We encourage you to read the indentures, which are included as exhibits to the registration statement of which this prospectus forms a part.

Table of Contents

Preferred Stock

We may issue shares of our preferred stock, par value \$0.01 per share, in one or more series. Our board of directors will determine the dividend, voting, conversion and other rights of the series of preferred stock being offered.

Warrants

We may issue warrants for the purchase of preferred stock or common stock or debt securities of our company. We may issue warrants independently or together with other securities. Warrants sold with other securities as a unit may be attached to or separate from the other securities. We will issue warrants under one or more warrant agreements between us and a warrant agent that we will name in the applicable prospectus supplement.

Units

We may also issue units comprised of one or more of the other securities described in this prospectus in any combination. Each unit may also include debt obligations of third parties, such as U.S. Treasury securities. Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security.

Peabody Energy Corporation

We are the largest private-sector coal company in the world. During the year ended December 31, 2005, we sold 239.9 million tons of coal. During this period, we sold coal to over 350 electricity generating and industrial plants in 15 countries. Our coal products fuel approximately 10% of all U.S. electricity generation and 3% of worldwide electricity generation. At December 31, 2005, we had 9.8 billion tons of proven and probable coal reserves.

We are engaged in the production, distribution and sale of coal to electricity generating and industrial plants throughout the world. We own, through our subsidiaries, majority interests in coal operations located throughout all major U.S. coal producing regions and in Australia. Additionally, we own minority interests in mines through joint venture arrangements. Most of our production in the western United States is low-sulfur coal from the Powder River Basin. In the West, we own and operate mines in Arizona, Colorado, New Mexico and Wyoming. In the East, we own and operate mines in Illinois, Indiana, Kentucky and West Virginia. We also own mines in Queensland, Australia. Most of our Australian production is low-sulfur, metallurgical coal. We generate most of our production from non-union mines.

In addition to our mining operations, we market, broker and trade coal. In 2005, we opened a business development, sales and marketing office in Beijing, China to pursue potential long-term growth opportunities in this market. Our other energy related commercial activities include the development of mine-mouth coal-fueled generating plants, the management of our vast coal reserve and real estate holdings, coalbed methane production, transportation services, and, more recently, BTU conversion. Our BTU conversion initiatives include participation in technologies that convert coal into natural gas, liquids and hydrogen.

Our principal executive offices are located at 701 Market Street, St. Louis, Missouri 63101-1826, telephone (314) 342-3400.

Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES**

The ratio of earnings to fixed charges presented below should be read together with the financial statements and the notes accompanying them and Management's Discussion and Analysis of Financial Condition and Results of Operations included in our Annual Report on Form 10-K for the year ended December 31, 2005 and Quarterly Report for the quarter ended March 31, 2006 incorporated by reference into this prospectus. For purposes of the computation of the ratio of earnings to fixed charges, earnings consist of income before income taxes and minority interests plus fixed charges. Fixed charges consist of interest expense on all indebtedness plus the interest component of lease rental expense. A ratio of combined fixed charges and preferred stock dividends to earnings will be included as necessary in the applicable prospectus supplement if we issue and sell preferred stock thereunder.

USE OF PROCEEDS

Unless otherwise indicated in the prospectus supplement, we will use all or a portion of the net proceeds from the sale of our securities offered by this prospectus and the prospectus supplement for general corporate purposes. General corporate purposes may include repayment of other debt, capital expenditures, possible acquisitions and any other purposes that may be stated in any prospectus supplement. The net proceeds may be invested temporarily or applied to repay short-term or revolving debt until they are used for their stated purpose.

DIVIDEND POLICY

We currently declare and pay quarterly dividends of \$0.06 per share. The declaration and payment of dividends and the amount of dividends will depend on our results of operations, financial condition, cash requirements, future prospects, any limitations imposed by our debt instruments and other factors deemed relevant by our board of directors; however, we presently expect that dividends will continue to be paid.

DESCRIPTION OF DEBT SECURITIES

The following description of the terms of the debt securities summarizes certain general terms that will apply to the debt securities offered by us. The description is not complete, and we refer you to the indentures, which are included as exhibits to the registration statement of which this prospectus is a part. In addition, the terms described below may be amended, supplemented or otherwise modified pursuant to one or more supplemental indentures. Any such amendments, supplements or modifications will be set forth in the applicable prospectus supplement. Capitalized items have the meanings assigned to them in the indentures. The referenced sections of the indentures and the definitions of capitalized terms are incorporated by reference in the following summary.

The debt securities that we may issue will be senior, senior subordinated or subordinated debt, may be guaranteed by substantially all of our domestic subsidiaries, and may be convertible into shares of our common stock.

The senior, senior subordinated or subordinated debt securities that we may issue will be issued under separate indentures among us, U.S. Bank National Association, as trustee and, if guaranteed, the subsidiary guarantors thereto. Senior debt securities will be issued under a Senior Indenture, senior subordinated debt securities and subordinated debt securities will be issued under a Subordinated Indenture. Collectively, we refer to the Senior Indenture and the Subordinated Indenture as the Indentures. For purposes of the summary set forth below, obligor refers to Peabody Energy Corporation. This summary of the Indentures is qualified by reference to the Indentures. You should refer to the Indentures in addition to reading this summary. The summary is not complete and is subject to the specific terms of the Indentures.

