**NOTES TO UNAUDITED CONDENSED CONSOLIDATED
FINANCIAL STATEMENTS**

1. Description of Business

L-3 Communications Holdings, Inc. derives all of its operating income and cash flows from its wholly-owned subsidiary, L-3 Communications Corporation (L-3 Communications). L-3 Communications Holdings, Inc. (L-3 Holdings and, together with its subsidiaries, referred to herein as L-3 or the Company) is a prime system contractor in aircraft modernization and maintenance, Command, Control, Communications, Intelligence, Surveillance and Reconnaissance (C³ISR) systems, and government services. L-3 is also a leading provider of high technology products, subsystems and systems. The Company's customers include the U.S. Department of Defense (DoD) and its prime contractors, U.S. Government intelligence agencies, the U.S. Department of Homeland Security (DHS), U.S. Department of State (DoS), U.S. Department of Justice (DoJ), allied foreign governments, domestic and international commercial customers and select other U.S. federal, state and local government agencies.

The Company has the following four reportable segments, comprised of: (1) C³ISR, (2) Government Services, (3) Aircraft Modernization and Maintenance (AM&M), and (4) Specialized Products. Financial information relating to the Company's reportable segments is included in Note 19. C³ISR provides products and services for the global ISR market, networked communications systems and secure communications products. The Company believes that these products and services are critical elements for a substantial number of major command, control, communication, intelligence gathering and space systems. These products and services are used to connect a variety of airborne, space, ground and sea-based communication systems and are used in the transmission, processing, recording, monitoring, and dissemination functions of these communication systems. Government Services provides training and operational support services, enterprise information technology solutions, intelligence solutions and support, command & control systems and software services and global security & engineering solutions services. AM&M provides modernization, upgrades and sustainment, maintenance and logistics support services for military and various government aircraft and other platforms. Specialized Products provides a broad range of products, including components, products, subsystems, systems, and related services to military and commercial customers in several niche markets across several business areas, including power & control systems, electro-optic/infrared (EO/IR), microwave, avionics & displays, simulation & training, precision engagement, security & detection, propulsion systems, telemetry & advanced technology, undersea warfare and marine services.

2. Basis of Presentation

These unaudited condensed consolidated financial statements for the quarterly period ended March 27, 2009 should be read in conjunction with the audited consolidated financial statements of L-3 Holdings and L-3 Communications included in their Annual Report on Form 10-K for the fiscal year ended December 31, 2008.

The Company adopted six new accounting standards during the quarter ended March 27, 2009. In accordance with the transition and disclosure provisions of three of these standards, the Company retrospectively applied those provisions and adjusted the prior period financial statements accordingly. See Note 3 for the standards adopted and their impact to the Company's financial position and results of operations.

The accompanying financial statements comprise the consolidated financial statements of L-3 Holdings and L-3 Communications. L-3 Holdings' only asset is its investment in the common stock of L-3 Communications, its

wholly-owned subsidiary, and its only obligations are: (1) the 3% Convertible Contingent Debt Securities (CODES) due 2035, which were issued by L-3 Holdings on July 29, 2005, (2) its guarantee of borrowings under the senior credit facility of L-3 Communications and (3) its guarantee of other contractual obligations of L-3 Communications and its subsidiaries. L-3 Holdings' obligations relating to the CODES have been jointly, severally, fully and unconditionally guaranteed by L-3 Communications and certain of its wholly-owned domestic subsidiaries. Accordingly, such debt has been reflected as debt of L-3 Communications in its consolidated financial statements in accordance with the U.S. Securities and Exchange Commission's (SEC) Staff Accounting Bulletin (SAB) No. 54.

**NOTES TO UNAUDITED CONDENSED CONSOLIDATED
FINANCIAL STATEMENTS (Continued)**

All issuances of and conversions into L-3 Holdings equity securities, including grants of stock options, restricted stock, restricted stock units and performance units by L-3 Holdings to employees and directors of L-3 Communications and its subsidiaries, have been reflected in the consolidated financial statements of L-3 Communications. As a result, the consolidated financial positions, results of operations and cash flows of L-3 Holdings and L-3 Communications are substantially the same. See Note 21 for additional information regarding the unaudited financial information of L-3 Communications and its subsidiaries.

The unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) for interim financial information and in accordance with the instructions to Form 10-Q and Article 10 of Regulation S-X of the SEC. Accordingly, they do not include all of the disclosures required by U.S. GAAP for a complete set of annual audited financial statements. In the opinion of management, all adjustments (consisting of normal and recurring adjustments) considered necessary for a fair presentation of the results for the interim periods presented have been included. The results of operations for the interim periods are not necessarily indicative of results for the full year. Certain reclassifications have been made to conform prior year amounts to the current year presentation. It is the Company's established practice to close its books for the quarters ending March, June and September on the Friday nearest to the end of the calendar quarter. The interim unaudited condensed consolidated financial statements included herein have been prepared and are labeled based on that convention. The Company closes its annual books on December 31 regardless of what day it falls on.

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of sales and costs of sales during the reporting period. The most significant of these estimates and assumptions relate to contract revenue, profit and loss recognition, fair values of assets acquired and liabilities assumed in business combinations, market values for inventories reported at lower of cost or market, pension and post-retirement benefit obligations, stock-based employee compensation expense, income taxes, including the valuations of deferred tax assets, litigation reserves and environmental obligations, accrued product warranty costs, and the recoverability, useful lives and valuation of recorded amounts of long-lived assets, identifiable intangible assets and goodwill. Changes in estimates are reflected in the periods during which they become known. Actual amounts will differ from these estimates and could differ materially. For a more complete discussion of these estimates and assumptions, see the Annual Report of L-3 Holdings and L-3 Communications on Form 10-K for the fiscal year ended December 31, 2008.

During the quarter ended March 27, 2009, the Company revised its reportable segment presentations to conform to certain re-alignments in the Company's management and organization structure. Consequently, the Company made certain reclassifications between its C³ISR, Government Services, and AM&M reportable segments. See Note 19 for the prior period amounts reclassified between reportable segments.

3. New Accounting Standards Implemented

Effective January 1, 2009, the Company adopted the following six new accounting standards:

Edgar Filing: L 3 COMMUNICATIONS CORP - Form 10-Q

Financial Accounting Standards Board (FASB) Staff Position (FSP) Accounting Pronouncement Bulletin 14-1, *Accounting for Convertible Debt Instruments That May Be Settled in Cash upon Conversion (Including Partial Cash Settlement)* (FSP APB 14-1);

FSP Emerging Issues Task Force 03-6-1, *Determining Whether Instruments Granted in Share-Based Payment Transactions Are Participating Securities* (FSP EITF 03-6-1);

FASB Statement No. 160, *Noncontrolling Interests in Consolidated Financial Statements* (SFAS 160);

Table of Contents

**L-3 COMMUNICATIONS HOLDINGS, INC.
AND L-3 COMMUNICATIONS CORPORATION**

**NOTES TO UNAUDITED CONDENSED CONSOLIDATED
FINANCIAL STATEMENTS (Continued)**

FASB Statement No. 161, *Disclosures about Derivative Instruments and Hedging Activities* (SFAS 161);

FASB Statement No. 141(R), *Business Combinations*, as amended by FSP Financial Accounting Standard (FAS) 141(R)-1, *Accounting for Assets Acquired and Liabilities Assumed in a Business Combination That Arise from Contingencies* (SFAS 141(R)); and

FSP FAS 157-2, *Effective Date of FASB Statement No. 157* (FSP FAS 157-2).

FSP APB 14-1: In accordance with FSP APB 14-1, the Company is separately accounting for the liability and equity (conversion option) components of the CODES in a manner that reflects the Company's non-convertible debt borrowing rate when interest expense is recognized. Previously, the CODES were recorded at maturity value. FSP APB 14-1 does not apply to the Company's other outstanding debt instruments because they are not convertible debt instruments within the scope of FSP APB 14-1. The Company has retrospectively applied the provisions of this standard and adjusted the prior period financial statements accordingly. For the quarter ended March 27, 2009, the adoption of FSP APB 14-1 increased interest expense by \$5 million, decreased the provision for income taxes by \$2 million, decreased net income attributable to L-3 Holdings by \$3 million, and decreased L-3 Holdings' basic earnings per common share (basic EPS) by \$0.03 and L-3 Holdings' diluted earnings per common share (diluted EPS) by \$0.02.

FSP EITF 03-6-1: In accordance with FSP EITF 03-6-1, the Company is including the impact of restricted stock and restricted stock units that are entitled to receive non-forfeitable dividends (Participating Securities) when calculating both basic EPS and diluted EPS. The Company has retrospectively applied the provisions of this standard and adjusted the prior period financial statements accordingly. For the quarter ended March 27, 2009, the adoption of FSP EITF 03-6-1 decreased basic EPS by \$0.02 and diluted EPS by \$0.01.

SFAS 160: The Company retrospectively applied the presentation requirements of SFAS 160 by: (1) reclassifying noncontrolling interests (minority interests) to equity on the Company's balance sheets, and (2) including net income attributable to noncontrolling interests in net income on the Company's statements of operations.

SFAS 161: The enhanced disclosures for derivative instruments and related hedging activities required in accordance with SFAS 161 can be found in Note 15.

