 2003, as compared with \$382 per square foot in the comparable period ended September 30, 2002.

### Leasing Update

During the 2003 third quarter, the Company executed forty-three retail leases encompassing 356,657 square feet at an average rent per square foot of \$10.37. New leases for previously leased space accounted for five transactions totaling 16,243 square feet at an average rent of \$32.85, or \$6.13 higher than the average prior rent. Twenty-one tenants renewed leases, representing 159,503 square feet at an average renewal rent of \$12.65 per square foot, an increase of \$0.89 per square foot over the rent at expiration. The Company also executed transactions for seventeen formerly vacant spaces totaling 180,911 square feet with an average rent of \$6.35 per square foot. These formerly vacant spaces include a ground lease for a 136,010 square foot store with Target at Prince Georges Plaza, Hyattsville, MD with a base rent of \$2.21 per square foot and sixteen leases for 44,901 square feet at \$18.90 per square foot.

### Portfolio Composition

The Company ended the 2003 third quarter with investments in real estate of \$1,310,068,000, an increase of \$137,131,000 from \$1,172,937,000 in the second quarter of 2003. This increase is primarily due to the acquisition of the remaining 70% interest in Willow Grove Park and a 6.08 acre parcel adjacent to Plymouth Meeting Mall.

### Strategic Update

Ronald Rubin, Chairman and Chief Executive Officer of PREIT, said, "Third quarter results reflect PREIT's successful transformation to a retail focused REIT. The Company's 17.9% increase in total FFO to \$14.5 million in the third quarter is attributable to the recent acquisition of six shopping malls from The Rouse Company and the purchase of the remaining interest in Willow Grove Park.

## Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 425

In addition, the completed sale of our four remaining multifamily properties in the third quarter enables management to concentrate its efforts on improving the performance of our recently expanded retail portfolio.

We look forward to holding our Special Meeting of Shareholders on November 11, 2003 to vote on the approval of our merger with Crown American Realty Trust and expect to complete the merger in the fourth quarter. Combined with the Rouse transaction, the Crown merger positions PREIT as a leading shopping mall REIT in the Mid-Atlantic region. Through the strength of our leasing and redevelopment expertise, we believe the larger platform will provide strong long-term growth potential."

Jonathan B. Weller, PREIT's President and Chief Operating Officer, commented, "We continue to explore means of building value with our current portfolio. In the third quarter, PREIT purchased a 6.08 acre parcel adjacent to the Plymouth Meeting Mall, which had been acquired earlier as part of the Rouse transaction in June 2003. The parcel expands the amount of retail space available to add new quality tenants and enhance the overall value of the mall. The Company also signed a letter of intent to sell a pad site, including the former Ames Store, at Dartmouth Mall for the addition of a 140,000 square foot Filene's Department Store scheduled to open in fall 2004."

On August 28, 2003, The Company issued an additional 825,000 common shares at \$29.75 pursuant to an over-allotment option granted to the underwriter, Lehman Brothers Inc., in connection with the offering. The Company received net proceeds from the offering of approximately \$184 million, including the proceeds from the exercise of the over-allotment option, after deducting payment of the underwriting discount of \$0.25 per share and offering expenses.

#### Acquisition of Remaining Interest in Willow Grove Park

During the third quarter of 2003, the Company acquired the remaining 70% interest in Willow Grove Park, Willow Grove, Pennsylvania, from its partner, Pennsylvania State Employee Retirement System ("PaSERS"), and PREIT now owns 100% of the shopping mall. The purchase price was \$122.3 million which included \$45.5 million in cash from the proceeds of the Company's recent equity offering and \$76.8 million in assumed debt bearing interest at 8.39% and maturing in 2006.

As of September 30, 2003, the in-line sales volume for the mall was \$404 per square foot with in-line occupancy of 91.7%. Based on anticipated operating income from the mall for 2004, the purchase price would represent an unleveraged return of approximately 9.0% on cost.