General

Under the Indentures, we will be able to issue from time to time, in one or more series, an unlimited amount of debt securities. Each time that we issue a new series of debt securities, the supplement to the prospectus relating to that new series will specify the terms of those debt securities, including:

designation, amount and denominations;

percentage of principal amount at which the debt securities will be issued;

maturity date;

interest rate and payment dates;

terms and conditions of exchanging or converting debt securities for other securities;

the currency or currencies in which the debt securities may be issued;

redemption terms;

whether the debt securities will be guaranteed by our subsidiaries;

whether the debt securities and/or any guarantees will be senior, senior subordinated or subordinated; and

Table of Contents

any other specific terms of the debt securities, including any deleted, modified or additional events of default or remedies or additional covenants provided with respect to the debt securities, and any terms that may be required by or advisable under applicable laws or regulations.

Unless otherwise specified in any prospectus supplement, the debt securities will be issuable in registered form without coupons and in denominations of \$1,000 and any integral multiple thereof. No service charge will be made for any transfer or exchange of any debt securities, but the issuer may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Debt securities may bear interest at a fixed rate or a floating rate. Debt securities bearing no interest or interest at a rate that at the time of issuance is below the prevailing market rate may be sold at a discount below their stated principal amount. Special U.S. federal income tax considerations applicable to discounted debt securities or to some debt securities issued at par that are treated as having been issued at a discount for U.S. federal income tax purposes will be described in the applicable prospectus supplement.

In determining whether the holders of the requisite aggregate principal amount of outstanding debt securities of any series have given any request, demand, authorization, direction, notice, consent or waiver under the Indentures, the principal amount of any series of debt securities originally issued at a discount from their stated principal amount that will be deemed to be outstanding for such purposes will be the amount of the principal thereof that would be due and payable as of the date of the determination upon a declaration of acceleration of the maturity thereof.

Payments relating to the debt securities generally will be paid by us, at U.S. Bank National Association's corporate trust office. However, we may elect to pay interest by mailing checks directly to the registered holders of the debt securities. You can transfer your debt securities at U.S. Bank National Association's corporate trust office.

Ranking

Unless otherwise described in the prospectus supplement for any series, the debt securities that we issue will be unsecured and will rank on a parity with all of our other unsecured and unsubordinated indebtedness.

We conduct a material amount of our operations through our subsidiaries. Our right to participate as a shareholder in any distribution of assets of any of our subsidiaries (and thus the ability of holders of the debt securities that we issue to benefit as creditors of Peabody Energy Corporation from such distribution) is junior to creditors of that subsidiary. As a result, claims of holders of the debt securities that we issue will generally have a junior position to claims of creditors of our subsidiaries, except to the extent that we may be recognized as a creditor of those subsidiaries or those subsidiaries guarantee the debt securities.

Reopening of Issue

We may, from time to time, reopen an issue of debt securities without the consent of the holders of the debt securities and issue additional debt securities with the same terms (including maturity and interest payment terms) as debt securities issued on an earlier date. After such additional debt securities are issued they will be fungible with the previously issued debt securities to the extent specified in the applicable prospectus supplement.

Table of Contents

Debt Guarantees

Our debt securities may be guaranteed by substantially all of our domestic subsidiaries, the subsidiary guarantors. If debt securities are guaranteed by subsidiary guarantors, that guarantee will be set forth in the applicable Indenture or a supplemental indenture.

Payments with respect to subsidiary guarantees of our senior subordinated debt securities and subordinated debt securities will be subordinated in right of payment to the prior payment in full of all senior indebtedness of each such subsidiary guarantor to the same extent and manner that payments with respect to our senior subordinated debt securities and subordinated debt securities are subordinated in right of payment to the prior payment in full of all of our senior indebtedness.

Merger and Consolidation

Unless otherwise described in the prospectus supplement of any series, we may, under the applicable Indenture, without the consent of the holders of debt securities, consolidate with, merge with or into or transfer all or substantially all of our assets to any other corporation organized under the laws of the United States or any of its political subdivisions provided that:

the surviving corporation assumes all of our obligations under the applicable Indenture;

at the time of such transaction, no event of default, and no event that, after notice or lapse of time, would become an event of default, shall have happened and be continuing; and

certain other conditions are met.

Modification

Generally, our rights and obligations and the holders' rights may be modified with the consent of holders of a majority of the outstanding debt securities of each series affected by such modification. However, unless otherwise described in the prospectus supplement of any series, no modification or amendment may occur without the consent of the affected holder of a debt security if that modification or amendment would do any of the following:

change the stated maturity date of the principal of, or any installment of interest on, any of the holder's debt securities;

reduce the principal amount of, or the interest (or premium, if any) on, the debt security (including, in the case of a discounted debt security, the amount payable upon acceleration of maturity or provable in bankruptcy);

change the currency of payment of the debt security;

impair the right to institute suit for the enforcement of any payment on the debt security or adversely affect the right of repayment, if any, at the option of the holder;

reduce the percentage of holders of debt securities necessary to modify or amend the applicable Indenture or to waive any past default;

release a guarantor from its obligations under its guarantee, other than in accordance with the terms thereof; or

Table of Contents

modify our obligations to maintain an office or agency in New York City.