SFAS 141(R): The Company adopted the provisions of SFAS 141(R) to its acquisition of Chesapeake Sciences Corporation (CSC), which was completed on January 30, 2009. See Note 4 for additional information regarding the CSC acquisition. There were no other business acquisitions completed during the quarter ended March 27, 2009. In accordance with SFAS 141(R) the Company is: (1) expensing transaction and restructuring costs, (2) recognizing and measuring contingent consideration at fair value, (3) measuring contingent assets and liabilities at fair value, or in accordance with FAS 5 *Accounting for Contingencies*, as appropriate, and (4) capitalizing in-process research and development. In addition, the Company did not resolve any uncertain tax positions related to acquisitions completed prior to January 1, 2009, which would have been recorded through earnings if the amount of the resolution were different than recorded amounts. Previously, the difference between the resolution and recorded amounts related to

uncertain tax positions would have been recorded through goodwill. The adoption of SFAS 141(R) did not have a material impact on the Company's financial position, results of operations and cash flows for the quarter ended March 27, 2009.

FSP FAS 157-2: The Company adopted the provisions of SFAS No. 157, *Fair Value Measurements*, for non-financial assets and non-financial liabilities not recognized or disclosed at fair value in the financial statements on a recurring basis. FSP FAS 157-2 previously delayed the effective date of applying the provisions of SFAS 157 to all non-financial assets and non-financial liabilities not recognized or disclosed at fair value on a recurring basis until January 1, 2009. The adoption had no impact on the Company's financial position, results of operations and cash flows as the Company did not have any non-financial assets and non-financial liabilities that were recognized or disclosed at fair value on a non-recurring basis at March 27, 2009.

4. Acquisitions and Dispositions

All of the business acquisitions are included in the Company's results of operations from their respective dates of acquisition.

2009 Business Acquisitions

On January 30, 2009, the Company acquired all of the outstanding stock of Chesapeake Sciences Corporation for a preliminary purchase price of \$92 million, consisting of: (1) \$87 million in cash, including a \$7 million estimated net working capital adjustment, of which \$6 million was for cash acquired, and (2) a purchase price payable of \$5 million related to certain tax benefits acquired. CSC is a developer and manufacturer of anti-submarine warfare systems for use onboard submarines and surface ship combatants. The purchase price is subject to adjustment based on actual closing date net working capital, which has not been finalized. Additional consideration, if any, will be accounted for as goodwill. Based on the preliminary purchase price allocation, the amount of goodwill recognized was \$58 million, which was assigned to the Specialized Products reportable segment, and is not expected to be deductible for income tax purposes. The final purchase price allocation is expected to be completed by the fourth quarter of 2009, and will be based on the final purchase price and final appraisals and other analyses of fair values for acquired assets and assumed liabilities. The Company does not expect any of the differences between the preliminary and final purchase price allocations to have a material impact on its results of operations and financial position. The acquisition was financed with cash on hand.

2008 Business Acquisitions

During the quarter ended March 27, 2009, the Company completed the final purchase price allocation for G.A. International Electronics and subsidiaries (GAI), except for the finalization of the contractual purchase price, which is subject to additional consideration not to exceed \$1 million that is contingent upon GAI's post-acquisition financial performance through July 25, 2011. The final purchase price allocation for GAI compared to the preliminary purchase price allocation did not have a material impact on the Company's results of operation or financial position. Additional consideration, if any, will be accounted for as goodwill. The purchase price allocation for International Resources Group Ltd. (IRG) is expected to be completed during the second quarter of 2009, and will be based on the final purchase price, final appraisals and other analyses of fair values for acquired assets and assumed liabilities. The purchase price for IRG is subject to adjustment based on actual closing date net assets, which has not yet been finalized. Additional consideration, if any, will be accounted for as goodwill. The Company does not expect the difference, if any, between the preliminary and final purchase price allocation for IRG to have a material impact on its results of operations or financial position.

Unaudited Pro Forma Statements of Operations Data

The following unaudited pro forma Statements of Operations data presents the combined results of the Company and its business acquisitions completed during the quarter ended March 27, 2009 and the year ended December 31, 2008, in each case assuming that the business acquisitions completed during these periods had occurred on January 1, 2008.

2008 Business and Product Line Dispositions

On October 8, 2008, the Company divested its 85% ownership interest in Medical Education Technologies, Inc. (METI), which was within the Specialized Products reportable segment. The sale resulted in a fourth quarter 2008 after-tax gain of \$20 million (pre-tax gain of \$33 million). The gain was excluded from income from continuing operations for the 2008 fourth quarter in accordance with SFAS No. 144, *Accounting for Impairment or Disposal of Long-Lived Assets*. The revenues, operating results and net assets of METI for all periods presented were not material and, therefore, are not presented as discontinued operations. The sales price and related gain are subject to adjustment based on closing date net working capital. METI generated \$13 million of sales and \$1 million of operating income for the quarter ended March 28, 2008, and \$48 million of sales and \$4 million of operating income for the year ended December 31, 2008.

On May 9, 2008, the Company sold the Electron Technologies Passive Microwave Devices (PMD) product line, which was within the Specialized Products reportable segment. The sale resulted in a second quarter 2008 after-tax gain of approximately \$7 million (pre-tax gain of \$12 million). The PMD product line generated \$4 million of sales for the quarter ended March 28, 2008, and \$8 million of sales for the year ended December 31, 2008.

5. Contracts in Process

Inventoried Contract Costs. In accordance with the American Institute of Certified Public Accountants Statement of Position 81-1, *Accounting for Performance of Construction-Type and Certain Production-Type Contracts* (SOP 81-1) and the AICPA Audit and Accounting Guide, *Audits of Federal Government Contractors*, the Company accounts for the portion of its general and administrative (G&A) costs, independent research and development (IRAD) costs and bid and proposal (B&P) costs that are allowable and reimbursable indirect contract costs under U.S. Government procurement regulations on its U.S. Government contracts (revenue arrangements) as inventoried contract costs. G&A, IRAD and B&P costs are allocated to contracts for which the U.S. Government is the end customer and are charged to costs of sales when sales on the related contracts are recognized. The Company's unallowable portion of its G&A, IRAD and B&P costs for its U.S. Government contractor businesses are expensed as incurred and are not included in inventoried contract costs.

7. Goodwill and Identifiable Intangible Assets

Goodwill. In accordance with SFAS No. 141(R), adopted on January 1, 2009, the Company allocates the cost of business acquisitions to the assets acquired and liabilities assumed based on their fair values at the date of acquisition (commonly referred to as the purchase price allocation). The table below presents the changes in goodwill allocated to the Company's reportable segments.

	C ³ ISR	Government Services	AM&M (in millions)	Specialized Products	Consolidated Total
Balance at December 31, 2008 ⁽¹⁾	\$ 862	\$ 2,313	\$ 1,121	\$ 3,733	\$ 8,029

Balance at March 27, 2009	\$ 862	\$ 2,313	\$ 1,120	\$ 3,781	\$ 8,076

⁽¹⁾ As a result of certain re-alignments in the Company's management and organization structure as discussed in Note 2, \$17 million of goodwill was reclassified from the C³ISR reportable segment to the Government Services reportable segment, and \$17 million of goodwill was reclassified from the C³ISR reportable segment to the AM&M reportable segment.

⁽²⁾ The decrease in goodwill from foreign currency translation adjustments is due to the continued strengthening of the U.S. dollar during the first quarter of 2009 against the functional currencies of L-3's foreign subsidiaries, primarily in Canada, Germany and the United Kingdom.

Identifiable Intangible Assets. Information on the Company's identifiable intangible assets that are subject to amortization is presented in the table below.

- (3) Under select conditions, including if L-3 Holdings' common stock price is more than 120% (currently \$121.36) of the then current conversion price (currently \$101.13) for a specified period, the conversion feature of the CODES will require L-3 Holdings, upon conversion, to pay the \$700 million principal amount in cash, and if the settlement amount exceeds the principal amount, the excess will be settled in cash or stock or a combination thereof, at the Company's option. At the current conversion price, the aggregate consideration to be delivered upon conversion would be determined based on 6.9 million shares of L-3 Holdings' common stock. See Note 10 to the audited consolidated financial statements for the year ended December 31, 2008, included in the Company's Annual Report on Form 10-K for additional information regarding the CODES, including conditions for conversion. The carrying amount of the conversion option of the CODES is \$64 million and is recorded as a component of equity for all periods presented. The net carrying amount of the CODES after its unamortized discount was \$660 million at March 27, 2009 and \$655 million at December 31, 2008. The effective interest rate on the CODES is 6.33%. Interest expense recognized for each of the quarters ended March 27, 2009 and March 28, 2008 was \$10 million. L-3 Holdings' stock price on April 30, 2009 was \$76.15 per share.
- (4) The unamortized discount for the CODES was \$40 million at March 27, 2009 and \$45 million at December 31, 2008, which is being amortized through February 1, 2011.

10. Comprehensive Income

A reconciliation of net income to comprehensive income attributable to L-3 Holdings is presented in the table below.

- (1) Amount is net of income tax expense of \$1 million for the quarterly period ended March 28, 2008.
- (2) Amounts are net of income tax expense of \$5 million and \$1 million for the quarterly periods ended March 27, 2009 and March 28, 2008, respectively. See Note 17.

11. Income Taxes

The U.S. Federal income tax jurisdiction is the Company's major tax jurisdiction. The statute of limitations for the Company's U.S. Federal income tax returns for the years ended December 31, 2004 through 2007 is open as of March 27, 2009. The Company expects the statute of limitations on the 2004 and 2005 years to close in the third quarter of 2009. The Internal Revenue Service (IRS) began its audit of the Company's 2006 and 2007 U.S. Federal income tax returns in April 2009. In addition, the Company has numerous state and foreign income tax audits currently in process. As of March 27, 2009, the Company anticipates that unrecognized tax benefits will decrease by approximately \$31 million over the next 12 months.