Willow Grove Park, a 1.2 million square foot regional mall, is located 12 miles north of Philadelphia in Willow Grove, Pennsylvania. The three-level mall is anchored by Bloomingdale's, Macy's, Sears and Strawbridge's and currently has 127 in-line tenants including specialty stores such as Abercrombie & Fitch, Cache, Coach and Williams-Sonoma.

#### Acquisition of 6.08 Acre Parcel Adjacent to Plymouth Meeting Mall

During the third quarter of 2003, the Company acquired a 6.08 acre parcel adjacent to Plymouth Meeting Mall, Plymouth Meeting, PA, from IKEA. The purchase price for the parcel, containing a vacant 160,000 square foot, two-story

## Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 425

building, was \$15.75 million consisting of \$13.5 million in cash paid to IKEA from the proceeds of the Company's recent equity offering and approximately 72,000 Operating Partnership Units paid to affiliates of O'Neill Properties Group, L.P., holders of an option to acquire the parcel.

The parcel is adjacent to the 813,000 square foot Plymouth Meeting Mall, which was acquired by PREIT in June 2003. The Mall had an occupancy rate of 94.4 % and in-line tenant sales of \$264 per square foot as of September 30, 2003. The 160,000 square foot building was previously the first IKEA store to open in the United States in 1985. The IKEA store relocated to a significantly larger space in the immediate area in January 2003.

During the third quarter 2003, the Company also completed the sale of its remaining two joint venture multifamily properties, Fox Run in Warminster, PA and Will-O-Hill in Reading, PA, to its joint venture partners. ### Crown Merger Agreement

During the second quarter of 2003, PREIT and Crown American Realty Trust (NYSE: CWN) announced that they entered into a definitive merger agreement under which Crown will merge into PREIT. The merger will position PREIT as a leading shopping mall REIT in the Mid-Atlantic region. The boards of trustees of both companies have unanimously approved the merger.

### Special Meeting of Shareholders

The Company will hold a Special Meeting of Shareholders on Tuesday, November 11, 2003 at 11:00 a.m. EST to consider and vote on the merger with Crown American Realty Trust (NYSE: CWN), announced May 14, 2003, and to consider and vote on other matters. The meeting will be held at Park Hyatt Philadelphia at the Bellevue, 200 South Broad Street. A complete Proxy Statement was mailed to shareholders of record as of September 25, 2003. A copy of this document is available on PREIT's website, [www.preit.com](http://www.preit.com).

The Special Meeting of Shareholders will be broadcast in a live "listen only" mode via the internet at the Company's website, [www.preit.com](http://www.preit.com), or at [www.vcall.com](http://www.vcall.com). ### Line of Credit

As of September 30, 2003, the Company had paid down its secured revolving line of credit and its unsecured line of credit to a zero outstanding balance. ### Capital Resources

Edward Glickman, Chief Financial Officer of PREIT commented, "With the proceeds from the Company's recent offering of 6,325,000 common shares, the Company paid off its acquisition term loan and paid down both the secured line of credit and the unsecured line of credit. Presently, the Company has received commitments from a lender group, led by Wells Fargo, to replace our current \$200 million secured line of credit facility with a \$500 million unsecured revolving line of credit. The new facility, priced comparably with other recent transactions completed in the marketplace, will provide the Company with the financial flexibility necessary to pursue strategic acquisitions and redevelopment opportunities into the future.

Subject to documentation, it is PREIT's intention to close the new line of credit concurrently with the impending merger with Crown. Initial borrowings will be used to fund transaction expenses and debt restructuring costs. We believe that the balance sheet will be adequately positioned to handle our investment and operational capital needs going forward."