A modification that changes a covenant or provision expressly included solely for the benefit of holders of one or more particular series will not affect the rights of holders of debt securities of any other series.

Each Indenture provides that the obligor and U.S. Bank National Association, as trustee, may make modifications without the consent of the debt security holders in order to do the following:

evidence the assumption by a successor entity of the obligations of the obligor under the applicable Indenture;

convey security for the debt securities to U.S. Bank National Association;

add covenants, restrictions or conditions for the protection of the debt security holders;

provide for the issuance of debt securities in coupon or fully registered form;

establish the form or terms of debt securities of any series;

cure any ambiguity or correct any defect in an Indenture that does not adversely affect the interests of a holder;

evidence the appointment of a successor trustee or more than one trustee;

surrender any right or power conferred upon us;

comply with the requirements of the SEC in order to maintain the qualification of the applicable Indenture under the Trust Indenture Act of 1939, as amended;

add or modify any other provisions with respect to matters or questions arising under an Indenture that we and U.S. Bank National Association may deem necessary or desirable and that will not adversely affect the interests of holders of debt securities;

modify the existing covenants and events of default solely in respect of, or add new covenants or events of default that apply solely to, debt securities not yet issued and outstanding; or

to provide for guarantees of the debt securities and to specify the ranking of the obligations of the guarantors under their respective guarantees.

Events of Default

Under the Indentures, an event of default means, unless otherwise described in the prospectus supplement of any series, any one of the following:

failure to pay interest on a debt security for 30 days;

failure to pay principal and premium, if any, when due;

failure to pay or satisfy a sinking fund installment when due;

Table of Contents

by Peabody Energy Corporation or by a guarantor of the debt securities to perform any other covenant in the applicable Indenture that continues for 60 days after receipt of notice;

certain events in bankruptcy, insolvency or reorganization; or

a guarantee being held in any judicial proceeding to be unenforceable or invalid.

An event of default relating to one series of debt securities does not necessarily constitute an event of default with respect to any other series issued under the applicable Indenture. If an event of default exists with respect to a series of debt securities, U.S. Bank National Association or the holders of at least 25% of the then-outstanding debt securities of that series may declare the principal of that series due and payable.

Any event of default with respect to a particular series of debt securities may be waived by the holders of a majority of the then-outstanding debt securities of that series, except for a failure to pay principal premium or interest on the debt security.

U.S. Bank National Association may withhold notice to the holder of the debt securities of any default (except in payment of principal, premium, interest or sinking fund payment) if U.S. Bank National Association thinks that withholding such notice is in the interest of the holders.

Subject to the specific duties that arise under the applicable Indenture if an event of default exists, U.S. Bank National Association is not obligated to exercise any of its rights or powers under the applicable Indenture at the request of the holders of the debt securities unless they provide reasonable indemnity satisfactory to it. Generally, the holders of a majority of the then-outstanding debt securities can direct the proceeding for a remedy available to U.S. Bank National Association or for exercising any power conferred on U.S. Bank National Association as the trustee.

Trustee's Relationship

U.S. Bank National Association or its affiliates may from time to time in the future provide banking and other services to us in the ordinary course of its business. The Indentures provide that we will indemnify U.S. Bank National Association against any and all loss, liability, claim, damage or expense incurred that arises from the trust created by the applicable Indenture unless the loss, liability, claim, damage or expense results from U.S. Bank National Association's negligence or willful misconduct.

Global Securities

We may issue some of the debt securities as global securities that will be deposited with a depository identified in a prospectus supplement. Global securities may be issued in registered form and may be either temporary or permanent. A prospectus supplement will contain additional information about depository arrangements.

Registered global securities will be registered in the depository's name or in the name of its nominee. When we issue a global security, the depository will credit that amount of debt securities to the investors that have accounts with the depository or its nominee. The underwriters or the debt security holder's agent will designate the accounts to be credited, unless the debt securities are offered and sold directly by us, in which case, we will designate the appropriate account to be credited.

Table of Contents

Investors who have accounts with a depository, and people who have an interest in those institutions, are the beneficial owners of global securities held by that particular depository.

We will not maintain records regarding ownership or the transfer of global securities held by a depository or to nominee. If you are the beneficial owner of global securities held by a depository, you must get information directly from the depository.

As long as a depository is the registered owner of a global security, that depository will be considered the sole owner of the debt securities represented by that global security. Except as set forth below, beneficial owners of global securities held by a depository will not be entitled to:

register the represented debt securities in their names;

receive physical delivery of the debt securities; or

be considered the owners or holders of the global security under the applicable Indenture.