Current and non-current income taxes payable include potential interest of \$19 million (\$12 million after income taxes) at March 27, 2009 and \$18 million (\$11 million after income taxes) at December 31, 2008, and potential penalties of \$7 million at March 27, 2009 and December 31, 2008.

12. L-3 Holdings Earnings Per Common Share

A reconciliation of basic EPS and diluted EPS is presented in the table below.

	First Quarter Ended	
	March 27, 2009	March 28, 2008
	(in millions, except per share data)	
Basic:		
Net income allocable to L-3 Holdings common shareholders	\$ 197	\$ 188
Weighted average common shares outstanding	118.4	122.6
Basic EPS	\$ 1.66	\$ 1.53
Diluted:		
Net income allocable to L-3 Holdings common shareholders	\$ 197	\$ 188
Common and potential common shares:		
Weighted average common shares outstanding	118.4	122.6
Assumed exercise of stock options	3.5	4.5
Employee stock purchase plan contributions	0.6	0.4
Unvested restricted stock awards	0.1	
Assumed purchase of common shares for treasury	(3.8)	(3.7)
Assumed conversion of the CODES	(1)	0.3
Common and potential common shares	118.8	124.1
Diluted EPS	\$ 1.66	\$ 1.51

(1) L-3 Holdings CODES had no impact on diluted EPS for the quarter ended March 27, 2009, because the average market price of L-3 Holdings common stock during this period was less than the price at which the CODES would have been convertible into L-3 Holdings common stock. As of March 27, 2009, the current conversion price was \$101.13.

Excluded from the computations of diluted EPS are stock options, restricted stock, and restricted stock units underlying employee stock-based compensation of 2.8 million for the quarter ended March 27, 2009, and 1.6 million

for the quarter ended March 28, 2008, because they were anti-dilutive.

13. Equity

Repurchases of L-3 Holdings' common stock under the \$1 billion share repurchase program, approved by the Board of Directors in November 2008, are made from time to time at management's discretion in accordance with applicable U.S. federal securities laws. All share repurchases of L-3 Holdings' common stock have been recorded as treasury shares. At March 27, 2009, the remaining dollar value of the authorized share repurchase program was \$700 million.

From March 28, 2009 through May 4, 2009, L-3 repurchased 40,800 shares of L-3 Holdings' common stock at an average price of \$73.33 per share for an aggregate amount of \$3 million.

On April 28, 2009, L-3 Holdings' Board of Directors declared a quarterly cash dividend of \$0.35 per share, payable on June 15, 2009 to shareholders of record at the close of business on May 18, 2009.

14. Fair Value Measurements

The following table presents the fair value hierarchy level for each of the Company's assets and liabilities that are measured and recorded at fair value on a recurring basis.

Description	March 27, 2009			December 31, 2008

Total Assets	\$ 493	\$ 19	\$	\$ 794	\$ 22	\$
Liabilities						
Derivative instruments	\$	\$ 17	\$	\$	\$ 21	\$

- (a) Level 1 is based on quoted market prices available in active markets for identical assets or liabilities as of the reporting date.
- (b) Level 2 is based on pricing inputs other than quoted prices in active markets, which are either directly or indirectly observable. The fair value is determined using a valuation model based on observable market inputs, including quoted foreign currency forward exchange rates and consideration of non-performance risk.
- (c) Level 3 is based on pricing inputs that are not observable and not corroborated by market data. The Company has no Level 3 assets or liabilities.

15. Derivative Financial Instruments

The Company's derivative instruments include foreign currency forward contracts, which are entered into for risk management purposes, and an embedded derivative representing the contingent interest payment provision related to the CODES.

Foreign Currency Forward Contracts. The Company's U.S. and foreign businesses enter into contracts with customers, subcontractors or vendors that are denominated in currencies other than their functional currencies. To protect the functional currency equivalent cash flows associated with these contracts, the Company enters into foreign currency forward contracts. The Company's activities involving foreign currency forward contracts are designed to hedge the changes in the functional currency equivalent cash flows due to movements in foreign exchange rates

compared to the functional currency. The foreign currencies hedged are primarily the Canadian dollar, Euro, British Pound and U.S. dollar. The Company manages exposure to counterparty credit risk by entering into foreign currency forward contracts only with major financial institutions that are expected to fully perform under the terms of such contracts.

Foreign currency forward contracts are recorded in the Company's Consolidated Balance Sheets at fair value and are generally designated and accounted for as cash flow hedges in accordance with Statement of Financial Accounting Standards No. 133, *Accounting for Derivative Instruments and Hedging Activities* (SFAS 133). Gains and losses on designated foreign currency forward contracts that are considered highly effective in offsetting the corresponding change in the cash flows of the hedged transaction are recorded net of income taxes in accumulated other comprehensive loss (accumulated OCI) and then recognized in earnings when the underlying hedged transaction affects earnings. The estimated net amount of existing losses at March 27, 2009 that are expected to be reclassified into earnings within the next 12 months is \$4 million. Gains and losses on foreign currency forward contracts that do not meet the SFAS 133 hedge accounting criteria are recognized in earnings immediately.

16. Commitments and Contingencies

U.S. and Foreign Government Procurement Regulations

A substantial majority of the Company's revenues are generated from providing products and services under legally binding agreements, or contracts, with U.S. Government and foreign government customers. U.S. Government contracts are subject to extensive legal and regulatory requirements, and, from time to time, agencies of the U.S. Government investigate whether such contracts were and are being conducted in accordance with these requirements. The Company is currently cooperating with the U.S. Government on several investigations from which civil, criminal or administrative proceedings could result and give rise to fines, penalties, compensatory and treble damages, restitution and/or forfeitures. The Company does not currently anticipate that any of these investigations will have a material adverse effect on its consolidated financial position, results of operations or cash flows. However, under U.S. Government regulations, an indictment of the Company by a federal grand jury could result in the Company being suspended for a period of time from eligibility for awards of new government contracts or in a loss of export privileges. A conviction could result in debarment from contracting with the federal government for a specified term. In addition, all of the Company's U.S. Government contracts: (1) are subject to audit and various pricing and cost controls, (2) include standard provisions for termination for the convenience of the U.S. Government or for default, and (3) are subject to cancellation if funds for contracts become unavailable. Foreign government contracts generally include comparable provisions relating to terminations for convenience and default, as well as other procurement clauses relevant to the foreign government.

Litigation Matters

The Company has been subject to and is involved in litigation, government investigations, proceedings, claims or assessments and various contingent liabilities incidental to its businesses, including those specified below. Furthermore, in connection with certain business acquisitions, the Company has assumed some or all claims against, and liabilities of, the acquired business, including both asserted and unasserted claims and liabilities. In accordance with SFAS No. 5, *Accounting for Contingencies*, the Company records a liability when management believes that it is both probable that a liability has been incurred and the Company can reasonably estimate the amount of the loss. Generally, the loss is recorded at the amount the Company expects to resolve the liability. The estimated amounts of liabilities recorded for pending and threatened litigation is disclosed in Note 8. Amounts recoverable from insurance contracts or third parties are recorded as assets when deemed probable. At March 27, 2009, the Company did not record any amounts for recoveries from insurance contracts or third parties in connection with the amount of liabilities recorded for pending and threatened litigation. The Company believes it has recorded adequate provisions for its litigation matters. The Company reviews these provisions quarterly and adjusts these provisions to reflect the impact of negotiations, settlements, rulings, advice of legal counsel and other information and events pertaining to a particular matter. An estimate of loss or range of loss is disclosed for a particular litigation matter when such amount or amounts can be reasonably estimated and no loss has been accrued. The Company believes that any damage amounts claimed in the specific matters discussed below are not meaningful indicators of potential liability. Although the Company believes that it has valid defenses with respect to legal matters and investigations pending against it, litigation is inherently unpredictable. Therefore, it is possible that the financial position, results of operations or cash flows of the Company could be materially adversely affected in any particular period by the unfavorable resolution of one or more

of these contingencies.

Kalitta Air. L-3 Integrated Systems and its predecessors have been involved in litigation with Kalitta Air arising from a contract to convert Boeing 747 aircraft from passenger configuration to cargo freighters. The lawsuit was brought in the United States District Court for the Northern District of California on January 31, 1997. The aircraft were modified using Supplemental Type Certificates (STCs) issued in 1988 by the Federal Aviation Administration (FAA) to Hayes International, Inc. (Hayes/Pemco) as a subcontractor to GATX/Airlog Company (GATX). Between 1988 and 1990, Hayes/Pemco modified five aircraft as a subcontractor to GATX using the STCs. Between 1990 and

1994, Chrysler Technologies Airborne Systems, Inc. (CTAS), a predecessor to L-3 Integrated Systems, performed as a subcontractor to GATX and modified an additional five aircraft using the STCs. Two of the aircraft modified by CTAS were owned by American International Airways, the predecessor to Kalitta Air. In 1996, the FAA determined that the engineering data provided by Hayes/Pemco supporting the STCs was inadequate and issued an Airworthiness Directive that effectively grounded the ten modified aircraft. The Kalitta Air aircraft have not been in revenue service since that date. The matter was tried in January 2001 against GATX and CTAS with the jury finding fault on the part of GATX, but rendering a unanimous defense verdict in favor of CTAS. Certain co-defendants had settled prior to trial. The U.S. Court of Appeals for the Ninth Circuit subsequently reversed and remanded the trial court's summary judgment rulings in favor of CTAS regarding a negligence claim by Kalitta Air, which asserts that CTAS as an expert in aircraft modification should have known that the STCs were deficient. The retrial began on January 18, 2005, and ended on March 2, 2005 with a deadlocked jury and mistrial. At the retrial, Kalitta Air claimed damages of \$235 million plus interest. By order dated July 22, 2005, the trial court granted the Company's motion for judgment as a matter of law as to negligence dismissing that claim, denied the Company's motion for judgment as a matter of law as to negligent misrepresentation, and certified the decision for interlocutory appeal to the U.S. Court of Appeals for the Ninth Circuit. On October 8, 2008, the Ninth Circuit reversed the trial court's dismissal of the negligence claim and affirmed the trial court's ruling as to the negligent misrepresentation claim. The case has been remanded to the trial court to reconsider the negligence claim and for further proceedings on the negligent misrepresentation claim. A court-ordered mediation held on March 18, 2009 was unsuccessful. A hearing on the Company's motion to dismiss the negligence claim was held on April 30, 2009, and the parties are awaiting the trial court's decision. CTAS' insurance carrier has accepted defense of the matter and has retained counsel, subject to a reservation of rights by the insurer to dispute its obligations under the applicable insurance policies in the event of an adverse finding.