### 2003 and 2004 Forecast

PREIT has revised its estimates for calendar years 2003 and 2004. For modeling purposes, PREIT assumed that the merger with Crown will be in the mid-point of the fourth quarter of 2003, with the first full year of combined operations in calendar year 2004. After giving effect to the recent equity offering and the other transactions during the third quarter, PREIT now estimates FFO for calendar year 2003 to be \$2.84 to \$2.96 per share inclusive of a one-time non-recurring charge of approximately \$6.75 million for expenses related to the merger with Crown. Assuming completion of the Crown merger, the Company now estimates FFO for the calendar year 2004 to be \$3.62 to \$3.82 per share.

### Dividend Declaration

On October 17, 2003, PREIT announced that its Board of Trustees has approved a quarterly cash dividend of \$0.54 per common share, an increase of \$0.03 per share, or 5.9%, which is consistent with the increase provided for under the Merger Agreement with Crown. On an annualized basis, PREIT's dividend is increasing from \$2.04 to \$2.16 per common share. The dividend will be paid on December 15, 2003 to holders of common shares and unitholders of record at the close of business on October 27, 2003. The December 15, 2003 dividend payment will be PREIT's 107th consecutive distribution since its initial dividend paid in August of 1962. Throughout its history, the Company has never omitted or reduced a shareholder dividend.

### Definitions

NAREIT defines FFO as income before gains (losses) on property sales and extraordinary items (computed in accordance with GAAP); plus real estate depreciation and similar adjustments for unconsolidated joint ventures after

## Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 425

adjustments for non-real estate depreciation and amortization of financing costs. The Company computes FFO in accordance with standards established by NAREIT, which may not be comparable to FFO reported by other REITs that do not define the term in accordance with the current NAREIT definition, or that interpret the current NAREIT definition differently than the Company. FFO does not represent cash generated from operating activities in accordance with GAAP and should not be considered to be an alternative to net income (determined in accordance with GAAP) as an indication of the Company's financial performance or to be an alternative to cash flow from operating activities (determined in accordance with GAAP) as a measure of the Company's liquidity, nor is it indicative of funds available for the Company's cash needs, including its ability to make cash distributions. The Company believes that net income is the most directly comparable GAAP measurement to FFO. The Company believes that FFO is helpful to investors as a measure of operating performance because it excludes various items included in net income that do not relate to or are not indicative of operating performance, such as various non-recurring items, gains on sales of real estate and depreciation and amortization of real estate.

NOI is derived from real estate revenues (determined in accordance with GAAP) minus property operating expenses (determined in accordance with GAAP). NOI does not represent cash generated from operating activities in accordance with GAAP and should not be considered to be an alternative to net income (determined in accordance with GAAP) as an indication of the Company's financial performance or to be an alternative to cash flow from operating activities (determined in accordance with GAAP) as a measure of the Company's liquidity; nor is it indicative of funds available for the Company's cash needs, including its ability to make cash distributions. The Company believes that net income is the most directly comparable GAAP measurement to NOI. The Company believes that NOI is helpful to investors as a measure of operating performance because it is an indicator of the return on investment on the properties, and provides a comparison measurement of the properties over time. NOI excludes general and administrative expenses, management company revenues, interest income, interest expense, depreciation and amortization, income from discontinued operations and gains on sales of interests in real estate.

EBITDA is earnings before interest, taxes, depreciation and amortization. On a property level, EBITDA and NOI are equivalent; however, certain corporate revenues and expenses are added and deducted to/from NOI to derive EBITDA on a company wide basis. Specifically, management company revenues and interest income are added to NOI while corporate payroll and other general and administrative expenses are deducted from NOI to calculate EBITDA. The Company believes that net income is the most directly comparable GAAP measurement to EBITDA. The Company believes that EBITDA helps the Company and its investors evaluate the ongoing operating performance of its properties and facilitate comparisons with other REITs and real estate companies. These measures assist management by providing a baseline to assess property-level results, particularly as the Company acquires or sells assets. The EBITDA measures presented by the Company may not be comparable to other similarly titled measures of other companies.