Payments on debt securities registered in the name of a depository or its nominee will be made to the depository or its nominee.

When a depository receives a payment, it must immediately credit the accounts in amounts proportionate to the account holders' interests in the global security. The beneficial owners of a global security should, and are expected to, establish standing instructions and customary practices with their investors that have an account with the depository, so that payments can be made with regard to securities beneficially held for them, much like securities held for the accounts of customers in bearer form or registered in street name.

A global security can only be transferred in whole by the depository to a nominee of such depository or to another nominee of a depository. If a depository is unwilling or unable to continue as a depository and we do not appoint a successor depository within ninety days, we will issue certificated debt securities in exchange for all of the global securities held by that depository. In addition, we may eliminate all global securities at any time and issue certificated debt securities in exchange for them. Further, we may allow a depository to surrender a global security in exchange for certificated debt securities on any terms that are acceptable to us and the depository. Finally, an interest in the global security is exchangeable for a certificated debt security if an event of default has occurred as described above under Events of Default.

If any of these events occur, we will execute, and U.S. Bank National Association will authenticate and deliver to the beneficial owners of the global security in question, a new registered security in an amount equal to and in exchange for that person's beneficial interest in the exchange global security. The depository will receive a new global security in an amount equal to the difference, if any, between the amount of the surrendered global security and the amount of debt securities delivered to the beneficial owners. Debt securities issued in exchange for global securities will be registered in the same names and in the same denominations as indicated by the depository's records and in accordance with the instructions from its direct and indirect participants.

The laws of certain jurisdictions require some people who purchase securities to actually take physical possession of those securities. The limitations imposed by these laws may impair your ability to transfer your beneficial interests in a global security.

DESCRIPTION OF CAPITAL STOCK

Our authorized capital stock consists of (1) 800 million shares of common stock, par value \$0.01 per share, of which 264.5 million shares were outstanding on March 31, 2006, (2) 10 million shares of preferred stock, par value \$0.01 per share (1.5 million of which are reserved for Series A Junior Participating Preferred Stock), of which no shares are issued or outstanding, (3) 40 million shares of series common stock, par value \$0.01 per share, of which no shares are issued or outstanding and (4) 1.5 million shares of Series A Junior Participating Preferred Stock of which no shares are issued or outstanding. As of March 31, 2006, there were 744 holders of record of our common stock. The following description of our capital stock and related matters is qualified in its entirety by reference to our certificate of incorporation and by-laws.

The following summary describes elements of our certificate of incorporation and by-laws.

Common Stock

Holders of common stock are entitled to one vote per share on all matters to be voted upon by the stockholders and vote together, as one class, with the holders of our Series A Junior Participating Preferred Stock. The holders of common stock do not have cumulative voting rights in the election of directors. Holders of common stock are entitled to receive ratably dividends if, as and when dividends are declared from time to time by our board of directors out of funds legally available for that purpose, after payment of dividends required to be paid on outstanding preferred stock or series common stock, as described below. Upon liquidation, dissolution or winding up, any business combination or a sale or disposition of all or substantially all of the assets, the holders of common stock are entitled to receive ratably the assets available for distribution to the stockholders after payment of liabilities and accrued but unpaid dividends and liquidation preferences on any outstanding preferred stock or series common stock. The common stock has no preemptive or conversion rights and is not subject to further calls or assessment by us. There are no redemption or sinking fund provisions applicable to the common stock.

Series A Junior Participating Preferred Stock

Holders of shares of Series A Junior Participating Preferred Stock (Series A Preferred Stock) are entitled to receive quarterly dividend payments equal to the greater of \$1.00 per share or 400 times the per share dividend declared on our common stock. Holders of Series A Preferred Stock are entitled to 400 votes per share on all matters to be voted upon by the stockholders and vote together, as one class, with the holders of common stock. Upon liquidation, dissolution or winding up, holders of our Series A Preferred Stock are entitled to a liquidation preference of \$100 per share plus all accrued and unpaid dividends and distributions on the Series A Preferred Stock or 400 times the amount to be distributed per share on our common stock, whichever is greater. Liquidation distributions will be made ratably with all shares ranking on parity with the Series A Preferred Stock. In the event of any merger, consolidation, combination or other transaction in which shares of our common stock are exchanged for other securities, cash or property, each share of the Series A Preferred Stock will be exchanged for 400 times the amount received per share on our common stock. Each of these rights of our Series A Preferred Stock is protected by customary anti-dilution provisions. The Series A Preferred Stock is not redeemable and it will rank junior to any other series of our preferred stock with respect to the payment of dividends and the distribution of assets.