Korean Lot II Program. On April 4, 2005, Lockheed Martin Corporation (Lockheed) filed a lawsuit in the Federal District Court for the Northern District of Georgia alleging misappropriation of proprietary information and breach of a license agreement. The complaint alleges that L-3 Integrated Systems (L-3 IS) is in breach of its license agreement with Lockheed and is infringing on Lockheed's intellectual property rights as a result of its performance of a subcontract awarded to L-3 IS for the Korean Lot II program. The complaint seeks unspecified monetary damages, including punitive damages and attorneys' fees, and an injunction enjoining L-3 from use or disclosure of the intellectual property at issue in the lawsuit. At a court hearing held in March of 2009, Lockheed claimed that at trial it will seek disgorgement of the monies paid or payable to L-3 IS under its subcontract for the Korean Lot II program (which Lockheed claims to be approximately \$315 million) or, under an alternative theory of damages, royalties of approximately \$20 million. The case is scheduled to go to trial in May 2009.

SafeView Arbitration. The Company is currently subject to an American Arbitration Association proceeding initiated by Paladin Homeland Security Fund on behalf of all former stockholders of SafeView, Inc. The claimants are alleging violations of federal securities laws, fraud, negligent misrepresentation, breach of contract and unjust enrichment in connection with L-3's acquisition of SafeView, and in particular the earnout provisions of the acquisition agreement providing for certain payments contingent upon SafeView's financial performance during the three year period ended December 31, 2008. The claimants are seeking damages of approximately \$35 million (the maximum amount payable under the earnout provisions), unspecified punitive damages and attorneys' and arbitration fees. A decision is expected to be rendered in the second quarter of 2009.

Aircrew Training and Rehearsal Support (ATARS) Investigation. Following a lawsuit filed by Lockheed on April 6, 2006 in the U.S. District Court for the Middle District of Florida against the Company and certain individuals related to the ATARS II Program (which was settled in November 2007), the Company received Grand Jury subpoenas in connection with an investigation being conducted by the United States Attorney for the Middle District of Florida, Orlando Division. The subpoenas request the production of documents related to Lockheed's allegations or produced in the civil litigation settled in November 2007 as discussed above. The Company is cooperating fully with the U.S. Government.

Titan Government Investigation. In October 2002, Titan received a grand jury subpoena from the Antitrust Division of the DoJ requesting the production of documents relating to information technology services performed for the U.S. Air Force at Hanscom Air Force Base in Massachusetts and Wright-Patterson Air Force Base in Ohio. Titan was informed that other companies who have performed similar services have received subpoenas as well. The Company acquired Titan in July 2005. On September 20, 2006, counsel for the Company was informed by the New York Field Office of the DoJ's Criminal Antitrust Division that it is considering indictment. Additionally, a former Titan employee received a letter from the DoJ indicating that he is a target of the investigation. If the Field Office recommends indictment then, under normal DoJ procedures, Titan (now known as L-3 Services) will be afforded an opportunity to make a presentation to the Criminal Antitrust Division in Washington, D.C. before the DoJ acts on the recommendation. It is not known whether an indictment of L-3 Services or any of its employees will occur. If it does occur, it is possible that L-3 Services could be suspended or debarred from conducting business with the U.S. Government. In December 2008, the DoJ indicated its interest in conducting additional employee interviews concerning a teaming agreement relating to the Wright Patterson Air Force Base procurement. The Company is cooperating fully with the DoJ.

SEC Inquiry. In March 2007, the Company was contacted by the U.S. Securities and Exchange Commission, Enforcement Division, requesting that the Company provide certain information relating to its previously disclosed review of its historical stock option granting practices. The Company voluntarily provided the requested information and has cooperated fully with the SEC.

CyTerra Government Investigation. Since November 2006, CyTerra has been served with civil and Grand Jury subpoenas by the DoD Office of the Inspector General and the DoJ. The Company is cooperating fully with the Government. The Company believes that it is entitled to indemnification for any course of defense related to this matter and has made a claim against the escrow under the purchase agreement by which the Company acquired CyTerra in March 2006.

Bashkirian Airways. On July 1, 2004, lawsuits were filed on behalf of the estates of 31 Russian children in the state courts of Washington, Arizona, California, Florida, New York and New Jersey against Honeywell, Honeywell TCAS, Thales USA, Thales France, the Company and Aviation Communications & Surveillance Systems (ACSS), which is a joint venture of L-3 and Thales. The suits relate to the crash over southern Germany of Bashkirian Airways Tupelov TU 154M aircraft and a DHL Boeing 757 cargo aircraft. On-board the Tupelov aircraft were 9 crew members and 60 passengers, including 45 children. The Boeing aircraft carried a crew of two. Both aircraft were equipped with Honeywell/ACSS Model 2000, Change 7 Traffic Collision and Avoidance Systems (TCAS). Sensing the other aircraft, the on-board DHL TCAS instructed the DHL pilot to descend, and the Tupelov on-board TCAS instructed the Tupelov pilot to climb. However, the Swiss air traffic controller ordered the Tupelov pilot to descend. The Tupelov pilot disregarded the on-board TCAS and put the Tupelov aircraft into a descent striking the DHL aircraft in midair at approximately 35,000 feet. All crew and passengers of both planes were lost. Investigations by the National Transportation Safety Board after the crash revealed that both TCAS units were performing as designed. The suits allege negligence and strict product liability based upon the design of the units and the training provided to resolve conflicting commands and seek approximately \$315 million in damages, including \$150 million in punitive damages. The Company's insurers have accepted defense of the matter and retained counsel, subject to a reservation of rights by the insurers to dispute their obligations under the applicable insurance policies in the event of an adverse finding. The

matters were consolidated in the Federal Court in New Jersey, which has dismissed the actions on the basis of forum non conveniens. The plaintiffs re-filed a complaint on April 23, 2007 with the Barcelona Court's Registry in Spain. The trial for this matter began in January 2009 and is ongoing.

Gol Airlines. The Company was served with complaints filed in the U.S. District Court for the Eastern District of New York against ExcelAire, Joseph Lepore, Jan Paul Paladino, Honeywell, Lockheed, Raytheon, and Amazon Technologies and ACSS. The complaints relate to the September 29, 2006 airplane crash over Brazil of a Boeing 737-800 operated by GOL Linhas Aereas Inteligentes, S.A. and an Embraer 600 business jet operated by ExcelAire. The complaints allege that ACSS designed the Traffic Collision and Avoidance System (TCAS) on the ExcelAire

jet, and assert claims of negligence, strict products liability and breach of warranty against ACSS based on the design of the TCAS and the instructions provided for its use. The complaints seek unspecified monetary damages, including punitive damages. The Company's insurers have accepted defense of this matter and have retained counsel, subject to a reservation of rights by the insurers to dispute their obligations under the applicable insurance policies in the event of an adverse finding. On July 3, 2008, the District Court dismissed the actions on the basis of forum non conveniens on the grounds that Brazil was the location of the accident and is more convenient for witnesses and document availability. On August 1, 2008, the plaintiffs filed an appeal of this ruling with the U.S. Court of Appeals for the Second Circuit.

Pilatus PC-12 Aircraft. On July 6, 2007, the Company was served with an amended complaint filed in the U.S. District Court for the Eastern District of Pennsylvania against Pilatus Aircraft, Ltd., Pilatus Flugzeugwerke Aktiengesellschaft, Rosemont Aerospace, Inc., Revue Thommen AC, EMCA, Goodrich Corp., Goodrich Avionics Systems, Inc. (the predecessor to L-3 Avionics) and the Company. The amended complaint relates to the March 26, 2005 crash of a Pilatus PC-12 aircraft near Belafonte, Pennsylvania in which all six on board were lost. The amended complaint alleges that L-3 Avionics (and/or its predecessor company, Goodrich Avionics) designed, manufactured, tested, marketed, and sold the stick shaker/pusher servo actuator on the Pilatus PC-12, and asserts claims against L-3 Avionics and the Company based on negligence, breach of warranty, and strict liability. The amended complaint seeks unspecified monetary damages, including punitive damages. The Company's insurers have accepted defense of the matter and have retained counsel, subject to a reservation of rights by the insurers to dispute their obligations under the applicable insurance policies in the event of an adverse finding.

T-39 Sabreliner Aircraft. On January 16, 2008, the Company was served with three wrongful death lawsuits filed in the U.S. District Court for the Southern District of New York arising from the crash of a T-39 Sabreliner Aircraft near Rome, GA on January 10, 2006. The Plaintiffs allege that L-3 Vertex employed the pilot in command, David Roark, and maintained the aircraft, and are seeking unspecified monetary damages. The cases have been consolidated and transferred to the U.S. District Court for the Northern District of Florida. The Company's insurers have accepted defense of the matter and have retained counsel, subject to a reservation of rights by the insurers to dispute their obligations under the applicable insurance policies in the event of an adverse finding.