Preferred Stock and Series Common Stock

Our certificate of incorporation authorizes our board of directors to establish one or more series of preferred stock or series common stock. With respect to any series of preferred stock or series common stock, our board of directors is authorized to determine the terms and rights of that series, including:

Table of Contents

the designation of the series;

the number of shares of the series, which our board may, except where otherwise provided in the preferred stock or series common stock designation, increase or decrease, but not below the number of shares then outstanding;

whether dividends, if any, will be cumulative or non-cumulative and the dividend rate of the series;

the dates at which dividends, if any, will be payable;

the redemption rights and price or prices, if any, for shares of the series;

the terms and amounts of any sinking fund provided for the purchase or redemption of shares of the series;

the amounts payable on shares of the series in the event of any voluntary or involuntary liquidation, dissolution or winding-up of the affairs of our company;

whether the shares of the series will be convertible into shares of any other class or series, or any other security, of our company or any other corporation, and, if so, the specification of the other class or series or other security, the conversion price or prices or rate or rates, any rate adjustments, the date or dates as of which the shares will be convertible and all other terms and conditions upon which the conversion may be made;

restrictions on the issuance of shares of the same series or of any other class or series; and

the voting rights, if any, of the holders of the series.

Unless required by law or by any stock exchange, the authorized shares of preferred stock and series common stock, as well as shares of common stock, are available for issuance without further action by our stockholders.

Although we have no intention at the present time of doing so, we could issue a series of preferred stock or series common stock that could, depending on the terms of the series, impede the completion of a merger, tender offer or other takeover attempt. We will make any determination to issue preferred stock or series common stock based on our judgment as to the best interests of the company and our stockholders. We, in so acting, could issue preferred stock or series common stock having terms that could discourage an acquisition attempt or other transaction that some, or a majority, of stockholders might believe to be in their best interests or in which they might receive a premium for their common stock over the market price of the common stock.

Authorized but Unissued Capital Stock

Delaware law does not require stockholder approval for any issuance of authorized shares. However, the listing requirements of the New York Stock Exchange, which would apply so long as the common stock remains listed on the New York Stock Exchange, require stockholder approval of certain issuances equal to or exceeding 20% of the then-outstanding voting power or then-outstanding number of shares of common stock. These additional shares may be used for a variety of corporate purposes, including future public offerings, to raise additional capital or to facilitate acquisitions.

Table of Contents

One of the effects of the existence of unissued and unreserved common stock, preferred stock or series common stock may be to enable our board of directors to issue shares to persons friendly to current management, which issuance could render more difficult or discourage an attempt to obtain control of our company by means of a merger, tender offer, proxy contest or otherwise, and thereby protect the continuity of our management and possibly deprive the stockholders of opportunities to sell their shares of common stock at prices higher than prevailing market prices.

Anti-Takeover Effects of Provisions of Delaware Law and Our Charter and By-laws

Delaware Law

Our company is a Delaware corporation subject to Section 203 of the Delaware General Corporation Law. Section 203 provides that, subject to certain exceptions specified in the law, a Delaware corporation shall not engage in certain business combinations with any interested stockholder for a three-year period following the time that the stockholder became an interested stockholder unless:

prior to such time, our board of directors approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder;

upon consummation of the transaction which resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of our voting stock outstanding at the time the transaction commenced, excluding certain shares; or

at or subsequent to that time, the business combination is approved by our board of directors and by the affirmative vote of holders of at least 66 2/3% of the outstanding voting stock which is not owned by the interested stockholder.

Generally, a business combination includes a merger, asset or stock sale or other transaction resulting in a financial benefit to the interested stockholder. Subject to certain exceptions, an interested shareholder is a person who together with that person's affiliates and associates owns, or within the previous three years did own, 15% or more of our voting stock.

Under certain circumstances, Section 203 makes it more difficult for a person who would be an interested stockholder to effect various business combinations with a corporation for a three-year period. The provisions of Section 203 may encourage companies interested in acquiring our company to negotiate in advance with our board of directors because the stockholder approval requirement would be avoided if our board of directors approves either the business combination or the transaction which results in the stockholder becoming an interested stockholder. These provisions also may have the effect of preventing changes in our board of directors and may make it more difficult to accomplish transactions which stockholders may otherwise deem to be in their best interests.

Certificate of Incorporation; By-laws

Our certificate of incorporation and by-laws contain provisions that could make more difficult the acquisition of the company by means of a tender offer, a proxy contest or otherwise.

Classified Board. Our certificate of incorporation provides that our board of directors will be divided into three classes of directors, with the classes to be as nearly equal in number as possible. As a result, approximately one-third of the board of directors will be elected each year. The classification of directors will have the effect of making it more difficult for stockholders to change the composition of our board. Our certificate of incorporation provides that, subject to any rights of holders of preferred stock or

Table of Contents

series common stock to elect additional directors under specified circumstances, the number of directors will be fixed in the manner provided in our by-laws. Our certificate of incorporation and by-laws provide that the number of directors will be fixed from time to time exclusively pursuant to a resolution adopted by the board, but must consist of not less than three directors. In addition, our certificate of incorporation provides that, subject to any rights of holders of preferred stock or series common stock and unless the board otherwise determines, any vacancies will be filled only by the affirmative vote of a majority of the remaining directors, though less than a quorum.

Removal of Directors. Under Delaware General Corporation Law, unless otherwise provided in our certificate of incorporation, directors serving on a classified board may only be removed by the stockholders for cause. In addition, our certificate of incorporation and by-laws provide that directors may be removed only for cause and only upon the affirmative vote of holders of at least 75% of the voting power of all the outstanding shares of stock entitled to vote generally in the election of directors, voting together as a single class.

Stockholder Action. Our certificate of incorporation and by-laws provide that stockholder action can be taken only at an annual or special meeting of stockholders and may not be taken by written consent in lieu of a meeting. Our certificate of incorporation and by-laws provide that special meetings of stockholders can be called only by our chief executive officer or pursuant to a resolution adopted by our board of directors. Stockholders are not permitted to call a special meeting or to require that the board of directors call a special meeting of stockholders.

Advance Notice Procedures. Our by-laws establish an advance notice procedure for stockholders to make nominations of candidates for election as directors, or bring other business before an annual or special meeting of our stockholders. This notice procedure provides that only persons who are nominated by, or at the direction of our board of directors, the chairman of the board, or by a stockholder who has given timely written notice to the secretary of our company prior to the meeting at which directors are to be elected, will be eligible for election as directors. This procedure also requires that, in order to raise matters at an annual or special meeting, those matters be raised before the meeting pursuant to the notice of meeting we deliver or by, or at the direction of, our chairman or by a stockholder who is entitled to vote at the meeting and who has given timely written notice to the secretary of our company of his intention to raise those matters at the annual meeting. If our chairman or other officer presiding at a meeting determines that a person was not nominated, or other business was not brought before the meeting, in accordance with the notice procedure, that person will not be eligible for election as a director, or that business will not be conducted at the meeting.

Amendment. Our certificate of incorporation provides that the affirmative vote of the holders of at least 75% of the voting power of the outstanding shares entitled to vote, voting together as a single class, is required to amend provisions of our certificate of incorporation relating to the prohibition of stockholder action without a meeting, the number, election and term of our directors and the removal of directors. Our certificate of incorporation further provides that our by-laws may be amended by our board or by the affirmative vote of the holders of at least 75% of the outstanding shares entitled to vote, voting together as a single class.

Rights Agreement

On July 23, 2002, our board of directors adopted a preferred share purchase rights plan. In connection with the rights plan, our board of directors declared a dividend of one preferred share purchase right for each outstanding share of our common stock. The rights dividend was paid on August 12, 2002 to the stockholders of record on that date.

Table of Contents

Purchase Price. Each right entitles the registered holder to purchase from us one quarter of one one-hundredth of a share of our Series A Junior Participating Preferred Stock, or preferred shares, par value \$0.01 per share, at a price of \$27.50 per one quarter of one one-hundredth of a preferred share, subject to adjustment.

Flip-In. In the event that any person or group of affiliated or associated persons acquires beneficial ownership of 15% or more of our outstanding common stock, each holder of a right, other than rights beneficially owned by the acquiring person (which will thereafter be void), will thereafter have the right to receive upon exercise that number of shares of our common stock having a market value of two times the exercise price of the right.

Flip-Over. If we are acquired in a merger or other business combination transaction, or 50% or more of our consolidated assets or earning power are sold after a person or group acquires beneficial ownership of 15% or more of our outstanding common stock, each holder of a right (other than rights beneficially owned by the acquiring person, which will be void) will thereafter have the right to receive that number of shares of common stock of the acquiring company which at the time of such transaction will have a market value of two times the exercise price of the right.

Distribution Date. The distribution date is the earlier of:

(1) 10 days following a public announcement that a person or group of affiliated or associated persons have acquired beneficial ownership of 15% or more of our outstanding common stock; or

(2) 10 business days (or such later date as may be determined by action of our board of directors prior to such time as any person or group of affiliated persons acquires beneficial ownership of 15% or more of our outstanding common stock) following the commencement of, or announcement of an intention to make, a tender offer or exchange offer the consummation of which would result in the beneficial ownership by a person or group of 15% or more of our outstanding common stock.

Transfer and Detachment. Until the distribution date, the rights will be evidenced either by book entry in our direct registration system or, with respect to any of our common stock certificates outstanding as of August 12, 2002, by such common stock certificate with a copy of the Summary of Rights attached thereto. Until the distribution date (or earlier redemption or expiration of the rights), the rights will be transferred with and only with the common stock, and transfer of those shares will also constitute transfer of the rights.

As soon as practicable following the distribution date, separate certificates evidencing the rights will be mailed to holders of record of our common stock as of the close of business on the distribution date and the separate certificates evidencing the rights alone will thereafter evidence the rights.

Exercisability. The rights are not exercisable until the distribution date. The rights will expire at the earliest of (1) August 11, 2012, unless that date is extended, (2) the time at which we redeem the rights, as described below, or (3) the time at which we exchange the rights, as described below.

Adjustments. The purchase price payable, and the number of preferred shares or other securities or property issuable, upon exercise of the rights are subject to adjustment from time to time to prevent dilution in the event of stock dividends, stock splits, reclassifications, or certain distributions with respect to the preferred shares. The number of outstanding rights and the number of one quarter of one one-hundredths of a preferred share issuable upon exercise of each right are also subject to adjustment if, prior to the distribution date, there is a stock split of our common stock or a stock dividend on our common stock payable in common stock or subdivisions, consolidations or combinations of our common stock.