Blackhawk Helicopter. On August 7, 2008, a lawsuit was filed in the U.S. District Court for the Southern District of Texas relating to the August 22, 2007 crash of a U.S. Army Blackhawk helicopter near Kirkuk, Iraq. The complaint, which was brought on behalf of 14 passengers who were killed in the crash, alleges that the crash was the result of L-3 Vertex's negligence in connection with a phased maintenance inspection performed approximately one week before the crash, and seeks unspecified monetary damages, including punitive damages. The Company's insurers have accepted defense of this matter and have retained counsel, subject to a reservation of rights by the insurers to dispute their obligations under the applicable insurance policies in the event of an adverse finding.

20. Accounting Standards Issued and Not Yet Implemented

In December 2008, the FASB issued FSP FAS 132(R)-1, *Employers' Disclosures about Pensions and Other Postretirement Benefit* (FSP FAS 132(R)-1). FSP FAS 132(R)-1 expands the disclosures of an employer's defined benefit pension or other postretirement plan assets, amending SFAS No. 132(R), *Employers' Disclosures about Pensions and Other Postretirement Benefits*. FSP FAS 132(R)-1 is effective for the Company beginning December 31, 2009. The adoption of FSP FAS 132(R)-1 will not have a material effect on the Company's financial position, results of operations and cash flows, but will enhance the Company's pension and other postretirement benefit plan assets disclosures.

In April 2009, the FASB issued FSP FAS 107-1 and APB 28-1, *Interim Disclosures about Fair Value of Financial Instruments* (FSP FAS 107-1). FSP FAS 107-1 requires: (1) the current annual disclosures about fair value of an entity's financial instruments for interim financial statements, and (2) new disclosures about the methods and significant assumptions used to estimate the fair value of financial instruments. FSP FAS 107-1 is effective for the Company beginning June 26, 2009. The adoption of FSP FAS 107-1 will not have a material effect on the Company's financial position, results of operations and cash flows, but will enhance the Company's disclosures related to financial instruments.

21. Unaudited Financial Information of L-3 Communications and Its Subsidiaries

L-3 Communications is a wholly-owned subsidiary of L-3 Holdings. The debt of L-3 Communications, including the Senior Subordinated Notes and borrowings under amounts drawn against the Senior Credit Facility are guaranteed, on a joint and several, full and unconditional basis, by certain of its domestic subsidiaries (the *Guarantor Subsidiaries*). The foreign subsidiaries and certain domestic subsidiaries of L-3 Communications (the *Non-Guarantor Subsidiaries*) do not guarantee the debt of L-3 Communications. None of the debt of L-3 Communications has been issued by its subsidiaries. There are no restrictions on the payment of dividends from the Guarantor Subsidiaries to L-3 Communications.

The following unaudited condensed combining financial information presents the results of operations, financial position and cash flows of: (1) L-3 Holdings, excluding L-3 Communications and its consolidated subsidiaries (the *Parent*), (2) L-3 Communications, excluding its consolidated subsidiaries, (3) the Guarantor Subsidiaries, (4) the Non-Guarantor Subsidiaries, and (5) the eliminations to arrive at the information for L-3 on a consolidated basis.

Overview and Outlook***L-3's Business***

L-3 is a prime system contractor in aircraft modernization and maintenance, Command, Control, Communications, Intelligence, Surveillance and Reconnaissance (C³ISR) systems, and government services. L-3 is also a leading provider of high technology products, subsystems and systems. Our customers include the U.S. Department of Defense (DoD) and its prime contractors, U.S. Government intelligence agencies, the U.S. Department of Homeland Security (DHS), U.S. Department of State (DoS), U.S. Department of Justice (DoJ), allied foreign governments, domestic and international commercial customers, and select other U.S. federal, state and local government agencies.

For the year ended December 31, 2008, we generated sales of \$14.9 billion. The table below presents a summary of our 2008 sales by major category of end customer.

	2008 Sales (in millions)	% of Total Sales
DoD	\$ 11,059	74.2%
Other U.S. Government	1,067	7.2

Total U.S. Government	12,126	81.4%
Foreign Government	1,099	7.4
Commercial foreign	987	6.6
Commercial domestic	689	4.6
Total sales	\$ 14,901	100%

We have the following four reportable segments: (1) C³ISR, (2) Government Services, (3) Aircraft Modernization and Maintenance (AM&M), and (4) Specialized Products. Financial information relating to our reportable segments is included in Note 19 to our unaudited condensed consolidated financial statements contained in this quarterly report. C³ISR provides products and services for the global ISR market, networked communications systems and secure communications products. We believe that these products and services are critical elements for a substantial number of major command, control, communication, intelligence gathering and space systems. These products and services are used to connect a variety of airborne, space, ground and sea-based communication systems and are used in the transmission, processing, recording, monitoring, and dissemination functions of these

Table of Contents

communication systems. Government Services provides training and operational support services, enterprise information technology solutions, intelligence solutions and support, command & control systems and software services and global security & engineering solutions services. AM&M provides modernization, upgrades and sustainment, maintenance and logistics support services for military and various government aircraft and other platforms. Specialized Products provides a broad range of products, including components, products, subsystems, systems, and related services to military and commercial customers in several niche markets across several business areas, including power & control systems, electro-optic/infrared (EO/IR), microwave, avionics & displays, simulation & training, precision engagement, security & detection, propulsion systems, telemetry & advanced technology, undersea warfare, and marine services. During the quarter ended March 27, 2009, we revised our reportable segment presentations to conform to certain re-alignments in our management and organization structure. Consequently, we made certain reclassifications between our C³ISR, Government Services and AM&M reportable segments. See Note 19 to our unaudited condensed consolidated financial statements contained in this quarterly report for the prior period amounts reclassified between reportable segments.

Key Performance Measures

The primary financial performance measures that L-3 uses to manage its businesses and monitor results of operations are sales growth and operating income growth. Management believes that these financial performance measures are the primary growth drivers for L-3's earnings per common share and net cash from operating activities. L-3's business strategy is focused on increasing sales from organic growth and select business acquisitions that add new products, services, technologies, programs or customers in areas that complement L-3's existing businesses. We define organic sales growth as the increase or decrease in sales for the current period compared to the prior period, excluding sales in the (1) current period from business and product line acquisitions that are included in L-3's actual results of operations for less than twelve months, and (2) prior period from business and product line divestitures that are included in L-3's actual results of operations for the twelve-month period prior to the divestiture date. The two main determinants of our operating income growth are sales growth and improvements in operating margin. We define operating margin as operating income as a percentage of sales.

Sales Growth. Our average annual sales growth for the five years ended December 31, 2008 was 25%, with average annual organic sales growth of approximately 10% and average annual sales growth from business acquisitions of approximately 15%. Sales growth for the year ended December 31, 2008 was 7%, comprised of organic sales growth of 5%, and sales growth from business acquisitions, net of divestitures, of 2%. Sales growth for the quarter ended March 27, 2009 (2009 First Quarter) was 3.7%, comprised of organic sales growth of 1.5%, and sales growth from business acquisitions, net of divestitures, of 2.2%.

For the year ended December 31, 2008, our Special Operations Forces Support Activity (SOFSA) contract with the U.S. Special Operations Command (SOCOM) generated approximately \$400 million, or 2.7% of our sales. On March 3, 2009, SOCOM announced that it did not select our proposal for the next SOFSA contract. We protested SOCOM's selection with the U.S. Government Accountability Office (GAO). In response to our protest, SOCOM has agreed to take corrective action. We continue to perform on the current SOFSA contract pending the outcome of the protest.

We, as most U.S. defense contractors, have benefited from the upward trend in DoD budget authorization and spending outlays over recent years, including supplemental appropriations for military operations in Iraq and Afghanistan. Even though we expect future DoD budgets, including supplemental appropriations, to grow at a slower pace than the past several years, we believe that our businesses should be able to continue to generate organic sales growth because we anticipate the defense budget will continue its focus on areas that match several of L-3's core competencies, such as: communications and ISR, sensors, precision engagement, Special Operations Forces, wartime support services and simulation & training. The increased DoD spending during recent years has included

supplemental appropriations for military operations in Iraq and Afghanistan.

Operating Income Growth. Our consolidated operating income was \$376 million for the 2009 First Quarter, an increase of 2% from \$368 million for the 2008 First Quarter. Our consolidated operating margin was 10.3% for the 2009 First Quarter, a decrease of 20 basis points from 10.5% for the 2008 First Quarter. Our operating income and operating margins were impacted by higher pension expense because of declines in domestic and foreign equity and fixed income financial markets that negatively affected the 2008 actual return on our pension assets. Higher pension expense decreased operating income by \$19 million (\$12 million after income taxes, or \$0.10 per diluted

Table of Contents

share) and reduced operating margin by 60 basis points for the 2009 First Quarter. See segment results below for additional discussion of segment operating income and margin results.

Excluding an increase in our 2009 pension expense, due to a decline in pension plan asset returns as discussed above, we expect to continue to generate modest annual increases in operating margin. We expect to increase sales, grow sales at a rate faster than the increase in our indirect costs, and improve our overall contract performance. However, we may not be able to expand our operating margin annually. Additionally, in the future, select business acquisitions and select new business could reduce our operating margin if their margins are lower than L-3's existing operating margin. Our business objectives include growing earnings per common share and cash flow. Improving operating margin is one method for achieving this growth, but it is not the only one.