Table of Contents

With certain exceptions, no adjustment in the purchase price will be required until cumulative adjustments require an adjustment of at least 1% in the purchase price. No fractional preferred shares will be issued (other than fractions which are integral multiples of one quarter of one one-hundredth of a preferred share, which may, at our election, be evidenced by depositary receipts) and, in lieu thereof, an adjustment in cash will be made based on the market price of the preferred shares on the last trading day prior to the date of exercise.

Preferred Shares. Preferred shares purchasable upon exercise of the rights will not be redeemable. Each preferred share will be entitled to a minimum preferential quarterly dividend payment of \$1.00 per share but will be entitled to an aggregate dividend of 400 times the dividend declared per share of common stock. In the event of liquidation, the holders of the preferred shares will be entitled to a minimum preferential liquidation payment of \$100 per share but will be entitled to an aggregate payment of 400 times the payment made per share of common stock. Each preferred share will have 400 votes, voting together with the common stock. Finally, in the event of any merger, consolidation or other transaction in which shares of our common stock are exchanged, each preferred share will be entitled to receive 400 times the amount received per share of common stock. These rights are protected by customary anti-dilution provisions.

The value of the one quarter of one one-hundredth interest in a preferred share purchasable upon exercise of each right should, because of the nature of the preferred shares' dividend, liquidation and voting rights, approximate the value of one share of our common stock.

Exchange. At any time after any person or group acquiring beneficial ownership of 15% or more of our outstanding common stock, and prior to the acquisition by such person or group of beneficial ownership of 50% or more of our outstanding common stock, our board of directors may exchange the rights (other than rights owned by the acquiring person, which will have become void), in whole or in part, at an exchange ratio of one share of our common stock, or one quarter of one one-hundredth of a preferred share (subject to adjustment).

Redemption. At any time prior to any person or group acquiring beneficial ownership of 15% or more of our outstanding common stock, our board of directors may redeem the rights in whole, but not in part, at a price of \$0.001 per right. The redemption of the rights may be made effective at such time on such basis with such conditions as our board of directors in its sole discretion may establish. Immediately upon any redemption of the rights, the right to exercise the rights will terminate and the only right of the holders of rights will be to receive the redemption price.

Amendments. The terms of the rights may be amended by our board of directors without the consent of the holders of the rights, including an amendment to lower certain thresholds described above to not less than the greater of (1) the sum of .001% and the largest percentage of our outstanding common stock then known to us to be beneficially owned by any person or group of affiliated or associated persons and (2) 10%, except that from and after such time as any person or group of affiliated or associated persons acquires beneficial ownership of 15% or more of our outstanding common stock, no such amendment may adversely affect the interests of the holders of the rights.

Rights and Holders. Until a right is exercised, the holder thereof, as such, will have no rights as a stockholder of our company, including, without limitation, the right to vote or to receive dividends.

Anti-takeover Effects. The rights have certain anti-takeover effects. The rights will cause substantial dilution to a person or group that attempts to acquire us on terms not approved by our board of directors, except pursuant to any offer conditioned on a substantial number of rights being acquired. The rights should not interfere with any merger or other business combination approved by our board of

directors since the rights may be redeemed by us at the redemption price prior to the time that a person or group has acquired beneficial ownership of 15% or more of our common stock.

DESCRIPTION OF WARRANTS

The following description of the warrant agreements summarizes certain general terms that will apply to the warrants that we may offer. The description is not complete, and we refer you to the warrant agreements, which will be filed with the SEC promptly after the offering of any warrants and will be available as described under the heading Incorporation of Certain Documents by Reference in this prospectus.

We may issue warrants to purchase debt securities, common stock, preferred stock or other securities. We may issue warrants independently or as part of a unit with other securities. Warrants sold with other securities as a unit may be attached to or separate from the other securities. We will issue warrants under one or more warrant agreements between us and a warrant agent that we will name in the applicable prospectus supplement.

The prospectus supplement relating to any warrants we are offering will include specific terms relating to the offering, including a description of any other securities sold together with the warrants. These terms will include some or all of the following:

the title of the warrants;

the aggregate number of warrants offered;

the price or prices at which the warrants will be issued;

the currency or currencies, including composite currencies, in which the prices of the warrants may be payable;

the designation, number and terms of the debt securities, common stock, preferred stock or other securities or rights, including rights to receive payment in cash or securities based on the value, rate or price of one or more specified commodities, currencies or indices, purchasable upon exercise of the warrants and procedures by which those numbers may be adjusted; the exercise price of the warrants and the currency or currencies, including composite currencies, in which such price is payable;

the dates or periods during which the warrants are exercisable;

the designation and terms of any securities with which the warrants are issued as a unit;

if the warrants are issued as a unit with another security, the date on and after which the warrants and the other security will be separately transferable;

if the exercise price is not payable in U.S. dollars, the foreign currency, currency unit or composite currency in which the exercise price is denominated;

any minimum or maximum amount of warrants that may be exercised at any one time;

any terms relating to the modification of the warrants; and

any other terms of the warrants, including terms, procedures and limitations relating to the transferability, exchange, exercise or redemption of the warrants.