Other 2009 Events

We adopted six new accounting standards during the 2009 First Quarter. In accordance with the transition and disclosure provisions of three of these standards, we retrospectively applied those provisions and adjusted the prior period financial statements accordingly. See Note 3 to our unaudited condensed consolidated financial statements contained in this quarterly report for the standards adopted and their impact to our financial position and results of operations.

Business Acquisitions and Business and Product Line Dispositions

Our Annual Report on Form 10-K for the fiscal year ended December 31, 2008 summarizes the business acquisitions and business and product line dispositions that we completed during the three years ended December 31, 2008. Also, see Note 4 to our unaudited condensed consolidated financial statements contained in this quarterly report for a discussion of the acquisition of Chesapeake Sciences Corporation (CSC) acquired on January 30, 2009. During the 2009 First Quarter, we used \$82 million of cash (net of cash received) to acquire CSC.

All of our business acquisitions are included in our consolidated results of operations from their dates of acquisition. We regularly evaluate potential business acquisitions.

Results of Operations

The following information should be read in conjunction with our unaudited condensed consolidated financial statements contained in this quarterly report. Our results of operations for the periods presented are affected by our business acquisitions. See Note 4 to our audited consolidated financial statements for the year ended December 31, 2008, included in our Annual Report on Form 10-K, for a discussion of our 2008 business acquisitions, and Note 4 to our unaudited condensed consolidated financial statements, included in this report, for a discussion of the CSC acquisition on January 30, 2009.

Net sales: For the 2009 First Quarter, consolidated net sales increased 4% compared to the 2008 First Quarter driven primarily by growth in the C³ISR segment, and in the Specialized Products segment. These increases were partially offset by a decrease in the Government Services and AM&M segments driven primarily by lower linguist services and lower volume for the U.S. Air Force Contract Field Teams (CFT) contract, which is further discussed in the segments below. The increase in net sales from acquired businesses, net of divestitures, was \$77 million or 2%. Sales from services decreased by \$29 million to \$1,874 million, representing approximately 52% of consolidated net sales for the 2009 First Quarter, compared to \$1,903 million, or 54% of consolidated net sales for the 2008 First Quarter. The decrease in service sales was primarily due to a decrease for linguist services partially offset by organic sales growth in ISR systems, system field support services and systems engineering, training and logistics support services. Sales from products increased by \$159 million to \$1,762 million, representing approximately 48% of consolidated net sales for the 2009 First Quarter, compared to \$1,603 million, or 46% of consolidated net sales for the 2008 First Quarter. The increase in product sales was primarily due to growth in C³ISR products and several areas in the Specialized Products reportable segment primarily for EO/IR, microwave products, combat propulsion systems and security and detection systems, partially offset by a decrease in aircraft modernization for international customers, commercial aviation products and shipbuilding products. See the reportable segment results below for additional discussions of our sales growth.

Operating income and operating margin: The 2009 First Quarter operating income increased by \$8 million to \$376 million from \$368 million for the 2008 First Quarter. Higher pension expense decreased operating income by \$19 million (\$12 million after income taxes, or \$0.10 per diluted share). Operating margin decreased by 20 basis points to 10.3% compared to the 2008 First Quarter. Higher pension expense reduced operating margin by 60 basis points. See segment results below for additional discussion of segment operating income and margin results.

Interest expense, net: Interest expense, net for the 2009 First Quarter decreased compared to the same period last year, primarily due to lower variable interest rates on our term loan.

Effective income tax rate: The effective tax rate for the 2009 First Quarter decreased by 20 basis points compared to the same quarter last year due to the U.S. Federal research and experimentation tax credit that was re-enacted during the quarter ended December 31, 2008, partially offset by higher income taxes on foreign income.

Diluted earnings per share and net income: L-3 Holdings' diluted earnings per share (diluted EPS) increased by \$0.15 to \$1.66 for the 2009 First Quarter from \$1.51 for the 2008 First Quarter, and net income attributable to L-3 Holdings increased by \$10 million to \$199 million from \$189 million for the same periods.

Diluted weighted average shares outstanding: Diluted weighted average shares outstanding for the 2009 First Quarter decreased by 5.3 million shares or 4%, compared to the 2008 First Quarter. The decrease was primarily due to repurchases of our common stock in connection with our share repurchase program authorized by our Board of Directors, partially offset by additional shares issued in connection with various employee stock-based compensation programs and contributions to employee savings plans made in common stock.

(1) As a result of certain re-alignments in our management and organization structure as discussed in Note 2 to our unaudited condensed consolidated financial statements contained in this quarterly report, sales of \$3.2 million and operating income of less than \$1 million were reclassified from the C³ISR reportable segment to the Government Services reportable segment and sales of \$10.2 million and operating income of \$1 million were reclassified from the C³ISR reportable segment to the AM&M reportable segment.

(2) Net sales are after intercompany eliminations.

C³ISR

(dollars in millions)	First Quarter Ended		Increase/ (decrease)
	March 27, 2009	March 28, 2008	

Net sales	\$	710.1	\$	552.8	\$	157.3
Operating income		78.2		62.0		16.2
Operating margin		11.0%		11.2%		(20) bpts

C³ISR net sales for the 2009 First Quarter increased by 28% compared to the 2008 First Quarter primarily due to continued demand and new contracts from the DoD for airborne ISR and networked communication systems for manned and unmanned platforms.

C³ISR operating income for the 2009 First Quarter increased by 26% compared to the 2008 First Quarter. Operating margin decreased by 20 basis points. Higher pension expense reduced operating margin by 100 basis points and lower volume for Secure Terminal Equipment (STE) decreased operating margin by 70 basis points. These decreases were partially offset by cost improvements on an international airborne ISR system contract due to a restructuring of contract deliverables with a customer, which increased operating margin by 40 basis points, as well as higher sales volume, improved contract performance and a more favorable sales mix for airborne ISR and networked communication systems.

Table of Contents**Government Services**

(dollars in millions)	First Quarter Ended		Decrease
	March 27, 2009	March 28, 2008	
Net sales	\$ 1,004.9	\$ 1,108.3	\$ (103.4)
Operating income	90.6	99.5	(8.9)
Operating margin	9.0%	9.0%	bpts

Government Services net sales for the 2009 First Quarter decreased by 9% compared to the 2008 First Quarter. Sales declines in linguist services of \$130 million and intelligence solutions and support services of \$13 million were partially offset by \$22 million of sales primarily related to increases for systems engineering, training and logistics support services to the DoD. The decline in linguist services was due to a decline in L-3's work share in connection with the transition on June 9, 2008 from an L-3 prime contract to a sub contract. The increase in net sales from acquired businesses was \$18 million, or 2%.

Government Services operating income for the 2009 First Quarter decreased by 9% compared to the 2008 First Quarter. Operating margin for the 2009 First Quarter and the 2008 First Quarter remained the same. An increase in operating margin due to a decline in lower margin linguist sales was offset by lower margins on an acquired business.

Aircraft Modernization and Maintenance (AM&M)

(dollars in millions)	First Quarter Ended		Decrease
	March 27, 2009	March 28, 2008	
Net sales	\$ 663.5	\$ 665.5	\$ (2.0)
Operating income	65.8	66.0	(0.2)
Operating margin	9.9%	9.9%	bpts

AM&M net sales for the 2009 First Quarter decreased slightly compared to the 2008 First Quarter. Sales volume declined for contract field services by \$34 million due to fewer task orders received because of more competitors on the follow-on CFT indefinite delivery/indefinite quantity contract that began on October 1, 2008, and \$16 million due to lower international aircraft modernization sales due to contracts nearing completion. These decreases were largely offset by \$48 million in higher sales primarily for system field support services for U.S. Army and U.S. Navy fixed and rotary wing training aircraft and U.S. Special Operations Forces logistics support due to new contracts and higher demand from existing contracts.

AM&M operating income for the 2009 First Quarter decreased slightly compared to the 2008 First Quarter. Operating margin for the 2009 First Quarter compared to the 2008 First Quarter remained the same. Higher pension expense reduced operating margin by 20 basis points and lower international aircraft modernization sales reduced operating margin by 70 basis points. These decreases were offset by a \$6 million favorable estimated cost adjustment on an international aircraft modernization contract.

Specialized Products

(dollars in millions)	First Quarter Ended		Increase/ (decrease)
	March 27, 2009	March 28, 2008	
Net sales	\$ 1,257.2	\$ 1,179.6	\$ 77.6
Operating income	141.3	140.5	0.8
Operating margin	11.2%	11.9%	(70) bpts

Specialized Products net sales for the 2009 First Quarter increased by 7% compared to the 2008 First Quarter reflecting higher sales volume primarily for: (1) \$18 million for microwave products primarily due to deliveries of mobile and ground mounted satellite communications systems, and tactical signal intelligence systems for the U.S. military, (2) \$14 million for EO/IR products primarily due to demand and deliveries on new and existing contracts, (3) \$12 million for combat propulsion systems due to new contracts and demand from existing contracts,

Table of Contents

(4) \$10 million primarily due to new and follow-on contracts for shipboard electronics and power distribution, conditioning and conversion products primarily to the U.S. Navy and tactical remote sensor systems for the U.S. Marines, and (5) \$9 million for security and detection systems primarily due to the timing of certain deliveries. These increases were partially offset primarily by a decrease for commercial aviation products and commercial shipbuilding products as a result of reduced demand caused by the global economic recession. The increase in net sales from acquired businesses, net of divestitures, was \$59 million, or 5%, and pertains mostly to the Electro-Optical Systems (EOS) business acquired on April 21, 2008 and to Chesapeake Sciences Corporation acquired on January 30, 2009.