Warrants issued for securities other than our debt securities, common stock or preferred stock will not be exercisable until at least one year from the date of sale of the warrant.

DESCRIPTION OF UNITS

The following descriptions of the units and any applicable underlying security or pledge or depository arrangements summarizes certain general terms that will apply to the applicable agreements. These descriptions do not restate those agreements in their entirety. We urge you to read the applicable agreements because they, and not the summaries, define your rights as holders of the units. We will make copies of the relevant agreements available as described under the heading "Incorporation of Certain Documents by Reference" in this prospectus.

As specified in the applicable prospectus supplement, we may issue units comprised of one or more of the other securities described in this prospectus in any combination. Each unit may also include debt obligations of third parties, such as U.S. Treasury securities. Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The prospectus supplement will describe:

- the designation and terms of the units and of the securities comprising the units, including whether and under what circumstances the securities comprising the units may be held or transferred separately;

- a description of the terms of any unit agreement governing the units;

- a description of the provisions for the payment, settlement, transfer or exchange of the units; and

- whether the units will be issued in fully registered or global form.

Item 15. Indemnification of Directors and Officers.

Section 145 of the Delaware General Corporation Law provides that, among other things, a corporation may indemnify directors and officers as well as other employees and agents of the corporation against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with threatened, pending or completed actions, suits or proceedings, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation, a derivative action), if they acted in good faith and in a manner they reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe their conduct was unlawful. A similar standard is applicable in the case of derivative actions, except that indemnification only extends to expenses (including attorneys' fees) incurred in connection with the defense or settlement of such actions, and the statute requires court approval before there can be any indemnification where the person seeking indemnification has been found liable to the corporation. The statute provides that it is not exclusive of other indemnification that may be granted by a corporation's by-laws, disinterested director vote, stockholder vote, agreement or otherwise.

Article Sixth of the registrant's third amended and restated certificate of incorporation (as amended) and Article IV of the registrant's amended and restated by-laws requires indemnification to the fullest extent permitted by Delaware law. The registrant has also obtained officers' and directors' liability insurance which insures against liabilities that officers and directors of the registrant, in such capacities, may incur. The registrant's third amended and restated certificate of incorporation (as amended) requires the advancement of expenses incurred by officers or directors in relation to any action, suit or proceeding.

Section 102(b)(7) of the Delaware General Corporation Law permits a corporation to provide in its certificate of incorporation that a director of the corporation shall not be personally liable to the corporation or its stockholders for monetary damages for breach of fiduciary duties as a director, except for liability (i) for any transaction from which the director derives an improper personal benefit, (ii) for acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of the Delaware General Corporation Law (certain illegal distributions) or (iv) for any breach of a director's duty of loyalty to the company or its stockholders. Article Sixth of the registrant's third amended and restated certificate of incorporation (as amended) includes such a provision.

In connection with the registrant's existing indemnification procedures and policies and the rights provided for by its third amended and restated certificate of incorporation (as amended) and amended and restated by-laws, the registrant has executed indemnification agreements with its directors and certain senior executive officers.

Pursuant to those agreements, to the fullest extent permitted by the laws of the State of Delaware, the registrant has agreed to indemnify those persons against any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that the indemnified person is or was or has agreed to serve at the request of the registrant as a director, officer, employee or agent of the registrant, or while serving as a director or officer of the registrant, is or was serving or has agreed to serve at the request of the registrant as a director, officer, employee or agent (which, for purposes of the indemnification agreements, includes a trustee, partner, manager or a position of similar capacity) of another corporation, partnership, joint venture, trust, employee benefit plan or other enterprise, or by reason of any action alleged to have been taken or omitted in such capacity. The indemnification provided by these agreements is from and against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the indemnified person or on his or her behalf in connection with the action, suit or proceeding and any appeal therefrom, but shall only be provided if the indemnified person acted in good faith and in a manner the indemnified person reasonably believed to be in or not opposed to the best interests of the registrant, and, with respect to any criminal action, suit or proceeding, had no reasonable cause to believe the indemnified person's conduct was unlawful.

The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post effective amendment to this registration statement:

Table of Contents

- (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933, as amended (the Securities Act);
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission (the Commission) pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and
 - (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;
Provided, however, that paragraphs (1)(i), (1)(ii) and (1)(iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934, as amended (the Exchange Act), that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is a part of the registration statement.
- (2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
 - (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
 - (4) That, for the purpose of determining liability under the Securities Act to any purchaser:
 - (i) Each prospectus filed by a registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
 - (ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the

registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

- (5) That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
 - (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
 - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
- (6) That, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (7) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question of

whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

- (8) To file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act of 1939 in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Trust Indenture Act of 1939.