Specialized Products operating income for the 2009 First Quarter increased slightly compared to the 2008 First Quarter. Operating margin for the 2009 First Quarter compared to the 2008 First Quarter decreased by 70 basis points. Higher pension expense reduced operating margin by 90 basis points and lower sales volume for commercial aviation products and commercial shipbuilding products reduced operating margin by 30 basis points. These decreases were partially offset by higher sales volume and favorable sales mix primarily for power & control systems and security and detection systems. Acquired businesses increased operating margin by 30 basis points.

Liquidity and Capital Resources

Anticipated Sources of Cash Flow

Our primary source of liquidity is cash flow generated from operations. As of March 27, 2009, we also have \$938 million of borrowings available under our revolving credit facility, after reductions of \$62 million for outstanding letters of credit, subject to certain conditions. Our revolving credit facility, for which there are no borrowings outstanding, and our \$650 million term loan mature on March 9, 2010. The term loan is classified as a current liability at March 27, 2009. We intend to enter into a new revolving credit facility on or before March 9, 2010. We currently believe that our cash from operating activities together with our cash on hand will be adequate for the foreseeable future to meet our anticipated requirements for working capital, capital expenditures, defined benefit plan contributions, commitments, contingencies, research and development expenditures, contingent purchase price payments on previous business acquisitions, program and other discretionary investments, interest payments, income tax payments, L-3 Holdings dividends and share repurchases and to repay the term loan when it matures. However, we may decide to refinance all or a portion of the term loan on or prior to its maturity if we have the ability to do so on terms and conditions that are acceptable to us.

Our business may not continue to generate cash flow at current levels, and it is possible that currently anticipated improvements may not be achieved. If we are unable to generate sufficient cash flow from operations to service our debt, we may be required to reduce costs and expenses, sell assets, reduce capital expenditures, refinance all or a portion of our existing debt or obtain additional financing and we may not be able to do so on a timely basis, on satisfactory terms, or at all. Our ability to make scheduled principal payments or to pay interest on or to refinance our indebtedness depends on our future performance and financial results, which, to a certain extent, are subject to general conditions in or affecting the defense industry and to general economic, political, financial, competitive, legislative and regulatory factors beyond our control.

Balance Sheet

Billed receivables increased by \$101 million to \$1,327 million at March 27, 2009 from \$1,226 million at December 31, 2008 primarily due to: (1) the timing of billings and collections primarily for aircraft modernization and maintenance, networked communications, system field support services, training services and ISR systems, and (2) \$3 million of acquired billed receivables. These increases were partially offset by foreign currency translation adjustments.

Contracts in process increased \$157 million to \$2,424 million at March 27, 2009, from \$2,267 million at December 31, 2008. The increase included \$13 million primarily for acquired contracts-in-process and \$144 million from:

Increases of \$70 million in unbilled contract receivables primarily due to sales exceeding billings for system field support services, propulsion systems, and networked communications; and

Table of Contents

Increases of \$74 million in inventoried contract costs across several business areas to support customer demand.

L-3's receivables days sales outstanding (DSO) was 73 at March 27, 2009, compared with 69 at December 31, 2008 and 77 at March 28, 2008. We calculate our DSO by dividing (1) our aggregate end of period billed receivables and net unbilled contract receivables, by (2) our trailing 12 month sales adjusted, on a pro forma basis, to include sales from business acquisitions and exclude sales from business divestitures that we completed as of the end of the period, multiplied by the number of calendar days in the trailing 12 month period (364 days at March 27, 2009, 366 days at December 31, 2008 and 364 days at March 28, 2008). Our trailing 12 month pro forma sales were \$15,099 at March 27, 2009, \$14,976 million at December 31, 2008 and \$14,219 million at March 28, 2008.

The increase in inventories was primarily for commercial shipbuilding customers due to timing of deliveries.

Goodwill increased by \$47 million to \$8,076 million at March 27, 2009 from \$8,029 million at December 31, 2008. The table below presents the changes in goodwill allocated to our reportable segments.

	C³ISR	Government Services	AM&M (in millions)	Specialized Products	Consolidated Total
Balance at December 31, 2008⁽¹⁾	\$ 862	\$ 2,313	\$ 1,121	\$ 3,733	\$ 8,029
Business acquisitions				58	58
Foreign currency translation adjustments ⁽²⁾			(1)	(10)	(11)
Balance at March 27, 2009	\$ 862	\$ 2,313	\$ 1,120	\$ 3,781	\$ 8,076

(1) As a result of certain re-alignments in our management and organization structure as discussed in Note 2 to our unaudited condensed consolidated financial statements contained in this quarterly report, \$17 million of goodwill was reclassified from the C³ISR reportable segment to the Government Services reportable segment, and \$17 million of goodwill was reclassified from the C³ISR reportable segment to the AM&M reportable segment.

(2) The decrease in goodwill from foreign currency translation adjustments is due to the continued strengthening of the U.S. dollar during the 2009 First Quarter against the functional currencies of L-3's foreign subsidiaries, primarily in Canada, Germany and the United Kingdom.

The increases in accounts payable and accrued expenses were primarily due to the timing of payments and invoices received for purchases from third-party vendors and subcontractors. The decrease in accrued employment costs was due to the timing of payroll dates for salaries and wages and the payment to employees of 2008 management incentive bonuses. The decrease in advance payments and billings in excess of costs incurred was primarily due to the liquidation of balances on contracts for ISR systems and government services. The increase in income taxes payable is due primarily to the timing of U.S. federal income tax payments, which are made beginning in the second quarter of each calendar year.

The increase in pension and postretirement benefit plan liabilities was primarily due to pension expenses exceeding pension cash contributions during the 2009 First Quarter. We expect to contribute cash of approximately \$65 million to our pension plans for all of 2009, of which \$3 million was contributed during the 2009 First Quarter.

Statement of Cash Flows

Quarter Ended March 27, 2009 Compared with Quarter Ended March 28, 2008

The table below provides a summary of our cash flows from operating, investing, and financing activities for the periods indicated.

	First Quarter Ended	
	March 27, 2009	March 28, 2008
	(in millions)	
Net cash from operating activities	\$ 152	\$ 93
Net cash used in investing activities	(122)	(52)
Net cash used in financing activities	(256)	(289)

Operating Activities

We generated \$152 million of cash from operating activities during the 2009 First Quarter, an increase of \$59 million compared with \$93 million generated during the 2008 First Quarter. The increase was due to: (1) an increase in net income of \$9 million, (2) higher non-cash expenses of \$8 million, primarily due to higher

Table of Contents

amortization of pension and postretirement plans net loss, and (3) \$42 million of less cash used for changes in operating assets and liabilities, primarily due to timing of collections of receivables during the 2009 First Quarter compared to the 2008 First Quarter. The net cash used for changes in operating assets and liabilities is further discussed above under *Liquidity and Capital Resources* *Balance Sheet* beginning on page 36.

Investing Activities

During the 2009 First Quarter, we used \$122 million of cash in the aggregate to: (1) acquire Chesapeake Sciences Corporation, and (2) pay \$41 million for capital expenditures.

*Financing Activities****Debt***

See Note 9 to our unaudited condensed consolidated financial statements contained in this quarterly report for the components and maturity dates of our long-term debt. Our senior credit facility provides for a term loan and a \$1 billion revolving credit facility. The senior credit facility matures on March 9, 2010. Our remaining outstanding debt matures between June 15, 2012 and August 1, 2035. At March 27, 2009, borrowings under the term loan were \$650 million (classified as a current liability), and available borrowings under our revolving credit facility were \$938 million, after reduction for outstanding letters of credit of \$62 million. There were no outstanding revolving credit borrowings under our senior credit facility at March 27, 2009. Total debt outstanding was \$4,499 million at March 27, 2009, compared to \$4,493 million at December 31, 2008.

Credit Ratings. Our credit ratings as of April 2009 are as follows:

Rating Agency	Senior Debt	Subordinated Debt
Standard & Poor's	BBB-	BB+
Fitch Ratings	BBB-	BB+
Moody's Investors Service	Ba2	Ba3

Agency ratings are not a recommendation to buy, sell or hold any security, and they may be revised or withdrawn at any time by the rating agency. Each agency's rating should be evaluated independently of any other agency's rating. The system and the number of rating categories can vary widely from rating agency to rating agency. Customers usually focus on claims-paying ratings, while creditors focus on debt ratings. Investors use both to evaluate a company's overall financial strength. The ratings issued on L-3 or its subsidiaries by any of these agencies are announced publicly and are available from the agencies. Our ability to access the capital markets could be impacted by a downgrade in one or more of our debt ratings. If this were to occur, we could incur higher borrowing costs.

Debt Covenants and Other Provisions. The senior credit facility and senior subordinated notes agreements contain financial covenants and other restrictive covenants. See Note 10 to our audited consolidated financial statements for the year ended December 31, 2008, included in our Annual Report on Form 10-K, for a description of our debt and related financial covenants, including dividend payment and share repurchase restrictions and cross default provisions, under our senior credit facility. As of March 27, 2009, we were in compliance with our financial and other restrictive covenants.

The borrowings under the senior credit facility are guaranteed by L-3 Holdings and by substantially all of the material wholly-owned domestic subsidiaries of L-3 Communications on a senior basis. The payment of principal and

premium, if any, and interest on the senior subordinated notes are unconditionally guaranteed, on an unsecured senior subordinated basis, jointly and severally, by substantially all of L-3 Communications wholly-owned domestic subsidiaries. The guarantees of the senior subordinated notes rank pari passu with one another and are junior to the guarantees of the senior credit facility. The payment of principal and premium, if any, and interest on the 3% Convertible Contingent Debt Securities (CODES) due 2035 are fully and unconditionally guaranteed, on an unsecured senior subordinated basis, jointly and severally, by certain of L-3 Holdings wholly-owned domestic subsidiaries. The guarantees of the CODES rank pari passu with all of the guarantees of the senior subordinated notes and are junior to the guarantees of the senior credit facility.

Under select conditions, including if L-3 Holdings common stock price is more than 120% (currently \$121.36) of the then current conversion price (currently \$101.13) for a specified period, the conversion feature of the CODES will require L-3 Holdings, upon conversion, to pay the \$700 million principal amount in cash, and if the settlement amount exceeds the principal amount, the excess will be settled in cash or stock or a combination thereof, at our option. See Note 10 to our audited consolidated financial statements for the year ended December 31, 2008,

included in our Annual Report on Form 10-K, for additional information regarding the CODES, including conditions for conversion. L-3 Holdings' common stock price on April 30, 2009 was \$76.15 per share.

Equity

Repurchases of L-3 Holdings' common stock under the \$1 billion share repurchase program, approved by the Board of Directors in November 2008, are made from time to time at management's discretion in accordance with applicable federal securities laws. All share repurchases of L-3 Holdings' common stock have been recorded as treasury shares.

The table below presents repurchases of L-3 Holdings' common stock by L-3 during the 2009 First Quarter.

	Total Number of Shares Purchased	Average Price Paid Per Share	Treasury Stock (at cost in millions)
January 1 – March 27, 2009	3,385,982	\$ 68.39	\$ 232

At March 27, 2009, the remaining dollar value of the authorized share repurchase program was \$700 million.

From March 28, 2009 through May 4, 2009, L-3 repurchased 40,800 shares of L-3 Holdings' common stock at an average price of \$73.33 per share for an aggregate amount of \$3 million.

During the 2009 First Quarter, L-3 Holdings' Board of Directors authorized the following quarterly cash dividends:

Date Declared	Record Date	Cash Dividends Per Share	Date Paid	Total Dividend Paid (in millions)
February 5, 2009	February 19, 2009	\$ 0.35	March 16, 2009	\$ 42

On April 28, 2009, L-3 Holdings' Board of Directors declared a quarterly cash dividend of \$0.35 per share, payable on June 15, 2009 to shareholders of record at the close of business on May 18, 2009.

Legal Proceedings and Contingencies

For a discussion of legal proceedings and contingencies that could impact our results of operations, financial conditions, or cash flows, see Note 16 to our unaudited condensed consolidated financial statements contained in this quarterly report.

Accounting Standards Issued and Not Yet Implemented

For a discussion of accounting standards issued and not yet implemented, see Note 20 to our unaudited condensed consolidated financial statements contained in this quarterly report.

Forward-Looking Statements

Certain of the matters discussed concerning our operations, cash flows, financial position, economic performance and financial condition, including in particular, the likelihood of our success in developing and expanding our business and the realization of sales from backlog, include forward-looking statements within the meaning of Section 27A of the Securities Act and Section 21E of the Exchange Act.

Statements that are predictive in nature, that depend upon or refer to events or conditions or that include words such as expects, anticipates, intends, plans, believes, estimates and similar expressions are forward-looking statements. Although we believe that these statements are based upon reasonable assumptions, including projections of total sales growth, sales growth from business acquisitions, organic sales growth, consolidated operating margins, total segment operating margins, interest expense earnings, cash flow, research and development costs, working capital, capital expenditures and other projections, they are subject to several risks and uncertainties,

and therefore, it is possible that these statements may not be achieved. Such statements will also be influenced by factors which include, among other things:

our dependence on the defense industry and the business risks peculiar to that industry, including changing priorities or reductions in the U.S. Government defense budget;

our reliance on contracts with a limited number of agencies of, or contractors to, the U.S. Government and the possibility of termination of government contracts by unilateral government action or for failure to perform;

the extensive legal and regulatory requirements surrounding our contracts with the U.S. or foreign governments and the results of any investigation of our contracts undertaken by the U.S. or foreign governments;

our ability to retain our existing business and related contracts (revenue arrangements);

our ability to successfully compete for and win new business and related contracts (revenue arrangements) and to win re-competitions of our existing contracts;

our ability to identify and acquire additional businesses in the future with terms, including the purchase price, that are attractive to L-3 and to integrate acquired business operations;

our ability to maintain and improve our consolidated operating margin and total segment operating margin in future periods;

our ability to obtain future government contracts (revenue arrangements) on a timely basis;

the availability of government funding or cost-cutting initiatives and changes in customer requirements for our products and services;

our significant amount of debt and the restrictions contained in our debt agreements;

our ability to continue to retain and train our existing employees and to recruit and hire new qualified and skilled employees, as well as our ability to retain and hire employees with U.S. Government security clearances that are a prerequisite to compete for and to perform work on classified contracts for the U.S. Government;

actual future interest rates, volatility and other assumptions used in the determination of pension, benefits and equity-based compensation, as well as the market performance of benefit plan assets;

our collective bargaining agreements, our ability to successfully negotiate contracts with labor unions and our ability to favorably resolve labor disputes should they arise;

the business, economic and political conditions in the markets in which we operate, including those for the commercial aviation, shipbuilding and communications markets;

global economic uncertainty and continued tightening of the credit markets;

events beyond our control such as acts of terrorism;

our ability to perform contracts (revenue arrangements) on schedule;

our international operations, including sales to foreign customers;

our extensive use of fixed-price type contracts as compared to cost-reimbursable type and time-and-material type contracts;

the rapid change of technology and high level of competition in the defense industry and the commercial industries in which our businesses participate;

our introduction of new products into commercial markets or our investments in civil and commercial products or companies;

the outcome of current or future litigation matters;

Table of Contents

results of audits by U.S. Government agencies, including the Defense Contract Audit Agency, of our sell prices, costs and performance on contracts (revenue arrangements), and our accounting and general business practices;

anticipated cost savings from business acquisitions not fully realized or realized within the expected time frame;

Titan's compliance with its plea agreement and consent to entry of judgment with the U.S. Government relating to the Foreign Corrupt Practices Act (FCPA), including Titan's ability to maintain its export licenses as well as the outcome of other FCPA matters;

ultimate resolution of contingent matters, claims and investigations relating to acquired businesses, and the impact on the final purchase price allocations;

significant increase in competitive pressure among companies in our industry; and

the fair values of our assets, including identifiable intangible assets and the estimated fair value of the goodwill balances for our reporting units, which can be impaired or reduced by other factors, some of which are discussed above.

In addition, for a discussion of other risks and uncertainties that could impair our results of operations or financial condition, see Part I Item 1A Risk Factors and Note 18 to our audited consolidated financial statements, in each case included in our Annual Report on Form 10-K for the year ended December 31, 2008.

Readers of this document are cautioned that our forward-looking statements are not guarantees of future performance and the actual results or developments may differ materially from the expectations expressed in the forward-looking statements.

As for the forward-looking statements that relate to future financial results and other projections, actual results will be different due to the inherent uncertainties of estimates, forecasts and projections and may be better or worse than projected and such differences could be material. Given these uncertainties, you should not place any reliance on these forward-looking statements. These forward-looking statements also represent our estimates and assumptions only as of the date that they were made. We expressly disclaim a duty to provide updates to these forward-looking statements, and the estimates and assumptions associated with them, after the date of this filing to reflect events or changes in circumstances or changes in expectations or the occurrence of anticipated events.

QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

See Part II, Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations Liquidity and Capital Resources Derivative Financial Instruments, of our Annual Report on Form 10-K for the fiscal year ended December 31, 2008 for a discussion of our exposure to market risks. There were no material changes in those risks during the 2009 First Quarter. See Notes 14 and 15 to our unaudited condensed consolidated financial statements contained in this quarterly report for the aggregate fair values and notional amounts of our foreign currency forward contracts at March 27, 2009.

ITEM 4.

CONTROLS AND PROCEDURES

Conclusions Regarding Effectiveness of Disclosure Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our reports under the Securities Exchange Act of 1934 related to L-3 Holdings and L-3 Communications is recorded, processed, summarized and reported within the time periods specified in the U.S. Securities and Exchange Commission's (SEC) rules and forms, and that such information is accumulated and communicated to our management, including our Chairman, President and Chief Executive Officer, and our Vice President and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosures. Any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives. Our management, with the participation of our Chairman, President and Chief Executive Officer, and our Vice President and Chief Financial Officer, has evaluated the effectiveness of the design and operation of our disclosure controls and procedures as of March 27, 2009. Based upon that evaluation and subject to the foregoing, our Chairman, President and Chief Executive Officer, and our Vice President and Chief Financial Officer concluded that, as of March 27, 2009, the design and operation of our disclosure controls and procedures were effective to accomplish their objectives at the reasonable assurance level.

There were no changes in our internal control over financial reporting that occurred during the quarter ended March 27, 2009 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

ITEM 1A.**RISK FACTORS**

In addition to the other information set forth in this report, you should carefully consider the factors discussed in Part I, Item 1A. Risk Factors in our Annual Report on Form 10-K for the year ended December 31, 2008, which could materially affect our business, financial condition or future results. The risks described in our Annual Report on Form 10-K are not the only risks facing our Company. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition and/or operating results.

ITEM 2.**UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS****Issuer Purchases of Equity Securities**

The following table provides information about share repurchases made by L-3 Holdings of its common stock that is registered pursuant to Section 12 of the Exchange Act during the 2009 First Quarter. Repurchases are made from time to time at management's discretion in accordance with applicable federal securities law. All share repurchases of L-3 Holdings' common stock have been recorded as treasury shares.
